TITLE 25—INDIANS

OFFICE OF INDIAN AFFAIRS

AMENDING SECTIONS 6 AND 7 OF THE LEASING REGULATIONS

To all Superintendents:

Communications have been received from numerous superintendents from time to time concerning principally the leasing of agricultural land which is now in the possession of the heirs of a deceased allottee. After considering the problem the conclusion has been reached that modification should be made of Sections 6 and 7 of Departmental regulations, approved May 9, 1929.

Accordingly, existing Sections 6 and 7 of these regulations are hereby modified to read as follows:

"SECTION 6. Leases upon the land of Indians non compos mentis, nonresident allottees whose whereabouts are unknown to the superintendent and who therefore cannot be reached, and all minors shall be made by the superintendent as ex-officio guardian. Superintendents shall not make leases for competent nonresident allottees whose whereabouts are known without their written authority. Leases on the land of minors should not, except for special reasons beneficial to the minors' interests, extend beyond the age of majority under the state laws. Any Indian who supports his dependent minor children and desires to use their land for farming or grazing purposes may do so without charge and use or dispose of the resultant crops and livestock without accounting therefor.

"SECTION 7. Leases of inherited lands where the heirs have not been officially determined may be made by the superintendent and should be limited, except in unusual cases, to the period of one year. Rentals shall be deposited to the credit of the estate pending the formal determination of the heirs. After the heirs of an estate have been determined leases on the land should be made by the heirs. When the heirs owning a substantial majority in interest are desirous of leasing their inherited trust or restricted lands, the Superintendent is authorized to approve such a lease provided the heirs holding a minority interest in the estate have been notified of the proposed lease and have not objected to such a lease. In case the heirs holding such minority interest have objected to the approval of a lease on such inherited lands, the superintendent, if in his judgment owners of the majority interest are best served, may approve the lease, and in such case, the share of the rentals that would accrue thereunder to the owners of the minority interest shall be held in escrow by the superintendent to be paid to such heirs upon their request or when

FEDERAL REGISTER

Published by the Division of the Federal Register, The National Archives, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. L. 500), under regulations prescribed by the Administrative Committee, with the approval of the President.

The Administrative Committee consists of the Archivist or Acting Archivist, an officer of the Department of Justice designated by the Attorney General, and the Public Printer or Acting Public Printer.

The daily issue of the FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1 per month or $10 per year; single copies 10 cents each; payable in advance. Remit by money order payable to Superintendent of Documents, Government Printing Office, Washington, D. C.

Correspondence concerning the publication of the FEDERAL REGISTER should be addressed to the Director, Division of the Federal Register, The National Archives, Washington, D. C.

and if they sign the lease. Such minority owners may, however, be permitted through partition or other arrangement with their co-heirs to make use of such part of the land as may be equivalent to their undivided interests in the whole, in which event the rentals otherwise due them and held in escrow shall be refunded to the lessee. Approved leases executed by the heirs holding a majority interest shall be regarded as covering the entire acreage included in the lease and no refund of any portion of the rentals paid thereunder shall be made to the lessee save when by partition or other arrangement, heirs not parties to the lease have been permitted to use a portion of the land included in the lease."

In all cases in which the heirs holding a minority interest in the inherited lands do not agree to the leasing of such lands the following covenant shall be included in the lease before execution thereof by the parties:

"The following heir(s) to the land covered by this lease; namely,

---

---

who hold a minority interest therein, having refused to agree with the heirs holding a majority interest therein to lease the land, it is understood and agreed by the parties to this lease that if during the existence of the lease the said named heirs holding a minority interest shall desire to use and do actually use an area equal to their share of the undivided interest in the leased premises, or do have partitioned to them their proper share of the leased land, thus preventing the lessee from using the entire area covered by the lease, proper credit shall be given to the lessee and at the expiration of the lease the proper share of the leased rental held in escrow by the superintendent for the dissenting heirs to the lease shall be paid to the lessee. It is further agreed that at any time during the life of the lease the holders of the minority interest shall be permitted to sign the lease."

This change in the regulations approved May 9, 1929, should permit an equitable adjustment in all proper cases and at the same time insure income from the inherited allotments where the heirs holding a majority interest in the land desire to lease the allotment. You will govern yourself accordingly.

Sincerely yours,

WILLIAM ZIMMERMAN, Jr.,
Assistant Commissioner.

Approved, December 18, 1936.

OSCAR L. CHAPMAN,
Assistant Secretary.

EXTENSION OF REGULATIONS GOVERNING LEASING OF ALLOTTED AND TRIBAL LANDS FOR AGRICULTURAL, ETC., PURPOSES

The Honorable THE SECRETARY OF THE INTERIOR.

MY DEAR MR. SECRETARY: The regulations governing leasing of allotted and tribal lands for agricultural, grazing and business purposes, approved May 9, 1929, as amended from time to time, are being codified.

Under the Reorganization Act of June 18, 1934, as amended on June 15, 1935, and May 1, 1936, and the Oklahoma Welfare Act of June 26, 1936, the law has been changed with respect to leasing tribal lands where constitutions, by-laws and charters have been adopted by organized tribes. It is necessary, therefore, to modify these regulations to bring them consistent with the provisions of these acts.

The amendment of November 6, 1930 to the leasing regulations eliminated sections 11 and 12 and substituted one new section, which will hereafter be referred to in the regulations, as now being codified, as section 11. This leaves the regulations without a section numbered 12. The following modification, to appear in the regulations as section 12 hereafter, is recommended for your approval:

"SEC. 12. *Organized tribes.*—These regulations shall apply to tribes organized pursuant to the Reorganization Act of June 16, 1934 (48 Stat. 988), as amended June 15, 1935 (49 Stat. 378) and May 1, 1936 (49 Stat. 1250), and the Oklahoma Welfare Act of June 26, 1936 (49 Stat. 1967), except where inconsistent with the provisions of the constitution, bylaws, or charter granted to such tribes pursuant thereto, or any ordinance or resolution adopted by such tribes pursuant to the authority of such constitution, bylaws and charter. The provisions of the constitution, bylaws, charter and ordinances and resolutions, adopted by such tribes pursuant thereto, dealing with leases and permits of tribal lands shall govern where they conflict with the provisions of the regulations."

As the time for codifying these regulations has nearly expired, it is recommended that this amendment to the said regulations be given early consideration so that they may be codified as required by the Federal Register Act of July 26, 1935, as amended.

Sincerely yours,

WILLIAM ZIMMERMAN, JR.,
Assistant Commissioner.

Approved, May 18, 1938.

E. K. BURLEW,
Acting Secretary of the Interior.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

WAR DEPARTMENT

MODIFICATION OF REGULATIONS TO GOVERN THE USE AND NAVIGATION OF CHESAPEAKE BAY WITHIN THE FIRING RANGE OF FORT MONROE MILITARY RESERVATION

Paragraph No. 1 of the fishing and navigation regulations approved by the Secretary of War on July 5, 1935, to govern the use and navigation of Chesapeake Bay within the firing range of Fort Monroe Military Reservation, is modified to read as follows:

1. The firing range off Fort Monroe includes the waters of Chesapeake Bay within the following areas: A sector, the northerly limit of which bears North 30 degrees East, and the southerly limit of which bears North 50 degrees 13 minutes East, from No. 10 searchlight tower on the Fort Monroe Reservation, both limits having a length of 15,000 yards; an adjacent sector the northerly limit of which bears North 50 degrees 13 minutes East and the southerly limit of which bears South 63 degrees 28 minutes East from No. 10 searchlight tower, both limits having a length of 20,000 yards; and an adjacent triangular area lying between the southerly limit of the 20,000 yard radius sector, and a line bearing South 75 degrees East from Fort Monroe light, having a length of 19,800 yards (approx.). All bearings are referred to true meridian.

Approved, May 18, 1938.

TITLE 21—FOOD AND DRUGS

BUREAU OF NARCOTICS

[Regulations No. 5 [1]]

IMPORTATION, MANUFACTURE, PRODUCTION, COMPOUNDING, SALE, DEALING IN, DISPENSING AND GIVING AWAY OF OPIUM OR COCA LEAVES OR ANY COMPOUND, MANUFACTURE, SALT, DERIVATIVE, OR PREPARATION THEREOF

JOINT NARCOTIC REGULATIONS MADE BY THE COMMISSIONER OF NARCOTICS AND THE COMMISSIONER OF INTERNAL REVENUE WITH THE APPROVAL OF THE SECRETARY OF THE TREASURY

Effective Date, June 1, 1938

INTRODUCTORY

The Act of Congress approved December 17, 1914, as amended, known as the Harrison Narcotic Law, imposes special (occupational) taxes upon persons engaging in activities involving opium and coca leaves, and any compound, manufacture, salt, derivative, or preparation of opium or coca leaves. The law also imposes a stamp (commodity) tax upon any such materials which have been produced in or imported into the United States and sold, or removed for consumption or sale.

These regulations deal with details as to tax computation, procedure, the forms of records and returns, and similar matters. These matters in some degree are controlled by certain sections of the United States Revised Statutes and other statutes of general application. Provisions of these statutes, as well as of the Harrison Narcotic Law, are quoted, in whole or in part, as the immediate or general basis for the regulatory provisions set forth. The quoted provisions are from the Harrison Narcotic Law, unless otherwise indicated.

Provisions of the statutes upon which the various articles of the regulations are based generally have not been repeated in the articles. Therefore, the statutory excerpts preceding the several articles should be examined to obtain complete information.

CHAPTER I. LAWS APPLICABLE

SEC. 1. • • • and all provisions of existing law relating to special taxes, as far as necessary, are hereby extended and made applicable to this section. • • •

And all the provisions of existing laws relating to the engraving, issuance, sale, accountability, cancellation, and destruction of tax-paid stamps provided for in the internal revenue laws are, in so far as necessary, hereby extended and made to apply to stamps provided by this section.

SEC. 7. That all laws relating to the assessment, collection, remission, and refund of internal-revenue taxes including section thirty-two hundred and twenty-nine of the Revised Statutes of the United States, so far as applicable to and not inconsistent with the provisions of this Act, are hereby extended and made applicable to the special taxes imposed by this Act.

ART. 1. *Statutes applicable.*—All general provisions of the internal revenue laws, not inconsistent with the Harrison Narcotic Law, as amended, are applicable in the enforcement of the latter.

CHAPTER II. DEFINITIONS

SEC. 1. • • • Every person who imports, manufactures, compounds, or otherwise produces for sale or distribution any of the aforesaid drugs shall be deemed to be an importer, manufacturer, or producer.

Every person who sells or offers for sale any of said drugs in the original stamped packages, as hereinafter provided, shall be deemed a wholesale dealer.

Every person who sells or dispenses from original stamped packages, as hereinafter provided, shall be deemed a retail dealer: • • •

That the word "person" as used in this Act shall be construed to mean and include a partnership, association, company, or corporation, as well as a natural person; • • •

ART. 2. As used in these regulations:

(a) The term "act" or "this act" means the Act approved December 17, 1914, as amended, unless otherwise indicated.

(b) The term "narcotic," "narcotics" or "narcotic drugs" means opium or coca leaves, or any compound, manufacture, salt, derivative, or preparation thereof, including "exempt preparations," defined below.

(c) The term "exempt preparations" means the preparations and remedies described in section 6 of the act, which contain not more than two grains of opium, or more than one-fourth of a grain of morphine, or more than one-eighth of a grain of heroin, or more than one grain of codeine, or any salt or derivative of any of them in one fluid or avoirdupois ounce, and liniments, ointments, or other preparations for external use only, except liniments, ointments, and other preparations which contain cocaine or any of its salts or alpha or beta eucaine or any of their salts or any synthetic substitute for them, provided that such remedies and preparations are manufactured, sold, distributed, given away, dispensed, or possessed as medicines and a record of all sales, exchanges, or gifts of such preparations and remedies is kept as provided in Article —.

(d) The term "exempt officials" includes officials of the United States, insular possessions, Territories, the District of Columbia, States and political subdivisions. (For provisions applicable to such officials, see Chapter VI.)

(e) The term "collector" means collector of internal revenue.

(f) The term "person" includes an individual, partnership, trust, association, company, or corporation; also a hospital, college of pharmacy, medical or dental clinic, sanatorium, or other institution or entity.

(g) The term "special tax" means any of the taxes, pertaining to the several occupations or activities covered by the Act, imposed upon persons who import, manufacture, produce, compound, sell, deal in, dispense, administer, or give away narcotics.

(h) The term "stamp tax" means the tax on narcotics payable by attachment of stamps.

(i) The term "practitioner" includes a physician, dentist, veterinary surgeon, or any other person who may be lawfully entitled to distribute, dispense,

CHAPTER III. SPECIAL TAXES

Registration

SEC. 3232. *United States Revised Statutes.*—No person shall be engaged in, or carry on, any trade or business hereinafter mentioned until he has paid a special tax therefor in the manner hereinafter provided.

SEC. 1. That on or before July 1 of each year every person who imports, manufactures, produces, compounds, sells, deals in, dispenses, or gives away opium or coca leaves, or any compound, manufacture, salt, derivative, or preparation thereof, shall register with the collector of internal revenue of the district his name or style, place of business, and place or places where such business is to be carried on, and pay the special taxes hereinafter provided;

Every person who on January 1, 1919, is engaged in any of the activities above enumerated, or who between such date and the passage of this act first engages in any of such activities, shall within 30 days after the passage of this act make like registration, and shall pay the proportionate part of the tax for the period ending June 30, 1919; and

Every person who first engages in any of such activities after the passage of this act shall immediately make like registration and pay the proportionate part of the tax for the period ending on the following June 30th.

ART. 3. *Persons liable.*—Liability to payment of special tax and registration attaches to every person who imports, manufactures, produces, compounds, sells, deals in, dispenses, administers, or gives away narcotics. As to the tax rates applicable to a person engaged in one or more of the foregoing activities see Article 13.

ART. 4. *Manner and time of registration.*—Every person required to register shall execute and file with the collector for the district in which he proposes to engage in any activity involving use of narcotic drugs, an application for registration on Form 678 or 678–A and pay the special tax or taxes enumerated in Article 13. Form 678–A shall be executed by new applicants and approved by the collector before the activity is commenced. Form 678 shall be executed and filed on or before the succeeding July 1, and annually thereafter as long as liability is incurred. These forms may be obtained from the collector.

ART. 5. *Investigation of applicants.*—All applications on Form 678–A shall be referred by the collector to the appropriate narcotic district supervisor for investigation, report and recommendation. Applications on Form 678 shall also be referred by the collector to the appropriate narcotic district supervisor for investigation, report and recommendation, if the collector is in doubt as to the applicant's being lawfully entitled to engage in the activity for which he seeks registration.

In the case of applications which have been so referred, the collector shall not issue a special tax stamp in connection with any registration until information has been submitted to him, by the narcotic district supervisor, that the applicant is properly licensed or otherwise lawfully entitled to engage in the activity in the district in which he seeks registration.

All applications for registration that are referred to the narcotic district supervisor shall be returned by him to the collector with recommendation for approval or disapproval and, in case of disapproval, with a statement annexed

concerning applicant's lack of license or qualification, to lawfully engage in the activity for which registration is sought. The application together with any required statement shall be returned to the collector within ten days from date of receipt of the application by the supervisor, unless a longer time shall be required within which to complete an investigation. In the latter event the district supervisor shall, upon or before the expiration of the said ten days, so notify the collector stating the estimated additional time required.

ART. 6. *Evidence of qualification.*—The application for registration of every person shall be supported by his affidavit, or acknowledgment executed in accordance with Article 9 showing that, under the laws of the jurisdiction in which he is operating or proposes to operate, he is legally qualified or lawfully entitled to engage in the activities for which registration is sought.

SEC. 3451. *United States Revised Statutes.*—Every person who simulates or falsely or fraudulently executes or signs any bond, permit, entry, or other document required by the provisions of the internal-revenue laws, or by any regulation made in pursuance thereof, or who procures the same to be falsely or fraudulently executed, or who advises, aids in, or connives at such execution thereof, shall be imprisoned for a term not less than one year nor more than five years; and the property to which such false or fraudulent instrument relates shall be forfeited.

ART. 7. *False applications.*—The false or fraudulent execution or signing of application for registration or supporting affidavit as required by the preceding article shall subject the offending person to the penalties provided by Section 3451 of the Revised Statutes.

ART. 8. *Signatures—Individuals.*—The application shall be signed by the person desiring registration.

Firms and corporations.—The application of a firm shall be signed by a member, that of a corporation by an officer duly authorized to act. The names of the real owners shall be disclosed if the business is being carried on under an assumed name or that of a former owner. If owned by a partnership, the name of each partner shall appear. In the case of a corporation the names of the principal officers shall be shown.

Institutions.—When an institution is subject to tax the head thereof or of the department wherein narcotic drugs are used shall sign the application for registration.

ART. 9. *Oath—When required.*—If the tax is more than $10, the application shall be under oath. If the tax is not in excess of $10, the application may be signed or acknowledged before two witnesses in lieu of an oath. The witnesses shall themselves sign the application in their capacity as such.

Execution.—The jurat may be executed by any officer authorized to administer oaths. No charge is made if documents required by these regulations are sworn and subscribed to before a deputy collector or an internal-revenue agent.

ART. 10. *Inventory required.*—Every person, making application for registry or reregistry in any class (see Art. 13), except Classes I and II, shall, as of December 31 preceding the date of his application, or any date between December 31 and the date of applying for such registry or reregistry, prepare under oath or affirmation, in duplicate, an inventory of all narcotic drugs and preparations on hand at the time of making such inventory. The inventories shall be prepared on Form 713, copies of which may be obtained from collectors upon request. If the taxpayer is engaged in business in more than one class, a separate inventory shall be prepared for each class. A Class V registrant is not required to make an inventory of preparations or remedies exempt under section 6, but he is required to make an inventory of all nonexempt narcotic drugs and preparations in his possession. The original inventory shall be forwarded to the collector with the application for registration, and the duplicate shall be kept on file by the maker for a period of 2 years.

ART. 11. *Registry numbers.*—Upon approval of the application the collector will assign a registry number to the applicant. The numbers are issued serially without regard to classes. The same number shall be retained throughout all the consecutive periods for which the applicant may be registered. One registry number will cover all classes at the same location except Class IV, for which a separate registry number will be assigned. However, a person registering in Classes IV and V only will be assigned the same number for both classes. In the case of one engaged in business at two or more places, a separate number will be assigned for each place of business. The registry number of a person who discontinues operations will not be assigned to any other person for any portion of the same fiscal year.

ART. 12. *Recording and filing.*—Each approved application will be recorded by the collector on card Record 10 and the cards filed alphabetically. The applications will be filed numerically according to registry numbers. (See Art. 201.)

Classification

SEC. 1. • • • Importers, manufacturers, producers or compounders, lawfully entitled to import, manufacture, produce, or compound any of the aforesaid drugs, $24 per annum; wholesale dealers, lawfully entitled to sell and deal in any of the aforesaid drugs, $12 per annum; retail dealers, lawfully entitled to sell and deal in any of the aforesaid drugs, $3 per annum; physicians, dentists, veterinary surgeons, and other practitioners, lawfully entitled to distribute, dispense, give away, or administer any of the aforesaid drugs to patients upon whom they in the course of their professional practice are in attendance, $1 per annum or fraction thereof during which they engage in any of such activities; persons not registered as an importer, manufacturer, producer, or compounder and lawfully entitled to obtain and use in a laboratory any of the aforesaid drugs for the purpose of research, instruction, or analysis shall pay $1 per annum, but such persons shall keep such special records relating to receipt, disposal, and stocks on hand of the aforesaid drugs as the Commissioner of Narcotics, with the approval of the Secretary of the Treasury, may by regulation require. Such special records shall be open at all times to the inspection of any duly authorized officer, employee, or agent of the Treasury Department.

Every person who imports, manufactures, compounds, or otherwise produces for sale or distribution any of the aforesaid drugs shall be deemed to be an importer, manufacturer, or producer.

Every person who sells or offers for sale any of said drugs in the original stamped packages, as hereinafter provided, shall be deemed a wholesale dealer.

Every person who sells or dispenses from original stamped packages, as hereinafter provided, shall be deemed a retail dealer: • • •

SEC. 3237. United States Revised Statutes, as amended by section 322, Act of June 26, 1936.

(a) All special taxes shall become due on the 1st day of July in each year, or on commencing any trade or business on which such tax is imposed. In the former case the tax shall be reckoned for one year, and in the latter case it shall be reckoned proportionately, from the 1st day of the month in which the liability to a special tax commenced, to and including the 30th day of June following • • •.

ART. 13. *Rates of tax.*—Persons subject to tax are divided into classes as shown by the table below:

Class	Annual tax rate	Persons liable
I	$24	Importers, manufacturers, producers, compounders.
II	12	Wholesale dealers.
III	3	Retail dealers.
IV	1	Physicians, dentists, veterinary surgeons and other practitioners.
V [1]	1	Manufacturers of and dealers in exempt preparations (including dispensing physicians).
VI	1	Persons not registered in Class I, but lawfully entitled to obtain and use in a laboratory narcotics for the purpose of research, instruction or analysis.

[1] Persons paying tax in any of the Classes I to IV, inclusive, are not required to pay tax in Class V on account of manufacture or sale of exempt preparations.

When business is done during the month of July, tax shall be paid for the full year. The tax in Classes IV or V is at the rate of $1 a year or any fraction thereof, regardless of when business is first commenced. In Classes I to III, inclusive, and in Class VI, if business is commenced after the month of July, the amount due is to be reckoned proportionately by months from the first day of the month in which business is begun to July 1 following.

ART. 14. *Importers.*—Every person who imports narcotic drugs is subject to tax as an importer at the rate of $24 per annum in Class I. A manufacturer or compounder who is also an importer is not thereby required to pay more than one tax.

ART. 15. *Manufacturers and compounders.*—As a general rule, every person who, by compounding, mixing, or other process of manufacture, produces narcotic drugs or preparations for sale or distribution is subject to tax as a

manufacturer or compounder at $24 per annum in Class I, with the following exceptions as to retail dealers:

Prescription compounding.—Persons who have paid tax as retail dealers (see Art. 18) do not incur liability as manufacturers or compounders on account of compounding narcotic preparations to fill legitimate prescriptions of registered practitioners, even though the preparations are compounded in advance of receipt of prescriptions, so long as they are used for prescription purposes only.

Aqueous and oleaginous solutions.—Persons qualified as retail dealers may also supply registered practitioners on order forms, or exempt officials on orders, in quantities not exceeding one ounce at any one time, with aqueous or oleaginous solutions, in which the narcotic content does not exceed a greater proportion than 20 per cent of the complete solution, to be used in legitimate office practice. In cases where the dealer is also registered in Class I or Class II, or both, these transactions should not appear in the monthly returns which he is required to make as a member of these last-named classes. The original order forms must be filed by the dealer with his narcotic prescriptions. Each package containing an aqueous or oleaginous solution so furnished must bear a label showing the date of the order, number of the order form if any, the name and proportion of narcotic drug contained in the solution, and the name, address, and registry number of the vendee and vendor, respectively.

ART. 16. *Producers.*—Every person who produces narcotic drugs or preparations to be sold on order forms not by mixing or compounding but by merely transferring the contents of one package or of a number of packages to one or more packages of the same or of greater or smaller size is liable to tax as a producer at the rate of $24 per annum in Class I. As to liability to stamp tax, see Article 51.

ART. 17. *Wholesale dealers.*—Every person who sells or offers for sale narcotic drugs or preparations in original stamped packages is subject to tax as a wholesale dealer at the rate of $12 per annum in Class II.

ART. 18. *Retail dealers.*—Every person who sells narcotic drugs or preparations from original stamped packages, with or without compounding, pursuant to prescriptions written by registered practitioners in the course of professional practice only is liable to tax as a retail dealer at the rate of $3 per annum in Class III, with the following exceptions:

Manufacturers.—One registered as a member of Class I, who is qualified under the laws of the jurisdiction in which his place of business is located to fill prescriptions, will be permitted to do so from original stamped packages of his own production without payment of tax as a retail dealer. If, however, prescriptions are filled from packages produced by any other person, additional liability to tax as a retail dealer will be incurred.

Practitioners.—A duly qualified practitioner (see Art. 19) is not required to pay additional tax on account of the sale of narcotic drugs for legitimate medical purposes to his own bona fide patients. A practitioner who operates a drug store and in his capacity as a druggist sells narcotic drugs or preparations, pursuant to prescriptions written by other practitioners, incurs additional liability as a retail dealer.

ART. 19. *Practitioners.* — Physicians, dentists, veterinary surgeons, and other practitioners, including institutions, who prescribe, distribute, dispense, give away, or administer narcotic drugs or preparations, and who are entitled to do so under the laws of the jurisdiction in which they practice, are subject to tax at the rate of $1 per annum or fraction thereof in Class IV.

Interdistrict practice.—A practitioner maintaining an office where he is duly registered with the collector of the district in which the office is located, and where his complete stock of narcotic drugs and all narcotic records are kept, may distribute, dispense, give away, administer, or prescribe narcotic drugs in other collection districts in which he may be lawfully engaged in the practice of his profession, within the United States, in the course of his professional practice only, without incurring additional tax liability.

ART. 20. *Laboratory use.*—Chemists occupying an independent status and not that of employees, in other words, in business for themselves, who, being thereunto lawfully entitled, make analyses of narcotic drugs or preparations or use such drugs in analyzing other substances in a laboratory, and other lawfully entitled persons who obtain and use in a laboratory any narcotic drugs or preparations for the purpose of research, instruction, or analysis, if not registered in Class I and not manufacturing or compounding narcotic drugs or preparations for sale or for removal for consumption or sale, are liable to tax at the rate of $1 per annum in Class VI.

Particular Situations

SEC. 1. (Cont.) * * * *Provided*, That the office, or if none, the residence, of any person shall be considered for the purpose of this Act his place of business; but no employee of any person who has registered and paid special tax as herein required, acting within the scope of his employment, shall be required to register and pay special tax provided by this section: * * *

SEC. 3235. *United States Revised Statutes.*—The payment of the special tax imposed shall not exempt from an additional special tax the person carrying on a trade or business in any other place than that stated in the collector's register; but nothing herein contained shall require a special tax for the storage of goods, wares, or merchandise in other places than the place of business, nor, except as hereinafter provided, for the sale by manufacturers or producers of their own goods, wares, and merchandise, at the place of production or manufacture, and at their principal office or place of business, provided no goods, wares, or merchandise shall be kept except as samples at said office or place of business.

SEC. 3236. *United States Revised Statutes.*—Whenever more than one of the pursuits or occupations hereinafter described are carried on in the same place by the same person at the same time, except as hereinafter provided, the tax shall be paid for each according to the rates severally prescribed.

ART. 21. *Dual liabilities.*—As a general rule, one conducting two or more classes of business at the same location must pay a separate tax with respect to each such class. However, see Article 13 as to Class V tax.

ART. 22. *Several places of business.*—Generally a taxpayer must pay as many special taxes as he has places of business. Thus if a concern has one or more separate branches where any of the various taxable businesses is carried on, tax must be paid for each branch separately. However, a manufacturer, compounder or producer who has paid tax as such, and who has a principal office or place of business separate and apart from the place where the actual manufacturing, compounding or producing is done, is not required to pay an additional tax with respect to such office or place of business, provided no merchandise except samples is kept thereat, on account of orders taken at such office or place of business for narcotics to be delivered from the place of manufacture, compounding or production. If sales are made at a principal office or place of business separate and apart from the place of manufacture, compounding or production, from stock kept at such office or place of business, tax as a wholesale or retail dealer, or both, as the case may be, must be paid with respect to such office or place of business.

ART. 23. *Warehouses.*—Tax does not attach with respect to a warehouse where narcotic drugs are stored, provided no sales are made at such place.

ART. 24. *Itinerant venders.*—No person is permitted to dispense or deal in narcotic drugs or preparations except upon orders received or engagements made at, with respect to, or by reason of, a fixed address. A peddler of such drugs or preparations will be regarded as incurring a separate tax liability and committing an additional offense at each place where a sale is made.

ART. 25. *Partnerships.*—A partnership is subject to the same tax liability as an individual. Should either of the partners also individually engage in a taxable activity, he will incur additional liability with respect to such activity.

ART. 26. *Institutions.*—Hospitals, colleges, medical and dental clinics, sanatoriums, and other institutions not exempt as public institutions are subject to the same special tax liability as other persons dealing or handling narcotic drugs or preparations in the same manner.

ART. 27. *Principals.*—Principals, rather than agents, are liable to the taxes imposed. Employers and other principals will be regarded as responsible for the acts of employees and other agents within the scope of their employment.

ART. 28. *Employees.*—An employee of a person who has registered and paid tax will not himself incur liability to tax so long as he acts solely within the scope of his employment. However, an employee who, within or without the scope of his employment, does any unlawful act, will be held personally liable.

ART. 29. *Nurses.*—Nurses are regarded as agents of the practitioners or institutions under whose direction or supervision their duties are performed, and they are not permitted to register, nor are they permitted to be in possession of narcotic drugs or preparations except as such agents, or as patients. Any unused narcotic drugs left by a practitioner with a nurse, to be administered during his absence, upon discharge of the nurse must be returned to the practitioner, who will account for the drugs on his records. Any such narcotic drugs found in the possession of a nurse not at the time under the supervision of a practitioner shall be forfeited to the Government.

ART. 30. *Traveling salesmen.*—Traveling salesmen who merely solicit orders and forward them to their respective principals are not required to register or pay any tax.

SEC. 3243. *United States Revised Statutes.*—The payment of any tax imposed by the internal-revenue laws for carrying on any trade or business shall not be held to exempt any person from any penalty or punishment provided by the laws of any State for carrying on the same within such State, or in any manner to authorize the commencement or continuance of such trade or business contrary to the laws of such State or in places prohibited by municipal law; nor shall the payment of any such tax be held to prohibit any State from placing a duty or tax on the same trade or business, for State or other purposes.

ART. 31. *Operation of State laws.*—Payment of special tax under Federal law confers no right or privilege to conduct business contrary to State law. The holder of a special-tax stamp issued by the Federal Government may still be punishable under a State law prohibiting or regulating the production, manufacture, or sale of narcotic drugs. On the other hand, compliance with State law affords no immunity under Federal law. Persons who engage in business in violation of the law of a State are, nevertheless, required to pay special tax as imposed under the internal-revenue laws of the United States.

Delinquent and False Returns

SEC. 3176. United States Revised Statutes, as amended by Sec. 1103 of the Revenue Act of 1926 and by Sec. 619 (d) of the Revenue Act of 1928. * * * If the failure to file a return (other than a return of income tax) or a list is due to sickness or absence, the collector may allow such further time, not exceeding 30 days, for making and filing the return or list as he deems proper. * * * In case of any failure to make and file a return or list within the time prescribed by law, or prescribed by the Commissioner of Internal Revenue or the collector in pursuance of law, the Commissioner shall add to the tax 25 per centum of its amount, except that when a return is filed after such time and it is shown that the failure to file it was due to a reasonable cause and not to willful neglect, no such addition shall be made to the tax. In case a false or fraudulent return or list is willfully made, the Commissioner shall add to the tax 50 per centum of its amount.

The amount so added to any tax shall be collected at the same time and in the same manner and as a part of the tax unless the tax has been paid before the discovery of the neglect, falsity, or fraud, in which case the amount so added shall be collected in the same manner as the tax.

Sec. 406 of the Revenue Act of 1935.—In the case of a failure to make and file an internal-revenue tax return required by law, within the time prescribed by law or prescribed by the Commissioner in pursuance of law, if the last date so prescribed for filing the return is after the date of the enactment of this Act, if a 25 per centum addition to the tax is prescribed by existing law, then there shall be added to the tax, in lieu of such 25 per centum: 5 per centum if the failure is for not more than 30 days, with an additional 5 per centum for each additional 30 days or fraction thereof during which failure continues, not to exceed 25 per centum in the aggregate.

SEC. 3184. *United States Revised Statutes, as amended by Sec. 805 of the Revenue Act of 1938.*—Where it is not otherwise provided, the collector shall in person or by deputy, within ten days after receiving any list of taxes from the Commissioner of Internal Revenue, give notice to each person liable to pay any taxes stated therein, to be left at his dwelling or usual place of business, or to be sent by mail, stating the amount of such taxes and demanding payment thereof. If such person does not pay the taxes within ten days after the service or the sending by mail of such notice, it shall be the duty of the collector or his deputy to collect the said taxes with a penalty of five per centum additional upon the amount of taxes, and interest at the rate of six per centum per annum from the date of such notice to the date of payment.

ART. 32. *Delinquent returns.*—Every person from whom a special-tax return is required who, without reasonable cause, fails to file such return on time is subject to certain penalties. Under section 406 of the Revenue Act of 1935 the penalty for delinquency is 5 per cent, if the failure is for not more than 30 days, and an additional 5 per cent for each additional 30 days, or fraction thereof, during which the delinquency continues, not to exceed 25 per cent in the aggregate.

ART. 33. *Sickness or absence.*—If the collector is satisfied that failure to file a return is due to sickness or absence, he may extend the time for not more than 30 days. Since any member of a firm may make the return, sickness or absence of less than all the members of a firm will not relieve from liability to the penalty for failure to make return, nor afford ground for extension of time.

ART. 34. *Failure of agent.*—If an attorney or agent is delegated to make a return and pay special tax, the principal will incur the penalty if the return is not filed within the time prescribed by law.

ART. 35. *Delinquent payment.*—Failure to pay the amount of an assessment within 10 days after issuance of Form 17 (First Notice and Demand) causes to accrue a 5 per cent penalty and interest at the rate of 6 per cent per annum from the date of such notice to the date of payment.

ART. 36. *False returns.*—For making a false or fraudulent return additional liability amounting to 50 per cent of the total tax is incurred. If a return covers only a portion of a year or period for which liability is incurred, the return is false as a whole and not merely as to that portion of the year or period omitted.

ART. 37. *When penalty accrues.*—In view of the positive language of section 1 of the Act, all persons engaging in business under this Act will be regarded as delinquent, and the penalties provided are applicable, unless applications are filed not later than July 1 of each year or on or before the date upon which liability is incurred.

Changes After Tax Payment

SEC. 3241. *United States Revised Statutes.*—When any person who has paid the special tax for any trade or business dies, his wife or child, or executors or administrators or other legal representatives, may occupy the house or premises, and in like manner carry on, for the residue of the term for which the tax is paid, the same trade or business as the deceased before carried on, in the same house, and upon the same premises, without the payment of any additional tax. And when any person removes from the house or premises for which any trade or business was taxed to any other place, he may carry on the trade or business specified in the collector's register at the place to which he removes without the payment of any additional tax: *Provided*, That all cases of death, change, or removal, as aforesaid, with the name of the successor to any person deceased, or of the person making such change or removal shall be registered with the collector, under regulations to be prescribed by the Commissioner of Internal Revenue.

ART. 38. *Change of control.*—Certain persons other than the taxpayer may, without incurring additional liability, carry on the business at the same address and for the remainder of the period for which special tax was paid. To secure such right the party or parties continuing the business must execute, within 30 days, a return on Form 678–A, showing the basis of the right. Under the conditions indicated the parties having such right include the following:

(1) The relict, children, or other legal representatives of a deceased taxpayer.

(2) A receiver or referee in bankruptcy, or an assignee for the benefit of creditors.

(3) The partner or partners remaining after death or withdrawal of a member.

Special tax, reckoned from the first day of the month in which the change occurs, is incurred and must be paid by the parties indicated under the conditions stated:

(1) Where additional partners are taken into a firm operating under the old or a new firm name.

(2) Where a corporation is formed to continue the business of a partnership,

or a new charter is issued to a former corporation.

(3) Where a stockholder or other party continues a business previously conducted by a corporation, whether or not the corporation is dissolved

ART. 39. *Qualification of successor.*—No collector will issue a special-tax stamp to any person who desires to carry on business as shown in the last paragraph of Article 38 until the collector is satisfied that such person is lawfully entitled to obtain registration.

ART. 40. *Change of name or location.*—The name of an individual, firm, or corporation that has paid special tax may be changed, or a special-tax payer may relocate his place of business, without incurring additional tax liability, provided the change is registered with the collector.

ART. 41. *Registration.*—A special-tax payer who changes his name or relocates his place of business shall within 30 days execute a new return on Form 678–A, marking it "Revised Registry". The return shall set forth the date of change and the new name or address. The return shall be forwarded with the special-tax stamp to the collector who issued the stamp for recording the change

ART. 42. *Removal within district.*—Where a taxpayer removes his business to another address within the district the collector will enter on his Record 10 the new address and the date of removal, and will note the change on the face of the special-tax stamp which he will return to the taxpayer.

ART. 43. *Removal to another district.*—Where a taxpayer removes his business to another district the collector who issued the stamp will enter on his Record 10 the new address and date of removal, and will transmit the stamp to the collector of the district to which the taxpayer removed. The collector of that district will then make entry on his Record 10, as in the case of a new registrant, and note the taxpayer's new address and the collector's name, title, and district, and the date, on the stamp, which will be returned to the taxpayer.

ART. 44. *Liability for failure to register change.*—A person succeeding to a business for which tax has been paid, or a taxpayer who relocates his business, without registering the change within 30 days, as required by Articles 38 and 41, respectively, will be liable to the tax, to the penalty set forth in Article 32 for failure to make return, and also to penalty for carrying on business without payment of tax.

Special Tax Stamps

SEC. 3238. *United States Revised Statutes.*—All special taxes imposed by law, including the tax on stills or worms, shall be paid by stamps denoting the tax, and the Commissioner of Internal Revenue is required to procure appropriate stamps for the payment of such taxes; and the provisions of sections thirty-three hundred and twelve and thirty-four hundred and forty-six, and all other provisions of law relating to the preparation and issue of stamps for distilled spirits, fermented liquors, tobacco, and cigars, shall, so far as applicable, extend to and include such stamps for special taxes; and the Commissioner of Internal Revenue shall have authority to make all needful regulations relative thereto.

ART. 45. *Issuance of stamps.*—Stamps covering special taxes are issued in two forms, with and without coupons. Stamps without coupons are for use in cases where the full tax is always due regardless of the period covered. Coupon stamps are for use in cases where the tax may be prorated. The coupon stamps are issued to registrants in Classes I, II, III, and VI, and the stamps without coupons to registrants in Classes IV and V.

Collectors will distinctly write or print on the stamp, before it is issued, the taxpayer's name, address, and registry number, and the number of the class or classes in which registered.

SEC. 3239. *United States Revised Statutes, as amended by Sec. 26 of the Act of October 1, 1890.*—Every person engaged in any business, avocation, or employment, who is thereby made liable to a special tax, shall place and keep conspicuously in his establishment or place of business all stamps denoting the payment of said special tax; and any person who shall, through negligence, fail to so place and keep said stamps, shall be liable to a penalty equal to the special tax for which his business rendered him liable and the costs of prosecution; but in no case shall said penalty be less than ten dollars. And where the failure to comply with the foregoing provision of law shall be through willful neglect or refusal, then the penalty shall be double the amount above prescribed: *Provided*, That nothing in this section shall in any way affect the liability of any person for exercising or carrying on any trade, business, or profession, or doing any act for the exercising, carrying on, or doing of which a special tax is imposed by law, without the payment thereof.

ART. 46. *Posting of stamps.*—Every special tax stamp issued to a taxpayer must be kept posted conspicuously on the premises where the business is operated. One who fails so to post a stamp thereby incurs liability to a penalty, equal to and in addition to the tax, plus the costs of prosecution; but in no case shall the penalty (not including the costs of prosecution) be less than $10. Where the failure is willful the penalty is doubled. This liability is additional to any and all liability otherwise incurred.

ART. 47. *Loss of stamp.*—If a taxpayer loses his special-tax stamp, or if it is accidentally destroyed, he shall immediately notify the collector, who will issue a certificate of payment, Form 785, which must be displayed in lieu of the stamp. Unless a certificate is so obtained and displayed liability for failure to display special-tax stamp will be incurred.

CHAPTER IV. COMMODITY TAXES

Rates of Tax

SEC. 1. • • • That there shall be levied, assessed, collected, and paid upon opium, coca leaves, and compound, salt, derivative, or preparation thereof, produced in or imported into the United States, and sold, or removed for consumption or sale, an internal-revenue tax at the rate of 1 cent per ounce, and any fraction of an ounce in a package shall be taxed as an ounce, such tax to be paid by the importer, manufacturer, producer, or compounder thereof, and to be represented by appropriate stamps, to be provided by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury; and the stamps herein provided shall be so affixed to the bottle or other container as to securely seal the stopper, covering, or wrapper thereof.

The tax imposed by this section shall be in addition to any import duty imposed on the aforesaid drugs.

It shall be unlawful for any person to purchase, sell, dispense, or distribute any of the aforesaid drugs except in the original stamped package or from the original stamped package; and the absence of appropriate tax-paid stamps from any of the aforesaid drugs shall be prima facie evidence of a violation of this section by the person in whose possession same may be found; and the possession of any original stamped package containing any of the aforesaid drugs by any person who has not registered and paid special taxes as required by this section shall be prima facie evidence of liability to such special tax: *Provided*, That the provisions of this paragraph shall not apply to any person having in his or her possession any of the aforesaid drugs which have been obtained from a registered dealer in pursuance of a prescription, written for legitimate medical uses, issued by a physician, dentist, veterinary surgeon, or other practitioner registered under this act; and where the bottle or other container in which such drug may be put up by the dealer upon said prescription bears the name and registry number of the druggist, serial number of prescription, name and address of the patient, and name, address, and registry number of the person writing said prescription; or to the dispensing, or administration, or giving away of any of the aforesaid drugs to a patient by a registered physician, dentist, veterinary surgeon, or other practitioner in the course of his professional practice, and where said drugs are dispensed or administered to the patient for legitimate medical purposes, and the record kept as required by this act of the drug so dispensed, administered, distributed, or given away.

ART. 48. *Scope of tax.*—The tax attaches to all narcotics domestically manufactured or produced, and all narcotics imported in crude or manufactured form.

A new tax liability will attach whenever a new derivative, compound, or preparation is produced, whether or not tax has been paid on the component ingredients or parts thereof. Thus imported opium is subject to one tax, morphine produced in this country from such imported opium is subject to another tax, a preparation manufactured by the use of such morphine also will be subject to tax, and so on.

Preparations and remedies coming within the provisions of section 6 of the Act are not subject to the tax. (See Arts. 180 to 182, incl.)

ART. 49. *Repacking.*—Repacking narcotics is production within the intent of the Act, and narcotics so produced are taxable, regardless of any tax previously paid thereon.

Retail druggists may, under the conditions indicated in Article 15 under heads of "Prescription compounding" and "Aqueous and oleaginous solutions" fill prescriptions and supply solutions for office practice without payment of tax on the narcotics furnished in such manner.

ART. 50. *International movements—Exports.*—Manufactured narcotic drugs or preparations which are subsequently exported are subject to tax whether manufactured expressly for export or not.

In-transit shipments.—Narcotic merchandise arriving in a port of the United States, shown by the shipping papers, i. e., either the bill of lading, manifest, or invoice, to be intended for transportation through the port, or through the United States or territorial waters thereof, to another country, and which is permitted by the Commissioner of Narcotics to be transported to a foreign destination, is not subject to tax.

ART. 51. *Persons liable.*—The tax on imported narcotics is to be paid by the importer. The tax on narcotic drugs domestically manufactured, produced, or compounded, is payable by the manufacturer, producer or compounder.

ART. 52. *Time of payment—Importations.*—The tax on imported narcotics must be paid before removal from customs custody.

Manufactured products.—The tax on narcotics domestically manufactured, produced, or compounded must be paid before sale or removal for consumption or sale.

ART. 53. *Amount of tax.*—The tax is 1 cent per ounce or fraction thereof in each package constituting a taxable unit. (See Article 54.) For instance, the tax on a package containing 5½ ounces will be 6 cents. The tax on a package containing less than 1 ounce will be 1 cent. The tax is measured by the entire drug content of a taxable package or container, not by the weight of the narcotic content therein.

ART. 54. *Unit of tax.*—With the exception noted below, the taxable unit is the smallest individual package or container. Thus if a manufacturer sells a preparation in packages containing one-tenth of an ounce each and puts 10 such packages into a larger container, it is not sufficient to place a stamp of the denomination of 1 cent on the outer container, but each of the inner packages must be separately stamped.

Ampoules.—When ampoules or other hermetically sealed units, each containing only a single dose, are put up in packages holding not more than 12 such units, tax may be paid on the joint contents of the entire number of units by affixing a stamp or stamps to the outer package or container.

ART. 55. *Manner of payment.*—The tax is paid by attachment to the package forming the taxable unit of a stamp or stamps in sufficient amount. One or more stamps of an appropriate size shall be so affixed as to securely seal the package. In the case of bottles, cans, or other containers with stoppers, lids, or other removable closing devices the stamp or stamps shall seal the stopper, lid, or other closing device at two opposite points.

ART. 56. *Kinds of stamps.*—Adhesive strip stamps are issued in the following denominations and sizes:

Sizes	*Denominations*
1½ by ¼ inches	1 cent.
2½ by ⅜ inches	1 and 2 cent.
4 by ½ inches	1, 2, 5, 6, 8, 10, and 16 cent.
6 by ¾ inches	1, 2, 5, 6, 8, 10, 16, 25, and 40 cent, and $1 and $1.28

ART. 57. *Procurement of stamps.*—Stamps for affixing to packages or containers of narcotics will be furnished only on requisition of persons registered in Class I. The stamps are not transferable except to a successor in business who has registered and paid tax in Class I at the same location, but unused stamps may be redeemed. See Art. 191. The requisitions shall be made on Form 786. Blank requisition forms may be procured from collectors. Collectors will preserve the requisitions and keep a record of the total quantity of stamps secured by each person making requisitions.

ART. 58. *Marking containers.*—Each original stamped package containing a narcotic drug unmixed with other ingredients shall show the name or kind of narcotic drug contained therein. If the narcotic drug is mixed with some other ingredient or ingredients the kind and quantity of narcotic to the ounce shall be shown unless the preparation is prepared in accordance with the United States Pharmacopoeia or the National Formulary. If the preparation contains more than one kind of narcotic, the name and quantity of each to the ounce shall be indicated. If the drug or preparation is in tablet, pill, ampoule, or suppository form, the quantity of each unit shall be given; if such information is given it will not be necessary, so far as this act is concerned, for the entire net weight of the contents to be shown. The packages and their contents will, however, be subject to the provisions of the Food and Drugs Act and regulations issued thereunder.

ART. 59. *Indentification numbers.*—The manufacturer or producer of each package containing one ounce or more of morphine or cocaine or any of their salts or derivatives, and each package containing tablets, pills, or preparations, the morphine or cocaine content of which amounts to one ounce or more, shall place thereon his name and location, and an individual identification number, and shall make record of such number together with the name and address of the purchaser, so arranged that upon disclosure of the identification number the identity of the purchaser can be readily ascertained. Likewise a wholesale dealer shall keep a record showing as to each such package of which he disposes, the manufacturer's name, location, and identification number, the name and address of the purchaser, and the date of disposal, so arranged that upon disclosure of the identity of the manufacturer and the identification number, the identity of the purchaser can be readily ascertained. Such records shall not be made a part of the monthly returns of such manufacturer, producer, or wholesale dealer, but shall constitute separate permanent records.

SEC. 1. • • • And all the provisions of existing laws relating to the engraving, issuance, sale, accountability, cancellation, and destruction of tax-paid stamps provided for in the internal revenue laws are, in so far as necessary, hereby extended and made to apply to stamps provided by this section.

SEC. 803. *Revenue Act of 1926.* — Whoever— • • •

(c) Willfully removes, or alters the cancelation or defacing marks of, or otherwise prepares, any adhesive stamp, with intent to use, or cause same to be used, after it has been already used, or knowingly or willfully buys, sells, offers for sale, or gives away, any such washed or restored stamp to any person for use, or knowingly uses the same;

(d) Knowingly and without lawful excuse (the burden of proof of such excuse being on the accused) has in possession any washed, restored, or altered stamp, which has been removed from any vellum, parchment, paper, instrument, writing, package, or article;

Is guilty of a misdemeanor, and upon conviction shall be punished by a fine of not more than $1,000, or by imprisonment for not more than five years, or both, and any such reused, canceled, or counterfeit stamp and the vellum, parchment, document, paper, package, or article upon which it is placed or impressed shall be forfeited to the United States.

ART. 60. *Cancellation of stamps.*—Stamps will be canceled by noting thereon in red or black ink or by perforation the full or abbreviated name of the manufacturer, producer, or compounder, and the date of cancellation.

ART. 61. *Reuse of stamps prohibited.*—A stamp once affixed to one package or container cannot lawfully be removed and affixed to another. As to refunds of amounts paid for stamps, see Article 191.

CHAPTER V. ORDER FORMS

Procurement of Order Forms

SEC. 2. That it shall be unlawful for any person to sell, barter, exchange, or give away any of the aforesaid drugs except in pursuance of a written order of the person to whom such article is sold, bartered, exchanged, or given, on a form to be issued in blank for that purpose by the Commissioner of Internal Revenue. Every person who shall accept any such order, and in pursuance thereof shall sell, barter, exchange, or give away any of the aforesaid drugs, shall preserve such order for a period of two years in such a way as to be readily accessible to inspection by any officer, agent, or employee of the Treasury Department duly authorized for that purpose, and the State, Territorial, District, municipal, and insular officials named in section 5 of this Act. Every person who shall give an order as herein provided to any other person for any of the aforesaid drugs shall, at or before the time of giving such order, make or cause to be made a duplicate thereof on a form to be issued in blank for that purpose by the Commissioner of Internal Revenue, and in case of the acceptance of such order, shall preserve such duplicate for said period of two years in such a way as to be readily accessible to inspection by the officers, agents, employees, and officials hereinbefore mentioned. Nothing contained in this section shall apply—

(a) To the dispensing or distribution of any of the aforesaid drugs to a patient by a physician, dentist, or veterinary surgeon registered under this Act in the course of his professional practice only: *Provided*, That such physician, dentist, or veterinary surgeon shall keep a record of all such drugs dispensed or distributed, showing the amount dispensed or distributed, the date, and the name and address of the patient

to whom such drugs are dispensed or distributed, except such as may be dispensed or distributed to a patient upon whom such physician, dentist, or veterinary surgeon shall personally attend; and such record shall be kept for a period of two years from the date of dispensing or distributing such drugs, subject to inspection, as provided in this Act.

(b) To the sale, dispensing, or distribution of any of the aforesaid drugs by a dealer to a consumer under and in pursuance of a written prescription issued by a physician, dentist, or veterinary surgeon registered under this Act: *Provided, however,* That such prescription shall be dated as of the day on which signed and shall be signed by the physician, dentist, or veterinary surgeon who shall have issued the same: *And provided further,* That such dealer shall preserve such prescription for a period of two years from the day on which such prescription is filled in such a way as to be readily accessible to inspection by the officers, agents, employees, and officials hereinbefore mentioned.

(c) To the sale, exportation, shipment, or delivery of any of the aforesaid drugs by any person within the United States or any Territory or the District of Columbia or any of the insular possessions of the United States to any person in any foreign country, regulating their entry in accordance with such regulations for importation thereof into such foreign country as are prescribed by said country, such regulations to be promulgated from time to time by the Secretary of State of the United States.

(d) To the sale, barter, exchange, or giving away of any of the aforesaid drugs to any officer of the United States Government or of any State, Territorial, district, county, or municipal or insular government lawfully engaged in making purchases thereof for the various departments of the Army and Navy, the Public Health Service, and for Government, State, Territorial, district, county, or municipal or insular hospitals or prisons.

The Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, shall cause suitable forms to be prepared for the purposes above mentioned, and shall cause the same to be distributed to collectors of internal revenue for sale by them to those persons who shall have registered and paid the special tax as required by section one of this Act in their districts, respectively; and no collector shall sell any of such forms to any persons other than a person who has registered and paid the special tax as required by section one of this Act in his district. The price at which such forms shall be sold by said collectors shall be fixed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, but shall not exceed the sum of $1 per hundred. Every collector shall keep an account of the number of such forms sold by him, the names of the purchasers, and the number of such forms sold to each of such purchasers. Whenever any collector shall sell any of such forms, he shall cause the name of the purchaser thereof to be plainly written or stamped thereon before delivering the same; and no person other than such purchaser shall use any of said forms bearing the name of such purchaser for the purpose of procuring any of the aforesaid drugs, or furnish any of the forms bearing the name of such purchaser to any person with intent thereby to procure the shipment or delivery of any of the aforesaid drugs. It shall be unlawful for any person to obtain by means of said order forms any of the aforesaid drugs for any purpose other than the use, sale, or distribution thereof by him in the conduct of a lawful business in said drugs or in the legitimate practice of his profession.

The provisions of this Act shall apply to the United States, the District of Columbia, the Territory of Alaska, the Territory of Hawaii, the insular possessions of the United States, and the Canal Zone. In Puerto Rico and the Philippine Islands the administration of this Act, the collection of the said special tax, and the issuance of the order forms specified in section two shall be performed by the appropriate internal-revenue officers of those governments, and all revenues collected hereunder in Puerto Rico and the Philippine Islands shall accrue intact to the general governments thereof, respectively. The courts of first instance in the Philippine Islands shall possess and exercise jurisdiction in all cases arising under this Act in said islands. The President is authorized and directed to issue such Executive orders as will carry into effect in the Canal Zone the intent and purpose of this Act by providing for the registration and the imposition of a special tax upon all persons in the Canal Zone who produce, import, compound, deal in, dispense, sell, distribute, or give away opium or coca leaves, their salts, derivatives, or preparations. The President is further authorized and directed to issue such Executive orders as will permit those persons in the Virgin Islands of the United States lawfully entitled to sell, deal in, dispense, prescribe, and distribute the aforesaid drugs, to obtain said drugs from persons registered under this Act within the continental United States for legitimate medical purposes, without regard to the order forms described in this section.

ART. 62. *Written order required.*—Except as otherwise provided, order forms are required for all sales or other dispositions of narcotic drugs.

ART. 63. *By whom procurable.*—Blank forms may be obtained only by persons who are duly qualified and registered under this Act and have legitimate use therefor. Order forms will not be furnished to persons registered in Class V who are not manufacturers.

ART. 64. *Manner of procurement.*—A person desiring and entitled to receive order forms should submit requisition on Form 679 to the collector of the district in which he is doing business. The order forms are issued in books each containing 10 original and 10 duplicate forms. Blank requisitions, Form 679, may be obtained from the collector. The requisition shall show the taxpayer's name, address, registry number and class, and the number of books of order forms desired. A charge of 10 cents is made for each book of order forms, and the requisition should be accompanied by remittance of the proper amount in the form of a certified check, cash, or money order.

ART. 65. *Signing of requisitions.*—Generally requisitions for order forms shall be signed by the same person or persons signing the application for registration (see Art. 8). However, they may be signed by another person authorized by power of attorney previously filed with and approved by the collector. The power of attorney shall be executed in the same manner as applications for registration, shall show the signature of the person thereby authorized to sign requisitions for order forms, and shall affirm that the signature so shown is his signature.

ART. 66. *Signatures to be compared.*—Upon receipt by the collector of a requisition for order forms the signature on such requisition shall be compared with that appearing on the application for registration or in the power of attorney (see Art. 65). Unless the collector is satisfied that the requisition is authentic it will not be honored.

ART. 67. *Procedure regarding order forms.*—Upon receipt of a properly executed requisition, accompanied by a sum sufficient to cover the cost of the order forms desired, the collector will issue the order forms requested. Before issuing the order forms the collector will cause to be shown thereon in a legible and permanent manner the name, address, registry number, and class number or numbers of the person to whom they are supplied, also the date of issuance and his signature or his name and the initials of the issuing employee.

ART. 68. *Requisitions to be filed.*—The collector will stamp each requisition with the date when filed, enter thereon the first and last serial number of the order forms sold in pursuance thereof, and file all requisitions alphabetically according to the name of the purchaser.

Execution of Order Forms

ART. 69. *Execution of forms.*—Order forms are issued in duplicate and shall be executed in duplicate. They are arranged to permit the execution of the original and duplicate simultaneously by insertion of a carbon sheet. The original shall not leave the possession of the person executing it until the duplicate is made.

The attachment of extra sheets to order forms is not permitted. If one order form is not sufficient to include all the items of an order, a second form shall be used. The order forms are intended solely to cover disposition of narcotic drugs and preparations to registered persons. They shall not in any case be used as prescriptions.

ART. 70. *Manner of preparations.*—The order forms shall become a part of the permanent records of the registrant filing them, and are required by law to be kept available for inspection for a period of two years. The manufacturer or wholesale dealer should insist for his own protection that the order forms be prepared in such manner as to render their subsequent alteration both difficult of accomplishment and easy of detection. Purchasers also should be careful to protect order forms signed by them against subsequent alteration. Official order forms for the purchase of taxable narcotic drugs should therefore be prepared by the use of typewriter, ink, or indelible pencil, and manufacturers and wholesale dealers should return unfilled any order form executed in a less permanent manner.

ART. 71. *Date.*—The full and exact date when the order form is actually made out shall be inserted by the purchaser. Purchasers are also required to enter, in the space provided therefor at the bottom of the form, the number of items ordered. If in any case the number of items has not been so entered by the purchaser, the order form shall be returned for completion before it is filled.

ART. 72. *Name and address of purchaser.*—The name, address, registry and class numbers, and district of the purchaser as inserted by the collector shall not be changed by either the purchaser or consignor in any manner whatsoever. The merchandise requested on the form may be sent only to the person designated by the collector and at the location specified by him. The name of the purchaser, as registered with the collector, and as entered by the collector on the form, shall be shown on the first line in the lower right-hand space of the form, except where the form is signed personally by an individual registrant in which event this line may be left blank. The signature of an individual purchaser acting personally, or of an individual acting for a registrant, whether acting under power of attorney or otherwise authorized, shall be entered on the second line of the lower right-hand space.

ART. 73. *Signing of order forms.*—Official narcotic order forms shall be signed by the purchasing registrant with ink or indelible pencil. The signature shall be in the same form as on the application for registration.

The signing of such forms merely with a firm, corporate or trade name, without indication of personal responsibility, is not permissible, but the signature of the person signing the application for registration must appear. However, they may be signed by another person authorized by power of attorney previously filed with and approved by the collector. The power of attorney shall be executed in the same manner as applications for registration, shall show the signature of the person thereby authorized to sign order forms, and shall affirm that the signature so shown is his signature. The signature of the responsible individual may not be printed or stamped on the order form, but must be shown in his own handwriting.

ART. 74. *Qualifications of purchaser.*—The purchaser shall at the time the order is submitted be registered under the Act at the location, in the classes and under the registry number specified thereon by the collector, and shall have paid the special taxes necessary to qualify him in such classes for the fiscal year ending on the following June 30. The purchaser shall likewise be qualified for the fiscal year within which the merchandise is received. Any person executing and presenting for filling an order form who at the time of such presentation is not so registered and has not paid the necessary special taxes will be liable to the penalties provided by law.

ART. 75. *Items.*—Only one item shall be entered on each numbered line and not more than 10 items shall be entered on a single order form. An item shall consist of one or more packages or bottles of the same kind and size; two or more such packages or bottles shall always be regarded as a single item and shall never be counted on the form as two or more items. A separate item shall be made for each article of different description or size. The number of items entered on the form shall be stated by the purchaser in the space provided near the bottom of the form for that purpose. The purchaser shall show with respect to each item the number of stamped packages, the size of each package in terms of pounds, ounces, grains, pills, or tablets (indicating size in case of pills or tablets), if in a solid form, or in terms of gallons, quarts, pints, or ounces, if in liquid form; the name of the article desired, and the name and quantity of the narcotic drug contained in the article if it is not itself a pure narcotic drug. The showing of the catalogue number is optional with the purchaser.

ART. 76. *Dishonored order forms.*—Any order form returned because of improper preparation (see Art. 83) must be retained on file with the duplicate thereof and a new form prepared if the articles are still desired.

ART. 77. *Unused order forms.*—Where, as to one or more classes, a registrant discontinues business or transfers to a different location in the same or a different district, he shall return for cancelation all unused order forms on which such class number or numbers have been entered by the collector.

Filling of Order Forms

ART. 78. *Who may fill.*—Except as hereinafter provided, order forms may be filled only by a registered importer, manufacturer, producer, compounder, or wholesale dealer (a Class I or II registrant).

ART. 79. *Solutions.*—An order form calling for one ounce or less of an aqueous or oleaginous narcotic solution may be filled by a retail dealer under the conditions outlined in Article 15.

ART. 80. *Returned goods.*—A person registered in any class may return narcotics to the person from whom obtained pursuant to the latter's order form.

ART. 81. *Discontinuance of business.*—A person discontinuing, or who has discontinued, business in any class may dispose of his narcotics pursuant to order forms, provided he has obtained specific approval from the collector for the district in which the proposed recipient is located to dispose of his narcotic stock to such recipient.

ART. 82. *Filling of orders.*—The consignor shall enter upon the order form the number and size of the stamped packages furnished on each item and the date when each item is filled. When an order can not be filled in its entirety it may be filled in part and the balance supplied by additional shipments within 30 days from the date of the order form. A notation, covering each shipment, showing the actual quantities supplied and the date of delivery, shall be made by the vendor on the original and by the vendee on the duplicate.

ART. 83. *Alterations.*—No alteration, erasure, or change of any description may be made in any order, or in the indorsement thereon, by any person. The merchandise requested on an order form may not be furnished if the form shows any alteration or erasure, or evidence of any change whatsoever. If an order is not properly prepared in every respect it must be returned to the vendee.

ART. 84. *Acceptance.*—An order is regarded as accepted when notice to that effect is given or, if no notice is given, when the goods are delivered or shipped.

ART. 85. *Unaccepted orders.*—If an order is not accepted or if, for any reason, one can not be filled, the form shall be returned to the vendee with a letter of explanation. When received by the vendee the returned original and the letter of explanation shall be attached to the duplicate and retained on file.

ART. 86. *Endorsements.*—An order form made out to a Class I or II registrant who can not fill it may be endorsed in the spaces provided for that purpose on the reverse side of the form and referred by him to another such registrant for filling. The endorsement may be made only by the person to whom the order is issued who shall be a Class I or II registrant. It shall show the name and address of the endorsee, shall bear the signature of the endorsing registrant or another person, provided a power of attorney authorizing such other person to make such endorsements has been executed and approved in accordance with Articles 65 and 73, and shall indicate the class or classes in which the endorser is registered, his registry number, the district in which he is located and his complete address. The endorsee shall, upon receipt of such order, if he can fill the same, ship the drugs directly to the person and at the location specified by the collector on the face of the order and make notation of the filling of each item in the same manner as in other cases. No change or alteration by the endorsee in any endorsement is permissible.

ART. 87. *Reporting sales on endorsed orders in monthly returns.*—Sales made on endorsed order forms shall be reported on Form 810b or 811b, as the case may be, in the same manner as other sales, except that on the line following that on which the sale is recorded, there shall be entered the name, address, registry and class numbers, and district of the endorser.

Filing of Order Forms

ART. 88. *Filing of orders.*—The duplicate shall be kept on file by the vendee for at least two years. The original shall be filed and preserved for a like period by the vendor.

Any order form which is improperly executed or mutilated so as to make it unusable, shall not be destroyed, but both

the original and duplicate shall be kept on file with the other duplicates.

ART. 89. *Lost and stolen order forms.*—It a purchaser ascertains that an original unfilled order form has been lost, he shall execute another order in duplicate and an affidavit stating that the goods covered by the first order were not received through loss of the order form, and shall note on the second order the number and date of the lost order and the fact that it was lost. The duplicate of the second order and the affidavit shall be filed with the duplicate of the order form first executed. If the first order form is subsequently received by the person to whom it was directed, he shall mark upon the face thereof, "Not accepted", and return it to the purchaser who shall attach it to the duplicates and the affidavit.

Whenever any used or unused order forms are stolen from, or lost (otherwise than in the course of transmission) by, any person registered under the Act, he shall immediately upon discovery of such theft or loss, report the same to the Commissioner of Narcotics, Washington, D. C., stating the serial number of each duplicate and original form stolen or lost. If the theft or loss includes any original orders received from other persons and the registrant is unable to state the serial numbers of such orders, he shall report the date of receipt thereof and the names and addresses of the purchasers. If an entire book of order forms is lost or stolen, and the registrant is unable to state the serial numbers of the order forms contained therein, he shall report the theft or loss to the collector from whom such book was purchased, instead of to the Commissioner of Narcotics, and shall report, in lieu of the numbers of the forms contained in such book, the date or approximate date of purchase thereof. Immediately upon receipt of such report the collector shall transmit it to the Commissioner of Narcotics together with advice from his records (Form 679) as to the serial numbers of the forms contained in such book. If any unused order form reported stolen or lost is subsequently recovered or found, the Commissioner of Narcotics shall be notified thereof.

Exceptions to Use of Order Forms

ART. 90. *When not required.*—The use of order forms is not required:

(1) For dispositions by a duly qualified and registered practitioner in the course of his professional practice only.

(2) For sales or other dispositions pursuant to properly executed prescriptions for legitimate medical purposes.

(3) For lawful exportations.

(4) For sales or other dispositions to exempt officials.

(5) For the sale, distribution, giving away, dispensing, or possession of preparations and remedies which do not contain more than 2 grains of opium, or more than one-fourth of a grain of morphine, or more than one-eighth of a grain of heroin, or more than 1 grain of codeine, or any salt or derivative of any of them in 1 fluid ounce, or, if a solid or semi-solid preparation, in 1 avoirdupois ounce; or of liniments, ointments, or other preparations which are prepared for external use only, except liniments, ointments, and other preparations which contain cocaine or any of its salts or alpha or beta eucaine or any of their salts or any synthetic substitute for them, provided that such remedies and preparations are manufactured, sold, distributed, given away, dispensed, or possessed as medicines and not for the purpose of evading the intentions and provisions of this Act and that a record of dispositions is kept as required by Article 185.

CHAPTER VI. SPECIAL EXEMPTIONS

Exempt Officials

SEC. 1. • • • *Provided further*, That officials of the United States, Territorial, District of Columbia, or insular possessions, State or municipal governments, who in the exercise of their official duties engage in any of the business herein described, shall not be required to register, nor pay special tax, nor stamp the aforesaid drugs as hereinafter prescribed, but their right to this exemption shall be evidenced in such manner as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, may by regulations prescribe.

ART. 91. *Exempt officials.*—Officials of the United States, the District of Columbia, any State, Territory, or insular possession of the United States, or of any county, municipality, or other political subdivision therein, who, in the exercise of their official duties, acquire, dispense, or handle narcotic drugs or preparations, are not thereby required to register, pay special tax, or stamp packages containing narcotics which they compound or produce, but their right to such exemption shall be evidenced as hereinafter provided.

ART. 92. *Military and Naval officers.*—On or before July 1 of each year, the Surgeon General of the Army and the Surgeon General of the Navy will each furnish, to the Commissioner of Internal Revenue, a list showing the names, addresses, and official status of all officers and contract surgeons authorized to obtain narcotic drugs and preparations for official use. Quarterly amendatory lists showing additions to, eliminations from, or other changes to be made in previous lists will also be furnished. The commanding officer of the National Guard of each State will likewise furnish original and amendatory lists to each collector of such State, similarly identifying the officers authorized to procure narcotic drugs and preparations. With respect to procurement of narcotic drugs and preparations by officers of the character indicated, see Article 94 entitled "Procurement of narcotics".

ART. 93. *Civil officers.*—Each civil officer of the United States, or the District of Columbia, or of any State, Territory, or insular possession of the United States, or any county, municipality, or other political subdivision, who is engaged in any activity mentioned in the Act and who claims exemption from registration and tax under the Act, shall file with the collector for the district in which he is located a certificate from a superior official showing the official status and official address of the person claiming exemption and (1) whether he is to purchase the narcotics or obtain them from official stocks, and (2) whether or not the officer is to administer or dispense narcotics. Each such statement shall be renewed on or before July 1 of each year and, except in the case of civil officers of the United States, shall be accompanied by an inventory on Form 713 of the narcotic drugs and preparations on hand at the time the certificate is filed.

ART. 94. *Procurement of narcotics.*—Each order for the purchase of taxable narcotic drugs by an exempt official shall be accompanied by a certificate, issued by the collector for the district in which the purchasing official is located, on official stationery in the following form:

(Name) (Rank or official capacity)

(Post of duty or official address)

has evidenced his exemption from registration and payment of taxes under the Act of December 17, 1914, as amended, in the manner prescribed by the Commissioner of Narcotics, with the approval of the Secretary of the Treasury, and is entitled to purchase narcotics without the use of official order forms for the use of

(Name of government and department thereof)

Certificates in accordance with the foregoing form shall be issued by the collectors upon request, but no certificate shall be issued for any officer or official unless the list or statement on file indicates that such officer or official is required to purchase narcotic drugs. These certificates are not required for the purchase of exempt preparations by exempt officials.

If an official is engaged in a private business or privately practices a profession in which narcotics are manufactured, produced, compounded, sold, dealt in, dispensed, prescribed, administered, or given away, such official shall register and pay the special tax for such private activity, and the narcotics for such private purposes shall be secured upon regular order forms.

ART. 95. *Orders and prescriptions.*—Orders and prescriptions for taxable narcotic drugs and preparations issued by exempt officials as such shall be prepared on official blanks if such blanks are provided, or otherwise on official stationery, and shall show the name, title and official address of the person by whom executed.

ART. 96. *Filling and filing orders and prescriptions.*—Except as to an order for one ounce or less of an aqueous or oleaginous narcotic solution (See Art. 15), an order for taxable narcotic drugs or preparations issued by an exempt official as such shall be filled only by a person registered as a manufacturer or wholesale dealer. Prescriptions issued by exempt officials shall be filled only by retail dealers or by manufacturers supplying thereon narcotics of their own manufacture or production. A manufacturer or dealer who fills an improperly prepared order or prescription may be liable for violation of section 2 of the Act. After filling, orders and prescriptions of exempt officials shall be filed with the regular narcotic orders and prescriptions.

ART. 97. *Enforcement officers.*—Special agents and customs agents, for the establishment of draw-back under customs laws and regulations, inspectors of the Food, Drug, and Insecticide Administration, Department of Agriculture, in connection with their duties in enforcing the Food and Drugs Act, and State or Federal officials engaged in their duties in enforcing any State or Federal narcotic drug law, are entitled to procure from any person registered under the Act of December 17, 1914, as amended, samples of narcotics, and registrants may lawfully furnish to any such persons for the purposes stated, the required samples, taking a receipt therefor, which shall be filed with their official order forms and records.

ART. 98. *Reporting, furnishing of samples.*—Class I and II registrants who furnish samples of narcotic drugs and preparations under the provisions of the preceding Article to law enforcement officers shall report such dispositions on their monthly returns, Forms 810b and 811b, respectively, under the heading "Other dispositions" as provided for by Articles 116 and 151.

ART. 99. *Ocean vessels.*—Narcotic drugs and preparations for stocking medicine chests and dispensaries maintained on board vessels engaged in international trade, vessels engaged in trade between ports of the United States, and merchant vessels belonging to the Government, may be obtained only (1) by the physician or surgeon employed upon such vessel and duly licensed in some State, Territory, or the District of Columbia, to practice his profession; or (2) by a retired commissioned medical officer of the United States Army, Navy, or Public Health Service, employed upon such vessel; or (3), if no physician, surgeon, or retired commissioned medical officer of the United States Army, Navy, or Public Health Service is employed upon such vessel, by the master; and only with the approval of commissioned medical officers and acting assistant surgeons of the United States Public Health Service, upon special order forms procurable from such officers.

Shipments to the Insular Possessions and the Panama Canal Zone

SEC. 2. (cont.) The provisions of this Act shall apply to the United States, the District of Columbia, the Territory of Alaska, the Territory of Hawaii, the insular possessions of the United States, and the Canal Zone. In Puerto Rico and the Philippine Islands the administration of this Act, the collection of the said special tax, and the issuance of the order forms specified in section two shall be performed by the appropriate internal-revenue officers of those governments, and all revenues collected hereunder in Puerto Rico and the Philippine Islands shall accrue intact to the general governments thereof, respectively. The courts of first instance in the Philippine Islands shall possess and exercise jurisdiction in all cases arising under this Act in said islands. The President is authorized and directed to issue such Executive orders as will carry into effect in the Canal Zone the intent and purpose of this Act by providing for the registration and the imposition of a special tax upon all persons in the Canal Zone who produce, import, compound, deal in, dispense, sell, distribute, or give away opium or coca leaves, their salts, derivatives, or preparations. The President is further authorized and directed to issue such Executive orders as will permit those persons in the Virgin Islands of the United States lawfully entitled to sell, deal in, dispense, prescribe, and distribute the aforesaid drugs, to obtain said drugs from persons registered under this Act within the continental United States for legitimate medical purposes, without regard to the order forms described in this section.

EXECUTIVE ORDER

RULES GOVERNING THE OBTAINING OF NARCOTIC DRUGS AND PREPARATIONS BY QUALIFIED PERSONS IN THE VIRGIN ISLANDS FROM MANUFACTURERS AND WHOLESALE DEALERS IN THE UNITED STATES

WHEREAS section 2 of the act of December 17, 1914 (38 Stat. 786), as amended by section 2 of the act of January 22, 1927 (44 Stat. 1023), provides in part as follows:

"The President is further authorized and directed to issue such Executive orders as will permit those persons in the Virgin Islands of the United States lawfully entitled to sell, deal in, dispense, prescribe, and distribute the aforesaid drugs, to obtain said drugs from persons registered under this Act within the continental United States for legitimate medical purposes, without regard to the order forms described in this section."

NOW, THEREFORE, by virtue of and pursuant to the authority vested in me by the above-quoted provision of the said act, it is hereby ordered:

1. That any person lawfully entitled to sell, deal in, dispense, prescribe, or distribute opium or coca leaves, or any compound, manufacture, salt, derivative, or preparation thereof, in the Virgin Islands of the United States, may obtain such narcotics as shall be necessary for legitimate medical purposes within those islands by executing a written order therefor upon a duly qualified importer, manufacturer, producer, compounder, or dealer in such drugs located in the continental United States: *Provided*, That such order has been first submitted to the Commissioner of Health of the Virgin Islands and bears upon its face the approval of said Commissioner of Health of the Virgin Islands, the official seal of the Government of the Virgin Islands, and the date of such approval.

2. Upon receipt of the order for narcotic drugs from the person in the Virgin Islands ordering such drugs, the Commissioner of Health of the Virgin Islands, if he finds that such person is qualified in accordance with the terms of the preceding section, and if he is satisfied that such person is ordering the drugs for legitimate medical purposes only, shall approve the order form by signing a suitable notation on the face thereof, including the date of such approval, and impress the seal of the Government of the Virgin Islands thereon, and return same to the person from whom it was received, who may then transmit the approved order to the appropriate prospective vendor in the continental United States, who is hereby authorized to furnish and ship the drugs called for in the said order in the same manner and to the same extent that he would be authorized if the order were properly executed on an official order form submitted by a duly qualified dealer or practitioner in the continental United States under section 2 of the act of December 17, 1914 (38 Stat. 786), as amended.

3. No order as above described shall be filled by any importer, manufacturer, producer, compounder, or dealer in the continental United States if received after 2 months from the date of approval described in the preceding section. If, for any reason, an approved order is not forwarded to the person in the continental United States from whom the drug is to be ordered in time to reach such person on or before the expiration of a period of 2 months after the date of approval, such order shall be returned to the Commissioner of Health of the Virgin Islands for cancellation. The Commissioner of Health of the Virgin Islands shall keep a record of all orders received by him, showing the date the order was received, the date it was approved, if approved, and the date the approved order was returned to the person submitting it. The Commissioner of Health of the Virgin Islands shall submit semiannually to the Commissioner of Narcotics of the United States, not later than the 1st of September and the 1st of March respectively, reports covering the respective preceding semiannual periods ending June 30 and December 31, showing the total amounts and kinds of narcotic drugs for which orders were approved, the total amounts and kinds of narcotic drugs actually received in the islands during the periods, the total amounts and kinds of narcotic drugs actually sold or dispensed in the islands during the periods, and the total amounts and kinds of narcotic drugs on hand in the islands at the close of the said periods. For the purpose of carrying out the provisions of this order, the Commissioner of Health of the Virgin Islands, with the advice and consent of the Governor of the Virgin Islands, is hereby authorized to require such periodical reports concerning narcotic drugs from persons ordering, dealing in, selling, dispensing, prescribing, or distributing such drugs in the Virgin Islands as he shall deem appropriate for the purpose.

4. The word "person," as used in this order, shall be construed to mean and include a partnership, association, company, or corporation as well as a natural person.

5. The Commissioner of Narcotics of the United States, with the approval of the Secretary of the Treasury, shall make all needful rules and regulations for carrying into effect the provisions of this order insofar as it concerns persons registered under the said act of December 17, 1914, as amended, in the continental United States.

6. Responsibility is placed upon the Governor of the Virgin Islands to enforce the provisions of this order in the said islands in such manner that the sale, dealing in, dispensing, prescribing, distribution, and use of narcotic drugs therein shall be confined to legitimate medical purposes. Any shipment or transfer of narcotic drugs from the continental United States not in accordance with the provisions and requirements of this order shall subject the parties responsible for such shipment or transfer to the penalties provided in the said act of December 17, 1914, as amended.

This order supersedes Executive Order No. 5502, of December 2, 1930.

FRANKLIN D. ROOSEVELT

THE WHITE HOUSE,
December 4, 1934.

[No. 6913]

ART. 100. *Shipments to be made pursuant to orders.*—No person in the United States may ship narcotics to a person in the Virgin Islands, except pursuant to an

order which has been approved by the Commissioner of Health of the Virgin Islands and which bears the official seal of the Government of the Virgin Islands and the date of approval. The shipment or other disposition of narcotics by any person in the United States contrary to the Executive order shall subject the offending party or parties to the penalties provided by the Act of December 17, 1914, as amended. (See Art. 203.)

ART. 101. *Who may fill orders.*—An order for narcotic drugs submitted by a qualified dealer or practitioner in the Virgin Islands in accordance with the terms of the foregoing Executive order may be filled only by a person duly registered, in the continental United States, in Classes I or II under Section 1 of the Harrison Narcotic Law, as amended, and regulations issued thereunder, except that an order for only such preparations and remedies as are considered exempt under Section 6 of said law and regulations issued thereunder may be filled by a person duly registered, in the continental United States, in Class V under Section 1 of said law and regulations.

ART. 102. *Record and report of sales.*—Each sale or other disposition of narcotic drugs under the foregoing Executive order shall be recorded and reported as an insular sale by the person filling the order therefor. He shall enter upon Form 810b or 811b, as the case may be, of his monthly return, the date upon which the order was approved by the Commissioner of Health of the Virgin Islands, in lieu of and in the space provided for the date of the purchaser's official order form. The column headed "Serial number" shall be used for inserting the date of receipt of the purchaser's approved order. The columns headed "Registry number", "Class", and "District" shall be left blank. If the order covers items of preparations or remedies which are considered exempt under Section 6 of said law and regulations, such items shall not be reported in the monthly return, but the person filling the order for such items shall keep a record in the same manner as in the case of a domestic sale, except that in lieu of the record of the registry number of the purchaser, required to be kept, there shall be kept a record of the date upon which the order was approved by the Commissioner of Health of the Virgin Islands and the date when the order was received by the vendor.

Puerto Rico

ART. 103. *Shipment of drugs.*—Registrants or exempt officials of Puerto Rico, in order to procure narcotic drugs, either taxable or exempt, must comply with the requirements of the Government of Puerto Rico, with respect to official order forms and certificates of exemption. Accordingly, manufacturers and wholesale dealers in the United States, shall not make shipments of narcotic drugs to persons located in Puerto Rico except pursuant to the proper order form or certificate of exemption, as the case may be. In order that registrants in the United States may determine whether a prospective purchaser in Puerto Rico is properly authorized to receive narcotic drugs, the practices and requirements of the Puerto Rican authorities with respect to orders by registrants and exempt officials are set out in Articles 104 to 108, inclusive.

ART. 104. *Taxable drugs.*—Registrants procuring taxable narcotic drugs must present orders therefor upon official order forms of the Department of Finance of Puerto Rico. Such forms bear the name and number of the registrant to whom issued, the date issued, a serial number, a one-cent revenue tax stamp, and a certificate signed by the local collector of internal revenue, showing that the person to whom issued is registered, has paid the required tax, and is entitled to acquire and sell narcotics Accordingly, no order form from Puerto Rico for taxable narcotic drugs shall be accepted or filled unless such form bears the name of the registrant, the appropriate tax stamp, a serial number, the described certificate signed by the local collector of internal revenue (either stamped or printed thereon) and the signature of the registrant specified or his authorized agent. Such forms are issued in duplicate; only those marked "Original" shall be accepted and filled.

ART. 105. *Exempt preparations.*—Separate order forms are provided for purchases of exempt preparations. While these are similar in appearance to those provided for taxable drugs, they are different in that no space is provided for any revenue tax stamp and they are designated in the heading as orders to procure "Medicines and preparations exempt as per Section 6" of the law. These likewise bear serial numbers, the date issued, the name of the registrant to whom issued, and a certificate signed by the local collector of internal revenue. Accordingly, no order from Puerto Rico for exempt preparations shall be accepted or filled unless it bears the appropriate serial number, the name of the registrant, the certificate of the local collector of internal revenue and the signature of the registrant specified or his authorized agent. Such forms are issued in duplicate and only those marked "Original" shall be accepted and filled.

ART. 106. *Forms not interchangeable.*—Taxable narcotics shall not be supplied pursuant to orders on forms provided for exempt preparations nor shall exempt preparations be supplied pursuant to orders on forms provided for taxable narcotics.

ART. 107. *Shipments to exempt officials.*—An exempt official of Puerto Rico who purchases narcotic drugs, either taxable or exempt, is required by the insular authorities to present the order for such drugs to the Assistant Treasurer of the Island who affixes thereon a certificate to the effect that the purchaser has presented the necessary credentials establishing his right to exemption and is entitled to obtain the narcotics specified in the order without the use of official order forms. Accordingly, no order from one who purports to be an exempt official in Puerto Rico shall be accepted or filled unless it bears such certificate signed by the Assistant Treasurer.

ART. 103. *Penalty for unauthorized shipment.*—No narcotic drugs or preparations, either taxable or tax-exempt, shall be furnished or shipped to any person, in Puerto Rico, except by registered persons in the continental United States and then only pursuant to an order on an appropriate form as prescribed in the preceding articles. The sale, bartering, exchanging, or giving away of any such narcotic drugs or preparations by any person in the United States to any person in Puerto Rico, otherwise than as above prescribed, shall subject the offending party or parties to the penalties provided by the Act of December 17, 1914, as amended.

Philippine Islands

ART. 109. *Shipment of drugs.*—Registrants in the Philippine Islands, in order to procure narcotic drugs, either taxable or exempt, must comply with the requirements of the Government of the Philippine Islands with respect to official order forms and certificates of importation. Accordingly, manufacturers and wholesale dealers in the United States, shall not make shipments of such drugs to persons located in the Philippine Islands except pursuant to the proper order form or certificate of importation, as the case may be. In order that registrants in the United States may determine whether a prospective purchaser is properly authorized to receive narcotic drugs, the practices and requirements of the Philippine authorities with respect to orders by registrants are set out in Articles 110 to 113, inclusive.

ART. 110. *Taxable drugs.*—Registrants procuring taxable drugs must present their orders for such drugs upon official order forms provided by the Department of Finance, Bureau of Internal Revenue of the Philippine Islands. These are identified as B. I. R. Form No. 26.01. In order to entitle a purchaser to receive taxable narcotic drugs into the Philippine Islands, the permit portion of the form must be completed and signed by the Collector of Internal Revenue for the Islands or his authorized representative. Accordingly, no taxable drugs shall be shipped to the Philippine Islands except pursuant to such an order form, fully completed and signed by the proper authority.

ART. 111. *Exempt preparations.*—Certificates of importation for purchase of exempt preparations, identified as B. I. R. Form No. 26.04, are provided by the Department of Finance, Bureau of Internal Revenue, of the Philippine Islands. The certificates are issued by the Collector of Internal Revenue of the Islands and signed by him or his authorized representative. They specify in each instance the items authorized to be purchased. Accordingly, no exempt narcotic preparations may be shipped to the Philippine Islands except pursuant to such a certificate of importation, specifying the name and address of the purchaser and the drugs and preparations authorized.

ART. 112. *Forms not interchangeable.*—Taxable narcotics shall not be supplied pursuant to orders on forms provided for exempt preparations nor shall exempt preparations be supplied pursuant to orders on forms provided for taxable narcotics.

ART. 113. *Penalty for unauthorized shipment.*—The shipment of narcotic drugs by any person in the United States to any person in the Philippine Islands, otherwise than as above prescribed, shall subject the offending party or parties to the penalties provided by the Act of December 17, 1914, as amended.

Panama Canal Zone

EXECUTIVE ORDER

Whereas, the act of Congress, approved December 17, 1914 (Public, No. 223), is made specifically applicable in the Canal Zone, but further provides that—

The President is authorized and directed to issue such Executive orders as will carry into effect in the Canal Zone the intent and purpose of this act by providing for the registration and imposition of a special tax upon all persons in the Canal Zone who produce, import, compound, deal in, dispense, sell, distribute, or give away opium or coca leaves, their salts, derivatives, or preparations;

and

Whereas the auditor of the Panama Canal and the collector of the Panama Canal perform in the Canal Zone corresponding duties in connection with the revenues of the Canal Zone as are performed in the United States by the Commissioner of Internal Revenue and the collectors of internal revenue, respectively:

Now, therefore, by virtue of the authority conferred upon me by the above-quoted provisions of the said act of Congress, it is hereby ordered:

SECTION 1. That in enforcing the provisions of the act of Congress approved December 17, 1914, entitled "An act to provide for the registration of, with collectors of internal revenue, and to impose a special tax upon all persons who produce, import, manufacture, compound, deal in, dispense, sell, distribute, or give away opium or coca leaves, their salts, derivatives, or preparations, and for other purposes," the auditor of the Panama Canal shall perform in the Canal Zone administrative duties like unto those the Commissioner of Internal Revenue is required to perform outside of the Canal Zone, and the collector of the Panama Canal shall perform duties in the Canal Zone like unto those the collectors of internal revenue are required to perform in the districts outside of the Canal Zone.

SEC. 2. That on and after the 1st day of March, 1915, no person shall produce, import, manufacture, compound, deal in, dispense, sell, distribute, or give away in the Canal Zone opium or coca leaves, their salts, derivatives, or preparations, unless he shall have complied with the provisions of the act of Congress approved December 17, 1914, in the manner provided for in the Executive order.

SEC. 3. That every person who by the terms of said act would be required, if located outside of Porto Rico, the Philippine Islands, or the Canal Zone, to register with the collector of internal revenue of his district, his name or style, place of business and place or places where such business is to be carried on, shall register the like information with the collector of the Panama Canal on forms to be prescribed by the auditor of the Panama Canal. At the time of such registry and on or before the 1st day of July annually thereafter, every person who produces, imports, manufactures, compounds, deals in, dispenses, sells, distributes, or gives away any of the aforesaid drugs shall pay to the collector of the Panama Canal a special tax at the rate of $1 per annum: *Provided, however*, That any person who would not be required, if located outside of the Canal Zone, to register or pay a special tax shall not be required to register or pay the special tax as herein provided.

SEC. 4. That the auditor of the Panama Canal, with the approval of the Governor of the Panama Canal, shall cause suitable order forms and blanks to be prepared and placed in the hands of the collector of the Panama Canal for sale by such collector to persons who shall have registered and paid the special tax as required by said act and this Executive order. The price to be paid for such order forms and blanks shall be $1 per hundred, and the collector of the Panama Canal shall be subject to the same limitation as to sales of said order forms and blanks as collectors of internal revenue in districts outside of the Canal Zone. The collector shall account monthly to the auditor of the Panama Canal for the special taxes collected by him and for all moneys received by him for the sale of blanks, or for any other purpose under the provisions of said act. The auditor of the Panama Canal, with the approval of the Governor of the Panama Canal, shall provide such regulations as may be necessary to carry into full force and effect the provisions of this Executive order. In providing such regulations the form of regulations prescribed by the Internal Revenue Commissioner and approved by the Secretary of the Treasury shall be followed so far as they can be made applicable to conditions in the Canal Zone.

SEC. 5. That the auditor of the Panama Canal, with the approval of the Governor of the Panama Canal, shall have the right to make such inspection and take such action as may be necessary to enforce the provisions of the act of December 17, 1914, under this Executive order.

SEC. 6. That any person who violates or fails to comply with any of the requirements of said act in the manner provided for in this Executive order in the Canal Zone shall be subject to such penalties as are provided for in said act.

WOODROW WILSON

THE WHITE HOUSE,
March 1, 1915.

[No. 2142]

CHAPTER VII. RETURNS OF MANUFACTURERS AND WHOLESALE DEALERS

SEC. 1. • • • Importers, manufacturers, and wholesale dealers shall keep such books and records and render such monthly returns in relation to the transactions in the aforesaid drugs as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, may by regulations require.

Manufacturers, Producers and Compounders

ART. 114. *Returns required.*—Every person registered in Class I, as an importer, manufacturer, producer or compounder, shall render a monthly return on Form 810, and its supplements, Forms 810a, 810b, 810c and 810d, and shall account therein for all stocks on hand at the beginning and end of the month, and for receipts, dispositions, manufacture and packaging of taxable narcotics during the month. Such return shall be sworn to and shall be submitted to the collector of internal revenue for the district in which the business is conducted, on or before the 15th day of the month succeeding that for which it is rendered.

Each return shall consist of Forms 810a showing all receipts of taxable narcotics; Forms 810b showing all dispositions of taxable narcotics; Forms 810c showing all manufacturing transactions; Forms 810d showing all packaging transactions; and a Form 810 showing a complete summary and a balanced stamp account. Forms 810a and 810b shall be headed in accordance with the classifications of transactions set out in the instructions appearing thereon and on Form 810.

ART. 115. *Form 810a—Receipts.*—All taxable narcotics received by a manufacturer as such, including transfers from other classes at the same location, shall be recorded on Form 810a in the order and at the time of receipt. Where record on Form 810a can not, for any good and sufficient reason, be made immediately, the manufacturer shall have available for inspection such invoices, delivery or duplicate sales slips, or other papers or records as may be required to evidence any unrecorded purchase or receipt. Forms 810a shall be prepared in accordance with the instructions thereon and on Form 810.

ART. 116. *Form 810b—Dispositions.*—All taxable narcotics disposed of by a manufacturer as such, including transfers to other classes at the same location, shall be recorded on Form 810b in the order and at the time of disposition. Where record on Form 810b can not, for any good and sufficient reason, be made immediately, the manufacturer shall have available for inspection original sales orders, delivery slips, or other papers or records which may be required to evidence any unrecorded disposition. Forms 810b shall be prepared in accordance with the instructions thereon and on Form 810.

ART. 117. *Form 810c—Manufacturing.*—All taxable narcotics used in the production of other drugs or preparations, with the exception of transactions involving original manufacture from raw opium or coca leaves, shall be entered on Form 810c in the order and at the time they are placed into the process of manufacture. All taxable narcotic drugs and preparations produced therefrom shall be entered on the same form, at the time of production, which entry shall be clearly identified with the entry of drugs used in their production. Where record of "Used for production" or "Production" cannot be made immediately the manufacturer shall have available such batch tags, production orders, or other papers as may be required to evidence any unrecorded quantity used or produced. Any loss in manufacture and any recoverable wastes salvaged from the manufacture shall be reported. All such wastes shall be returned to raw stock and

included in the report of raw materials on hand at the end of the month. Any narcotics actively in process of manufacture at the end of the month shall be so reported.

Where drugs or preparations are placed in process during one month and a portion of the production is removed from process as finished goods during the same month, the portion thus removed from process shall be reported "Produced" and the remainder reported as "In process" at the close of the month.

Taxable drugs or preparations placed in process for the manufacture of exempt preparations shall be reported on a separate Form 810c, on which the kind and quantity of narcotic used and the name of the exempt preparation to be produced therefrom shall be stated.

ART. 118. *Form 810d—Packaging.*—All taxable narcotic drugs, either bulk finished goods or goods already in stamped packages, which are used during the month for packaging or repackaging into marketable packages shall be reported on Form 810d. By "Marketable packages" is meant the package, bottle or container in which it is intended that the goods shall be sold, whether stamped at the time of packaging or left without stamping until time of sale.

All taxable narcotic drugs or preparations placed in marketable packages during the month shall be reported as credit entries on Form 810d, and in each instance clearly identified with the entry of drugs used in such packaging. A separate entry shall be made for each different size of package produced, but all entries representing a single packaging lot shall be grouped together.

The number of packages of a given size produced, the size of the package (indicating the number of pills, tablets, ounces, etc.), the narcotic contained in each unit in the package, the total narcotic content of each package, and the aggregate narcotic content of all packages represented by the entry shall be indicated.

The recoverable wastes salvaged from the packaging operation and the losses in packaging shall be shown as credit entries on the form. All recoverable wastes reported during the month shall be returned to raw stock and further accounted for as raw materials.

Any goods actively in process of packaging at the close of the month shall be so reported, and the total amount of tax stamps affixed to packages at the time of packaging shall be shown.

Where drugs or preparations are placed in process for packaging during one month and a portion thereof are removed as packages produced during the same month, the portion thus removed shall be reported as packages produced and the remainder reported as in process at the end of the month.

ART. 119. *Form 810—Summary.*—The manufacturer shall report on Form 810, in accordance with the instructions appearing thereon, a summary of operations and the total value of stamps affixed to packages.

ART. 120. *Form 810—Stamp account.*—The manufacturer will also report on Form 810, in accordance with instructions on the form, the value of narcotic strip stamps on hand at the beginning and end of the month and purchased and affixed during the month. The manufacturer may elect whether to affix stamps at time of packaging or at time of sale but one of the two methods shall be followed consistently.

ART. 121. *Assembling.*—Form 810 shall be used as a jacket or outside sheet for Forms 810a, 810b, 810c, 810d and 810e, which shall constitute the inside sheets. The inside sheets shall be numbered consecutively, beginning with the number 1. Before transmitting the return to the collector the registrant shall securely fasten together all sheets.

ART. 122. *Examination by collector.*—The collector will examine and verify the name entered on page 1 of Form 810, the sworn statement and signature, and the entry of the value of stamps purchased during the month. The person examining the return shall sign in the space provided on Form 810 therefor, and the date received in the collector's office shall be stamped or entered in the space provided.

Manufacturers Importing Opium

ART. 123. *Returns required.*—Every manufacturer importing crude opium shall render, in addition to the return on Form 810 and its supplements, an "Opium importing manufacturer's return" on Form 163 and its supplements 163a and 163b, accounting, in accordance with the instructions on the forms, for the detail of such importation and for all manufacturing operations performed between such importation and the production in bulk of finished marketable products, standardized in accordance with U. S. P., N. F., or other recognized medical standards. (Subsequent manufacture from such products, including bottling or packaging operations, shall be accounted for in the monthly returns on Form 810 and its supplements.) Returns on Form 163 and its supplements shall be rendered quarterly by manufacturers extracting the alkaloids of opium and their salts, and monthly by all other manufacturers importing and using crude opium. Each such return shall be sworn to and submitted direct to the Commissioner of Narcotics on or before the 12th day of the month immediately following the period for which it is rendered.

ART. 124. *Form 163 and supplements.*—The return of manufacture from crude opium shall consist of summaries on Forms 163 and 163a with supporting detail sheets on Form 163b accounting for original manufacture from crude opium, production from morphine for further manufacture and production from manufacturing opium, and also accounting for stocks of crude opium, manufacturing opium, morphine for further manufacture and other crude alkaloids, as such substances are defined on the forms. One Form 163b shall be used for each major class of transaction on each summary except where the entries represent mere deduction or total items, or balances carried forward from previous returns. Each detail sheet shall be headed to correspond with the major title of the group of entries which it supports and shall be numbered to correspond with the line and summary numbers.

ART. 125. *Detailed reports.*—The detail sheets, Form 163b, supporting the summary of original manufacture from crude opium shall show separately the crude opium used for the manufacture of medicinal opium, crude opium used for the direct manufacture of opium tinctures and extracts, crude opium used for the extraction of alkaloids, crude opium used for the manufacture of exempt preparations, and crude opium used for the production of manufacturing opium; and shall show separately the medicinal opium, alkaloids and salts, opium tinctures and extracts, exempt preparations, and manufacturing opium produced.

ART. 126. *Importation reports.*—Importations of opium shall be reported in summarized entries in the debit summary of the monthly return, Form 810, together with the amount of the tax stamps affixed thereto, and shall be immediately reported by similar summarized entries in the credit summary of Form 810 as "Transferred to importing manufacturer's return". Such importations shall then be reported on a detail sheet, Form 163b, in the importing manufacturer's return and shall be further accounted for in the crude opium account and in the appropriate manufacturing statements in such return. Products manufactured therefrom shall be reported as produced in accordance with Articles 124 and 125 and, with the exception of manufacturing opium, morphine for further manufacture, and other crude or unfinished alkaloids, shall be transferred to the monthly return, Form 810, when reported produced.

ART. 127. *Assays.*—Upon importation of crude opium, samples will be selected and assays made by the importing manufacturer in the manner and according to the method specified in the United States Pharmacopoeia, eleventh edition. These assays shall form the basis of accounting for such opium, which shall be accounted for in terms of its anhydrous morphine alkaloid content and its equivalency in standard 10 per cent opium. Where final assay data is not determined at the time of rendering return, report shall be made on the basis of the best data available, subject to adjustment, and the necessary adjusting entries shall be made on the next return.

ART. 128. *Withdrawal from customs custody.*—Upon withdrawal of crude opium from customs custody, the importing manufacturer shall assign to each chest or container an identification mark or number by which the opium will be associated with the lot assay and identified in returns.

ART. 129. *Recording withdrawals.*—Where factory procedure is such that partial withdrawals of opium are made from individual containers, there shall be attached to each container a stock record card on which shall be kept a complete record of all withdrawals therefrom.

ART. 130. *Reporting production.*—Manufacturing opium shall be reported produced when it comes into existence in that form in which it is intended for exclusive use in further manufacture. Medicinal opium, morphine and its salts, or other alkaloids or derivatives produced exclusively for sale as such shall be reported as produced when manufacture has actually been completed and the finished marketable product ready for packaging and sale. Such products shall be regarded as ready for packaging and sale as soon as all processing other than mere packaging and stamping has been completed. Medicinal opium, tinctures, extracts, or other products manufactured partly for sale and partly for use in further manufacture will be reported produced as soon as manufacture is complete and they are ready either for use in further manufacture or for packaging for sale.

ART. 131. *Completing manufacture.*—No accumulations of morphine or other narcotic drugs in their pure or near-pure states shall be permitted to remain inactively in process. All such products nearing completion of their respective processes and approaching a condition of purity shall be carefully protected, promptly completed, and immediately transferred to finished stocks, and reported as produced.

ART. 132. *Conversion factors.*—In making conversions of opium alkaloids and their salts to anhydrous morphine and to 10 per cent opium the quantity of the particular alkaloid or salt in avoirdupois ounces shall be multiplied by a conversion factor arrived at by ascertaining the ratio, carried to the fourth decimal place, between the respective molecular weight of such alkaloid or salt and the molecular weight of anhydrous morphine (285.16), such weights being computed to the third decimal place from the chemical formulae of the substances and the atomic weights of elements, as adopted by the International Committee on Chemical Elements in 1934 and published in the eleventh edition of the United States Pharmacopoeia.

Manufacturers Importing Medicinal Coca Leaves

ART. 133. *Returns required.*—Every manufacturer importing raw coca leaves for the manufacture of medicinal products shall render, in addition to the return on Form 810 and its supplements, a "Medicinal Coca Leaf Importing Manufacturer's Return", on Form 168 and its supplements 168a and 168b, accounting, in accordance with the instructions on the forms, for the detail of such importation and for all manufacturing operations performed between such importation and the manufacture in bulk of finished products standardized in accordance with U. S. P., N. F. or other recognized standards. Subsequent manufacture from such products, including bottling or packaging operations, shall be accounted for in monthly returns on Form 810 and its supplements. Returns on Form 168 and its supplements shall be rendered quarterly by manufacturers extracting the alkaloids of coca leaves and their salts, and monthly by all other manufacturers importing and using raw coca leaves in the manufacture of medicinal products. Each such return shall be sworn to and submitted direct to the Commissioner of Narcotics on or before the 12th day of the month immediately following the period for which it is rendered.

ART. 134. *Form 168 and supplements.*—The return of manufacture from medicinal coca leaves shall consist of summaries on Forms 168 and 168a with supporting detail sheets on Form 168b accounting for original manufacture from such leaves, conversion or synthesis from the ecgonine base or other coca alkaloids, production from manufacturing coca extracts, and also accounting for stocks of raw coca leaves, manufacturing coca extracts, and other crude coca alkaloids as such substances are defined on the forms. One Form 168b shall be used for each major class of transactions on each summary except where the entries represent mere deduction or total items, or balances carried forward from previous returns. Each detail sheet shall be headed to correspond with the major title of the group of entries which it supports and shall be numbered to correspond with the line and summary numbers.

ART. 135. *Detailed reports.*—The detail sheets, Form 168b, supporting the summary of original manufacture from medicinal coca leaves, shall show separately the coca leaves used for the manufacture of manufacturing coca extracts, coca leaves used for the direct manufacture of marketable coca tinctures and extracts, and coca leaves used for the extraction of alkaloids, and shall show separately the coca alkaloids and salts, coca tinctures and extracts, and manufacturing coca extracts produced.

ART. 136. *Importation reports.*—Importations of medicinal coca leaves shall be reported in summarized entries in the debit summary of the monthly return, Form 810, together with the amount of the tax stamps affixed thereto, and shall be immediately reported by similar summarized entries in the credit summary of Form 810 as "Transferred to importing manufacturer's return". Such importations shall then be reported in detail on Form 168b, and shall be further accounted for in Form 168 and in the appropriate manufacturing statements in the return. Products manufactured therefrom shall be reported as produced in accordance with Article 140 and, with the exception of manufacturing coca extracts, residues or bases for further manufacture, and other crude or unfinished alkaloids, shall be transferred to the monthly return, Form 810, when reported produced.

ART. 137. *Assays.*—Upon importation of medicinal coca leaves, samples will be selected and assays made by the importing manufacturer in accordance with recognized chemical procedures. These assays shall form the basis of accounting for such coca leaves, which shall be accounted for in terms of their cocaine alkaloid content or equivalency or their total anhydrous coca alkaloid content. Where final assay data is not determined at the time of rendering return, report shall be made on the basis of the best data available, subject to adjustment, and the necessary adjusting entries shall be made on the next return.

ART. 138. *Withdrawal from customs custody.*—Upon withdrawal of medicinal coca leaves from customs custody, the importing manufacturer shall assign to each bale or container an identification mark or number by which the coca leaves will be associated with the lot assay and identified in returns.

ART. 139. *Recording withdrawals.*—Where factory procedure is such that partial withdrawals of medicinal coca leaves are made from individual containers, there shall be attached to the container a stock record card on which shall be kept a complete record of withdrawals therefrom.

ART. 140. *Reporting production.*—Manufacturing coca extracts shall be reported produced when they come into existence in that form in which they are intended for exclusive use in further manufacture. Cocaine and its salts, ecgonine and its salts, or other alkaloids or derivatives produced exclusively for sale as such shall be reported as produced when manufacture has actually been completed and the finished marketable product is ready for packaging and sale. Such products shall be regarded as ready for packaging and sale as soon as all processing other than mere packaging and stamping has been completed. Tinctures, extracts, or other products manufactured partly for sale and partly for use in further manufacture shall be reported produced as soon as manufacture is complete and they are ready either for use in further manufacture or for packaging for sale.

ART. 141. *Completing manufacture.*—No accumulations of cocaine or ecgonine or other narcotic drugs in their pure or near-pure states shall be permitted to remain inactively in process. All such products nearing completion of their respective processes and approaching a condition of purity shall be carefully protected, promptly completed, and immediately transferred to finished stocks, and reported as produced.

ART. 142. *Conversion factors.*—In making conversions of coca alkaloids and their salts to cocaine alkaloid and to anhydrous ecgonine alkaloid, the quantity of the particular alkaloid or salt in avoirdupois ounces shall be multiplied by a conversion factor arrived at by ascertaining the ratio, carried to the fourth decimal place, between the molecular weight of such alkaloid or salt, and the molecular weight of cocaine alkaloid (303.172) or anhydrous ecgonine alkaloid (185.125), as the case may be, such weights being computed to the third decimal place from the chemical formulae of the substances and the atomic weights of elements, as adopted by the International Committee on Chemical Elements in 1934 and published in the eleventh edition of the United States Pharmacopoeia.

Manufacturers Importing Special Coca Leaves

ART. 143. *Returns required.*—Every manufacturer using special coca leaves imported into the United States pursuant to the Act of June 14, 1930, shall render a quarterly return on Form 169 and its supplements, and shall thereon account for all transactions involving such leaves or substances derived therefrom which contain cocaine or ecgonine, or any salts, derivatives, or preparations from which cocaine or ecgonine may be synthesized or made. This return shall be signed and sworn to by the manufacturer or his authorized agent, and rendered direct to the Commissioner of Narcotics on or before the 12th day of the month following the period for which the return is made. Such return shall include a report of all importations of special coca leaves on Form 169a, a report of all materials entered into the processes of manufacture on Form 169b, a report of the various substances produced therefrom on Forms 169c, 169d and 169e, a report of all such substances destroyed on Form 169f, and a summary of operations on Form 169g.

ART. 144. *Report of importations.*—The report of importations on Form 169a shall show in appropriate columns the following data as to each importation:

(1) The date of the import permit.
(2) The serial number of the import permit.
(3) The name of the foreign consignor.
(4) The address of the foreign consignor.
(5) The foreign port of export.
(6) The number of bales imported.
(7) The serial numbers of the bales imported.
(8) The quantity imported in avoirdupois pounds.

ART. 145. *Report of materials used.*—The report of materials entered into the processes of manufacture on Form 169b shall show in appropriate columns the following information as to each lot of leaves dumped:

(1) The lot number or specification, a specification to be assigned to each dump for identification purposes in order to avoid repeating the serial numbers of the bales when the lot is subsequently referred to.
(2) The date the leaves were put in process of manufacture.
(3) The number of bales dumped.
(4) The serial numbers of the bales.
(5) The quantity of leaves put in process, stated in avoirdupois pounds.
(6) The quantity of alcohol used for each extraction or wash of the leaves, by alcohol.
(7) The quantity of water used for each water extraction or dilution.
(8) The quantity of any other or additional substance introduced at any stage into the process of manufacture.
(9) The dry weight of any filter cloth or other absorbent material to be later removed from process after saturation.

ART. 146. *Reports of manufacture.*—The reports of substances produced from special coca leaves, Form 169c, 169d and 169e, shall show, in appropriate columns the following information as to each production lot or dump:

(1) The lot number.
(2) The quantity of ground leaves entered into process, in terms of avoirdupois ounces and the quantity, in ounces and grains, of alkaloid contained therein as determined by analysis.
(3) The quantity of substance in process after each distinct step in the manufacturing process and the total alkaloid contained in each, stated in ounces and grains.
(4) The quantity of exhausted or spent leaves and the quantity of each residue removed from process, and the total alkaloid contained in each, stated in ounces and grains.
(5) The weight of the used filter cloth or other absorbent material removed, after saturation
(6) The quantity, in gallons, of finished extract produced.

ART. 147. *Report of residues destroyed.*—The report of residues destroyed, Form 169f, shall show for each lot destroyed, in appropriate columns the following data:

(1) The lot number.
(2) The quantity of spent leaves, residues, and saturated materials destroyed, stated separately for each.
(3) The name of the government officer witnessing the destruction.

ART. 148. *Summary.*—The summary, Form 169g, shall include a complete accounting for all transactions in raw leaves, leaves in process, and residues removed from production processes. The summary of raw coca leaves shall show:

(1) The quantity of special coca leaves on hand at the beginning of the quarter.
(2) The quantity of special coca leaves imported during the quarter.
(3) The quantity of special coca leaves put into process of manufacture during the quarter.
(4) The quantity of special coca leaves on hand at the end of the quarter.
(5) Any other transaction during the quarter which increased or decreased the quantity of raw coca leaves on hand.

The summary of coca leaves in process shall show:

(1) The quantity of special coca leaves in process at the beginning of the quarter.
(2) The quantity of such leaves placed in process during the quarter.
(3) The quantity of such leaves represented by lots completed during the quarter.
(4) The quantity of such leaves represented by lots in process at the end of the quarter.
(5) Any other transaction during the quarter which increased or decreased the quantity of leaves in process.

The summary of residues removed from production processes shall show, in appropriate columns, separately as to spent leaves, each residue and saturated material, the following information:

(1) The quantity of each, on hand at the beginning of the quarter, awaiting destruction.
(2) The quantity of each removed from process during the quarter.
(3) The quantity of each destroyed during the quarter.
(4) The quantity of each on hand at the end of the quarter.
(5) Any other transaction during the quarter affecting the quantity of such residues on hand.

Wholesale Dealers

ART. 149. *Returns required.*—Every person registered in Class II as a wholesale dealer shall render a monthly return on Form 811 and its supplements 811a and 811b accounting for all transactions involving taxable narcotics. The return shall be sworn to and submitted to the collector of internal revenue for the district, on or before the 15th day of the month succeeding that for which the return is rendered.

Each return shall consist of Forms 811a showing all receipts of taxable narcotics and Forms 811b showing all dispositions of taxable narcotics, and a Form 811 showing a complete summary of transactions for the month. Forms 811a and 811b shall be headed in accordance with the classifications of the transactions set out in the instructions on Form 811.

ART. 150. *Form 811a—Receipts.*—All taxable narcotic drugs and preparations received by a wholesale dealer as such, including transfers from other classes at the same location, shall be recorded on Form 811a in the order and at the time of receipt. Where record on Form 811a can not, for any good and sufficient reason, be made immediately, the wholesale dealer shall have available for inspection such invoices, delivery or duplicate sales slips, or other papers or records as may be required to evidence any unrecorded purchase or other receipt.

ART. 151. *Form 811b—Dispositions.*—All taxable narcotic drugs and preparations disposed of by a wholesale dealer as such, including transfers to other classes at the same location, shall be recorded on Form 811b in the order and at the time of disposition. Where record on Form 811b can not, for any good and sufficient reason, be made immediately, the wholesale dealer shall have available for inspection original sales orders, delivery slips, or other papers or records which may be required to evidence any unrecorded disposition.

ART. 152. *Form 811—Summary.*—The wholesale dealer shall report on Form 811, in accordance with instructions appearing thereon, a complete summary of operations.

ART. 153. *Assembling.*—Form 811 shall be used as a jacket or outside sheet for Forms 811a, 811b and 811c, which shall constitute the inside sheets. The inside sheets shall be numbered consecutively, beginning with the number 1. Before transmitting the return to the collector the registrant shall securely fasten together all sheets.

ART. 154. *Examination by collector.*—The collector will examine and verify the name entered on page 1 of Form 811, and the sworn statement and signature. The person examining the return shall sign in the space provided on Form 811 therefor, and the date received in the collector's office shall be stamped or entered in the space provided.

Inventories

ART. 155. *Form 810c—Manufacturers, producers, compounders.*—Each manufacturer, producer or compounder registered in Class I under the Act shall render as a part of his June and December returns on Form 810 a detailed inventory on Form 810e of all narcotic substances, except those specifically required by Articles 156 and 157 to be reported on other forms, which are in his possession on June 30 and December 31 of each year, classified and grouped as follows:

(a) Raw materials.
(b) Goods in process.
(c) Finished bulk stock.
(d) Finished goods in marketable packages.
(e) Miscellaneous stock.

ART. 156. *Form 163b—Manufacturers importing opium.*—Each manufacturer who imports crude opium shall, in addition to the inventory required by Article 155, render an inventory on Form 163b of crude opium, goods in process of manufacture from crude opium, and substances resulting from such processes of manufacture which have not been transferred to the return on Form 810, which are in his possession as an opium importing manufacturer on June 30 and December 31 of each year. However, manufacturers engaged in extracting alkaloids from opium may render inventories of goods in process of such extraction annually instead of semiannually, and such inventories may be rendered by any such manufacturer either as of June 30 or December 31, but shall be rendered as of the same date each year. Each inventory on Form 163b shall group the substances on hand on separate sheets in accordance with the classifications in the summaries of Forms 163 and 163a and each sheet shall be numbered to correspond with the appropriate line and summary numbers of such Forms 163 and 163a. Each such inventory shall be made a part of the return rendered on Form 163 for the month or quarter ending with the date for which the inventory is rendered.

ART. 157. *Form 168b—Manufacturers importing medicinal coca leaves.*—Each manufacturer who imports coca leaves for the manufacture of medicinal products shall, in addition to the inventory required by Article 155, render an inventory on Form 168b of raw coca leaves, goods in process of manufacture from such leaves and substances resulting from such processes of manufacture which have not been transferred to the return on Form 810, which are in his possession as a coca leaf importing manufacturer on June 30 and December 31 of each year. Each inventory on Form 168b shall group the substances on hand on separate sheets in accordance with the classifications in the summaries of Forms 168 and 168a and each sheet shall be numbered to correspond with the appropriate line and summary numbers of such Forms 168 and 168a. Each such inventory shall be made a part of the return rendered on Form 168 for the month or quarter ending with the date for which the inventory is rendered.

ART. 158. *Form 811c—Wholesale dealers.*—Every wholesale dealer shall render, as part of his June and December returns on Form 811, an inventory, on Form 811c, of taxable narcotic drugs on hand on June 30 and December 31 of each year. A separate entry shall be made with respect to each kind of drug or preparation, and each kind or size of package. Each entry shall show the name, quantity and narcotic content of the drug or preparation and the size of the individual package, the number of packages, and the total narcotic content of all the packages covered by the entry, classified according to the kind of narcotic contained in the drug or preparation.

Miscellaneous

ART. 159. *Substitute forms.*—Where the manufacturing processes of any manufacturer are such that in the opinion of the Commissioner the forms herein prescribed do not provide an adequate accounting therefor, or where in the opinion of the Commissioner some other form will provide a more satisfactory accounting, such manufacturer shall render returns on such forms and for such periods as the Commissioner shall provide and prescribe.

ART. 160. *Discontinuance of business.*—Upon discontinuance of business, any registrant required by these regulations to render returns shall, in addition to complying with the requirements of Article 195, render on the appropriate form a final return, marked "Final," which shall show in detail the disposition of all narcotics carried in the class for which the return is rendered, and, in the case of a Class I registrant, the disposition of all narcotic strip stamps purchased by him.

ART. 161. *Transfer of business.*—Any registrant required by these regulations to render returns, upon transferring his business to a successor at the same location shall, upon qualification of the successor, render a final return on the prescribed forms to the date of discontinuance of business, and in case business is discontinued on any date other than the close of a fiscal year an affidavit must be furnished in duplicate as provided in Article 195. This return shall be marked "Final," shall contain a statement indicating to whom the business was transferred, and shall show in detail the disposition of all the narcotics carried in the class for which the return is rendered. The initial return of the successor shall account for transactions beginning with the day next succeeding the date of discontinuance of business by the predecessor, and if the narcotics of the predecessor have been purchased by him, they shall be reported as receipts in his initial return. Where strip stamps are transferred to a successor at the same location, as provided in Article 57, a report of all such stamps transferred shall be made by both the person discontinuing business and his successor in the same manner as the report of narcotics transferred. Any strip stamps not transferred to a successor in business at the same location should be returned to the collector of internal revenue for redemption or cancelation. In all cases where a transfer of ownership or identity, as by the taking in of a partner, etc., is made, the same procedure shall be followed.

ART. 162. *Signing and verifying returns.*—In preparing returns required by this chapter the name of the person entered on the first page shall be the name as registered with the collector. The registrant shall swear that the statements and details of the return are correct and true, and shall sign such statement, except that it may be signed by another person authorized by power of attorney previously filed with and approved by the collector. The power of attorney shall be executed in the same manner as applications for registration, shall show the signature of the person thereby authorized to sign such statements, and shall affirm that the signature so shown is his signature.

ART. 163. *Duplicate copy.*—A duplicate copy of any return required by this chapter, properly sworn to as in the case of the original copy, shall be retained on file together with other narcotic records, and shall be kept available for inspection for not less than two years.

ART. 164. *Examination by collectors.*—Collectors shall examine returns within five days after receipt from taxpayers and shall so far as practicable forward them immediately in a single shipment to the Commissioner of Narcotics with a letter of transmittal.

ART. 165. *Inspection by food and drug inspectors.*—Each collector is authorized to make the narcotic returns of manufacturers and wholesale dealers available for examination by properly identified federal food and drug inspectors during such time as the returns may be in his office.

CHAPTER VIII. RETAIL DEALERS, PRACTITIONERS, DEALERS IN EXEMPT PREPARATIONS AND LABORATORIES

Prescriptions

SEC. 2. • • • Nothing contained in this section shall apply—

(a) To the dispensing or distribution of any of the aforesaid drugs to a patient by a physician, dentist, or veterinary surgeon registered under this Act in the course of his professional practice only: *Provided*, That such physician, dentist, or veterinary surgeon shall keep a record of all such drugs dispensed or distributed, showing the amount dispensed or distributed, the date, and the name and address of the patient to whom such drugs are dispensed or distributed, except such as may be dispensed or distributed to a patient upon whom such physician, dentist, or veterinary surgeon shall personally attend; and such record shall be kept for a period of two years from the date of dispensing or distributing such drugs, subject to inspection, as provided in this Act.

(b) To the sale, dispensing, or distribution of any of the aforesaid drugs by a dealer to a consumer under and in pursuance of a written prescription issued by a physician, dentist, or veterinary surgeon registered under this Act: *Provided, however*, That such prescription shall be dated as of the day on which signed and shall be signed by the physician, dentist, or veterinary surgeon who shall have issued the same: *And provided further*, That such dealer shall preserve such prescription for a period of two years from the day on which such prescription is filled in such a way as to be readily accessible to inspection by the officers, agents, employees, and officials hereinbefore mentioned.

ART. 166. *Who may issue.*—A prescription for narcotic drugs may be issued only by a physician, dentist, veterinary surgeon, or other practitioner who has duly registered, or an exempt official.

ART. 167. *Purpose of issue.*—A prescription, in order to be effective in legalizing the possession of unstamped narcotic drugs and eliminating the necessity for use of order forms, must be issued for legitimate medical purposes. The responsibility for the proper prescribing and dispensing of narcotic drugs is upon the practitioner, but a corresponding liability rests with the druggist who fills the prescription. An order purporting to be a prescription issued to an addict or habitual user of narcotics, not in the course of professional treatment but for the purpose of providing the user with narcotics sufficient to keep him comfortable by maintaining his customary use, is not a prescription within the meaning and intent of the act; and the person filling such an order, as well as the person issuing it, may be charged with violation of the law.

ART. 168. *Manner of execution—Practitioners.*—All prescriptions for drugs and preparations not specifically exempt under section 6 of the act (see Articles 180 to 182, incl.) shall be dated as of and signed on the day when issued and shall bear the full name and address of the patient and the name, address, and registry number of the practitioner. A physician may sign a prescription in the same manner as he would sign a check or legal document, as, for instance, J. H. Smith, John H. Smith, or John Henry Smith. Prescriptions should be written with ink or indelible pencil or typewritten; if typewritten, they shall be signed by the practitioner. The duty of properly preparing prescriptions is upon the practitioner, and he is liable to the penalties provided by the act in case of failure to insert the information required by the law. A prescription may be prepared by a secretary or agent for the signature of a practitioner, but the practitioner is responsible in case the prescription does not conform in all essential respects to the law and regulations. A corresponding liability rests upon the druggist who fills a prescription not prepared in the form prescribed by law.

ART. 169. *Who may fill.*—A prescription for narcotic drugs may be filled only by a retail dealer registered in Class III, an exempt official, or a member of Class I who is qualified to sell drugs at retail.

ART. 170. *Refilling.*—The refilling of a prescription for taxable narcotics is prohibited.

ART. 171. *Partial filling.*—As a general rule, the partial filling of narcotic prescriptions is not permissible. If, however, a dealer is unable to supply the full quantity called for in a prescription and an emergency exists, he may supply a portion of the drugs called for by the prescription, provided he makes a suitable notation on the face of the prescription of the quantity furnished and the reason for not supplying the full quantity on the back of the prescription and advises the issuing practitioner thereof. No further quantity shall be supplied except upon a new prescription.

ART. 172. *Telephone orders.*—The furnishing of narcotics pursuant to telephone advice of practitioners is prohibited, whether prescriptions covering such orders are subsequently received or not, except that in an emergency a druggist may deliver narcotics through his employee or responsible agent pursuant to a telephone order, provided the employee or agent is supplied with a properly prepared prescription before delivery is made, which prescription shall be turned over to the druggist and filed by him as required by law.

ART. 173. *Forms to be used.*—The Government does not furnish prescription forms, and the order forms which are supplied must not be used as prescriptions. Any prescription form may be used, provided the required data is shown thereon.

ART. 174. *Filing.*—Dealers who fill prescriptions shall keep them in a separate file in such manner as to be readily accessible to inspection by investigating officers, for not less than two years.

ART. 175. *Labels on containers.*—The dealer filling a prescription shall affix to the package a label showing his name and registry number, the serial number of the prescription, the name and address of the patient, and the name, address, and registry number of the practioner issuing the prescription.

Dispensing

ART. 176. *Prescriptions unnecessary.*—Practitioners may dispense narcotic drugs to bona fide patients pursuant to the legitimate practice of their professions without prescriptions or order forms.

ART. 177. *Practitioners records.*—All persons and institutions registered in Class IV (practitioners, see Art. 19, shall keep a daily record showing the kind and quantity of narcotics dispensed or administered, the name and address of each person to whom dispensed or administered, the name and address of the person upon whose authority and the purpose for which dispensed or administered. Practitioners are not required to keep a record of narcotics dispensed to persons upon whom they in the course of their professional practice are in personal attendance.

ART. 178. *Form of record.*—No special record form for the use of those registered as practitioners is prescribed. Hospitals and institutions shall keep records in the manner best calculated to meet the conditions existing therein and to enable an inspecting officer quickly to ascertain the kinds and quantities of narcotics used daily. The initials of the practitioner giving directions for the administering of a narcotic should be entered on the patient's record chart, or a separate prescription giving the name and address of the patient, the date, and the physician's signature or initials, filed with the pharmacist in charge of the drug room before the narcotic leaves his control. If both chart and prescription are used, reference to the prescription should be made on the chart.

ART. 179. *Stock preparations.*—A practitioner who, in his office practice, administers minute quantities of narcotics in stock preparations, may keep, as to such preparations, in lieu of the record required by Art. 177, a record of the date when each stock preparation is made or purchased and the date when the preparation is exhausted.

Exempt Preparations

SEC. 6. That the provisions of this Act shall not be construed to apply to the manufacture, sale, distribution, giving away, dispensing, or possession of preparations and remedies which do not contain more than two grains of opium, or more than one-fourth of a grain of morphine, or more than one-eighth of a grain of heroin, or more than one grain of codeine, or any salt or derivative of any of them in one fluid ounce, or, if a solid or semisolid preparation, in one avoirdupois ounce; or to liniments, ointments, or other preparations which are prepared for external use, only, except liniments, ointments, and other preparations which contain cocaine or any of its salts or alpha or beta eucaine or any of their salts or any synthetic substitute for them: *Provided*, That such remedies and preparations are manufactured, sold, distributed, given away, dispensed, or possessed as medicines and not for the purpose of evading the intentions and provisions of this Act: *Provided further*, That any manufacturer, producer, compounder, or vendor (including dispensing physicians) of the preparations and remedies mentioned in this section lawfully entitled to manufacture, produce, compound, or vend such preparations and remedies, shall keep a record of all sales, exchanges, or gifts of such preparations and remedies in such manner as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, shall direct. Such record shall be preserved for a period of two years in such a way as to be readily accessible to inspection by any officer, agent or employee of the Treasury Department duly authorized for that purpose, and the State, Territorial, District, municipal, and insular officers named in section 5 of this Act, and every such person so possessing or disposing of such preparations and remedies shall register as required in section 1 of this Act and, if he is not paying a tax under this Act, he shall pay a special tax of $1 for each year, or fractional part thereof, in which he is engaged in such occupation, to the collector of internal revenue of the district in which he carries on such occupation as provided in this Act. The provisions of this Act as amended shall not apply to decocainized coca leaves or preparations made therefrom, or to other preparations of coca leaves which do not contain cocaine.

ART. 180. *Extent of exemption.*—The section of the law last quoted has the effect of conditionally exempting from liability under the other sections of the act persons manufacturing and dealing in certain narcotic preparations or remedies. Such persons are, however, subject to certain requirements laid down in section 6. Manufacturers of and dealers in exempt preparations are required to register as such whether liable to tax in that capacity or not. (See Art. 13 as to tax liability.)

Preparations containing cocaine or pantopon in any quantity, whether for internal or external use, are not within section 6 but are subject to all other provisions of the act.

ART. 181. *Standards of exemption.*—Preparations designed for or capable of internal use to be exempt shall not contain more than two grains of opium, or more than one-fourth of a grain of morphine, or more than one-eighth of a grain of heroin, or more than one grain of codeine, or any salt or derivative of any of them in one fluid ounce, or, if a solid or semisolid preparation, in one avoirdupois ounce. The preparation shall contain active medicinal drugs other than narcotics in sufficient proportion to confer upon the preparation valuable medicinal qualities other than those possessed by the narcotic drug alone. Use for aural, nasal, ocular, rectal, urethral, or vaginal purposes is not regarded as external use and, therefore, preparations manufactured or used for such purposes containing more than the percentages of narcotic drugs as above indicated are not within the exemption.

There is no limitation upon the percentage of narcotic drugs external preparations may contain. In order to be within the exemption a preparation for external use, containing more than the maximum percentage of narcotic drugs above specified, shall contain ingredients rendering it unfit for internal administration.

ART. 182. *Restrictions on dispositions.*—A preparation conforming to the standards set out in Article 181 is exempt from stamp tax and the requirements pertaining to taxable narcotics only when manufactured, sold, distributed, given away, dispensed, or possessed as a medicine. A manufacturer may produce and sell as exempt only preparations readily capable of use for claimed medicinal purposes, and sales thereof, if not to consumers, shall be made only to persons registered in Class V. Sales made to consumers, either by manufacturers or dealers shall be made only in such quantities and with such frequency to the same purchaser as will restrict their use to the medicinal purpose for which intended.

ART. 183. *Dispositions to dealers.*—Orders for exempt preparations except where sold to a registrant in Class VI are not required to be on any particular forms, but an order from a dealer shall not be honored by a manufacturer or other dealer unless it bears the registry number of the dealer giving the order. (See Articles 100, 105 and 111, relative to orders received from the Virgin Islands, Puerto Rico and the Philippine Islands, respectively.)

Where orders for exempt preparations are taken by a traveling salesman the salesman shall ascertain the registry number of the purchaser. The order shall not be filled by the manufacturer or vendor unless he knows the purchaser's registry number.

ART. 184. *Dispositions to consumers.*—Preparations or remedies which are within the exemption may be sold with or without prescriptions, and a prescription for such a preparation may be refilled provided, of course, the preparation is furnished in good faith for medicinal purposes only. The filling or refilling of narcotic prescriptions calling for more than one exempt preparation or a mixture consisting of an exempt preparation or remedy further reduced or diluted by the addition of non-narcotic medicinal agents is authorized, provided, of course, the preparation is furnished in good faith for medicinal purposes.

An extemporaneous prescription calling for narcotic drugs not in excess of the amounts specified in section 6 may be refilled in the same manner as a prescription calling for ready-made preparations or remedies, provided the mixture is sold in good faith for medicinal purposes only, and a record is kept of the sale in the manner indicated in Article 185.

ART. 185. *Records required.*—Every manufacturer, producer, compounder, or vendor (including dispensing physicians), of exempt preparations shall record all sales, exchanges, gifts, or other dispositions, the entries to be made at the time of delivery. Separate records shall be kept of dispositions to registrants and of dispositions to consumers. The record of dispositions to registrants shall show the name, address, and registry number of the registrant to whom disposed, the name and quantity of the preparation, and the date upon which delivery to the registrant, his agent or a carrier is made. The record of dispositions to consumers shall show the name of the recipient, his address, the name and quantity of the preparation, and the date of delivery.

Forms are not furnished for the keeping of these records, but the records shall be in the following form:

Form of record of dispositions to registrants

Date	Registration No. of recipient	Name of recipient	Address	Name of preparation	Quantity

Form of record of dispositions to consumers

Date	Name of recipient	Address	Name of preparation	Quantity

In the case of manufacturers of or dealers in exempt preparations who are also registered as manufacturers of or dealers in taxable drugs in Class I or II, the foregoing requirement as to records of dispositions to registrants shall be deemed to be complied with, if all such dispositions are evidenced by vouchers or invoices containing all the required information and such vouchers or invoices are kept in a separate file arranged chronologically.

As to records required in the case of registrants supplying exempt preparations to consumers pursuant to prescriptions issued by registered physicians, the foregoing requirement as to records of dispositions to consumers shall be deemed to be complied with if each such prescription shows the name and address of the recipient, the name

and quantity of the preparation, and the date of filling, and the prescriptions are kept on the narcotic prescription file.

Laboratories

SEC. 1. • • • persons not registered as an importer, manufacturer, producer, or compounder and lawfully entitled to obtain and use in a laboratory any of the aforesaid drugs for the purpose of research, instruction, or analysis shall pay $1 per annum, but such persons shall keep such special records relating to receipt, disposal, and stocks on hand of the aforesaid drugs as the Commissioner of Narcotics, with the approval of the Secretary of the Treasury, may by regulation require. Such special records shall be open at all times to the inspection of any duly authorized officer, employee, or agent of the Treasury Department.

ART. 186. *Records required.*—Persons registered in Class VI shall keep complete records of receipts, disposals, and stocks on hand, of all narcotic drugs and preparations. Duplicate copies of official order forms used to obtain narcotic drugs and preparations shall be retained (see Art. 88) and inventory on Form 713 shall be prepared, the original of which shall be kept on file by the maker and the duplicate forwarded to the collector of internal revenue with the application for registration (see Art. 10). A special record shall be kept showing the date, kind, and quantity of narcotic drug or preparation used, the particular purpose or object of such use, and of the identification and disposition of the narcotics or resulting products or residues so used, showing the date, quantity of resulting products or residues, and manner of disposition.

Forms are not furnished for the keeping of this record, but the record shall be in the following form, which lists sample items as a guide:

Narcotic used				Identification and disposition of narcotics or resulting products and residues			
Date	Kind	Quantity	Purpose	Date	Products or residues	Quantity	Disposition (destroyed, retained or returned)
------	Thebaine	1 oz	Experimental synthesis.	------	None	None	All residues destroyed.
------	Morphine	1 oz	Experimental synthesis.	------	Codeine	½ oz	Retained for instructional exhibit.
------	Narcotine	30 gr	Mineral analysis	------	None	None	Consumed in analysis.
------	Crude opium	1 lb	Assay.	------	Crude opium	½ lb	Returned to registered person desiring assay on Order Form No. —.

ART. 187. *Handling of drugs.*—Official order forms shall be used to cover all transfers of narcotic drugs to and from registrants in Class VI, including preparations and remedies which might otherwise be exempt from this requirement under section 6 of the Act.

Any product or residue resulting from the use of a narcotic drug or preparation obtained upon an order form, which is desired to be retained for further research, instruction or analysis, shall be placed in a container legibly labeled with the name of the product or residue and the date produced.

Any sale of a narcotic drug or preparation by a registrant in Class VI will render him liable to registration and to payment of tax in Classes I or II, as the facts may warrant, and to compliance with all other requirements of the law and regulations governing sales by registrants in Classes I or II.

CHAPTER IX. ADMINISTRATIVE PROVISIONS

Assessment of Tax

SEC. 3182. *United States Revised Statutes.*—The Commissioner of Internal Revenue is hereby authorized and required to make • • • assessments of all taxes and penalties • • • where such taxes had not been duly paid by stamp at the time and in the manner provided by law, • • •.

ART. 188. *Assessment of taxes not paid by stamp.*—Tax due on narcotic drugs not paid by attachment of stamps to containers shall be reported for assessment. Special tax which the taxpayer refuses or fails to pay may likewise be reported for assessment.

SEC. 1105. *Revenue Act of 1932, as amended by section 510, Revenue Act of 1934.*—

(a) If the Commissioner believes that the collection of any tax (other than income tax, estate tax, and gift tax) under any provision of the internal-revenue laws will be jeopardized by delay, he shall, whether or not the time otherwise prescribed by law for making return and paying such tax has expired, immediately assess such tax (together with all interest and penalties the assessment of which is provided for by law). Such tax, penalties, and interest shall thereupon become immediately due and payable, and immediate notice and demand shall be made by the collector for the payment thereof. Upon failure or refusal to pay such tax, penalty, and interest, collection thereof by distraint shall be lawful without regard to the period prescribed in section 3187 of the Revised Statutes, as amended.

(b) The collection of the whole or any part of the amount of such assessment may be stayed by filing with the collector a bond in such amount, not exceeding double the amount as to which the stay is desired, and with such sureties, as the collector deems necessary, conditioned upon the payment of the amount collection of which is stayed, at the time at which, but for this section, such amount would be due.

ART. 189. *Jeopardy assessment.*—Whenever, in the opinion of the collector, the collection of tax will be jeopardized by delay, he shall report the matter promptly to the Commissioner of Internal Revenue by telegram or letter. The communication should recite the full name and address of the person involved, the kind and amount of tax, the period involved, and such statement of the circumstances and recommendation as will enable the Commissioner immediately to determine and assess the tax due, together with all penalties.

If a jeopardy assessment is made, the taxpayer may stay the collection of the tax by filing with the collector a bond in such amount, not exceeding double the amount of the tax, and with such sureties, as the collector deems necessary, conditioned upon the payment of the tax at the usual time. In lieu of surety or sureties the taxpayer may deposit with the collector United States Liberty bonds or other bonds or notes of the United States having a par value not less than the amount of the bond required to be furnished, together with an agreement authorizing the collector to sell or collect the bonds or notes in case of default.

Sec. 1118 (a) Revenue Act of 1926.—Collectors may receive, at par with an adjustment for accrued interest, notes or certificates of indebtedness issued by the United States and uncertified checks in payment of income, war-profits, and excess-profits taxes and any other taxes payable other than by stamp, during such time and under such rules and regulations as the Commissioner, with the approval of the Secretary, shall prescribe; but if a check so received is not paid by the bank on which it is drawn the person by whom such check has been tendered shall remain liable for the payment of the tax and for all legal penalties and additions to the same extent as if such check had not been tendered.

ART. 190. *Payment by check, etc.*—Collectors may receive uncertified checks in payment of assessments (but not in payment for stamps), if such checks are collectible at par—that is, for their full amount, without deduction for exchange or other charges. The collector will stamp on the face of each check before deposit the words "This check is in payment of an obligation to the United States and must be paid at par. No protest.", with his name and title.

If the bank upon which any such check is drawn refuses, for any reason, to pay it at par, the check shall be returned through the depository bank and treated as a dishonored check. All expenses incident to the attempt to collect such check and the return of it through the depository bank shall be borne by the drawer, since no deduction can be made from amounts received in payment of taxes. Unless the taxpayer whose check has been returned uncollected by the depository bank makes the check good immediately, or pays the amount thereof, the collector shall proceed to collect the tax as though no check had been given. A taxpayer who tenders a check, whether certified or not, in payment of taxes, is not released from his obligation until the check has been paid.

Redemption of, or Allowance for Stamps

Act of May 12, 1900, as amended by section 1013 (a) of the Revenue Act of 1924.—That the Commissioner of Internal Revenue, subject to regulations prescribed by the Secretary of the Treasury, may, upon receipt of satisfactory evidence of the facts, make allowance for or redeem such of the stamps, issued under authority of law, to denote the payment of any internal-revenue tax, as may have been spoiled, destroyed, or rendered useless or unfit for the purpose intended, or for which the owner may have no use, or which through mistake may have been improperly or unnecessarily used, or where the rates or duties represented thereby have been excessive in amount, paid in error, or in any manner wrongfully collected. Such allowance or redemption may be made, either by giving other stamps in lieu of the stamps so allowed, for or redeemed, or by refunding the amount or value to the owner thereof, deducting therefrom, in case of repayment, the percentage, if any, allowed to the purchaser thereof; but no allowance or redemption shall be made in any case until the stamps so spoiled or rendered useless shall have been returned to the Commissioner of Internal Revenue, or until satisfactory proof has been made showing the reason why the same cannot be returned; or, if so required by the said Commissioner, when the person presenting the same cannot satisfactorily trace the history of said stamps from their issuance to the presentation of his claim as aforesaid. • • • *Provided, further,* That no claim for the redemption of, or allowance for, stamps shall be allowed unless presented within four years after the purchase of such stamps from the Government.

SEC. 2. That the finding of facts in and the decision of the Commissioner of Internal Revenue upon the merits of any claim presented under or authorized by this Act shall, in the absence of fraud or mistake in mathematical calculation, be final and not subject to revision by any accounting officer.

SEC. 3. That all laws and parts of laws in conflict with any of the provisions of this Act are hereby repealed.

ART. 191. *Claims.*—Amounts paid for stamps used in excess, spoiled, destroyed, or rendered unless or unfit for the purpose intended, may be refunded, upon claim properly presented to the collector. All claims for the redemption of or allowance for stamps shall be presented to the collector on Form 843 within 4 years after the purchase of said stamps from the Government. In filing a claim for the redemption of or allowance for stamps covering the tax on narcotic drugs, the stamps involved shall be submitted therewith, or if it is impracticable to submit the stamps, they shall be presented to a deputy collector or other authorized internal-revenue representative, who shall write on the face of the stamps the words "Claim for refund filed" and a statement from such internal-revenue representative shall be furnished showing that such endorsement has been made. The claim shall be forwarded to the collector of internal revenue for the district in which the taxpayer is located who shall certify as to the date the stamps were purchased. The provisions of Sections 3220 to 3228, United States Revised Statutes, do not apply to the redemption of or allowance for internal-revenue stamps, and the authority for such redemption or allowance is the Act of May 12, 1900 (31 Stat. 177), as amended by Section 1013 (a) of the Revenue Act of 1924, set forth hereinbefore.

SEC. 3220. *United States Revised Statutes, as amended by section 1111 of the Revenue Act of 1926 and section 619 (b) of the Revenue Act of 1928.*—Except as otherwise provided by law in the case of income, war-profits, excess-profits, estate, and gift taxes, the Commissioner of Internal Revenue, subject to regulations prescribed by the Secretary of the Treasury, is authorized to remit, refund, and pay back all taxes erroneously or illegally assessed or collected, all penalties collected without authority, and all taxes that appear to be unjustly assessed or excessive in amount, or in any manner wrongfully collected; also to repay to any collector or deputy collector the full amount of such sums of money as may be recovered against him in any court, for any internal-revenue taxes collected by him, with the cost and expense of suit; also all damages and costs recovered against any assessor, assistant assessor, collector, deputy collector, agent, or inspector, in any suit brought against him by reason of anything done in the due performance of his official duty, and shall make report to Congress at the beginning of each regular session of Congress of all transactions under this section.

SEC. 3228. *United States Revised Statutes, as amended by section 1112 of the Revenue Act of 1926, section 619 (c) of the Revenue Act of 1928, and section 1106 of the Revenue Act of 1932.*—(a) All claims for the refunding or crediting of any internal-revenue tax alleged to have been erroneously or illegally assessed or collected, or of any penalty alleged to have been collected without authority, or of any sum alleged to have been excessive or in any manner wrongfully collected must, except as otherwise provided by law in the case of income, war-profits, excess-profits, estate, and gift taxes, be presented to the Commissioner of Internal Revenue within four years next after the payment of such tax, penalty, or sum. The amount of the refund (in the case of taxes other than income, war-profits, excess-profits, estate, and gift taxes) shall not exceed the portion of the tax, penalty, or sum paid during the four years immediately preceding the filing of the claim, or if no claim was filed, then during the four years immediately preceding the allowance of the refund.

Sec. 1106 (b) of the Revenue Act of 1932.—The amendment made by subsection (a) of this section to section 3228 of the Revised Statutes shall not bar from allowance a claim for refund filed prior to the enactment of this Act which but for such enactment would have been allowable.

ART. 192. *Refunds.*—As indicated hereinbefore, the tax on narcotics is ordinarily paid by the purchase and affixing of stamps, while special-tax stamps are issued in payment of special taxes. However, in exceptional cases, such taxes may be paid pursuant to assessment. Claims for refund of amounts so paid by assessment are governed by sections 3220 and 3228, United States Revised Statutes, as amended. Such claims are not valid unless presented within 4 years next after payment of the taxes.

Miscellaneous

ART. 193. *Safeguarding of narcotics.*—Narcotic drugs and preparations shall at all times be properly safeguarded and securely kept where they will be available for inspection by properly authorized officers, agents, and employees of the Treasury Department.

ART. 194. *Procedure in case of loss.*—Where, through breakage of the container or other accident, otherwise than in transit, narcotics are lost or destroyed, the person having title thereto shall make affidavit as to the kinds and quantities of narcotics lost or destroyed and the circumstances involved, and immediately forward the affidavit to the narcotic district supervisor. A copy of such affidavit shall be retained and filed with the other narcotic records. See appendix for list of narcotic district supervisors, their headquarters and States embraced.

Where narcotics are lost by theft, or otherwise lost or destroyed in transit, the consignee shall immediately upon ascertainment of the occurrence file with the narcotic district supervisor, a sworn statement of the facts, including a list of the narcotics stolen, lost, or destroyed, and documentary evidence that the local authorities were notified. A copy of the sworn statement shall be retained and filed with the other narcotic records of the consignee.

A loss in transit does not authorize a vendor to duplicate a shipment on the same order form. A separate order form covering each and every shipment of narcotics is required.

ART. 195. *Procedure on discontinuance of business.*—Where it is desired to discontinue business the taxpayer shall, before the discontinuance, dispose of all narcotics on hand and return all unused order forms to the collector for cancellation. Where the discontinuance occurs on any date other than June 30 the taxpayer shall also return the special-tax stamp or stamps to the collector who will mark each such stamp "Business discontinued" with the date, and return the stamp to the taxpayer who shall file it with his narcotic records and retain it for a period of not less than 2 years. Narcotics on hand may be disposed of either by disposition with the approval of the collector to another registrant or exempt official pursuant to official order forms or orders of purchase, or as provided in Article 196 for the disposition of excess and undesired narcotics.

In the case of Class I or II registrants returns for periods subsequent to the date of discontinuance will not be demanded, provided all narcotics have been disposed of and an affidavit is submitted in duplicate to the collector certifying to that effect and that no further transactions of the class for which registration is discontinued will be consummated. The collector will forward one copy of this affidavit to the Commissioner of Narcotics.

ART. 196. *Excess and undesired narcotics.*—Excess and undesired narcotics in the possession of a registrant may be disposed of by shipment, charges prepaid (shipments by mail shall not be made), to the narcotic district supervisor of the district. If the person has paid tax in a class under which returns are required to be rendered and the narcotics to be disposed of are a part of the stock for such class, an inventory of the narcotics shipped shall be prepared in quadruplicate on the form used for detailed reporting of dispositions. The original inventory shall be filed with the return for such class for the month in which the disposition takes place, the duplicate copy made a part of the retained copy of the return, the triplicate copy forwarded with the narcotics when shipped for disposition, and the quadruplicate for-

warded to the narcotic district supervisor. If the narcotics are held in a class for which returns are not required, an inventory shall be prepared in quadruplicate on Form 142, the triplicate of which shall be forwarded with the narcotics when shipped, the duplicate retained on file by the taxpayer for a period of 2 years, and the original and quadruplicate forwarded to the narcotic district supervisor.

In any case the shipper shall notify the narcotic district supervisor when the shipment is made, advising of the size and description of the container in which the narcotics are being forwarded, and enclosing the required copy or copies of the inventory. The narcotic district supervisor will forward the original copy of Form 142 to the Commissioner of Narcotics.

Accumulated manufacturing wastes or other excess or undesired narcotics in the possession of registrants may be destroyed by such registrants in the presence of such of the narcotic inspectors or agents as may be specifically authorized by the Commissioner of Narcotics to witness such destruction. Such authorization shall be in writing and signed by the Commissioner. It may be either general, authorizing the inspector or agent to witness such destruction in connection with any inspection or investigation conducted by him, or may be specific, authorizing him to witness such destruction in specified instances. In all cases the terms of the written authorization shall be strictly followed.

ART. 197. *Court sales.*—Court officers in making sales of narcotics under judicial proceedings shall require the purchaser thereof, who must be a registered person or exempt official, to make out official order forms or purchase orders therefor, the originals to be given to the registrant and the duplicates to be retained by the purchaser.

ART. 198. *Sales of unclaimed freight or express packages.*—The sale of unclaimed freight or express packages containing narcotics, by officials of railways and express companies, at public auction, to unregistered persons, is in violation of the law.

When a sale of such packages is to be made the narcotic district supervisor shall be notified by the railway or express officials in advance. A narcotic officer will be detailed to inspect all unclaimed packages to be sold and identify such as contain narcotic drugs. He must be present at the time of the sale to see that the packages containing narcotics are sold only to registered persons pursuant to official order forms, or to exempt officials on orders of purchase.

SEC. 5. * * * And collectors of internal revenue are hereby authorized to furnish upon written request, to any person, a certified copy of the names of any or all persons who may be listed in their respective collection districts as special taxpayers under the provisions of this Act, upon payment of a fee of $1 for each one hundred names or fraction thereof in the copy so requested.

SEC. 3240. *United States Revised Statutes, as amended.*—Each collector of internal revenue shall, under regulations of the Commissioner of Internal Revenue, place and keep conspicuously in his office, for public inspection, an alphabetical list of the names of all persons who shall have paid special taxes within his district, and shall state thereon the time, place, and business for which such special taxes have been paid, and upon application of any prosecuting officer of any State, county, or municipality he shall furnish a certified copy thereof, as of a public record, for which a fee of one dollar for each one hundred words or fraction thereof in the copy or copies so requested may be charged.

ART. 199. *List of taxpayers.*—The list of narcotic special-tax payers required by the foregoing statute shall be kept on Record 10, and may be inspected and copied in the collector's office at such reasonable and proper times as not to interfere with the collector's use of it, or exclude other persons from inspecting it.

SEC. 3. That any person who shall be registered in any internal-revenue district under the provisions of section one of this Act, shall, whenever required so to do by the collector of the district, render to the said collector a true and correct statement or return, verified by affidavit, setting forth the quantity of the aforesaid drugs received by him in said internal-revenue district during such period immediately preceding the demand of the collector, not exceeding three months, as the said collector may fix and determine; the names of the persons from whom the said drugs were received; the quantity in each instance received from each of such persons; and the date when received.

ART. 200. *Special reports.*—Statements pursuant to the foregoing section shall be rendered on Form 680 in the manner and at the time requested by the collector of internal revenue.

SEC. 5. That the duplicate order forms and the prescriptions required to be preserved under the provisions of section two of this Act, and the statements or returns filed in the office of the collector of the district, under the provisions of section three of this Act, shall be open to inspection by officers, agents, and employees of the Treasury Department duly authorized for that purpose; and such officials of any State or Territory, or of any organized municipality therein, or of the District of Columbia, or any insular possession of the United States, as shall be charged with the enforcement of any law or municipal ordinance regulating the sale, prescribing, dispensing, dealing in, or distribution of the aforesaid drugs. Each collector of internal revenue is hereby authorized to furnish, upon written request, certified copies of any of the said statements or returns filed in his office to any of such officials of any State or Territory or organized municipality therein, or the District of Columbia, or any insular possession of the United States, as shall be entitled to inspect the said statements or returns filed in the office of the said collector, upon the payment of a fee of $1 for each one hundred words or fraction thereof in the copy or copies so requested. Any person who shall disclose the information contained in the said statements or returns or in the said duplicate order forms, except as herein expressly provided, and except for the purpose of enforcing the provisions of this Act, or for the purpose of enforcing any law of any State or Territory or the District of Columbia, or any insular possession of the United States, or ordinance of any organized municipality therein, regulating the sale, prescribing, dispensing, dealing in, or distribution of the aforesaid drugs, shall, on conviction, be fined or imprisoned as provided by section nine of this Act.

ART. 201. *Records open to inspection.*—Any officer, agent, or employee of the Treasury Department authorized to enforce the act, and any officer of any State, Territory, the District of Columbia, or insular possession of the United States charged with the enforcement of any law or municipal ordinance relating to the traffic in narcotic drugs, shall have authority to examine the books, papers, and records kept pursuant to these regulations, and may require the production thereof.

All order forms, duplicate forms, prescription records, returns, and inventories required under the act or these regulations to be kept on file shall be kept so that they can be readily inspected.

Forfeitures and Penalties

SEC. 1. * * * That all unstamped packages of the aforesaid drugs found in the possession of any person, except as herein provided, shall be subject to seizure and forfeiture, and all the provisions of existing internal-revenue laws relating to searches, seizures, and forfeiture of unstamped articles are hereby extended to and made to apply to the articles taxed under this Act and the persons upon whom these taxes are imposed. * * *

Sec. 705 of the Revenue Act of 1926.—All opium, its salts, derivatives, and compounds, and coca leaves, salts, derivatives, and compounds thereof, which may now be under seizure or which may hereafter be seized by the United States Government from any person or persons charged with any violation of the Act of October 1, 1890, as amended by the Acts of March 3, 1897, February 9, 1909, and January 17, 1914, or the Act of December 17, 1914, as amended, shall upon conviction of the person or persons from whom seized be confiscated by and forfeited to the United States, and the Secretary is hereby authorized to deliver for medical or scientific purposes to any department, bureau, or other agency of the United States Government, upon proper application therefor under such regulation as may be prescribed by the Commissioner, with the approval of the Secretary, any of the drugs so seized, confiscated, and forfeited to the United States.

The provisions of this section shall also apply to any of the aforesaid drugs seized or coming into the possession of the United States in the enforcement of any of the above-mentioned Acts, where the owner or owners thereof are unknown. None of the aforesaid drugs coming into possession of the United States under the operation of said Acts, or the provisions of this section, shall be destroyed without certification by a committee appointed by the Commissioner, with the approval of the Secretary, that they are of no value for medical or scientific purposes.

ART. 202. *Disposition of forfeited narcotics.*—Narcotic drugs forfeited to the United States under these provisions of the law may be delivered to any department, bureau, or other agency of the United States Government upon proper application addressed to the Commissioner of Narcotics. The application shall show the name, address, and official title, bureau, or agency, and department, of the person to whom the narcotics are to be delivered, the kind and quantity of narcotics desired, and the purpose for which intended. The delivery of such narcotics shall be ordered by the Commissioner of Narcotics if, in his opinion, there exists a medical or scientific need therefor. The order will be filled by the Drugs Disposal Committee which will obtain a receipt for narcotic drugs delivered.

SEC. 9. That any person who violates or fails to comply with any of the requirements of this Act shall, on conviction, be fined not more than $2,000 or be imprisoned not more than five years, or both, in the discretion of the court.

ACT OF AUGUST 12, 1937

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That a person who, after having been convicted of selling, importing, or exporting, or conspiring to sell, import, or export, opium, coca leaves, cocaine, or any salt, derivative, or preparation of opium, coca leaves, or cocaine, again sells, imports, or exports, or conspires to sell, import, or export, any of the said narcotic drugs, in violation of the laws of the United States, shall, upon conviction of such second offense, be fined not more than $5,000 or imprisoned in a Federal penitentiary for not more than ten years, or both, in the discretion of the court, whenever the fact of such previous conviction is established in the manner prescribed in section 3 of this Act.

SEC. 2. A person who, after having been two times convicted of selling, importing, or exporting, or conspiring to sell, import, or export, opium, coca leaves, cocaine, or any salt, derivative, or preparation of opium, coca leaves, or cocaine, again sells, imports, or exports or conspires to sell, import, or export, any of the said narcotic drugs, in violation of the laws of the United States, shall, upon conviction of such third offense, or any offense subsequent thereto, be fined not more than $10,000 or imprisoned in a Federal penitentiary for not more than twenty years, or both, in the discretion of the court, whenever the fact of such previous convictions is established in the manner prescribed in section 3 of this Act.

SEC. 3. Whenever it shall appear, after conviction and before or after sentence, that a person convicted of unlawfully selling, importing, or exporting, or conspiring unlawfully to sell, import, or export, any of the narcotic drugs enumerated in this Act has previously been convicted of unlawfully selling, importing, or exporting, or conspiring unlawfully to sell, import, or export, any of said narcotic drugs, in violation of the laws of the United States, it shall be the duty of the United States district attorney for the district in which such subsequent conviction was had to file an information alleging that the defendant has previously been so convicted, and further alleging the number of such previous convictions. The court in which the defendant was convicted shall cause the said defendant, whether confined in prison or otherwise, to appear before it and shall apprise him of the allegations of the information and of his right to a trial by jury as to the truth thereof. The court shall inquire of the defendant whether he is the person who has previously been convicted. If the defendant states he is not such person, or if he refuses to answer or remains silent, a plea of not guilty shall be entered by the court, and a jury shall be empaneled to determine whether the defendant is the person alleged in the information to have previously been convicted, and the number of such previous convictions. If after a trial on the sole issue of the truth of such allegations the jury determines that the defendant is in fact the person previously convicted as charged in the information, or if he acknowledges in open court, after being duly cautioned as to his rights, that he is such person, he shall be punished as prescribed in sections 1 or 2 of this Act, as the case may be, and the previous sentence of the court, if any, shall be vacated and there shall be deducted from the new sentence the amount of time actually served under the sentence so vacated.

ART. 203. *Specific penalty.*—Persons who violate the act or fail to fulfill its requirements in any particular are liable to punishment, the maximum liability being to a fine of not more than $2,000 or imprisonment for not more than 5 years, or both, for each offense. However, attention is invited to the provisions of the Act of August 12, 1937 (U. S. C., Supp. III, title 21, sec. 200), which provides for additional punishment for second, third and subsequent offenders in certain cases.

General

ART. 204. *Correspondence.* — Correspondence relative to interpretation of the law and these regulations should be addressed to the Commissioner of Narcotics, Washington, D. C. All remittances shall be sent and inquiries relative to registration and requests for blank forms addressed to the local collector of internal revenue. Correspondence regarding charges of violations of the law or regulations should be addressed to the narcotic district supervisor in charge of the proper district. (See appendix for list of collectors and narcotic district supervisors.)

ART. 205. *Effective date.*—These regulations shall take effect June 1, 1938, and shall supersede all regulations heretofore made and promulgated.

ART. 206. *Promulgation of regulations.*—In pursuance of Sections 1, 2, 3 and 6 of the Act of December 17, 1914, as amended; Section 4 (b) of the Act of March 3, 1927; and Section 3 (b) of the Act of June 14, 1930, the foregoing regulations are hereby made and promulgated.

[SEAL] H. J. ANSLINGER,
Commissioner of Narcotics.
GUY T. HELVERING,
Commissioner of Internal Revenue.

Approved, June 1, 1938.

FOOD AND DRUG ADMINISTRATION

REVISED REGULATIONS FOR THE INSPECTION OF CANNED SHRIMP

SECRETARY OF AGRICULTURE:

Under the authority conferred by the Amendment of August 27, 1935, to the Federal Food and Drugs Act (Sec. 10A), I recommend the adoption and promulgation, to become effective July 1, 1938, of the following revised regulations to supersede the former regulations[1] governing the inspection of canned shrimp.

[SEAL] W. G. CAMPBELL,
Chief.

Approved: June 6, 1938.

H. A. WALLACE,
Secretary of Agriculture.

[Public—No. 346—74th Congress]

AN ACT To amend Section 10A of the Federal Food and Drugs Act of June 30, 1906, as amended.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress Assembled, That section 10A of the Act entitled "An Act for preventing the manufacture, sale, or transportation of adulterated or misbranded or poisonous or deleterious foods, drugs, medicines, and liquors, and for regulating traffic therein, and for other purposes," approved June 30, 1906, as amended, is amended to read as follows:

"SEC. 10A. The Secretary of Agriculture, upon application of any packer of any sea food for shipment or sale within the jurisdiction of this Act, may, at his discretion, designate inspectors to examine and inspect such food and the production, packing, and labeling thereof. If on such examination and inspection compliance is found with the provisions of this Act and regulations promulgated thereunder, the applicant shall be authorized or required to mark the food as provided by regulation to show such compliance. Services under this section shall be rendered only upon payment by the applicant of fees fixed by regulation in such amounts as may be necessary to provide, equip, and maintain an adequate and efficient inspection service. Receipts from such fees shall be covered into the Treasury and shall be available to the Secretary of Agriculture for expenditures incurred in carrying out the purposes of this section, including expenditures for salaries of additional inspectors when necessary to supplement the number of inspectors for whose salaries Congress has appropriated. The Secretary is hereby authorized to promulgate regulations governing the sanitary and other conditions under which the service herein provided shall be granted and maintained, and for otherwise carrying out the purposes of this section. Any person who forges, counterfeits, simulates, or falsely represents, or without proper authority uses any mark, stamp, tag, label, or other identification devices authorized or required by the provisions of this section or regulations thereunder, shall be guilty of a misdemeanor, and shall on conviction thereof be subject to imprisonment for not more than one year or a fine of not less than $1,000 nor more than $5,000, or both such imprisonment and fine."

Approved, August 27, 1935.

APPLICATION FOR INSPECTION SERVICE

1. (a) Applications for inspection service on canned shrimp under the provisions of section 10A of the Federal Food and Drugs Act shall be on forms supplied by the Food and Drug Administration. A separate application shall be made for each inspection period in each establishment in which the service is applied for. Each application for an initial inspection period shall be accompanied by bank draft or certified check drawn to the order of the Treasurer, United States for $360, as prescribed by regulation 13.

(b) An application by two or more packers for inspection service in one establishment to be jointly or severally operated by them shall be accompanied by an agreement signed by such packers binding each to be jointly and severally liable for the payment of all fees and deposits required for such establishment by regulation 13.

GRANTING OR REFUSING INSPECTION SERVICE; CANCELLATION OF APPLICATION

2. (a) The Secretary of Agriculture may grant the inspection service applied for when he determines that the establishment covered by such application complies with the requirements of regulation 6.

[1] 2 F. R. 987 (DI).

(b) The Secretary may refuse to grant the inspection service at any establishment for cause. In case of refusal he shall notify the applicant of the reason therefor and shall return to such applicant the payment which accompanied the application, less any expenses incurred by the Administration for preliminary inspection of the establishment, or for other purposes incident to such application.

(c) The applicant, by giving written notice to the Secretary, may withdraw his application for inspection service before an inspector is assigned to the establishment. In case of such withdrawal, the Secretary shall return to such applicant the payment which accompanied the application, less any expenses incurred by the Administration for preliminary inspection of the establishment, or for other purposes incident to such application.

INSPECTION PERIODS

3. (a) The initial inspection period in each establishment in which inspection service under these regulations is granted shall be six months; extension inspection periods, each of which shall begin at the close of the preceding inspection period, may be granted in such establishment on application accompanied by a deposit of $120 as prescribed by regulation 13: *Provided*, That upon application by the packer and with the approval of the Administration, such service during any inspection period may be transferred from one establishment to another to be operated by the same packer; but such transfer shall not serve to lengthen any inspection period or to take the place of an extension inspection period. In case of such transfer the packer shall furnish all necessary transportation of inspectors.

(b) Each initial inspection period shall begin on or after July 1, but not later than September 15, of each year. No extension inspection period shall extend beyond June 30 of any year.

(c) The date of the beginning of each initial inspection period shall be regarded as the date specified for the beginning of the service in the application therefor, or such other date as may be specified by amendment to such application and approved by the Administration; but if the Secretary is not prepared to begin the service on the specified date, the date of the beginning of such period shall be regarded as the date on which the service is begun.

(d) Inspection service shall be continuous throughout the inspection periods, except that, where the canning of shrimp is suspended as a result of the enforcement of State conservation laws, the inspection service may be withdrawn for the period of suspension or any part thereof. An inspection period in which such a withdrawal occurs shall be lengthened to compensate for the time of withdrawal.

ASSIGNMENT OF INSPECTORS

4. (a) An initial assignment of at least one inspector shall be made to each establishment in which inspection service under these regulations is granted. Thereafter the Administration shall adjust the number of inspectors assigned to each establishment to the number required for continuous and efficient inspection.

(b) Inspectors shall have free access at all times to all parts of the establishment to which they are assigned and to all fishing and freight boats and other conveyances catching shrimp for, or transporting shrimp to, such establishment

UNINSPECTED SHRIMP EXCLUDED FROM INSPECTED ESTABLISHMENTS

5. (a) No establishment to which inspection service on canned shrimp has been granted shall at any time thereafter can shrimp which has not been inspected under these regulations, or handle or store in such establishment any canned shrimp which has not been so inspected; but this paragraph shall not apply to an establishment after termination of inspection service therein as authorized by regulation 14.

(b) All shrimp delivered to or held in an establishment during an inspection period shall be subject to inspection, but certificates of inspection shall be issued under these regulations only on canned shrimp.

GENERAL REQUIREMENTS FOR PLANT AND EQUIPMENT

6. (a) All exterior openings of the cannery shall be adequately screened, and roofs and exterior walls shall be tight. When necessary, fly traps or other approved insect control devices shall be installed.

(b) Picking and packing rooms shall be separate, and fixtures and equipment thereof shall be so constructed and arranged as to permit thorough cleaning. Such rooms shall be adequately lighted and ventilated, and the floors thereof shall be tight and arranged for thorough cleaning and proper drainage. Blanching tanks shall not be located in picking room. Open drains from picking room shall not enter packing or blanching room. If picking and packing rooms are in separate buildings, such buildings shall not be more than 100 yards apart unless adequate provisions are made to enable efficient inspection.

(c) All surfaces of tanks, belts, tables, flumes, utensils, and other equipment with which either picked or unpicked shrimp come in contact after delivery to the establishment, shall be of metal other than lead, or of other nonporous and easily cleanable material. Metal seams shall be smoothly soldered.

(d) Adequate supplies of steam and of clean, unpolluted running water shall be provided for washing, cleaning, and otherwise maintaining the establishment in a sanitary condition.

(e) Adequate toilet facilities of sanitary type shall be provided.

(f) An adequate number of sanitary wash basins, with liquid or powdered soap, shall be provided in both the picking and packing rooms. Paper towels shall be provided in the packing room.

(g) Signs requiring employees handling shrimp to wash their hands after each absence from post of duty shall be conspicuously posted in the picking and packing rooms and elsewhere about the cannery as conditions require.

(h) Suitable space and facilities shall be provided for the inspector to prepare records and examine samples, and for the safekeeping of records and equipment.

(i) One or more suitable washing devices and one or more suitable inspection belts shall be installed for the washing and subsequent inspection of the shrimp before delivery to the picking tables.

(j) Suitable containers, flumes, chutes, or conveyors shall be provided for removal of offal from picking room.

(k) Picking tables shall be equipped with flumes supplied with clean, unpolluted water for removing the picked shrimp.

(l) Equipment shall be provided for code marking cans or other immediate containers.

(m) An automatic container counting device shall be installed in each cannery line.

(n) Each processing retort shall be fitted with at least the following equipment:

(1) An automatic control for regulating temperatures.

(2) An indicating mercury thermometer of a range from 170° F. to 270° F. with scale divisions not greater than 2°. For steam cook such thermometers shall be installed either within a fitting attached to the shell of the retort or within the door or shell of the retort. For water cook such thermometers shall be installed in the door or shell of the retort below the water level. If the thermometer is installed within a fitting such fitting shall communicate with the chamber of the retort through an opening at least 1 inch in diameter. Such fitting shall be equipped with a bleeder at least ⅛ inch in diameter. If the thermometer is installed within the door or shell of the retort the bulb shall project at least two-thirds of its length into the principal chamber thereof.

(3) A recording thermometer of a range from 170° F. to 270° F. with scale divisions not greater than 2°. The bulb of such thermometer shall be installed as prescribed for the indicating mercury thermometer. The case which houses the charts and recording mechanism shall be provided with an approved lock, all keys to which shall be in the sole custody of the inspector.

(4) A pressure gauge of a range from 0 to 30 pounds with scale divisions not greater than 1 pound. Such gauge shall be connected to the chamber of the retort by a short gooseneck tube. The gauge shall be not more than 4 inches higher than the gooseneck.

(5) For steam cook, a blow-off vent of at least ¾ inch inside diameter in the top of the retort.

(6) For steam cook, a ⅛ inch bleeder in top of retort.

(7) For steam cook, a baffle plate in the base of retort, unless retort baskets with perforated base plates are provided.

GENERAL OPERATING CONDITIONS

7. (a) The decks and holds of boats catching shrimp for, or transporting shrimp to, an inspected establishment, and the bodies of other conveyances so transporting shrimp, shall be kept in a sanitary condition. When necessary the shrimp shall be iced down immediately after they are caught, and shall be kept adequately refrigerated until delivery to cannery.

(b) Canneries, cannery freight boats, and other cannery conveyances shall accept only fresh, clean, sound shrimp.

(c) After delivery of each load of shrimp to the cannery, decks and holds of each boat and the body of each other conveyance making such delivery shall be washed down with clean, unpolluted water and all debris shall be cleaned therefrom before such boat or other conveyance leaves the cannery premises.

(d) Before picking the shrimp shall be washed with clean, unpolluted water and then passed over the inspection belt and culled to remove all shrimp that are filthy, decomposed, putrid, or unfit for food, and all extraneous material.

(e) Offal from picking tables shall not be piled on the floor, but shall be placed in suitable containers for frequent removal, or shall be removed by flumes, conveyors, or chutes.

(f) Shrimp shall not be picked into cups but shall be picked into flumes which immediately remove the picked meats from the picking tables.

(g) Picked shrimp being transported from one building to another before enclosure in the can or other immediate container shall be properly covered and protected against contamination.

(h) From the time of delivery to the cannery up to the time of final processing, shrimp shall be handled expeditiously and under such conditions as to prevent contamination or spoilage.

(i) The packer shall immediately destroy for food purposes all shrimp in his possession condemned by the inspector as filthy, decomposed, putrid, or unfit for food. Shrimp condemned on boat or unloading platform shall not be taken into the ice box or picking room.

(j) All portions of the establishment shall be adequately lighted to enable the inspector to perform his duties properly.

(k) All floors and other parts of the establishment, including unloading platforms, and all fixtures, equipment, and utensils shall be cleaned as often as may be necessary to maintain them in sanitary condition.

(l) The packer shall require all employees handling shrimp to wash their hands after each absence from post of duty.

(m) The packer shall require all employees to observe proper habits of cleanliness, and shall not knowingly employ in or about the establishment any person afflicted with infectious or contagious disease.

(n) Offal, debris, or refuse from any source whatever, shall not be allowed to accumulate in or about the establishment.

CODE MARKING

8. (a) Code marks shall be affixed to all cans and other immediate containers before they are placed in the processing retorts. Such marks shall show at least (1) the date of packing, (2) the establishment where packed, and (3) the size of the shrimp when such shrimp were graded for size and are not in containers through which they are clearly visible.

(b) Keys to all code marks shall be given to the inspector.

(c) Each lot shall be stored separately pending final inspection. For the purposes of these regulations all cans or other immediate containers bearing the same code mark shall be regarded as comprising a lot.

PROCESSING

9. (a) The closure of the can or other immediate container and the time and temperature of processing the canned shrimp shall be adequate to prevent bacterial spoilage.

(b) The following processes shall be employed for the containers indicated:

Dry Pack

Kind of container	Liner	Size	Time at 240° F.	Time at 250° F.
Tin	One piece	211 x 400	85 minutes	66 minutes.

(c) For steam cook, blow-off vent shall be open during the coming-up period until the mercury thermometer registers at least 215° F. Bleeders shall emit steam during the entire processing period.

(d) The inspector shall identify each record on the thermometer chart with the code mark of the lot to which such record relates and the date of such record. The Administration shall keep such charts for at least five years, and upon request shall make them available to the packer.

(e) The packer shall keep for at least one year all shipping records covering shipments from each lot, and upon request shall furnish such records to any inspector of the Administration.

EXAMINATION AFTER CANNING

10. (a) Adequate samples shall be drawn by the inspector from each lot of canned shrimp and shall be examined to determine whether or not such canned shrimp conforms to all requirements of the Federal Food and Drugs Act, amendments thereto, and regulations thereunder.

(b) The packer shall destroy for food purposes, under the immediate supervision of the inspector, all canned shrimp condemned by the inspector as not complying with regulation 9 (a), or as filthy, decomposed, putrid, or unfit for food.

LABELING

11. (a) Labels on canned shrimp covered by a certificate issued as authorized by regulation 12 (a) shall bear the mark "Production Supervised by U. S. Food and Drug Administration." Such mark shall be plainly and conspicuously displayed in type of uniform size and style on a strongly contrasting, uniform background; and shall appear on the principal panel or panels of the label so as to be easily observable in connection with the name of the article.

(b) Two proofs, or one proof and one photostat thereof, or eight specimens of all labeling intended for use on inspected canned shrimp or on or within the cases therefor, shall be submitted to the Administration for approval. If proofs or photostat and proof are submitted, eight specimens of the labeling shall be sent to the Administration after printing. The Administration is hereby authorized to approve labeling for use on or with canned shrimp inspected under these regulations; approval shall be subject to the condition that such labeling shall be

so used as to comply with the provisions of the Food and Drugs Act, amendments thereto, and regulations thereunder. The Administration is also authorized hereby to revoke any such approval for cause. The Administration shall not approve labeling for canned shrimp intended for export under the provisions of regulation 12 (e).

(c) No commercial brand or brand name appearing on labeling approved as authorized under (b) of this regulation, and no labeling simulating any such approved labeling, shall be used after such approval on canned shrimp other than that which has been handled, prepared and packed in compliance with all provisions of these regulations; but this paragraph shall not apply to any packer's labeling after termination of inspection as authorized by regulation 14, or to any distributor's labeling after three-months written notice by the owner thereof to the Administration that the use of such labeling on inspected canned shrimp has been discontinued and will not be resumed.

CERTIFICATES OF INSPECTION; WAREHOUSING AND EXPORT PERMITS

12. (a) After finding that the canned shrimp comprising any parcel (1) has been handled, prepared and packed in compliance with all provisions of these regulations, (2) bears labeling approved as authorized under regulation 11 (b), and (3) complies with all the provisions of the Food and Drugs Act, amendments thereto, and regulations thereunder, the inspector shall issue a certificate showing that such canned shrimp so complies. The certificate shall specify the code marks to which it applies, the quantity of the parcel so marked, the place where such parcel is stored, the size of the shrimp, the size and kind of containers, the type of pack, the commercial brand name on the labels, and the quality grade of the shrimp if it is fancy or broken. Such certificate shall become void if such labeling is removed, altered, obliterated, or replaced; but such canned shrimp may be relabeled under the supervision of an inspector and recertified if the inspector finds that, after being relabeled, it complies with the requirements laid down by this paragraph for the issuance of a certificate.

(b) Unless covered by certificate, canned shrimp shall be moved from an inspected establishment only for storage authorized under (c), or export authorized under (e), of this regulation, or for destruction as provided by regulation 10 (b).

(c) Applications to move unlabeled canned shrimp for storage in a warehouse elsewhere than in the establishment where such shrimp was packed shall be on forms supplied by the Administration. The application shall give the name and location of the warehouse in which such canned shrimp is to be stored, and shall be accompanied by an agreement signed by the operator of such warehouse that inspectors shall have free access at all times to all canned shrimp so stored, and that conditions which will preserve the identity of each parcel of such canned shrimp shall be continuously maintained pending issuance of a certificate thereon or removal as authorized by (d) of this regulation. If such application is approved and it appears to the inspector that the canned shrimp comprising any parcel (1) has been packed in compliance with these regulations, (2) is not slack filled, and (3) conforms, except for the absence of labeling, to all requirements of the Food and Drugs Act, amendments thereto, and regulations thereunder, the inspector shall issue to the applicant, on his request, a warehousing permit covering such canned shrimp. Such permit shall specify the code marks to which it applies, the quantity of the parcel so marked, the places from and to which such parcel is to be moved, the size of the shrimp, the size and kind of containers, the type of pack, and the quality grade of the shrimp if it is fancy or broken. When any provision of the agreement is violated the Administration may revoke any permit issued pursuant to such agreement, and may also revoke its approval of the application for warehousing which accompanied such agreement.

(d) Unless covered by certificate, canned shrimp stored under the authority of (c) of this regulation shall be moved from the warehouse where stored only for restorage under such authority, or for return upon written permission of the inspector to the establishment where packed, or for export authorized under (e) of this regulation, or for destruction as provided by regulation 10 (b).

(e) The proviso of section 2 of the Federal Food and Drugs Act declares that no article shall be deemed misbranded or adulterated within the provisions of this Act when intended for export to any foreign country and prepared or packed according to the specifications or directions of the foreign purchaser when no substance is used in the preparation or packing thereof in conflict with the laws of the foreign country to which said article is intended to be shipped. Application to export canned shrimp under this proviso may be made after the applicant receives specifications or directions from a foreign purchaser for the shipment of unlabeled canned shrimp, or canned shrimp bearing labeling which fails to comply with section 8 or 10A of the Act or regulations thereunder only because of the absence of descriptive or informational statements, designs, or devices. The application shall be accompanied by (1) the original or a verified copy of such specifications or directions; (2), if so required by the Administration, evidence showing that such canned shrimp complies with the laws of the foreign country to which it is intended to be shipped; and (3), if shipment of labeled canned shrimp is specified or directed, eight specimens of the labeling therefor. If canned shrimp prepared or packed according to such specifications or directions complies with the laws of such foreign country, and bears no labeling in violation of section 8 or 10A of the Act or regulations thereunder except for the absence of descriptive or informational statements, designs, or devices, the Administration shall direct the inspector to issue to the applicant an export permit covering such canned shrimp comprising any parcel ordered by such purchaser under such specifications or directions, when the inspector finds that such canned shrimp (1) was packed in compliance with the requirements of these regulations regarding sanitary conditions and processing, (2) is not filthy, decomposed, putrid, or unfit for food, (3) accords with such specifications and directions, and (4) is packed in cases plainly and conspicuously marked "For Export." Such permit shall specify the code marks to which it applies and the quantity of the parcel so marked, and shall show that such canned shrimp was packed under sanitary conditions, is wholesome, and accords with such specifications and directions. The applicant shall furnish to the inspector documentary evidence showing the exportation of all such canned shrimp. Canned shrimp intended for export under this paragraph shall not be stored in any warehouse in the United States elsewhere than in the establishment where such canned shrimp was prepared or packed, except on written permission of the inspector, or of the chief of the Food and Drug Administration Station within whose territory such warehouse is located.

INSPECTION FEES

13. (a) Except as otherwise provided by these regulations, the fee prescribed for inspection service shall be three (3) cents for each case of canned shrimp packed under such service. For the purpose of this regulation a case of canned shrimp shall be 48 No. 1 cans (211×400) or the equivalent thereof. Each application for an initial inspection period shall be accompanied by an advance deposit of at least $180 to cover such fees, and thereafter similar advance deposits shall be made whenever necessary to prevent arrears in the payment of fees, unless the Administration on an estimate of output authorizes payment in other amounts. Any excess advance deposits so made for the fiscal year shall be returned to the packer by the Administration after the inspection service is closed in the establishment.

(b) In addition to the fee prescribed by (a) of this regulation, an advance deposit of $120 multiplied by the number of months of the inspection period shall be made for each inspection period in each establishment. The sum of not less than $180 shall accompany each application for an initial inspection period, and subsequent deposits of $180 shall be made at monthly intervals from the date of the beginning of such period as defined in regulation 3 (c) until the total amount of the deposit for the initial inspection period shall have been made. Each application for an extension inspection period shall be accompanied by a deposit of $120 and at subsequent monthly intervals thereafter additional deposits of $120 shall be made; but if the final deposit is to cover a time of less than 30 days, then such deposit shall be at the rate of $4 for each day of such time. Advance deposits made under this paragraph shall be charged with the cost of the inspection service which has not been provided for by fees under paragraph (a) of this regulation and any appropriations made by Congress for such purpose. The deposits by each packer shall be so charged in the same ratio to the total deposits as the number of months of inspection service rendered in such packer's establishment bears to the total number of months of inspection service rendered in all establishments. The balance remaining after such charges have been made shall be returned by the Administration to the packers at the end of the fiscal year. When inspection service is withdrawn from an establishment as authorized by regulation 14 (a), the Administration shall not return to the packer any of the advance deposits made for such establishments; and such deposits shall be charged with the cost incurred and the balance transferred into the Treasury as a miscellaneous receipt. Such deposits shall not be included in the total deposits when computing charges against such total deposits.

(c) A separate fee shall be paid to cover all expenses, incurred in accordance with the regulations of the Department, for salary, travel, subsistence, and other purposes incident to inspection for the purpose of issuing a certificate or warehousing or export permit on canned shrimp stored or held at any place at which a sea food inspector is not assigned.

(d) When the cannery and the cannery warehouse of an establishment are located at different points of such distance apart that transportation between them is required for the inspector to perform his duties in the establishment, the packer shall furnish such transportation or shall pay an extra fee to cover all expenses therefor.

(e) All payments required by these regulations shall be by bank draft or certified check, collectible at par, drawn to the order of the Treasurer, United States, and payable at Washington, D. C. All such drafts and checks except those for the payment required by regulation 1, shall be delivered to the inspector and promptly scheduled to the Food and Drug Administration, Department of Agriculture, Washington, D. C., whereupon after making appropriate records thereof they will be endorsed and transmitted to the Chief Disbursing Officer, Division of Disbursement, Treasury Department for deposit to the receipt account "128013 Deposits, Sea Food Inspection Fees, Food and Drug Administration."

(f) Refunds to the packers making advance deposits will be by check drawn on the Treasury of the United States pursuant to refund vouchers duly certified and approved by the designated administrative officers.

SUSPENSION, WITHDRAWAL, AND TERMINATION OF INSPECTION SERVICE

14. (a) The Administration may suspend and the Secretary may withdraw inspection service in any establishment (1) upon failure of the packer to comply with any provision of these regulations, or (2) upon the dissemination by the packer or any person in privity with him of any representation which is false or misleading in any particular regarding canned shrimp packed under the inspection service provided by these regulations.

(b) When inspection service is suspended in an establishment, as authorized by (a) of this regulation, the Administration shall not lengthen the inspection period in such establishment to compensate for any of the time of suspension.

(c) After inspection service for a fiscal year is closed in an establishment, but before the resumption of packing therein during the next fiscal year, the packer may terminate inspection service under these regulations by giving written notice of such termination to the Secretary.

TITLE 24—HOUSING CREDIT

FEDERAL HOME LOAN BANK BOARD

RULES AND REGULATIONS FOR INVESTMENT BY HOME OWNERS' LOAN CORPORATION IN SECURITIES OF SAVINGS AND LOAN ASSOCIATIONS

Be it resolved, That pursuant to the authority vested in the Federal Home Loan Bank Board by subsection k of Section 4 of Home Owners' Loan Act of 1933 (12 U. S. C. 1463 (k)), the rules and regulations for investment by Home Owners' Loan Corporation in securities of savings and loan associations are hereby amended to read as follows:

SEC. 50. *Authority.*—Purchase of full paid income shares of Federal savings and loan associations shall be made on the same terms and conditions as have been heretofore authorized by law for the purchase of such shares by the Secretary of the Treasury, provided that the total amount of such shares in any one association held by the Secretary of the Treasury and the Corporation shall not exceed the total amount of such shares heretofore authorized to be held by the Secretary of the Treasury in any one association, and the Corporation may make deposits and purchase certificates of deposit, investment certificates and/or shares, in any institution, which is (1) a member of a Federal Home Loan Bank, or (2) whose accounts are insured under Title IV of the National Housing Act, as amended, if the institution is eligible for insurance under such Title. Purchases herein authorized shall be made under the following procedure on such approved forms as are provided therefor.

Subscription to shares of state chartered building and loan associations shall be made in conformance with the procedure hereinafter prescribed for subscription by the Corporation to shares of Federal savings and loan associations.

SEC. 51. *Procedure for Federal savings and loan associations*—Any Federal savings and loan association may request the Corporation to purchase its full-paid income shares on the forms approved by the Board supported by:

(a) Statement of condition on the forms approved by the Board.

(b) Statement of loans (aggregating approximately the amount of the last preceding purchase by the Secretary of the Treasury of the United States or the Corporation) made since such last request to the Secretary of the Treasury or the Corporation (if such previous request has been made), using the form approved by the Board.

(c) The tender by the applicant of a duly executed certificate of full-paid income shares for the amount of such shares requested to be purchased, issued in the name of "Home Owners' Loan Corporation." Such tender shall be made with the understanding that if the request for purchase is approved and such purchase is made by the Corporation, certificates evidencing the interest purchased shall be delivered to the Corporation and such securities shall become issued and outstanding securities on the date of such purchase by the Corporation.

SEC. 52. *Procedure for State chartered associations.*—Any institution which is a member of a Federal Home Loan Bank or whose accounts are insured under Title IV of the National Housing Act, as amended may make application to the Corporation requesting it to purchase the shares, certificates of deposit or investment certificates of the applicant in the forms approved by the Board, and supported as follows:

(a) If the applicant is an insured institution, such application shall be supported by:

(1) Statement of condition on the form approved by the Board.

(2) Statement of loans (aggregating approximately the amount of the last preceding purchase by the Corporation)

made since such last request to the Corporation (if any such previous request has been made) using the form approved by the Board.

(3) If the applicant issues only one class of shares which participate equally in dividends and assets with all other shares, and does not accept deposits, applicant shall tender fully executed certificates of share interest for an amount equal to the amount of shares of such association requested to be purchased, issued in the name of "Home Owners' Loan Corporation." If the applicant issues more than one class of securities (that is, different classes of shares which participate unequally in assets or earnings with other classes or shares or certificates of deposit or investment certificates), the applicant shall tender fully executed certificates issued in the name of "Home Owners' Loan Corporation" evidencing the type of share interest or of creditor interest which gives to the holder of such security the most preferred participation in the assets and earnings of the institution. Such tender shall be made with the understanding that if the request for purchase is approved and such purchase is made by the Corporation, certificates evidencing the interest purchased shall be delivered to the Corporation and such securities shall become issued and outstanding securities on the date of such purchase by the Corporation. The securities tendered shall expressly provide how income thereon shall accrue and be payable in accordance with the charter and by-laws of the applicant.

(b) If the applicant is a member of a Federal Home Loan Bank but not an insured institution, such application shall be supported by:

(1) The financial report forms containing statements regarding the financial policies, condition, and management, which applicants for membership in a Federal Home Loan Bank are at the time of this application required to file in support of such application for membership, together with appropriate schedules.

(2) Statement of loans on the forms approved by the Board.

(3) Executed forms of securities shall be tendered in the manner and upon the conditions set forth in Section 52 (a) (3) above.

SEC. 53. *Acceptance requirements.*—Upon receipt by the Corporation of any such request, properly authorized, executed and supported, the applicant will be informed either:

(a) That the Corporation rules that such request is approved without further examination, in which event the applicant will be required to pay the cost of office analysis of the application, as computed by the Corporation, or

(b) That such request cannot be approved on the data submitted and that further examination and/or appraisal is necessary to determine whether the Corporation will make such purchase.

In the latter event, the applicant may either:

(1) Withdraw its application, or

(2) Request the Corporation to make such examination and/or appraisal as in its judgment may be necessary to determine whether the financial condition and the character of the Management are such that the purchase may be safely made by the Corporation. The examination shall be made in such manner as may be prescribed by the Corporation, the cost, as computed by the Corporation, of any such examination of applicant, including office analysis, audit and appraisals made in connection with such examination, overhead, per diem and travel expense, shall be paid by the applicant before any such purchase will be consummated. If the Corporation rules that appraisals are necessary in connection with any such examination, such appraisals will be conducted in accordance with the procedure governing appraisals made by the Federal Home Loan Bank Board in connection with the examinations conducted by said Board. It will be the policy of the Corporation by such purchases to make funds available for the encouragement of local home financing in the community to be served and for the reasonable financing of homes in such community. It is expected that substantially all of such funds will be employed in the financing of homes. Applicants for such funds whose total assets are less than $100,000 may apply for investment by the Corporation at any time. Applicants for such funds whose total assets exceed $100,000 shall first use at least 10% of their borrowing capacity to secure funds. Such applicant which shall have used 10% of its borrowing capacity shall be eligible for investments by the Corporation in amounts which at no time exceed sums borrowed by applicant in addition to the aforesaid 10% of its borrowing capacity until the applicant has exhausted 30% of its borrowing capacity, which percentage shall be the maximum use of its borrowing capacity required at any time to qualify the applicant for further approval of investments by the Corporation. On and after September 1, 1937 no further investments by purchase of shares will be made by the Home Owners' Loan Corporation except in rehabilitation cases of extreme need.

SEC. 54. *Repurchase and withdrawal requirements.*—Purchase of shares, certificates of deposit and investment certificates will be made by the Corporation only upon the understanding and agreement that no request will be made by the Corporation for the repurchase or withdrawal of such shares, certificates of deposit or investment certificates for a period of five years from the date of such purchase and that thereafter no institution shall be requested to repurchase or pay withdrawal requests in any one year in excess of 10 per cent of the total amount invested by the Corporation in such institution. Investments repaid voluntarily to the corporation will be credited upon the next succeeding requests by the Corporation for the repurchase or withdrawal of investments from such institution to the extent of such voluntary repayments. If the applicant proposes at any time after the Corporation has purchased any of its securities to issue securities having participation in assets or earnings which is preferred as to the time or amount of payment to securities which the Corporation has purchased, the applicant will give the Corporation notice in writing of such intention and of the form of certificates evidencing such securities and a 30 days' option to surrender the certificates held by the Corporation in exchange for a like amount of securities having such preferred participation. If the application fails to grant such option, to give such notice or to issue to the Corporation in exchange for certificates held by the Corporation certificates for a like amount representing such preferred participation, the Corporation shall have the right forthwith to request the repurchase or withdrawal of such shares.

SEC. 55. *Approved applicants.*—An approved list of applicants for investment by the Corporation shall be established and maintained in the following manner:

Simultaneously with the approval by the Board of the first request for investment by the Corporation in the securities of an applicant, such institution shall be placed upon such an approved list which will be maintained by the General Manager and shall be made available to the Federal Home Loan Banks and such divisions of the Board's activities as the Board shall direct.

Each institution which is placed upon such approved list and which is under the supervision of the Board, as to examination and periodical reports resulting, either from rules and regulations governing its present status, or from its voluntary request for such supervision, shall remain thereon until such time as the Board by its action, based upon information contained in periodic reports filed by such institution or contained in reports of supervisory field examinations or from other sources, removes the institution from such approved list.

Each other institution shall remain on such approved list for a period of six months from the date when placed thereon, unless by action of the Board, based upon information received in reports filed by the institution or upon reports of examinations made by its supervisory authority or from other sources, it is removed from the list before the expiration of the six months period; but any such institution may be reinstated at any time upon such approved list by action of the Board after complying with the provisions as set forth in Section 51 (b) hereof, except that it shall not be necessary for such institution to support such subsequent application with instruments or documents which are exact duplicates of instruments or documents previously filed with its original application as provided in said Section.

So long as any institution remains upon such approved list, it may request investment by the Corporation by filing forms approved by the Board and duly executed forms of securities in the manner and upon the conditions set forth in Section 51 (c) or in Section 52 (a) (3) hereof whichever is applicable.

SEC. 56. *80 percent loan limitation.*—No investment will be made in the shares, certificates, or deposits of an institution authorized by law, its charter, or by-laws to lend in excess of 80% of the value of real estate securing its loans unless such institution commits itself to Home Owners' Loan Corporation in writing not to lend in excess of 80% of the value of the real estate securing its loans while Home Owners' Loan Corporation has an investment in its shares, certificates, or deposits, nor will such investment be made in such institution after its next regular stockholders meeting unless its by-laws are amended limiting its lending to such percentage of value. The foregoing provisions of this section shall not apply with respect to loans insured under Title II of the National Housing Act, as amended, and not exceeding the percentage of appraised value permitted under said Title, as amended.

SEC. 57. *Fidelity bond requirements.*—The Board of Directors of each institution requesting share purchases by the Home Owners' Loan Corporation shall, before approval of such requests, procure a fidelity bond covering each officer, director or employee who has control over or access to cash or securities of such institution in the regular discharge of his duties; that in lieu of individual bonds for each officer, director or employee, such institution may procure a blanket bond covering all persons having control over or access to its cash and securities; that each of such bonds shall be executed by a responsible surety company or organization acceptable to this Board in a sum of not less than $2,500 or 2 per cent of the assets of such institution up to $1,250,000, whichever be the greater; and that such bond shall be approved by the board of directors of such institution; and institutions which employ collection agents outside of their home offices or branch offices, if any, who for any reason are not covered by the bond hereinabove described, shall provide for the bonding of such agents in an amount at least twice the average monthly collections of such agents, and that such agents be required to make settlement with the institution at least monthly, that the premiums upon all bonds shall be paid by such institutions, and receipts therefor shall at all times be in their possession.

SEC. 58. *Repurchase requests.*—Requests for the privilege of retiring investments held by the Home Owners' Loan Corporation in securities of savings and loan associations shall be governed by the following provisions:

(a) No request for the privilege of retiring any such investment held by the Home Owners' Loan Corporation will be approved by this Board unless such request is submitted on a form approved by this Board and unless such request is received by this Board at its office in Washington, D. C., within 30 days subsequent to the last preceding dividend or interest date, accompanied by a check, postal money order or bank draft in the amount of the investment sought to be retired, together with any dividends or interest accrued, but unpaid, on such investment to the last preceding dividend or interest date.

(b) No request by an institution for the privilege of retiring any such investment held by the Home Owners' Loan Corporation will be approved by this Board if such institution has any outstanding investment held by the Secretary of the Treasury until such institution shall have retired or made provision satisfactory to this Board for the retirement of all investments held by the Secretary of the Treasury in such institution.

(c) No request by an institution for the privilege of retiring any investment held by the Home Owners' Loan Corporation in such institution will be approved by this Board unless such institution shall have retired or made provision satisfactory to this Board for the retirement of all investments made by said Corporation in such institution prior to the investment sought to be retired.

SEC. 59. *Quadruplicate forms.*—All forms must be executed in quadruplicate, and three copies sent to the Federal Home Loan Bank of the district wherein the institution is located.

SEC. 60. *Discretion of corporation.*—Nothing herein contained shall be construed as in any way limiting the freedom of action or discretion of the Corporation in investing in the shares of applicant institutions.

Be it further resolved, That all resolutions or portions of resolutions heretofore adopted in conflict herewith are hereby repealed.

Adopted by the Federal Home Loan Bank Board on June 1, 1938.

Secretary.

TITLE 25—INDIANS

OFFICE OF INDIAN AFFAIRS

RULES AND REGULATIONS GOVERNING THE LOANING OF FUNDS TO THE CHIPPEWA INDIAN COOPERATIVE MARKETING ASSOCIATION

Under the provisions of an Act approved August 15, 1935 (49 Stat. 654), the sum of $100,000 now on deposit to the credit of the Chippewa Indians in Minnesota, or so much thereof as may be necessary, may be withdrawn from the Treasury of the United States and loaned to the Chippewa Indian Cooperative Marketing Association. Loans shall be made under the following rules and regulations:

1. The amount loaned to the Chippewa Indian Cooperative Marketing Association shall be available for all purposes necessary to the businesslike operation of a cooperative marketing organization, including the following:

(a) Purchase of land for building sites and such other purposes as are necessary for the economic conduct of the business of the association. Abstracts of title to all land must be furnished the Commissioner of Indian Affairs for examination and approval prior to the purchase;

(b) Improvements on lands, the title to which lands must be in the name of the association, or the Chippewa Indians in Minnesota, or held in trust by the Government for the Chippewa Indians in Minnesota;

(c) Machinery and equipment necessary for the proper conduct of its business;

(d) Office supplies, stationery, equipment and such materials as may be required for the conduct of a businesslike office;

(e) Operating expenses of the association, including the salary of a manager and other employees, expenses incidental to truck operation, containers for commodities handled, transportation charges on commodities handled, the purchasing of products from Indians, the buying of supplies, insurance premiums, storage costs, lights, water, fuel, and repairs to equipment and machinery used in the business;

(f) Compensation and expenses of attorneys, if reasonable in the opinion of the Commissioner of Indian Affairs;

(g) Reasonable expenses of directors in conducting the business affairs of the association;

(h) Costs incurred in the filing of papers and documents in connection with the affairs of the association; and

(i) Payment of costs for technical and professional services in the improvement of processing and marketing methods of crops and commodities of Indians.

2. The application for a loan must be made out in quintuplicate by the association, and presented to the superintendent of the Consolidated Chippewa Agency who will review the application, attach his recommendations thereto, and forward all copies to the credit agent of the region who will in turn attach his recommendations and forward all copies to the Commissioner of Indian Affairs. The application shall contain:

(a) A program showing the nature and extent of the enterprises to be undertaken;

(b) A statement of the general plan of operation, the financial policy and business methods to be followed, copies of proposed marketing contracts between members and the association, and a statement of the proposed bookkeeping and accounting system accompanied by sample forms to be used in connection therewith;

(c) A statement of provisions for establishing a reserve in accordance with Article X of the association's articles of incorporation;

(d) A statement of how and when repayment will be made;

(e) A statement of security or guarantee of repayment offered;

(f) A copy of the resolution of the board of directors of the association, certified by the secretary, authorizing the filing of the application for loan;

(g) A financial statement showing assets, liabilities and net worth of the association;

(h) A statement showing that the provisions of Article IV, Section 3 of the association's by-laws regarding bonding of the officers or employees has been, or will be, complied with;

(i) A statement showing the depository in which the association intends to place its funds, together with all information regarding the depository required by Article V, Section 4 of the by-laws;

(j) Any other reasonable data which the Commissioner of Indian Affairs may require for making a sound appraisal of the application.

3. Upon the approval of the application for a loan a commitment order shall be prepared in quintuplicate by the Secretary of the Interior to cover the approved amount of the application. The commitment order when accepted and signed by the authorized officer or officers of the association, shall constitute the agreement for making advances to the association. The association will retain one copy of the commitment order and application and submit the original and three copies of each to the superintendent. The superintendent will assign a contract number to the original and hold same for attachment to the first disbursement voucher, retain one copy of each for the agency files, and forward two copies of each to the credit agent of the region, who will forward one copy of each to the Commissioner of Indian Affairs.

4. All advances made in accordance with the commitment order shall be evidenced by promissory note or notes. A record of all advances and repayments shall be kept on the back of the note or notes, and interest charged only on advances from date of the check evidencing the advance, until paid.

5. The association may be required to give security for loans in the form of liens or mortgages on improvements, equipment, inventories, commodities, accounts receivable, and such other forms of security as are available. Advances shall not be made to the cooperative association until the instruments covering the security as prescribed by the Secretary of the Interior have been duly executed and delivered by the association to the superintendent. The association shall pay all costs of filing or recording the securing instruments.

6. A copy of the commitment order, and the properly executed note or notes, mortgage or mortgages and all accompanying papers shall be filed in an appropriate file in the agency office.

7. When the commitment order, the note or notes, and accompanying papers have been filed in the agency office, the association's written order or orders shall serve as the superintendent's authority to request the Indian Office for allotments and advances of funds and the authority for their expenditure. Requests for allotments and advances of funds shall be made in such amounts and at such times as are authorized by the commitment order and as the association may deem necessary to meet its requirements as set forth in the program submitted with the application.

8. Upon receipt of notice of allotment, authority for expenditure, advice that an accountable warrant has been issued by the Treasury Department, and the submission of a voucher in favor of the association on a form provided for the purpose, the superintendent will cause to be drawn by the appropriate regional disbursing officer an official check for the amount of the advance in favor of the bonded officer of the association for deposit in the approved depository. The original of the commitment order shall be attached to the first disbursement voucher and identified on subsequent vouchers by number, date, and amount.

9. Repayment of principal and interest shall be made to the superintendent of the Consolidated Chippewa Agency who shall issue an official receipt to the association and shall take the amount into his appropriation ledger under "Sundry Receipts." The remittance shall then be scheduled as a repayment to the fund "Chippewa in Minnesota Fund" and forwarded to the appropriate regional disbursing officer for deposit to the credit of the United States.

10. The word "superintendent" wherever used herein means the administrative officer in charge of the Consolidated Chippewa Agency.

11. The association shall follow the plan of operation as specified in the application for loan and must expend funds for approved purposes only. Modifications in the use of funds may be made only with the approval of the Secretary of the Interior. Requests for such modifications shall be made in writing through the superintendent and the credit agent.

12. Should it appear, and, after hearing conducted by one of his authorized representatives, should the Secretary of the Interior determine, that the association has used or is using funds for purposes other than those for which the funds were granted or has failed to conform to other terms set forth in the application for loan, the accompanying papers, and the commitment order, the Secretary of the Interior may, with or without recourse to law, do any one or more of the following: (a) declare the loan to the association immediately due and payable; (b) discontinue further advances of funds provided for in the commitment order; (c) require the return of any funds remaining in the account of the association; (d) take possession of any and all property given as security for the loan by the association; and (e) direct, or arrange for the direction of, the management of the association until such time as the association offers acceptable assurance that it will function in accordance with its obligations.

13. The Commissioner of Indian Affairs may require the association to insure against loss by fire, or any other cause, property purchased with funds borrowed from the "Chippewa in Minnesota Fund" and property accepted as security for the repayment of such funds.

14. All advances of funds made to the Chippewa Indian Cooperative Marketing Association shall bear interest, payable annually, at four (4) per centum per annum from the time made until paid.

15. No loan shall be made for a longer period than ten years.

16. All records of the Chippewa Indian Cooperative Marketing Association shall be subject to inspection at all reasonable times by the Commissioner of Indian Affairs or his authorized representative or representatives.

17. During the time the association is indebted to the "Chippewa in Minnesota Fund" it must keep records in a manner satisfactory to the Commissioner of Indian Affairs and make reports as directed by him.

18. All reports of the auditor or auditors of the Chippewa Indian Cooperative Marketing Association accounts shall be submitted to the Commissioner of Indian Affairs, the credit agent, and the superintendent within ten (10) days after their completion.

19. Sound business practices are to be observed in fixing the prices to be paid for commodities.

20. No advance of funds shall be made the association for the production or manufacture of food products unless such production and manufacture shall be in compliance with the pure food laws of the United States and of the State of Minnesota.

Approved July 17, 1936.

MODIFICATION OF REGULATIONS GOVERNING LOANS TO INDIAN CHARTERED CORPORATIONS

TITLE TO PROPERTY, SECURITY, AND BILLS OF SALE

JULY 17, 1936.

To Superintendents and other Indian Service Employees:

Section 18 of the Regulations Governing Loans to Indian Chartered Corporations from the fund "Revolving Fund for Loans to Indian Corporations," as approved by the Secretary March 11, 1936, is modified to read as follows:

18. Title to Property, Security, and Bills of Sale

Title to property.—Except as otherwise provided for in the loan agreement between the corporation and the United States, all property purchased with credit revolving funds shall be purchased in the name of the United States in trust for the corporation.

The legal title to property purchased with credit funds for or by a corporate enterprise shall not be transferred to the corporation before the corporation has repaid in full the loan under which the property was purchased, except under the provisions of Section 28 of the regulations.

Except under the provisions of Section 28 of the regulations, neither the corporation's right to or interest in nor the legal title to property purchased with credit funds for or by a borrower of the corporation shall be transferred to him before he has repaid in full to the corporation the loan under which the property was purchased.

The increase or issue of any livestock purchased with credit funds in the name of the United States also shall be considered as security for the repayment of the loan and shall be governed by the foregoing provisions of this section.

The corporation and its borrowers must agree that all buildings, and fences constructed entirely or in part with credit funds shall not be considered as part of the realty until the loan under which they were constructed has been repaid in full to the corporation.

Security.—Unless other arrangements are approved by the Commissioner of Indian Affairs, appropriate liens, mortgages, or other securing instruments in favor of the United States must be furnished the United States by the corporation to cover property purchased with credit funds which is not purchased in the name of the United States. Such instruments, as well as other securing instruments the corporation furnishes the United States on property for which the United States does not hold the legal title, must be filed, registered, or recorded in keeping with the local recording statutes, except when otherwise authorized by the Commissioner of Indian Affairs. Any expenses in connection with the execution and filing, registering, or recording of any securing instrument shall be borne by the maker of the instrument.

On all loans and advances made by the corporation, it must obtain from its borrowers all security possible, up to an adequate amount.

The corporation may require each borrower to agree that if he is in default any trust funds to or accruing to his credit or any personal property of his may be applied on his indebtedness to the corporation.

Bills of sale.—The corporation must obtain from the vendors appropriate bills of sale for all purchases aggregating twenty-five dollars or more, and for all livestock, machinery, and equipment purchased with credit funds. When he has completely repaid his loan under which such property was purchased, the corporation shall release its interest in the property in favor of the borrower and the borrower may be furnished with a bill of sale upon receipt of his request therefor.

WILLIAM ZIMMERMAN, JR.
Assistant Commissioner.

Approved, July 23, 1936.

HAROLD L. ICKES,
Secretary of the Interior.

REGULATIONS FOR LOANS TO INDIAN COOPERATIVES

The following regulations shall govern loans by the United States under the Oklahoma Indian Welfare Act (Public No. 816, 74th Congress) to Indian Cooperative Associations in Oklahoma except to those engaged in relending funds

loaned to them under the terms of the Act.

Definitions.—Except as otherwise indicated, "cooperative" refers to an Indian cooperative association organized under the Act, not engaged in relending funds loaned to it under the Act; "Commissioner" to the Commissioner of Indian Affairs; "superintendent" to the superintendent of the jurisdiction under which the principal office of the cooperative is to be located; "credit agent" to the credit agent in charge of loans under the Act in Oklahoma or his duly authorized associate; "Act" to the Oklahoma Indian Welfare Act (Public No. 816, 74th Congress); "loan agreement" collectively to the applicaton, notes, securing instruments and accepted commitment order.

1. *Eligibility.*—To be eligible for a loan, the cooperative must be organized in accordance with the terms of the Act and of the "Regulations for Organization of Indian Cooperative Associations." The cooperative must state in its application that all of its members are eligible for membership and must promise not to admit to membership any persons not eligible thereto.

2. *Bylaws.*—The bylaws of the cooperative must be arranged in the same general order and form as specimens that will be supplied by the Office of Indian Affairs to the superintendent, and must be approved by the Commissioner.

a. *Structure of the cooperative.*—The bylaws of the cooperative shall make adequate provision for each of the following:

(1) The time, place, and manner of holding, calling, adjourning, and postponing all meetings of members and directors and the requirements for quorums.

(2) The number, titles, tenure of office, powers, duties, and manner of election, filling vacancies, and removal of the officers, directors, and committees if any.

(3) The manner of making and recording receipts and disbursements and of keeping all accounts, records, books and minutes of the cooperative.

(4) If the cooperative is organized with capital stock, the manner of issue, transfer, retirement, and evidence of ownership thereof.

(5) The manner of expulsion and withdrawal of members.

(6) The disposition of income, including the payment of debts and losses and the creation of reserves.

b. *Management of the cooperative.*—The bylaws of the cooperative shall also provide:

(1) That meetings of the members must be held at least annually; that the superintendent shall be given at least ten days written notice of all meetings and that he or his representative shall be permitted to attend; that all members shall be given at least ten days written notice of all meetings of members; that the Commissioner or the superintendent may call special meetings in the manner provided in the bylaws; that special meetings without the required notice may be held if all members and the superintendent or his representative are present.

(2) That all officers and employees having custody of the cooperative's funds shall furnish and deposit with the superintendent bonds in favor of the cooperative satisfactory to the Commissioner unless he shall waive them because the cooperative's funds are handled by a bonded government disbursing officer or because a government employee designated by the superintendent countersigns all checks and orders; that the officers of the cooperative must all be directors except the treasurer and secretary thereof; that all directors must be members in good standing; that the compensation of all officers, directors, and employees shall be subject to the approval of the superintendent; that officers and directors shall be disqualified from acting on a question in which they have a personal pecuniary interest.

(3) That the funds of the cooperative shall be deposited in a depository approved by the Commissioner.

(4) That all transfers of the property of the cooperative, except in the usual course of its business, shall be by direction of the board of directors and shall be in writing and signed by the president and attested by the secretary of the cooperative.

(5) That all the accounts, records, books, and minutes of the cooperative shall be subject to examination by the Commissioner or his representative at any reasonable time; that the cooperative shall maintain the same in a manner satisfactory to the Commissioner or his representative and shall make such reports as the Commissioner or his representative shall require; that the forms of all membership agreements shall be subject to the approval of the Commissioner or his representative.

(6) That the cooperative shall take such legal action as may be necessary or desirable or may be required by the Commissioner or his representative to protect its rights or its property.

(7) That any retail trade carried on by the cooperative shall be on a cash basis.

(8) That any goods or services bought from members or sold to members by the cooperative shall be bought or sold at the prices prevailing in the profit business of the neighborhood or with which the association competes.

(9) That the business of the association shall be conducted in accordance with recognized cooperative principles.

3. *Procedure.*—The application for the loan shall be submitted in quintuplicate to the superintendent on a form prescribed by the Secretary of the Interior. The application may be signed by any officer duly authorized by the board and shall contain a copy of the articles of association and bylaws of the cooperative and any pending amendments thereto, a list of the officers and a statement of their training and experience, a complete statement of assets and liabilities of the cooperative and such further information as may assist in the sound consideration of the application.

The cooperative shall report any compensation it has paid or is obligated to pay anyone in connection with the preparation, submission, or consideration of said application. The cooperative shall promise to notify promptly the superintendent of any material change in any facts stated in its application. If the application is duly approved by the Commissioner, the Secretary of the Interior shall in his discretion grant the loan by issuing a commitment order which shall be effective if accepted by the cooperative within a period not to exceed ninety days from the date thereof and may be withdrawn at any time before acceptance. The acceptance of the cooperative must be approved by majority vote of the board of directors. The accepted commitment order shall be submitted in quadruplicate to the superintendent.

The money shall be advanced as near as possible at the time it is needed upon submission of vouchers prepared for the purpose if the cooperative has complied with its loan agreement to date. The time of each advance shall be stated as definitely as possible in the loan agreement. The cooperative shall execute a note or notes for each advance on forms approved by the Secretary of the Interior.

Repayment shall be made to the superintendent or his duly authorized agent for credit to the United States.

4. General loan policies.—The granting or refusal of the loan and its maximum amount shall be governed by the nature and extent of the enterprise to be financed, its prospects of success, the extent to which it will promote a permanent improvement of the economic condition of the members of the cooperative and the community, the willingness of the members to invest their own funds in the enterprise, and the amount and kind of security offered. A cooperative that is eligible for a loan from any incorporated tribe must show that an application to that tribe has been rejected before an application hereunder will be considered.

5. *Purposes.*—Loans may be granted for any legitimate purpose that conforms to the purposes of the association, except the purchase of land unless it is a site necessary to the operation of the cooperative's business. Preference shall be given to agricultural enterprises and to enterprises lying within or adjacent to Indian agricultural communities.

6. *Plan.*—The cooperative must agree to use the money in accordance with the plan included in its application. The plan shall be set forth fully and specifically.

7. *Size of loan.*—No Loan shall be granted for less than $50.

8. *Maturity.*—Loans shall be made for the shortest possible period consistent with the purposes thereof.

9. *Interest.*—Interest shall be paid to the United States annually on all loans hereunder at the rate of three percent per annum from the date the money is advanced until repaid.

10. *Security.*—The cooperative shall execute and deliver as security for the loan the instruments provided for in its loan agreement. All possible security shall be given up to an adequate amount. It may consist of the assignment of income, mortgages on property owned wholly or in part by the cooperative, or other suitable security. The net proceeds of any sale of property given as security shall be applied on the payment of the loan unless the credit agent shall authorize some other disposition thereof.

(a) *Filing.*—The cooperative shall file all securing instruments covering trust property in the agency office and file, register, or record, at its own expense all securing instruments covering nontrust property in accordance with Oklahoma law in such a way as to fully protect the interest of the United States herein.

(b) *Warranty.*—The cooperative shall warrant that, except as stated in its application, the property given as security is owned by it absolutely, or is held in trust for it by the United States, is in its possession, free from all incumbrances and that it will warrant and defend the title thereof against the claims and demands of anyone.

(c) *Fixtures.*—The cooperative must agree that, until fully paid for, all buildings, fences and fixtures the expense of whose erection is paid wholly or partly with the loan shall not be a part of the realty.

(d) *Insurance.*—The cooperative shall carry the insurance specified in its loan agreement on all property purchased with or given as security for a loan.

(e) *Title to property purchased.*—The cooperative may be required to agree that the title to all property purchased with the loan, except property purchased for resale, shall remain in the United States in trust for the cooperative until the loan is repaid.

(f) *Inspection.*—The cooperative shall permit representatives of the Indian Service to enter its premises at any reasonable time to inspect the property purchased with or given as security for the loan.

(g) *Capital stock.*—The cooperative may be required to invest the proceeds of sales of its capital stock, if any, in designated securities, and to deposit the same as additional security for the loan.

(h) *Non-agricultural enterprises.*—Generally, greater security will be required on loans for non-agricultural enterprises and full security will be required on loans for non-agricultural enterprises not in or adjacent to Indian communities.

(i) *Branding.*—All property purchased in the name of the United States and all trust property given as security and any increase therefrom shall be permanently branded or marked "ID" in addition to the brand of the cooperative.

(j) *Care of property.*—The cooperative shall not permit any disposition of the title or possession of any property given as security for or purchased with the loan except property purchased for resale, nor permit any liens or charges against it to remain unsatisfied without the consent of the superintendent and shall care for said property so that the security of the United States shall not be diminished.

(k) *Other indebtedness.*—The cooperative must make acceptable plans for the payment or release of any outstanding liens upon its property and debts. It shall not borrow money from or pledge or assign any of its property to anyone but the United States without the consent of the Secretary of the Interior.

11. *Penalty on default.*—Upon failure by the cooperative to conform to any of the terms of its loan agreement, the Secretary of the Interior may take any or all of the following steps with or without recourse to legal proceedings: (a) declare the entire amount advanced immediately due and payable; (b) discontinue any further advances under the loan agreement; (c) take possession of and sell all collateral and security and property purchased with the loan; (d) take possession of the assets of the cooperative and exercise or arrange for the exercise of its powers until the indebtedness hereunder shall be repaid or until the Secretary of the Interior shall receive acceptable assurance of compliance with the loan agreement.

Approved by the Secretary of the Interior, October 27, 1936.

REGULATIONS FOR LOANS TO INDIAN CREDIT ASSOCIATIONS

The following regulations shall govern loans by the United States under the Oklahoma Indian Welfare Act (Public No. 816, 74th Congress) to Indian Credit Associations in Oklahoma.

Definitions.—Except as otherwise indicated, "credit association" refers to an Indian cooperative association engaged in the business of borrowing money from the United States and relending it to its members; "Commissioner" to the Commissioner of Indian Affairs; "superintendent" to the superintendent of the jurisdiction under which the principal office of the credit association is located; "credit agent" to the credit agent in charge of loans made in Oklahoma under the Act or his duly authorized associate; "Act" to the Oklahoma Indian Welfare Act (Public No. 816, 74th Congress), and "loan agreement" collectively to the application, notes, securing instruments and accepted commitment order.

1. *Eligibility.*—To be eligible for a loan the credit association must be organized with capital stock under the Act and the "Regulations for Organization of Indian Cooperative Associations in Oklahoma." Its name shall include the words "Indian Credit Association" and its articles of association shall provide as its purpose the following: "To carry on the business of borrowing money from the United States and relending it to its members under instructions and regulations prescribed from time to time by the Secretary of the Interior and the Commissioner of Indian Affairs."

2. *Bylaws.*—The bylaws of the credit association must be arranged in the same general order and form as specimens which will be supplied by the superintendent, and must be approved by the Secretary of the Interior.

3. *Procedure.*—The application for the loan shall be submitted in quintuplicate to the superintendent on a form prescribed by the Secretary of the Interior. It may be signed by any officer duly authorized by the board. It shall contain a copy of the articles of association and bylaws of the credit association and any pending amendments thereto, a list of the officers and their training and experience, a complete statement of assets and liabilities of the credit association and such further information as may assist in the sound consideration of the application.

The credit association shall report any compensation it has paid or is obligated to pay anyone in connection with the preparation, submission, or consideration of said application. The credit association shall promise to notify the superintendent of any material change in any facts stated in its application.

If the application is duly approved by the Commissioner, the Secretary of the Interior shall in his discretion grant the loan by issuing a commitment order. The commitment order shall be effective if accepted by the credit association within a period not to exceed 90 days from the date thereof and may be withdrawn at any time before acceptance. The acceptance of the credit association must be approved by a majority vote of the board of directors. The accepted commitment order shall be submitted in quadruplicate to the superintendent.

The money shall be advanced as nearly as possible at the time it is to be reloaned, upon submission of vouchers prepared for the purpose, if the credit association has complied with its loan agreement to date. The time of each advance shall be stated as definitely as possible in the loan agreement. The credit association shall execute a note or notes for each advance on forms approved by the Secretary of the Interior.

4. *Purposes.*—Loans may be granted only for the purpose of relending the same to qualified members of the association under instructions and regulations prescribed from time to time by the Secretary of the Interior or the Commissioner.

5. *Plan.*—The credit association shall agree to relend the funds in accordance with the plan attached to the application. The plan shall describe the economic conditions, including the opportunities for productive use of credit, of the people it will serve, the kind of loans it will make, and its scheme of administration, including bonding, designation of depository, and such further information as may be suitable.

6. *Maturity.*—Loans shall be made for no longer than 20 years.

7. *Interest.*—Interest shall be paid annually to the United States on all loans hereunder at the rate of one percent per annum from the date the money is advanced until repaid.

8. *Security.*—The credit association shall execute and deliver as security for the loan the instruments provided for in its loan agreement. All possible security shall be given up to an adequate amount. It may consist of an assignment or agreement to assign all instruments and property taken as security by the credit association in the course of relending the money and other suitable security.

(a) *Filing.*—The credit association shall file all securing instruments received by it covering trust property in the agency office and file, register, or record at its own expense all securing instruments covering non-trust property in accordance with Oklahoma law in such a way as to protect fully its interest therein.

(b) *Capital Stock.*—The credit association may be required to invest the proceeds of sales of its capital stock in designated securities and to deposit the same as additional security for the loan.

(c) *Other Indebtedness.*—The credit association shall not borrow from or rediscount paper with or pledge or assign any of its property to anyone but the United States without the consent of the Secretary of the Interior.

9. *Penalty on default.*—Upon failure by the credit association to conform to any of the terms of its loan agreement, the Secretary of the Interior may take any or all of the following steps with or without recourse to legal proceedings: (a) declare the entire amount advanced immediately due and payable; (b) discontinue any further advances under the loan agreement; (c) take possession of all collateral and security, and property purchased with the loan; (d) take possession of the assets of the credit association and exercise or arrange for the exercise of its powers until the indebtedness hereunder shall be repaid or until the Secretary of the Interior shall receive acceptable assurance of its repayment and of compliance with the loan agreement.

As approved by the Secretary of the Interior, October 31, 1936, and amended May 4, 1937.

REGULATIONS GOVERNING THE KLAMATH TRIBAL LOAN FUND

1. *Creation of loan board; election of members.*—The loan fund created by the Act of Congress of August 28, 1937 (50 Stat. 872), shall be administered under and subject to the following regulations, by a board composed of three adult enrolled members of the Klamath Reservation. The members of said Board shall be duly elected by the Klamath General Council from among the adult enrolled members of the Klamath Tribes, and shall serve for a period of two years, or until their successors are elected and qualify: Provided, that the first term of office shall end on June 30, 1939. The loan board thus elected shall not be qualified to act until approved by the Commissioner of Indian Affairs. In the event of a vacancy in the membership of the board, by reason of death or resignation, or because of the failure of a member to qualify, election of a successor shall be made as provided for in the original election to the board.

2. *Authority of loan board.*—The loan board thus created is authorized, pursuant to the Act of Congress of August 28, 1937 (50 Stat. 872), under and subject to these regulations, to make loans, from the loan fund thus created, to enrolled members of the Klamath Tribe for (1) industrial and agricultural assistance and the construction and improvement of homes; (2) educational advancement; (3) financial assistance in case of illness, death, or other emergency; (4) maintenance and support of the aged, infirm, and incapacitated members; or (5) the repayment of reimbursable loans previously made from tribal funds.

3. *General.*—The loan board is charged with the duty of explaining to borrowers the nature of all instruments signed, and the duty of impressing upon the borrowers the responsibility for the care of the property purchased or pledged and the necessity for carrying out the provisions of the loan agreements.

4. *Examination of records and accounts and suspension of power to make loans.*—The loan board must keep records, files, and accounts, and make signed reports as directed by the Commissioner of Indian Affairs. Accounts of credit funds must be kept separate from all other accounts. The duly authorized representatives of the Commissioner of Indian Affairs shall have access to the books, records and accounts of the loan fund at all reasonable times for the purpose of making examinations of the mode of procedure and the previous activities of the loan board, and for the purpose of making a semi-annual audit of the accounts of the fund. If upon such examination or audit it shall appear that the loan board is not properly conserving the loan funds, the Commissioner of Indian Affairs, in his discretion, may suspend the power of the loan board to make any loans until the Superintendent has approved the application, except that upon mutual agreement of the loan board and the Superintendent, authority may be granted in writing by the Commissioner of Indian Affairs to the loan board to approve loans of specified classes, under specified amounts.

5. *Restrictions on assignment, discounting, and borrowing.*—The loan board shall not (a) assign any loan agreement or any interest therein to a third party; or (b) discount paper with or borrow money from any person or agency for relending.

6. *Individuals not eligible as borrowers.*—Without specific authority from the Superintendent, the board shall not make loans to a member who, (a) is a minor; (b) is a regular employee of the Government; (c) is married to and living with a person already a borrower unless their loans are consolidated; (d) has individual funds on deposit in the agency office sufficient to finance the approved plans; (e) is an Indian woman married to a white man; or (f) will have an aggregate indebtedness exceeding two thousand dollars ($2,000.00). In no event shall the aggregate loan to any individual exceed three thousand dollars ($3,000.00) at any time.

7. *Applications of individuals and cooperatives.*—Applications of individuals and cooperatives for loans must be prepared in keeping with approved forms. Each application form must be completely filled in in compliance with these regulations and must include such additional information as may be required by the loan board.

8. *Programs for use of funds loaned.*—The loan board shall only advance funds to borrowers for industrial, commercial, or agricultural purposes following the submission of signed agricultural, industrial, or commercial plans which are approved by the Extension Agent or other person in charge of Extension work. No changes may be made in such plans before the loan is repaid unless such changes are approved by the loan board and the Extension Agent.

Loans shall not be made to any applicant indebted to the Government for loans from "Industry Among Indians," or "Tribal Revolving Funds," or if he has livestock or crops of the same class involved in such proposed loans, upon which a lien exists or the title to which is affected because of existing debts or obligations from any source, unless plans, acceptable to the loan board, for the immediate repayment of said existing obligations are presented in the applicant's approved plans.

9 *Maturities and minimum amount of loans to individuals.*—Crop loans shall not be granted with maturities exceeding one year, and the maturity dates should be fixed at the time when the crops are to be harvested and available for sale. Loans for livestock, machinery and equipment shall not be granted with maturities exceeding five years. On all other loans, the board shall set the maturity dates, which shall not exceed ten years without the specific approval of the

Superintendent. No loans will be made to an individual for an amount less than twenty-five dollars ($25.00).

10. *Depository and bonding of officers of cooperatives.*—Funds loaned to a cooperative shall be deposited only in a depository approved by the Commissioner of Indian Affairs. Each officer, employee, or agent of the cooperative authorized to handle funds must furnish a bond satisfactory to the Commissioner of Indian Affairs, unless all funds of the cooperative are collected and disbursed similar to individual Indian Moneys by bonded Government disbursing officers. All transactions shall be accounted for in writing, and receipts issued for all money received. Business affairs of the cooperative shall be conducted in accordance with the terms of the approved loan agreement.

11. *Maturity and authority for expenditure of funds of a cooperative.*—The maturity of loans to cooperatives shall be determined by the character and nature of the enterprise for which the funds are used. The method by which cooperatives expend their funds shall be regulated by their bylaws and in accordance with the approved loan agreement.

12. *Disposition of earnings of cooperatives.*—While indebted to the loan fund the cooperative must agree to set aside annually not less than twenty-five per cent of its net earnings until a surplus fund equal to at least ten percent of its total outstanding indebtedness has been established.

13. *Restrictions on assignment of rights, discounting, and obligation of security.*—While borrowers are indebted for loans from the loan fund, the loan board shall require them to agree not to assign their loan agreements or any interest therein to a third party, nor to rediscount paper with, assign, pledge, or otherwise obligate any of their property of the same class in which the Tribe has an interest, to any individual, bank, or agency, without the consent of the loan board.

14. *Security, buildings not part of realty, and bills of sale.*—The loan board must obtain an adequate amount of security on all loans and advances made. In all cases, as part of the security, the board must require that title to property, and issue therefrom purchased with loan funds be placed in the United States until the borrower has repaid his loan in full. Each borrower shall be required to agree that if he is in default the Superintendent upon request of the loan board, shall apply on his indebtedness any trust funds to his credit, or any personal property of his or in which he has an interest. The board must obtain from the borrower, bills of sale from the vendors to the United States in trust for the Klamath Indians for all livestock and machinery; and for all equipment, tools and household goods costing more than twenty-five dollars ($25.00), purchased with loan funds. When the borrower has repaid his loan in full, the loan board shall transfer the interest of the Tribe in the property pledged or mortgaged as security or purchased with loan funds to the borrower. In turn, the Superintendent, upon request, shall furnish the borrower with a bill of sale when he has completely repaid the loan under which such property was purchased. All borrowers must agree that, until fully paid for, all houses, buildings, and fences constructed entirely or in part with loan funds shall not be considered as part of the realty.

15. *Inspection of property offered as security.*—All property offered as security for loans must be inspected before any advance of funds may be made. To reduce costs, agency records or reports of inspection by Government employees, if adequate, may be used in lieu of a physical inspection, but the use of such reports by the loan board shall not reduce the responsibility of the loan board for the soundness of the loan. The loan board must obtain in the application for loan, permission for representatives of the board of the Superintendent, or other representatives of the Commissioner of Indian Affairs to enter upon the premises of the borrowers at all reasonable times to inspect the property purchased with loan funds or given as collateral security for a loan.

16. *Filing of liens, mortgages, and other repayment guarantees.*—The loan board shall record all liens, mortgages, or other securing instruments on unrestricted property in accordance with local recording statutes, and shall file securing instruments on restricted or trust property in accordance with instructions of the Superintendent before any advances of funds are made on loans. The cost of such filing shall be considered an administrative expense and shall be paid out of the loan fund in the hands of the Superintendent. Upon full repayment of a loan, the board shall advise the borrower of the action necessary to effect the release of all guarantees of repayment, but the cost of securing such releases must be borne by the borrower.

17. *Identification of property purchased with credit funds and insurances.*—All livestock and issue therefrom, and all major articles of equipment purchased with loan funds or trust property given as security for loans shall be branded or marked with the letters "ID" to make identification permanently possible. In addition such property and livestock shall be marked or branded with the brands or marks of individuals.

The loan board and the Superintendent, by mutual agreement, may authorize a borrower to sell personal property pledged as security for a loan or purchased with loan funds, free of encumbrance, where after the release of such personal property there will remain adequate security for the repayment of the unpaid balance of the loan, and the borrower is not in default, or an agreed portion of the receipts from such sale will be applied to the repayment of the borrower's loan.

Borrowers may be required by the loan board and the Superintendent to insure any property pledged as security for a loan or purchased with loan funds against loss from fire or any other cause until the loan is paid in full; buildings of an aggregate value of more than five hundred dollars ($500.00) which have been pledged as security for a loan or acquired with loan funds, must be insured against loss by fire. All such insurances shall be made payable to the Secretary of the Interior, who shall utilize the proceeds to pay off any indebtedness of the borrower to the Klamath Tribal Loan Fund, and shall pay the balance remaining, if any, to the borrower.

18. *Signature by thumb mark.*—Signature made by thumb marks must be witnessed by at least two persons who must sign the documents together with their addresses. Where non-trust property is involved, state laws governing signatures to thumb marks shall be complied with also.

19. *Five per cent surcharge on industrial, agricultural, or commercial loans.*—The loan board shall require each person borrowing from the loan fund for industrial, agricultural, or commercial purposes, to deposit with the Superintendent at the time of receiving the first advance upon his loan, an amount equal to five per cent of his total approved loan to cover administrative expenses and other carrying charges incident to the making and subsequent safe-guarding of the loan. The Superintendent shall deposit all such collections in the Treasury of the United States to the credit of the loan fund.

20. *Charges and interest.*—Borrowers may not be required to pay directly or indirectly, any fees, interest, or charges except as specifically provided in these regulations. Borrowers shall not be charged interest at a rate of more than three per cent per annum on funds from the date advanced until paid.

21. *Educational loans.*—Educational loans may be granted to cover tuition, subsistence and other reasonable expenses. The courses pursued and the institution to be attended will be subject to the approval of the Commissioner of Indian Affairs. Any change in schools after the loan is granted must be approved by the Commissioner of Indian Affairs. Loans shall be limited to the amount required to meet the needs of students for one year only. Additional loans for the second and succeeding years of the course may be made, provided the student gives evidence of industry and a definite purpose and demonstrates that he can make progress in the type of training he has selected. Need of aid shall be shown, and the loan shall be limited to the amount required in addition to personal and family resources.

Applications for loans must be submitted at least three months before opening of the school term for which the loan is required. Applicants must furnish satisfactory reference as to ability, character, and performance. They must, also, provide authentic reports from reliable educators and other persons who know of their ability and they must demonstrate definite aptitude for the training desired and the vocation chosen. A medical certificate shall be required on forms prescribed by the Indian Service. Physically handicapped persons must give evidence of general good health.

Advances made on the amount loaned shall be immediately deposited in the borrower's individual Indian money account. Repayment contracts of minors must be signed by the borrowers and one or more co-signers. Co-signers may be either or both parents, the nearest responsible relative, or guardian. Loans may be made to borrowers upon the basis of character, except that the borrower must agree that if he is in default any income which may accrue to his credit in the hands of the Superintendent may be applied to the repayment of the loan, as provided in Section 14. Careful investigation must be made of the reliability and honesty of the borrower and co-signers, and evidence submitted concerning the ability of the borrower to complete the course, probability to taking advantage of the course to increase earning power, past accomplishments, and adequate appreciation of the obligation to repay the loan. Repayment should begin within three months after completion of the course, and continue in monthly payments until the debt is liquidated. The date of maturity of educational loans shall be fixed by the loan board in accordance with Section 9 and may not be thereafter extended without the approval of the Superintendent.

22. *Maintenance and support of the aged, infirm or incapacitated.*—Loans may be made to an aged, infirm or incapacitated member for his maintenance and support up to the full value of the security tendered by him. Advances made on the amount loaned shall be immediately deposited in the borrower's individual Indian money account. Disbursements therefrom shall be made by the Superintendent as the needs of the borrower appear.

The applicant shall present, with his application, a statement of his income from all sources during the calendar year preceding, a statement of the prospective income from all sources during the next succeeding calendar year, and competent evidence that he is within the class or classes intended to be benefitted by this section.

23. *Financial assistance in cases of illness, death, or other emergency.*—In case of serious emergency affecting the applicant, such as the illness or death of a person in his immediate family, loans may be made, up to the full value of the security offered. Character loans may be made in such cases, where the applicant has an established reputation for financial integrity, provided the amount of the loan does not exceed five hundred dollars ($500.00).

24. *Quorum.*—Three members of the loan board shall constitute a quorum for the transaction of business. Unanimous consent of the members of the loan board is required for the final approval of all agreements and loans except as hereinafter provided:

(a) Two members may receive applications and consider other business.

(b) One or more members of the loan board, acting with the Superintendent or his authorized representative, by unanimous vote, may transact the business of the loan board, including the final approval of applications for loans, where (1) the application, because of extreme emergency such as serious illness or death, should receive immediate consideration; or (2) the remaining members of the loan board are unable to be present because of serious illness, death, or because of absence from the Reservation upon official tribal business.

25. *Approval of loans.*—Applications of individuals for loans must be approved by the three members of the loan board at a regular meeting, or special meeting except as provided in Section 24 (b).

Where the applicant's indebtedness to the loan fund, and to reimbursable loans previously made from tribal funds, if the application were approved, would not exceed the sum of $1,000.00 including interest and charges, approval by the loan board shall be final, and in cases where, if the application were approved, the individual's indebtedness to the loan fund would exceed the sum of $1,000.00, the approval by the loan board shall be subject to review by the Superintendent.

In such cases, after the board has approved the loan, a copy of the application for loan, together with all supporting papers, shall be delivered to the Superintendent, who shall have fourteen days from the date of such delivery within which to approve or disapprove the application. Within the prescribed period he shall report his action in writing to the loan board. If he has disapproved the application he shall, in writing, state his reasons for disapproval. In the case of failure by the Superintendent to report his action upon an application within such fourteen day period, he shall be deemed to have approved the same.

In cases where the Superintendent has disapproved, and if the application were approved the applicant's indebtedness to the loan fund would not exceed $2,000.00, the loan board may thereafter, by the unanimous vote of all duly qualified members of the board, at a special or regular meeting, approve the application. In cases where the applicant's indebtedness would exceed $2,000.00 the disapproval of the application by the Superintendent shall be conclusive.

All loans to cooperatives must be approved by the Commissioner of Indian Affairs.

Loans may be approved only for enterprises which are to be conducted on tribal, allotted, or other lands within the boundaries of the reservation, except in special instances where specific prior approval is obtained from the Superintendent. Except with the consent of the Superintendent, credit funds may not be spent for promotional or educational expenses in connection with the organization or operation of any cooperative enterprise, nor may funds be used by the loan board to purchase property for resale at a profit as part of its activities.

Loans for the development of commercial enterprises shall be approved only when such enterprises are to be operated on a cash basis.

Loans shall not be granted for obtaining grazing permits or leasing land for the grazing of livestock, where grazing facilities are available through a cooperative livestock association, except where sufficient reasons are presented for not using such facilities.

In determining which applicants should receive industrial or agricultural loans, preference shall be given to: (a) applicants offering adequate security; (b) applicants with an established reputation of financial responsibility; (c) applicants presenting evidence of their probable success in the undertaking for which the loan is requested, which evidence must rest on past performance; and (d) applicants requesting loans for enterprises which will probably be most productive and self-liquidating.

26. *Commitment order of the board and loan agreement.*—When an application for a loan has been approved, a commitment order in keeping with approved forms shall be prepared to cover the amount of the approved application, and shall be executed and signed by the Board and accepted in writing by the borrower. The approved application, accepted commitment order and the borrower's note or notes evidencing advances constitute the loan agreement. The loan agreement may not be altered or amended except in writing, under the procedure provided in Section 25 relating to approval of loans.

27. *Advances and restrictions.*—All advances made by the Board must be in keeping with the approved loan agreement and may not be made until all securing instruments have been executed, delivered, and recorded. In the case of a borrower with inadequate security, the initial advance shall be limited, and subsequent advances made dependent upon the borrower's accomplishments.

28. *Advance and expenditure of loan funds.*—The loan board, in requesting the advance of funds under approved loan agreements, shall present to the Superintendent satisfactory evidence that there has been a complete compliance with all the applicable provisions of these

regulations. To effect the initial advance to a borrower, the board shall submit to the Superintendent the originals and copies of the approved application, the accepted commitment order, and the note signed by the borrower, and a voucher on forms 5–809, and 5–809a, executed by the borrower. The Superintendent will certify the copies and return the originals to the loan board. As additional advances are required vouchers for the amounts thereof will be presented to the Superintendent together with the originals and copies of the notes. If they are in proper order, the Superintendent will certify the copies, return the originals to the loan board, and send the certified copies to the Regional Disbursing Officer for payment. In the discretion of the loan board, and as provided in Sections 21 and 22 of these regulations, borrowers may be required to deposit their loans with the Superintendent for credit to an individual Indian money account, and in such cases the voucher shall be prepared so as to require the check drawn in payment thereof to be sent to the Superintendent.

Where loans are deposited to the individual credit of borrowers on the books of the Agency they shall not be merged with any other individual monies but shall be held in separate accounts. Except in the case of loans made for the maintenance and support of aged, infirm or incapacitated Indians, expenditures shall be made from the individual Indian money accounts of borrowers upon receipt of requests from the loan board prepared on approved forms, provided the Superintendent considers such expenditures to be within the law and in keeping with approved loan agreements and amendments.

29. *Reports from borrowers.*—The board shall require its borrowers to furnish such signed statements and reports and follow such procedures, as are necessary to provide proper information as to the status of the loan at all times.

30. *Repayment of loans.*—Repayments on loans shall be made to the Superintendent, who shall accept them at all reasonable times and issue written receipts therefor. Such repayments shall be immediately deposited in the Treasury of the United States to the credit of the loan fund, and the loan board notified of the amount of such repayments. The repayments so deposited may be reloaned under the act of Congress of August 28, 1937 (50 Stat. 872) and these regulations.

31. *Default by borrower.*—Failure on the part of any borrower to make repayments when due, to use loan funds in keeping with the loan agreement as originally approved or amended, to make every honest effort possible to continue operations successfully, or failure to use the funds loaned properly, shall be grounds for any one or all of the following steps to be taken at the option of the Superintendent or the loan board: (a) Declare the entire amount advanced immediately due and payable; (b) Discontinue any further advance of funds contemplated by the loan agreements; (c) Prevent further disbursements of credit funds under the control of the borrower; and (d) Take possession of any and all collateral or security. These rights may be enforced without recourse to legal proceedings, except as to foreclosures or repossession affecting fee patented land or other security not held in trust. The defaultng borrower may, thereafter be requested to submit in writing reasons for his default, together with plans for amending it.

Where the Superintendent is not satisfied with the steps taken to insure payment, the loan board must take such further action to insure repayment as he may prescribe in writing, and where extensions or renewals are desirable, to abide by written instructions of the Superintendent as to the conditions under which such extensions or renewals may be granted.

32. *Property of deceased borrowers on which Government holds lien.*—The board shall take all steps which may be necessary to safeguard and protect the property of a deceased borrower in which the Tribe has an interest until the obligation is liquidated or assumed by the heirs of the deceased borrower or by other parties The board may collect from the ultimate owners of such property, or deduct from the proceeds of the sale of personal property, reasonable expenses for its care. The board shall also protect its interest in assignments of income from real property or other sources by promptly notifying the Superintendent and examiner of inheritance in writing of its interest in the estate of the decedent. In the event the heirs or devisees or a deceased borrower fail or refuse, for three years, to assume the deceased's indebtedness, which is secured by real property, the loan board and the Superintendent shall proceed in the manner provided for in Sections 31 and 33.

33. *Disposition of property not fully paid for, or given as security.*—The loan board shall abide by instructions of the Superintendent regarding sale or other disposal of any property purchased with loan funds which has not been paid in full, or given as security for a loan upon which the borrower has defaulted.

34. *Additional rules and regulations.*—The loan board may adopt and promulgate such additional rules and regulations, not inconsistent with these regulations, as it deems advisable.

35. *Compensation of members of the loan board.*—

(a) Each duly elected and qualified member of the loan board shall be compensated for the time during which he is actually engaged upon the business of the loan board, at the rate of eight dollars ($8.00) per day. A day shall be deemed to consist of eight hours of actual employment upon the business of the loan board.

(b) Any claims for over-time rendered by any or all members, over and above the prescribed eight hours, in any one calendar day, shall not be allowed.

(c) Any necessary mileage required for the purpose of recording instruments, appraisal of collateral offered for security, investigations, repossessions, or other purposes in connection with the proper execution of the business of the loan board, shall be paid for at the rate of five cents (5¢) per mile actually traveled by any member or members in his or their personally owned automobile. However, mileage shall not be allowed for travel by members to and from their respective homes or places of residence and the board office.

(d) Any necessary travel by railroad, bus, or other public conveyance, for the purposes set forth in paragraph (c) above, shall be performed on Government transportation request in accordance with existing regulations. Transportation requests shall be issued by the Superintendent only when travel by common carrier is justified.

(e) All claims for services rendered, mileage, or travel, shall be submitted to the Superintendent upon duly executed forms provided for that purpose, and shall not be paid oftener than semi-monthly.

(f) All claims for services rendered, mileage, or travel, of whatsoever nature, shall be subject to audit and approval of the Superintendent of the Klamath Agency.

36. *Amendment to regulations.*—These regulations may be amended at any time by the Secretary of the Interior upon the suggestion of representatives of the Klamath tribes, provided said representatives are specifically and duly authorized by the Klamath General Council so to do; or whenever the Secretary of the Interior deems it necessary or expedient to promulgate amendments.

November 13, 1937.

JOHN COLLIER,
Commissioner of Indian Affairs.

Approved, December 4, 1937.

OSCAR L. CHAPMAN,
Acting Secretary of the Interior.

[F R. Doc. 38–1577; Filed, June 4, 1938; 10:14 a. m.]

REGULATIONS FOR LOANS BY INDIAN CREDIT ASSOCIATIONS

The following regulations shall govern loans by Indian Credit Associations under the Oklahoma Indian Welfare Act (Public No. 816, 74th Congress) to individual Indians in Oklahoma.

Definitions.—Except as otherwise indicated, "Secretary" refers to the Secretary of the Interior; "Commissioner" to the Commissioner of Indian Affairs; "Superintendent" to the superintendent of the jurisdiction under which the principal office of the credit association is located; "Association" to an Indian cooperative association engaged in borrowing money from the United States under the Act and relending it to its members; "Credit Agent" to the credit agent in charge of loans under the Act in Oklahoma or his duly authorized associate; "Loan Agreement" collectively to the application, securing documents, and all other papers submitted in connection with the application.

1. *Eligibility.*—To be eligible for a loan an individual must be eligible for membership in the credit association. All loans must be approved by the credit agent. Without specific authority from the Commissioner, loans shall not be made to a member who is: (a) a minor; (b) a regular employee of the Government; (c) married to and living with a person already a borrower, unless their loans are consolidated; (d) an Indian woman married to a white man; (e) any individual who has funds on deposit sufficient to finance the approved plans; or (f) who will have an aggregate indebtedness to the association exceeding one thousand dollars.

2. *General loan policies.*—The granting or refusal of the loan and the amount thereof shall be governed by the nature and extent of the enterprise to be financed, its prospects of success, the extent to which the enterprise will promote a permanent improvement in the applicant's economic condition, the character and past performance of the borrower both generally and in the particular work involved in the enterprise, and the amount and kind of the security offered.

3. *Purpose.*—Loans may be granted for any income producing purpose except the purchase of land unless it is a site necessary in the applicant's occupation. Preference shall be given to agricultural enterprises and to enterprises lying within or adjacent to Indian agricultural communities.

4. *Plan.*—The applicant shall submit a plan in duplicate for the use of the money, which shall be set forth fully and specifically. It shall indicate that the applicant will carry on the enterprise personally, reap the benefits, and sustain the losses thereof. If the borrower finds it necessary or desirable to make changes in his plan, he may do so, provided such changes are first approved by the association and the superintendent, and do not involve an increase in the amount of the loan.

5. *Size of loans.*—No loan shall be granted for less than $25.

6. *Maturity.*—Loans shall be made for the shortest period consistent with the purposes thereof, and the ability of the applicant to repay. Crop loans shall be made for no longer than one year and livestock and machinery loans no longer than six years.

7. *Interest.*—Interest shall be paid annually at not less than three percent per annum.

8. *Security.*—All possible security shall be given up to an adequate amount. It may consist of the assignment of income, mortgages on property owned wholly or in part by the borrower, or other suitable collateral.

(a) *Filing.*—The securing instruments covering trust property shall be filed in the Agency Office. Instruments covering nontrust property shall be filed, registered, or recorded in accordance with Oklahoma law at the borrower's expense, in such a way as to fully protect the interests of the association therein.

(b) *Non-agricultural enterprises.*—Generally greater security will be required on loans for non-agricultural enterprises and full security will be required on loans for non-agricultural enterprises not in or adjacent to Indian communities.

(c) *Joint loans.*—In the case of a loan to a married person, if his or her spouse is an Indian, the application must be made jointly by both parties. If the spouse is not an Indian, he or she should not sign the application, but may be required to endorse securing documents.

(d) *Mortgages on trust and restricted real estate.*—Trust and restricted real estate may not be mortgaged to the association for a loan. Liens on crops raised on such land, assignments of income therefrom, or other types of security not involving a transfer of title to the land may be taken. Mortgages may be taken or nontrust or unrestricted real estate.

9. *Other indebtedness.*—Applicants must make acceptable plans for the payment or release of any debts or outstanding liens upon their property.

10. *Signature by mark.*—Signature by mark shall be witnessed by two witnesses, one of whom shall write in the name of the person who cannot write, near the mark. Post office addresses of both witnesses must be shown, and they must actually see the mark made. Both witnesses must be disinterested parties to the loan agreement.

11. *Stock.*—The applicant must own at the time the loan is made, shares in the association in an amount equal to $3 for each $100 or fraction thereof of the amount of the loan.

12. *Procedure.*—The application for a loan shall be submitted to the secretary of the association in quintuplicate on a form prescribed by the Secretary. The form must be completely filled out, and the applicant must agree to the various provisions thereof. Accompanying the application shall be two copies of a detailed financial statement and operating plan on a form approved by the Secretary, and three unexecuted copies of all securing instruments, including a note for the amount of the first advance as set forth in the application.

(a) *Action of the Secretary of the Association.*—The secretary of the association shall submit all copies of the application, and supporting papers, to the loan committee of the association. If the application is approved by that body, these papers shall then be submitted to the superintendent. If the application is not approved, one copy shall be retained for the files of the association, and the remaining copies returned to the applicant.

(b) *Action of the Superintendent.*—The superintendent shall make his recommendations in triplicate on a form approved by the Secretary. One copy of his recommendations shall be retained by him and two copies submitted to the credit agent, together with all copies of the application and supporting papers. This procedure shall be followed whether or not the superintendent approves the application.

(c) *Action of the Credit Agent.*—The credit agent shall prepare five copies of his approval or disapproval of the application on a form approved by the Secretary. If the loan does not require specific authority from the Commissioner as set forth in Section 1, and the loan is approved in whole or in part by the credit agent, he shall return all copies of the application, supporting papers, and his report as to the action the association is to take, to the secretary of the association through the superintendent. If the loan requires specific authority from the Commissioner as set forth in Section 1, one copy of the application shall be submitted to the Commissioner with copy of the recommendations of the superintendent and credit agent. The Commissioner shall prepare five copies of a letter indicating either his approval or disapproval of the loan, and submit the same to the credit agent with the application and recommendations of the superintendent and credit agent. If the Commissioner approves the loan in whole or in part, the credit agent shall, upon return of these documents, attach one copy of the Commissioner's letter to each copy of the application and follow the same procedure as in the case of loans which do not require specific authority from the Commissioner. The recommendations of the superintendent shall not be returned to the secretary of the association. The credit agent shall place one copy of the same in his files, and the other shall be transmitted to the Commissioner with his copy of the application as set forth in Section 12 (g). In case the loan has been disapproved by either the credit agent or the Commissioner, the procedure as set forth in Section 12 (j) shall be followed.

(d) *Action of the Secretary of the Association upon return of the application.*—If the application is approved by the Commissioner or the credit agent, the secretary of the association shall then grant the loan by filling out the commitment order on the last page of the application. Unless the secretary is also the treasurer of the association, the commitment order must also be signed by the treasurer Any necessary modifications in the application, which were conditions of approval, shall be incorporated into, and made a part of the commitment order.

(e) *Acceptance of commitment order by borrower.*—The applicant must accept the commitment order within thirty

days from the date thereof, and it may be withdrawn at any time before acceptance. He shall retain the fourth copy, and submit the original and three copies to the secretary of the association. He shall also execute the original copies of the securing documents, including the note, retain one copy and deliver two copies, one of which shall be the original, to the secretary of the association.

(f) *Action of the Secretary of the Association upon acceptance of the commitment order and execution of the securing documents and notes.*—Upon the borrower's compliance with the provisions of Section 12 (e) the secretary of the association shall assign a number to the loan agreement. Such numbers shall follow consecutively beginning with "1," with "CF" preceding such number. He shall have all securing documents covering non-trust property filed, registered, or recorded as required under Section 8 (a). The original securing documents, or a certified copy, showing the same to have been properly filed, registered, or recorded, shall be forwarded to the superintendent. The originals of securing documents covering trust property shall be forwarded to the superintendent with a request for filing. Copies of all securing documents and notes shall be placed in the files of the association. Copies of the approved application and financial statement and operating plan shall also be placed in the files of the association. The remaining copies shall be forwarded to the superintendent.

(g) *Disposition of other copies of the loan agreement.*—The original copy of the application, financial statement and operating plan, securing documents, and note, shall be placed in a place of safekeeping in the Agency Office. The remaining two copies of the application shall be submitted to the credit agent. He shall retain one copy for his files, and submit one copy, together with a copy of the superintendent's recommendations, as outlined in Section 12 (c), to the Commissioner.

(h) *Disbursement of funds.*—When the superintendent has the various documents in his files as outlined under Section 12 (g), they shall serve as his authority to advance funds by field journal voucher entry from funds on deposit in an Individual Indian Money Account to the credit of the association to an Individual Indian Money Account of the borrower. Disbursements from the borrower's Individual Indian Money Account shall be in the form of cash or purchase orders as the superintendent may determine, in accordance with the terms of the approved loan agreement. At the time the funds are advanced from the account of the credit association to the individual borrower, the date of such advance shall be entered on the back of the executed note, and interest shall be figured from that date. Notice of such transfer shall be given to the association and to the borrower. Money on deposit to the credit of borrowers of the association shall be earmarked for expenditure only in accordance with the borrower's approved plan of operation.

(i) *Repayments.*—Unless otherwise provided in the loan agreement between the credit association and the United States, all repayments on loan agreements shall be made to the bonded Government Disbursing Officer, or his authorized agent, for the account of the treasurer of the association. Repayments shall be first applied on interest, and the balance on principal. Appropriate entries shall be made on the back of the note.

(j) *Disapproved Applications.*—If the credit agent does not approve the loan, he shall retain one copy of the application, of his recommendations, and of the superintendent's recommendations. He shall send one copy of each of these documents to the Commissioner, and return all other papers to the superintendent. The superintendent shall retain one copy of the application, credit agent's recommendations, superintendent's recommendations, unexecuted securing instruments and note, and the financial statement and operating plan. The credit association shall retain one copy of the application, credit agent's recommendations, securing instruments and note, and financial statement and operating plan. All other papers shall be returned to the applicant. If the loan required specific authority from the Commissioner as outlined in Section 1, and is disapproved, the same procedure outlined in Section 12 (c) shall be followed. Upon receipt of the Commissioner's letter, the credit agent shall attach one copy of the Commissioner's letter to each copy of the application and follow the procedure set forth herein.

TITLE 31—MONEY AND FINANCE: TREASURY

PUBLIC DEBT SERVICE

[1938—Department Circular No. 584]

OFFERING OF UNITED STATES OF AMERICA 2¾ PERCENT TREASURY BONDS OF 1958–63

REDEEMABLE AT THE OPTION OF THE UNITED STATES AT PAR AND ACCRUED INTEREST ON AND AFTER JUNE 15, 1958; INTEREST PAYABLE JUNE 15 AND DECEMBER 15

I. Offering of bonds

1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, approved September 24, 1917, as amended, invites subscriptions, at par, from the people of the United States for 2¾ percent bonds of the United States, designated Treasury Bonds of 1958–63, in payment of which only Treasury Notes of Series B–1938, maturing June 15, 1938, or Treasury Notes of Series D–1938, maturing September 15, 1938, may be tendered. The amount of the offering under this circular will be limited to the amount of Treasury Notes of Series B–1938 ten-Treasury Notes of Series B–1938 and of Series D–1938 tendered and accepted.

II. Description of Bonds

1. The bonds will be dated June 15, 1938, and will bear interest from that date at the rate of 2¾ percent per annum, payable semiannually on December 15, 1938, and thereafter on June 15, and December 15 in each year until the principal amount becomes payable. They will mature June 15, 1963, but may be redeemed at the option of the United States on and after June 15, 1958, in whole or in part, at par and accrued interest, on any interest day or days, on 4 months' notice of redemption given in such manner as the Secretary of the Treasury shall prescribe. In case of partial redemption the bonds to be redeemed will be determined by such method as may be prescribed by the Secretary of the Treasury. From the date of redemption designated in any such notice, interest on the bonds called for redemption shall cease.

2. The bonds shall be exempt, both as to principal and interest, from all tax-

ation now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority, except (a) estate or inheritance taxes, or gift taxes, and (b) graduated additional income taxes, commonly known as surtaxes, and excess-profits and war-profits taxes, now or hereafter imposed by the United States, upon the income or profits of individuals, partnerships, associations, or corporations. The interest on an amount of bonds authorized by the Second Liberty Bond Act, approved September 24, 1917, as amended, the principal of which does not exceed in the aggregate $5,000, owned by any individual, partnership, association, or corporation, shall be exempt from the taxes provided for in clause (b) above.

3. The bonds will be acceptable to secure deposits of public moneys, but will not bear the circulation privilege and will not be entitled to any privilege of conversion.

4. Bearer bonds with interest coupons attached, and bonds registered as to principal and interest, will be issued in denominations of $50, $100, $500, $1,000, $5,000, $10,000 and $100,000. Provision will be made for the interchange of bonds of different denominations and of coupon and registered bonds, and for the transfer of registered bonds, under rules and regulations prescribed by the Secretary of the Treasury.

5. The bonds will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States bonds.

III. Subscription and allotment

1. Subscriptions will be received at the Federal Reserve banks and branches and at the Treasury Department, Washington. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve banks and the Treasury Department are authorized to act as official agencies. The Secretary of the Treasury reserves the right to close the books as to any or all subscriptions or classes of subscriptions at any time without notice.

2. The Secretary of the Treasury reserves the right to reject any subscription, in whole or in part, to allot less than the amount of bonds applied for, to make allotments in full upon applications for smaller amounts and to make reduced allotments upon, or to reject, applications for larger amounts, or to adopt any or all of said methods or such other methods of allotment and classification of allotments as shall be deemed by him to be in the public interest; and his action in any or all of these respects shall be final. Subject to these reservations, all subscriptions will be allotted in full. Allotment notices will be sent out promptly upon allotment.

IV. Payment

1. Payment at par for bonds allotted hereunder must be made or completed on or before June 15, 1938, or on later allotment, and may be made only in Treasury Notes of Series B-1938, maturing June 15, 1938, or in Treasury Notes of Series D-1938, maturing September 15, 1938, which will be accepted at par, and should accompany the subscription. In the case of Treasury Notes of Series D-1938 tendered in payment, coupons dated September 15, 1938, must be attached to the notes when surrendered, and accrued interest from March 15, 1938, to June 15, 1938, ($6.25 per $1,000), will be paid following acceptance of the notes.

V. General Provisions

1. As fiscal agents of the United States, Federal Reserve banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve banks of the respective districts, to issue allotment notices, to receive payment for bonds allotted, to make delivery of bonds on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive bonds.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve banks.

[SEAL] HENRY MORGENTHAU, Jr.,
Secretary of the Treasury.

OFFERING OF UNITED STATES OF AMERICA 1⅛ PERCENT TREASURY NOTES OF SERIES A-1943

INTEREST PAYABLE JUNE 15 AND DECEMBER 15

JUNE 6, 1938.

I. Offering of Notes

1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, approved September 24, 1917, as amended, invites subscriptions, at par, from the people of the United States for 1⅛ percent notes of the United States, designated Treasury Notes of Series A-1943, in payment of which only Treasury Notes of Series B-1938, maturing June 15, 1938, or Treasury Notes of Series D-1938, maturing September 15, 1938, may be tendered. The amount of the offering under this circular will be limited to the amount of Treasury Notes of Series B-1938 and of Series D-1938 tendered and accepted.

II. Description of Notes

1. The notes will be dated June 15, 1938, and will bear interest from that date at the rate of 1⅛ percent per annum, payable semiannually on December 15, 1938, and thereafter on June 15 and December 15 in each year until the principal amount becomes payable. They will mature June 15, 1943, and will not be subject to call for redemption prior to maturity.

2. The notes shall be exempt, both as to principal and interest, from all taxation (except estate or inheritance taxes, or gift taxes) now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority.

3. The notes will be accepted at par during such time and under such rules and regulations as shall be prescribed or approved by the Secretary of the Treasury in payment of income and profits taxes payable at the maturity of the notes.

4. The notes will be acceptable to secure deposits of public moneys, but will not bear the circulation privilege.

5. Bearer notes with interest coupons attached will be issued in denominations of $100, $500, $1,000, $5,000, $10,000 and $100,000. The notes will not be issued in registered form.

III. Subscription and Allotment

1. Subscriptions will be received at the Federal Reserve banks and branches and at the Treasury Department, Washington. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve banks and the Treasury Department are authorized to act as official agencies. The Secretary of the Treasury reserves the right to close the books as to any or all subscriptions or classes of subscriptions at any time without notice.

2. The Secretary of the Treasury reserves the right to reject any subscription, in whole or in part, to allot less than the amount of notes applied for, to make allotments in full upon applications for smaller amounts and to make reduced allotments upon, or to reject, applications for larger amounts, or to adopt any or all of said methods or such other methods of allotment and classification of allotments as shall be deemed by him to be in the public interest; and his action in any or all of these respects shall be final. Subject to these reservations, all subscriptions will be allotted in full. Allotment notices will be sent out promptly upon allotment.

IV. Payment

1. Payment at par for notes allotted hereunder must be made or completed on or before June 15, 1938, or on later allotment, and may be made only in Treasury Notes of Series B-1938, maturing June 15, 1938, or in Treasury Notes of Series D-1938, maturing September 15, 1938, which will be accepted at par, and should accompany the subscription. In the case of Treasury Notes of Series D-1938 tendered in payment, coupons dated September 15, 1938, must be attached to the notes when surrendered. Interest from March 15, 1938, to September 15, 1938, on the maturing notes will be credited to subscribers, and interest from June 15, 1938 to September 15, 1938 on the new notes will be charged to subscribers. The difference ($9.672131 per $1,000) will be paid following acceptance of the notes.

V. General Provisions

1. As fiscal agents of the United States, Federal Reserve banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve banks of the respective districts, to issue allotment notices, to receive payment for notes allotted, to make delivery of notes on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive notes.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve banks.

TITLE 43—PUBLIC LANDS

GENERAL LAND OFFICE

[Circular No. 1138a]

REGULATIONS RELATIVE TO REINDEER GRAZING IN ALASKA

1. *Statutory authority.*—The act of March 4, 1927 (44 Stat. 1452), authorized the Secretary of the Interior to lease public lands in Alaska for grazing reindeer and other animals on the public lands of Alaska. Section 14 of the act of September 1, 1937 (50 Stat. 900), authorizes the Secretary of the Interior, in order to coordinate the use of public lands in Alaska for grazing reindeer, to regulate the grazing of reindeer upon said lands. It authorizes him, in his discretion, to define reindeer ranges and to regulate the use thereof for grazing reindeer, to issue reindeer grazing permits and to issue rules and regulations to carry into effect the provisions of said section of the act.

2. *No reindeer leases to issue under the act of March 4, 1927.*—In view of the provisions of section 14 of the act of September 1, 1937, no reindeer leases will issue under the act of March 4, 1927, after the date of this circular, and the grazing of reindeer in Alaska will be governed by the act of September 1, 1937, and the rules and regulations that may be promulgated thereunder.

3. *Circular No. 1138 as amended by Circular No. 1203, amended.*—In accordance with the foregoing, Circular No. 1138 as amended by Circular No. 1203 is hereby amended by substituting for sections 3 and 4 thereof the following:

"3. After the establishment of a grazing district, applications for leases may be filed in the proper district land office. Applications should be filed in duplicate.

"(a) After a serial number has been assigned by the Register of the district land office to an application for a lease, one copy will be forwarded to the Commissioner of the General Land Office and one to the Office of the Division of Investigations at Anchorage, Alaska, each copy to be accompanied by a status report.

"(b) Applications for leases must conform substantially to the Form 4-469.

"4. The Special Agent in Charge will cause an investigation to be made of all applications to lease for grazing purposes and report to the General Land Office as to the livestock to be grazed on the land; as to the carrying capacity of the areas sought; as to the improvements, if any, existing thereon; as to their use and occupancy and as to the feasibility of granting the lease applied for. Recommendation should also be made as to what rental should be charged and whether such charge should be deferred for any particular period."

FRED W. JOHNSON,
Commissioner.

Approved, May 26, 1938.
OSCAR L. CHAPMAN,
Assistant Secretary.

[Circular 1384a]

DISPOSITION OF CONFLICTING APPLICATIONS UNDER SECTIONS 8 (B), 14 AND 15 OF THE TAYLOR GRAZING ACT

1. *Allowance of applications discretionary with the Secretary of the Interior.*—The exchange of privately-owned lands under Section 8 (b) of the Taylor Grazing Act approved June 28, 1934 (48 Stat. 1269), as amended by the act of June 26, 1936 (49 Stat. 1976), the ordering of public sales under Section 14 of the act, and the issuance of leases under Section 15 thereof are within the discretionary power of the Secretary of the Interior. In adjudicating such applications, the General Land Office will give consideration to all rights and interests and to all attendant circumstances.

2. *Action by the register on conflicting applications.*—The register will not reject an application of the classes mentioned in the preceding paragraph solely for conflict with a prior application of such classes, but will suspend it and will attach to the original and each copy a memorandum stating the facts as to the conflict. The register will forward the original and copies of such applications as directed by the governing regulations.

3. *Regulations superseded and supplemented.*—These regulations supersede the regulations contained in Circular No. 1384 dated April 15, 1936, and supplement the regulations in Circulars Nos. 684, 1401 (revised), and 1408[1] dated November 23, 1934, April 30, 1937, and September 3, 1936, respectively.

FRED W. JOHNSON,
Commissioner.

Approved May 25, 1938.
OSCAR L. CHAPMAN,
Assistant Secretary.

TITLE 49—TRANSPORTATION AND RAILROADS

INTERSTATE COMMERCE COMMISSION

SPECIAL INSTRUCTIONS GOVERNING PROCEEDINGS UNDER THE MOTOR CARRIER ACT, 1935

MAY 31, 1938.

The Commission has adopted the following special instructions governing proceedings under the Motor Carrier Act, 1935, which revise, supplement, and correct the special instructions dated May 10, 1937.[2]

1. Except as indicated in these special instructions, proceedings under the Motor Carrier Act, 1935, are governed by the applicable or analogous provisions of the Commission's Rules of Practice.

2. When, in the Rules of Practice, reference is made to commissioners or examiners, it will be understood that the reference also includes a special board composed of State representatives (herein called "joint board") to whom matters have been referred pursuant to section 205 of the act for hearing, consideration, and recommendation of an appropriate order thereon (herein called "referred matter"). Those to whom matters are so referred will be called referees.

3. A referee may not grant leave to amend or file any pleadings, or to intervene, in a referred matter, upon application tendered at the hearing, if thereby the issues would be unduly broadened, or if thereby the issues would be so narrowed as to make the referred matter one which should properly be referred to a different referee.

(a) A person may enter his appearance at the hearing in proceedings upon applications under sections 206, 207, 208, 209, 211, 213, and 214, without formal intervention or other pleading: provided he discloses fully the identity of the party or parties in whose behalf the appearance is to be entered; that he states the interest of such party in the proceeding and the position he intends to take therein; and shows that his contentions will be reasonably pertinent to the issues already presented and disclaims any right to broaden them unduly. Those in whose behalf appearances are entered in this manner

[1] 1 F. R. 1372; 2 F. R. 836 (DI).
[2] 2 F. R. 1017 (DI).

thereby become parties to the proceeding, as if upon leave they had become interveners by the filing of a petition in intervention.

4. Formal complaints must be filed with the Commission at Washington and should be accompanied by a statement of the point at which hearing is desired. They should specifically name the States in which the assailed rates, fares, or charges apply. Addresses of all defendants should be shown in order to insure proper service. Sufficient copies must accompany each formal complaint to enable the Commission to serve one upon each defendant, to supply one to the State board of each State included within the scope of the complaint, and to retain three for its own use.

5. Informal complaints may be communicated to the Commission at Washington or at the nearest district office of the Bureau of Motor Carriers of the Commission.[1]

6. Protests against applications under any provisions of the Motor Carrier Act, 1935, or any requirement established pursuant thereto, must conform to the requirements of rule XXI of the Rules of Practice. They must contain a concise statement of the interest of the protestant in the proceeding and the grounds upon which the protest is based, and when practicable each ground of protest should be set up in separately numbered paragraphs.

7. In shortened procedure cases sufficient copies of memoranda should be submitted to enable the Commission to retain five copies, in addition to the original, for use by itself and the referees, and to make service upon each party previously designated to receive copies.

8. In referred matters, which are governed so far as applicable by the usual procedure of the Commission as to "proposed report" cases (Rule XIV of the Rules of Practice), the referee will fix the time for the simultaneous filing of briefs; and after the expiration of such time will file with the Commission a report and recommended order containing the statement of the issues and facts and the findings and recommended conclusions, which will be served by the Commission. Exceptions may be taken as provided by Rule XIV (d) 4 of the Rules of Practice. If no exceptions are filed within the period allowed the referee's recommended order shall become the order of the Commission and become effective unless within such period it is stayed or postponed by the Commission. If exceptions are filed within the period allowed the Commission will grant such review or make such orders or hold or authorize such further hearings or proceedings in the premises as may be necessary or proper. In all cases where an order becomes effective within the meaning of this rule a notice to that effect will be served on the parties.

9. A petition for rehearing, reargument, or reconsideration of an order entered in proceedings under the provisions of sections 206, 209, or 211 of the act, whereby applicants, after formal hearing, have been granted a certificate, permit, or license, must be filed within 30 days after service of the final report therein, or after service of notice that the recommended order of the referees has become effective, and the date of mailing of the report or notice to the parties shall be considered as the date of the service.

10. Whenever the Commission orders, without hearing, that a certificate of public convenience and necessity or a permit, under sections 206 or 209 of the act shall be issued and become effective on a designated date unless on the Commission's own motion or for good cause shown it is otherwise ordered, petitions for the staying of the order or for the withholding of the issuance of such certificate or permit, or other objection thereto, must be in writing, which shall contain a statement of the grounds relied upon, and be verified by one having knowledge of the facts therein stated. Such petition or objection shall be filed at the office of the Commission in Washington at least 10 days prior to the date designated in the order for the issuance of such certificate or permit.

11. Applications for the granting of any right, privilege, authority, or relief under any provision of Part II, or any requirement established pursuant thereto, and the reporting of certain information pursuant thereto, shall be in the form and contain the information called for on the appropriate form for each purpose as provided in the appendix hereto, and shall be filed and served, and shall otherwise conform to the instructions contained on the pertinent form.

[SEAL] W. P. BARTEL,
Secretary.

[SEAL] H. A. WALLACE,
Secretary of Agriculture.

JUNE 3, 1938.

PROPOSED DECISION AND ORDER OF SECRETARY OF AGRICULTURE ALLOTTING THE 1938 SUGAR QUOTAS FOR PUERTO RICO

General Sugar Quota Regulations, Series 5, No. 1, issued by the Secretary of Agriculture on December 20, 1937,[2] pursuant to the Sugar Act of 1937 (hereinafter referred to as the "act"), establish a 1938 sugar quota for Puerto Rico for the continental United States of 819,344 short tons, raw value.[3] General Sugar Quota Regulations Series 5, No. 2, issued by the Secretary of Agriculture on December 28, 1937,[4] establish a 1938 sugar quota for Puerto Rico for local consumption of 73,851 short tons, raw value.

Under the provisions of section 205 (a) of the act, the Secretary is required to allot a quota whenever he finds that the allotment is necessary (1) to assure an orderly and adequate flow of sugar or liquid sugar in the channels of interstate commerce, (2) to prevent the disorderly marketing of sugar or liquid sugar, (3) to maintain a continuous and stable supply of sugar or liquid sugar, or (4) to afford all interested persons an equitable opportunity to market sugar or liquid sugar within the quota for any area. Section 205 (a) also provides that such allotment shall be made after such hearing and upon such notice as the Secretary may by regulations prescribe. On December 31, 1937, the Secretary, pursuant to General Sugar Regulations, Series 2, No. 2,[5] issued a notice of a public hearing to be held in Washington, D. C., on January 14, 1938, for the purpose of receiving evidence to enable him to make a fair, efficient, and equitable distribution of the 1938 Puerto Rican sugar quotas among interested persons and such other evidence as might be pertinent to the exercise of the powers vested in the Secretary under section 205 (a) of the act.

Section 205 (a) of the act requires a preliminary finding of the Secretary as a condition precedent to the calling of a hearing. The Notice of Hearing and

Designation of Presiding Officers issued by the Secretary on December 31, 1937, provided in part as follows:

"Pursuant to the authority contained in Section 205 (a) of the Sugar Act of 1937 (Public, No. 414, 75th Congress) and on the basis of the information now before me, I, H. A. Wallace, Secretary of Agriculture, do hereby find that the allotment of the 1938 sugar quota for Puerto Rico for shipment to the continental United States (including the portion which may be filled by direct-consumption sugar, pursuant to section 207 (b) of said act) and the 1938 sugar quota for Puerto Rico for local consumption, established pursuant to sections 202 and 203, respectively, of the said act is necessary to prevent disorderly marketing and importation of such sugar * * *."

The preliminary finding was based upon information which the Secretary had to the effect that, for the calendar year 1938, Puerto Rican processors have an apparent excess of supplies over quota requirements of approximately 244,000 short tons of sugar.

The hearing was held in Washington, D. C., on the date specified in the notice. The evidence presented at that hearing was found inadequate to enable the Secretary to make a fair, efficient, and equitable distribution of the 1938 United States sugar quota for Puerto Rico and the 1938 Puerto Rican sugar quota for local consumption. Accordingly, on April 26, 1938, the Secretary issued a notice of a public hearing to be held in Washington, D. C., on May 3, 1938, for the purpose, among others, of receiving additional evidence to enable him to make a fair, efficient, and equitable distribution of such quotas. The notice of the hearing also contained a confirmation by the Secretary of his prior finding of December 31, 1937, to the effect that the allotment of the 1938 quotas for Puerto Rico is necessary to prevent the disorderly marketing and importation of sugar. The hearing was held on May 3, as specified in the notice, and was concluded on May 4.

The evidence presented at the hearing of May 3 indicated that the preliminary finding of the Secretary regarding the necessity for allotment of the quotas should be confirmed. Such evidence (p. 117 of the record) indicated that, for the calendar year 1938, there would be available for market in Puerto Rico approximately 1,137,000 short tons of sugar, consisting of 137,000 short tons of sugar in stocks carried over from prior years, and an estimated out-turn of the 1938 crop of approximately 1,000,000 tons. Since the quota requirements for 1938, both for the continental United States and for local consumption, are 893,195 short tons, raw value; Puerto Rican processors will have available for market an excess of supplies over quota requirements of approximately 244,000 short tons of sugar. Under these conditions, it is concluded that, without allotment of these quotas, disorderly marketing of sugar will result.

Section 205 of the act provides in part that:

"Allotments shall be made in such manner and in such amounts as to provide a fair, efficient, and equitable distribution of such quota or proration thereof, by taking into consideration the processings of sugar or liquid sugar from sugar beets or sugarcane to which proportionate shares, determined pursuant to the provisions of subsection (b) of section 302, pertained; the past marketings or importations of each such person; or the ability of such person to market or import that portion of such quota or proration thereof allotted to him."

Under section 302 (a) of the act the Secretary is required to fix proportionate shares of sugar beets or sugarcane for farms in each domestic sugar-producing area on the basis of which payments authorized in title III of the act are to be made. The proportionate share for a farm represents a share of the quantity of sugar beets or sugarcane for the extraction of sugar required to be processed to enable the producing area in which the farm is located to meet the quota (and provide a normal carry-over inventory) estimated by the Secretary for the calendar year during which the larger part of the sugar from the crop of sugar beets or sugarcane normally would be marketed. Section 301 of the act provides, as a condition of payment, that there shall not be marketed (or processed) an amount of sugar beets or sugarcane grown on the farm and used for the extraction of sugar in excess of the proportionate share for the farm.[1]

"Marketing allotments" made to Puerto Rican producers of sugarcane under the Jones-Costigan Act are equivalent to "proportionate shares" made to such producers under the present act. These marketing allotments for the calendar year 1936 were obtained as follows:

(a) A marketing allotment for each mill area was first computed on the basis of the average sugar production in such area during the years 1931, 1932, and 1934, adjusted to the estimated Puerto Rican sugar quota for 1936; and

(b) The base production of each producer was adjusted to the marketing allotment for the mill area in which the producer was located.

The base production of each producer, adjusted to the marketing allotment for the mill area in which he was located, became the producer's 1936 marketing allotment.

The 1936 marketing allotment of the processor was equal to the sum of the 1936 marketing allotments of individual growers whose sugar cane was ground by the processor in 1936.[2] These marketing allotments to processors were approved and ratified by the Congress in Public Resolution No. 109, approved June 19, 1936, which amended the Jones-Costigan Act.

Public Resolution No. 109 further provided that the Secretary might allot any sugar quota on the basis of prior allotments made under the Jones-Costigan Act. Accordingly, allotment of the 1937 Puerto Rican sugar quota was made on the basis of the 1937 marketing allotments[3] to individual growers and such individual growers' allotments were computed by adjusting the 1936 marketing allotments of individual growers to the 1937 sugar quota.

In view of the intention of Congress to hold the marketings of sugar beets and sugarcane for sugar within the limits of quota requirements, as expressed in title III of the act, and in view of the further fact that allotments to processors for the past two years under similar legislation have been made on the basis of marketing allotments to producers, it is concluded that, in order to provide a fair, efficient, and equitable distribution of the quotas for Puerto Rico, allotments should be made on the basis of the first standard stated in the act, namely, the processings of sugar from sugarcane to which proportionate shares, determined pursuant to section 302 of the act, pertain.

The use of either or both of the other two standards given in the act (except insofar as "past marketings" are reflected in the determination of proportionate shares), namely, "past marketings" and "ability * * * to market", would not provide a fair, efficient, and equitable distribution of the quotas, since allotments resulting therefrom would not protect the interest of individual producers of sugarcane in Puerto Rico.[4] It is believed that the act contemplates the allotment of the quota which will be fair and equitable to producers of sugar beets and sugarcane, as well as those who market the sugar made therefrom. If allotments were made on any basis other than that proposed, individual producers in Puerto Rico would have no assurance that they would be able to market the entire amount of their proportionate shares.

[1] Section 301 (e) of the act provides that this condition shall not apply to the first crop harvested after the enactment of the act. Hence the condition is not applicable to the 1938 crop in Puerto Rico.

[2] The marketing allotments made to processors by this method resulted in allotments practically identical with those that would have been made had the allotments been based on the marketings of processors during the years 1931, 1932, and 1934. The maximum variation amounted to .619% and the minimum variation amounted to .002%. In the majority of cases the variation was less than .1 of 1%.

[3] Since no payments were made with respect to the 1937 crop of sugarcane in Puerto Rico, the allotments were made solely for purpose of computing allotments to processors.

[4] Eastern Sugar Associates and Central Igualdad contend that allotments should be made on the basis of past marketings or ability to perform (pages 18, 37, and 38 of the record of hearing of January 14 and page 132 of record of hearing of May 3). None of the other 32 processors of sugarcane in Puerto Rico has objected.

At the time of the issuance of the notice of the hearing of May 3, all interested persons were furnished with proposed allotments (Government Exhibits 1 and 8) based upon the determination of proportionate shares for the 1938 crop of sugarcane in Puerto Rico, which determination was issued by the Secretary on January 11, 1938 (Government Exhibit No. 14). The proposed allotment of each processor represented the sum of the proportionate share made to the processor as producer plus the proportionate shares to individual producers whose 1938 crop the processor has agreed to grind. The proposed allotments were based upon contracts for grinding made by processors up to April 6, 1938. At the hearing of May 3, however, there was introduced in evidence the sum of the proportionate shares of sugarcane which processors had contracted to grind up to April 30, 1938 (Government Exhibit No. 11). The total includes also any proportionate share established for the processor under the Secretary's determination.

The evidence presented at the hearing shows that on April 30, 1938, Puerto Rican processors had commitments for grinding proportionate shares of sugarcane of the 1938 crop (including administration sugarcane) in the following amounts (Government Exhibit 11):

Processors	*Summation of 1938 Proportionate Shares*
Aguirre (3 mills)	108,082

Total	951,284
Reserve for future allotment	2,594
	953,878

The reserve for future allotment represents proportionate shares which on April 30, 1938, were not under contract for grinding. The total of the proportionate shares of 953,878 short tons of sugar represents the amount of sugar which the Secretary estimated to be necessary to enable Puerto Rico to meet its 1938 quota and provide a normal carry-over inventory (Government Exhibit No. 13).

On the basis of the record of the hearings, I hereby find:

1. That for the calendar year 1938 Puerto Rican processors of sugar will have available for market, 1,137,000 short tons of sugar.

2. That for the calendar year 1938 Puerto Rican processors of sugar will have supplies in excess of quota requirements of 244,000 short tons of sugar.

3. That as of April 30, 1938, Puerto Rican processors had commitments to grind proportionate shares of sugarcane of the 1938 crop in the following amounts:

Processors	*Summation of 1938 proportionate shares*
Aguirre (3 mills)	108,082

	953,878

On the basis of the foregoing, I hereby determine and conclude that the allotment of the 1938 sugar quota for Puerto Rico for the continental United States and the 1938 sugar quota for Puerto Rico for local consumption is necessary in order to prevent disorderly marketing of sugar, and that in order to make a fair, efficient, and equitable distribution of such sugar, as required by section 205 (a) of the act, allotments should be made on the basis of proportionate shares, determined pursuant to section 302 of the act, by multiplying the sum of the 1938 proportionate shares of sugarcane to be ground by each processor (based on contracts as of April 30, 1938) (1) by 85.8960999[1] per centum to obtain the continental United States marketing allotment, (2) by 7.742185[2] per centum to obtain the marketing allotment for local consumption, and (3) by 6.361715[3] per centum to obtain the allotment for a normal carry-over inventory.

ORDER

Pursuant to the authority vested in the Secretary of Agriculture by section 205 (a) of the act, it is hereby ordered:

1. That the said quantity of 819,344 short tons, raw value, and the said quantity of 73,851 short tons, raw value, of sugar, representing the 1938 quota for Puerto Rico for the continental United States and the 1938 quota for local consumption in Puerto Rico, respectively, shall be allotted to the following processors in the amounts which appear opposite their respective names:

2. That the above-named processors are hereby prohibited from bringing into the continental United States from Puerto Rico, for consumption during the calendar year 1938, or from marketing

[1] Percentage which the quota for marketing in the continental United States is of 1938 quota requirements plus a normal carry-over inventory.

[2] Percentage which the quota for local consumption is of the 1938 quota requirements plus a normal carry-over inventory.

[3] Percentage which the normal carry-over inventory is of the 1938 quota requirements plus a normal carry-over inventory.

locally in Puerto Rico during the calendar year 1938, any sugar in excess of the respective marketing allotments therefor set forth in paragraph 1.

3. That the quantity of sugar specified in paragraph 1 as "Reserve for future allotment" shall be allotted to processors who contract to grind the proportionate shares represented thereby, and the allotments of such processors set forth above shall be increased accordingly.

4. That any increase or decrease in the 1938 sugar quotas for Puerto Rico shall be prorated among processors on the basis of the allotments set forth above, and that one and one-half per centum of the allotment for marketing in the continental United States made to each processor shall be withheld (but not beyond December 1, 1938) for adjustments in the event of a decrease in the 1938 quota for Puerto Rico for marketing in the continental United States pursuant to section 201 of the act.

5. That the allotments established above shall not be assigned or transferred without the approval of the Secretary or his duly appointed agent.

APPLICATIONS OF GARRETT O. HOUSE, JOHN F. MCGUIRE, JOSEPH B. ERBLANG, ERNEST H. COTTON, JAMES S. MCMILLEN, ROY F. MILLER, LESLIE N. GOBLER

ORDER FIXING DATE OF HEARING

JUNE 1, 1938.

Commissioners: Clyde L. Seavey, Acting Chairman; Claude L. Draper, Basil Manly, John W. Scott.

It appearing to the Commission that:

(a) Upon applications separately filed by the above-named applicants pursuant to Section 305 (b) of the Federal Power Act for authorization to hold certain interlocking positions within the purview of said Section 305 (b), it is in the public interest that each of the above-named applicants make further showing that neither public nor private interests will be adversely affected by reason of his holding said positions;

(b) Such further showing can best be made in the form and manner of a public hearing held for that purpose;

(c) The application of each of the above-named applicants contains the following request:

"In view of the fact that the Companies covered herein are all included in the Northern States Power Company group with respect to which a general public hearing is to be held in re Robert F. Pack, I. D. 546, et al., in the City of Chicago, Illinois, on June 15, 1938, Applicant respectfully requests that the Commission also act upon this Application on the same date and at the same place.";

The Commission orders that:

A public hearing on said applications be held beginning on June 15, 1938, at 10 a. m., in room 988, Merchandise Mart, Chicago, Illinois, and that at said hearing each of the above-named applicants make further showing that neither public nor private interests will be adversely affected by reason of his holding positions within the purview of Section 305 (b) of the Federal Power Act.

IN THE MATTER OF NEW YORK STATE ELECTRIC & GAS CORPORATION

ORDER RELATIVE TO ISSUE AND SALE OF NOTE AND ISSUE AND PLEDGE OF BONDS PREVIOUSLY AUTHORIZED BY STATE COMMISSION

New York State Electric & Gas Corporation, a subsidiary company of NY PA NJ Utilities Company, Associated Gas & Electric Corporation, and Associated Gas & Electric Company, registered holding companies, having duly filed with this Commission an application pursuant to Section 6 (b) of the Public Utility Holding Company Act of 1935 for exemption from the provisions of Section 6 (a) of said Act of the issue and sale, by the applicant to the Rural Electrification Administration of the United States of America, for cash, at its face value, of a 2.88% Serial Note for $250,000, to be secured by $336,000 principal amount of applicant's first mortgage bonds, 4% Series, due 1965, (exemption also being sought for the issuance of such bonds as collateral security); a hearing on said application, as amended, having been duly held after appropriate notice;[1] the record in this matter having been examined; and the Commission having made and filed its findings herein;

It is ordered, That the issue and sale of such note, and the issue and pledge as collateral security of such bonds, be, and the same hereby are, exempted from the provisions of Section 6 (a) of the Public Utility Holding Company Act of 1935; subject, however, to the following conditions:

(1) That such issue and sale of such note, and issue and pledge of the bonds shall be in compliance with the terms and conditions of, and for the purposes represented by, said application, and in compliance with the terms and conditions imposed by the order of the Public Service Commission of New York.

(2) That such exemption shall immediately terminate, without further order of this Commission if, at any time, the authorization of the issue and sale of the note and issue and pledge of the bonds by the Public Service Commission of New York shall be revoked or shall otherwise terminate.

(3) That such bonds shall not be sold except at a bona fide sale by or on behalf of the pledgee, or its successors or assigns, to satisfy said note, or by the purchaser at such sale, or by his or its successors or assigns.

(4) That within ten days after the issue and sale of such note, and the issue and pledge of the bonds, the applicant shall file with this Commission its certificate of notification showing that the issue and sale of the note and the issue and pledge of the bonds have been effected in accordance with the terms and conditions of, and for the purposes represented by said application.

By the Commission.

BUREAU OF AGRICULTURAL ECONOMICS

PUBLIC NOTICE ESTABLISHING STANDARDS FOR GRADES OF COTTONSEED SOLD OR OFFERED FOR SALE FOR CRUSHING PURPOSES WITHIN THE UNITED STATES

By virtue of the authority vested in the Secretary of Agriculture by the Act of Congress entitled "An Act making appropriations for the Department of Agriculture for the fiscal year ending June 30, 1938, * * * and for other purposes" (Public No. 173, 75th Congress), I, H. A. Wallace, Secretary of Agriculture do hereby fix, establish, and promulgate the following official standards of the United States for grades of cottonseed sold or offered for sale for crushing purposes, the same to supersede the standards for cottonseed promulgated July 30, 1937,[1] and to be in force and effect as long as Congress shall provide the necessary authority therefor, unless amended or superseded by standards hereafter prescribed and promulgated under such authority.

SECTION 1. The grade of cottonseed shall be determined from the analysis of samples, and it shall be the result, stated in the nearest whole or half numbers, obtained by multiplying a quantity index by a quality index and dividing the result by 100 as hereinafter provided.

(a) The basis grade of cottonseed shall be grade 100.

(b) High grades of cottonseed shall be those grades above 100.

(c) Low grades of cottonseed shall be those grades below 100.

SEC. 2. The following formulae shall be used in determining the quantity index of cottonseed:

(a) For cottonseed that by analysis contain 17 percent or more of oil, the quantity index shall equal 4 times the percentage of oil, plus 6 times the percentage of ammonia, plus 5.

[1] 2 F.R. 1608 (DI).

(b) For cottonseed that by analysis contain less than 17 percent oil, the quantity index shall equal 5 times the percentage of oil, plus 6 times the percentage of ammonia, minus 12.

SEC. 3. The quality index of cottonseed shall be an index of purity and soundness, and shall be determined as follows:

(a) *Superior quality cottonseed.*—Cottonseed that, by analysis, contain not less than 18.7 percent oil, nor more than one-half of one percent foreign mater, 8 percent but not more than 10.0 percent moisture, and not more than one-half of one percent free fatty acids in the oil in the seed shall be known as superior quality cottonseed and shall have a quality index of 102.

(b) *Prime quality cottonseed.*—Cottonseed that, by analysis, contain not more than 3 percent foreign matter, not more than 12 percent moisture, and not more than 1.8 percent free fatty acids in the oil in the seed, shall be known as prime quality cottonseed and shall have a quality index of 100.

(c) *Subquality cottonseed.*—The quality index of cottonseed that, by analysis, contain foreign matter, moisture, and/or free fatty acids in the oil in the seed in excess of the percentages shown in section 3–6 shall be found by reducing the quality index of prime quality cottonseed as follows:

(1) Not to exceed five-tenths of a unit for each 0.1 percent of free fatty acids in the oil in the seed in excess of 1.8 percent.

(2) Not to exceed 1 unit for each 1 percent of foreign matter in excess of 3 percent.

(3) Not to exceed 1 unit for each 1 percent of moisture in excess of 12 percent.

Such cottonseed shall be known as subquality cottonseed, except as hereinafter provided.

(d) *Off quality cottonseed.*—Cottonseed that have been treated by either mechanical or chemical process other than the usual cleaning, drying, and ginning (except such sterilization as may be required by the United States Department of Agriculture for quarantine purposes) or that are fermented and hot, or that upon analysis are found to contain 12 percent or more free fatty acids in the oil, or more than 10 percent foreign matter, or more than 18 percent moisture, or

TITLE 25—INDIANS

OFFICE OF INDIAN AFFAIRS

REGULATIONS RELATING TO THE ISSUANCE OF PATENTS IN FEE, CERTIFICATES OF COMPETENCY, THE SALE OF ALLOTTED AND INHERITED INDIAN LANDS, INCLUDING LANDS BELONGING TO THE FIVE CIVILIZED TRIBES, AND THE REINVESTMENT OF THE PROCEEDS IN NON-TAXABLE LANDS

PATENTS IN FEE

MAY 7, 1938.

SEC. 1. The Act of May 8, 1906 (34 Stat., 183) provides for the issuance of patents in fee to Indian allottees.

The Secretary of the Interior, whenever he shall be satisfied that any Indian 21 years of age or over is capable of managing his or her affairs and has made an application therefor, may cause to be issued to such applicant a patent in fee for his original or inherited land held under a trust patent. This Act does not apply to members of the Five Civilized Tribes or the Indians under the jurisdiction of the Quapaw, Kaw, or Osage Agencies. The issuance of a patent in fee is discretionary with the Secretary of the Interior. Such a patent will not be issued unless it can be affirmatively shown that its issuance will not affect unfavorably the consolidation and use by the Indians of restricted Indian lands and that the applicant is in all respects competent to care for his or her own affairs. Such competency must be shown affirmatively regardless of the blood status of the applicant.

SEC. 2. All applications for patents in fee should be made on form 5–105 to the Superintendent having jurisdiction over the land the applicant seeks to have patented. Whenever an applicant for a patent in fee is obviously not qualified to receive one, or the land covered by the application lies within a territory largely occupied and used by Indians, the Superintendent will deny his application in writing, stating therein the reasons therefor and advising the applicant that he may if he desires appeal to the Commissioner of Indian Affairs. A copy of the Superintendent's denial should be furnished the Indian Office for its records. All cases in which Superintendents are in doubt that an application should be denied and in those cases in which they believe the applications should be approved are to be submitted to the Indian Office accompanied by the recommendation of the tribal council, tribal executive committee, or other governing body.

CERTIFICATES OF COMPETENCY

SEC. 3. Applications on form 5–105, modified for Certificates of Competency authorized by Section 1 of the Act of June 25, 1910 (36 Stat., 855) shall be filed with the Indian Superintendent having jurisdiction over the land from which the allottee or heirs seek to have all restrictions removed. When the land is not located within the territorial limits of an Indian reservation the allottee or heirs may petition the most convenient Superintendent or other officer in charge of an Indian Agency or Indian Tribe or such other public officer of the United States as may be designated by the Secretary of the Interior, who shall take like action as if the lands were within the territorial limits of an Indian reservation.

SEC. 4. Reports on applications for Certificates of Competency should be on form 5–110f and should be accompanied by the recommendation of the tribal council. The issuance of a Certificate of Competency is discretionary with the Secretary of the Interior. Such a certificate will not be issued unless it can be affirmatively shown that its issuance will not affect unfavorably the consolidation and use by the Indians of restricted Indian lands. The provisions of the Act of June 25, 1910 apply only to Indians or their heirs to whom a patent in fee containing restrictions on alienation has been issued.

CERTIFICATES OF COMPETENCY, OSAGE

SEC. 5. Paragraph 7 of section 2 of the act of June 28, 1906 (34 Stat. 539, 542), and section 5 of the act of March 2, 1929 (45 Stat. 1478), provide for the issuance of certificates of competency to Osage Indians.

SEC. 6. Applications for the issuance of certificates of competency to adult members of the Osage Tribe of Indians shall be on forms prescribed by the Secretary of the Interior. These forms may be obtained from the Superintendent of the Osage Indian Agency, Pawhuska, Oklahoma. If the applicant be of one-half or more Indian blood and the Secretary finds that the applicant is capable of managing his or her own affairs and transacting his or her own business, a certificate of competency removing the restrictions from the surplus lands and funds of the applicant may be issued to be effective 30 days from the date of its issuance.

All restrictions against the alienation of allotment selections, both homestead and surplus, of all adult Osage Indians of less than one-half Indian blood, were removed by the act of March 3, 1921 (41 Stat. 1249). Certificates of competency may, however, be issued to Osage Indians of less than one-half blood and such certificates, when issued, will have the effect of releasing from Federal control all funds accrued and accruing to the applicants from the Osage tribal income.

The issuance of certificates of competency in all cases is discretionary with the Secretary of the Interior. Certificates of competency will not be issued unless it can be affirmatively shown that its issuance will not affect unfavorably the consolidation and use by the Indians of restricted Indian lands.

CERTIFICATES OF COMPETENCY, KAW OR KANSAS INDIANS

SEC. 7. Section 10 of the Act of July 1, 1902 (32 Stat. 639–640) provides for the issuance of Certificates of Competency to the Kaw or Kansas Indians.

SEC. 8. Applications for the issuance of Certificates of Competency to adult members of the Kaw or Kansas Tribe of Indians shall be upon forms prescribed by the Secretary of the Interior and furnished by the Superintendent in charge of Kaw or Kansas allottees, Pawnee, Oklahoma.

SEC. 9. When the Secretary of the Interior finds that the applicant is capable of transacting his or her own affairs and transacting his or her own business, the restrictions may be removed and a Certificate of Competency issued to be effective 30 days from the date of its issuance. The issuance of a Certificate of Competency is discretionary with the Secretary of the Interior. Such a certificate will not be issued unless it be affirmatively shown that its issuance will not affect unfavorably the consolidation and use by the Indians of restricted Indian lands.

PARTITIONS OF INHERITED ALLOTMENTS

SEC. 10. The Act of June 25, 1910 (36 Stat., 855) as amended by the Act of May 18, 1916 (39 Stat., 127) provides for the partition of inherited Indian allotments and the issuance of patents to the heirs for the lands set apart to each.

SEC. 11. In case the trust land of a deceased allottee is susceptible of partition among the heirs, the Secretary of the Interior may make such partition and issue new patents to the several heirs for the portions selected by them. If the allotment is held under a restricted fee title (as distinguished from a trust title) partition may be made by approved deeds among the heirs. Petitions for partition should be made upon form 5–110 1.

SALE OF ALLOTTED LANDS EXCLUSIVE OF FIVE CIVILIZED TRIBES

SEC. 12. On all reservations heirship lands may be sold by the Secretary of the Interior to an Indian tribe. Such sale may be made with or without the consent of the interested heirs. It is necessary that reasonable compensation be paid by the tribe for the land thus sold. Such reasonable compensation may be based upon the actual income-producing prospects and record of the land, due consideration being given to the expenses of leasing created by heirship status in so far as these expenses would be deducted from the sums paid to the lessors. Except for the requirement that 10 percent of the purchase price be paid in advance, the terms of payment are within the discretion of the Secretary of the Interior.

SEC. 13. On reservations within the act of June 18, 1934, sales of heirship land may be made to the United States in trust for the tribe or for individual Indians. With respect to the terms and manner of sale and the basis of valuation, Section 12 hereof shall govern.

SEC. 14. On reservations not within the act of June 18, 1934, heirship lands may be sold directly to individual Indians or to an Indian cooperative or tribe. It is within the discretion of the Secretary of the Interior to make such sales with or without the consent of the heirs, without calling for bids or after bids have been called for. Patents in fee must issue to the purchaser upon final completion of payments for the land, unless all the heirs join in making a conveyance of the trust title. If bids are called for, the call for bids may limit the bidders either to Indians or to Indians of a particular tribe or to Indians interested in the particular estate or to any other reasonably defined class of Indians, provided that in any case a fair price, in the light of all circumstances, is obtained for the land that is sold. With respect to the terms and manner of sale, and the basis of valuation, Section 12 hereof shall govern.

SEC. 15. On reservations not under the Indian Reorganization Act, in cases where sales cannot be consummated pursuant to sections 12, 13 and 14 of the regulations, sales may be made of both original and inherited allotments. In such cases sales of Indian lands except where special or specific acts govern, are authorized under the acts of May 27, 1902 (32 Stat., 245–275); March 1, 1907 (34 Stat., 1015, 1018); June 25, 1910 (36 Stat., 855) as amended by the act of April 30, 1934 (48 Stat., 647).

PREFERENCE RIGHT IN OKLAHOMA

SEC. 16. In the case of any sale of restricted Indian land at public auction or by sealed bids in Oklahoma, except in the case of the Osage Reservation, the act of June 26, 1936 (49 Stat., 1967), provides in part that whenever any restricted Indian land or interests in land other than sales or leases of oil, gas, or other minerals therein, are offered for sale, pursuant to the terms of this or any other Act of Congress, the Secretary of the Interior shall have a preference right, in his discretion, to purchase the same for or in behalf of any other Indian or Indians of the same or any other tribe, at a fair valuation to be fixed by the appraisement satisfactory to the Indian owner or owners, or if offered for sale at auction said Secretary shall have a preference right, in his discretion, to purchase the same for or in behalf of any other Indian or Indians by meeting the highest bid otherwise offered therefor.

In order to expeditiously carry out these requirements Superintendents or other officers in charge of the several Indian Agencies and reservations in the State of Oklahoma, except Osage, are required to keep close watch for notice of the sale of restricted Indian land at public auction or through sealed bids. In all cases of this class full cooperation of State and County authorities is desired, and in order to avoid unnecessary delay in exercising the preferential right and in waiving it in cases where the lands are not wanted for Indian purposes, and to avoid undue hardship either to the Indian or to others in the exercise of such preferential right, such cases shall receive prompt consideration by the several agencies and officers in the field and forwarded to the Indian Office and the Department to the end that this right to purchase shall be either exercised or waived as promptly as circumstances will permit. Such preference right to purchase is placed in the Secretary of the Interior under the Act and is recognized as remaining in full force and effect until released by said Secretary through endorsement on deeds of conveyance or in an appropriate order the form of which is "Preference right of purchase resting in the Secretary of the Interior under section 2 of the Act of June 26, 1936 (49 Stat., 1967), is hereby waived as to the lands herein described."

SEC. 17. Preference right of purchase is not to be construed as indiscriminate land purchasing. Land acquired under this Act must be agricultural or grazing of good character and quality. The purchase of town lots or homesites is not authorized. The Superintendent is to exercise this right to purchase in areas where there are Indian settlements and schools available for education of the children, or at other points where desirable lands can be obtained in comparatively consolidated areas for Indian benefit. All lands being considered for purchase must be carefully examined and appraised. The Superintendent whenever feasible shall utilize the services of the special land purchasing force and in

[3] 2 F. R. 2048 (DI).

all instances the Land Field Agent's office must be notified of each such proposed purchase to the end that his record of land acquisition in Oklahoma may be kept current. Where Superintendents conduct all the land purchase activities within their jurisdiction all papers are to be transmitted direct to the Commissioner for consideration and appropriate action. In all cases copies of such papers are to be sent to the Land Field Agent. In those cases where the purchase work has been handled by or with the assistance of the Land Field Agent's force, all purchase papers should be routed through the Land Field Agent for preparation of report to the Commissioner.

SEC. 18. Where restricted lands are offered for sale which are not within an area wanted for rehabilitation or other Indian purposes and the Superintendents in charge are fully satisfied that the tract or tracts offered will not be needed in connection with the land program, Superintendents are hereby authorized to waive such preferential purchase right for and on behalf of the Secretary of the Interior.

SEC. 19. Funds derived from the sale of restricted lands may be used to acquire other lands as provided for by the Act of March 2, 1931 (46 Stat., 1471) as amended by the Act of June 30, 1932 (47 Stat., 474). The lands so acquired shall be restricted and non-taxable as provided in said Act.

METHOD OF SALES

SEC. 20. Any Indian owner may petition the Commissioner of Indian Affairs through his Superintendent, or other officer in charge, for the sale of the land described therein. When petition is made for the sale of an original allotment, there must be set forth clearly, on form 5–110, the reason for the sale and a showing made as to whether the allotment, or any part thereof, is leased; and if so, the annual rental thereof. The owner must subscribe his name or affix his mark or thumb mark to the petition.

SEC. 21. If the petition is made by the heirs of a decedent, it shall set forth every material fact necessary to show full title in the petitioners, on form 5–110j, and shall be signed by all the adult heirs on their own behalf, by the guardian of a minor heir who has such guardian, and by the Superintendent or other officer in charge of the Agency or School on behalf of any orphan minor heir.

Guardians for orphan minors and mental incompetents duly appointed by the properly constituted authority under the terms, provisions and conditions of the constitution, by-laws or charter of the tribe or tribes of such reservation shall be recognized.

SEC. 22. Only parents will be recognized as natural guardians. If the father and mother are living together, the father must sign the petition on behalf of his minor child; otherwise the parent having the actual care and custody of the minor must sign. No sale of inherited land shall be permitted without a petition from the heirs except when expressly authorized by the Department.

SEC. 23. When the land is not located within the territorial limits of an Indian reservation the owner thereof must petition the most convenient Superintendent or other officer in charge of an Indian Agency or Indian Tribe or such other officer of the United States as may be designated by the Secretary of the Interior, who may take like action thereon as if the land were within the territorial limits of an Indian reservation.

SEC. 24. Purchasers shall pay all costs of conveyancing and in addition the following sums, to wit: If the purchase price is $1,000 or less, $1.50. If it be more than $1,000 and not more than $2,000, $2. If the purchase price is more than $2,000, $2.50. Such fees should not be included in checks covering payment for the land, but collected separately, taken into accounts as "Sundry receipts" and deposited to the credit of the United States.

SEC. 25. In all cases of the sale of restricted allotted Indian lands, either on a cash basis or on deferred payments, the purchasers will be required to deposit with the Superintendent, in addition to the consideration for the land and the fee provided for in Section 17 hereof, the sum of $20, such amount to be paid when the purchaser is notified that he is the successful bidder. This fee is collected for the purpose of paying for the work incident to the sale as required by the Act of February 14, 1920 (41 Stat., 415) as amended by the Act of March 1, 1933 (47 Stat., 1417). The fee may be reduced to a lesser amount than $20 or to a nominal amount if the circumstances justify such reduction in the discretion of the Secretary of the Interior. The sales fee if conditions warrant may be deducted from the proceeds of sale.

SEC. 26. In sales involving irrigable land, the purchaser will be required to pay the proportionate per acre construction cost of the particular project to be assessed against the land. Payments made by the Indian owner prior to July 1, 1932 will be taken into consideration in fixing the appraisements of the land. All appraisements covering irrigable land will be submitted to the Supervising or Project Engineer of the district in which such land is situated for his approval. Purchasers will be required to pay in addition to the per acre construction cost the annual operation and maintenance charges assessed against the land which will be based on the annual cost of the operation of the system. All such charges remaining unpaid as of the date of the acceptance of the bid must be paid by the purchaser. In all cases purchasers will be required to enter into an agreement for the payment of all such charges. A lien clause covering the cost of all irrigation charges, past and future, will be inserted in the patent or other instrument issued to the purchaser.

SEC. 27. Before any tract of land is offered for sale the Superintendent or other officer in charge shall visit, view and appraise it at its full value for the purpose for which it is best adapted, according to his best judgment. If a Superintendent or other officer in charge is for any cause unable personally to appraise the lands he shall require the appraisement to be made by the officer or employe under his charge best qualified for the purpose. No bid for less than the appraised value will be considered. If the appraisement is made by a person other than the Superintendent or officer in charge, the Superintendent or officer in charge shall file with the papers a certificate of the qualifications and integrity of the appraiser, to the effect that he believes the appraisement to be the value of the land. Lands shall not be offered for sale unless an appraisement thereof has been made within six months prior thereto. Certificates of appraisement should be made on form 5–110a.

BIDS

SEC. 28. Each bid on Indian lands offered for sale must be accompanied by a duly certified check payable to the order of the Superintendent or other officer in charge for the use of the vendor, for not less than 10 per cent of the offer made, as a guaranty of the bidder's faithful performance of his proposition. If the bid is accepted and the successful bidder shall within 30 days after due notice fail to comply with the terms of his bid, his deposit shall be forfeited to the use of the owner of the land. All bids should be enclosed in a sealed envelope which must be marked by the bidder "Bid for Indian Land" and show the date of opening, but the description of the land shall not be noted on the envelope.

SEC. 29. No bidder will be permitted to include more than one allotment in any bid, but if a prospective purchaser desires to bid on more than one allotment he must submit a separate bid for each allotment. A bidder shall have the privilege, however, of designating in his bid not more than three allotments as first, second and third choice and his offer on each such allotment will be considered according to such designations. In that case but one certified check for 10 per cent of the highest amount offered by him need acompany the bid.

SEC. 30. Under no circumstances will the Superintendent or other officer in charge or any person connected with the Agency office or the Indian Service directly or indirectly be permitted to bid or to make or to prepare any bid or assist any bidder in preparing his bid.

SEC. 31. The right to reject any and all bids is reserved to the Commissioner of Indian Affairs.

SEC. 32. Bidders, owners and other interested persons may be present when bids are opened and when so opened the bids shall be recorded in a book or on cards kept for that purpose so as to show the name of the bidder, description of the land, amount offered, and action taken thereon. The award shall be made to the highest bidder and the checks of the unsuccessful bidders shall be returned immediately to them, receipts therefor being taken and filed at the Agency.

SEC. 33. The exchange submitted with the bid of the successful bidder shall be immediately deposited by the Superintendent or other officer in charge to his official credit in a designated depositary for Individual Indian Money. As soon as practicable the Superintendent or other officer in charge shall require the successful bidder to furnish additional exchange for the remaining 90 per cent of the amount bid, which shall be deposited forthwith to the official credit of the disbursing officer in the same depositary to await the action of the Department on the sale.

SEC. 34. In any case where the Indian owner and purchaser desire, a sale may be completed on the deferred payment plan and in such case the purchaser shall pay not less than 25 per cent of his bid in cash and execute notes for the balance payable in three equal payments on or before one, two and three years after date, on form 5–110g.

SEC. 35. At the time the petition for sale is executed by the allottee or heirs interested they should designate thereon whether they wish the sale to be made for cash or on deferred payments bearing the usual rate of interest of the locality. In deferred payment sales 10 per cent of the purchase price should accompany the bid, an additional 15 per cent to be paid when the bid be accepted, and the balance to be paid on or before one, two and three years. When the purchase price and the agreed interest on the notes have been paid in full, a patent in fee will be issued to the purchaser or his assigns, and in cases where a patent in fee is not authorized by law or cannot be issued on account of irregular description of the land, a deed executed by the allottee or heirs and approved by the Secretary of the Interior will be delivered to such purchaser or assignee. When lands are sold on deferred payments a certificate or memorandum of purchase, setting out fully the terms thereof and approved by the said Secretary, will be delivered to the purchaser. If the purchaser makes default in the first or subsequent payments, all payments, including interest, previously made will be forfeited to the Indian owner. When lands are sold on deferred payments, and title is to be conveyed by approved deed, the deed shall be held in the Indian Office in escrow until full payment is made when it will be delivered to the grantee.

SEC. 36. All sales of lands made under the Acts referred to herein, to be valid must be approved by the Secretary of the Interior and accompanied by the original petition for sale, the appraisement, all bids relating to the land covered by the petition, and a full report in accordance with Forms 5–110e, 5–110m or 5–110n or as required by the Commissioner of Indian Affairs, by the Superintendent or other officer in charge of all proceedings prior to his report which relates to the sale.

REMOVAL OF RESTRICTIONS, AND THE SALE OF LANDS OF THE FIVE CIVILIZED TRIBES, AND THE REINVESTMENT OF FUNDS IN NON-TAXABLE LANDS

SEC. 37. Sections 1 and 9 of the Act of May 27, 1908 (35 Stat., 312–315) as amended and supplemented by Section 1 of the Act of May 10, 1928 (45 Stat., 495) and Sections 1 and 8 of the Act of January 27, 1933 (47 Stat., 777–779) authorized the removal of restrictions and sales of restricted allotted and inherited lands of the Five Civilized Tribes in Oklahoma. Restricted funds derived from the sale of such restricted lands may be used to acquire other lands for such Indians, as provided for in the Act of March 2, 1931 (46 Stat., 1471) as amended June 30, 1932 (47 Stat., 474) and the lands so acquired for such Indians to the extent provided for in said Act shall be exempt from taxation.

SEC. 38. Subject to the limitations of Order No. 420, approved on August 14, 1933, precluding the removal of restrictions and sales of land except in individual cases of great distress or other emergency, etc., applications must be made in triplicate on approved form Five Civilized Tribes, 5–484. These forms will be furnished free of charge on application to the Superintendent for the Five Civilized Tribes or any field clerk.

SEC. 39. When an application is received by the field clerk, he shall, after investigation, including a personal interview with the applicant, forward the application with report and recommendation to the Superintendent for the Five Civilized Tribes to be transmitted with his report and recommendation for such action as the Secretary of the Interior may deem proper.

SEC. 40. Upon proper showing to the Secretary of the Interior that an applicant for the removal of restrictions should have the unrestricted control of his allotment or a part thereof, he may remove the restrictions therefrom.

SEC. 41. When the Secretary of the Interior finds it to be for the best interest of any applicant that all or part of his restricted lands should be sold with conditions concerning terms of sale and disposal of the proceeds, he may remove the restrictions, to become effective only and simultaneously with the execution of a deed by said applicant and issue an order specifically providing the terms under which the land may be sold and providing for the disposal of the proceeds.

SEC. 42. The Superintendent for the Five Civilized Tribes will advertise for sale at public auction for not less than 30 days the land included in conditional removal of restrictions orders by posting notices at his office; at the offices of the several field clerks, and at the county court houses of the Five Civilized Tribes area. Such notices shall contain information as to time and place of sale, legal description of the land, information as to character of land, minimum price at which the land may be sold, and terms of sale, with reservation of right to reject any bid submitted. The determination of the minimum price at which lands may be sold will be made by the Superintendent after an inspection and appraisement of the land by a representative of his office. No bid for an amount less than the minimum price will be considered. All cost of conveyance and recording shall be at the expense of the purchaser.

SEC. 43. Bids may be made in writing on any of the lands to be offered for sale. Any written bid submitted to be given consideration must be received at the place of sale prior to the hour of sale by the officer named in the notice offering the land for sale and accompanied by a deposit of 10 per cent of the amount bid. Deposits accompanying unsuccessful bids will be returned promptly. Each successful oral bid must be accompanied by a deposit of 10 per cent of the amount bid as guaranty of faithful compliance of the bidder with the terms of sale.

SEC. 44. A remittance of $20 will be required from the successful bidder as a land sale fee on each tract sold. This fee is collected for the purpose of paying for the work incident to the sale as required by the Act of February 14, 1920 (41 Stat., 415) as amended by the Act of March 1, 1933 (47 Stat., 1417). Where the circumstances justify a reduction in the sales fee the Secretary of the Interior may reduce the amount. The sales fee if conditions warrant and the advertisement so provides may be deducted from the proceeds of the sale.

If a bid is accepted and the successful bidder shall fail within 10 days from the receipt of notice of the acceptance of his bid, to comply with the terms thereof, such deposit will be subject to forfeiture by the Superintendent for the Five Civilized Tribes for the use of the owner of the land.

The proceeds of all such sales shall be held by said Superintendent for the Five Civilized Tribes in his official capacity, and be disbursed for the benefit of the respective Indians.

SEC. 45. Upon the approval by the Secretary of the Interior of a conditional order for the removal of restrictions the land covered thereby to be sold under the supervision of the Superintendent for the Five Civilized Tribes,

the said Superintendent is hereby authorized, in such cases as he considers to be for the best interests of the respective allottees so to do, to advertise and sell said land at public auction for not less than the appraised value for cash or upon deferred payments, any such deferred payment sales to be made under the following terms:

A. Where the consideration is $500 or less, at least one-half to be paid in cash at the time of the sale and the remainder to be evidenced by purchaser's notes due and payable in not more than 18 months after the date of purchase and secured by first mortgage on the premises conveyed.

B. Where the consideration exceeds $500 and is not more than $1,500, at least one-third to be paid in cash at the time of sale and the remainder in two equal payments evidenced by purchaser's note or notes to fall due not more than 2½ years from date of purchase, and secured by first mortgage on the premises conveyed.

C. Where the consideration exceeds $1,500 at least one-fourth to be paid in cash at the time of sale and the remainder in three equal payments evidenced by purchaser's note or notes to fall due not more than 3½ years from the date of purchase and secured by first mortgage on the premises conveyed.

SEC. 46. All cash payments at the time of sale to be paid into the hands of the cashier and special disbursing agent for the Five Civilized Tribes, Muskogee, Oklahoma, or his successor in authority, and all notes and mortgages securing same to contain the express condition that no payment purporting to discharge, satisfy, or release the indebtedness evidenced thereby shall operate as a release, satisfaction, discharge, or payment thereof unless such payments and interest accruing thereon are made to the said cashier or his successor, for the benefit of the proper allottees, or if such note or notes are properly negotiated with the approval of the Secretary of the Interior, to the owner or owners of such notes, and such notes shall be nonnegotiable except with the approval of the said Secretary. The note or notes shall be held by the said cashier or his successor for collection when due. Said notes shall draw interest from date of execution until paid at the rate of 6 per cent per annum.

SEC. 47. All moneys received by the cashier or his successor as consideration for land, including moneys received on account of deferred payments and accrued interest thereon, shall be deposited or held to the credit of the proper allottee in Individual Indian Accounts and be subject to the rules, regulations and orders of this Department governing the holding of moneys so deposited and the disbursement thereof.

SEC. 48. Upon the consummation of a sale in compliance with these regulations the Superintendent, or other officer in charge of the office of the Five Civilized Tribes, will make appropriate endorsements upon the order for the removal of restrictions from the land sold and on the deed of conveyance as prescribed by forms Five Civilized Tribes 5–540 and 5–183c. The order for the removal of restrictions and the deed thus endorsed shall, after proper record thereof has been made at the office of the said Superintendent, be delivered to the grantee.

SEC. 49. In any case where lands are purchased for the use and benefit of any citizen of the Five Civilized Tribes of the restricted class, payment for which is made from proceeds arising from the sale of restricted non-taxable land, the said Superintendent shall cause conveyance of such lands to be made on form of conveyance containing an habendum clause against alienation, taxation or encumbrances, as follows:

TO HAVE AND TO HOLD said described premises, unto said grantee _____ heirs and assigns, forever, free, clear, and discharged of all former grants, charges, taxes, judgments, mortgages, and other liens and encumbrances of whatsoever nature, subject to the condition that no lease, deed, mortgage, power of attorney, contract to sell, or other instrument affecting the land herein described or the title thereto shall be of any force and effect, unless approved by the Secretary of the Interior or the restrictions from said land are otherwise removed by operation of law.

SEC. 50. Before delivery and recording of such deed of conveyance the said Superintendent will attach a certificate of notice in the following form:

I hereby certify that the land described in the above deed was purchased for a home for the said _____ with funds HELD IN TRUST by the United States for H _____ derived from the sale of restricted lands as authorized by the terms of the Act of March 2, 1931 (46 Stat. 1471) as amended June 30, 1932 (47 Stat. 474), and is nontaxable as therein provided.

_____
Superintendent for the Five Civilized Tribes.

PURCHASE OF RESTRICTED, NON-TAXABLE PERSONAL PROPERTY WITH RESTRICTED FUNDS

SEC. 51. In all cases where purchases of automobiles, horses, wagons, buggies, cattle, agricultural implements, or other personal property are made for individual Indians, payments for which are made from moneys received from the sale of restricted allotted lands, or from other moneys held under the control of the Department of the Interior, the Superintendent for the Five Civilized Tribes, will, when in his judgment it is to the Indian's best interest, cause a bill of sale to be executed by the vendor or vendors conveying the property purchased to the United States, to be held in trust for the use and benefit of the respective allottees or their heirs who are of the restricted class.

SEC. 52. The Superintendent for the Five Civilized Tribes may cause all such property to be branded on some prominent place, "U. S. I. S." to indicate that the property was purchased by the United States through the Indian Service.

The law of the State of Oklahoma shall be followed in taking bills of sale. The bill of sale should be filed at the Office of the County Clerk for the county in which the property is located and duplicate thereof retained in the office of the Superintendent for the Five Civilized Tribes.

Before filing the bill of sale, certificate of notice shall be indorsed thereon by the said Superintendent or such other officer of the Department as he may designate for the purpose, evidencing the official character of the transaction and the nature of the funds affected.

SEC. 53. No sale, mortgage, or other disposition of the property covered by a bill of sale, as provided in these regulations, shall be of any force or validity except with the written consent previously obtained and the approval subsequently given of the Superintendent for the Five Civilized Tribes, or such other officer as he may designate for the purpose; and in the event the Indian attempts to sell, mortgage, or otherwise dispose of such property the said Superintendent shall promptly notify the Department to that effect, forwarding the original bill of sale, in order that proper proceedings may be instituted for the recovery of the property.

SEC. 54. These regulations shall become effective 30 days from date hereof and supersede all prior regulations relating to the issuance of patents in fee, certificates of competency, the sale of allotted and inherited Indian lands, including lands belonging to the Five Civilized Tribes, and the reinvestment of the proceeds in non-taxable lands.

WILLIAM ZIMMERMAN, JR.,
Acting Commissioner.

Approved, May 31, 1938.

TITLE 26—INTERNAL REVENUE

BUREAU OF INTERNAL REVENUE

[Regulations No. 6]

BOTTLING OF DISTILLED SPIRITS IN BOND

The Act of Congress entitled "An Act to allow the bottling of distilled spirits in bond," approved March 3, 1897 (U. S. C., 1934 ed., title 26, sections 1278 to 1283), as amended by Section 306, of the Liquor Tax Administration Act (U. S. C., 1934 ed., Sup. II, sections 1276 and 1277) and the Act of July 9, 1937 (Public No. 198, 75th Congress).

SECTION 1. That whenever any distilled spirits deposited in the Internal Revenue Bonded Warehouse have been duly entered for withdrawal, before or after tax payment, or for export in bond, and have been duly gauged and the required marks, brands, and tax-paid stamps (if required) or export stamps, as the case may be, have been affixed to the package or packages containing the same, the distiller or owner of said distilled spirits, if he has declared his purpose so to do in the entry for withdrawal, which entry for bottling purposes may be made by the owner as well as the distiller, may remove such spirits to a separate portion of said warehouse which shall be set apart and used exclusively for that purpose, and there, under the supervision of a United States storekeeper-gauger in charge of such warehouse, may immediately draw off such spirits, bottle, pack, and case the same. For convenience in such process any number of packages of spirits of the same kind, differing only in proof, but produced at the same distillery by the same distiller, may be mingled together in a cistern provided for that purpose, but nothing herein shall authorize or permit any mingling of different products, or of the same products of different distilling seasons, or the addition or subtraction of any substance or material or the application of any method or process to alter or change in any way the original condition or character of the product except as herein authorized; nor shall there be at the same time in the bottling room of any Internal Revenue Bonded Warehouse any spirits entered for withdrawal upon payment of the tax and any spirits entered for export.

Every bottle when filled shall have affixed thereto and passing over the mouth of the same a stamp denoting the quantity of distilled spirits contained therein and evidencing the bottling in bond of such spirits under the provisions of this Act, and of regulations prescribed hereunder.

The Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, shall prescribe (a) regulations with respect to the time and manner of applying for, issuing, affixing, and destroying stamps required by this section, the form and denominations of such stamps, applications for purchase of the stamps, proof that applicants are entitled to such stamps, and the method of accounting for receipts from the sale of such stamps, and (b) such other regulations as the Commissioner shall deem necessary for the enforcement of this Act.

Such stamps shall be issued by the Commissioner of Internal Revenue to each Collector of Internal Revenue, upon his requisition in such numbers as may be necessary in his district, and, upon compliance with the provisions of this Act and regulations issued hereunder shall be sold by collectors to persons entitled thereto, at a price of 1 cent for each stamp, except that in the case of stamps for containers of less than one-half pint, the price shall be one-quarter of 1 cent for each stamp.

And there shall be plainly burned, embossed, or printed on the side of each case, to be known as the Government side, such marks, brands, and stamps to denote the bottling in bond of the whisky packed therein as the Commissioner may by regulations prescribe.

And no trade-marks shall be put upon any bottle unless the real name of the actual bona fide distiller, or the name of the individual, firm, partnership, corporation, or association in whose name the spirits were produced and warehoused, shall also be placed conspicuously on said bottle.

SEC. 2. That the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, may, by regulations, prescribe the mode of separating and securing the additional warehouse or portion of the warehouse hereinbefore required to be set apart, the manner in which the business of bottling spirits in bond shall be carried on, the notices, bonds, and returns to be given and accounts and records to be kept by the persons conducting such business, the mode and time of inspection of such spirits, the accounts and records to be kept and returns made by the Government officers, and all such other matters and things as in his discretion he may deem requisite for a secure and orderly supervision of said business; and he may also, with the approval of the Secretary of the Treasury, prescribe and issue the stamps required.

The distiller may, in the presence of the United States storekeeper or storekeeper and gauger, remove by straining through cloth, felt, or other like material any charcoal, sediment, or other like substance found therein, and may whenever necessary reduce such spirits as are withdrawn for bottling purposes by the addition of pure water only to one hundred per centum proof for spirits for domestic use, or to not less than eighty per centum proof for spirits for export purposes, under such rules and regulations as may be prescribed by the Commissioner of Internal Revenue with the approval of the Secretary of the Treasury; but no spirits (except gin for export) shall be bottled in bond until they have remained in bond in wooden containers for at least four years from the date of original gauge as to fruit brandy, or original entry as to all other spirits: *Provided*, That nothing in this Act shall authorize the labeling of spirits in bottles contrary to the provisions of regulations issued pursuant to the Federal Alcohol Administration Act, or any amendment thereof.

SEC. 3. That all distilled spirits intended for export under the provisions of this Act shall be inspected, bottled, cased, weighed, marked, labeled, stamped, or sealed in such manner and at such time as the Commissioner of Internal Revenue may prescribe; and the said Commissioner, with the approval of the Secretary of the Treasury, may provide such regulations for the transportation, entry, reinspection, and lading of such spirits for export as may from time to time be deemed necessary; and all provisions of existing law relating to the exportation of distilled spirits in bond, so far as applicable, and all penalties therein imposed, are hereby extended and made applicable to distilled spirits bottled for export under the provisions of this Act, but no drawbacks shall be allowed or paid upon any spirits bottled under this Act.

SEC. 4. That where, upon inspection at the bonded warehouse in which the spirits are bottled at aforesaid, the quantity so bottled and cased for export is less than the quantity actually contained in the distiller's original casks or packages at the time of withdrawal for that purpose the tax on the loss or deficiency so ascertained shall be paid before the removal of the spirits from such warehouse, and the tax so paid shall be receipted and accounted for by the collector in such manner as the Commissioner of Internal Revenue may prescribe.

SEC. 5. That where, upon reinspection at the port of entry, any case containing or purporting to contain distilled spirits for export is found to have been opened or tampered with, or where any mark, brand, stamp, label, or seal placed thereon or upon any bottle contained therein has been removed, changed, or willfully defaced, or where upon such reinspection any loss or discrepancy is found to exist as to the contents of any case so entered for export, the tax on the spirits contained in each such case at the time of its removal from warehouse shall be collected and paid.

SEC. 6. That any person who shall reuse any stamp provided under this Act after the same shall have been once affixed to a bottle as provided herein, or who shall reuse a bottle for the purpose of containing distilled spirits which has once been filled and stamped under the provisions of this Act without removing and destroying the stamp so previously affixed to such bottle, or who shall, contrary to the provisions of this Act or of the regulations issued thereunder remove or cause to be removed from any bonded warehouse any distilled spirits inspected or bottled under the provisions of this Act, or who shall bottle or case any such spirits in violation of this Act or of any regulation issued thereunder, or who shall, during the transportation and before the exportation of any such spirits, open or cause to be opened any case or bottle containing such spirits, or who shall willfully remove, change, or deface any stamp, brand, label, or seal affixed to any such case or to any bottle contained therein, shall for each such offense, be fined not less than one hundred nor more than one thousand dollars, and be imprisoned not more than two years, in the discretion of the court, and such spirits shall be forfeited to the United States.

SEC. 7. That every person who, with intent to defraud, falsely makes, forges, alters, or counterfeits any stamp made or used under any provision of this Act, or who uses, sells, or has in his possession any such forged, altered, or counterfeited stamp, or any plate or die used or which may be used in the manufacture thereof, or who shall make, use, sell, or have in his possession any paper in imitation of the paper used in the manufacture of any stamp required by this Act, shall on conviction be punished by a fine not exceeding one thousand dollars and by imprisonment at hard labor not exceeding five years.

SEC. 8. That nothing in this Act shall be construed to exempt spirits bottled under the provisions of this Act from the operation of chapter seven hundred and twenty-eight of the public laws of the Fifty-first Congress, approved August eighth, eighteen hundred and ninety.

SEC. 626. (Act of February 24, 1919) (U. S. C., 1934 ed., title 26, section 1283) That distilled spirits known commercially as gin of not less than 80 per centum proof may at any time within eight years after entry in bond at any distillery be bottled in bond at such distillery for export without the payment of tax, under such rules and regulations as the Commissioner, with the approval of the Secretary, may prescribe.

By virtue of the authority conferred by the foregoing provisions of law, the following regulations are hereby prescribed:

SECTION 1. *Establishment of bottling house.*—Any proprietor of an Internal Revenue Bonded Warehouse who desires to bottle distilled spirits in bond, shall first set apart a portion of such warehouse for this purpose, and separate the same from the remainder of the warehouse by solid, secure, and unbroken partitions, extending from the floor to the ceiling or roof, with no interior communication whatever between the bottling room and other portions of the warehouse, except as hereinafter provided. No door or window will be permitted opening into another room or building. One door must be secure on the outside with a Goverment seal lock and all others shall be locked on the inside with Government locks, except that if the room is to be used exclusively for bottling distilled spirits in bond a door in the partition or wall separating the bottling room from the storage portion of the warehouse will be permitted for the purpose of transferring spirits to the bottling room and, if bottled before tax payment, their return for storage. The door must be equipped for locking with a Government lock on the storage side of the warehouse, and must be kept locked except while actually being used for the transfer of spirits: Provided however, that if the bottling room is eliminated from the warehouse premises in order that it may be operated as a tax-paid bottling house, or for any other purpose, the door in the wall separating such

room from the warehouse must be eliminated and the opening permanently boarded or bricked up in such a manner as to provide a solid and unbroken wall. If a separate building on the warehouse premises is to be used for bottling spirits in bond, it must be constructed as prescribed in Regulations 8.

SEC. 2. *Equipment of bottling house.*—The dumping, mixing or reducing and bottling tanks must be constructed of metal and shall be of uniform dimensions from top to bottom, and each such tank shall be equipped with a suitable measuring device whereby the actual contents will be correctly indicated. All tanks must be so constructed as to admit of examination of every part thereof. Each tank shall have painted thereon its designated use, such as "Dump Tank", "Bottling Tank", etc., the serial number and its capacity in wine gallons. Manheads, inlets and outlets to the tanks must be provided with facilities for locking with Government locks. The tanks must not be permanently connected with pipelines used for the conveyance of distilled water or materials other than spirits. If a reducing tank is provided, the bottling tanks must have sufficient capacity to hold the entire contents thereof, and each must be connected with the reducing tank by closed and securely connected metal pipelines. If dump tanks are provided, the same shall be of a capacity not greater than the reducing tank where reducing tanks are being used, and shall be connected with either the reducing or bottling tank by means of closed metal pipes. Valves in pipelines will be equipped for the attachment of Government locks. The storekeeper-gauger will open and close such locks, but the proprietor will manipulate the valves controlling the flow of spirits into and out of all tanks in the bottling house. Filters must be connected with tanks by means of secure and closed metal pipelines.

SEC. 3. *Form 27D and plans.*—When a portion of an Internal Revenue Bonded Warehouse has been set apart for the bottling of distilled spirits in bond, and before any spirits are transferred to the bottling house, the proprietor of the warehouse will file an application on Form 27D and plans, in triplicate, with the district supervisor.

SEC. 4. *Examination of bottling house.*—Upon receipt of the notice (Form 27D) and plans the district supervisor, or one of his inspectors, will make a careful examination of the premises and apparatus proposed to be used for bottling spirits, and if found to be in accordance with these regulations, and as set forth in the notice, the supervisor will approve the notice and plans. One copy of the Form 27D will be forwarded to the Commissioner with the other required documents. Upon receipt of notice of action taken by the Commissioner, the supervisor will return one copy of the notice, Form 27D, to the applicant, and retain the third copy.

SEC. 5. *Cabinet for keys, stamps, etc.*—There must be provided in the bottling house a metal cabinet of adequate strength and size, in which to safeguard Government property and stamps. Each cabinet must be approved by the district supervisor as to construction and security. The cabinet will be locked with a Government seal lock. Where a cabinet or other secure place for the safekeeping of keys, seals, stamps, records, etc., has previously been provided, which, in the opinion of the district supervisor, affords adequate protection for the keys, seals, etc., the supervisor may authorize the continued use of such cabinet or other secure place of safekeeping in lieu of the cabinet specified above.

SEC. 6. *Notice on Form 404.*—After the bottling house has been duly approved by the Commissioner of Internal Revenue, the proprietor of the warehouse will, before engaging in the business of bottling spirits, give notice to the district supervisor of his district on Form 404, in duplicate, of his intention to carry on the business of bottling distilled spirits in bond. The proprietor will also file notice on Form 404, in duplicate, with the district supervisor at such time as operations of the bottling house are discontinued. In making up Form 404 the instructions printed thereon must be followed. Upon completion of the Form 404 by the district supervisor, one copy will be forwarded to the proprietor of the warehouse through the storekeeper-gauger-in-charge, and one copy retained by the supervisor.

SEC. 7. *Entry for withdrawal of spirits for bottling.*—Except as to gin to be bottled for export, the entry for withdrawal for bottling-in-bond must bear date not less than four years after date of original gauge as to fruit brandy, or original entry as to all other spirits. The period during which spirits are stored in tanks in warehouse must be deducted from the age in determining whether such spirits are eligible for bottling-in-bond.

SEC. 8. *Spirits in process of bottling.*—Spirits of two or more distillers, spirits of two or more seasons' production, or spirits produced by the same distiller in the names of two or more individuals, firms, partnerships, corporations, or associations, may not be in the process of bottling in the same bottling room at the same time: Provided, that where one lot of spirits is in the process of bottling, another lot may be dumped and reduced and held in locked tanks until the process of bottling of the first lot has been completed. The process of bottling will be regarded as complete for the purpose of this section when the bottled spirits have been placed in the cases and the cases closed. Tax-paid and untax-paid spirits, or spirits bottled for export and spirits bottled before tax payment, may not be in the same bottling room at the same time.

SEC. 9. *Bottling house having more than one bottling room.*—Two or more bottling rooms, with separate bottling equipment for each room, may be provided, and each bottling room may in accordance with the limitations set out in the preceding section be operated simultaneously with, and independently of, the other bottling rooms. A bottling house having more than one bottling room, as herein provided, will be regarded as a single bottling house, and only one record will be kept by the officer in charge. Where spirits are bottled in more than one bottling room at the same time, the spirits bottled and cased in each bottling room should not be numbered until near the close of the day, and each distiller's spirits will then be numbered in consecutive order in the regular series in use at the warehouse.

SEC. 10. *Definition of bottling room.*—A "bottling room" shall consist of a complete set of bottling equipment, separated from another such set by a complete partition, or by a wire net partition not less than nine gauge, not more than two inch mesh. Doors or other necessary openings will be permitted in such partitions at such points as will not interfere with adequate supervision and segregation of the spirits being bottled in the different rooms.

SEC. 11. *Storage of cases and bottling supplies.*—If cases and other bottling supplies are kept or stored in the bottling house, they must be kept completely segregated and so stored as not to interfere with proper supervision of the bottling house.

SEC. 12. *Custody of bottling house.*—The bottling house when established will be under the control of the district supervisor of the district and in the joint custody of the storekeeper-gauger and of the proprietor and shall at no time be unlocked or opened or remain open when spirits are therein except in the presence of the storekeeper-gauger. Where there is a communicating door between the bottling house and the warehouse, as authorized in Section 1, the bottling house must be locked at night in the usual way, regardless of whether spirits are stored therein.

SEC. 13. *Spirits which may be bottled.*—Except as to gin to be bottled for export, only spirits which have remained in bond in wooden containers for at least four years can be withdrawn for bottling in bond. Spirits may be bottled-in-bond either before or after payment of the internal-revenue tax. Spirits bottled in bond before payment of the tax will be returned to the bonded warehouse for storage until tax-paid or until removed without payment of tax under the provisions of law and regulations applicable thereto. Spirits bottled after tax payment must be removed from the bottling house immediately upon completion of the bottling, without being returned to the bonded warehouse.

SEC. 14. *Sizes of bottles.*—Spirits may be bottled-in-bond in the following size bottles, and no others: one-quart, $\frac{4}{5}$ quart, one pint, $\frac{1}{2}$ pint, $\frac{1}{5}$ pint, $\frac{1}{10}$ pint, and in the case of brandy $\frac{1}{16}$ pint. Bottles must be filled as nearly as possible to conform to the amount stated to be contained therein, but in no case may the amount of spirits contained in any bottle vary from the amount intended or stated to be contained in such bottle more than 2 per cent.

SEC. 15. *Stamp denominations.*—Stamps will be provided in the following denominations, and in no others: one quart, $\frac{4}{5}$ quart, 1 pint, $\frac{1}{2}$ pint, and less than $\frac{1}{2}$ pint. Stamps of less than $\frac{1}{2}$ pint denomination will be used on bottles of the following sizes: $\frac{1}{5}$ pint, $\frac{1}{10}$ pint, and $\frac{1}{16}$ pint.

SEC. 16. *Form 403, Requisition for stamps.*—Requisition for bottled-in-bond stamps will be made on Form 403, in triplicate, by the proprietor of the warehouse in which the spirits are stored. All copies will be submitted by the proprietor to the storekeeper-gauger-in-charge, who will indicate his approval by signing each copy of the form. Before approving the form the officer will see that the requisition is properly executed, and will satisfy himself that the number of stamps for which requisition is made is necessary. Upon approval of the forms the officer will retain one copy and will return the other two copies to the proprietor, who will forward both copies to the Collector of Internal Revenue with his remittance for the stamps. The collector will enter the serial numbers of the stamps issued and stamp the date of sale on both copies of Form 403. The collector will retain one copy and immediately forward one copy to the district supervisor.

SEC. 17. *Number of stamps in a sheet.*—Stamps of "Less than $\frac{1}{2}$ Pint" denomination will be issued 50 in a sheet. Stamps of all other demoninations will be issued 42 in a sheet. Requisitions for stamps by proprietors of warehouses must be made for full sheets. Stamps less than a full sheet may not be sold by a collector.

SEC. 18. *Shipment of stamps.*—The collector will forward the stamps by registered mail to the storekeeper-gauger named on the Form 403. In instances where it is impractical to ship large quantities of strip stamps by registered mail it is permissible to make the shipment by express, provided that a return receipt is procured in each case from the storekeeper-gauger. The expense of forwarding the stamps by registered mail or express to the storekeeper-gauger will be borne by the applicant. All stamps in the custody of the storekeeper-gauger will be kept by him in the cabinet prescribed in Section 5.

SEC. 19. *Overprinting of stamps.*—Stamps may be used either blank or overprinted, at the option of the proprietor of the warehouse. At such time as the proprietor of the warehouse desires to have stamps overprinted and cut the storekeeper-gauger will deliver the stamps to him. One overprinting only will be permitted on any stamp and the printer will be approved by the supervisor. Overprinting will be done in red ink with not less than eight point type. The season when the spirits were made and the season when bottled will be placed in the blank space on the end of the stamp bearing the serial number, except in the case of stamps of "Less than $\frac{1}{2}$ Pint" denomination, which do not have serial numbers, the season when made and the season when bottled will be placed on the right-hand end of the stamp. In the blank space on the other end of the stamp will be placed the name of the actual bona fide distiller, or the name of the individual firm, partnership, corporation, or association in whose name the spirits were produced and warehoused. Overprinting of the stamp will be in the following form:

SEC. 20. *Delivery of stamps to storekeeper-gauger.*—When the stamps have been overprinted the proprietor will deliver them to the storekeeper-gauger, who will determine whether the correct number has been returned. When application Form 1515 is received in accordance with Section 38, the storekeeper-gauger will deliver to the proprietor of the warehouse the stamps required to be affixed to the bottles. Storekeeper-gaugers who have custody of stamps will be held strictly responsible for the proper control and accounting of all stamps received, issued, used, and on hand. They shall determine whether the number of stamps requisitioned is needed; that those issued are properly affixed to bottles; that all stamps issued to the proprietor and not used are returned to them; and that a proper accounting is made of all stamps reported mutilated.

SEC. 21. *Mutilated stamps.*—There is no provision of law for the redemption or exchange of bottled-in-bond stamps. Stamps which are mutilated in overprinting, cutting, or in the bottling house, must be returned to the storekeeper-gauger, who will make the necessary record on Form 1606. All such mutilated stamps will be destroyed under the immediate supervision of the storekeeper-gauger.

SEC. 22. *Form 1606—Record of stamps.*—The storekeeper-gauger will keep a detailed record on Form 1606 of stamps of each denomination received by him during the month, the number turned over to the proprietor for overprinting and returned to him, and the number used during the month, showing the date of each transaction. The record must also show the number of stamps of each denomination on hand at the beginning and at the end of the month.

SEC. 23. *Caution notice.*—Every person bottling distilled spirits in bond except for export shall attach to each bottle filled by him a caution notice reading as follows:

This bottle has been filled and stamped under the provisions of the Act of Congress entitled "An Act to allow the bottling of distilled spirits in bond," approved March 3, 1897, as amended. Any person who shall reuse the stamp affixed to this bottle, or remove the contents of this bottle without so destroying the stamp affixed thereto as to prevent reuse, or who shall sell this bottle, or reuse it for distilled spirits, will be liable to the penalties prescribed by law.

When spirits are bottled for export the bottler may attach the caution notice if he so desires.

This notice shall be of convenient size for attachment to the bottle, shall be printed in plain, legible, black characters, with a black border, and shall be securely attached to the bottle. The type used in printing caution labels shall not be less than eight point when used on bottles of one-half pint or more.

SEC. 24. *Trade-marks and distiller's name.*—The provision of the law that no trade-marks shall be put upon any bottle unless the real name of the actual bona fide distiller or the name of the individual, firm, partnership, corporation or association in whose name the spirits were produced and warehoused, shall also be placed conspicuously on said bottle renders it absolutely necessary that either the label which contains the trade-mark or special name which the owner may see fit to give to his spirits, or some additional label equally conspicuous shall bear the real name of the actual bona fide distiller or the name of the individual, firm, partnership, corporation or association in whose name the spirits were produced and warehoused. In addition thereto the labels must conform to the provisions of regulations issued by the Federal Alcohol Administration and Regulations 13 of this Bureau, except when bottled for export.

SEC. 25. *Capacity of cases.*—Spirits bottled in bond shall be packed in cases containing 3 gallons of spirits each, as follows: 12 bottles containing one quart each; 24 bottles containing 1 pint each; 48 bottles containing $\frac{1}{2}$ pint each; 192 bottles containing $\frac{1}{5}$ pint each; 240 bottles containing $\frac{1}{10}$ pint each; and 384 bottles containing $\frac{1}{16}$ pint of brandy each. Bottles of $\frac{4}{5}$ quart shall be packed in cases containing 2.4 gallons.

SEC. 26. *Case numbers.*—Each case filled will be given a serial number. Where an Internal Revenue Bonded Warehouse has a bottling warehouse already established, the series in use will be continued. At warehouses hereafter established, the cases bottled will be numbered serially, beginning with No. 1 for the first case filled. When the serial numbers of cases bottled at any ware-

house, whether established before or after the issuance of these regulations, have reached the number 999999 the proprietor may, if he so desires, begin a new series, commencing with No. 1 as originally.

SEC. 27. *Wooden cases.*—Distilled spirits bottled in bond may be placed in cases constructed of wood, the outer surface of the "Government" side dressed, and the top, bottom, and sides of a thickness not less than one-half inch and the ends of a thickness not less than three-fourths of an inch. The corners of the cases will be put together by the lock-corner or dovetail method. The top, bottom, sides, and ends of the cases must not consist of more than two pieces of wood each. When two pieces are used the same will be tongued and grooved, glued, and fastened on the inside with not less than two metal corrugated fasteners. Each end piece must be mortised to the extent of half its thickness and the top and bottom of the case set therein. The sides must extend the full height of the end pieces. Cement-coated nails must be used of a size not less than fourpenny. At least six such nails will be driven through each end of the top and bottom pieces into the end piece; at least two such nails will be driven through each side piece into the bottom piece; at least two such nails will be driven through each side piece into the top piece; at least two such nails will be driven through each end piece into the bottom piece; and at least two such nails will be driven through each end piece into the top piece.

In addition to being nailed as above provided, the cases must be wired by drawing metal straps or heavy wire around the same about 4 inches from each end, or by passing a wire around the center of the case, both laterally and crosswise, so as to form right angles in the center and be countersunk, and, instead of passing over the edges of the case, must pass under or through the edges at a depth sufficient to carry the wire through the side or end and adjoining top or bottom of the case. The ends will then be securely knotted or twisted together and countersunk in the wood at the point indicated and below the surface to which the stamp is to be affixed and will be secured in place by a small wire staple or nail.

SEC. 28. *Fiberboard cases.*—Spirits bottled in bond may also be placed in cases (boxes) constructed of solid fiberboard, single and double wall corrugated fiberboard, one-piece style, meeting the requirements of rule 41, Consolidated freight classification; rule 18, Official express classification; and Section IV (Part 5), Federal specifications of April 28, 1936.

In addition to meeting such requirements, the outer container of the cases shall be double-faced, and shall not be less than 0.080 of an inch thick for solid fiberboard, and three-sixteenths of an inch thick for single and double wall corrugated fiberboard, and shall have a bursting strength of not less than 200 pounds per square inch, Mullen or Cady test, for solid and single wall corrugated fiberboard containers, and 275 pounds per square inch for double wall fiberboard containers, and be faced on the outside with tough smooth material. The outer ply shall be water-proofed, as required by the above-mentioned rules, and the inner plies may be water-proofed where desired. The outer flaps of both the top and bottom shall meet at the center of the case.

The manufacturer's joint of the case shall be secured by adhesive cloth tape, metal fastenings of staples, or stitching wire made of steel, treated to resist rust, and not less than one-half an inch long. The staples or stitches shall be spaced not more than 2 inches apart, shall pass through all the pieces to be fastened, and shall be clinched on the inside.

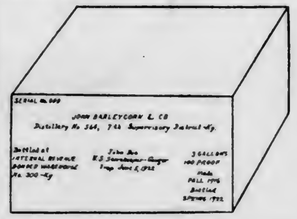
The top, bottom, and sides of the case shall be lined with double-faced corrugated board, having facings at least 0.016 of an inch thick and the combined board shall be not less than three-sixteenths of an inch thick and have a bursting strength of not less than 200 pounds per square inch, Mullen or Cady test. The case shall also contain partitions separating each bottle. Such partitions shall be tightly fitting, touching the top, bottom and all sides of the case, and made of the same board as the liners for the top, bottom and sides. The corrugated medium of the liners and partitions, as well as of the outer containers, shall be made of chestnut, strawboard, sulphate, sulphite, or pine wood fiberboard not less than 0.009 of an inch thick. The interior packing of pads, liners, or partitions is not required where the bottles are placed in individual double-faced corrugated cartons testing 200 pounds or more per square inch.

Each case shall bear the box maker's certificate required by the above-mentioned rules, and a further certificate by the box maker, as follows:

OUTER CONTAINER

Minimum bursting strength—
200 pounds per square inch (solid or single wall).
275 pounds per square inch (double wall).
Minimum combined thickness 0.080 inch (solid).
Minimum combined thickness 3/16 of an inch (corrugated).

LINERS AND PARTITIONS



Minimum bursting strength 200 pounds per square inch.
Minimum combined thickness 3/16 of an inch.

The top and bottom of the case shall be secured by gluing the entire inner surface of the inner flaps to the top and bottom liners and the entire inner surface of the outer flaps to the inner flaps with silicate of soda or an equally efficient adhesive. Containers sealed with automatic sealing machines are not required to have the inner flaps glued to the top and bottom pads or liners.

SEC. 29. *Cases of other material and construction.*—Distilled spirits bottled in bond may also be placed in such other cases of secure material and construction and affording adequate protection to the spirits against breakage and theft as may be approved therefor by the Commissioner of Internal Revenue.

SEC. 30. (a) *Marks and brands.*—On the Government side of cases of distilled spirits bottled in bond there shall be plainly burned, embossed, or printed, in letters and figures not less than one-half of an inch in height, the real name of the actual bona fide distiller or of the individual, firm, partnership, corporation or association in whose name the spirits were produced and warehoused, the number and location (city or town and State) of the distillery at which the spirits were produced, the quantity and proof of the spirits, the season and year of production and bottling, and the number and State of the warehouse at which the spirits are bottled. Where spirits are bottled at a warehouse not on the premises of the distillery where produced, or contiguous thereto, the name of the distiller or of the individual, firm, partnership, corporation or association in whose name the spirits were produced and warehoused, the number and location (city or town and State) of the distillery at which the spirits were produced, and the season and year of production and bottling may be stenciled on the cases. The serial number of the case and the date of bottling (inspection) shall also be marked on each case. All marks on cases, whether embossed, printed or stenciled, must be made with permanent black ink. No marks, brands, labels, caution notices, or other devices whatever, other than those required by law and regulations, will be permitted on the Government side of the case.

(b) The marks and brands will be placed on the cases in the following manner and order:

SEC. 31. *Bottling before tax payment.*—Application for bottling distilled spirits in bond before payment of tax will be made to the storekeeper-gauger-in-charge at the warehouse on Form 1518 (part 1) in quadruplicate. Upon receipt of such application the officer will inspect, gauge, and mark the packages and make detailed report thereof on Form 1520, also in quadruplicate. If the regauge discloses excess losses to be tax-paid, the Forms 1518, together with the gauger's report on Form 1520, will be forwarded by the taxpayer with remittance for the tax on such excess losses to the Collector of Internal Revenue for the district in which the bonded warehouse is located. The collector will sign the certificate as to payment of the tax (part 3), of Form 1518, retain one copy of each form, and forward the other copies to the storekeeper-gauger-in-charge of the warehouse. When the bottling is completed the storekeeper-gauger will enter the details of the cases returned to warehouse on part 4 of Form 1518 and forward one copy of the form and one copy of Form 1520, to the district supervisor for the district, deliver one copy of each form to the proprietor, and file one copy of each form in his office. When no excess loss is disclosed by the regauge it will not be necessary to send the forms to the collector.

SEC. 32. *Bottling tax-paid spirits.*—Proprietors of bonded warehouses desiring to bottle distilled spirits after tax payment should so indicate on Form 179, covering the entry for tax payment of the spirits. The form will be submitted in quadruplicate to the storekeeper-gauger-in-charge. The storekeeper-gauger making the regauge will report same in detail on Form 1520, also in quadruplicate, three copies of which, together with all copies of Form 179, will be delivered to the proprietor of the warehouse, who will forward same to the Collector of Internal Revenue of the district with remittance for the tax. Upon issuance of the tax-paid stamps, the collector will fill in the serial numbers of the stamps in the appropriate spaces on the forms, sign the certificates of tax payment on the Forms 179, retain one copy of each form, and return the other copies of both forms to the taxpayer, who will deliver same to the storekeeper-gauger-in-charge of the warehouse on the date the spirits are to be withdrawn. Upon withdrawal of the spirits, the storekeeper-gauger will forward one copy of each form to the district supervisor, deliver one copy of each to the proprietor, and file one copy of each form in his office. The words, "Tax-paid," the date of tax payment, and the name of the storekeeper-gauger, will be stenciled on each case of tax-paid spirits bottled-in-bond.

SEC. 33. *Prompt removal of spirits to bottling house.*—Packages of spirits intended to be bottled must be immediately removed, after withdrawal from the warehouse where stored, to the bottling portion of the warehouse and their contents promptly drawn off into the proper tanks.

Empty casks or barrels must be thoroughly rinsed with water or steamed. So much of such water or condensed steam as may be required should be used to reduce the proof of the spirits to 100, and any excess should be poured upon the ground or into a sewer.

SEC. 34. *No substance to be added or subtracted.*—No material or substance of any kind other than pure water can be added to distilled spirits during the process of bottling in bond, nor can any substance or material be subtracted from the spirits, except that charcoal, sediment, or other like substances may be removed from the spirits by straining them through cloth, felt, or other like material; nor can any method or process be applied to alter or change in any way the original condition or character of the product, except as authorized by statute.

SEC. 35. *Spirits remaining in tanks over night.*—If for any reason spirits are held in the bottling house over night, the tanks in which such spirits are contained must be locked by the storekeeper-gauger.

At the conclusion of the process of drawing the spirits from the reducing tank to the bottling tank or tanks the latter must be securely locked, as well as the inlets and outlets thereto, and so remain until the spirits are to be drawn off into bottles, which should be done as promptly as possible.

SEC. 36. *Bottling conducted under supervision of storekeeper-gauger.*—The entire operation of bottling spirits in bond, including the withdrawal of the spirits from the packages, the effacement and obliteration of every mark, brand, and stamp from the packages emptied, the straining of the spirits and their reduction by the addition of pure water to 100 proof required by the statute, the filling and stamping of the bottles and the casing of the bottles and the immediate removal of the cases from the bottling premises upon the completion of bottling of each lot will be performed by the proprietor of the warehouse under the supervision of the storekeeper-gauger. The proof will be determined in accordance with the rules stated in the Gauging Manual. While the storekeeper-gauger is charged with the duty of requiring compliance with the provisions of the law and regulations by the persons engaged in the various operations of bottling the spirits, his failure in any instance will not relieve the proprietor of the warehouse from responsibility.

SEC. 37. *Testing bottles.*—Every proprietor of a bottling house engaged in bottling spirits in bond will provide a standardized glass graduate suitable for the purpose of determining the capacity of the various bottles used; and, in order to avoid delay in bottling, should see that the bottles delivered in the warehouse are of the capacities required by this regulation.

Whenever a supply of bottles is brought into a bottling house, the storekeeper-gauger will test a number of each size before allowing any to be filled. If it is found that any of the bottles are of less caapcity than that required by this regulation, he shall not allow any of them to be used, and the entire lot shall be removed from the warehouse and all bottles not of the required capacity excluded.

The test should be made with water or spirits 60° F. In filling bottles with spirits above or below such temperature, allowance should be made for contraction or expansion of the spirits. The bottles should, therefore, be of sufficient capacity to hold the required amount at 60° F. with sufficient wantage to allow for expansion of the spirits in hot weather.

SEC. 38. *Stamping and casing distilled spirits.*—All distilled spirits of each particular "dump" transferred to a bottling tank should be immediately drawn off into bottles of the desired size or sizes, as provided in section 14. Application should then be made in duplicate on Form 1515 (part 1) to the storekeeper-gauger-in-charge of the warehouse for stamps sufficient to cover the quantity of spirits to be bottled. Stamps will be issued by the storekeeper-gauger to the proprietor in proper serial order, starting with the lowest serial number of the stamps of the denomination desired on hand at the time of issuance. The proprietors will not be required to affix stamps to containers in serial order. If after filling the cases there remain bottles less than the number necessary to constitute a full case, such bottles may be stamped and placed in a container constructed in the same manner as the cases described in section 27 or section 28, which remnant is to be given the serial number of the last full case containing spirits in the same lot followed by the letter "R," thus: "100R," or "161R." Such remnant should be removed from the warehouse with the cases; appropriate entries to be made in the records. The stamps must be securely affixed to the bottles with the use of a good adhesive. The adhesive used must be in proper liquid condition, and care must be taken to cover the entire back of the stamp with the adhesive, and to press the whole surface of the stamp firmly against the surface of the bottle sufficiently long to cause the entire surface of the stamp to adhere securely to the bottle. The stamp must pass over the neck of the bottle, extending in equal distance on two sides of the bottle. No part of the stamp shall be concealed or obscured by any label or other covering, except that a cup may be placed over the opening of the bottle or the bottle may be placed in a carton as hereinafter provided. Seals made of cellulose or other material which is shrunk or otherwise fitted over the necks of the bottles to cover the stamps must be so completely transparent as to permit the stamps to be plainly seen and the printed matter thereon easily read. No cup or cap may be placed over the opening of a bottle and cover the stamp, unless such cup or cap is completely transparent or is so placed on the bottle that it may be

readily removed at any time without injury to the stamp and the arrangement is such that the ends of the stamp will be plainly visible when the cap or cup is in place. Cartons or other coverings of bottles of distilled spirits are permitted, if so made that they may be opened and closed without being torn or broken. Sealed cartons or other coverings may not be used unless transparent or unless openings therein permit the entire stamp to be plainly seen and the printed matter thereon easily read. Upon completion of the bottling the storekeeper will enter the details thereof on part 2, of Form 1515, and will forward one copy of the form to the district supervisor and file one copy in his office.

SEC. 39. *Losses and gains in bottling to be tax-paid.*—All losses sustained in the process of bottling, on distilled spirits bottled before tax payment, and, all gains in bottling, on distilled spirits bottled after tax payment, must be tax-paid. When Forms 1516 have been audited, the district supervisor shall prepare a notice on Form 1607, in triplicate, for each bottling house, showing thereon the total losses and gains in bottling for the month upon which tax is due. The original copy thereof will be forwarded to the proprietor of the Internal Revenue Bonded Warehouse on whose premises the bottling house is situated and one copy will be transmitted to the proper Collector of Internal Revenue, and if the taxpayer does not within thirty days from the date of such notice pay the tax due, the collector shall enter the amount for assessment on his current distilled spirits list. The third copy of the notice will be filed in the supervisor's office. At the end of sixty days from the date of the notice the district supervisor shall ascertain from the collector whether the amount of tax due has been paid or assessed and appropriate notations will be entered on the retained copy of the form.

SEC. 40. *Remnants of low-proof spirits.*—Remnants of spirits resulting from overflow in filling bottles, and spirits which have deteriorated in proof by evaporation or repacking of filters, may be returned, under the immediate supervision of the storekeeper-gauger in charge of the bottling house, to the mixing or reducing tank or bottling tank containing another lot of spirits of the same kind, produced by the same distiller at the same distillery during the same distilling season. Distilled spirits so returned to the bottling tank will be reported in red ink on Forms 1515 and 1516.

SEC. 41. *Monthly reports, Form 1516.*—At the close of each day storekeeper-gaugers will enter the details of all spirits bottled during the day on Form 1516. The entries will be made in the order of the bottling without regard to the name of the distiller who produced the spirits. At the close of the month the storekeeper-gauger will prepare two additional copies of the report and forward both copies to the district supervisor. The district supervisor will, after audit and before the last day of the month succeeding that for which rendered, forward one copy thereof to the Commissioner of Internal Revenue. The original report will be filed at the bottling house as a permanent record.

SEC. 42. *District Supervisor's Account, Form 1517.*—District supervisors will render monthly bonded account on Form 1517, with inside sheets, sections 1 and 2, of spirits bottled in bond. One copy of this account will be forwarded to the Commissioner of Internal Revenue on or before the last day of the month succeeding the month for which rendered, and one copy will be retained in the office of the district supervisor rendering the same. Instructions as to the manner in which this account should be prepared will be found on the last page of the form.

SEC. 43. *Effective date.*—This regulation shall, on and after July 1, 1938, supersede Regulations No. 6, approved March 31, 1928, and all amendments and modifications thereof.

[SEAL] GUY T. HELVERING,
Commissioner of Internal Revenue.

Approved, June 3, 1938.

IN THE MATTER OF WORCESTER SUBURBAN ELECTRIC COMPANY

NOTICE OF AND ORDER FOR HEARING

An application pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by the above-named party;

It is ordered, That a hearing on such matter be held on June 24, 1938, at 10:00 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue, NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That Edward C. Johnson or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to continue or postpone said hearing from time to time or to a date thereafter to be fixed by such presiding officer.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before June 20, 1938.

The matter concerned herewith is in regard to the application of the above named company, a subsidiary of Massachusetts Utilities Associates, for exemption from the provisions of section 6 (a) of said Act of the issue of 24,433 shares of its capital stock of the par value of $25 per share, it being stated in said application that such shares are to be exchanged by applicant for all the outstanding shares of Marlborough Electric Company, also a subsidiary of Massachusetts Utilities Associates, upon the basis of 2–5683/9375 shares of applicant for each share of Marlborough Electric Company the same being of the par value of $100 per share, the latter shares to be cancelled by applicant upon the exchange being effected and upon the conveyance and transfer by Marlborough Electric Company to applicant of all of its assets and property of every description.

The President

NOONTOOTLY NATIONAL GAME REFUGE—GEORGIA

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS it appears that it would be in the public interest to change the name of the Cherokee National Game Refuge No. 2, in the State of Georgia, as hereinafter indicated, and re-define the boundaries of the said refuge:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, under and by virtue of the power in me vested by the act of Congress approved August 11, 1916, 39 Stat. 446, 476 (U. S. C., title 16, sec. 683), do proclaim that the name of the Cherokee National Game Refuge No. 2, in the State of Georgia, is hereby changed to the Noontootly National Game Refuge; and that the boundaries of the said refuge are hereby re-defined, for the purpose of clarification and without change in the status of any of the lands involved, as follows:

TITLE 7—AGRICULTURE

AGRICULTURAL ADJUSTMENT ADMINISTRATION

DETERMINATION OF PROPORTIONATE SHARES FOR FARMS IN THE TERRITORY OF HAWAII FOR THE 1937 SUGAR CROP

Pursuant to the provisions of Section 302 (a) of the Sugar Act of 1937, I, H. A. Wallace, Secretary of Agriculture, do hereby determine that the proportionate share for each farm in the Territory of Hawaii for the 1937 crop, with respect to which payment is authorized under section 302 (c) of the said act, shall be the amount of sugar, raw value, commercially recoverable from sugarcane grown on each farm and marketed (or processed by the producer) for the extraction of sugar on and after July 1, 1937.

Done at Washington, D. C. this 8th day of June 1938. Witness my hand and the seal of the Department of Agriculture.

BUREAU OF AGRICULTURAL ECONOMICS

REGULATIONS TO GOVERN COTTON CLASSIFICATION AND MARKET NEWS SERVICES FOR ORGANIZED GROUPS OF PRODUCTS

By virtue of authority vested in the Secretary of Agriculture by the provisions of the Act of April 13, 1937 (Public No. 28, 75th Congress), authorizing the Secretary of Agriculture to provide for the classification of cotton, to furnish information on market supply, demand, location, condition, and market prices for cotton, and for other purposes, I, H. A. Wallace, Secretary of Agriculture do prescribe, publish, and give public notice of the following regulations to be in force and effect on and after this date and until amended or superseded by regulations hereafter made by the Secretary of Agriculture.

REGULATION 1.—ADMINISTRATION

SECTION 1. The Chief of the Bureau of Agricultural Economics is charged with the supervision on behalf of the Secretary of Agriculture of the performance of all duties arising in the administration of the Act and these regulations.

SEC. 2. *Regional offices.*—Regional field offices shall be maintained at points designated by the Chief of the Bureau.

SEC. 3. *Field classing offices.*—The Chief of the Bureau may from time to time authorize the establishment of field cotton classing offices at other points.

REGULATION 2.—CLASSIFICATION AND MARKET NEWS SERVICES

SECTION 1. *Classification of samples.*—The Chief of the Bureau or his authorized representatives, upon request in writing from any group of producers organized to promote the improvement of cotton who comply with these regulations, shall, as hereinafter provided, furnish to such producers without charge the classification in accordance with the official cotton standards of the United States, of samples representing cotton produced by them. It appearing that funds appropriated for the administration of the Act may be insufficient to provide for the classification of all of the cotton grown by members of such groups, only samples representing that portion of members' cotton produced from an adopted improved variety shall be considered eligible for classification under these regulations.

SEC. 2. *Market News.*—The Chief of the Bureau shall cause to be distributed to groups of producers organized to promote the improvement of cotton who comply with these regulations, and to others on request, for posting at gins, in post offices, or other public or conspicuous places in cotton growing communities, timely information on prices for various grades and staple lengths of cotton.

REGULATION 3.—ORGANIZED GROUPS

SECTION 1. Groups of producers organized to promote the improvement of cotton may be recognized as such within the meaning of the Act if they meet the following requirements.

(a) Such an organization may be an unincorporated association or it may be incorporated.

(b) The cotton fields of members of an organized group shall be located within the area generally recognized by the group as its community and any fields of members in which planting seed of the adopted variety and strain is produced shall be so located as to prevent or minimize cross pollination with other varieties or strains. The seed planted pursuant to the crop improvement program of any group shall be of such variety and seed stock of proven merit as shall have been agreed upon by the group, and the cotton produced shall be ginned in such a manner as to prevent the mixing of the seed or lint of an adopted variety with the seed or lint of other varieties or strains. Provision shall be made by the group for the procurement, production and economical distribution of approved planting seed of the adopted variety and strain for use by members of the group.

(c) Each organized group shall assume responsibility for obtaining, identifying, and shipping samples to be classified and for posting market information furnished to it in accordance with these regulations; shall see that samples are drawn, handled, and shipped in accordance with instructions furnished from time to time by representatives of the Bureau; and shall designate a responsible representative and an alternate representative to act for members of the group in matters pertaining to compliance with these regulations. Such representative or alternate representative need not be a producer or a member of the group.

REGULATION 4.—SAMPLING AND CLASSIFICATION

SECTION 1. A sample of approximately 6 ounces in weight representative of both sides of each square bale of cotton (of an adopted variety) ginned for a member of an organized group will be drawn and submitted for classification. For each round bale a representative sample of approximately 3 ounces will be submitted.

SEC. 2. Each lot of samples submitted for classification shall be enclosed in packages or bags which shall be labeled or marked so as to show the name and address of the representative or sampling agency of the organized group. Each sample shall contain a tag bearing the identification of the bale from which it was drawn and the name and address of the producer of such bale.

SEC. 3. Costs incident to sampling, tagging, and identification of samples and transporting samples to points of shipment shall be without expense to the Government except that tags and containers for the shipment of samples may be furnished and transportation charges paid by the Bureau. The samples shall become the property of the Government.

SEC. 4. Samples submitted as herein provided shall be classified by representatives of the Bureau and a statement showing the grade and staple length of each sample according to the official cotton standards of the United States will be mailed to the producer whose name appears on the tag accompanying the sample.

SEC. 5. The representative or alternative representative of a group may be designated by the group to receive classification data for its members.

REGULATION 5.—APPLICATIONS

SECTION 1. Applications shall be made on forms furnished or approved by the Bureau.

SEC. 2. Each such application shall include (a) the date; (b) the name and location of the organized group; (c) the name, address, acreage, and estimated production of each member of the group and the variety of the cotton to be grown by him; (d) a statement that the variety and strain adopted by the group has been agreed upon by a majority of the members; (e) a statement that the group is organized for the purpose of promoting the improvement of cotton; (f) copies of the organization papers of the group, such as articles of association and by-laws, and copies of ginners' agreements, and other documents relating to cotton improvement by members of the group; (g) the name, title and post office address of the representative and the alternative representative designated to act for the group; (h) the estimated total number of acres of cotton of an adopted variety to be grown during the year; (i) the arrangements that have been made for posting market information; (j) the arrangements for procuring and distributing planting seed; (k) other information that may be required by the Bureau; (l) a statement that the group agrees to comply with the Act and these regulations; and (m) the signature of an authorized official or leader of the group. It shall be further required that a statement be furnished from the cooperating state extension service or other state agency cooperating with the Bureau of Plant Industry of the United States Department of Agriculture, and subject to approval by representatives of that Bureau, or from a committee appointed by the Chief of the Bureau of Agricultural Economics for the purpose, that the group is organized for promoting the improvement of cotton; that all members' fields on which seed stocks are to be produced are so located as to prevent or minimize cross pollination; that the varieties of cotton and seed stocks are approved by such cooperating state agency or committee; that arrangements have been made for ginning the cotton in a manner which will prevent or minimize damage to the fiber and prevent the mixing of the seed or lint of one variety or strain with seed or lint of other varieties or strains; and that satisfactory arrangements have been made for procuring and/or distributing planting seed.

SEC. 3. Application shall be filed with an authorized representative of the Bureau of Agricultural Economics or mailed to such representative within a period of time to be announced by that Bureau for the receipt of applications for services during the year to which such application relates. To receive consideration, any such application submitted by mail shall have been postmarked before midnight of the last day of such announced period.

SEC. 4. Applications may be rejected for non-compliance with the act or these regulations, or when funds or facilities are not available to provide the services requested.

SEC. 5. Proof of authority of any person to make application on behalf of an organized group may be required.

SEC. 6. An organized group may withdraw its application at any time.

SEC. 7. Applications shall be subject to renewal from year to year in accordance with a procedure to be prescribed by the Chief of the Bureau or his representatives.

SEC. 8. Any expense involved in the preparation and filing of applications and requests for renewal shall be paid by the applicants.

REGULATION 6.—LIMITATION OF SERVICES

SECTION 1. The Chief of the Bureau or his authorized representatives may suspend, terminate, or withhold cotton classing and market news services to any organized group upon its request or upon its failure to comply with the Act or these regulations, or when funds or facilities are insufficient to provide or continue such services.

In testimony whereof I have hereunto set my hand and caused the official seal of the Department of Agriculture to be affixed in the City of Washington, this 7th day of June 1938.

Secretary.

PUBLIC NOTICE ESTABLISHING RULES AND REGULATIONS TO GOVERN THE INSPECTION, SAMPLING, AND CERTIFICATION OF COTTONSEED SOLD OR OFFERED FOR SALE FOR CRUSHING PURPOSES

By virtue of the authority vested in the Secretary of Agriculture by the Act of Congress entitled "An Act making appropriations for the Department of Agriculture for the fiscal year ending June 30, 1938, • • • and for other purposes" (Public No. 173, 75th Congress), I, H. A. Wallace, Secretary of Agriculture, do hereby fix, establish, and promulgate the following rules and regulations to govern the inspection, sampling, and certification of cottonseed sold or offered for sale for crushing purposes, the same to be in force and effect as long as Congress shall provide the necessary authority therefor, unless amended or superseded by rules and regulations hereafter prescribed and promulgated under such authority. These rules and regulations shall supersede the rules and regulations governing the inspection, sampling, and certification of cottonseed promulgated by the Acting Secretary of Agriculture on July 30, 1937.[1]

REGULATION 1.—DEFINITIONS

SECTION 1. Words used in these regulations in the singular form shall be deemed to import the plural, and vice-versa, as the case may demand.

SEC. 2. As used throughout these regulations, unless the context otherwise requires, the following terms shall be construed, respectively to mean:

PARAGRAPH 1. *The act.*—The Act of Congress entitled "An Act making appropriations for the Department of Agriculture • • • for the fiscal year ending June 30, 1938, "Public No. 173, 75th Congress, which makes provision "for enabling the Secretary of Agriculture to investigate and certify to shippers and other interested parties the class, quality, and condition of cotton, • • • and other perishable farm products • • • under such rules and regulations as he may prescribe, including payment of such fees as will be reasonable and as nearly as may be to cover the cost for the service rendered."

PAR. 2. *Custodian.*—Person who has possession or control of cottonseed or of samples of cottonseed, as agent, controller, broker, or factor, as the case may be.

PAR. 3. *Owner.*—Person who through financial interest owns or controls, or has the disposition of either cottonseed or of samples of cottonseed.

PAR. 4. *Bureau.*—Bureau of Agricultural Economics of the United States Department of Agriculture.

PAR. 5. *Official cottonseed standards.*—The official standards of the United States for the grading, sampling, and analyzing of cottonseed sold or offered for sale for crushing purposes.

PAR. 6. *Supervisor of cottonseed inspection.*—An officer of the Department of Agriculture designated as such by the Chief of the Bureau.

PAR. 7. *Secretary.*—The Secretary of Agriculture of the United States.

PAR. 8. *The Chief of the Bureau.*—The Chief of the Bureau of Agricultural Economics, United States Department of Agriculture.

PAR. 9. *Regulations.*—Regulations made under the act by the Secretary.

PAR. 10. *License.*—A license issued under the act by the Secretary.

PAR. 11. *Licensed cottonseed chemist.*—A person licensed under the act by the Secretary to make quantitative and qualitative chemical analyses of samples of cottonseed according to the methods prescribed by the Chief of the Bureau and to certificate the grade according to the official cottonseed standards of the United States.

PAR. 12. *Licensed cottonseed sampler.*—A person licensed by the Secretary to draw and to certificate the authenticity of samples of cottonseed in accordance with these regulations.

PAR. 13. *Dispute.*—A disagreement as to the true grade of a sample of cottonseed analyzed and graded by a licensed chemist.

PAR. 14. *Party.*—A party to a dispute.

PAR. 15. *Commercial laboratory.*—A chemical laboratory operated by an individual, firm, or corporation in which one or more persons are engaged in the chemical analysis of materials for the public.

PAR. 16. *Cottonseed.*—The word "cottonseed" as used herein means the seed, after having been put through the usual and customary process known as cotton ginning, of any cotton produced within the continental United States.

PAR. 17. *Lot.*—That parcel or quantity of cottonseed offered for sale or tendered for delivery or delivered on a sale or contract of sale, in freight cars, trucks, wagons, or otherwise in the quantities and within the time limits prescribed from time to time by the Chief of the Bureau for the drawing and preparation of official samples by licensed cottonseed samplers.

PAR. 18. *Official sample.*—A specimen of cottonseed drawn and prepared by a licensed cottonseed sampler and certified by him as representative of a certain identified lot, in accordance with these regulations.

REGULATION 2.—ADMINISTRATIVE AND GENERAL

SECTION 1. The Chief of the Bureau is charged with the supervision on behalf of the United States Department of Agriculture of the performance of all duties arising in the administration of the act.

SEC. 2. The Chief of the Bureau, whenever he deems necessary, may designate an officer of the Department of Agriculture as supervisor of cottonseed inspection who shall supervise the inspection and sampling of cottonseed and perform such other duties as may be required of him in administering the act and these regulations.

SEC. 3. The inspection, sampling, analyzing, and grading of cottonseed in the United States pursuant to the act shall

[1] 2 F. R. 1608 (DI).

be performed as prescribed in methods approved from time to time by the Chief of the Bureau.

SEC. 4. Any person, partnership, or corporation that shall have undertaken to utilize the services of licensed cottonseed samplers and licensed cottonseed chemists under these regulations who shall not make available for official sampling and analysis each lot of cottonseed purchased or sold on grade and received by such person or partnership or corporation, may be denied further services under the act and these regulations: Provided, That in cases of persons, partnerships, or corporations operating two or more cottonseed crushing units under separate local managements, such penalty shall apply only to the offending unit, unless it shall be shown that the actions of such unit were at the direction or with the knowledge, approval or acquiescence of the general management.

SEC. 5. *Misrepresentation.*—Any willful misrepresentation or any deceptive or fraudulent practice made or committed by an applicant for a cottonseed sampler's certificate or for a cottonseed chemist's certificate or for an appeal grade certificate in connection with the sampling or grading of cottonseed by persons licensed under the Act and these regulations or the issuance or use of a certificate not issued by a person licensed under these regulations in imitation of or that might mislead anyone to believe that such certificate was in fact issued by a person licensed under the act, or that might be otherwise false, misleading, or deceptive, may be deemed sufficient cause for debarring such applicant from any further benefits of the act.

SEC. 6. In case of dispute in which a review is desired of the grading of any sample of cottonseed covered by a valid certificate issued by a licensed cottonseed chemist, application therefor shall be filed with or mailed to the designated agent of the Chief of the Bureau within one week after the date of the original certificate, whereupon the licensed chemist issuing the certificate shall immediately surrender to the agent of the Chief of the Bureau the retained portion of the original sample together with such records as may be required, for the determination of the true grade. Should the grade found on re-analysis differ from the original by not more than plus or minus one full grade, the original grade shall be considered as the true grade. Should the re-analysis indicate a grade differing more than plus or minus one full grade from the original, all work sheets involved shall be submitted to the Chief of the Bureau or his designated agent who shall determine the correct grade.

SEC. 7. In cases of review of the grade of any official sample of cottonseed, payment covering the costs of re-analysis shall accompany the application.

REGULATION 3.—LICENSED COTTONSEED CHEMISTS

SECTION 1. PARAGRAPH 1. Application for licenses to analyze and grade cottonseed shall be made to the Chief of the Bureau on forms authorized for the purpose by the Bureau.

PAR. 2. Each such application shall be in English and shall be signed by the applicant, shall be verified by him under oath or affirmation administered by a duly authorized officer, and shall contain or be accompanied by satisfactory evidence (a) that he has passed his twenty-fifth birthday and that he is an actual resident of the continental United States; (b) that he holds a degree in chemistry or chemical engineering from a recognized college or university and has had not less than three years' practical experience in laboratory work in which he shall have analyzed quantitatively and qualitatively samples of cottonseed; or in the absence of a degree from a recognized college or university, that he has had at least five years' practical laboratory experience, three years of which shall have been devoted chiefly to the analysis of samples of cottonseed; (c) that he will have no financial interest in any cottonseed oil mill or cotton ginning establishment; (d) that he agrees to comply with and abide by the terms of the act and these regulations so far as they may relate to him; (e) that he is an independent analytical chemist or an employee of a commercial analytical laboratory; (f) that he owns or will have the use of all of the apparatus specified in the methods established hereunder for the analysis and grading of cottonseed; and (g) such other information as the Chief of the Bureau may deem necessary.

PAR. 3. Every chemist licensed hereunder to analyze cottonseed and to certificate the grade thereof shall follow precisely the methods of analysis approved from time to time by the Chief of the Bureau.

PAR. 4. The applicant shall furnish such additional information as the Secretary or the Chief of the Bureau shall at any time find to be necessary to the consideration of his application.

SEC. 2. Each applicant for a license as a chemist and each licensed chemist shall, when requested, submit to an examination or test to show his ability to analyze and grade cottonseed.

SEC. 3. The period for which a license may be issued shall be from the first day of August until and including the 31st day of July following. Renewals shall be for not more than 1 year beginning with the first day of August of each year, provided that licenses issued on and after June 1 of any year shall be for the period ending on July 31 of the following year.

SEC. 4. It shall be a condition of the licensing of any person under this regulation, and of the retention by him of a license, that during the active cotton season each year he shall be engaged in or in connection with the grading of cottonseed; that all cottonseed offered for grading shall be analyzed and graded in accordance with the official cottonseed standards of the United States; that each sample of cottonseed received for analysis and grading shall be handled in the order of its receipt at his place of business; and that such license shall not be used or be allowed to be used for any improper purpose.

SEC. 5. Whenever any chemist licensed under the act and in accordance with these regulations shall grade and/or certificate any cottonseed or samples in consideration of a fee, the fee charged shall be reasonable, unconditional, nondiscriminatory, and shall be in accordance with a schedule previously submitted to and approved by the Bureau. The schedule shall include the certificate fee provided for in Section 3 of Regulation 5, of these Regulations.

SEC. 6. Each licensed chemist, shall keep, or shall cause to be kept for him, for a period of at least 1 year, a record of the analysis of each individual sample of cottonseed graded by him. Each licensed chemist shall permit any officer or agent of the Bureau, authorized by the Chief of the Bureau for the purpose, to inspect or examine, on any business day during the usual hours of business, his books, papers, records, and accounts relating to the performance of his duties under the act and these regulations.

SEC. 7. (a) Each official sample of cottonseed as received by a licensed chemist shall be assigned a laboratory number and shall be analyzed and the grade certificated in the order of its receipt.

(b) Certificates of the grade of lots of cottonseed may be issued only upon samples certified by licensed samplers as official samples and received in good condition by licensed chemists, or known by such licensed chemists to be true and correct samples of the cottonseed involved.

(c) Certificates of the grade of unofficial samples of cottonseed may be issued upon samples received by licensed chemists if the samples are sufficient for proper analysis, have not been drawn by a licensed sampler, and are not known to be samples of the same seed represented by an official sample. Such certificates shall be plainly marked "Sample not official; grade applies to the sample only."

(d) No certificate of the grade of a sample of cottonseed shall be issued by a licensed chemist based on a sample the condition of which on receipt at the laboratory does not comply with the methods prescribed for the preparation and forwarding of samples of cottonseed.

SEC. 8. Each grade certificate issued under the act by a licensed chemist shall be in a form approved for the purpose by the Chief of the Bureau and shall embody within its written or printed terms—

(a) The caption "Cottonseed Grade Certificate."

(b) The serial number assigned to it.

(c) The date and place of issuance.

(d) A statement that the certificate is issued by a chemist licensed by the Secretary of Agriculture to analyze and certificate the grade of cottonseed.

(e) A statement in accordance with the facts in each case, either (1) that the chemist knows the samples upon which his classification is based to be true and correct samples of the cottonseed involved; or (2) that the samples were received in proper condition from a sampler licensed by the Secretary; or (3) that the samples were not received from a licensed sampler.

(f) The identification of each lot of cottonseed by the marks and notations by which the seed was identified at the time the sample was taken.

(g) All analytical data required by the Chief of the Bureau.

(h) The signature of the licensed chemist.

In addition, the grade certificate may include any other matter not inconsistent with the act or these regulations.

Four copies of the grade certificate form shall be submitted to and approved by the Bureau before use by a licensed chemist.

A copy of each certificate shall be mailed to a designated office of the Bureau within 36 hours after its issuance.

SEC. 9. Each licensed chemist shall from time to time when requested by the Bureau, make reports on forms furnished for the purpose by the Bureau bearing upon his activities as such licensed chemist.

SEC. 10. Every person licensed under the act shall immediately furnish the Chief of the Bureau any information which comes to the knowledge of such person tending to show that any provision of the act or the regulations has been violated.

SEC. 11. Upon written request and a satisfactory statement of reasons therefor submitted by the licensed chemist, the Chief of the Bureau may, without a hearing, suspend or revoke the license issued to such licensed chemist. Pending investigation the Secretary or the Chief of the Bureau may, whenever he deems necessary, suspend the license of a licensed chemist temporarily without hearing. The Secretary may, after opportunity for hearing, when requested, has been afforded in accordance with this section, suspend or revoke a license issued to a licensed chemist when such licensed chemist (a) has ceased to perform services as such chemist, (b) has knowingly or carelessly analyzed cottonseed improperly, (c) has violated or evaded any provision of the act or the regulations thereunder so far as the same may relate to him, (d) has used his license or allowed it to be used for any fraudulent or improper purposes, or (e) has in any manner become incompetent or incapacitated to perform the duties of a licensed chemist. Before the license of any licensed chemist is finally suspended or revoked, such licensed chemist shall be furnished by the Secretary, or by an official of the Department of Agriculture designated for the purpose, a written statement specifying the charges and shall be allowed a reasonable time within which he may answer the same in writing and apply for a hearing, in which event an oral hearing shall be accorded him. Such hearing shall be held before and at the time and place fixed by the Secretary or the Chief of the Bureau or an official of the Department of Agriculture designated for the purpose. The testimony of the witnesses at such oral hearing shall be upon oath or affirmation administered by the official before whom the hearing is held when required by him. Such oral hearing may be adjourned by him from time to time. Every written entry in the records of the Department of Agriculture made by an officer or employee thereof in the course of his official duty which is relevant to the issues involved in the hearing, shall be admissible as prima facie evidence of the facts stated therein without the production of such officer or employee. Copies of all papers and all the evidence submitted or considered in such hearing shall be made a part of the records of the Department of Agriculture. The records and, when there has been an oral hearing other than by the Secretary, the recommendation of the official holding such oral hearing shall be transmitted to the Secretary for his consideration. Each party shall pay all expenses contracted by him in connection with any hearing under this section.

SEC. 12. If a license issued to a licensed chemist is suspended, revoked, or cancelled, such license shall be returned to the Bureau. At the expiration of any period of suspension of such license, unless in the meantime it be revoked or cancelled, the dates of the beginning and termination of the suspension shall be indorsed thereon, and it shall be returned to the licensed chemist to whom it was originally issued.

SEC. 13. Upon satisfactory proof of the loss or destruction of a license issued to a licensed chemist, a duplicate thereof may be issued under the same or a new number, in the discretion of the Secretary.

SEC. 14. No person shall in any way represent himself to be a chemist licensed under the act unless he holds an unsuspended, unrevoked, and uncancelled license issued under the act.

SEC. 15. Every person licensed under the act as a licensed chemist shall keep confidential all information secured by him relative to cottonseed analyzed and graded by him. He shall not disclose such information to any person except to the owner or custodian of the seed in question, or to an authorized agent of the Chief of the Bureau.

REGULATION 4.—LICENSED COTTONSEED SAMPLERS

SECTION 1. PARAGRAPH 1. Applications for licenses to sample cottonseed shall be made to the Chief of the Bureau of Agricultural Economics on forms furnished for the purpose by him.

PAR. 2. Each such application shall be in English and shall be signed by the applicant, shall be verified by him under oath or affirmation, administered by a duly authorized officer, and shall contain or be accompanied by (a) satisfactory evidence that he has passed his twenty-first birthday and that he is an actual resident of the continental United States, (b) satisfactory evidence of his experience in the handling and sampling of cottonseed, (c) a statement by the applicant that he agrees to comply with and abide by the terms of the act and these regulations so far as they may relate to him, and with instructions issued from time to time by the Chief of the Bureau governing the sampling of cottonseed, and (d) such other information as the Chief of the Bureau may deem necessary.

PAR. 3. Every sampler shall include in his application to the Chief of the Bureau for a license a statement showing the fees, wages, or salary to be received by him as compensation for his work as a sampler of cottonseed.

SEC. 2. PARAGRAPH 1. Each applicant for a license to sample cottonseed shall, as a condition to the granting thereof, execute and file with the Chief of the Bureau a good and sufficient bond to the United States to secure the faithful performance of his duties as a licensed sampler under the terms of the act and these regulations. Said bond shall be in such form and amount, not less than $1,000, and shall have such surety or sureties as shall be approved by the Chief of the Bureau, subject to service of process in suits on the bond within the State, district, or territory, in which such licensee shall perform services as a licensed cottonseed sampler. Any person injured by the breach of any obligation to secure which a bond is given under this paragraph shall be entitled to sue on the bond in his own name in any court of competent jurisdiction to recover the damages he may have sustained by such breach.

PAR. 2. If the Chief of the Bureau finds that conditions warrant such action, there shall be added to the amount previously required under paragraph 1 of this section such additional amount as he shall deem necessary.

SEC. 3. The period for which a license may be issued under this regulation shall be from the first day of August until and including the 31st day of July following. Renewals shall be for 1 year, beginning with the first day of August of each year, provided that licenses or renewals issued on and after June 1 of any year shall be for the period ending July 31 of the following year.

SEC. 4. It shall be a condition of the renewal of any license hereunder that the licensed sampler shall file a new bond in the required amount with, and that such bond shall be approved by, the Chief of the Bureau or his authorized representative, provided that in the discretion of the Chief of the Bureau or his authorized representative a properly executed instrument in form approved by him amending, extending, or continuing in force and effect the obligations of a valid bond previously filed by the licensed sampler and otherwise complying with this regulation may be filed in lieu of a new bond.

SEC. 5. No bond, amendment, or continuation thereof shall be deemed accepted for the purpose of this regulation until it has been approved by the Chief of the Bureau or his authorized representative.

SEC. 6. Each applicant for a license as a sampler and each licensed sampler whenever requested by an authorized representative of the Bureau, shall submit to an examination or test to show his ability properly to perform the duties for which he is applying for a license or for which he has been licensed, and each such applicant or licensee shall furnish the Bureau any information requested at any time in regard to his sampling of cottonseed.

SEC. 7. Each licensed sampler shall keep his license conspicuously posted at the place where he functions as a sampler or in such other place as may be approved by the Bureau.

SEC. 8. Each licensed sampler, when requested, shall without discrimination, as soon as practicable and upon reasonable terms, sample any cottonseed if the same be made available to him at his place of business, under conditions that will permit proper sampling. Each such licensee shall give preference to those who request his services as such over persons who request his services in any other capacity.

SEC. 9. Each licensed sampler shall have available suitable triers or sampling tools, sample containers, scales, seed cleaners, seed mixers, and air-tight containers for enclosing and forwarding the official samples to licensed chemist, and with tags and samplers' certificates approved or furnished by the Chief of the Bureau or his representative for identifying the samples of cottonseed and for certificating the condition of the cottonseed represented by such samples. There shall be clearly written or printed on the face of such certificate (a) the number thereof; (b) a suitable caption; (c) the location of the cottonseed involved and its point of origin; (d) the identification of the lot from which the sample was drawn; (e) the date on which the sample was drawn; (f) the gross weight of the original sample, and the net weight of the cleaned sample; (g) a statement indicating that the sample was drawn in accordance with these regulations, as amended; and (h) the signature of the licensed sampler as such. The use of such tags and certificates shall be in conformity with instructions issued from time to time by the Bureau.

SEC. 10. Each licensed cottonseed sampler shall draw, prepare and identify one official sample of cottonseed and a duplicate thereof from each lot made available to him in such manner as may be required by the Chief of the Bureau, and shall promptly prepare it for forwarding to a licensed cottonseed chemist for analysis and grading. The duplicate shall be sealed and retained by the sampler until the original official sample shall have been alayzed by a licensed chemist. If the original official sample shall become lost or destroyed before having been analyzed the duplicate shall become the official sample; otherwise the licensed sampler shall immediately remove the identification marks from the duplicate and discard it. In no case shall the duplicate be offered for analysis unless the original shall have been lost or destroyed before analysis.

SEC. 11. Each licensed sampler shall permit any authorized representative of the Bureau to inspect at any time his books, papers, records, and accounts relating to the performance of his duties under this regulation.

SEC. 12. The failure or refusal of any cottonseed sampler, duly licensed as such under these regulations, to draw, prepare, identify and to forward an official sample of every lot of cottonseed made available to him for the purpose, in accordance with these regulations, shall be cause for the suspension or revocation of his license.

SEC. 13. Pending final action by the Secretary, a sampler's license may be suspended by the Chief of the Bureau or by any official by whom it may be countersigned whenever such official shall deem such action to be for the good of the service. Within 10 days after any such suspension the licensee may file an appeal in writing to the Secretary, supported by any argument or evidence that he may wish to offer in his behalf.

SEC. 14. In case a license issued to a sampler is suspended or revoked such license shall be returned to the Department. At the expiration of any period of suspension of such license, unless in the meantime it be revoked, the dates of beginning and termination of such suspension shall be endorsed thereon, it shall be returned to the person to whom it was originally issued, and it shall be posted as prescribed in section 7 of this regulation.

SEC. 15. Upon satisfactory proof of the loss or destruction of a license issued to a sampler hereunder, a new license may be issued under the same or a new number.

SEC. 16. Each licensed sampler, when requested, shall make reports on forms furnished for the purpose by the Bureau bearing upon his activity as such licensee.

SEC. 17. No person shall in any way represent himself to be a sampler licensed under the act unless he holds an unsuspended and unrevoked license issued thereunder.

SEC. 18. Every person licensed under the act as a sampler of cottonseed shall keep confidential all information secured by him relative to shipments of cottonseed sampled by him. He shall not disclose such information to any person except an authorized representative of the Bureau.

REGULATION 5.—FEES AND COSTS

SECTION 1. For the examination of an applicant for a license to sample and certificate official samples of cottonseed the fee shall be $5.00, but no additional charge shall be made for the issuance of a license. For each renewal of a samplers' license the fee shall be $3.00.

SEC. 2. For the examination of an applicant for a license as a chemist to analyze and certificate the grade of cottonseed the fee shall be $50.00, but no additional charge shall be made for the issuance of a license. For each renewal of a chemist's license the fee shall be $30.00.

SEC. 3. To cover in part the cost of administering these regulations each licensed cottonseed chemist shall pay to the Bureau 25 cents for each certificate of the grade of cottonseed issued by him. A statement showing the number of certificates issued shall be rendered to the Bureau each month, the same to be accompanied by the appropriate remittance in the form of a certified check, draft, or money order payable to the Treasurer of the United States.

In testimony whereof I have hereunto set my hand and caused the official seal of the Department of Agriculture to be affixed in the City of Washington, this 7th day of June, 1938.

[SEAL] H. A. WALLACE,
Secretary.

FEDERAL CROP INSURANCE CORPORATION

[F. C. I. R.—Series 1, No. 1]

AMENDMENTS TO REGULATIONS RELATING TO WHEAT CROP INSURANCE

The regulations relating to wheat crop insurance adopted by the Board of Directors on April 26, 1938, and approved by the Secretary of Agriculture on April 28, 1938,[1] are hereby amended as follows:

1. Section 61 is hereby amended to read as follows:

SEC. 61. *Payment of premium in wheat.*—(a) When premiums are paid in wheat such payments shall be made by the delivery of a negotiable warehouse receipt representing the quantity, class, and grade of wheat specified in the premium notice. Warehouse receipts shall be accepted only when issued by a warehouse designated in the premium notice. In no event shall premiums be paid with wheat of a lower grade than No. 3 or with wheat not classified as a straight or unqualified grade. No warehouse receipt will be accepted in payment of the premium unless it is delivered at the office of the county committee for the county in which the farm is located within the time fixed by the Corporation, and unless there are no warehousing charges or other liens outstanding against the wheat represented by the receipt at the time of such delivery other than the usual charges for receiving, and storage from the date of issuance of the receipt to the time of delivery. Premiums shall not be regarded as paid until the warehouse receipts used in payment of such premiums are accepted by a representative of the Corporation duly authorized for that purpose.

(b) If for any reason whatsoever it appears at any time that the transfer of the warehouse receipt to the Corporation did not convey to it complete and unencumbered title to the receipt and the wheat represented thereby, except as provided in subsection (a) of this section, or if at any time the Corporation's title to such receipt or wheat is drawn into question by any person, then, unless the stipulated premium is paid on demand by the Corporation, the policy shall at the option of the Corporation become void, and in case any payments have been made thereunder they shall be refunded to the Corporation.

2. Section 62 is hereby amended to read as follows:

SEC. 62. *Payment of premium in cash equivalent.*—Payment of premiums in cash equivalent shall be made in cash, check, money order, or bank draft. Checks and drafts will be accepted subject to collection. The cash equivalent of any premium shall be determined by multiplying the number of bushels of wheat of the basic class and grade specified in the premium notice by the basic market price of such wheat at a basic market designated by the Corporation for the area in which the farm is located less an amount per bushel, fixed by the Corporation, representing freight and other usual charges in connection with the movement and handling of wheat between the local station fixed by the Corporation for the farm and the specified basic market.

3. Section 80 is hereby amended to read as follows:

SEC. 80. *Manner of Payment of indemnity.*—The indemnity under any policy for which the Corporation may be liable shall be paid in wheat or the cash equivalent thereof. The insured may indicate in his proof of loss whether he wishes the indemnity to be paid in wheat or in cash, and if payment is to be made in wheat, the point at which he desires such wheat to be delivered, but the Corporation reserves the right to make payment in a form or at a point other than that indicated by the insured.

4. Section 81 is hereby amended to read as follows:

SEC. 81. *Payment of indemnity in cash.*—Where an indemnity is to be paid in cash, the amount thereof shall be computed by multiplying the amount of loss, in terms of wheat of the basic class and grade specified for the payment of premiums in the area where the farm is located, by the current basic market price of such wheat at a basic market designated by the Corporation for the area in which the farm is located, less an amount per bushel, fixed by the Corporation, to cover freight and other usual charges in connection with the movement and handling of wheat between the local station fixed for the farm by the Corporation and the specified basic market. The current basic market price for any class or grade of wheat at any such designated basic market shall be the basic market price for such wheat for the day when ascertainment of the amount of loss is made by agreement between the insured and the adjuster, subject to the approval of the proof of loss for payment by a duly authorized officer of the Corporation.

5. Section 82 is hereby amended to read as follows:

SEC. 82. *Payment of indemnity in wheat.*—(a) Where an indemnity is to be paid in wheat, it shall be paid in the form of a negotiable warehouse receipt representing wheat of the basic class and grade specified for the payment of premiums in the area where the farm is located, or its equivalent in wheat of another class or grade (except wheat of a lower grade than No. 3, or wheat not classified as of a straight or unqualified grade) determined in accordance with conversion factors fixed by the Corporation.

(b) If the warehouse receipt represents wheat stored at the local station fixed for the farm by the Corporation, it shall be for a quantity of wheat equal to the amount of loss.

(c) If the warehouse receipt represents wheat stored at the basic market designated by the Corporation for the area in which the farm is located, it shall represent the amount of loss less an amount of wheat, fixed by the Corporation, equivalent at the current basic market price to freight and other usual charges in connection with the movement and handling between the local delivery point and the specified basic market of a quantity of wheat equal to the amount of loss.

(d) If the warehouse receipt represents wheat stored at any other point or market, it shall be for a quantity of wheat equal to a number of bushels computed by dividing the amount of the indemnity that would be paid if the indemnity were to be paid in cash by the current market price for such wheat at such other point or market. The current market price at such other point or market shall be determined by deducting from the current basic market price at the designated basic market, an amount per bushel, fixed by the Corporation, to cover freight, from the point at which the wheat originated (as shown on the receipted freight bill which is transferred with the warehouse receipt), to the basic market, and adding thereto an amount per bushel representing the freight necessary to move such wheat from such point of origin to the point or market at which the wheat is stored.

(e) When warehouse receipts are delivered as provided in subsection (c) of this section, they shall be accompanied by evidence of the payment of sufficient inbound freight to assure the insured customary transit privileges. When warehouse receipts are delivered as provided in subsection (d) of this section, they shall be accompanied by evidence of the payment of an amount of freight equal to the amount of freight from the point of origin to the point of storage used in making the calculation under said subsection (d).

(f) The current market prices to be applied under this section 82, including the determination of the amount of indemnity in cash, shall be such prices for the day when the proof of loss is approved for payment by the Corporation.

6. Section 122 is hereby amended to read as follows:

SEC. 122. *Review of determinations of county committees.*—All determinations by county committees shall be subject to review and approval or revision by duly authorized representatives of the Corporation.

Adopted by the Board of Directors on May 27, 1938.

[SEAL] R. M. EVANS,
Acting Chairman.

Approved, June 8, 1938.

H. A. WALLACE,
Secretary of Agriculture.

TITLE 16—COMPETITIVE PRACTICES

FEDERAL TRADE COMMISSION

United States of America—Before Federal Trade Commission

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 2nd day of June, A. D. 1938.

Commissioners: Garland S. Ferguson, Chairman; Charles H. March, Ewin L. Davis, William A. Ayres, Robert E. Freer.

[Docket No. 2925]

IN THE MATTER OF THE TAREX COMPANY, A CORPORATION

ORDER TO CEASE AND DESIST

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint of the Commission, the answer of respondent, testimony and other evidence taken before Charles P. Vicini, an Examiner of the Commission theretofore duly designated by it, in support of the allegations of said complaint and in opposition thereto, brief filed by counsel for the Commission (respondent having filed no brief and not having requested oral argument); and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, The Tarex Company, a corporation, its officers, representatives, agents and employees, in connection with the offering for sale, sale and distribution of pharmaceutical preparations for the treatment and cure of eczema, psoriasis and other diseases and ailments of the skin, now designated as "Tarex No. 1," "Tarex No. 2," and "Tarex No. 3" or any other preparations containing substantially similar ingredients or possessing substantially similar properties, whether sold under those names or under any other names, in commerce as defined in the Federal Trade Commission Act, do forthwith cease and desist from:

Representing, directly or indirectly, in any manner:

(a) That said preparations constitute competent and effective treatments for eczema and psoriasis in any form, or for all the known marks of skin ailments, such as lesions, pimples, blisters, scales, scabs, cuts, fissures, redness, wetness or dryness, or any other forms or marks of skin diseases or skin ailments, unless such representations are limited to representations that said preparations will serve as palliatives or temporarily alleviate those types of said diseases and disorders which are not caused by, or associated with, a systemic or metabolic disorder, or are not caused by syphilis;

(b) That said preparations constitute competent and effective remedies and cures for eczema and psoriasis in any form, or for all the known marks of skin ailments, such as lesions, pimples, blisters, scales, scabs, cuts, fissures, redness, wetness or dryness, or any other forms or marks of skin diseases or skin ailments.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

IN THE MATTER OF MARVO BEAUTY LABORATORIES, INC.

ORDER TO CEASE AND DESIST

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint of the Commission and the answer thereto and the stipulation as to the facts entered into between W. T. Kelley, Chief Counsel of the Commission, and John A. Bolles, counsel for the respondent, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent, Marvo Beauty Laboratories, Inc., its representatives, agents and employees, in connection with the offering for sale, sale and distribution of toilet preparations now designated as "Marvo Liquid Skin Peel," "Marvo Skin Peel" and "Marvo" or any other toilet products containing substantially the same ingredients or possessing the same properties sold under these names or any other name in interstate commerce or in the District of Columbia, do forthwith cease and desist from representing, directly or indirectly:

That the respondent's product is a new, harmless product; that it will remove blemishes and signs of age visible in the epidermis or outer layer of the skin, including pimples, blackheads, acne, pustules, whiteheads, freckles, tan, coarse pores, dry skin scales, oily skin, blotches, sallow skin, discolorations, flabbiness, simple eczema or any other condition of the skin; that it will restore clearness and beauty to the outer layer of the skin; that it will impart to the skin the magic of a new, clear, youth-like skin; that it will give a fresh outer skin on any part of the body; that it will remove ugly blemishes and renew youthful beauty; that it is recommended by physicians for quickly and harmlessly removing blemishes and signs of age visible in the epidermis or outer layer of the skin; that it will prevent the development of horrible skin conditions or diseases; and that the product will quickly reduce enlarged pores and remove blackheads.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

TITLE 43—PUBLIC LANDS

GENERAL LAND OFFICE

[Circular No. 1436 (a)]

AMENDMENT OF REGULATIONS GOVERNING EXCHANGES OF STATE LANDS UNDER SECTION 8 OF THE TAYLOR GRAZING ACT

1. *Amendment.*—In order to provide that both original and duplicate copies of State exchange applications filed under section 8 of the Taylor Grazing Act, as amended, shall be forwarded by the Registers of the district land offices, to the General Land Office, paragraphs 2 and 3 of Circular No. 1398, approved July 22, 1936,[1] as amended by Circular No. 1436, approved September 16, 1937, hereby are amended further to read as follows:

2. *Action by the Register.*—If the application for exchange appears regular and in conformity with the law and these regulations, the register will assign the current serial number thereto, and, after making appropriate notations upon his records, will transmit the original and duplicate copies of the application to the General Land Office, together with a report as to any conflicts of record, transmitting the triplicate copy of each application to the proper Special Agent in Charge, Division of Investigations, together with a carbon copy of his report as to conflicts of record.

An application for exchange will be noted "suspended" by the register and unless disallowed, the lands applied for in exchange will be segregated upon the records of the district land office and General Land Office, and will not be subject to other appropriation, application, selection, or filing.

Circular No. 1384, approved April 15, 1936, is hereby revoked in so far as it pertains to exchanges by a State under section 8 of the Grazing Act, as amended.

3. *Action of the General Land Office.*—If the selected lands are within a grazing district, all else being regular, the Commissioner of the General Land Office will transmit the duplicate copy of the application to the Director of Grazing with a request for a report as to whether, in his opinion, the selected lands are so located as not to interfere with the administration or value of the remaining lands in the district for grazing purposes, within the meaning of the Act.

When an exchange is based upon equal values, upon receipt of a favorable report from the Director of Grazing (where the selected lands are within a grazing district), all else being regular, the Commissioner of the General Land Office will request the Director of Investigations to have a field inyestigation made for the purpose of determining the values of the offered and selected lands; whether the selected lands are occupied, improved, cultivated, or claimed by anyone adversely to the State; whether the selected lands contain minerals, timber, springs, water holes, hot or medicinal springs, or any special features which should be considered in acting on the application; and whether the reservation which the State desires to make in the offered lands, if any, together with the contemplated use of such reservation, will in any way affect adversely the administration of the grazing district, if the offered lands are within a grazing district. The field examination should be made as soon as possible, and report and special recommendation should be submitted to the General Land Office.

When an exchange is based upon equal areas, if a field examination is found necessary to determine the character of the selected lands as to mineral or springs or water holes, the Director of Investigations will be requested to have a field investigation made for either or both of such purposes.

[Docket 23–FD]

ORDER IN THE MATTER OF THE APPLICATION OF AMERICAN ZINC AND CHEMICAL COMPANY, A CORPORATION, FOR EXEMPTION UNDER THE BITUMINOUS COAL ACT OF 1937

At a regular session of the National Bituminous Coal Commission held in its offices in Washington, D. C. on the 6th day of June, 1938.

It appearing, That pursuant to the provisions of an Act of Congress approved April 26, 1937, entitled "An Act to regulate interstate commerce in bituminous coal and for other purposes" (Public No. 48, 75th Cong., 1st sess.), known as the Bituminous Coal Act of 1937, applicant, American Zinc and Chemical Company, a corporation, on the 10th day of July, 1937, filed with the Commission its application for exemption seeking to have exempted from the provisions of Section 4 of the Bituminous Coal Act of 1937 all bituminous coal produced by it and consumed by it or produced and transported to itself for consumption by it, in its operations as a zinc and chemical plant, which application was filed by virtue of the authority granted in the second paragraph of Section 4–A of the Act and the exemption was requested under subsection (1) of Section 4 of the Act. The Commission by its order referred and assigned the cause to an examiner of the Commission for hearing at Washington, D. C. on the 16th day of August, 1937; and

It further appearing, That due and proper notice of said hearing was given to all interested parties and the cause came on to be heard pursuant to said orders of reference and assignment on said 16th day of August, 1937, on which day said hearing was duly continued to the 8th day of September, 1937; that on said 8th day of September, 1937, said cause came on to be heard pursuant to said orders of the Commission; and the evidence being adduced and being submitted to the examiner, the examiner filed his report in the above entitled matter with the Secretary of the Commission, copies of which were thereafter served upon interested parties in conformance with Rule XXIII of the Rules of Practice and Procedure before the Commission. More than fifteen days have elapsed since said service, and no exceptions to the said report have been filed with the Commission; and

The Commission being fully advised of the evidence adduced at the hearing as the same is contained in the official transcripts of the testimony and documentary evidence filed herein, finds that the proposed findings of fact and the conclusion submitted by the examiner are, in all respects, true and correct, and the same are hereby adopted as the findings of fact and conclusion of the Commission;

Now, therefore, It is hereby ordered:

1. That the application of American Zinc and Chemical Company, a corporation, is hereby granted to the extent that the bituminous coal produced at its mine at Langeloth, Washington County, Pennsylvania, is consumed by applicant in the operation of its plant at Langeloth, Washington County, Pennsylvania, which production is within the purview of subsection (1) of section 4 of the Bituminous Coal Act of 1937, and therefore exempt from the provisions of Section 4 of said Act. This order of exemption is made, however, upon the condition that the Commission may hereafter require applicant to apply periodically for renewals of this order and to file such reports as the Commission may find necessary or appropriate to enable it to determine whether the conditions heretofore ascertained and found by the Commission to support this order of exemption continue to exist.

By order of the Commission.

Dated this 6th day of June, 1938.

ORDER IN THE MATTER OF THE APPLICATION OF THE MCLAIN FIRE BRICK COMPANY, A CORPORATION, FOR EXEMPTION UNDER THE BITUMINOUS COAL ACT OF 1937

At a regular session of the National Bituminous Coal Commission held in its offices in Washington, D. C. on the 6th day of June, 1938.

It appearing, That pursuant to the provisions of an Act of Congress approved April 26, 1937, entitled "An Act to regulate interstate commerce in bituminous coal and for other purposes" (Public No. 48, 75th Cong., 1st sess.), known as the Bituminous Coal Act of 1937, applicant, The McLain Fire Brick Company, a corporation, on the 28th day of July, 1937, filed with the Commission its application for exemption, seeking to have exempted from the provisions of Section 4 of the Bituminous Coal Act of 1937, all bituminous coal produced by and consumed by it, or produced and transported to itself for consumption by it, in the manufacture of fire brick, which application was filed by virtue of the authority granted in the second paragraph of Section 4–A of the Act and the exemption was requested under subsection (1) of Section 4 of the Act. The Commission by its orders, referred and assigned the cause to an examiner of the Commission for hearing at Washington, D. C. on the 13th day of August, 1937; and

It further appearing, That due and proper notice of said hearing was given to all interested parties and the cause came on to be heard pursuant to said orders of reference and assignment on said 13th day of August 1937; and the evidence being adduced and being submitted to the examiner, the examiner filed his report in the above entitled matter with the Secretary of the Commission, copies of which report were thereafter served upon interested parties in conformance with Rule XXIII of the Rules of Practice and Procedure before the Commission. More than 15 days have elapsed since said service and no exceptions to the said report have been filed with the Commission; and

The Commission, being fully advised of the evidence adduced at the hearing as the same is contained in the official transcripts of the testimony and documentary evidence filed herein, finds that the proposed findings of fact and the conclusion submitted by the examiner are, in all respects, true and correct, and the same are hereby adopted as the findings of fact and conclusion of the Commission;

Now, therefore, It is hereby ordered:

1. That the application of the McLain Fire Brick Company, a corporation, is hereby granted to the extent that the bituminous coal produced at its mine in the State of Ohio, near one of the plants of the applicant, known as "Irondale Works," is consumed by applicant in the operation of its plants in the State of Ohio, which production is within the purview of subsection (1) of Section 4 of the Bituminous Coal Act of 1937, and therefore exempt from the provisions of Section 4 of said Act. This order of exemption is made, however, upon the condition that the Commission may hereafter require applicant to apply periodically for renewals of this order and to file such reports as the Commission may find necessary or appropriate to enable it to determine whether the conditions heretofore ascertained and found by the Commission to support this order of exemption continue to exist.

By order of the Commission.

Dated this 6th day of June, 1938.

ORDER IN THE MATTER OF THE APPLICATION OF HARBISON-WALKER REFRACTORIES COMPANY, A CORPORATION, FOR EXEMPTION UNDER THE BITUMINOUS COAL ACT OF 1937

At a regular session of the National Bituminous Coal Commission held at its offices in Washington, D. C. on the 6th day of June, 1938.

It appearing, That pursuant to the provisions of an Act of Congress approved April 26, 1937, entitled "An Act to regulate interstate commerce in bituminous coal and for other purposes" (Public No. 48, 75th Cong., 1st sess.), known as the Bituminous Coal Act of 1937, applicant, Harbison-Walker Refractories Company, a corporation, on the 7th day of July, 1937, filed with the Commission its application for exemption seeking to have exempted from the provisions of Section 4 of the Bituminous Coal Act of 1937 all bituminous coal produced by it and consumed by it, or produced and transported to itself for consumption by it, in its operation as a fire brick plant, which application was filed by virtue of the authority granted in the second paragraph of Section 4–A of the Act, and the exemption was requested under subsection (1) of Section 4 of the Act. The Commission by its orders, referred and assigned the cause to an examiner of the Commission for hearing at Washington, D. C. on the 11th day of August, 1937; and

It further appearing, That due and proper notice of said hearing was given to all interested parties and the cause came on to be heard pursuant to said orders of reference and assignment on said 11th day of August, 1937; and the evidence being adduced and being submitted to the examiner, the examiner filed his report in the above entitled matter with the Secretary of the Commission, copies of which report were thereafter served upon interested parties in conformance with Rule XXIII of the Rules of Practice and Procedure before the Commission. More than 15 days have elapsed since said service and no exceptions to this said report having been filed with the Commission; and

The Commission being fully advised of the evidence adduced at the hearing as the same is contained in the official transcripts of the testimony and documentary evidence filed herein, finds that the proposed findings of fact and the conclusion submitted by the examiner, are in all respects, true and correct, and the same are hereby adopted as the findings of fact and conclusion of the Commission;

Now, therefore, It is hereby ordered:

That the application of Harbison-Walker Refractories Company, a corporation, is hereby granted to the extent that the bituminous coal produced by it at its five mines located in Dean, Cambria County, Pennsylvania; Templeton, Armstrong County, Pennsylvania; Croft, Clearfield County, Pennsylvania; Surveyor, Clearfield County, Pennsylvania; and Retort, Center County, Pennsylvania, is consumed by applicant in the operation of its fire brick plants, which production is within the purview of subsection (1) of Section 4 of the Bituminous Coal Act of 1937, and therefore is exempt from the provisions of Section 4 of said Act. This order of exemption is made, however, upon the condition that the Commission may hereafter require applicant to apply periodically for renewals of this order and to file such reports as the Commission may find necessary or appropriate to enable it to determine whether the conditions heretofore ascertained and found by the Commission to support this order of exemption continue to exist.

ORDER IN THE MATTER OF THE APPLICATION OF THE CONSOLIDATED INDIANA COAL COMPANY FOR EXEMPTION UNDER THE BITUMINOUS COAL ACT OF 1937

At a regular session of the National Bituminous Coal Commission held at its offices in Washington, D. C., on the 6th day of June, 1938.

It appearing, That on the 2nd day of July, 1937, the above named applicant, Consolidated Indiana Coal Company, filed an application for exemption from the provisions of Section 4 and the first paragraph of Section 4–A of the Bituminous Coal Act of 1937, in which application it was claimed that the coal produced by the applicant and consumed by the Bankruptcy Trustees of the Chicago, Rock Island & Pacific Railway Company was exempt from the provisions of the Bituminous Coal Act of 1937 by virtue of Section 4, Part II (1) thereof, and for the further reason that the transactions in bituminous coal in intrastate commerce do not directly affect interstate commerce in coal. The Commission, by Order of Assignment dated August 11, 1937, assigned the cause to an examiner for a hearing on August 19, 1937, at the Hearing Room of the Commission in the Washington Hotel, Washington, D. C., which hearing was continued until September 15, 1937 upon the motion of the applicant.

It further appearing, That due and proper notice of said hearing was given to all interested parties, and the cause came on to be heard before the examiner; and the evidence being adduced and being submitted to the examiner, the examiner filed his report in the above entitled matter with the Secretary of the Commission, copies of which were thereafter served upon interested parties in conformance with Rule XXIII of the Rules of Practice and Procedure of the Commission. On the 14th day of May, 1937, within the period described for the filing of Exceptions and Brief, as provided by the Rules of Practice and Procedure, the applicant filed with the Commission Exceptions to the Report of the examiner and Brief in support thereof. The Commission, upon due consideration of the said Exceptions, overruled the Exceptions for the reason stated in an opinion filed herein dated the 1st day of June 1938, which is hereby referred to and made part hereof; and

The Commission being fully advised of the evidence adduced at the hearing as the same is contained in the official transcript of the testimony and documentary evidence filed herein, finds that the proposed findings of fact and the conclusions submitted by the examiner are in all respects true and correct, and the same are hereby adopted as the findings of fact and conclusions of the Commission;

Now, therefore, It is hereby ordered:

1. That the bituminous coal produced by the applicant and consumed by the Bankruptcy Trustees of the Chicago, Rock Island & Pacific Railway Company does not come within the scope of Section 4, Part II (1) of the Act and, accordingly, cannot be for such reason exempted from the provisions of Section 4 of the Act; that the application for exemption, insofar as the same is based on the exemption provisions of Section 4, Part II (1) of the Act, be and the same is hereby denied.

2. That the application for exemption, having been filed prior to the entry of the order subjecting intrastate transactions within the State of Iowa, where the applicant's coal is produced, to the provisions of Section 4 of the Act, insofar as such application is based on the ground that the transactions of the applicant in intrastate commerce in coal do not directly affect interstate commerce in coal, be and the same is hereby dismissed as premature, without prejudice.

By order of the Commission.

Dated this 6th day of June 1938.

ORDER IN THE MATTER OF THE APPLICATION OF THE BIRMINGHAM WATER WORKS COMPANY, A CORPORATION, FOR EXEMPTION UNDER THE BITUMINOUS COAL ACT OF 1937

At a regular session of the National Bituminous Coal Commission held in its offices in Washington, D. C. on the 6th day of June, 1938.

It appearing, That pursuant to the provisions of an Act of Congress approved April 26, 1937, entitled "An Act to regulate interstate commerce in bituminous coal and for other purposes" (Public No. 48, 75th Cong., 1st sess.), known as the Bituminous Coal Act of 1937, applicant, The Birmingham Water Works Company, a corporation, on the 14th day of June, 1937, filed with the Commission its application for exemption seeking to have exempted from the provisions of Section 4 of the Bituminous Coal Act of 1937 all bituminous coal produced by it and consumed by it or produced and transported to itself for consumption by

it in its operations in supplying water for domestic and industrial use to the City of Birmingham, Alabama, and adjacent territory thereto within the State of Alabama, which application was filed by virtue of the authority granted in the second paragraph of Section 4–A of the Act and the exemption was requested under subsection (1) of Section 4 of the Act. The Commission, by its orders, referred and assigned the cause to an examiner of the Commission for hearing at Washington, D. C. on the 26th day of August, 1937; and

It further appearing, That due and proper notice of said hearing was given to all interested parties and the cause came on to be heard pursuant to said orders of reference and assignment on the 26th day of August, 1937; that said hearing was duly continued from time to time until the 22nd day of October, 1937; that on said 22nd day of October, 1937, said cause came on to be heard pursuant to said orders of the Commission and the evidence being adduced and being submitted to the examiner, the examiner filed his report in the above entitled matter with the Secretary of the Commission, copies of which were thereafter served upon interested parties in conformance with Rule XXIII of the Rules of Practice and Procedure before the Commission. More than 15 days have elapsed since said service and no exceptions to the said report have been filed with the Commission; and

The Commission being fully advised of the evidence adduced at the hearing as the same is contained in the official transcripts of the testimony and documentary evidence filed herein, finds that the proposed findings of fact and the conclusion submitted by the examiner are, in all respects, true and correct, and the same are hereby adopted as the findings of fact and conclusion of the Commission;

Now, therefore, It is hereby ordered:

That the application of The Birmingham Water Works Company, a corporation, is hereby granted to the extent that the bituminous coal produced by it at its mine known as the Cahaba Mine, Jefferson County, Alabama, is consumed by applicant in its operations in supplying water for domestic and industrial use to the City of Birmingham, Alabama, and territory adjacent thereto within the State of Alabama, which production is within the purview of subsection (1) of Section 4 of the Bituminous Coal Act of 1937, and therefore exempt from the provisions of Section 4 of said Act. This order of exemption is made, however, upon the condition that the Commission may hereafter require applicant to apply periodically for renewals of this order and to file such reports as the Commission may find necessary or appropriate to enable it to determine whether the conditions heretofore ascertained and found by the Commission to support this order of exemption continue to exist.

By order of the Commission.

Dated this 6th day of June, 1938.

ORDER IN THE MATTER OF THE APPLICATION OF THE CAMBRIA CLAY PRODUCTS COMPANY A CORPORATION, FOR EXEMPTION UNDER THE BITUMINOUS COAL ACT OF 1937

At a regular session of the National Bituminous Coal Commission held in its offices in Washington, D. C. on the 6th day of June, 1938.

It appearing, That pursuant to the provisions of an Act of Congress approved April 26, 1937, entitled "An Act to regulate interstate commerce in bituminous coal and for other purposes" (Public No. 48, 75th Cong., 1st sess.) known as the Bituminous Coal Act of 1937, applicant, The Cambria Clay Products Company, a corporation, on the 20th day of July, 1937, filed with the Commission its application for exemption seeking to have exempted from the provisions of Section 4 of the Bituminous Coal Act of 1937 all bituminous coal produced by it and consumed by it or produced and transported to itself for consumption by it in its business of manufacturing clay products, which application was filed by virtue of the authority granted in the second paragraph of Section 4–A of the Act and the exemption was requested under subsection (1) of Section 4 of the Act. The Commission by its orders referred and assigned the cause to an examiner of the Commission for hearing at Washington, D. C., on the 27th day of August, 1937; and

It further appearing, That due and proper notice of said hearing was given to all interested parties and the cause came on to be heard pursuant to said orders of reference and assignment on said 27th day of August, 1937; and the evidence being adduced and being submitted to the examiner, the examiner filed his report in the above entitled matter with the Secretary of the Commission, copies of which report were thereafter served upon interested parties in conformance with Rule XXIII of the Rules of Practice and Procedure before the Commission. More than 15 days have elapsed since said service, and no exceptions to the said report have been filed with the Commission; and

The Commission being fully advised of the evidence adduced at the hearing as the same is contained in the official transcripts of the testimony and documentary evidence filed herein, finds that the proposed findings of fact and the conclusion submitted by the examiner are, in all respects, true and correct, and the same are hereby adopted as the findings of fact and conclusion of the Commission;

Now, therefore, It is hereby ordered:

That the application of The Cambria Clay Products Company, a corporation, is hereby granted to the extent that the bituminous coal produced at its mines at Lawrence County, Ohio, is consumed by applicant in its business of manufacturing clay products, which production is within the purview of subsection (1) of Section 4 of the Bituminous Coal Act of 1937 and therefore exempt from the provisions of Section 4 of said Act. This order of exemption is made, however, upon the condition that the Commission may hereafter require applicant to apply periodically for renewals of this order and to file such reports as the Commission may find necessary or appropriate to enable it to determine whether the conditions heretofore ascertained and found by the Commission to support this order of exemption continue to exist.

By Order of the Commission.

Dated this 6th day of June, 1938.

[SEAL] F. WITCHER MCCULLOUGH,
Secretary.

IN THE MATTER OF NEW YORK STATE ELECTRIC & GAS CORPORATION

NOTICE AND ORDER FOR HEARING

An application pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by the above-named party;

It is ordered, That a hearing on such matter be held on June 27, 1938, at 10:00 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue, NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That Charles S. Lobingier or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to continue or postpone said hearing from time to time or to a date thereafter to be fixed by such presiding officer.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before June 22, 1938.

The matter concerned herewith is in regard to an application by New York State Electric & Gas Corporation, a subsidiary of NY PA NJ Utilities Company, a registered holding company, pursuant to Section 6 (b) for exemption from the provisions of Section 6 (a) of the issue and sale to consumers, under a customers finance plan for the construction of rural electric line extension, of $75,000 principal amount of 6% Customers Receipts against a like amount of advances made or to be made by the customers. It is stated that the proceeds are to be applied exclusively to the construction of rural electric line extensions for the consumers who have made or are to make the advances. The issue and sale of The Customers Receipts were approved by The Public Service Commission of the State of New York by its order of May 24, 1938.

UNITED STATES CIVIL SERVICE COMMISSION.

CONDITION OF THE APPORTIONMENT AT CLOSE OF BUSINESS, TUESDAY, MAY 31, 1938

Important.—Although the apportioned classified civil service is by law located only in Washingon, D. C., it nevertheless includes only about half of the Federal Civilian positions in the District of Columbia. Positions in local post offices, customs districts, and other field services outside of the District of Columbia which are subject to the Civil Service Act are filled almost wholly by persons who are local residents of the general community in which the vacancies exist. It should be noted and understood that so long as a person occupies, by original appointment, a position in the apportioned service, the charge for his appointment continues to run against his State of original residence. Certifications of eligibles are first made from States which are in arrears.

Pursuant to the authority vested in the Secretary of Agriculture under Sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act, as amended, and in connection with the effectuation of the purposes of Section 7 (a) of the said Act in 1938, payments will be made in Licking County, Ohio, for participation in the 1938 Agricultural Conservation Program in accordance with the provisions of this bulletin and such modifications thereof or other provisions as may hereafter be made

The provisions of the 1938 Agricultural Conservation Program are necessarily subject to such legislation affecting said program as the Congress of the United States may hereafter enact; the making of the payments herein provided are contingent upon such appropriation as the Congress may hereafter provide for such purpose; and the amounts of such payments will necessarily be within the limits finally determined by such appropriation. The rates of payments specified herein are subject to an increase or decrease of not more than 10 percent, depending upon the extent of participation in the Licking County Program and the final estimate of payments which would be made in Licking County under the 1938 Agricultural Conservation Program.

The provisions of the 1938 Agricultural Conservation Program contained in this bulletin are not applicable to (1) counties other than Licking County, Ohio, and (2) public domain of the United States, including land owned by the United States and administered by the Forest Service of the United States Department of Agriculture, or other lands in which the beneficial ownership is in the United States.

Section I. Definitions

For the purpose of the 1938 Agricultural Conservation Program in Licking County, Ohio.

Secretary means the Secretary of Agriculture of the United States.

Director of the North Central Division means the director of the division of the Agricultural Adjustment Administration in charge of the 1938 Agricultural Conservation Program in the North Central Region.

North Central Region means the area included in the States of Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Nebraska, Ohio, South Dakota, and Wisconsin.

State Committee means the group of persons designated in Ohio to assist in the administration of the 1938 Agricultural Conservation Program in Ohio.

County Committee means the group of persons elected in Licking County to assist in the administration of the 1938 Agricultural Conservation Program in that county.

County means the political or civil division of a State designated as a county.

Person means an individual, partnership, association, corporation, estate, or trust, and wherever applicable, a State, a political subdivision of a State, or any agency thereof.

Landlord means a person who owns land and rents such land to another person or operates such land.

FEDERAL REGISTER

Published by the Division of the Federal Register, The National Archives, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. L. 500), under regulations prescribed by the Administrative Committee, with the approval of the President.

The Administrative Committee consists of the Archivist or Acting Archivist, an officer of the Department of Justice designated by the Attorney General, and the Public Printer or Acting Public Printer.

The daily issue of the FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1 per month or $10 per year; single copies 10 cents each; payable in advance. Remit by money order payable to Superintendent of Documents, Government Printing Office, Washington, D. C.

Correspondence concerning the publication of the FEDERAL REGISTER should be addressed to the Director, Division of the Federal Register, The National Archives, Washington, D. C.

Tenant means a person who rents land from another person (for cash, a fixed commodity payment, or a share of the proceeds of the crops) and is entitled under a written or oral lease or agreement to receive all or a share of the proceeds of the crops produced thereon.

Farm means all adjacent or nearby farm land under the same ownership which is operated by one person, including also:

1. Any other adjacent or nearby farm land operated by the same person (as part of the same unit with respect to the rotation of crops and with workstock, farm machinery, and labor substantially separate from that for any other land), the inclusion of which is requested or agreed to, within the time and in the manner specified by the Agricultural Adjustment Administration, by the operator and all the owners who are entitled to share in the proceeds of the crops on any of the land to be included in the farm, which request and agreement shall be applicable to the designation of the land included in such farm both under the 1938 Agricultural Conservation Program and under the provisions of the Agricultural Adjustment Act of 1938; and

2. Any field-rented tract (whether operated by the same or another person) which, together with any other land included in the farm, constitute a unit with respect to the rotation of crops; *Provided*, That land not under the same ownership shall be included in the same farm only if the county committee determines that all of such land is customarily regarded in the community as constituting one farm. A farm shall be regarded as located in the county or administrative area, as the case may be, in which the major portion of the farm is located.

Cropland means farm land which was tilled in 1937 or is tilled in 1938 or in regular rotation, excluding commercial orchards and any land growing a sod producing crop in 1938 which if tilled will constitute a wind erosion hazard to that farm or to the community, but including any other land which has been planted since January 1, 1930 to permanent pasture or forest trees and which was classified as cropland under the 1937 Agricultural Conservation Program, and including also land planted to noncommercial orchards other than abandoned orchards.

Commercial Orchards means the acreage in planted or cultivated fruit trees, nut trees, vineyards, hops, or bush fruits on the farm on January 1, 1938 (excluding non-bearing orchards and vineyards), from which the principal part of the production is normally sold.

Open Non-cropland Pasture means any farm land not cropland on which the predominant growth is forage characteristic of grazing lands, provided this land is essentially free of brush, briars, stumps, and trees. Any acreage of non-cropland pasture occupied to such an extent by stumps, trees, or other objects as to materially interfere with the application of liming or fertilizing materials or with the taking of measurements shall not qualify as open non-cropland pasture. The term "open non-cropland pasture" shall include any non-cropland used for the production of wild hay.

Winter Cover Crop means (a) any biennial or perennial legume or grass or stubble of any of these crops, or (b) any small grain which will live through or into the winter, provided there is good and sufficient cover to protect the soil from wind and water erosion and leaching.

Productivity Factor is that rating given each crop, land use, or unit of land treatment denoting the relative degree to which that crop, land use, or unit of land treatment degrades or restores the soil. Restorative crops, land uses, or land treatments are denoted by positive factors, degrading by negative factors.

Productivity Balance Value is that rating given each farm on the basis of the combined productivity factors for each crop, land use, or unit of land treatment on cropland, combined with the erosion factor on that cropland, denoting the degree to which the cropland on that farm is being degraded, maintained, or improved. A farm with a negative productivity balance value is assumed to be in a relative state of cropland deterioration, while a farm with a positive productivity balance value is assumed to be in a relative state of cropland improvement, and the size of the balance value denotes the relative rate of deterioration or improvement.

Erosion Factor is that rating given each field and each farm on the basis of the average slope shown by the cropland on that farm, for the purpose of indicating the degree to which the cropland on such farm is subject to erosion.

Section II. Classification of Land use or Treatment with Associated Productivity Factors

The acreage of cropland upon a farm shall be classified according to its use or treatment in 1938 and shall receive the appropriate productivity factor as follows:

1. CROPLAND NOT PLANTED	
Cropland idle and bare during season	−2.0
Cropland idle but not bare nor fallowed during season	−0.5
Cropland fallowed during season	−2.0
Cropland not fall plowed but bare of sod or of winter cover crop as of October 31	−0.5
2. CROPLAND PLANTED TO FIELD CROPS FOR HARVESTING WITHIN THE CROP YEAR	
Field corn for silage or grain harvested or hogged off	−2.0
Winter-grains (wheat, rye) harvested as grain, hay, or pasture, including hogged off	−1.0
Spring or summer seeded small grains (oats, barley, flax, buckwheat) harvested as grain, hay, or pasture	−0.9
Soybeans or cowpeas harvested as seed or hay	−0.5
Sudan grass harvested as hay or pasture	−1.5
Millet harvested as hay or pasture	−1.5
Sorghums for harvesting	−2.0
Rape for pasture	−1.0
3. CROPLAND ON WHICH IS GROWING A GOOD STAND OF HAY OR PASTURE PLANTS	
For a land use to be classified as producing one of the crops listed in this subsection 3, at least 75 percent of the stand must be of that particular crop.	
Alfalfa, stand in year of seeding	+1.5
Alfalfa, 2nd year stand	+1.0
Alfalfa, 3rd year stand	+0.5
Alfalfa, 4th year and more stand	0.0
Sweet clover (biennial) year of seeding	+1.5
Sweet clover, 2nd year of growth, pastured or cut for hay	+1.0
Sweet clover, 2nd year of growth, not pastured or cut for hay	+1.5
Clovers (red, mammoth, alsike) year of seeding	+1.0
Clovers (red, alsike, mammoth) 2nd year of growth, pastured or cut for hay	+1.0
Clovers (red, alsike, mammoth) 2nd year of growth, not pastured or cut for hay	+1.5
Alfalfa-grass mixtures, year of seeding	+1.5
Alfalfa-grass mixtures, 2nd year of growth	+0.5
Alfalfa-grass mixtures, 3rd year of growth	+0.5
Alfalfa-grass mixture, 4th year of growth	0.0
Clover-grass mixture, year of seeding	+0.5
Clover-grass mixture, 2nd year of growth	+0.5
Timothy, orchard grass, or mixtures regardless of year of seeding	0.0
Bluegrass and other permanent pasture grasses	0.0
Sudan grass for hay or pasture	−1.5
Millet for hay or pasture	−1.5
Any of these crops grown from unadapted seed planted between November 1, 1937, and October 31, 1938, shall receive a productivity factor of	0.0
4. CROPLAND INTO WHICH IS INCORPORATED A GREEN MANURE OR A RESIDUE CROP	
Sweet clover, 2nd year of growth, not pastured, plowed under green prior to June 1	+1.0
Sweet clover, 2nd year of growth, not pastured nor cut for hay or seed, plowed under after June 1	+2.0
Alfalfa, 2nd or more years of growth, not pastured and plowed under green prior to June 1	+1.0
Alfalfa, 2nd or later years of growth, not pastured nor cut for hay or seed, plowed under green after June 1	+2.0
Clovers (red, alsike, mammoth), 2nd year of growth, not pastured and plowed under green prior to June 1	+0.75
Clovers (red, alsike, mammoth), 2nd year of growth, not pastured nor cut for hay or seed, plowed under after June 1	+1.75
Soybeans, cowpeas, or vetch, entire plant plowed under in bloom stage	+1.5
Rye, wheat, or buckwheat not pastured, plowed under green with at least sixty days of growth	+0.5
Sweet Corn, entire stalk and leaves plowed under green after removal of ears (This factor in addition to that indicated under subsection 5, this Section II)	+0.5
Field corn, drilled solid and entire plant plowed under green in tassel stage	+1.5
5. CROPLAND PLANTED TO VEGETABLES AND SPECIAL CROPS FOR HARVESTING WITHIN THE CROP YEAR	
Popcorn for harvesting	−1.5
Sweet corn harvested for market or canning	−1.5
Sweet corn for other uses	−2.0
Tomatoes for harvesting	−2.0
Irish potatoes for harvesting	−2.0
Sweet potatoes for harvesting	−2.0
Onions for harvesting	−2.0
Melons for harvesting	−2.0
Pumpkins for harvesting	−2.0
Cucumbers for harvesting	−2.0
Cabbage for harvesting	−1.5
Canning peas for harvesting	−0.5
Field peas for harvesting	−0.5
Field beans for harvesting	−0.5
6. CROPLAND OCCUPIED BY FRUIT OR FOREST TREE PLANTINGS	
Non-commercial Orchards (entire acreages) (Orchards interplanted, in addition to this factor shall receive the factor assigned to the interplanted crop for the acreage of such interplanted crop)	—
Cane and Bush Fruits	−2.5
Rhubarb	−2.0
Asparagus	−1.0
Forest Trees and Windbreaks	−1.0
	0.0
7. COMMERCIAL FERTILIZER APPLIED TO CROPLAND	
a. For each 100 lbs. of single strength commercial[1] fertilizer	+0.07
b. For each 100 lbs. of 1½ strength commercial fertilizer	+0.11
c. For each 100 lbs. of double strength commercial fertilizer	+0.15
d. For each 100 lbs. of other commercial fertilizer credit in accordance with its proportional strength based on the officially registered, guaranteed analysis.	

No credit will be given for the application of any fertilizer not guaranteed by the manufacturer and registered with the Ohio State Department of Agriculture in conformity with the Ohio State Fertilizer Control Law. For application upon cropland of fertilizing materials which are furnished to the farmer by any State or Federal agency credit will be given subject to the provisions of subsection 3, Section VI.

8. LIMESTONE APPLIED TO CROPLAND	
a. For each 1,000 lbs. of "agricultural ground limestone" possessing a neutralizing power of 90 to 108	+0.25
b. For each 1,000 lbs. of "agricultural meal" possessing a neutralizing power of 90 to 108	+0.20
c. For each 1,000 lbs. of "pulverized limestone" possessing a neutralizing power of 90 to 108	+0.30
d. For each 1,000 lbs. of "hydrated lime" possessing a neutralizing power of 120 to 154	+0.40
e. For each 1,000 lbs. of "hydrated lime" possessing a neutralizing power of 155 to 175	+0.50
f. For each 1,000 lbs. of other types of liming materials of certified neutralizing power, credit in proportion to that for 1,000 lbs. of "agricultural ground limestone."	

Credit will not be given for the application upon cropland of liming materials unless officially registered and guaranteed in conformity with the provisions of the Ohio Fertilizer Control Law, or unless the neutralizing power has been determined and certified by the Ohio State Soil Testing Laboratory. For application upon cropland of liming materials which are furnished to the farmer by any State or Federal agency credit will be given subject to the provisions of subsection 3, Section VI.

Section III. Establishment of Productivity Balance Value for the Farm

There shall be established for each farm in 1938 a productivity balance value. In determining this value the following procedure shall be used:

1. Determine the erosion factor for each cropland field on the farm as follows: (1) obtain the average slope for the cropland in that field, (2) divide this average slope by ten, (3) round to the nearest one tenth, and (4) express as a minus quantity. The result is the erosion factor for that field. (Example: (1) Slope=5.7%; (2) 5.7+10=.57; (3) .57 rounded=.6; (4)−.6=the erosion factor)

2. List the various crops, cropland uses, and treatments of cropland showing their acreages or units and the appropriate productivity factors listed in Section II, and the appropriate erosion factor obtained in subsection 1, this Section III.

3. Multiply the various acreages or units by the appropriate productivity factor for such crop, use, or treatment.

4. Multiply those acreages devoted to crops, uses, or treatments having negative productivity factors by the appropriate erosion factor for such acreage.

5. Determine the algebraic sum of the positive and negative factors obtained in 3 and 4.

6. Divide the factor obtained in 5 by the number of crop acres in the farm. The result obtained by this procedure is the productivity balance value for the cropland on the farm.

Section IV. Cropland Conserving Payments

1. *Maintenance payment.*—For each farm in Licking County a cropland maintenance payment scale will be established. A maintenance payment will be made on each farm for which the 1938 productivity balance value is in excess of the lower extreme of this scale. The upper extreme of the payment scale on all farms shall be +0.20. The lower extreme of the payment scale shall be −0.90 plus 50 percent of the weighted average erosion factor for all the cropland on that farm. The maintenance payment shall be equal to 1.25 cents per crop acre for each point (0.01) which the productivity balance value for that farm is above the lower extreme of the payment scale for that farm up to a limit of the number of such points between the lower and upper extremes of the payment scale for that farm.

2. *Building payment.*—A cropland building payment will be made on each farm at the rate of 1.50 cents per crop acre per point (0.01) by which the 1938 productivity balance value exceeds the 1937 productivity balance value up to a limit of 40 such points.

To be eligible for cropland conserving payments a farm must be in an active state of cultivation in 1938.

Section V. Pasture Land Conserving Payments

A pasture conserving allowance shall be established for each farm. This allowance shall be the maximum amount which may be earned in 1938 by the carrying out on a farm of any of the pasture conserving practices listed below. The pasture conserving allowance for a farm shall be 25 cents for each acre of open non-cropland pasture. Those farms for which this method of calculation results in a pasture conserving allowance of less than $3.00 shall have an allowance of $3.00 established for them. The practices and the conditions under which these practices must be performed in order to earn payment are:

1. *Fertilizing materials.*—The application on open non-cropland pasture in 1938 of commercial fertilizing materials which are officially registered and guaranteed in conformity with the provisions of the Ohio State Fertilizer Control Law shall earn payments as follows:

a. For each 100 lbs. single strength commercial fertilizer ($0.75).

(A single strength fertilizer is one for which the summation of the units of plant nutrients equals 20. For example, 2–12–6, 2–16–2, 0–14–6, 0–20–0, etc.)

b. For each 100 lbs. of 1½ strength commercial fertilizer ($1.10).

c. For each 100 lbs. of double strength commercial fertilizer ($1.50).

[1] NOTE.—20 units of plant nutrients constitute a single strength fertilizer. Example: 2–12–6, 2–16–2, 0–14–6, 0–20–0.

d. For each 100 lbs. of other strength commercial fertilizer, payment in proportion to its strength in relation to single strength.

2. *Liming materials.*—The application on open non-cropland pasture between November 1, 1937 and October 31, 1938 of liming materials which are officially registered and guaranteed in conformity with the provisions of the Ohio State Fertilizer Control Law, or such other liming materials for which the neutralizing power has been determined and certified by the State soil testing laboratory shall earn payments as follows:

a. For each ton of "agricultural ground limestone" possessing a neutralizing power of 90 to 108 ($1.25).

b. For each ton of "agricultural meal" possessing a neutralizing power of 90 to 108 ($0.90).

c. For each ton of "pulverized limestone" possessing a neutralizing power of 90 to 108 ($1.50).

d. For each ton of "hydrated lime" possessing a neutralizing power of 120 to 150 ($2.25).

e. For each ton of "hydrated lime" possessing a neutralizing power of 155 to 175 ($2.50).

f. For each ton of other liming materials of certified neutralizing power, payment in proportion to that for one ton of "agricultural ground limestone."

To be eligible for pasture land conserving payments, practices listed herein must be carried out by such methods as conform to good farm practice. Proof of performance for any practice shall consist of satisfactory evidence that the practice was completed in accordance with conditions specified. Pasture land conserving payments for any practice herein set forth will be subject to the qualifications indicated in subsection 3, Section VI.

Section VI. Soil-Conserving Payments for Tree Planting

Each farm in Licking County shall be eligible for payment in 1938 for the planting between November 1, 1937, and October 31, 1938, of forest trees or windbreaks on farm land at the rate of $10.00 per acre, up to an acreage limit equivalent to 5 percent of the total farm acreage, provided these plantings are made with acceptable species, classes of stock, rates of planting, and are properly protected. Payments for tree planting shall be subject to the following qualifications:

1. That in the case of forest tree plantings there is on the date as of which final inspection is made for the purpose of determining performance on the farm, a stand of at least 650 living trees per acre; or if due to uncontrollable natural causes a stand of 650 living trees per acre is not obtained on the date as of which final inspection is made for the purpose of determining performance on the farm, there is satisfactory evidence that such trees were planted in accordance with good tree culture and that such trees have been properly protected. such trees have been properly protected.

2. That in the case of windbreak or shelterbelt plantings, there is on the date as of which final inspection is made for the purpose of determining performance on the farm, a stand of at least 300 living trees per acre, or if due to uncontrollable natural causes a stand of 300 living trees is not obtained on the date as of which final inspection is made for the purpose of determining performance on the farm, there is satisfactory evidence that such trees were planted in accordance with good trees culture practice and that such trees have been properly protected.

3. Practices carried out with labor, seed, trees, and materials furnished entirely by any Federal or State agency, other than the Agricultural Adjustment Administration, shall not be counted as a practice eligible for payment under this section. If a portion of the labor, seed, trees, or other materials used in carrying out any practice is furnished by a State or Federal agency, and such portion represents one-half or more of the total cost of carrying out such practice, such practice shall not be counted as a practice eligible for payment under this section; if such portion represents less than half of the total cost of carrying out such practice, one-half of such practice shall be counted as a practice eligible for payment under this section. If trees are purchased from a Clark-McNary Co-operative State Nursery, such purchases shall not be deemed to be paid for in whole or in part by a State or Federal agency.

Section VII. Division of Payments

The share of any person in any payments computed with respect to any farm in Licking County, subject to the provisions of sections IX, X, and XI shall be determined in accordance with the methods specified in this Section VII.

1. *Cropland conserving payments.*—The payment computed for any farm with respect to cropland conserving payments shall be divided among the landlords and tenants in the same proportion (as indicated by their acreage shares) that such persons are entitled, at the time the crops are harvested, to share in the proceeds (other than a fixed commodity payment) of the crops grown on the farm in 1938.

2. *Conserving payments for pasture land and for tree planting.*—The amount of payment earned under section V and section VI shall be paid to the landlord or tenant who carried out the practices to earn these payments. If the county committee determines that more than one such person contributed to the carrying out of one or more of such practices on the farm in 1938, such payment shall be divided in the proportion that the quantity of practices contributed by each such person bears to the total quantity of practices carried out on the farm in 1938. Each person contributing to the practices carried out on a particular acreage shall be deemed to have contributed equally to such practices, unless such persons establish to the satisfaction of the county committee that their respective contributions thereto were not in equal proportion, in which event credit for such practices shall be divided in the proportion which the county committee determines each such person contributed thereto.

Section VIII. Increase in Small Payments

The total payment, computed under sections IV to VII, inclusive, for any person with respect to any farm shall be increased as follows:

1. Any payment amounting to 71 cents or less shall be increased to $1.00;

2. Any payment amounting to more than 71 cents but less than $1.00 shall be increased by 40 percent;

3. Any payment amounting to $1.00 or more shall be increased in accordance with the following schedule:

Amount of payment computed	Increase in payment	Amount of payment computed	Increase in payment
$1.00 to $1.99	$0.40	$32.00 to $32.99	$10.40
$2.00 to $2.99	.80	$33.00 to $33.99	10.60
$3.00 to $3.99	1.20	$34.00 to $34.99	10.80
$4.00 to $4.99	1.60	$35.00 to $35.99	11.00
$5.00 to $5.99	2.00	$36.00 to $36.99	11.20
$6.00 to $6.99	2.40	$37.00 to $37.99	11.40
$7.00 to $7.99	2.80	$38.00 to $38.99	11.60
$8.00 to $8.99	3.20	$39.00 to $39.99	11.80
$9.00 to $9.99	3.60	$40.00 to $40.99	12.00
$10.00 to $10.99	4.00	$41.00 to $41.99	12.10
$11.00 to $11.99	4.40	$42.00 to $42.99	12.20
$12.00 to $12.99	4.80	$43.00 to $43.99	12.30
$13.00 to $13.99	5.20	$44.00 to $44.99	12.40
$14.00 to $14.99	5.60	$45.00 to $45.99	12.50
$15.00 to $15.99	6.00	$46.00 to $46.99	12.60
$16.00 to $16.99	6.40	$47.00 to $47.99	12.70
$17.00 to $17.99	6.80	$48.00 to $48.99	12.80
$18.00 to $18.99	7.20	$49.00 to $49.99	12.90
$19.00 to $19.99	7.60	$50.00 to $50.99	13.00
$20.00 to $20.99	8.00	$51.00 to $51.99	13.10
$21.00 to $21.99	8.20	$52.00 to $52.99	13.20
$22.00 to $22.99	8.40	$53.00 to $53.99	13.30
$23.00 to $23.99	8.60	$54.00 to $54.99	13.40
$24.00 to $24.99	8.80	$55.00 to $55.99	13.50
$25.00 to $25.99	9.00	$56.00 to $56.99	13.60
$26.00 to $26.99	9.20	$57.00 to $57.99	13.70
$27.00 to $27.99	9.40	$58.00 to $58.99	13.80
$28.00 to $28.99	9.60	$59.00 to $59.99	13.90
$29.00 to $29.99	9.80	$60.00 to $185.99	14.00
$30.00 to $30.99	10.00	$186.00 to $199.99	(1)
$31.00 to $31.99	10.20	$200 and over	(2)

[1] Increase to $200.
[2] No increase.

Section IX. Deductions Incurred on Other Farms

1. *Other farms in Licking County.*—If a person who has made application for payment with respect to any farm in Licking County has an interest as landlord or tenant in any other farm in Licking County which fails to qualify for a cropland conserving payment as calculated under section IV, the payment which otherwise would be made to such person shall be decreased by an amount equal to such person's share of the deduction with respect to such other farm. Such deduction shall be computed by multiplying the number of points by which the productivity balance value for such other farm is below the foot of the maintenance payment scale therefor, by the number of crop acres on such other farm times the regular maintenance payment rate.

Any deduction computed for a farm in accordance with the above provision shall be divided among the landlords and tenants in the same proportion (as indicated by their acreage shares) that such persons are entitled, at the time the crops are harvested, to share in the proceeds (other than a fixed commodity payment) of the crops grown on the farm in 1938.

2. *Other farms in the State.*—If the deductions computed for a landlord or tenant with respect to one or more farms in a county exceed the payments computed for such landlord or tenant on other farms in such county, the amount of such excess deductions shall be deducted from the payments computed for such landlord or tenant with respect to any other farms in the State, if the State committee finds that the crops grown and practices adopted on the farms with respect to which such deductions are computed substantially offset the contribution to the program made on such other farms.

Section X. Deductions for Association Expenses

There shall be deducted pro rata from the payments with respect to any farm in Licking County all or such part as the Secretary may prescribe of the estimated administrative expenses incurred or to be incurred by the Licking County Agricultural Conservation Association.

Section XI. General Provisions Relating to Payments

1. *Payment restricted to effectuation of purposes of the program.*—All or any part of any payment which otherwise would be made to any person under the 1938 Agricultural Conservation Program may be withheld (1) if he has adopted any practice which the Secretary determines tends to defeat any of the purposes of the program, (2), if by means of any corporation, partnership, estate, trust, or any other device, or in any manner whatsoever, he has offset, or has participated in offsetting, in whole or in part, the performance for which such payment is otherwise authorized, or (3) if, with respect to forest land or woodland owned or controlled by him, he adopts any practice which the director of the North Central Division finds is contrary to sound conservation practices.

2. *Payment computed and made without regard to claims.*—Any payment or share of payment shall be computed and made without regard to questions of title under State law, without deduction of claims for advances (except as provided in subsection 4 of this Section XI) and without regard to any claim or lien against any crop, or proceeds thereof, in favor of the owner or any other creditor.

3. *Changes in leasing and cropping agreements, reductions in number of tenants, and other devices.*—If on any farm in 1938 any change of the arrangements which existed on the farm in 1937 is made between the landlord and the tenants and such change would cause a greater proportion of the payments to be made to the landlord under the 1938 Agricultural Conservation Program than would have been made to the landlord for performance on the farm under the 1937 Agricultural Conservation Program, payments to the landlord under the 1938 Agricultural Conservation Program with respect to the farm shall not be greater than the amount that would have been paid to the landlord if the arrangements which existed on the farm in 1937 had been continued in 1938, if the county committee certified that the change is not justified and disapproves such change.

If on any farm the number of share tenants in 1938 is less than the average number on the farm during the years 1935 to 1937, inclusive, and such reduction would increase the payments that would otherwise be made to the landlord, such payments to the landlord shall not be greater than the amount that would otherwise be made, if the county committee certifies that the reduction is not justified and disapproves such reduction.

If the State committee finds that any person who files an application for payment pursuant to the provisions of the 1938 Agricultural Conservation Program has employed any other scheme or device, the effect of which would be or has been to deprive any other person of any payment under any agricultural conservation program to which such other person would normally be entitled, the Secretary may withhold in whole or in part from the person participating in or employing such a scheme or device, or require such person to refund in whole or in part, the amount of any payment which has been or would otherwise be made to such person in connection with the 1938 Agricultural Conservation Program.

4. *Assignments.*—Any person who may be entitled to any payment in connection with the 1938 Agricultural Conservation Program may assign his interest in such payment as security for cash loaned or advances made for the purpose of financing the making of a crop in 1938. No such assignment will be recognized unless (1) the assignment is made in writing on Form ACP–69 in accordance with instructions issued by the Agricultural Adjustment Administration and is filed in the office of the county agricultural conservation association; (2) the farmer files with the assignment a statement that the assignment is made to pay or secure an indebtedness incurred in connection with financing the making of a crop in 1938 and not to pay or secure any pre-existing indebtedness; and (3) the person to whom such assignment is made certified that the payment is being assigned without discount for such purpose. Nothing contained in this Section XI, shall be construed to give an assignee a right to any payment other than that to which the farmer is entitled nor shall the Secretary or any disbursing agent be subject to any suit or liability if payment is made to the farmer without regard to the existence of any such assignment.

5. *Cotton acreage in excess of allotment.*—Any person who knowingly plants cotton on his farm in 1938 on acreage in excess of the cotton acreage allotment established for the farm for 1938 shall not be eligible for any payment under the provisions of the 1938 Agricultural Conservation Program. Any person having an interest in the cotton crop on a farm on which cotton is planted in 1938 on acreage in excess of the cotton acreage allotment for the farm for 1938 shall be presumed to have knowingly planted cotton on his farm on acreage in excess of such farm cotton acreage allotment if notice of the farm allotment is mailed to him prior to the completion of the planting (seeding) of cotton on the farm, unless the farmer establishes the fact that the excess acreage planted to cotton was due to his lack of knowledge of the number of acres in the tract(s) planted to cotton. Such notice, if mailed to the operator of the farm, shall be deemed to be notice to all persons sharing in the production of cotton on the farm in 1938.

Section XII. Application for Payment

1. *Persons eligible to file applications.*—An application for payment with respect to a farm may be made by any person for whom, under the provisions of section VII, a share in the payment with respect to the farm may be computed and (1) who at the time of harvest is entitled to share in the crops grown on the farm under a lease or operating agreement, or (2) who is owner of such farm and participates thereon in 1938 in carrying out approved soil-building practices.

2. *Time and manner of filing application and information required.*—Payment will be made only upon application submitted through the county office. The Secretary reserves the right (1) to withhold payment from any person who fails to file any form or furnish any information required with respect to any farm which such person is operating or renting to another person for a share of the crops grown thereon, and (2) to refuse to accept any application for payment if such application or any other form or information required is not submitted to the county office within the time fixed by the director of the North Central Division. At least two weeks' notice to the public shall be given of the expiration of a time limit for filing prescribed forms. Such notice shall be given by mailing the same to the office of each county committee and making copies of the same available to the press.

3. *Application for other farms.*—If a person has the right to receive all or a portion of the crops or proceeds therefrom, produced on more than one farm in Licking County and makes application for payment with respect to one of such farms, such person must make

application for payment with respect to all such farms which he operates or rents to other persons. Upon request by the State committee such person shall also file with the committee such information as it may request regarding any other farm in the State with respect to which he has the right to receive all or a portion of the crops or proceeds thereof.

Section XIII. Appeals

Any person who considers himself aggrieved by any recommendation or determination of the county committee with respect to any farm in which he has an interest may, within 15 days after notice thereof is forwarded to or available to him, request the county committee in writing to reconsider its recommendation or determination with respect to any of the following matters: (1) eligibility to file an application for payment; (2) the determination of the productivity balance value for cropland; (3) the division of payment; (4) any other matter affecting the right to or the amount of his payment with respect to the farm. The county committee shall notify such person of its decision in writing within 15 days after receipt of such written request for reconsideration. If such person is dissatisfied with the decision of the county committee he may, within 15 days after such decision is forwarded to or made available to him, appeal in writing to the State committee. The State committee shall notify such person of its decision in writing within 30 days after the receipt of the appeal. If such person is dissatisfied with the decision of the State committee, he may, within 15 days after such decision is forwarded to or made available to him, request the regional director to review the decision of the State committee.

Section XIV. Bulletins, Instructions and Forms

The Agricultural Adjustment Administration shall prepare and issue such bulletins, instructions, and forms as may be required in administering the 1938 Agricultural Conservation Program for Licking County, Ohio.

Done at Washington, D. C., this 9th day of June 1938. Witness my hand and the seal of the Department of Agriculture.

XV. Definitions.

This bulletin sets forth provisions for establishing an individual range building goal to be attained as quickly as possible and at least by the end of three years, and yearly cumulative goals which should be attained by the end of each respective year and which accumulate to equal the three-year range building goal. Subject to the provisions of this bulletin and within the yearly range-building allowance, payment will be made for the attainment of these separate yearly goals. Goals in all cases include the retention of 20 percent of the annual growth of palatable forage at the end of the grazing season, the showing of performance of a designated quantity of practices listed in this bulletin, and may include at the discretion of the committee the performance of additional non-listed range-building practices considered essential to the conservation of the range land in the ranching unit. All payments are contingent upon the attaining of the yearly cumulative goal; there is no provision for partial performance. For those ranches for which the number of units of listed practices in the cumulative goal for the year in question is no larger than the number of units of such practices in the cumulative goal for the previous year, a payment of 75 percent of the annual range-building allowance will be made, provided the requirements of the goal for that year are met.

Pursuant to the authority vested in the Secretary of Agriculture under Sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act, as amended, and in connection with the effectuation of the purposes of Section 7 (a) of said Act in 1938, payments will be made for participation in the 1938 Jones County, South Dakota, Range Conservation Program in accordance with the provisions of this bulletin and such modifications thereof or other revisions as may hereafter be made.

The provisions of this program are necessarily subject to such legislation affecting said program as the Congress of the United States may hereafter enact; the making of the payments herein provided are contingent upon such appropriations as the Congress may hereafter provide. The rates of payments specified herein are subject to an increase or decrease of not more than 10 percent, depending upon the extent of participation in the Jones County program and the final estimate of payments which would be made in Jones County under the 1938 Range Conservation Program.

The provisions of the 1938 Jones County, South Dakota, Range Conservation Program contained in the bulletin are not applicable (1) to counties other than Jones County, South Dakota, and (2) to public domain of the United States, and other lands in which the beneficial ownership is in the United States.

The provisions of this bulletin are to be renewed each year through 1940 except in case the Agricultural Adjustment Administration finds that (1) the national range program has been modified in such manner as to adopt the essential provisions of the Jones County, South Dakota, Program or is otherwise modified in such manner as to indicate a continuation of the Jones County Program is unnecessary or undesirable, or (2) the resulting performance under this program has proven it is not administratively feasible, and that it is not contributing to the improvement of the national range program, or for other reasons indicates its continuation is undesirable, or (3) modifications of the Soil Conservation and Domestic Allotment Act, as amended, or the Agricultural Adjustment Act of 1938 are such as to prohibit its continuation, or are such as to indicate its continuation is not administratively advisable.

Section I. Range-Building Allowance

The range-building allowance shall be $1.40 times the grazing capacity (expressed as animal units) of the range land in the ranching unit, provided, that this item shall not be calculated on more than one animal unit for each ten acres of range land in the ranching unit.

Section II. Payment for Full Performance

A. For those ranches for which the quantity of practices selected from subsection C, Section XII, which are in the cumulative goal for the year in question *is* in excess of the quantity of practices selected from subsection C, Section XII, which are in the cumulative goal for the previous year, payment will be made for attaining the goal for the year in question in an amount which shall be equal to the yearly range-building allowance.

B. For those ranches for which the quantity of practices selected from subsection C, Section XII, which are in the cumulative goal for the year in question *is not* in excess of the quantity of practices selected from subsection C, Section XII, which are in the cumulative goal for the previous year, payment will be made for attaining the goal for the year in question in an amount equal to 75 percent of the yearly range-building allowance.

Section III. Conditions of Payment

A. No payment will be made with respect to any ranching unit for which the yearly range building goal does not include the following practices and unless full performance is shown for those practices on that ranching unit.

1. Natural reseeding by limited grazing to assure that 20 percent of the palatable forage growth is retained at the end of the grazing season on all range land in that ranching unit, as indicated by comparison with adjacent non-grazed check-plot areas specified for the ranching unit, supplemented if specified in the range building goal by deferred or rotational grazing, provided if deferred or rotational grazing is specified for the ranching unit the conditions of grazing shall be as follows:

(a) Upon ranching units on which cattle or horses are grazed, the area to be kept free of grazing shall be fenced and the fences maintained sufficiently to prevent the entry of livestock;

(b) on ranching units used exclusively for grazing sheep, either the area to be kept free of grazing shall be fenced and the fence maintained sufficiently to prevent entry of livestock or the entry of livestock on the non-grazed area shall be prevented by herding;

(c) the remaining range land in such ranching unit shall not be pastured to such an extent as will decrease the stand of grass or injure the forage, tree growth or water shed;

(d) such practices shall not be applicable to range land in the ranching unit which normally is not used for grazing during the period from the start of the forage growth to seed maturity.

Provided further, If because of fire, insect or rodent damage, or other uncontrollable causes, the palatable forage growth in the check-plot areas is not representative of the palatable forage growth upon the range land in the ranching unit at large, no payment will be made with respect to that ranching unit unless it can be established by the operator that the number of animal units grazed upon the ranching unit during the grazing season did not exceed the number of animal units in the grazing capacity for that ranching unit.

B. No payment will be made with respect to any ranching unit unless the performance for those practices which are included as a part of the range building goal and the respective yearly cumulative goals for that ranching unit, but not listed in subsection C, Section XII, is shown in the year specified and in a manner satisfactory to the State and county committee.

C. Practices listed in subsection C, Section XII, which are a part of the range building goal and which are carried out with labor or materials furnished by any State or Federal agency shall not be eligible in the year of performance for meeting the range building goal if the portion of the labor or materials furnished by any State or Federal agency represents one-half or more of the total cost of carrying out such practices. If the portion of the labor or materials, used in carrying out such practices furnished by any State or Federal agency represents less than one-half of the total cost of carrying out such practices, one-half of the amount of such practices shall be eligible in the year of performance for use in attaining the range building goal for the ranching unit.

D. No payment will be made with respect to any ranching unit in excess of the range-building allowance for such ranching unit. No range-building practice shall be eligible for use in attaining the range building goal unless carried out according to specifications recommended by the State committee and approved by the Director of the North Central Division. All such practices must be in a proper state of maintenance at the time of checking performance.

E. Payments made for attaining the range building goal for a ranching unit shall not be subject to the provisions of Section V of the Agricultural Conservation Program bulletin, as amended.

Section IV. Changes in Leasing Arrangements and Other Devices

A. No payment will be made to any person who has for 1938 made any change from the 1937 leasing arrangements of range land for the purpose of, or which would have the effect of, diverting to such person any payment to which any lessee would be entitled if the 1937 leasing arrangements of such range land were in effect for 1938. If the State committee finds that any person who files an application for a payment pursuant to the provisions of the 1938 Jones County, South Dakota, Range Conservation Program has made any changes from the 1937 leasing arrangements of such range land or has employed any other scheme or device whatsoever for the purpose of, or which would have the effect of, depriving any other person of any payment or share therein to which such other person otherwise would be entitled, the Secretary may withhold in whole or in part from the person participating in such a scheme or device, or require such person to refund in whole or in part, the amount of any payment which has been or otherwise would be made to such person for performance in connection with the 1938 Jones County, South Dakota, Range Conservation Program.

B. If on any ranching unit in 1938 any change of the leasing arrangements which existed on the ranching unit in 1937 is made between the landlord and the tenants and such change would cause a greater proportion of the payment to be made to the landlord under the 1938 Jones County, South Dakota, Range Conservation Program than would have been made to the landlord for performance on the ranching unit under the 1937 Range Conservation Program, payment to the landlord under the 1938 Jones County, South Dakota, Range Conservation Program with respect to the ranching unit shall not be greater than the amount that would have been paid to the landlord if the arrangements which existed on the ranching unit in 1937 had been continued in 1938, if the county committee certifies that the change is not justified and disapproves such change.

C. If on any ranching unit the number of tenants in 1938 is less than the average number on the ranching unit during the years 1935 to 1937, inclusive, and such reduction would increase the payments that would otherwise be made to the landlord, such payments to the landlord shall not be greater than the amount that would otherwise be made if the county committee certifies that the reduction is not justified and disapproves such reduction.

Section V. Eligibility for Payment

A. Application for range-building payment may be made only by ranch operators. Range-building payments will be made to (1) a sole ranch operator, or (2) each ranch operator of a group of two or more ranch operators, provided they all signify in the application for the range-building payment a percentum of the total payment to be made to each ranch operator. In case there are two or more ranch operators, the application must be made by all of them, except that in cases where any ranch operator refuses to sign the application for payment the county committee shall determine the percentage share of each ranch operator and payment of his percentage share will be made to each ranch operator applying for payment in accordance with such determination.

B. Any person who knowingly plants cotton on his farm in 1938 on acreage in excess of the cotton acreage allotment established for the farm for 1938 shall not be eligible for any payment under the provisions of the 1938 Agricultural Conservation Program. Any person having an interest in the cotton crop on a farm on which cotton is planted in 1938 on acreage in excess of the cotton acreage allotment for the farm for 1938 shall be presumed to have knowingly planted cotton on his farm on acreage in excess of such farm cotton acreage allotment if notice of the farm allotment is mailed to him prior to the completion of the planting (seeding) of cotton on the farm, unless the farmer establishes the fact that the excess acreage planted to cotton was due to his lack of knowledge of the number of acres in the tract(s) planted to cotton. Such notice, if mailed to the operator of the farm, shall be deemed to be notice to all persons sharing in the production of cotton on the farm in 1938.

C. Payments will be made only upon application submitted through the county office. The Secretary reserves the right (1) to withhold payment to

any ranch operator who fails to file any form or furnish any information required with respect to any ranching unit in which such ranch operator is interested, and (2) to refuse to accept any application for payment if such application or any other form or information required is not submitted to the county office within the time fixed by the Director of the North Central Division. At least two weeks' notice to the public shall be given in advance of the expiration of a time limit for filing prescribed forms.

Section VI. Payment Restricted to Effectuation of the Purposes of the Program

All or any part of any payments which otherwise would be made to any person under the 1938 Jones County, South Dakota, Range Conservation Program may be withheld (1) if he has adopted any practice or been a party to the establishment of any goals which the Secretary determines tends to defeat any of the purposes of this program, (2) if, by means of any corporation, partnership, estate, trust, or any other device, or in any manner whatsoever, he has offset, or has participated in offsetting, in whole or in part, the performance for which such payment is otherwise authorized, or (3) if, with respect to forest land or woodland owned or controlled by him, he adopts any practice which the Director of the North Central Division finds is contrary to sound conservation practices.

No payment will be made to any person if it is determined in accordance with instructions issued by the Agricultural Adjustment Administration, that with respect to any ranch which he owns or operates, the stand of grass has been decreased or the forage, tree growth, or watershed has been injured by overgrazing in 1938.

Section VII. Payments Computed and Made Without Regard to Claims

Any payment or share of payment shall be computed and made without regard to questions of title under State law, without deduction of claims for advances (except as provided in Section X), and without regard to any claim or lien against any crop or livestock, or proceeds thereof, in favor of the owner or any other creditor.

Section VIII. Increase in Small Payments

The total payment computed for any person for any year with respect to any ranching unit shall be increased as follows:

(1) Any payment amounting to 71 cents or less shall be increased to $1.00;

(2) Any payment amounting to more than 71 cents but less than $1.00 shall be increased by 40 percent;

(3) Any payment amounting to $1.00 or more shall be increased in accordance with the following schedule:

Amount of payment computed	Increase in payment	Amount of payment computed	Increase in payment
$1.00 to $1.99	$0.40	$32.00 to $32.99	$10.40
$2.00 to $2.99	.80	$33.00 to $33.99	10.60
$3.00 to $3.99	1.20	$34.00 to $34.99	10.80
$4.00 to $4.99	1.60	$35.00 to $35.99	11.00
$5.00 to $5.99	2.00	$36.00 to $36.99	11.20
$6.00 to $6.99	2.40	$37.00 to $37.99	11.40
$7.00 to $7.99	2.80	$38.00 to $38.99	11.60
$8.00 to $8.99	3.20	$39.00 to $39.99	11.80
$9.00 to $9.99	3.60	$40.00 to $40.99	12.00
$10.00 to $10.99	4.00	$41.00 to $41.99	12.10
$11.00 to $11.99	4.40	$42.00 to $42.99	12.20
$12.00 to $12.99	4.80	$43.00 to $43.99	12.30
$13.00 to $13.99	5.20	$44.00 to $44.99	12.40
$14.00 to $14.99	5.60	$45.00 to $45.99	12.50
$15.00 to $15.99	6.00	$46.00 to $46.99	12.60
$16.00 to $16.99	6.40	$47.00 to $47.99	12.70
$17.00 to $17.99	6.80	$48.00 to $48.99	12.80
$18.00 to $18.99	7.20	$49.00 to $49.99	12.90
$19.00 to $19.99	7.60	$50.00 to $50.99	13.00
$20.00 to $20.99	8.00	$51.00 to $51.99	13.10
$21.00 to $21.99	8.20	$52.00 to $52.99	13.20
$22.00 to$22.99	8.40	$53.00 to $53.99	13.30
$23.00 to $23.99	8.60	$54.00 to $54.99	13.40
$24.00 to $24.99	8.80	$55.00 to $55.99	13.50

$29.00 to $29.99	9.80	$60.00 to $185.99	14.00
$30.00 to $30.99	10.00	$186.00 to $199.99	(1)
$31.00 to $31.99	10.20	$200 and over	(2)

[1] Increase to $200.
[2] No increase.

Section IX. Deductions for Association Expenses

There shall be deducted pro rata from the payments with respect to any ranching unit all or such part as the Secretary may prescribe of the estimated administrative expenses incurred or to be incurred by the county agricultural conservation association in the county in which the ranching unit is located.

Section X. Assignments

Any person who may be entitled to any payment in connection with the 1938 Agricultural Conservation Program may assign his interest in such payment as security for cash loaned or advances made for the purpose of financing the making of a crop in 1938. No such assignment will be recognized unless (1) the assignment is made in writing on Form ACP-69 in accordance with instructions issued by the Agricultural Adjustment Administration, and is filed in the office of the county agricultural conservation association; (2) the farmer files with the assignment a statement that the assignment is made to pay or secure an indebtedness incurred in connection with financing the making of a crop in 1938 and not to pay or secure any pre-existing indebtedness; and (3) the person to whom such assignment is made certifies that the payment is being assigned without discount for such purpose.

Nothing contained in this Section X shall be construed to give an assignee a right to any payment other than that to which the farmer is entitled nor shall the Secretary or any disbursing agent be subject to any suit or liability if payment is made to the farmer without regard to the existence of any such assignment.

Section XI. Establishment of Grazing Capacities

There shall be established a grazing capacity for each ranching unit for which an application for determination of grazing capacity is received on or before a date established by the Director of the North Central Division as affording reasonable opportunity for the filing of such applications. In determining grazing capacity, consideration shall be given to the following: (a) composition, palatability, and density of forage growth; (b) climatic fluctuations; (c) distribution and character of watering facilities; (d) topographic and cultural features; (e) presence or absence of rodents and poisonous plant infestations; and (f) number and classes of livestock previously carried. The average of the individual grazing capacities established for all ranching units in a county shall not exceed the county average grazing capacity limit established by the Agricultural Adjustment Administration on the basis of available statistics.

Section XII. Establishment of Range-Building Goals

A. *Range-building goal.*—There shall be established for each ranching unit a range-building goal which shall consist of that list of practices, requirements, and methods of range management most suited to the promotion of an economic and conservation use of the range, and the assurance that the range will not be stocked in excess of the sustainable grazing capacity of the range land in the ranching unit. This goal shall be one which is attainable at least by the end of 1940, but shall not be one which is attainable within the limits of the range-building allowance, prior to 1940 unless it can be shown that the performance of additional range-building practices or of additional units of the same range-building practice will contribute nothing further to the effectuation of the purposes of this program. This goal shall include only those practices the performance of which is to occur during the period November 1, 1937, to October 31, 1940. This goal shall be developed at the beginning of the 1938 grazing season by the State and county committees and the ranch operator.

B. *Yearly cumulative goal.*—Within the range-building goal, and subject to approval by the State committee, yearly cumulative goals shall be established for each ranching unit which shall be used as a basis for determining performance in each respective year. These yearly range-building goals shall accumulate in the least number of years possible to the range-building goal for the ranching unit. The yearly cumulative goals shall be such as to require performance in keeping with the size of the range-building allowance. The county committee shall not establish for any ranching unit a yearly cumulative goal consisting of practices selected from subsection C, Section XII, in excess of the quantity of

practices selected therefrom in the yearly cumulative goal for the preceding year, unless the performance required to attain such goal is reasonably commensurate with the additional payment which will be made for that performance. The yearly cumulative goal for any year shall be deemed to have been accomplished, if at the time of checking performance for that year, the practices outlined in the goal are found to have been carried out and maintained on the ranching unit in accordance with the specifications set forth for such practices. For this purpose it is to be assumed that performance of the practice "natural reseeding by limited grazing" and its attendant requirements as indicated in Section III, A, 1, is worth 40 percent of the yearly range-building allowance. In establishing the yearly cumulative range-building goal, the practices listed in subsection C below, with the assigned rates shall be used as a guide. No rates shall apply to other requirements or practices; but these shall be considered necessary contributions of the ranch operator upon which all payments are contingent.

In the event of a change in the identity of the ranching unit after the establishment of the range-building goal, or the yearly cumulative goals, the appropriate modifications shall be made in these goals for the ranching unit.

C. *Range-building practices*

1. *Reseeding of range land.*—

a. Reseeding depleted range land with good seed of adapted varieties of range grasses, legumes, or forage shrubs, $0.20 per pound specified but not in excess of $2.00 per acre.

2. *Erosion and run-off control.*—

b. (1) *Contour listing, furrowing, or subsoiling.*—For listing, furrowing, or subsoiling range land on the contour, $0.50 per acre.

(2) *Contour ridging.*—For ridging range land on the contour, $0.10 per 100 linear feet.

c. *Spreader dams and terraces.*—For constructing spreader dams and spreader terraces alone or in combination with each other for the diversion of surface water to prevent soil washing of range land.

(1) Spreader dams, $0.15 per cubic yard of material.

(2) Spreader terraces, $0.40 per 100 linear feet.

3. *Development of stock water on range land.*—

d. *Excavations, dams, or fills.*—For constructing dams, fills, or excavations for the purpose of supplying water for range livestock. This practice shall not be eligible for use in attaining the range-building goal unless performed according to specifications outlined by the State Committee and approved by the Director of the North Central Division, $0.15 per cubic yard of fill or excavation.

e. *Wells.*—(1) For drilling or digging wells with casing not less than 4 inches in diameter, for the purpose of providing water for range livestock. This practice shall not be eligible for use in attaining the range building goal unless a windmill or power pump is installed and the water is conveyed to a tank or storage reservoir or if the well is developed at ranching unit headquarters. The development of an artesian well which provides adequate stock water during the grazing season and from which the water is conveyed to a tank or trough will be considered equivalent to a well for which a windmill or power pump is installed and the water is conveyed to a tank or storage reservoir, $2.00 per linear foot.

(2) For drilling or digging wells with casing less than 4 inches but not less than 2 inches in diameter, for the purpose of providing water for range livestock. This practice shall not be eligible for use in attaining the range building goal unless a windmill or power pump is installed and the water is conveyed to a tank or storage reservoir or if the well is developed at ranching unit headquarters. The development of an artesian well which provides adequate stock water during the grazing season and from which the water is conveyed to a tank or trough will be considered equivalent to a well for which a windmill or power pump is installed and the water is conveyed to a tank or storage reservoir, $1.00 per linear foot.

Section XIII. Determination of County in Which a Ranching Unit is Located

A ranching unit shall be regarded as located in the county in which its principal dwelling is situated, or if there is no dwelling thereon it shall be regarded as located in the county in which the major portion of the ranching unit is located.

Section XIV. Appeals

Any person who considers himself aggrieved by any recommendation or determination of the county committee with respect to any ranching unit in which he has an interest may, within 15 days after notice thereof is forwarded to or available to him request the county committee in writing to reconsider its recommendation or determination with respect to any of the following matters: (a) eligibility to file an application for payment, (b) grazing capacity established for the range land in such ranching unit, or (c) any other matter affecting the right to or the amount of his payment with respect to the ranching unit. The county committee shall notify such person of its decision in writing within 15 days after receipt of such written request for reconsideration. If such person is dissatisfied with the decision of the county committee he may, within 15 days after such decision is forwarded to or made available to him, appeal in writing to the State committee. The State committee shall notify such person of its decision in writing within 30 days after the receipt of the appeal. If such person is dissatisfied with the decision of the State committee, he may, within 15 days after such decision is forwarded to or made available to him, request the Director of the North Central Division to review the decision of the State committee.

Section XV. Definitions

For the purpose of the 1938 Jones County, South Dakota, Range Conservation Program,

Secretary means the Secretary of Agriculture of the United States.

North Central Region means the area included in the States of Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Nebraska, Ohio, South Dakota, and Wisconsin.

North Central Division means the Division of the Agricultural Adjustment Administration in charge of the 1938 Agricultural and Range Conservation Programs in the North Central Region.

Director of the North Central Division means the director of the division of the Agricultural Adjustment Administration in charge of the 1938 Agricultural and Range Conservation Program in the North Central Region.

State Committee means the group of persons designated for any State to assist in the administration of the 1938 Agricultural Conservation and the 1938 Range Conservation Program in such State.

County Agricultural Conservation Association or County Association means the association of the county organized to assist in the administration of the 1938 Agricultural and Range Conservation Programs in such county.

County Committee means the group of persons elected for any county to assist in the administration of the 1938 Agricultural Conservation Program and the 1938 Range Conservation Program in such county.

Person means an individual, partnership, association, corporation, estate, or trust, and wherever applicable a State, a political subdivision of a State, or any agency thereof.

Range Building Goal means that goal established for the ranching unit under the provisions of subsection A, Section XII.

Cumulative Goal or Yearly Cumulative Goal is that goal established for the ranching unit for each year, 1938, 1939, and 1940, under the provisions of subsection B, Section XII.

Range-building payment means a payment for the attainment of the yearly cumulative goal approved for the ranching unit.

Range-Building Allowance means the largest amount for any ranching unit which may be earned in any one year as a range-building payment on such ranching unit.

Ranch Operator means a person who as owner, cash tenant, or share tenant operates, or a person who acts in similar capacity in the operator of, a ranching unit in 1938.

Range Land means any land in which a ranch operator has such a legal estate or interest as to give him control thereof, which produces forage grazed by range livestock, without cultivation or general irrigation. Range land shall not include public domain of the United States, and other lands in which the beneficial ownership is in the United States.

Ranching unit means all range land which is used in 1938 by the ranch operator as a single unit in producing range livestock, with machinery, workstock, and labor substantially separate from that of any other range land. The ranching unit shall consist of not less than 640 acres of range land.

Animal unit means one cow, one horse, five sheep, or five goats, or the equivalent thereof.

Grazing capacity of range land means the number of animal units which such land will sustain, on a 12-month basis, over a period of years without decreasing the stand of grass or other grazing vegetation, and without injury to the forage, tree growth, or watershed.

In testimony whereof H. A. Wallace, Secretary of Agriculture, has hereunto set his hand and caused the official seal of the Department of Agriculture to be affixed in the City of Washington, District of Columbia, this 9th day of June, 1938.

[SEAL] H. A. Wallace,
Secretary of Agriculture.

TITLE 25—INDIANS

OFFICE OF INDIAN AFFAIRS

Regulations Governing Beneficiaries of Health Facilities and Duties of Health Personnel[1]

1. *Purpose.*—The purpose of these regulations is to promote the efficiency of the health activities of the Indian Service. They shall be enforced with tact and judgment to the end that cooperation and unity of effort may be obtained throughout the Service.

2. *Application in Alaska.*—Due to varying conditions, these regulations shall apply to medical activities for the natives of Alaska only so far as practicable.

3. *Previous regulations.*—All regulations, orders, and circulars hitherto in operation which are inconsistent or in conflict with these rules and regulations are abrogated.

4. *Appointments, promotions, retirement, etc.*—Appointments, promotions, retirement, allowances or deductions for quarters, fuel, light and subsistence, and compensation shall be made in accordance with Rules and Regulations of the Civil Service Commission, the Secretary of the Interior, and the Commissioner of Indian Affairs as they apply to these several subjects.

5. *Educational leave for physicians.*—Physicians, in addition to annual leave, may be granted educational leave not to exceed 30 days per calendar year, or 60 days in every alternate year, under such regulations as the Secretary of the Interior may prescribe, and no additional salary or expense on account of this leave of absence shall be incurred. (45 Stat. 493; 25 U. S. C. 275.)

6. *Private practice.*—Physicians, other than those employed under contract and under special arrangement that limits their compensation to less than full-time salary, shall devote their whole time and attention to the duties of their positions and shall not be permitted to engage in outside practice except in cases of emergency involving life or limb and when no private physician is available.

7. *Emergency service.*—When emergency or other medical service is rendered to any non-beneficiary, the physician will make full report to the superintendent, who will render a bill to the recipient or other responsible person for the services rendered at rates not in excess of those charged locally and take the necessary steps to make collection. Any funds thus obtained will be taken up as Sundry Receipts and deposited for credit to the appropriate Proceeds of Labor hospital or agency account.

8. *Indian beneficiaries.*—All persons of Indian descent who are members of any recognized Indian tribe now under Federal jurisdiction; all persons who are descendents of such members and who reside within the present boundaries of any Indian reservation and all other persons of one half or more Indian blood are entitled to the services of the physician and to such drugs or medicines as he may dispense. Indians receiving medical, hospital, or dental service shall be expected to pay such fees, based upon the cost of service, as may hereafter be specified by the Commissioner of Indian Affairs. Free services need not be given to Indians who are economically able to pay such fees and refuse to do so. All fees received shall be covered into the Treasury of the United States as required by the Act of May 9, 1938 (Pub. No. 497—75th Cong.).

9. *Employees.*—The services of Indian Service physicians shall be available to all regular employees of the Indian Service as a privilege and an act of courtesy and in no sense as a contract or obligation on the part of the Government or its agents, except when such services interfere with the physicians' duties to the Indians. No additional expense to the Government shall be incurred in connection with such services. Fees for services to employees shall be charged and handled as indicated in Section 7 hereof.

10. *Applicants for pension or retirement.*—Physicians on full-time duty will examine applicants for pension or retirement when requested to do so by the Indian Office or other appropriate office.

11. *Intermarried white men not entitled to services.*—Physicians are not required to give medical treatment to intermarried white men but are required to attend the Indian wives and mixed-blood children of such white men on the same basis as other Indians.

12. *Care of persons not entitled to services.*—Persons not otherwise entitled to medical attendance may be admitted to Indian Service hospitals or sanatoria in cases of emergency when no other facilities are available, and when so admitted shall pay a fee equal to the per diem cost of operation, but not to exceed $5 per day, and shall pay for any special services, appliances, drugs or supplies which may be required. This service should not extend beyond the period when the patient can be safely removed elsewhere for treatment. Fees collected shall be deposited for credit to the appropriate Proceeds of Labor hospital account.

12a. *Surgical fees.*—Fees for surgery not in excess of those approved for services to Indians in private hospitals should be collected and deposited in the same manner.

13. *Beneficiaries of other Federal agencies.*—Beneficiaries of other governmental agencies may be hospitalized for whom reimbursement will be obtained at per diem rates determined from time to time by the Federal Board for Hospitalization. No additional charges for special services are allowable.

14. *Compensation cases.*—Employees injured in line of duty and coming within the scope of the Employees' Compensation Act of September 7, 1916 (39 Stat. 742), as amended, shall be given medical and hospital care without cost.

15. *Duties of physicians.*—While responsible to the superintendent and under his control, the physician will be held responsible for acquainting himself with health conditions on the reservation, making proper reports thereon, treating diseases, and taking such preventive measures as may be authorized under applicable laws and ordinances.

16. The physician will not only treat Indians in his office or dispensary but will also visit them in their homes and will do all in his power to give needed treatment and care to the sick. He will be governed by the highest code of professional conduct; give prompt attention to all calls for his services; impress upon his patients and their attendants the importance of the careful and regular administration of medicines and food. He will also endeavor to improve sanitary and hygienic conditions generally and instruct the Indians how to do so. He will endeavor to hospitalize all serious cases of illness, provided facilities are available.

17. *Epidemic diseases.*—Physicians shall promptly report to the superintendent cases of epidemic diseases for transmission to the State health authorities, the District Medical Director and the Washington Office.

18. *Vital Statistics.*—Physicians shall promptly report known births and deaths not otherwise reported and render appropriate certificates for the State health authorities and the Indian Office.

19. *Senior physician.*—The senior physician is defined as the physician who receives the highest salary or, if all physicians are in the same pay status, the one senior in length of service unless

[1] Issued under authority of Title 5 U. S. C. 485, Title 25 U. S. C. 2, 9, 13 and 31, and other citations noted.

otherwise designated by the Commissioner of Indian Affairs.

20. *Senior physician in charge.*—The senior physician is charged with the responsibility of administering the health service of the jurisdiction to which attached, including the formulation of the health program and the coordination of the health activities.

21. *Physician in charge of hospital.*—Ordinarily, the senior physician will have charge of the hospital or sanitorium and its employees and will formulate rules for hospital or sanatorium routine, subject to approval of the District Medical Director and Director of Health. He will prepare annual estimates for supplies, requisitions for supplies and equipment, and requests for repairs and improvements, submitting them to the superintendent for appropriate action. All recommendations for repairs and improvements to hospitals or sanatoria involving structural changes must be submitted through the superintendent to the Commissioner of Indian Affairs.

22. *Efficiency reports.*—The senior physician shall prepare efficiency reports on the other physicians of the jurisdiction, if any, and on field and supervisory hospital nurses, and review efficiency reports on other personnel engaged in health work for submission through the superintendent to the Washington Office.

23. *Oral orders.*—Oral orders by a physician concerning care of hospital patients shall be confirmed in writing at the first opportunity.

24. *Immunizations and inoculations.*—The senior physician is charged with proper immunization of Indians and employees of the jurisdiction against smallpox, typhoid fever, diphtheria, and other diseases prevented by such means.

25. *Records.*—Records of patients treated shall be kept upon the prescribed forms, and reports required shall be rendered promptly upon the proper forms.

26. *Quarantine.*—When examination by the physician reveals that an Indian is afflicted with trachoma, tuberculosis, or other contagious or infectious disease, and such Indian refuses to submit to remedial treatment, the physician shall prepare a transcript of the record of the case including any statement of objection by the Indian together with his recommendations and submit same to the Secretary of the Interior through the Commissioner of Indian Affairs. In all such cases where the Secretary approves the findings of the physician, and in all cases where Indians afflicted with any of such diseases do not object to remedial treatment, the physician through the superintendent is authorized to take necessary measures including that of calling upon the police force of the agency or the tribe to enforce quarantine and treatment of such diseases. When the use of such force proves ineffective, the said physician after first obtaining authority from the Washington Office therefor may call in the police force of the State for such purpose. (25 U. S. C. 198; 38 Stat. 584.)

27. *Cooperation in health matters.*—It shall be the duty of physicians and other employees engaged in health activities to cooperate with and advise the governing bodies of organized tribes in matters of sanitation and the prevention of disease or its spread, and to cooperate with State, county, and local health organizations or officers in preventing the spread of communicable diseases and in all matters that will promote the health and general welfare of the Indians.

28. *Sanitation of camps.*—The physician shall have charge of and be held responsible for the sanitary features of all camps maintained within the jurisdiction.

29. *Sanitary inspections.*—The physician shall make systematic inspections twice a month, or oftener if necessary, of sanitary conditions of the agency, hospital and school buildings, grounds, and property, and other conditions affecting the health of the Indians and employees, and report his findings, with recommendations, to the superintendent, sending copies to the District Medical Director and the Director of Health.

30. *Records.*—Records of patients treated shall be kept upon required forms. Reports of medical activities and vital statistics shall be rendered promptly upon prescribed forms.

31. *Vaccination of employees.*—All persons employed in the Indian Field Service should be vaccinated against smallpox upon entrance except such as can show evidence of immunity.

32. *Vaccination during epidemics.*—When an epidemic of smallpox is threatened by reason of the presence of the disease in the neighborhood, all employees and their families, both adults and children, should be vaccinated unless evidence of immunity can be shown.

33. *Record of vaccinations and other immunizations.*—A complete record of the dates, names, ages, home addresses, and reactions shall be kept in the permanent records of every Indian Service physician of persons vaccinated or inoculated, such record to include name of manufacturer of product used, lot number, and expiration date.

34. *Arsenicals and heavy metals.*—A similar record shall be kept of administrations of arsenicals and other heavy metals as required for vaccinations and immunizations covered by Section 33 hereof.

35. *Quarantinable diseases.*—Smallpox, chickenpox, measles, German measles, mumps, scarlet fever, diphtheria, cerebro-spinal meningitis, infantile paralysis, whooping cough, and acute epidemic conjunctivitis (pink eye), shall be segregated or quarantined under treatment until all danger of communicability is passed. The directions of the physician in regard to the time of releasing patients from detention or quarantine, the methods of disinfection, and the precautions to be observed shall be strictly enforced. Scabies and impetigo, though not quarantinable, should be segregated until cured.

36. *Polluted water supplies.*—The superintendent and physician shall see that all sources of water supply are inspected at regular intervals, samples analyzed, and that all possible measures are taken for their protection against pollution. All cases of contaminated water supply, dangerous to health, must be reported to the District Medical Director at once. Indians should be warned of the danger from polluted water, which should be placarded.

37. *Narcotics.*—One physician preferably the senior physician, shall be solely responsible for the stock supply of narcotics at each jurisdiction, except where necessary to maintain a stock at more than one place within the jurisdiction, when the superintendent shall designate in writing other physician or physicians responsible therefor. The narcotic stock shall be properly safeguarded under lock and key, and the responsible physician shall have sole possession of the key. A narcotic stock record of receipts and issues shall be kept accurately for each form or class of narcotics separately on form 5–364a. A dispensary or ward narcotic record shall be kept accurately by each physician and at each hospital on form 5–364b to account for all narcotics withdrawn from stock for proper use.

38. *Alcohol.*—All medicinal and rubbing alcohol shall be properly safeguarded under lock and key and accurate record kept of receipts and issues by the physician in charge. Alcohol used for other purposes shall be properly accounted for by the superintendent.

39. *Accidents.*—All unusual accidents occurring within the jurisdiction, and especially in the hospital, must be immediately reported in detail to the Office, a copy of the report to be furnished to the District Medical Director.

40. *Admission and discharge of patients.*—Except in his absence, all admissions to and discharges from Indian Service hospitals shall be made upon the order of the physician in charge of the hospital. If possible, adult patients leaving the hospital against the advice of the physician in charge should be required to sign a certificate releasing the Service from all responsibility.

41. *Signed agreement to prevent removal of patients.*—Parents, guardians, or, in the absence of such, proper responsible parties shall consent in writing before a minor or incompetent person is admitted to the hospital agreeing not to remove such minor or incompetent person from the hospital against the advice of the physician.

42. *Consent for operations.*—Signed consent for surgical operations shall be obtained from the patient if an adult, or from the parents or guardians of minors, before operation is undertaken. The nature of condition or operation must be made known to patient, or other signer, and stated on prescribed form for consent. In emergency, oral consent may be taken from adults provided one or more witnesses sign the prescribed form, also setting forth circumstances. In emergency, when patient is unconscious, or parents or guardians of minors cannot be reached, the physician or physicians shall consult with the superintendent or officer in charge and certify necessity of action before proceeding with operation.

43. *Examination of pupils.*—All Indian pupils in boarding, day, mission, or public schools must be examined at the beginning of the school year and the results recorded on forms provided for this purpose. In addition, they must be examined as often as is necessary properly to safeguard their health.

44. *Physical examination for pupils to be transferred.*—Pupils designated for transfer to non-reservation schools shall be examined by a physician, who shall enter his findings on card No. 5–354, and also on such other form as may be prescribed, one copy of this card to go with the pupil and one to remain in the local files. Card shall also show immunizations given and past record of sickness. No pupil suffering from tuberculosis in an infectious stage shall be transferred to any Indian boarding school.

45. *Exclusions from schools.*—No pupils suffering from active pulmonary tuberculosis in any of its stages shall be admitted to any Indian school. Those who develop pulmonary tuberculosis and those who develop the suppurative stage of glandular tuberculosis while attending school shall be sent to a sanatorium, a general hospital with provisions for treating tuberculosis, or to their homes. Other exclusions shall be enforced at the discretion of the Indian Service physician.

46. *Weight of pupils.*—All pupils shall be weighed on admission to the school, and monthly thereafter. The weights shall be recorded on a form for that purpose. Physicians shall examine the weight records of the pupils after each regular weighing and give necessary attention to all who lose weight.

47. *Communicable diseases: Control of.*—All cases of illness among employees and pupils suspected of being of a communicable character shall be isolated until they are proved non-communicable.

48. When communicable disease is present, the physician shall make a medical examination of all Indian Service employees and the members of their families who live on the school grounds, or who associate with the pupils, to determine whether such employees and their families are free from dangerous communicable diseases.

49. No pupil in whose family exists a case of dangerous communicable disease shall be permitted to attend school until the patient or patients shall have recovered, proper disinfection been made, and the fact established that the attendance of the pupil will not endanger the health of others attending the school.

50. *Report of epidemics.*—The presence of epidemic diseases in a school shall be reported immediately to the Commissioner of Indian Affairs and the State and County Health Officers by the superintendent and adequate measures taken by the physician for the control of such diseases. Superintendents shall submit a complete report at the close of every epidemic affecting the Indians of their jurisdiction, giving the number of cases and the number of deaths.

51. *Trachoma: Segregation of acute cases.*—The seating in schoolrooms shall be so arranged as to put trachomatous pupils as far as possible from non-trachomatous, and they shall be subjected to treatment; and such pupils shall not be released from this arrangement except by permission of the attending physician.

51a. A card shall be made and kept in the permanent files for each trachomatous pupil.

52. *Vaccination of pupils.*—School physicians shall vaccinate all pupils in school once every year unless such pupils show evidence of a recent successful vaccination or can furnish satisfactory proof of having had smallpox.

53. *Nurses' uniforms.*—Nurses are required to wear the prescribed uniform pertaining to the line of duty to which they are assigned when on official business in their territory or at their place of work.

54. *Organization.*—All nursing activities are under the administrative control of the senior physician of the agency but are under the professional guidance of the Director of Nursing, who is responsible for developing the quality of nursing care rendered in the Service.

55. *Efficiency reports.*—Nurses in a reservation unit charged with supervising duties shall submit to the Washington Office, through the medical officer in charge, reports on the efficiency of the nurses working under their supervision. They may be required by the medical officer to prepare efficiency reports on other personnel engaged in hospital activities.

56. *Records.*—Nurses shall keep such station records of nursing activities as are required by the Washington Office and shall submit required reports of their work through the physician and superintendent.

57. *Duties (hospital).*—Hospital nurses are required to carry out the written orders of the physicians in charge of the case. Oral orders will be carried out; but the physician is responsible for confirming them, and the nurse is not responsible for errors made in accepting them. All such orders given by the physician over the telephone, or when impossible to write on the order sheet, must be recorded by the nurse as an oral order by the physician. Orders will be checked or initialed by the nurse who begins the treatment. The proper administration of the hospital is the responsibility of the physician, but the chief or head nurse charged with the executive and supervising duties shall be responsible for the hospital housekeeping and the nursing care. All complaints and instructions shall be carried through her by the medical officer in charge to and from the subordinate personnel.

57a. *Accidents and complaints.*—All accidents and complaints (serious) from patients and their families shall be reported in writing by the charge nurse, through the medical officer, to the superintendent.

58. *Duties (field nurses).*—Field nurses are under the administrative guidance of the senior physician. Their program of work is part of the whole program of health service for the community and as such must be formulated or approved by the senior physician. The purpose of the field nurse service is the promotion of health and the prevention of disease. The standard techniques and procedures of public health nursing will obtain, and the development of these nursing techniques is the professional responsibility of the Director of Nursing.

59. Field nurses shall not be assigned to hospital duty nor hospital nurses assigned to field duty without prior authority from the Indian Office.

60. *Special physicians.*—The Medical Director in Charge of Trachoma Activities shall give consultant service and general direction to the work of the special physicians performing eye, ear, nose and throat work. The District Medical Director will have immediate supervision and assist in directing the itineraries of special physicians engaged in eye work.

61. Special Physicians engaged in tuberculous work will be under the direction of the Director of Health.

62. *Special physician report.*—Each special physician shall submit a report on the completion of work at a jurisdiction and also an annual report for work done during the fiscal year.

63. *Designations.*—All dentists employed by the Indian Service on a full-time basis will be known as field dentists. All dentists employed by the Indian Service on a part-time or fee basis will be known as resident dentists.

64. *Jurisdiction.*—Field dentists will be assigned to prescribed districts for the purpose of furnishing oral health service and clinical treatment to Indians. They will be assigned and work under the general direction of the Dental Supervisor and the local District Medical Director. Resident dentists will be assigned to a designated station and will furnish oral health service and clinical treatment to Indians of that jurisdiction. They will work under the immediate supervision of the senior physician of the jurisdiction and under the

general direction of the Dental Supervisor and the District Medical Director.

66. *Duties.*—Dentists of the Indian Service are required to instruct teachers, nurses, advisers and other school or hospital personnel in all matters relating to oral health in order that Indian children may be educated along these lines. Dentists are required to inspect facilities and equipment for the care of the mouth and teeth and report on these conditions to the superintendent, the District Medical Director and the Indian Office, on Form No. 5–243.

67. *Clinical treatment.*—All recognized Indians are entitled to such dental treatment as may be prescribed by the Indian Office. In general, this shall consist of extractions, restoration of decayed teeth with non-precious materials, prophylaxes, and the treatment of all oral pathological conditions. (See Section 8 hereof).

67a. *Employees.*—Employees of the Indian Field Service at isolated stations where local practicing dentists are not accessible are entitled to a limited amount of dental treatment, such as extractions, alloy and cement dental restorations, and treatment for diseased conditions.

67b. Prior to visiting a jurisdiction, field dentists will notify the superintendent in order that Indians not in the immediate vicinity of the clinic will have an opportunity to visit field dentists for necessary treatment. Prior to rendering treatment for children at a particular school, field dentists will make a complete dental examination of all pupils, recording the findings of the oral examination on form 5–243b. This examination should show not only carious teeth but also indicate missing, devitalized or abscessed teeth, and any pathological condition that may be present. This shall constitute a permanent record at the school or station at which the services are performed.

67c. *Itineraries.*—Itineraries shall be arranged by the District Medical Director; and unless otherwise directed by him, the field dentists will remain at a station until all routine treatment is completed.

68. *Records and reports.*—All dentists of the Indian Service will keep records and submit reports on form 5–243.

69. *Efficiency reports on traveling personnel.*—The District Medical Director will render efficiency reports on special physicians, field dentists, and district supervisory nurses at stated intervals.

70. *Monthly reports.*—The following records are to be submitted monthly:

(1) Monthly In-Patient and Dispensary Patient Report of Hospital.

(2) Monthly Report of Domiciliary Patients and Out-Patients.

(3) Birth Certificates.

(4) Death Certificates.

71. *Donations.*—All donations or contributions of funds or property for health or other purposes shall be reported in detail to the Indian Office for acceptance by the Secretary of the Interior. (45 Stat. 1106; 25 U. S. C. 451).

72. *Admissions to hospitals.*—The admission of patients into Indian hospitals and sanatoria is governed by Order No. 492, approved by the Department, March 10, 1938.

73. *Enforcement of State health laws.*—State health authorities are authorized to enter upon Indian tribal lands, reservations or allotments within the respective States for the purpose of making inspection of health conditions looking to the enforcement, except as hereinafter provided, of sanitation and quarantine regulations of the particular State in like manner as such regulations are enforced in the surrounding territory. In connection with and prior to such proposed enforcement, the physician in charge of each reservation shall schedule the State sanitation and quarantine regulations which ought to be enforced upon the reservation, together with a statement of any limitations and conditions which should govern the application of such State regulations. Tribal authorities and individual Indians shall be afforded ample opportunity to submit protests or recommendations with respect to specific State regulations thus proposed for extension to the reservation. It shall be the duty of the superintendent to transmit to the Secretary of the Interior through the Commissioner of Indian Affairs, the schedule of State regulations thus posted, together with any protests or criticisms made by Indians with respect thereto. Such State regulations as are approved by the Secretary of the Interior shall thereafter be in force upon the reservation subject to such conditions as the Secretary may prescribe. No State law shall be applied within the jurisdiction of any organized tribe which is in conflict with any ordinance or resolution of the tribe. (45 Stat. 1185; 25 U. S. C. 231.)

74. *Indian Service Physicians as Deputy State Health Officers.*—Physicians in the Indian Service shall act as Deputy State Health Officers of the reservations to which assigned without additional compensation when so appointed by the State Board of Health, subject to approval by the Secretary of the Interior. (Ex. Order No. 7369, May 13, 1936).

75. *Relation to State board of health.*—Physicians, when appointed pursuant to Section 74 hereof, shall bear, so far as compatible with State laws, the same relation to the State Board of Health as do county and local health officers.

76. *Application with relation to constitutions, by-laws, and charters of organized tribes.*—These regulations shall apply to tribes organized pursuant to the Reorganization Act of June 18, 1934, as amended June 15, 1935, and May 1, 1936, and the Oklahoma Welfare Act of June 26, 1936, except where inconsistent with the provisions of the constitutions, by-laws, or charters granted to such tribes pursuant thereto, or any ordinances or resolutions adopted by such tribes pursuant to the authority of such constitutions, by-laws, or charters. The provisions of the constitutions, by-laws, charters, ordinances, and resolutions adopted by such tribes pursuant thereto dealing with matters of health and sanitation among the Indians shall govern where they conflict with the provisions of the regulations.

77. *Contracts for medical, nursing, and hospital service.*—The Secretary of the Interior may enter into contracts for medical, nursing, or hospital services with any State or territory or political subdivision thereof, or any State university, college, or school, or with any appropriate State or private corporation, agency, or institution. (49 Stat. 1458; 25 U. S. C. 452–5, Sup. III.)

JOHN HERRICK,
Acting Commissioner.

Approved, May 27, 1938.

ORDER AMENDING ORDER GRANTING EXEMPTION

Washington Gas Light Company, a subsidiary company of Washington and Suburban Companies, a registered holding company, having filed a supplemental application requesting this Commission to amend Subdivision (4) of its order issued June 22, 1937 (upon the amended application of said company (File No. 32–51) for exemption from the provisions of section 6 (a) of the above described Act (among other things), of the issue and sale of $4.50 Cumulative Convertible Preferred Stock), which reads:

"the issue and exchange by it from time to time of such number of shares, not exceeding 60,000 of common stock without par value, as may be required when and as holders of such preferred stock may elect to exercise conversion rights applicable thereto;"

A hearing on such supplemental application having been held after appropriate notice; [1] the record in this matter having been duly considered; and the Commission having made and filed its findings herein;

It is ordered, That Subdivision (4) of this Commission's Order dated June 22, 1937, issued upon the amended application of Washington Gas Light Company (File No. 32–51) be amended by striking out the following:

"the issue and exchange by it from time to time of such number of shares, not exceeding 60,000 of common stock without par value, as may be required when and as holders of such preferred stock may elect to exercise conversion rights applicable thereto;"

and inserting in lieu thereof, the following:

"the issue and exchange of such number of shares of common stock of said company as may, in accordance with the conversion rate at the time applicable to the $4.50 Cumulative Convertible Preferred Stock be required for the purpose of delivering to the holders of said 20,000 shares of preferred stock the number of shares of common stock to which such holders would be entitled, in accordance with the provisions of the resolution creating such stock when and as they may elect to exercise their conversion rights applicable thereto (the number of shares of common stock initially to be reserved to be 60,000)."

It is further ordered, That if Order No. 1611 of the Public Utilities Commission of the District of Columbia, authorizing the issue and sale of the securities set out in said amended application (File No. 32–51) shall be revoked or shall otherwise terminate, this Order shall immediately terminate without further action by this Commission.

The authority granted herein, extends to the issuance of transferable scrip upon the conversion of $4.50 Cumulative Convertible Preferred Stock as is authorized by Order No. 1611 of the Public Utilities Commission of the District of Columbia and contained in the stockholders' resolution of June 16, 1937 adopted pursuant to Public Act No. 577 of the 74th Congress.

By the Commission.

IN THE MATTER OF WASHINGTON GAS LIGHT COMPANY

ORDER EXEMPTING SECURITIES AUTHORIZED BY STATE COMMISSION

Washington Gas Light Company, a subsidiary company of Washington and Suburban Companies, a registered holding company, having filed an application, and amendments thereto (File No. 32–90), for exemption from the provisions of Section 6 (a) of the Public Utility Holding Company Act of 1935 of—

(1) the issue and sale by it of 15,600 shares of $4.50 Cumulative Convertible Preferred Stock, without par value;

(2) The issue and delivery by it to certain holders of common stock, of warrants to subscribe to 2,497 shares of said 15,600 shares of $4.50 preferred stock plus such additional number of shares of said preferred stock, not exceeding 2,400, as may be represented by additional warrants required by reason of the conversion of presently outstanding preferred stock into shares of common stock, prior to the record date (as specified in the underwriting agreement) of holders of shares of common stock entitled to such warrants;

(3) the issue and exchange of such number of shares of common stock, as may in accordance with the conversion rate at the time applicable to the $4.50 Cumulative Convertible Preferred stock, from time to time be required to satisfy the conversion rights applicable to 15,600 shares of such stock (46,800 shares initially based on the original conversion rate); and

a hearing having been held upon said application, as amended, after appropri-

ate notice,[1] the record in this matter having been duly considered and the Commission having made and filed its findings herein;

It is ordered, That the issue and sale of the aforesaid securities in accordance with the terms and conditions set forth in and for the purposes represented by, said application, be and the same hereby are exempted from the provisions of Section 6 (a) of the Public Utility Holding Company Act of 1935; provided, however, that if the authorization of the issue and sale of said securities by the Public Utilities Commission of the District of Columbia shall be revoked or otherwise terminate, this exemption shall immediately terminate without further order of this Commission. The authority herein granted also extends to the issuance of transferable scrip certificates, upon the conversion of $4.50 Cumulative Convertible Preferred Stock, as are authorized, by Order No. 1692 of the Public Utilities Commission of the District of Columbia, and the stockholders' resolution adopted June 16, 1937, pursuant to Public Act No. 577 of the 74th Congress; and

It is further ordered, That nothing contained herein shall be deemed to constitute an approval of the accounting entries which applicant has proposed in connection with this transaction, and the Commission reserves jurisdiction to issue such further orders, after opportunity for hearing, as it may deem appropriate, pursuant to any provision of the Act, regarding the manner in which applicant shall keep its accounts as well as the accounting procedures to be followed as to said issuance of securities and as to the accounting treatment of the amount by which the net proceeds received from the sale of such preferred stock may be less than the minimum liquidating value thereof, or to take any other appropriate action pursuant to the Act with reference to said accounting matters.

[1] 3 F. R. 1196 (DI).

It is further ordered, That, within ten days after the issue and sale of such securities the applicant shall file with this Commission a certificate of notification showing that such issue and sale have been effected in accordance with the terms and conditions of, and for the purpose represented by said application.

By the Commission.

IN THE MATTER OF PAGE POWER COMPANY

NOTICE OF AND ORDER FOR HEARING

An application pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by the above-named party;

It is ordered, That a hearing on such matter be held on June 23, 1938, at 10 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue, NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That Charles S. Lobingier or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to continue or postpone said hearing from time to time or to a date thereafter to be fixed by such presiding officer.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before June 18, 1938.

The matter concerned herewith is in regard to an application filed by Page Power Company, a subsidiary company of Republic Service Corporation, a registered holding company, for exemption from the provisions of section 6 (a) of said Act of the issue and sale by it, to Republic Service Corporation, of 1,400 shares of its no par value common capital stock at a price of $50 per share or a total sum of $70,000.

The funds derived from the sale are to be used, to partially reimburse applicant's treasury for cash expenditures made between October 31, 1931, and March 31, 1938, for betterments and improvements to its property, and to permit applicant to liquefy earnings heretofore accrued to the end that its Board of Directors, may declare and pay a dividend upon its outstanding capital stock, if they deem such action advisable and to the best interests of the applicant.

The issue and sale of said stock has been expressly authorized by the State Corporation Commission of the Commonwealth of Virginia, the State commission, of the State in which applicant is organized and doing business.

By the Commission.

EXECUTIVE ORDER

TRANSFERRING CERTAIN LANDS TO THE SECRETARY OF AGRICULTURE FOR USE, ADMINISTRATION, AND DISPOSITION UNDER TITLE III OF THE BANKHEAD-JONES FARM TENANT ACT

WHEREAS I find suitable for the purposes of Title III of the Bankhead-Jones Farm Tenant Act, approved July 27, 1937 (50 Stat. 522, 525), and the related provisions of Title IV thereof, all lands of the United States now under the supervision of the Secretary of Agriculture (1) which have been acquired by the Department of Agriculture for use in connection with those land-development and land-utilization projects transferred to it by Executive Order No. 7530 of December 31, 1936, as amended by Executive Order No. 7557 of February 19, 1937[1] (including lands transferred to it by the said Executive order, lands thereafter acquired pursuant to the said Executive order, as amended, lands set apart and reserved from the public domain, and lands acquired by transfer from other Federal agencies, whether by Executive order or otherwise), and (2) which are now in process of acquisition by the Department of Agriculture, pursuant to existing contracts of purchase and pending condemnation proceedings, for use in connection with the said projects:

NOW, THEREFORE, by virtue of and pursuant to the authority vested in me by section 45 of the said Bankhead-Jones Farm Tenant Act, it is ordered that all the right, title, and interest of the United States in the lands so acquired or in process of acquisition, be, and they are hereby, transferred to the Secretary of Agriculture for use, administration, and disposition in accordance with the provisions of Title III of the said Act and the related provisions of Title IV thereof; and immediately upon acquisition of legal title to those lands now in process of acquisition, this order shall become applicable to all the additional right, title, and interest thereby acquired by the United States;

Provided, that no lands heretofore set apart and reserved from the public domain shall be disposed of by sale, exchange, or grant, in accordance with the provisions of said act, without the approval of the Secretary of the Interior;

And Provided further, that this order shall not apply to any of the said lands which have been, by Executive order or proclamation, included in or reserved as a part of a national forest or of a wildlife, waterfowl, migratory bird, or research refuge, or to the right, title, and interest of the United States in the mineral resources of those lands which have heretofore been set apart and reserved from the public domain, and shall not restrict the disposition of such mineral resources under the public-land laws.

IN THE MATTER OF EXCELLO FABRICS, INC.

ORDER TO CEASE AND DESIST

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the answer filed herein on the 13th day of May, 1938, by the respondent admitting all the material allegations to be true and waiving the taking of further evidence and other intervening procedure, and the Commission having made its findings as to the facts and conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Excello Fabrics, Inc., a corporation, its officers, agents, servants and employees, in connection with the advertising and offering for sale, sale and distribution of fabrics in interstate commerce or in the District of Columbia, do forthwith cease and desist from:

1. Using, assisting or cooperating in the using of the words "Pure Dye", or any other word or words of similar import or meaning, to describe or designate fabrics or products which are not composed wholly of silk, the product of the cocoon of the silkworm;

2. Using, assisting or cooperating in the using of the word "Satin" or any other word or words of similar import or meaning to describe or designate any fabric or product which is not composed wholly of silk, the product of the cocoon of the silkworm, unless there is used in immediate connection or conjunction therewith, in letters of at least equal size and conspicuousness, a word or words actually naming or describing the fiber, material or materials from which said fabric or product is actually made; and provided that such disclosure of the fiber or material content thereof shall be made by accurately designating each constituent fiber or material thereof, in the order of its predominance by weight, beginning with the largest single constituent;

3. Using, assisting or cooperating in the using of the word "Silk" or any other word or words of similar import or meaning to describe or designate fabrics or products which are not composed wholly of silk, the product of the cocoon of the silkworm, unless in the case of a fabric or product composed in part of silk and in part of rayon or a material or materials other than silk there is used in immediate connection or conjunction therewith in letters of equal size and conspicuousness a word or words accurately describing the fiber, material or materials from which said fabric or product was actually made; and provided that the fiber or material content of such fabric or product be accurately disclosed by designating each constituent fiber or material thereof, in the order of its predominance by weight, beginning with the largest single constituent;

It is further ordered, That the respondent, Excello Fabric, Inc., shall within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

BUREAU OF CUSTOMS

[T. D. 49600]

CUSTOMS REGULATIONS AMENDED—MERCHANDISE SUBJECT TO CONTROL, RESTRICTION, OR PROHIBITION BY FEDERAL AGENCIES

To Collectors of Customs and Others Concerned:

Pursuant to the authority contained in the Plant Quarantine Act of August 20, 1912, as amended by the acts of March 4, 1913, March 4, 1917, April 13, 1926, and May 1, 1928 (U. S. C., title 7, secs. 151 to 164, inclusive, and secs. 164 (a) and 167); the act of August 30, 1890, prohibiting the importation of diseased livestock, as amended by the act of June 28, 1926 (U. S. C., title 21, sec. 104); the act of February 2, 1903, to prevent the introduction and spread of livestock diseases, as amended by the act of February 7, 1928 (U. S. C., title 21, secs. 111, 112, 113, 120 and 121); the Meat Inspection Act of March 4, 1907 (U. S. C., title 21, secs. 71 to 89, inclusive); sections 306 and 624 of the Tariff Act of 1930 (U. S. C., title 19, secs. 1306 and 1624); and section 161 of the Revised Statutes (U. S. C., title 5, sec. 22), the Customs Regulations of 1937 are hereby amended as follows:

Paragraph (d) of article 880[1] is amended to read as follows:

(d) *Shipments subject to restriction or prohibition by Federal agencies.*—The diversion of shipments in bond which may be subject on importation to restriction or prohibition under quarantines and regulations administered by the Bureau of Animal Industry or the Bureau of Entomology and Plant Quarantine shall be allowed only upon written permission or under regulations issued by the agency concerned (see ch. X).

Paragraph (h) of article 887[2] is amended to read as follows:

(h) Entries for immediate transportation without appraisement covering merchandise subject to detention or supervision by other Federal agencies must contain a sufficient description of the merchandise to enable the representative of the agency concerned to determine the contents of the shipment. Such merchandise covered by quarantines and regulations administered by the Bureau of Entomology and Plant Quarantine shall be forwarded under such entries only upon written permission of or under regulations issued by that Bureau (see ch. X).

Paragraph (a) of article 904[3] is amended to read as follows:

(a) Merchandise subject upon importation to examination, disinfection, or further treatment under quarantines and regulations administered by the Bureau of Entomology and Plant Quarantine cannot be released for transportation or exportation except upon written permission of or under regulations issued by that Bureau (see ch. X).

Paragraph (b) of article 907[1] is amended to read as follows:

(b) Such merchandise may be entered for consumption or warehouse. If the merchandise is subject on importation to quarantines and regulations administered by the Bureau of Entomology and Plant Quarantine, it may be entered for consumption or warehouse only upon written permission of or under regulations issued by that Bureau (see ch. X).

TITLE 26—INTERNAL REVENUE

BUREAU OF INTERNAL REVENUE

[T. D. 4808]

CAPITAL STOCK TAX

EXTENSIONS OF TIME FOR FILING RETURNS UNDER SECTION 601 (D) OF THE REVENUE ACT OF 1938

To Collectors of Internal Revenue and Others Concerned:

Section 601 (d) of the Revenue Act of 1938, under which capital stock tax returns for the taxable year July 1, 1937, to June 30, 1938, must be filed, provides:

(d) • • • The Commissioner may extend the time for making the returns and paying the taxes imposed by this section, under such rules and regulations as he may prescribe with the approval of the Secretary, but no such extension shall be for more than sixty days.

Pending the issuance of complete regulations, the following rules and regulations are hereby promulgated in respect of extensions of time for filing capital stock tax returns for the taxable year ended June 30, 1938:

The respective collectors of internal revenue are hereby authorized to grant, under the conditions prescribed herein, extensions of time for filing capital stock tax returns and for payment of such taxes. In the exercise of such authority, collectors of internal revenue shall grant an extension of time for filing the return and paying the tax, only: (1) upon a written application under oath filed on or before the statutory due date of the return and showing reasonable cause for the extension; (2) for such reasonable period as may be required by the circumstances, not to extend in any case beyond the 29th day of September next following the close of the taxable year; (3) with the provision that interest at the rate of 6 per cent per annum shall be paid upon the tax from the statutory due date (July 31) to the date of payment of the tax; and (4) in accordance with such procedure as may be prescribed from time to time by the Commissioner. The determination whether an application presents reasonable cause for an extension depends upon the particular circumstances of each case. Ordinarily, a showing of sickness or absence of the officers charged with the responsibility of making the return, or of other circumstances beyond the control of the corporation which prevent the filing of a proper return within the time required by law, constitutes reasonable cause warranting an extension. Accordingly, a corporation desiring an extension of time for filing its capital stock tax return and paying the tax must file with the collector on or before the statutory due date of the return an application under oath setting forth the reasons necessitating an extension and stating the time for which the extension is requested. In every case in which an extension is allowed, a copy of the collector's letter granting the extension shall be attached to the return when filed.

This Treasury decision is issued under authority contained in section 601 (d) of the Revenue Act of 1938.

Commissioner of Internal Revenue.

INCOME TAX

REGULATIONS RELATIVE TO DETERMINATION OF WHO IS A QUALIFIED ELECTING SHAREHOLDER AND TO THE MAKING AND FILING OF ELECTIONS UNDER SECTION 112 (B) (7) OF THE REVENUE ACT OF 1938, RELATING TO THE RECOGNITION OF GAIN IN CERTAIN CORPORATE LIQUIDATIONS

To Collectors of Internal Revenue and Others Concerned:

[In the original document, here follows the text of Section 112 (b) (7) of the Revenue Act of 1938.]

Pursuant to the authority contained in sections 62 and 112 (b) (7) of the Revenue Act of 1938, the following regulations are prescribed with respect to the determination of who is a qualified electing shareholder and the making and filing of written elections in connection with the complete liquidation of a domestic corporation occurring within the month of December, 1938.

ARTICLE 1. *Scope of regulations.*—These regulations relate only to the determination of who is a qualified electing shareholder and to the making and filing of elections under section 112 (b) (7) of the Revenue Act of 1938, which provides special tax treatment for the gain realized by a qualified electing shareholder on the shares of stock which he owned on the date of the adoption of a plan for the complete liquidation of a domestic corporation pursuant to which all its stock is canceled or redeemed, and the transfer of all its property occurs entirely within the month of December, 1938.

ART. 2. *Qualified electing shareholder.*—No corporate shareholder may be a qualified electing shareholder if at any time between April 9, 1938, and the date of the adoption of the plan of liquidation, both dates inclusive, it is the owner of stock of the liquidating corporation possessing 50 percent or more of the total combined voting power of all classes of stock entitled to vote upon the adoption of the plan of liquidation. All other shareholders are divided into two groups for the purpose of determining whether they are qualified electing shareholders: (a) shareholders other than corporations, and (b) corporate shareholders. Any shareholder of either of such two groups (whether or not the stock he owns is entitled to vote on the adoption of the plan of liquidation) is a qualified electing shareholder if—

(1) His written election to be governed by the provisions of section 112 (b) (7) of the Act has been made and filed as prescribed in article 3 of these regulations; and

(2) Like elections have been made and filed by owners of stock possessing at least 80 percent of the total combined voting power of all classes of stock owned by shareholders of the same group on the date of, and entitled to vote upon, the adoption of the plan of liquidation.

Example.—The R Corporation has outstanding 20 shares of common stock on July 1, 1938, the date of the adoption of a plan of liquidation within the provisions of section 112 (b) (7) of the Act, each entitled to one vote upon the adoption of such plan of liquidation. Ten of such shares are owned by the S Corporation, two each by the X Corporation and the Y Corporation, one by the Z Corporation, and one each by A, B, C, D, and E, individuals. There are also outstanding two shares of preferred stock, not entitled to vote on liquidation, one share being owned by F, an individual, and one share by the P Corporation. The S Corporation, being a corporate shareholder and the owner of 50 percent of the voting stock, may not be a qualified electing shareholder under any circumstances. In order for any other corporate shareholder to be a qualified electing shareholder, it is necessary that the X Corporation and the Y Corporation file their written elections to be governed by section 112 (b) (7) of the Act. If this is done, the P Corporation will also be a qualified electing shareholder if it has filed a like election. Similarly, in the case of the individual shareholders, some combination of four of the individual holders of the

common stock must have filed their written elections, before any individual shareholder may be considered a qualified electing shareholder, but if this is done, F will also be a qualified electing shareholder if he has filed a like election.

An election to be governed by the provisions of section 112 (b) (7) of the Act relates to the treatment of gain realized upon the cancelation or redemption of stock upon liquidation and can therefore be made only by or on behalf of the person by whom such gain will be realized. Thus, the shareholder who may make such election must be the actual owner of stock and not a mere record holder, such as a nominee.

A shareholder is entitled to make an election relative to the gain only on stock owned by him at the time of the adoption of the plan of liquidation. The election is personal to the shareholder making it and does not follow such stock into the hands of a transferee.

ART. 3. *Making and filing of written elections.*—An election to be governed by section 112 (b) (7) of the Act shall be made in duplicate under oath or affirmation on Form 964 in accordance with the instructions printed thereon and with these regulations. Such duplicate originals shall be filed by the shareholder or by the liquidating corporation with the Commissioner of Internal Revenue, Washington, D. C., attention of the Income Tax Unit, Records Division, within thirty days after the adoption of the plan of liquidation. A copy shall also be attached to and made a part of the shareholder's income tax return for his taxable year in which the transfer of all the property under the liquidation occurs.

[SEAL] GUY T. HELVERING,
Commissioner of Internal Revenue.

Approved, June 8, 1938.

WAYNE C. TAYLOR,
Acting Secretary of the Treasury.

TITLE 27—INTOXICATING LIQUORS

FEDERAL ALCOHOL ADMINISTRATION DIVISION

[Regulations No. 5, Amendment No. 6]

AMENDING CERTAIN PROVISIONS OF THE DISTILLED SPIRITS LABELING REGULATIONS WITH REFERENCE TO THE USE OF HARMLESS COLORING, FLAVORING, OR BLENDING MATERIALS, USE OF THE PHRASE "ARTIFICIALLY COLORED" AND TO OTHER MATTERS

Pursuant to the provisions of Section 5 (e) of the Federal Alcohol Administration Act, as amended, Regulations No. 5,[1] Relating to Labeling and Advertising of Distilled Spirits, as amended, are further amended as follows:

1. Article II, Section 21, Class 7, of said regulations is amended to read:

CLASS 7. *Imitations.*—Imitations shall bear, as a part of the designation thereof, the word "imitation" and shall include the following:

(a) Any class or type of distilled spirits to which has been added coloring or flavoring material of such nature as to cause the resultant product to simulate any other class or type of distilled spirits;

(b) Any class or type of distilled spirits (other than distilled spirits required under Section 34, Article III, of these regulations to bear a distinctive or fanciful name and a truthful and adequate statement of composition) to which has been added synthetic flavoring material;

(c) Any class or type of distilled spirits (other than distilled spirits required under Section 34, Article III, of these regulations to bear a distinctive or fanciful name and a truthful and adequate statement of composition) to which has been added a natural flavoring material which simulates or enhances, or is used by the trade or in the particular product to simulate or enhance, the characteristics of any other flavoring material, if the labeling of such distilled spirits creates the impression that such other flavoring material has been employed in the manufacture of the product;

(d) Any class or type of distilled spirits (except cordials, liqueurs and specialties marketed under labels which do not indicate, or infer, that a particular class or type of distilled spirits was used in the manufacture thereof) to which has been added any whiskey essence, brandy essence, rum essence or similar essence or extract which simulates or enhances, or is used by the trade or in the particular product to simulate or enhance, the characteristics of any class or type of distilled spirits;

(e) Any type of rum to which neutral spirits or other distilled spirits than rum have been added;

(f) Any type of brandy to which neutral spirits or other distilled spirits than brandy have been added; and

(g) Any type of brandy distilled from a fermented mash of fruit and sugar or dextrose.

2. Article II of said regulations is amended by adding at the end thereof a new section to read:

SECTION 22. *Alteration of Class and Type: Harmless Coloring, Flavoring and Blending Materials.*—Except as otherwise provided in this section, the addition of any coloring, flavoring or blending materials whatsoever, to any class or type of distilled spirits shall be deemed to alter the class and type thereof. If the class or type of any distilled spirits shall be so altered, and if there is no class or type designation for the product as so altered, either specified in this Article or in accordance with trade understanding, such distilled spirits shall be designated with a distinctive or fanciful name together with a truthful and adequate statement of composition in accordance with Section 34, Article III, of these regulations. There may be added to any class or type of distilled spirits, without changing the class or type thereof, (1) such harmless coloring, flavoring or blending materials as are an essential component part of the particular class or type of distilled spirits to which added, and (2) harmless coloring, flavoring or blending materials such as caramel, straight malt or straight rye malt whiskeys, fruit juices, sugar or wine, which are not an essential component part of the particular distilled spirits to which added, but which are customarily employed therein in accordance with established trade usage, if such coloring, flavoring or blending materials do not total more than 2½% by volume of the finished product.

"Harmless coloring, flavoring and blending materials" shall not include (1) any material which would render the product to which it is added an imitation, or (2) any material whatsoever in the case of straight whiskey or in the case of neutral spirits, or (3) any material, other than caramel and sugar, in the case of cognac brandy.

Nothing herein shall be construed as in any manner modifying the Standards of Identity for cordials and liqueurs, or as authorizing any product which is defined in Class 7 as an imitation to be otherwise designated.

3. Article III, Section 34 (a) and (b), of said regulations is amended to read:

SEC. 34. *Class and Type.*—(a) The class and the type of the distilled spirits shall be stated in conformity with Article II of these regulations, if defined therein. If the class is not so defined, then the class shall be stated in conformity with the trade understanding thereof, and if the type is not so defined, any reference to type shall be similarly stated, but no product shall be regarded as having a designation in conformity with trade understanding unless through established usage such product has become known to the trade and to the public under such designation. If the class is not defined in Article II of these regulations, and there is no trade understanding as to the designation of the product, a distinctive or fanciful name, which shall be deemed the class designation for the purpose of these regulations, shall be stated on the brand label of the product. Notwithstanding the foregoing provisions of this section, the words "cordial" or "liqueur" need not be stated to indicate the class of distilled spirits which in fact are cordials or liqueurs, unless the Administrator finds that, without a designation of the class, the type designation is one which does not clearly indicate to the consumer that the product is a cordial or liqueur.

(b) Except as herein otherwise provided, a truthful and adequate statement of composition shall appear upon the brand label of any product which, in conformity with subsection (a), bears a distinctive or fanciful name or a designation in accordance with trade understanding. In the case of products such as highballs, cocktails, and similar prepared specialties, bearing, in conformity with subsection (a), trade designations which adequately indicate to the consumer the general character of the product, a statement of the classes and types of distilled spirits used in the manufacture thereof shall be deemed a sufficient statement of composition. No statement of composition is required to appear upon products bearing designations in accordance with trade understanding if such designation, through general and established usage, in itself adequately indicates to the consumer the composition of the product.

4. Article III, Section 34, of said regulations is further amended, effective July 1, 1938, by adding at the end thereof a new subsection to read:

(f) All distillates (other than neutral spirits) produced in a foreign country from a fermented mash of grain, and possessing the taste, aroma and characteristics generally attributed to whiskey, and all mixtures thereof, bottled at not less than 80° proof, which are not of a type defined in Class 2, Section 21, Article II, shall be deemed to be "whiskey" and shall be so designated. In the case of mixtures of whiskey, the component parts of which were distilled in more than one country, there shall be stated in direct conjunction with the class designation "whiskey" a truthful and adequate statement of the composition of the product. All whiskey (other than American type whiskeys, blended Scotch type whiskey, and blended Irish type whiskey) manufactured in Scotland, Ireland or Canada, shall be deemed to be Scotch, Irish or Canadian whiskey, and shall be so designated, in conformity with paragraphs (k), (l) and (m) of Class 2, Section 21, Article II, unless the application of such designation to the particular product will result in consumer deception, or unless such product is not entitled to such designation under the laws of the country in which manufactured.

5. Article III, Section 38 (d) of said regulations is amended to read:

(d) There shall be stated the words "artificially colored" on the label of any distilled spirits containing synthetic coloring materials, or natural materials the primary contribution of which is color, as well as upon the label of any distilled spirits the labeling of which is such as to convey the impression that the color of the product is derived from a given source if such color is, in whole or in part, not so derived: *Provided*, That this statement shall not be required by reason of the use of caramel in any brandy or rum or in any type of whiskey other than straight whiskey, and *Provided further*, That where such statement would be required by reason of the use of natural flavoring materials solely, there may be stated in lieu of "artificially colored," a truthful and adequate statement of the source of the color, such as "Color derived from (name of fruit, plant, etc., the name of which the product bears) and other fruits (plants, herbs, etc., or the names of such other fruits, plants, or herbs)."

Except as otherwise expressly provided, these amendments shall become effective fourteen days after the date of filing with the Division of the Federal Register.

[SEAL] W. S. ALEXANDER,
Administrator,
Federal Alcohol Administration.

Approved: June 8, 1938.

[Regulations No. 5, Amendment No. 8]

AMENDING THE REGULATIONS IN RESPECT TO THE STATEMENT OF THE NAME AND ADDRESS REQUIRED ON LABELS OF BRANDS OF DISTILLED SPIRITS BOTTLED BY THE SAME PERSON AT DIFFERENT PREMISES

Pursuant to the provisions of Section 5 (e) of the Federal Alcohol Administration Act, as amended, Regulations No. 5,[1] Relating to Labeling and Advertising of Distilled Spirits, as amended, are further amended as follows:

Article III, Section 35, subsections (a), (b) and (d) of said regulations are amended to read:

(a) *"Distilled by."*—On labels of domestic distilled spirits bottled by or for the actual distiller thereof, there shall be stated the words "distilled by", and immediately thereafter the name of such distiller and the place where distilled. If the distiller is the actual bona fide operator of more than one distillery distilling the same brand of whiskey or spirits, there may be stated immediately following the name of such distiller, the addresses of the distilleries at which such brand is distilled: Provided, That the State of distillation or State where distilled is specifically set forth upon the package, as provided by subsection (g) of this section.

(b) *"Blended by", "Made by", "Prepared by", "Manufactured by"*, or *"Produced by."*—On labels of domestic distilled spirits bottled by or for the actual rectifier thereof, there shall be stated the words "blended by", "made by", "prepared by", "manufactured by", or "produced by", whichever may be applicable, and immediately thereafter the name of the rectifier and the place where blended, made, or prepared. If the rectifier is the actual bona fide operator of more than one rectifying plant blending, making, preparing, manufacturing, or producing the same brand of whiskey or spirits, there may be stated immediately following the name of such rectifier the addresses of the rectifying plants so processing such brand: Provided, That there is stated upon a separate label on the front or back of the package the words "blended by", "made by", "prepared by", "manufactured by", or "produced by" and immediately thereafter the name of the rectifier and the place where blended, made, or prepared.

(d) *"Bottled by."*—On labels of domestic distilled spirits bottled without taxable rectification by the holder of a warehousing and bottling permit, or by any State or political subdivision thereof, who is not the actual distiller or rectifier of such distilled spirits, there shall be stated the words "bottled by", and immediately thereafter the name of the bottler and the place where bottled. If such bottler is the actual bona fide operator of more than one bottling plant engaged in bottling the same brand of whiskey or spirits, there may be stated immediately following the name of such bottler the addresses of the bottling plants at which such brand is bottled: Provided, That the State of distillation or State where the product is distilled is specifically set forth upon the package, as provided by subsection (g) of this section.

IN THE MATTER OF PROPOSED TRADE PRACTICE RULES FOR THE OLEOMARGARINE MANUFACTURING INDUSTRY

NOTICE OF OPPORTUNITY TO PRESENT VIEWS, SUGGESTIONS OR OBJECTIONS

This matter now being before the Federal Trade Commission under its Trade Practice Conference procedure, in pursuance of the Act of Congress approved September 26, 1914 (38 Stat. 717);

Opportunity is hereby extended by the Federal Trade Commission to any and all persons affected by or having an interest in the proposed trade practice rules for the Oleomargarine Manufacturing Industry to present to the Commission their views upon the same, including suggestions or objections, if any. For this purpose they may, upon application to the Commission, obtain copies of the proposed rules. Written communications of any such views should be filed with the Commission not later than June 27, 1938. Opportunity for oral hearing will also be afforded at 10 a. m., June 27, 1938, in Room 332, Federal Trade Commission Building, Constitution Avenue at 6th Street, Washington, D. C., to any such persons as may desire to appear. After giving due consideration to such views, suggestions or objections as may be received concerning the proposed rules, the Commission will proceed to their final consideration.

By the Commission.

INTERSTATE COMMERCE COMMISSION.

[Ex Parte No. 126]

ORDER RELATIVE TO EXPRESS RATES, 1938

At a general session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 9th day of June, A. D. 1938.

The Commission, having before it petition filed June 8, 1938, by the Railway Express Agency, Inc., and Southeastern Express Company (in this proceeding termed applicants) for authority to increase their rates and charges and to make other modifications of the express rate structure, in the manner and to the extent set forth in such petition; and it appearing that petitioners pray that they permitted to make such increases and changes, and that the Commission institute an investigation to determine whether the increases and changes proposed will be just and reasonable and not in excess of maximum reasonable charges, and that the Commission enter a general order modifying its outstanding orders to the extent necessary to enable them to make effective the rates proposed, and that where the application of the rates herein proposed to the existing rates would result in departures from Section 4 of the act, the Commission authorize such departures, which petitions so filed are referred to for greater certainty:

It is ordered, That the Commission enter upon an investigation of the proposals made in such petition as above summarized; and that a copy of this order be served upon the applicants and upon the Governors and regulatory bodies of the several States:

It is further ordered, That the above-entitled proceeding be, and it is hereby, assigned for hearing before Division 7 of the Commission, at the office of the Commission in Washington, D. C., July 6, 1938, at 10 o'clock a. m., Standard Time, when the applicants will be expected to proceed with their testimony and others who may be prepared with testimony will be heard.

And it is further ordered, That further hearings shall hereafter be assigned, as may be directed by Division 7, at convenient places to be designated by it, of which notice will hereafter be given.

By the Commisison.

IN THE MATTER OF MASSACHUSETTS UTILITIES ASSOCIATES

NOTICE OF AND ORDER FOR HEARING

A declaration pursuant to section 7 of the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by the above-named party;

It is ordered, That a hearing on such matter be held on June 28, 1938, at 10:00 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue, NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That Edward C. Johnson or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to continue or postpone said hearing from time to time or to a date thereafter to be fixed by such presiding officer.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before June 23, 1938.

The matter concerned herewith is in regard to a declaration filed by the above-named party, a subsidiary of New England Power Association, regarding the issue and sale of an unsecured note or notes, dated August 8, 1938, and payable two years after date, for the face amount of $4,000,000, bearing interest at the rate of 2½% per annum, to be paid at the end of each month. The proceeds of said issue and sale will be applied to the following purposes: (1) $3,390,480 to the redemption, on August 9, 1938, of $3,324,000 principal amount of Sinking Fund Gold Debentures Series A 5%, due April 1, 1949, of the declarant; (2) $300,000 to the payment of open account indebtedness of declarant to New England Power Association; and (3) $309,520 to finance plant expenditures of subsidiaries and to, in part, reimburse the treasury of the declarant for amounts heretofore devoted to the acquisition of capital stocks.

TITLE 20—FISH AND GAME

BUREAU OF BIOLOGICAL SURVEY

ORDER RELATING TO THE KILLING OF CERTAIN DEPREDATING MIGRATORY BIRDS

Investigations having been made by the Department of Agriculture to determine the nature and extent, if any, of injury to agricultural or other interests by migratory birds included in the terms of the convention with Great Britain for the protection of birds migrating between Canada and the United States and included in the terms of the convention with Mexico for the protection of birds migrating between the United States and Mexico, and it having been found and determined that certain groups or species of migratory birds, to wit: loons, grebes, herons, bitterns, waterfowl, sandhill cranes, coots, gulls, terns, pigeons, doves, martins, woodpeckers, larks, mockingbirds, catbirds, waxwings, shrikes, meadowlarks, orioles, blackbirds, grackles, bobolinks, robins, and sparrows, are, or are likely to become, under extraordinary conditions in particular communities seriously injurious to agricultural or other interests, and it having been determined, further, that to check or abate such injury it may become necessary to kill the birds committing or about to commit such injury,

Therefore, by virtue of authority conferred upon the Secretary of Agriculture by the Migratory Bird Treaty Act of July 3, 1918 (40 Stat. 755), as amended by the Act of June 20, 1936, 49 Stat. 1555, and pursuant to regulation 10 of the Migratory Bird Treaty Act Regulations of July 30, 1937 (2 F. R. 1615),

It is ordered, That the Chief of the Bureau of Biological Survey, United States Department of Agriculture, or, when authorized by said Chief of Bureau, the regional directors of said Bureau, in their respective regions, upon ascertainment of any serious injury in any particular community, may issue permits to kill any specified species of the aforesaid birds found, under extraordinary conditions, to be committing or about to commit such injury in such community, such permits to be effective during the period therein specified and subject to the following conditions, restrictions, and requirements, and such others as the issuing officer may deem necessary to include in the permit to guard against abuses thereof:

1. No permit shall be effective to authorize the killing of any bird unless such permit is countersigned by the

Chief Game Official, or by his authorized representative, of the State in which the permit is operative, or unless the permittee is in possession of a permit from such Chief Game Official, or his authorized representative, permitting such killing.

2. The permission conferred by any permit is nontransferable and may be exercised solely by those named in the permit and on the premises specified.

3. Birds authorized to be killed under any permit shall not be shot at or killed by shooting (1) from any blind, sink, pit, or any other device or means of concealment, whether natural or artificial, movable or stationary, or on land or water; (2) by means of any gun larger than No. 10 gage, or of any gun to which a silencer has been attached or otherwise affixed, or, if game birds, by means of any automatic-loading or hand-operated repeating shotgun capable of holding more than three shells, the magazine of which has not been cut off or plugged with a one-piece metal or wooden filler incapable of removal through the loading end thereof so as to reduce the capacity of said gun to not more than three shells at one time in the magazine and chamber combined; or (3) by the use of decoys of any description or of traps or nets of any kind.

4. Every bird killed pursuant to a permit, and every part thereof, shall be totally destroyed as promptly as possible and shall not be sold or offered for sale or be shipped, transported, or carried in any manner except for the purpose of destruction in the immediate vicinity where killed, but such birds or parts thereof may be shipped or transported as a gift, but not for sale, to public, scientific, or educational institutions for scientific purposes; the birds may be requisitioned for scientific purposes by the officer issuing the permit; and, when specifically authorized by the permit, game birds so killed may be donated to charitable institutions for food. All packages containing such birds or parts thereof when shipped or transported as permitted by the permit shall be plainly and clearly marked to show the names and addresses of the shipper and consignee, the number of the permit, and the species and number of each species contained therein.

5. The permittee shall keep a record of the species and number of each of all birds killed by him, and whenever requested by the Chief of the Bureau or by the regional director, shall submit promptly a report thereof, and in any event shall submit such report to the regional director on or before January 10 of each year.

6. The permittee shall at all reasonable times, and particularly during any operations authorized by the permit, allow any Federal or State game or deputy game agent, warden, protector, or other game-law enforcement officer free and unrestricted access to the premises on which such operations have been or are being conducted and shall promptly furnish such officer all such information regarding his operations as such officer shall require.

7. A permit is revocable at any time in the discretion of the Secretary of Agriculture or the officer who issued it and when revoked shall be surrendered by the permittee promptly upon demand of said Secretary or of such officer or his authorized representative.

It is further ordered, That all orders heretofore issued by the Secretary of Agriculture authorizing the killing of migratory birds for the protection of agricultural or other interests, except the order of June 5, 1937, permitting the killing of red-winged, yellow-headed, and Brewer's blackbirds, meadowlarks, horned larks, Gambel's, Nuttall's golden-crowned, white-crowned, and other crowned sparrows, goldfinches, and juncos in California when necessary to protect crops from their depredations, and the order of November 17, 1937 (2 F. R. 2915) permitting the shooting of yellow-headed, red-winged, bicolored red-winged, tricolored red-winged, and Brewer's blackbirds and boat-tailed grackles by the owner or custodian of any agricultural crop or of ornamental or shade trees, are hereby revoked, effective 30 days from the publication of this order in the FEDERAL REGISTER, but such revocation shall not affect any outstanding permit issued under any such order, and such permit shall remain in force and effect until the expiration thereof as specified therein.

ORDER PERMITTING FISHING ON THE MOOSEHORN MIGRATORY BIRD REFUGE, MAINE

Pursuant to regulations 2 and 3 of the regulations of the Secretary of Agriculture of November 23, 1937,[1] governing the administration of National wildlife refuges under the jurisdiction of the Bureau of Biological Survey and in accordance with the provisions of said regulations, it is hereby ordered until further notice that fish may be taken for noncommercial purposes when and as permitted by the laws and regulations of the State of Maine from the waters of the Moosehorn Migratory Bird Refuge as established by Executive Order No. 7650, dated July 1, 1937,[2] subject to the following conditions and restrictions:

1. *Waters open to fishing.*—The following waters of the Refuge are hereby designated as areas open to fishing and fishing will not be permitted in any other waters unless and until further ordered: Moosehorn Stream from Pennamaquan Crossing on the Charlotte Road southerly to the south boundary of the Refuge; Cranberry Brook from the dam southeasterly to Moosehorn Stream; Mahar Brook; Maguerrewock Stream; Little (Bearce's) Lake; James Pond; and Ledge Pond.

2. *State fishing laws.*—Every person who fishes in any of the aforesaid waters under the aforesaid conditions must comply with the applicable fishing laws and regulations of the State of Maine and in the absence of any State law or regulation in respect to fishing seasons and number and size of fish that may be taken, the Chief of the Bureau of Biological Survey of the United States Department of Agriculture, may fix such seasons and limits; and in the event he shall find that fishing in any of the aforesaid waters is unduly depleting any species of fishes therein, he may suspend the privilege of fishing in such waters pending final determination by the Secretary of Agriculture.

3. *Fishing permits.*—No person is permitted to fish in the aforesaid waters until he has obtained a permit from the officer in charge, which permit shall be limited to the period specified therein, and such officer will not issue a permit until the applicant therefor exhibits to him a valid State fishing license issued to such applicant if such license is required by State law or regulation. The permit must be carried on the person of the permittee when exercising the privileges thereunder and must be exhibited upon request to any Federal or State officer authorized to enforce Federal and/or State fishing laws and regulations or laws and regulations applicable to the Refuge, provided that fishing shall be done in such manner as will not interfere with the objects for which the Refuge was established.

4. *Firearms and fires.*—The carrying or being in possession of firearms of any description or the lighting of fires for any purpose by permittees hereunder while on such Refuge is not permitted. Special care must be observed by such permittees to prevent lighted matches, cigars, cigarettes or pipe ashes from being dropped in grass or other inflammable material.

5. *Routes of travel.*—Persons entering the Refuge for the purpose of reaching waters thereof open to fishing shall follow such routes of travel as shall from time to time be designated by the officer in charge of the Refuge and shall not enter upon any other portion of the Refuge other than said open waters and areas immediately adjacent thereto.

In testimony whereof I have hereunto set my hand and caused the official seal

[T. D. 1]

ORDER OF THE SECRETARY OF THE TREASURY PRESCRIBING THE DUTIES AND POWERS OF THE COMMISSIONER AND OTHER OFFICERS AND EMPLOYEES OF THE BUREAU OF PROHIBITION, • • •

APRIL 1, 1927.

In pursuance of the authority conferred upon the Secretary of the Treasury by the above act, it is hereby ordered as follows: • • •

VI. RIGHTS, PRIVILEGES, POWERS, AND DUTIES CONFERRED AND IMPOSED ON THE COMMISSIONER OF PROHIBITION RELATING TO NARCOTIC DRUGS

(1) There are hereby conferred and imposed upon the Commissioner of Prohibition, subject to the general supervision and direction of the Secretary of the Treasury, all the rights, privileges, powers, and duties conferred or imposed upon the Commissioner of Internal Revenue (and which are transferred to and conferred and imposed upon the Secretary of the Treasury by subdivision (a) of section 4 of the above act of March 3, 1927) by the Harrison narcotic act, as amended, or by the act entitled "An act regulating the manufacture of smoking opium within the United States and for other purposes," approved January 17, 1914, in so far as such rights, privileges, powers, and duties relate to—

(a) The investigation and the detection and punishment of violations of either of the above laws, or any regulations issued thereunder;

(b) Exemptions from any of the provisions of the above laws;

(c) The books, records, and returns required to be kept or rendered, under any of the above laws;

(d) The prescribing of forms and order forms under any of the above acts;

(e) The manner in which the record of sales, exchanges and gifts of tax-exempt preparations and remedies containing narcotic drugs shall be kept;

(f) The manner in which application shall be made for confiscated narcotic drugs;

(g) The appointment of a committee for the certification and disposition of confiscated narcotic drugs;

(h) The compromise of any civil or criminal case under either of the above laws in accordance with section 3229 of the Revised Statutes, except that all moneys shall be received and accounted for by the collectors of internal revenue, under the direction of the Commissioner of Internal Revenue;

(i) Seizures, for violation of either of the above laws, of property, whether real or personal (except under distraint warrant), and the custody, control, sale, and disposition of property so seized;

(j) The appointment of such officers and employees as may be necessary for the execution of the functions imposed upon the Bureau of Prohibition relating to narcotic drugs.

(2) Power is hereby conferred upon the Commissioner of Prohibition to prescribe such regulations as he may deem necessary for the execution of the functions imposed upon him or upon the officers or employees of the Bureau of Prohibition relating to narcotic drugs, but all regulations and changes in regulations shall be subject to the approval of the Secretary of the Treasury.

VII. RIGHTS, PRIVILEGES, POWERS, AND DUTIES CONFERRED AND IMPOSED UPON THE OFFICERS AND EMPLOYEES OF THE BUREAU OF PROHIBITION, INCLUDING THE FIELD SERVICE OF THE BUREAU OF PROHIBITION, RELATING TO NARCOTIC DRUGS

There are hereby conferred and imposed upon the officers and employees of the Bureau of Prohibition, including the agents, inspectors and other employees in the field service of the Bureau of Prohibition, all the rights, privileges, powers, and duties conferred or imposed upon the assistants, agents, and inspectors of the Commissioner of Internal Revenue (and which are transferred to and conferred and imposed upon the Secretary of the Treasury by subdivision (a) of section 4 of the above act of March 3, 1927) by either of the laws referred to in Section VI of this order, in so far as such rights, privileges, powers, and duties relate to any of the matters referred to in paragraphs (a) to (j), inclusive, of such section. All such officers and employees of the Bureau of Prohibition, including the agents, inspectors, and other employees in the field service of the Bureau of Prohibition, shall have, in the performance of their functions under the narcotic drug laws, all the rights, privileges, and powers of internal-revenue officers.

VIII. RIGHTS, PRIVILEGES, POWERS, AND DUTIES CONFERRED AND IMPOSED UPON THE COMMISSIONER OF INTERNAL REVENUE

There are hereby conferred and imposed upon the Commissioner of Internal Revenue all the rights, privileges, powers, and duties conferred or imposed upon such officer (and which are transferred to and conferred and imposed upon the Secretary of the Treasury by subdivision (a) of section 4 of the above act of March 3, 1927) by any law, except the rights, privileges, powers, and duties conferred or imposed upon any other person by Sections IV, V, VI, or VII of this order, but not exception rights, privileges, powers, and duties relating to internal-revenue taxes where no violation of a law relating to the enforcement of the eighteenth amendment is involved. All regulations and changes in regulations shall be subject to the approval of the Secretary of the Treasury. • • •

[T. D. 2]

ORDER OF THE SECRETARY OF THE TREASURY PRESCRIBING THE DUTIES AND POWERS OF THE COMMISSIONER AND OTHER OFFICERS AND EMPLOYEES OF THE BUREAU OF NARCOTICS, • • •

JULY 1, 1930.

In pursuance of the authority conferred upon the Secretary of the Treasury by the act entitled "An Act To create in the Treasury Department a Bureau of Narcotics, and for other purposes," approved June 14, 1930, as amended, it is hereby ordered as follows: • • •

III. RIGHTS, PRIVILEGES, POWERS, AND DUTIES CONFERRED AND IMPOSED UPON THE COMMISSIONER OF NARCOTICS

(1) There are hereby conferred and imposed upon the Commissioner of Narcotics, subject to the general supervision and direction of the Secretary of the Treasury, all the rights, privileges, powers, and duties conferred or imposed upon the Commissioner of Internal Revenue (and which are transferred to and conferred and imposed upon the Secretary of the Treasury by subdivision (a) of section 4 of the act of March 3, 1927) by the act of December 17, 1914, as amended, known as the Harrison Narcotic Law, or by the act entitled "An Act regulating the manufacture of smoking opium within the United States and for other purposes," approved January 17, 1914, in so far as such rights, privileges, powers, and duties relate to—

(a) The investigation and the detection and punishment of violations of either of the above laws or any regualtions issued thereunder;

(b) Exemptions from any of the provisions of the above laws;

(c) The books, records, and returns required to be kept or rendered under any of the above laws;

(d) The prescribing of forms and order forms under any of the above acts;

(e) The manner in which the record of sales, exchanges, and gifts of tax-exempt preparations and remedies containing narcotic drugs shall be kept;

(f) The manner in which application shall be made for confiscated narcotic drugs;

(g) The appointment of a committee for the certification and disposition of confiscated narcotic drugs;

(h) The compromise of any criminal or civil case arising under either of the above laws, in accordance with section 3229 of the Revised Statutes of the United States, and the determination, assertion, and compromise of liability for internal-revenue taxes and penalties under either of the above laws, except that all moneys shall be received and accounted for by collectors of internal revenue, under the direction of the Commissioner of Internal Revenue;

(i) Seizures, for violation of either of the above laws, of property, whether real or personal (except under distraint warrant), and the custody, control, sale, and disposition of property so seized;

(j) The appointment of such officers and employees as may be necessary for the execution of the functions imposed upon the Bureau of Narcotics.

(2) Power is hereby conferred upon the Commissioner of Narcotics to prescribe such regulations as he may deem necessary for the execution of the functions imposed upon him or upon the officers or employees of the Bureau of Narcotics, but all regulations and changes in regulations shall be subject to the approval of the Secretary of the Treasury.

The Commissioner of Internal Revenue and the Commissioner of Narcotics may, if they are of the opinion that the good of the service will be promoted thereby, prescribe regulations relating to internal-revenue taxes where no violation of the narcotic laws is involved, jointly, subject to the approval of the Secretary of the Treasury.

IV. RIGHTS, PRIVILEGES, POWERS, AND DUTIES CONFERRED AND IMPOSED UPON THE OFFICERS AND EMPLOYEES OF THE BUREAU OF NARCOTICS, INCLUDING THE FIELD SERVICE

There are hereby conferred and imposed upon the officers and employees of the Bureau of Narcotics, including the agents, inspectors, and other employees in the field service, all the rights, privileges, powers, and duties conferred or imposed upon the assistants, agents, and inspectors of the Commissioner of Internal Revenue (and which are

transferred to and conferred and imposed upon the Secretary of the Treasury by subdivision (a), of section 4 of the act of March 3, 1927), by any narcotic law in so far as such rights, privileges, powers, and duties relate to any of the matters referred to in paragraphs (a) to (j), inclusive, of Section III of this order. All such officers and employees of the Bureau of Narcotics, including the agents, inspectors, and other employees of the field service, shall have, in the performance of their functions under the narcotic drug laws, all the rights, privileges, and powers of internal revenue officers.

V. RIGHTS, PRIVILEGES, POWERS, AND DUTIES CONFERRED AND IMPOSED UPON THE COMMISSIONER OF INTERNAL REVENUE

There are hereby conferred upon the Commissioner of Internal Revenue all the rights, privileges, powers, and duties conferred or imposed upon such officer (and which are transferred to and conferred and imposed upon the Secretary of the Treasury by subdivision (a) of section 4 of the act of March 3, 1927) by any narcotic law, except such rights, privileges, powers, and duties as are hereinbefore conferred or imposed upon the Commissioner of Narcotics. • • •

REGULATIONS

ART. 1. *Taxing of smoking opium.*—All opium suitable for smoking purposes, prepared from crude gum opium or from any preparation thereof, or from the residue of smoked or partially smoked opium commonly known as yen shee, or from any mixture of the above or any of them, is subject to tax when produced and sold, or offered for sale, or kept for sale or consumption, by the producer or others. The tax is at the rate of $300 per pound and is payable by the manufacturer. In addition, every manufacturer of smoking opium is required to register, pay special tax, and otherwise comply with the Act approved December 17, 1914, commonly known as the Harrison Narcotic Act, as amended, and the provisions of any regulations issued in pursuance thereof.

ART. 2. *"Manufacturer" defined.*—Every person who prepares opium suitable for smoking purposes from crude gum opium, or from any preparation thereof, or from the residue of smoked or partially smoked opium, commonly known as yen shee, or from any mixture of the above, or any of them, shall be regarded as a manufacturer of smoking opium. To be legally entitled to manufacture smoking opium a person must be a citizen of the United States and shall have given the required bond (see Art. 6).

ART. 3. *Proof of citizenship.*—Every person who proposes to engage in the manufacture of smoking opium or of opium for smoking purposes shall, before commencing operations, file with the collector of internal revenue for the district in which it is proposed to operate record evidence, which must satisfy the proper officers of the Government, including the collector, that he is a citizen of the United States.

ART. 4. *Manner of tax payment.*—The tax on smoking opium is paid by attachment of stamps. Stamps for packages of four, eight or sixteen ounces will be furnished for the payment of the internal revenue tax on opium manufactured for smoking purposes. As to attachment of stamps see Art. 13 (c).

All opium manufactured, prepared or suitable for smoking purposes, shall be put up by the manufacturer in packages containing four, eight, or sixteen ounces each, net weight.

ART. 5. *Notice required.*—Every person, before commencing the manufacture of smoking opium, shall furnish to the collector of the district, without previous demand, a notice, in duplicate, and subscribed under oath, on Form 268, accurately setting forth the place where manufacture is to be carried on and the number and kind of utensils, machines, or other apparatus, kept on the premises for use in the manufacture of smoking opium. Upon any change of location or other conditions evidenced by a notice, another notice setting forth the change shall be filed forthwith.

ART. 6. *Bond required.*—Every manufacturer of smoking opium shall, before commencing business, furnish to the collector of the district a bond on Form 269 with sureties, and in a penal sum, not less than $100,000, satisfactory to the collector. There shall be not less than three personal sureties, each of whom shall qualify in the full amount of the bond. The sum of said bond may be increased from time to time and additional sureties required at the discretion of the collector or under instructions of the Commissioner of Internal Revenue. The description in the bond of the factory premises and the utensils or machines must coincide with the notice on Form 268. The liability on such bond shall continue until cancelation by the Government. Such cancelation may occur when operations are discontinued and all liabilities satisfied or a new bond is accepted.

ART. 7. *Collector's certificate.*—The collector, on receiving the notice on Form 268 and approving the bond of a manufacturer of smoking opium, shall issue to him a certificate on Form 270 which will specify the penal sum of the bond furnished. This certificate shall contain a transcript from the manufacturer's notice (Form 268), giving an accurate description of the factory premises. This certificate must be posted by the manufacturer in a conspicuous place within his manufactory.

ART. 8. *Type of premises required.*—The premises of a manufacturer of smoking opium (to be described in his notice and bond on Forms 268 and 269, respectively) must be at least an entire room, walled off completely from all other parts of the building. The premises must be so situated that they can be constantly under the surveillance of internal revenue officers and agents. Two manufacturers of smoking opium are not permitted to occupy the same premises at the same time. No such manufacturer will be permitted to operate more than one factory within the same premises, nor to have more than one factory number for each factory, nor on such premises to carry on any business deemed to be incompatible with the business of manufacturing smoking opium.

ART. 9. *Sign required.*—Every manufacturer of smoking opium shall put up in a conspicuous place on the outside of the factory building, a sign (in the English language), with letters thereon not less than three inches in length, painted in oil colors or gilded, showing his full name, business, factory number, the number of the district, and the State.

ART. 10. *Records required.*—Every manufacturer of smoking opium shall keep a book, which shall conform to Form 271, and shall enter therein daily an accurate account of the quantity of crude gum opium (which shall include all forms, preparations, or derivatives thereof suitable for manufacturing opium for smoking purposes) and other materials purchased and sold, with the name and address of each person from whom purchased or to whom sold and, if articles sold are shipped or delivered to some other person, the name of such other person and the place of delivery; the sizes of the packages, and the number of packages of each size purchased and sold; the total quantity of prepared smoking opium (a) manufactured, (b) sold, and (c) removed tax paid; and the number and value of stamps purchased and used. This book shall be kept at the manufacturer's place of business and shall be open at all hours to the inspection of any internal revenue officer or agent.

ART. 11. *Inventories required.*—Every manufacturer of smoking opium shall, at the time of commencing business, on the first day of January of each year thereafter, and at the time of concluding business if other than the first day of January, make and deliver to the collector a true inventory on Form 272 of the quantity of opium, in whatever unmanufactured form it may be, other materials, manufactured smoking opium, and number and value of stamps on hand. The inventory shall show the *actual*, not the *estimated*, and the *net* not *gross*, weights and numbers of materials and articles on hand at the time the inventory is made. Each such inventory shall be verified by a deputy collector who shall make personal examination of the stock to satisfy himself of the correctness of the inventory, and the verification shall be evidenced by the sworn endorsement of the deputy collector.

ART. 12. *Monthly returns required.*—On or before the tenth day of each calendar month, every manufacturer of smoking opium shall furnish to the collector of his district a true and complete abstract on Form 273, under oath, showing for the preceding calendar month: all opium in crude form and other materials purchased, and smoking opium and other material sold, with the names, addresses, and businesses of the persons from whom purchases and to whom

sales were made; the total quantity of opium suitable for smoking purposes, and the size of the packages and the number of packages of each size manufactured and removed tax paid; the number of packages of each size sold or transferred to each recipient; the value of stamps purchased and used.

ART. 13. *Labeling and stamping of packages.*—Each manufacturer of smoking opium shall mark each package of smoking opium before removal from the factory in accordance with the following requirements:

(a) There shall be printed, indented, branded, or marked on the package, the number of the factory, the number of the district, the name of the State, and the net weight of the opium contained in the package.

(b) There shall be affixed securely to the package a label on which shall be printed in plain, open, legible letters, the number of the manufactory, the district and State, and a caution notice in the following form:

Factory No. --------- District ---------

NOTICE.—The manufacturer of this prepared smoking opium has complied with all the requirements of law. Every person is cautioned under penalties of the law not to use this package for smoking opium again.

The label on which the above notice is to be printed shall be not less than two inches long and one inch wide. If the notice is printed on the box, it shall cover a space of two square inches. No part of this space shall be occupied by ornamentation or by any other words than those above mentioned. This label shall not be covered or concealed by any other label or mark, nor by the stamp.

(c) There shall be affixed to each package a single stamp of the proper denomination to cover the amount of tax actually due on the smoking opium. The stamp shall be affixed in a permanent manner so that on opening the package the stamp will be broken in two places. The stamp shall be cancelled by the manufacturer by writing or imprinting thereon *in red ink* in a legible and durable manner his factory number, the number of the district, the name of the State, and the date of cancelation.

ART. 14. *Forfeiture of smoking opium.*—Collectors shall seize forthwith all opium prepared for smoking, wherever found, without proper stamps, and destroy same summarily without judicial proceedings or procedure, but a sufficient quantity shall be retained for use as evidence.

ART. 15. *Penalty.*—Any person who violates or fails to comply with any provision of this Act or these regulations shall be liable to a fine of not less than $10,000 or to imprisonment for not less than five years, or both, in the discretion of the court.

ART. 16. *Effective date.*—These regulations shall take effect June 1, 1938, and shall supersede all regulations heretofore made and promulgated.

ART. 17. *Promulgation of regulations.*—In pursuance of Section 2 of the Act of January 17, 1914, the foregoing regulations are hereby made and promulgated.

[SEAL] H. J. ANSLINGER,
Commissioner of Narcotics.
GUY T. HELVERING,
Commissioner of Internal Revenue.

Approved, June 1, 1938.

TITLE 22—FOREIGN RELATIONS

[Departmental Order No. 749]

ORDER BY THE SECRETARY OF STATE REGARDING PASSPORTS AND APPLICATIONS FOR PASSPORTS

SECTION I. PREVIOUS RULES AND REGULATIONS

1. All previous departmental rules and regulations relating to the subject of this Order are hereby revoked.

SECTION II. PASSPORT AGENTS OF THE DEPARTMENT OF STATE

2. Agents of the Department of State authorized to take applications for passports and perform passport services in the United States are stationed at New York, Boston, Chicago, San Francisco and in the Department of State at Washington.

SECTION III. BLANK FORMS OF APPLICATIONS FOR PASSPORTS

3. Blank forms of applications for use in applying for passports will be furnished, on request, without charge, by the Department of State to persons who wish to apply for passports.

4. Passport agents of the Department of State and clerks of courts authorized to take passport applications should, upon request, be supplied with the necessary blank forms of application for passports.

SECTION IV. TRANSMISSION OF APPLICATIONS EXECUTED IN THE UNITED STATES

5. Applications after being properly prepared and executed should be sent by registered mail directly to the Passport Division, Department of State, Washington, D. C., by the passport agents or by the clerks of courts before whom they are executed.

6. An applicant who so requests may have his application transmitted to this Department *at his own risk* by special delivery or air mail. For this purpose he must furnish the passport agent or clerk of the court taking the application with a special delivery stamp or sufficient air mail stamps.

7. If there is a valid reason for immediate action upon any application, a brief statement to that effect by the officer before whom the application is executed may be endorsed on the face of the application.

SECTION V. TRANSMISSION OF PASSPORTS TO APPLICANTS THEREFOR

8. As a rule a passport will be forwarded to the applicant by registered mail, directed to the address given in the application, except that a passport will not be forwarded to a hotel unless the hotel is the applicant's place of permanent residence, which fact should be set forth in a supplementary statement, or unless the applicant sets forth in a supplementary statement a reason for sending the passport to a hotel other than that in which he may reside, making it clear that it is unlikely that if the passport is sent to the hotel named it would be lost. In such an exceptional case the passport will be forwarded at the risk of the applicant.

9. On the request of the applicant, a passport which has been issued, or a passport which has been submitted for amendment or extension, will be forwarded to the applicant by special delivery or air mail at the applicant's risk, provided there is attached to the application sufficient special delivery or air mail stamps. If the applicant desires the passport forwarded by air mail a registry stamp should also be forwarded. If stamps are not enclosed when it is desired that the passport be forwarded by air mail or special delivery, a separate money order should be enclosed covering postage. The cost of postage should not be included in the money order covering the passport or renewal fee.

SECTION IV. SURRENDER OF OLD PASSPORTS

10. An applicant for a new passport who holds an expired or an unexpired passport issued on or after January 3, 1918, should submit the old passport to the official before whom he executes his application for a new passport.

11. Old passports submitted to clerks of courts by native citizens may be canceled by cutting off with scissors about one inch of the lower outer corners of both covers and all the pages of the passport.

12. A notation of the cancellation, giving the date, number, and place of issue of the canceled passport, should be made on the margin of the new application.

13. An old passport held by a person who claims citizenship through naturalization should be attached to the application for a new passport and forwarded to the Department for cancellation.

14. If the applicant for a new passport is unable to present for cancellation or surrender a previous passport, issued since January 2, 1918, which has expired, he should state in his application the disposition of the passport. If the previous passport is still valid, the applicant should submit *a separate statement, under oath, setting forth in circumstantial detail the disposition of the passport.*

SECTION VII. PERIOD OF VALIDITY OF PASSPORTS AND THE RENEWAL AND EXTENSION THEREOF

15. Section 2 of the Act of May 16, 1932, (U. S. C., title 22, sec. 217a) provides in part as follows:

SEC. 2. That the validity of a passport, • • • shall be limited to a period of two years: *Provided*, That a passport may be renewed under regulations prescribed by the Secretary of State for a period, not to exceed two years, upon payment of a fee of $5 for such renewal, but the final date of expiration shall not be more than four years from the original date of issue: *Provided further*, That the Secretary of State may limit the validity of a passport, • • • or the period of renewal of a passport to less than two years: *Provided further*, That the charge for the issue of an original passport shall be $9.

16. Hereafter passports will be issued valid for a period of two years from the date of their issue. They may, however, be restricted in validity to a period of less than two years from the date of issue. A passport which has been restricted for a period of less than two years shall not be extended by a passport agent, the chief executive of one of the outlying possessions of the United States, the United States High Commissioner to the Philippine Islands, or by an American diplomatic or consular officer of the United States except upon the express authorization of the Department of State.

17. A passport which was issued within the period of four years prior to application for renewal may be renewed but in any case where a person fails to apply for renewal of his passport prior to or immediately after the expiration of the original period of validity of his passport, his passport, when renewed, shall not extend beyond a period of four years from the original date of issue. The validity of the renewal of a passport may be restricted to a period of less than two years and a passport so limited may not be extended except upon the express authorization of the Department of State.

18. The fee for the renewal of a passport is $5.00.

19. No fee shall be collected for the extension of a passport to make it valid for a period of two years from the date of issue where it was originally issued valid for a period of less than two years. No fee shall be collected for the extension of a passport which has been renewed to make it valid for more than two but less than four years from the date of issue.

20. When an application is made for a passport to include a minor child who will attain majority before the expiration of the period of two years from the date of issue, the passport shall be limited in validity to the date upon which such child will attain majority. An exception may be made to this rule when the child will attain majority within a period not exceeding three months prior to the date of expiration of the two-year period. The two preceding sentences shall be applicable to a case where application is made for the renewal of a passport which includes a minor child who will attain majority before four years from the date of the original issue of the passport.

21. Passports having a remaining validity of more than six months should not be renewed unless special circumstances warrant exceptional procedure.

22. Requests for renewal may be made by personal application or letter addressed to the Department of State or a passport agent of the Department of State.

23. Each request for renewal should be accompanied by the passport desired to be renewed.

24. A person in the United States who has been issued a passport the original period of validity of which was restricted to less than two years from the date of issue or whose passport when renewed beyond the original period of two years was restricted to less than four years from the date of issue and who desires to apply for an extension of the validity of such passport to the two or four-year period, as the case may be, should communicate with the Department of State, unless he resides in a place where there is an agent of the Department of State, in which case the application for extension may be forwarded through such agent.

25. An applicant for the renewal or extension of his passport may be required to submit satisfactory documentary evidence of the necessity and purpose of his journey abroad.

SECTION VIII. CLERKS OF COURTS AUTHORIZED TO RETAIN $1 FEE FOR THE EXECUTION OF PASSPORT APPLICATIONS

26. Section 1 of the Act of June 4, 1920 (41 Stat. 750; U. S. Code, title 22, sec. 214), reads in part as follows:

That nothing herein contained shall be construed to limit the right of the Secretary of State by regulation to authorize the retention by State officials of the fee of $1 for executing an application for a passport.

27. Clerks of courts other than Federal courts, who are authorized to take applications for passports, are hereby authorized to retain a fee of $1 for executing each application for a passport. They may not charge nor retain more than that amount for executing an application for a passport. This regulation does not in any manner restrict the right of any State to make laws or regulations concerning the disposition of fees retained by clerks of State courts for executing applications for passports.

SECTION IX. RETURN OF PASSPORT FEES

28. Section 4 of the Act of June 4, 1920 (41 Stat. 751; U. S. Code, title 22, sec. 216), reads in part as follows:

Whenever the appropriate officer within the United States of any foreign country refuses to visé a passport issued by the United States, the Department of State is hereby authorized upon request in writing and the return of the unused passport within six months from the date of issue to refund to the person to whom the passport was issued the fees which have been paid to Federal officials, and the money for that purpose is hereby appropriated and directed to be paid upon the order of the Secretary of State.

29. A person who desires to have the fee or fees paid to a Federal official or officials for a passport returned to him because of his inability to secure the necessary visa must return his unused passport to the Department of State within six months from the date of issue of the passport and submit therewith a signed request for refund. The request must contain a statement to the effect that he has applied for a visa and that the visa has been refused, and should state the reasons, if any, assigned for the refusal of the visa. If such person has received a statement in writing from a foreign official refusing to visa his passport, the statement should be submitted to this Department as evidence of the refusal of the visa.

30. Section 3 of the Act of July 3, 1926 (44 Stat. 887; U. S. Code, title 22, sec. 214a), provides in part as follows:

That whenever a fee is erroneously charged and paid for the issue of a passport to a person who is exempted from the payment of such a fee by Section 1 of "An Act making appropriations for the Diplomatic and Consular Service for the fiscal year ending June 30, 1921", approved June 4, 1920 (Forty-first Statutes, page 750), the Department of State is hereby authorized to refund to the person who paid such fee the amount thereof, and the money for that purpose is hereby authorized to be appropriated.

When a fee has been erroneously collected from any person who is exempted from the payment of the fee for the issue of a passport, he or she may submit the matter in writing to the Department of State and at the same time submit such evidence as is required by the Rules Governing the Granting and Issuing of Passports in the United States to show that he or she is exempted from the payment of such fee.

SECTION X. INQUIRIES CONCERNING APPLICATIONS SUBMITTED

31. The Department of State will act upon applications as promptly as possible after their receipt. Inquiry concerning applications should be made only in cases of emergency, since the time consumed in responding to such inquiries necessarily retards the examination of applications. However, in such emergency cases inquiry should be made directly to the Department of State by the applicant.

32. Application should be submitted sufficiently far in advance of the date upon which a passport is required to permit the Department to communicate, when necessary, with the applicant or other persons concerning the citizenship of the applicant or with respect to any defects which may appear in the application or any further information concerning the applicant which the Department may deem necessary.

33. Communications should be addressed to the Department of State,

Passport Division, Washington, D. C. Each communication should give the post office address of the person to whom the answer is to be directed.

SECTION XI. INFORMATION PRESCRIBED IN PASSPORT APPLICATIONS

34. Application for passports should be made on the most recent form or forms prepared by the Department of State and should contain complete information called for in such form or forms.

[SEAL] CORDELL HULL,
Secretary of State.

TITLE 25—INDIANS

OFFICE OF INDIAN AFFAIRS

REGULATIONS FOR LOANS FROM THE UNITED STATES TO INDIVIDUAL INDIANS

The following regulations promulgated pursuant to Section 9 of the Oklahoma Indian Welfare Act of June 26, 1936 (49 Stat. 1967) shall govern loans by the United States to individual Indians in Oklahoma.

Definitions.—Except as otherwise indicated "Secretary" refers to the Secretary of the Interior; "Commissioner" to the Commissioner of Indian Affairs; "superintendent" to the superintendent of the jurisdiction where the borrower resides, or under whom he has been placed for administrative purposes in connection with credit operations; "credit agent" to the credit agent in charge of loans under the Act of Oklahoma or his duly authorized associate; "loan agreement" collectively to the application, securing documents, and all other papers submitted in connection with the application.

1. *Eligibility.*—To be eligible for a loan, an individual must be domiciled in and a resident of Oklahoma and (a) an Indian as determined by the official tribal rolls, or (b) an Indian descendant of such an enrolled member, or (c) an Indian as defined in the Indian Reorganization Act (Act of June 18, 1934; 48 Stat. 984); (Said Act states: "The term 'Indian' as used in this Act shall include all persons of Indian descent who are members of any recognized Indian tribe now under Federal jurisdiction, and all persons who are descendants of such members, who were, on June 1, 1934, residing within the present boundaries of any Indian reservation, and shall further include all other persons of one-half or more Indian blood."); provided that in a case where the individual is not an enrolled member of a tribe, he must further be a resident of an Indian agricultural community.

The credit agent shall have authority to approve all loans, except that without specific authority from the Commissioner of Indian Affairs a loan shall not be made to an Indian who is: (a) a minor; (b) a regular employee of the Government; (c) married to and living with a person already a borrower, unless their loans are consolidated; (d) an Indian woman married to a white man; (e) under guardianship other than that of the United States, or (f) any individual who has funds sufficient to finance the approved plans, or (g) who will have an aggregate indebtedness in excess of one thousand dollars.

2. *General loan policies.*—The granting or refusal of the loan and the amount thereof shall be governed by the nature and extent of the enterprise to be financed, its prospects of success and assurance that the loan will be repaid, the equipment and funds otherwise available for execution of the plan, the extent to which the enterprise will promote a permanent improvement in the applicant's economic condition, the character and past performance of the applicant, both generally and in the particular work involved in the enterprise, and the amount and kind of security offered. An Indian who is a member of an incorporated tribe, or who resides in the territory of an Indian credit association must show that his application to such tribe or association has been rejected before an application hereunder will be accepted.

3. *Purpose.*—Loans may be granted for any income producing purpose except the purchase of land, unless it is a site necessary in the applicant's occupation. Preference shall be given to agricultural enterprises and to enterprises lying within or adjacent to Indian agricultural communities.

4. *Plan.*—The applicant shall submit a plan for the use of the money, which shall be set forth fully and specifically. It shall indicate that the applicant will carry on the enterprise personally, reap the benefits, and sustain the losses thereof. If the borrower finds it necessary or desirable to make changes in his plan, he may do so, provided such changes are first approved by the superintendent and do not involve an increase in the amount of the loan.

5. *Size of loans.*—No loan shall be granted for less than $25.

6. *Maturity.*—Loans shall be made for the shortest period consistent with the purpose thereof and the ability of the borrower to repay. Crop loans shall be made for no longer than one year and livestock and machinery loans for no longer than six years.

7. *Interest.*—Interest shall be paid annually to the United States on all loans hereunder at the rate of three percent per annum.

8. *Security.*—All possible security shall be given up to an adequate amount. It may consist of the assignment of income, mortgages on property owned wholly or in part by the borrower, or other suitable collateral.

(a) *Filing.*—The securing instruments covering trust property shall be filed in the Agency Office. Instruments covering nontrust property shall be filed, registered, or recorded in accordance with Oklahoma law at the borrower's expense, in such a way as to fully protect the interests of the United States therein.

(b) *Nonagricultural enterprises.*—Generally, greater security will be required on loans for nonagricultural enterprises and full security will be required on loans for nonagricultural enterprises not in or adjacent to Indian communities.

(c) *Joint loans.*—In the case of a loan to a married person, if his or her spouse is an Indian, the application must be made jointly by both parties. If the spouse is not an Indian, he or she should not sign the application, but may be required to endorse securing documents.

(d) *Mortgages on trust and restricted real estate.*—Trust and restricted real estate may not be mortgaged to the United States as security for a loan. Liens on crops raised on such land, assignments of income therefrom, or other types of security not involving a transfer of the title to the land may be taken. Mortgages may be taken on nontrust or unrestricted real estate.

9. *Other indebtedness.* — Applicants must make acceptable plans for the payment or release of any debts or outstanding liens upon their property.

10. *Signatures by mark.*—Signatures by mark shall be witnessed by two witnesses, one of whom shall write in the name of the person who cannot write, near the mark. Post office addresses of both witnesses must be shown, and they must actually see the mark made. Both witnesses must be disinterested parties to the loan agreement.

11. *Procedure.*—The application for a loan shall be submitted to the superintendent in quintuplicate on a form prescribed by the Secretary. The form must be completely filled out, and the applicant must agree to the various provisions thereof. Accompanying the application shall be one copy of a detailed financial statement and operating plan on a form approved by the Secretary, and three unexecuted copies of all securing instruments, including a note for the amount of the first advance as set forth in the application.

(a) *Action of the superintendent.*—The superintendent shall make his recommendations in triplicate on a form approved by the Secretary. One copy of his recommendations shall be retained by him, and two copies submitted to the credit agent, together with all copies of the application, a financial statement and operating plan, and securing documents. This procedure shall be followed whether or not the superintendent approves the application.

(b) *Action of the credit agent.*—The credit agent shall review and analyze the application, and if the loan does not require specific authority from the Commissioner as set forth in Section 1, he shall, in his discretion, grant the loan in whole or in part by issuing a commitment order in quintuplicate. He shall attach the financial statement and operating plan, and three copies of the securing instruments, including note, to the application, which shall be returned to the applicant through the superintendent. He shall also issue appropriate instructions and explanations regarding any changes or modifications which have been incorporated into the commitment order. The recommendations of the superintendent shall not be returned to the applicant. The credit agent shall place one copy of the same in his files, and the other shall be transmitted to the Commissioner with his copy of the application as set forth in Section 11 (c).

If the loan requires specific authority from the Commissioner, one copy of the application shall be submitted to the Commissioner with a copy of the recommendations of the superintendent, and a request from the credit agent for authority to issue the commitment order. The Commissioner shall prepare five copies of a letter indicating either his approval or disapproval of such request, and submit the same to the credit agent with the application and recommendations of the superintendent. The credit agent shall attach one copy of the Commissioner's letter to each copy of the application, and follow the same procedure as in the case of loans which do not require specific authority from the Commissioner. If the loan is not approved, the procedure as set forth in Section 11 (i) shall be followed.

(c) *Acceptance of commitment order by borrower.*—The applicant must accept the commitment order within thirty days from the date thereof, and it may be withdrawn at any time before acceptance. He shall retain the fourth copy and submit the original and three copies of the application together with the financial statement add operating plan to the superintendent. He shall also execute the original copy of the securing documents, including note, and submit it with one copy to the superintendent.

(d) *Action of superintendent upon borrower's compliance with section 11 (c).*—Upon return of the original executed securing documents, the superintendent shall have all such documents covering nontrust property filed, registered, or recorded as required under Section 8 (a). The original, or a certified copy of the original of such securing documents, showing the same to have been properly filed, registered, or recorded, shall be placed in a place of safekeeping in the Agency Office. The originals of all securing instruments covering trust property shall likewise be placed in a place of safekeeping in the Agency Office. An appropriate contract number shall be given to each loan agreement, as well as a number preceded by "CF". The latter numbers shall follow consecutively.

(e) *Disposition of copies of the loan agreement.*—The original copy of the loan agreement shall be submitted as outlined in Section 11 (f). The first copy, including the original detailed financial statement and operating plan, and securing documents, including note, as set forth in Section 11 (d) shall be retained in the Agency Office. The remaining two copies of the application shall be submitted to the credit agent. He shall retain one copy for his files, and submit one copy, together with a copy of the superintendent's recommendations, as outlined in Section 11 (b) to the Commissioner.

(f) *Disbursements of funds.*—No disbursement of funds shall be made until the various copies of the loan agreement have been completed and distributed, and the superintendent has the documents in his files as outlined in Sections 11 (d) and (e). The borrower shall submit a voucher made out in his favor on form 5-809 to the superintendent for an amount in accordance with the terms of the loan agreement. The original application, with a copy of the securing documents, including note, and a copy of the credit agent's recommendations shall accompany the voucher to the Regional Disbursing Office, which will issue an official check in favor of the borrower for the amount of the advance authorized by the approved loan agreement. When the check is received, it should be endorsed by the borrower and deposited, immediately, to the credit of the borrower in his Individual Indian Money Account. The date of the check should be entered on the back of the note previously executed by the borrower, and interest should commence as of the date of the check. Disbursements from the borrower's Individual Indian Money Account shall be in the form of cash or purchase orders as the superintendent may determine. Subsequent advances, if any are provided for in the loan agreement, shall be made by attaching a copy of subsequently executed notes (the originals of which shall be filed at the Agency Office) to an executed voucher, which should be identified by date, number, and amount. Interest should be figured as in the case of the original advance.

(g) *Collections.*—When collections are made, the superintendent should issue an official receipt and take the amount into his appropriation ledger under "Sundry Receipts". The remittance should then be scheduled as a repayment to the original fund from which the loan was made and deposited to the credit of the United States. Collections on loans shall be credited first to interest, which must be shown as a separate item on the receipt. Sufficient information shall be given to show clearly the loan and fund to which each collection applies. The total amount of the receipt, and the amount applied to principal and interest, should be posted in the proper columns of the ledger, to the correct account, and on the back of the appropriate note.

(h) *Reports.*—Reports from borrowers shall be made in accordance with instructions of the Commissioner, or credit agent.

(i) *Disapproved applications.*—If the credit agent does not approve the loan by issuing a commitment order as outlined in Section 11 (b), he shall indicate the reasons for his disapproval on a form approved by the Secretary of the Interior and attach a copy to each copy of the application. He shall retain one copy of the application, his disapproval, and of the superintendent's recommendations. He shall send one copy of each of these documents to the Commissioner, and return all other papers to the superintendent. The superintendent shall retain one copy of the application, the unexecuted securing instruments, including note, the financial statement and operating plan, the credit agent's disapproval, and return the remaining papers to the applicant. The applicant will thus receive two copies of his disapproved application, unexecuted securing documents, including note, and the credit agent's disapproval. In the event the application required specific authority from the Commissioner of Indian Affairs, each copy of the application will have attached to it a copy of the Commissioner's letter of disapproval as outlined in Section 12 (b).

Summary of loan agreement papers to be placed in files of—

Borrower:

Fourth copy of application.
Second copy of securing instruments and note.

Agency office:

First copy of application.
Original copy of superintendent's recommendations.
Original copy of securing instruments and notes.
Original copy of financial statement and operating plan.

General accounting office:

Original copy of application.
First copy of securing instruments and notes.

Credit agent:

Second copy of application.
First copy of superintendent's recommendations.

Indian office:

Third copy of application.
Second copy of superintendent's recommendations.

NOTE.—In the case of applications requiring specific approval from the Commissioner as outlined in Section 1, each file will also contain a copy of the Commissioner's approval or, except in the case of the General Accounting Office, of his disapproval. In the case of disapproved applications, the files of the superintendent, credit agent, Indian Office, and applicant will also contain a copy

of the credit agent's disapproval. No copies will be supplied the General Accounting Office, and the applicant will have returned to him all copies intended for that Office. The securing instruments, note, and commitment order in all files will be unexecuted.

JOHN COLLIER,
Commissioner.

NOTICE TO I. M. BEASLEY, DOING BUSINESS AS JACKSON LIVESTOCK COMMISSION COMPANY, JACKSON, MISS.

JUNE 11, 1938.

Whereas, Section 301 of Title III of an Act of Congress entitled "An Act to regulate interstate and foreign commerce in livestock, livestock products, dairy products, poultry, poultry products, and eggs, and for other purposes," approved August 15, 1921, provides in part that, when used in said Act, the term "stockyard owner" means any person engaged in the business of conducting or operating a stockyard; and Section 302 of said Act provides as follows:

(a) When used in this title the term "stockyard" means any place, establishment, or facility commonly known as stockyards, conducted or operated for compensation or profit as a public market, consisting of pens, or other inclosures, and their appurtenances, in which live cattle, sheep, swine, horses, mules, or goats are received, held, or kept for sale or shipment in commerce. This title shall not apply to a stockyard of which the area normally available for handling livestock, exclusive of runs, alleys, or passage ways, is less than twenty thousand square feet.

(b) The Secretary shall from time to time ascertain, after such inquiry as he deems necessary, the stockyards which come within the foregoing definition, and shall give notice thereof to the stockyard owners concerned, and give public notice thereof by posting copies of such notice in the stockyard, and in such other manner as he may determine. After the giving of such notice to the stockyard owner and to the public, the stockyard shall remain subject to the provisions of this title until like notice is given by the Secretary that such stockyard no longer comes within the foregoing definition:

And, whereas the stockyard of the Jackson Livestock Commission Company, at Jackson, Mississippi, was posted on the 26th day of January, 1938,[1] as coming within the foregoing definition:

And, whereas after an inquiry it has been ascertained by me as Secretary of Agriculture of the United States that the stockyard of the Jackson Livestock Commission Company is no longer operated as a public stockyard subject to the provisions of said Act:

Now, therefore, notice is hereby given that the stockyard of the Jackson Livestock Commission Company, at Jackson, Mississippi, no longer comes within the foregoing definition and the provisions of Title III of said Act.

Commodity Exchange Commission.

[Hearing Docket C. E. A. No. 3]

NOTICE OF PROPOSED ORDER IN THE MATTER OF LIMITS ON POSITION AND DAILY TRADING IN GRAIN FOR FUTURE DELIVERY

Notice is hereby given that the following proposed findings of fact, conclusions and order have been submitted to the Commodity Exchange Commission. Before they are considered, any interested party may taken exceptions to matters set out therein by transmitting his exceptions, with brief statements concerning each of them, to the Secretary of Agriculture, Chairman of the Commodity Exchange Commission, in quadruplicate, on or before July 10, 1938. Exceptions to findings of fact should refer to that part of the record upon which the exceptions are based.

Dated at Washington, D. C., this 13th day of June, 1938.

[SEAL] H. A. WALLACE,
Secretary of Agriculture,
Chairman of Commodity Exchange Commission.

NOTE.—As used herein, the word "grain" includes wheat, corn, oats, barley, rye, and flaxseed, and the word "person" includes individuals, associations, partnerships, corporations, and trusts.

FINDINGS OF FACT

Pursuant to the provisions of Section 4a of the Commodity Exchange Act (U. S. C., 1934 ed. and Supp. III, title 7, sec. 6a), the Commodity Exchange Commission, after full consideration of the record made at a public hearing held in Chicago, Illinois, beginning December 1, 1937, of which due public notice had been given,[1] and at which all persons were given opportunity to hear, present, refute, and comment upon evidence in the premises, does hereby find the following:

A. Except as otherwise stated herein, trading in any one grain for future delivery on a contract market, by a person who holds or controls a speculative net position of more than 2,000,000 bushels, long or short, in any one future or in all futures combined, in such grain on such contract market, tends to cause sudden and unreasonable fluctuations and changes in the price of such grain not warranted by changes in the conditions of supply or demand, and is not needed to maintain the liquidity of such contract market or to facilitate hedging thereon. It is a matter of common knowledge in the grain trade that such trading during the delivery month of a future has a greater effect on price fluctuations than at any other time during the life of a future, and therefore such trading by a person having a much smaller speculative net position during the delivery month of any future may have the same effect as trading by a person having a 2,000,000 bushel net position at any other time during the life of the future.

B. The fluctuations and changes in prices mentioned in paragraph A hereof are likely to be less, except during the delivery month of a future, if the long or short position of such person consists of spreads in any one grain, between markets or between futures.

C. Trading in any one grain for future delivery by a person who assumes a total long position in such grain, all futures on all markets combined, not in excess of his reasonably anticipated requirements of the cash grain for manufacturing or processing during the following six months, and who liquidates such position gradually as he obtains the cash grain, does not, except during the delivery month of any future, cause sudden or unreasonable fluctuations or changes in the price of such grain not warranted by changes in the conditions of supply or demand.

D. Except as otherwise stated herein, speculative buying or speculative selling by any person during one business day of more than 2,000,000 bushels in any one future, or in all futures combined of any one grain on any one contract market, tends to cause sudden and unreasonable fluctuations and changes in the price of such grain not warranted by changes in the conditions of supply or demand, and is not needed to maintain the liquidity of such contract market or to facilitate hedging thereon. It is a matter of common knowledge in the grain trade that such speculative buying or speculative selling by any person during the delivery month of a future has a greater effect on prices than at any other time during the life of a future, and therefore much smaller daily speculative purchases or sales during the delivery month of any future may have the same effect as speculative buying or speculative selling by any person during one business day of more than 2,000,000 bushels in any one future at any other time during the life of the future.

E. The fluctuations and changes in prices mentioned in paragraph D hereof are likely to be less, except during the delivery month of a future, if the buying or selling of such person consists of spreads in any one grain between markets, or between futures.

F. Speculative buying and speculative selling for future delivery by a person whose purchases and sales during the same business day substantially offset each other cause less fluctuations and changes in price, except during the delivery month of a future, than the buying and selling mentioned in paragraph D hereof.

[1] 2 F. R. 2859 (DI).

CONCLUSIONS

Upon the foregoing facts, it is concluded that in order to diminish, eliminate or prevent the undue burden of excessive speculation in grain futures which causes unwarranted price changes, it is necessary to establish limits on the amount of trading, under contracts of sale of grain for future delivery on contract markets, which may be done by any one person; that 2,000,000 bushels is a reasonable limitation on the net long or net short position which any person may hold or control and upon the daily purchases or sales which any person may make, in any one grain on any one contract market, in any one future or all futures combined; that a lower limitation should be fixed for a future during the delivery month thereof and 1,000,000 bushels is a reasonable limitation for a future during the delivery month thereof; that a higher limitation should be fixed for the net position and for purchases and sales if any part thereof represents spreading in the same grain between markets or between futures and 3,000,000 bushels is a reasonable limitation under such circumstances, but in no event should the increase over 2,000,000 bushels exceed the amount of the net position represented by spreading; that the limitation on trading by any person whose purchases and sales during any business day substantially offset each other should be higher and a limitation of 3,000,000 bushels on trading by any person whose net position does not change more than 200,000 bushels during any business day is reasonable; and that allowance should be made for the needs of manufacturers and processors to buy futures to insure the price of their reasonably anticipated requirements of cash grain.

ORDER

It is therefore ordered, That the following limits on the amount of trading under contracts of sale of grain for future delivery on or subject to the rules of contract markets which may be done by any person be, and they are hereby, proclaimed and fixed, to be in full force and effect on and after
1938:

Position Limits

1. The limit on the maximum net long or net short position which any one person may hold or control in any one grain on any one contract market, except as specifically authorized by paragraphs 2 and 3 hereof, is: 2,000,000 bushels in all futures combined, subject to a limitation of 2,000,000 bushels in any one future and a further limitation of 1,000,000 bushels in any one future during the delivery month for that future.

2. To the extent that the net position held or controlled by any one person in any one future and in all futures combined in any one grain on any one contract market is shown to represent spreading in the same grain between markets or between futures, the limit set forth in paragraph 1 hereof may be exceeded on such contract market, but in no case shall the excess result in a net position of more than 3,000,000 bushels in any one future and all futures combined, and in no event shall the limitation of 1,000,000 bushels for any one future during the delivery month for that future be exceeded.

3. If any person establishes, to the satisfaction of the Secretary of Agriculture, what his requirements of any one grain for manufacturing or processing are likely to be for a future period not exceeding six months, and that he liquidates his futures position gradually as he obtains the cash grain, the amount of his anticipated requirements, so established, when approved in writing by the Secretary of Agriculture, shall constitute the limit on the maximum total long position which may be held or controlled by such person in any one future and in all futures combined, in such grain, on all contract markets combined, but in no event shall the limitation of 1,000,000 bushels in any one future during the delivery month for that future be exceeded.

Daily Trading Limits

4. The limit on the maximum amount which any person may buy, and on the maximum amount which any person may sell, of any one grain on any one contract market during any one business day, except as specifically authorized by paragraphs 5 and 6 hereof, is: 2,000,000 bushels in all futures combined, subject to a limitation of 1,000,000 bushels in any one future during the delivery month for that future.

5. To the extent that purchases or sales of any one grain on any one contract market during any one business day made by any one person are shown to represent spreading or the closing of spreads in the same grain between markets or between futures, the limit set forth in paragraph 4 hereof may be exceeded on such contract market, but in no case shall the excess result in total purchases or total sales of more than 3,000,000 bushels and in no event shall the limitation of 1,000,000 bushels in any one future during the delivery month for that future be exceeded.

6. A person whose net position in any one future and in all futures combined, in any one grain on any one contract market, does not change more than 200,000 bushels during any business day, may, during such business day, on such contract market, exceed the limit set forth in paragraph 4 hereof, but in no case shall the excess result in total purchases or total sales of more than 3,000,000 bushels and in no event shall the limitation of 1,000,000 bushels in any future during the delivery month for that future be exceeded.

FEDERAL COMMUNICATIONS COMMISSION.

IN THE MATTER OF INVESTIGATION OF POWER REQUIREMENTS FOR SHIP RADIO TRANSMITTERS

The Commission, en banc, at a meeting held May 31, 1938, designated the following matter for hearing before a Commissioner to be named by order of the Commission at a later date, and adopted the following Order:

The Commission having under consideration the protests of various shipping companies to the terms of paragraph 12 (c) of its Ship Radiotelegraph Safety Rules, and further having under consideration a definite proposal for modification of the said paragraph, which proposal is attached hereto and made a part hereof; and

It appearing, That the Commission may not at this time be in possession of all the information necessary to a satisfactory determination of the matters involved in paragraph 12 (c)[1] of the said rules.

It is ordered, That the Commission, upon its own motion, enter into an investigation of the facts, circumstances and conditions affecting the determination of power required for ship transmitters in order to comply with the terms of treaty and statute.

It is further ordered, That any person who desires to present evidence bearing on this rule at any hearing which may be had in this matter shall file notice of intention thereof at least ten days in advance of the date set for such hearing.

By the Commission.

[SEAL] T. J. SLOWIE,
Secretary.

PROPOSED MODIFICATIONS OF PARAGRAPH 12 OF THE SHIP RADIOTELEGRAPH SAFETY RULES

Change paragraph 12 (c) (3) to read as follows, adding new sections (4), (5), (6) and (7), and renumbering remaining sections.

12 (c) (3) A main transmitter which has been continuously installed aboard a subject vessel since (*date of proposed action by Commission*), but is not capable of developing the power specified in 12 (c) 1 or 2 hereof, is approved for further use in compliance with paragraph 12 (b) of these rules, provided (a) the transmitter is capable of developing at least 50 watts power, type A-2 emis-

sion, into the average ship station antenna circuit, or at least 100 watts power into the plate circuit of the oscillator or amplifier supplying power for A–2 emission to the antenna circuit; or (b) is capable of developing type B emission with an input into the power transformer of at least 500 watts when the transmitter is supplying power for B emission to an average ship station antenna circuit with proper coupling thereto.

12 (c) (4) The use of main transmitters in compliance with paragraph 12 (b) of these rules, subject to the conditions specified in 12 (c) (3) hereof, may be continued only under the following conditions and limitations:

(a) For passenger vessels having transmitters which can be modified to conform to full requirements, except as provided in 12 (c) (5) hereof, until not later than October 1, 1938.

(b) For passenger vessels having transmitters which must be replaced, except as provided in 12 (c) (5) hereof, until not later than January 1, 1939.

(c) For cargo vessels having transmitters which can be modified to conform to full requirements, except as provided in 12 (c) (5) hereof, until March 1, 1939.

(d) For cargo vessels having transmitters which must be replaced, except as provided in 12 (c) (5) hereof, until January 1, 1940.

(e) No increase in power beyond that specified in 12 (c) (3) hereof shall be required (1) for dry cargo vessels launched prior to January 1, 1922, or (2) for tank vessels launched prior to January 1, 1925.

12 (c) (5) Notwithstanding any other requirements of 12 (c) (3) and (4) hereof, an increase of power shall not be required beyond that specified in 12 (c) (3) for (a) cargo vessels navigating exclusively along the Atlantic and Pacific coasts 100 miles or less offshore, or (b) passenger vessels navigating exclusively along the Atlantic and Pacific coasts 20 miles or less offshore that are on (*date of this order*) equipped with transmitters capable of developing at least 100 watts power, Type A–2 emission, into the average ship station antenna circuit, or at least 200 watts power into the plate circuit of the oscillator or amplifier supplying power for A–2 emission to the antenna circuit; provided that neither such cargo nor passenger vessels operate south of 25 degrees North Latitude.

12 (c) (6) Where two or more tube transmitters are a part of the radio installation aboard a vessel, one or more of these shall not be removed for the primary purpose of operating the remaining transmitter(s) under the exceptions of this rule.

12 (c) (7) Where the provisions of this rule require the installation of new equipment or the modification of existing equipment on board vessels when such vessels are about to be replaced or retired within a reasonable time, the Commission may, upon appropriate application, authorize the continuance of existing equipment or the use of such other equipment as in the circumstances may seem proper to the Commission. Where the specific conditions and limitations prescribed by this rule with respect to the periods of time during which the use of existing radio transmitter equipment may be continued, and with respect to the classes of vessels which are authorized to continue to use such equipment, any owner or operator affected, who believes that these requirements are unjust or impracticable, may request appropriate relief from the Commission in a written application stating the reasons therefor; and nothing herein contained shall affect the right of any owner or operator to any other exemptions to which the Commission may find them entitled in accordance with law.

IN THE MATTER OF INTERLAKE IRON CORPORATION

NOTICE OF AND ORDER FOR HEARING

An application pursuant to section 2 (a) (3) (A) of the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by the above-named party;

It is ordered, That a hearing on such matter be held on June 28, 1938, at 10:00 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That Charles S. Moore or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to continue or postpone said hearing from time to time or to a date thereafter to be fixed by such presiding officer.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before June 23, 1938.

The matter concerned herewith is in regard to the question of the status of Interlake Iron Corporation as an electric utility company as that term is defined in Section 2 (a) (3) (A) of the aforesaid Act.

By the Commission.

IN THE MATTER OF THE ASSOCIATED CORPORATION

NOTICE OF AND ORDER FOR HEARING

A declaration pursuant to section 7 of the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by the above-named party;

It is ordered, That a hearing on such matter be held on June 30, 1938, at 10:00 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That Robert P. Reeder or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to continue or postpone said hearing from time to time or to a date thereafter to be fixed by such presiding officer.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before June 25, 1938.

The matter concerned herewith is in regard to a declaration by The Associated Corporation to issue a promissory note or notes containing the best obtainable terms with respect to interest (not to exceed 6%), maturity and collateral security to be issued on or before July 11, 1938, in an aggregate amount not to exceed $1,000,000. The note or notes are to be issued by declarant to refund its now outstanding 5% promissory note, dated February 25, 1938 and due July 11, 1938, and secured by the pledge of $7,000,000 National Public Service Corporation Secured Gold Debentures 5% series due 1978, and/or Certificate of Deposit therefor which securities are presently owned by New Jersey Utilities Company subject to said pledge. The declaration also states that the declarant proposes to refund the new note or notes from time to time, the maturity and refunding thereof, however, not to exceed in the aggregate, two years. The $1,000,000 note to be refunded is stated to be payable to The Public National Bank and Trust Company of New York.

By the Commission.

IN THE MATTER OF PAUL V. SHIELDS, JOSEPH S. MAXWELL, CHARLTON B. HIBBARD, PROTECTIVE COMMITTEE FOR PREFERRED STOCKHOLDERS OF UTILITIES POWER & LIGHT CORPORATION

NOTICE OF AND ORDER FOR HEARING

An application pursuant to section 11 (f) and Rule U–11F–2 on the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by the above-named parties;

It is ordered, That a hearing on such matter be held on June 30, 1938, at 10:00 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That Edward C. Johnson or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to continue or postpone said hearing from time to time or to a date thereafter to be fixed by such presiding officer.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before June 25, 1938.

The matter concerned herewith is in regard to an application of Paul V. Shields, Joseph S. Maxwell, and Charlton B. Hibbard, constituting a Protective Committee for the preferred stockholders of Utilities Power & Light Corporation (now in reorganization under Section 77B of the Bankruptcy Act, as amended, in the District Court of the United States for the Northern District of Illinois), requesting approval of an interim allowance for expenses incurred by the Protective Committee from February 4, 1937, to May 10, 1938, the maximum amount for which approval is asked being stated at $11,234.30.

SECTION I. *Farm acreage allotments and goals.*—The county committee, with the assistance of other local committees in the county, shall determine cotton acreage allotments and soil-building practice goals, in accordance with provisions contained herein and instructions issued by the Agricultural Adjustment Administration. The cotton soil-depleting acreage allotments determined for farms in the county shall not exceed the county cotton acreage allotment [1] established for the county by the Agricultural Adjustment Administration; and the sum of the cotton acreage allotments for farms furnishing required forms and information shall not exceed their proportionate share of the county cotton acreage allotment.

A. *Cotton allotment.*—1. The county cotton acreage allotment shall be apportioned among the farms in the county on which cotton was planted in any one of the years, 1935, 1936, and 1937, in a manner that will result in a cotton acreage allotment for each such farm which is a percentage (which shall be the same percentage for all farms in the administrative area [1]) of the land in the farm in 1937 which was tilled annually or in regular rotation exclusive of the acres of such land normally devoted to the production of wheat for market or for feeding to livestock for market except that—

(a) For any farm on which cotton was planted in any one of the years 1935, 1936, and 1937, and on which the highest acreage planted to cotton and diverted from the production of cotton in any one of these three years was less than five acres, the cotton acreage allotment for the farm shall be such highest number of acres, if the county cotton acreage allotment is sufficient therefor;

(b) For any farm on which cotton was planted in any one of the years 1935, 1936, and 1937, and on which the highest number of acres planted to cotton and diverted from the production of cotton in any one of these three years was five acres or more, the allotment for the farm shall not be less than five acres, if the county cotton acreage allotment is sufficient therefor;

(c) Notwithstanding the foregoing provisions of item 1 of this subsection A, a number of acres equal to not more than 3 percent of the county acreage allotment in excess of the allotments made to farms on which the highest number of acres planted to cotton plus the acres diverted from the production of cotton in any of the years 1935, 1936, and 1937, was five acres or less and the number of acres required for allotments of five acres for each other farm in the county on which cotton was planted in 1935, 1936, or 1937 may be apportioned among farms in the county on which cotton was planted in 1935, 1936, or 1937 and for which the allotment otherwise provided is five acres or more but less than 15 acres and less than the highest number of acres planted to cotton and diverted from the production of cotton in any one of the years 1935, 1936, and 1937.

In making such allotments under clause (c) in the preceding sentence consideration shall be given to the land, labor, and equipment available for the production of cotton, crop rotation practices, and the soil and other facilities affecting the production of cotton, and such increases shall not be such as to increase the allotment to any farm above 15 acres. In no event shall the allotment for any farm under this subsection A 1 exceed the highest number of acres planted to cotton and diverted from the production of cotton in any one of the three years 1935, 1936, and 1937.

2. In case the county allotment is insufficient to provide allotments to farms in the county, which are determined, under instructions issued by the Agricultural Adjustment Administration, to be adequate and representative in view of their past production of cotton and their tilled lands, there shall be apportioned to such farms, under instructions issued by the Agricultural Adjustment Administration, such part of a State reserve equal to 4 percent of the State acreage allotment as is necessary to give such farms allotments in conformity with subsection A 1 which are as nearly adequate and representative as such 4-percent reserve will permit. Such additional allotment shall be used first to increase allotments to farms under clauses (a) and (b) of subsection A 1.

3. Notwithstanding the provisions of subsection A 1 above the cotton acreage allotment for any farm shall be increased by such amount as may be necessary to provide an allotment of not less than 50 percent of the sum of the acreage as determined by the county committee under instructions issued by the Agricultural Adjustment Administration to have been planted in cotton in 1937 and the acreage diverted from cotton production in 1937 under the agricultural conservation program, provided that the cotton acreage allotment for any farm shall not be increased under this paragraph to more than 40 percent of the acreage on such farm which is tilled annually or in regular rotation.

4. That portion of the State acreage allotment (not to exceed 2 percent of the State acreage allotment) not apportioned among the counties shall be apportioned to farms in the State on which cotton will be planted in 1938 but on which cotton was not planted in any of the years 1935, 1936, and 1937, so as to result in comparable allotments to farms similar with respect to land, labor, and equipment available for the production of cotton, crop rotation practices, and the soil and other physical facilities affecting the production of cotton. The county committee shall report, through the State committee, to the Agricultural Adjustment Administration the acreage required for the allotments to such farms in the county together with such substantiating data as may be required by the Agricultural Adjustment Administration, and the Agricultural Adjustment Administration shall allot to the county the proportion of that part of the State acreage allotment reserved for this purpose which it finds reasonable on the basis of the data so reported.

B. *Soil-building goals.*—

1. *Soil-building goals on class A farms located in the administrative area designated as "bottom land."*—The soil-building goal shall be a number of units of soil-building practices equal to 65 percent of the number of acres in the cotton acreage allotment established for the farm.

2. *Soil-building goals on class A farms located in the administrative area designated as "hill land."*—The soil-building goal shall be a number of units of soil-building practices equal to 150 percent of the number of acres in the cotton acreage allotment established for the farm.

3. *Soil-building goals on class B farms.*—The soil-building goal shall be a number of units of soil-building practices equal to 50 percent of the number of acres of cropland in the farm.

C. *Posting of acreage allotments.*—All acreage allotments established for farms in the county shall be posted or kept freely available for public inspection in the office of the county agricultural extension agent.

SECTION II. *Payment for full performance.*—Payment will be made with respect to any farm for not exceeding the cotton acreage allotment and for achieving the soil-building goal in the following amount:

A. *Payment on class A farms located in the administrative area designated as "bottom land."*—2.7 cents per pound of the normal yield per acre of cotton for the farm for each acre in the cotton acreage allotment.

B. *Payment on class A farms located in the administrative area designated as "hill land."*—3.6 cents per pound of the normal yield per acre of cotton for the farm for each acre in the cotton acreage allotment.

C. *Payment on class B farms receiving a cotton acreage allotment.*—$1.00 per acre of cropland in the farm.

D. *Payment on class B farms receiving no cotton acreage allotment.*—70 cents per acre of cropland in the farm.

E. *Payment on any farm receiving a cotton acreage allotment.*—Notwithstanding the foregoing provisions of this section II, if the acreage planted to cotton on any farm is less than 80 percent of the cotton acreage allotment for the farm, and the county committee finds that the failure to plant 80 percent of such cotton acreage allotment was not due to flood or drought, the payment for the farm will be computed with respect to 125 percent of the acreage planted to cotton. The acreage planted to cotton shall be deemed to be that acreage on which the cotton crop reaches the stage of growth at which bolls are first formed.

SECTION III. *Payments for partial performance.*—Payments computed for any farm under the provisions of section II shall be subject to all of the following deductions which are applicable to the farm.

A. *Deductions for excess acreage of cotton.*—6 cents per pound of the normal yield per acre for the farm for each acre of cotton in excess of the cotton acreage allotment (see subsection E, section IX for a special provision regarding excess cotton acreage).

B. *Deductions for failure to carry out soil-building practices.*—$2.00 for each unit on any farm by which the soil-building goal is not reached.

SECTION IV. *Division of payments and deductions.*—

A. *Payments and deductions in connection with cotton acreage allotments.*—The net payment or net deduction computed for any farm with respect to the cotton acreage allotment shall be divided among the landlords, tenants, and sharecroppers in the same proportion (as indicated by their acreage shares) that such persons are entitled, at the time the crop is harvested, to share in the proceeds (other than a fixed commodity payment) of the cotton grown on the farm in 1938.

In the event that cotton is not harvested in 1938 on the farm or in the event the county committee, in accordance with instructions issued by the Agricultural Adjustment Administration, finds that due to crop failure the acreage of cotton was reduced sufficiently to affect materially the division of payments or deductions the net payment or net deduction, if any, with respect to the cotton acreage allotment shall be divided among the landlords, tenants, and sharecroppers in the same proportion that the county committee determines that such persons would have shared in the proceeds of the cotton crop had cotton been harvested on the farm in 1938 or the cotton acreage had not been so reduced.

B. *Deductions with respect to soil-building practices on class A farms.*—The net deductions for any farm with respect to failure to meet the soil-building goal shall be divided among the landlords, tenants, and sharecroppers in the same proportion that such persons are entitled to share in the proceeds of the cotton crop as indicated under the division of payments in subsection A of this section IV.

C. *Payments with respect to soil-building practices on class B farms.*—The amount of payment earned in connection with the soil-building goal for the farm shall be paid to the landlord, tenant, or sharecropper who carried out the soil-building practices. If the county committee determines that more than one such person contributed to the carrying out of soil-building practices on the farm in 1938, such payment shall be divided in the proportion that the units contributed by each such person to such practices bears to the total units of such practices carried out on the farm in 1938. Each person contributing to the practice carried out on a particular acreage shall be deemed to have contributed equally to the units of such practice; provided, that if the persons who carried out the practice establish to the satisfaction of the county committee that their respective contributions thereto were not in equal proportion, such units shall be divided in the proportion which the county committee determines each person contributed thereto.

D. *Proration of net deductions.*—If, with respect to any farm, the sum of the net payments computed for all persons on the farm exceeds the sum of the net deductions computed for all persons on the farm, the net deduction computed for any person on the farm shall be prorated among the other persons on the farm for whom a net payment is computed in the proportion in which the net payment computed for any person is of the sum of the net payments computed for all persons on the farm. If, with respect to any farm, the sum of the net deductions computed for all persons on the farm equals or exceeds the sum of the net payments computed for all persons on the farm, no payment will be made with respect to such farm and the amount of such net deductions in excess of such net payments shall be prorated among the persons on the farm in the proportion which the net deduction computed for any person is of the sum of the net deductions computed for all persons on the farm, except that the amount of such net deductions in excess of such net payments for any Class B farm for which no cotton acreage allotment is established shall be disregarded.

SECTION V. *Increase in small payments.*—The total payment computed under sections II to IV, inclusive, for any person with respect to any farm shall be increased as follows:

1. Any payment amounting to 71 cents or less shall be increased to $1.00;

2. Any payment amounting to more than 71 cents but less than $1.00 shall be increased by 40 percent;

3. Any payment amounting to $1.00 or more shall be increased in accordance with the following schedule:

Amount of payment computed	Increase in payment	Amount of payment computed	Increase in payment
$1.00 to $1.99	$0.40	$32.00 to $32.99	$10.40

[1] Increase to $200.
[2] No increase.

SECTION VI. *Deductions incurred on other farms.*—

A. *Other farms in the same county.*—If the deductions computed under section III with respect to any farm exceed the payment for full performance on such farm computed under section II, a landlord's or tenant's share of the amount by which such deduction exceeds such payments shall be deducted from such landlord's or tenant's share of the payment which would otherwise be made to him with respect to any other farms in the county.

B. *Other farms in the State.*—If the deductions computed for a landlord or

[1] The county cotton acreage allotment established in accordance with item 2, subsection A, section II of the 1938 Agricultural Conservation Program Bulletin, as amended, shall be apportioned pro rata among the two administrative areas (established by the Agricultural Adjustment Administration because of differences in the types, kinds, and productivity of the soil, or other conditions) on the basis of the acreage planted to cotton in 1937 plus the acreage diverted from the production of cotton under the 1937 Agricultural Conservation Program.

tenant with respect to one or more farms in a county exceed the payments computed for such landlord or tenant on other farms in such county, the amount of such excess deductions shall be deducted from the payments computed for such landlord or tenant with respect to any other farms in the State, if the State committee finds that the crops grown and practices adopted on the farm with respect to which such deductions are computed substantially offset the contribution to the program made on such other farms.

SECTION VII. *Deduction for association expenses.*—There shall be deducted pro rata from the payments with respect to any farm in Pulaski County all or such part as the Secretary may prescribe of the estimated administrative expenses incurred or to be incurred by the Pulaski County Agricultural Conservation Association.

SECTION VIII. *Materials furnished as grants of aid.*—Wherever it is found practicable, limestone, superphosphate, trees, seeds, and other materials, upon request of the producer, may be furnished by the Agricultural Adjustment Administration as grants of aid to be used in carrying out approved soil-building practices which shall be counted toward meeting the soil-building goal for the farm. Wherever such materials are furnished, a deduction from the payment for the farm shall be made in the amount of the approximate cost of such material to the Agricultural Adjustment Administration. Such deduction shall be applied first to the payment computed for the person to whom such materials are furnished and the balance, if any, of such deduction shall be prorated among the payments to other persons sharing in the payment with respect to the farm on which such materials were used.

In making a request for materials pursuant to this section the producer to whom such materials are furnished shall agree that, in the event the amount of the deduction for the materials exceeds the amount of the payment with respect to the farm, the amount by which the deduction exceeds the payment shall be repaid by him to the Secretary.

SECTION IX. *General provisions relating to payments.*—

A. *Payment restricted to effectuation of purposes of the program.*—All or any part of any payment which otherwise would be made to any person under the 1938 Pulaski Program may be withheld (1) if he has adopted any practice which the Secretary determines tends to defeat any of the purposes of the 1938 or previous agricultural conservation programs, (2) if, by means of any corporation, partnership, estate, trust, or any other device, or in any manner whatsoever, he has offset, or has participated in offsetting, in whole or in part, the performance for which such payment is otherwise authorized, or (3) if, with respect to forest land or woodland owned or controlled by him, he adopts any practice which the regional director finds is contrary to sound conservation practices. No payment shall be computed with respect to any farm which is idle in 1938.

B. *Payment computed and made without regard to claims.*—Any payment or share of payment shall be computed and made without regard to questions of title under State law, without deductions of claims for advances (except as provided in subsection D of this section IX), and without regard to any claim or lien against any crop, or proceeds thereof, in favor of the owner or any other creditor.

C. *Changes in leasing and cropping agreements, reduction in number of tenants, and other devices.*—1. If on any farm in 1938 any change of the arrangements which existed on the farm in 1937 is made between the landlord and the tenants or sharecroppers and such change would cause a greater proportion of the payments to be made to the landlord under the 1938 Pulaski Program than would have been made to the landlord for performance on the farm under the 1937 Agricultural Conservation Program, Pulaski County, Arkansas, and the county committee certifies that the change is not justified and disapproves such change, payments to the landlord under the 1938 Pulaski Program with respect to the farm shall not be greater than the amount that would have been paid to the landlord if the arrangements which existed on the farm in 1937 had been continued in 1938.

2. If on any farm the number of sharecroppers or share tenants in 1938 is less than the average number on the farm during the three years 1935 to 1937, inclusive, and such reduction would increase the payments that would otherwise be made to the landlord and the county committee certifies that the reduction is not justified and disapproves such reduction, the payments to the landlord shall not be greater than the amount that would otherwise be made if the average number of tenants in such three-year period had not been reduced.

3. If the State committee finds that any person who files an application for payment pursuant to the provisions of the 1938 Pulaski Program has employed any other scheme or device, the effect of which would be or has been to deprive any other person of any payment under any agricultural conservation program to which such other person would normally be entitled, the Secretary may withhold in whole or in part from the person participating in or employing such a scheme or device, or require such person to refund in whole or in part, the amount of any payment which has been or would otherwise be made to such person in connection with the 1938 Pulaski Program.

D. *Assignments.*—Any person who may be entitled to any payment in connection with the 1938 Pulaski Program may assign his interest in such payment as security for cash loaned or advances made for the purpose of financing the making of a crop in 1938. No such assignment will be recognized unless (1) the assignment is made in writing on Form ACP–69 in accordance with instructions issued by the Agricultural Adjustment Administration and is filed in the office of the county agricultural conservation association; (2) the farmer files with the assignment a statement that the assignment is made to pay or secure an indebtedness incurred in connection with financing the making of a crop in 1938 and not to pay or secure any preexisting indebtedness; and (3) the person to whom such assignment is made certifies that the payment is being assigned without discount for the purpose mentioned in clause (2) above.

Nothing contained in this section IX shall be construed to give an assignee a right to any payment other than that to which the farmer is entitled, nor shall the Secretary or any disbursing agent be subject to any suit or liability if payment is made to the farmer without regard to the existence of any such assignment.

E. *Excess cotton acreage.*—1. Any person who makes application for payment with respect to any farm located in Pulaski County shall file with such application a statement that the applicant has not knowingly planted or caused to be planted during 1938 cotton on land in any farm in which he has an interest in excess of the cotton acreage allotment established for the farm for 1938, and that cotton was not planted in excess of such allotment by his authority or with his consent.

2. Any person who knowingly plants cotton on his farm in 1938 on acreage in excess of the cotton acreage allotment established for the farm for 1938 shall not be eligible for any payment under the provisions of the 1938 Pulaski Program. Any person having an interest in the cotton crop on a farm on which cotton is planted in 1938 on acreage in excess of the cotton acreage allotment for the farm for 1938 shall be presumed to have knowingly planted cotton on his farm on acreage in excess of such farm cotton acreage allotment if notice of the farm allotment is mailed to him prior to the completion of the planting (seeding) of cotton on the farm, unless the farmer establishes the fact that the excess acreage planted to cotton was due to his lack of knowledge of the number of acres in the tract(s) planted to cotton. Such notice, if mailed to the operator of the farm, shall be deemed to be notice to all persons sharing in the production of cotton on the farm in 1938.

F. *Use of soil-conserving crops for market.*—No payment will be made with respect to any farms unless on such farm in 1938 an acreage not devoted to cotton, corn, small grains harvested for grain or hay, grain sorghums, sweet sorghums for sirup, soybeans harvested for seed for crushing, and truck and vegetable crops is withheld from the production of soil-conserving crops for market equal to the acreage by which the normal acreage of cotton, corn, small grains harvested for grain or hay, grain sorghums, sweet sorghums for sirup, soybeans harvested for seed for crushing and truck and vegetable crops on such farm exceeds the acreage devoted to cotton, corn, small grains harvested for grain or hay, grain sorghums, sweet sorghums for sirup, soybeans harvested for seed for crushing, and truck and vegetable crops on the farm in 1938; provided, that payment shall not be denied any farmer for using such soil-conserving crops for market (1) if, in Pulaski County, the number of cows kept for the production of milk or products thereof for market does not exceed the normal number of such cows, (2) if, on such farm, the number of cows kept for the production of milk or the products thereof for market does not exceed the normal number of such cows, or (3) if the Agricultural Adjustment Administration determines either (a) that the farmer has substantially complied with the provisions of this paragraph, or (b) that the county, as a whole, is in substantial compliance with such provisions.

Any farmer shall be deemed to have substantially complied with the provisions of the foregoing paragraph if either (1) the increase above normal in the number of dairy cows on his farm does not exceed two cows, or (2) none of the soil-conserving crops to which such provisions are applicable is used for market other than through the disposition of dairy livestock for slaughter or through the disposition of less than 10 percent of the milk, or products thereof, produced on the farm. The county, as a whole, shall be deemed to be in substantial compliance with such provisions if the increase above normal in the number of dairy cows in the county does not exceed 10 percent.

The normal acreage of soil-depleting crops and the normal number of cows kept for the production of milk, or the products thereof, for market shall be determined for any farm in accordance with instructions issued by the Agricultural Adjustment Administration, and the Agricultural Adjustment Administration shall determine from the latest available statistics of the Department and shall announce the counties in which the number of cows kept for the production of milk, or the products thereof, for market exceeds by more than 10 percent the normal number of such cows.

As used in this subsection F, the term "for market" means for disposition by sale, barter, or exchange, or by feeding (in any form) to dairy livestock which, or the products of which, are to be sold, bartered, or exchanged, and such term shall not include consumption on the farm. An agricultural commodity shall be deemed to be consumed on the farm if consumed by the farmer's family, employees, or household, or if fed to poultry or livestock other than dairy livestock on his farm, or if fed to dairy livestock on his farm and such dairy livestock, or the products thereof, are to be consumed by his family, employees, or household. As used in this subsection F, the term "soil-conserving crops" means grasses and legumes grown on cropland, excluding peanuts harvested for nuts, soybeans harvested for seed for crushing, and legumes used as truck crops.

SECTION X. *Application for payment.*—

A. *Persons eligible to file applications.*—An application for payment with respect to a farm may be made by any person for whom, under the provisions of section IV, a share in the payment with respect to the farm may be computed and (1) who at the time of harvest is entitled to share in the crops grown on the farm under a lease or operating agreement, or (2), if the farm is a class B farm, who is owner of such class B farm and participates thereon in 1938 in carrying out approved soil-building practices.

B. *Time and manner of filing application and information required.*—Payment will be made only upon application submitted through the county office. The Secretary reserves the right (1) to withhold payment from any person who fails to file any form or furnish any information required with respect to any farm which such person is operating or renting to another person for a share of the crops grown thereon, and (2) to refuse to accept any application for payment if such application or any other form or information required is not submitted to the county office within the time fixed by the regional director. At least two weeks notice to the public shall be given of the expiration of a time limit for filing prescribed forms by mailing the same to the office of the county committee and making copies of the same available to the press.

C. *Applications for other farms.*—If a person has the right to receive all or a portion of the crops or proceeds therefrom, produced on more than one farm in the county and makes application for payment with respect to one of such farms, such person must make application for payment with respect to all such farms which he operates or rents to other persons. Upon request by the State committee such person shall also file with the committee such information as it may request regarding any other farm in the State with respect to which he has the right to receive all or a portion of the crops or proceeds thereof.

SECTION XI. *Soil-building practices.*—The soil-building practices listed in the following schedule shall count toward the achievement of the soil-building goal to the extent indicated therein when carried out in 1938 in accordance with specifications, if any, issued by the regional director, or by the State committee with the approval of the regional director, and when performed in a workmanlike manner and in accordance with good farming practice for the locality.

Practices carried out with labor, seed, trees, and materials furnished entirely by any State or Federal agency other than the Agricultural Adjustment Administration shall not be counted toward the achievement of the soil-building goal. If a portion of the labor, seed, trees, or other materials used in carrying out any practice is furnished by a State or Federal agency other than the Agricultural Adjustment Administration and such portion represents one-half or more of the total cost of carrying out such practice, such practice shall not be counted toward the achievement of the soil-building goal; if such portion represents less than half of the total cost of carrying out such practice, one-half of such practice shall be counted toward the achievement of the soil-building goal.

Trees purchased from a Clark-McNary Cooperative State Nursery shall not be deemed to be paid for in whole or in part by a State or Federal Agency.

SCHEDULE OF SOIL-BUILDING PRACTICES

A. Each of the following practices in the amounts specified shall be counted as one unit, provided that when the materials specified in items 1 or 2 are applied to biennial or perennial legumes, perennial grasses, winter legumes, lespedeza, crotalaria, or Natal grass, when seeded or grown in connection with a small-grain crop, no part of the material applied shall be counted.

1. Application of 300 pounds of 16-percent superphosphate (or its equivalent) to, or in connection with the seeding of, perennial or biennial legumes, perennial grasses, winter legumes, lespedeza, crotalaria, Natal grass, or permanent pasture.

2. Application of 500 pounds of basic slag or rock phosphate (including colloidal phosphate) to, or in connection with the seeding of, perennial or biennial legumes, perennial grasses, winter legumes, lespedeza, crotalaria, Natal grass, or permanent pasture.

3. Construction of 200 linear feet of standard terrace for which proper outlets are provided.

4. Reseeding depleted pastures with good seed of adapted pasture grasses or legumes—10 pounds of seed.

5. Contour ridging of noncrop open pasture land—750 linear feet of ridge or terrace.

6. Application of not less than two tons, air dry weight, of straw or equivalent mulching materials, excluding barnyard and stable manure, per acre in commercial orchards or on commercial vegetable land.

7. Application of 1500 pounds of ground limestone or its equivalent.

B. Each acre of the following shall be counted as one unit:

8. Seeding annual legumes alone, biennial legumes, perennial legumes, per-

ennial grasses, or mixtures containing perennial grasses, perennial legumes, or biennial legumes (except permanent pasture mixtures qualifying under practice number 10).

9. Green manure crops and cover crops (excluding lespedeza, peanuts hogged off, and any crop for which credit is given in 1938 under any other practice) of which a good stand and good growth is (1) plowed or disced under on land not subject to erosion, or, if subject to erosion, such crop is followed by a winter cover crop, or (2) left on the land as a temporary mulch in orchards or on commercial vegetable or Irish potato land, or on cropland in a regular cropping rotation.

C. Each acre of the following shall be counted as two units:

10. Seeding permanent pasture mixtures containing a full seeding of legumes or grasses, or both, other than timothy and redtop.

11. Cultivating, protecting, and maintaining by replanting, if necessary, a good stand of forest trees, planted between January 1, 1934 and January 1, 1938.

12. Establishment of permanent vegetative cover by planting sod pieces of perennial grasses.

D. Each acre of the following shall be counted as five units:

13. Planting forest trees (including shrubs in protective plantings) provided such trees are protected and cultivated in accordance with good tree culture practice.

E. Each two acres of the following shall be counted as one unit:

14. Summer legumes (excluding peanuts and summer legumes used as truck crops interplanted or grown in combination with row crops such as corn, sorghums, and cotton, provided a good stand and a good growth is left on the land or turned under, and provided further that the summer legume occupies at least one-third of the land.

F. Each four acres of the following shall be counted as one unit:

15. Contour listing or furrowing noncrop land.

16. Stripcropping other than for protection of summer-fallowed acreage.

SECTION XII. *Normal cotton yields.*—The county committee, with the assistance of other local committees in the county, in accordance with the provisions of this section and instructions issued by the Agricultural Adjustment Administration, shall determine a normal yield per acre for each farm for which a cotton allotment will be established.

1. Where reliable records of the actual average yield of cotton per acre for the years 1933 to 1937, inclusive, are presented by the farmer or are available to the committee, the normal yield for the farm shall be the average of such yields, adjusted for abnormal weather conditions in accordance with instructions issued by the Agricultural Adjustment Administration.

2. If for any year of such five-year period records of the actual average yield per acre are not available or there was no actual yield because cotton was not planted on the farm in such year, the normal yield for the farm shall be the yield which, on the basis of all available facts, including the yield customarily secured on the farm, weather conditions, type of soil, drainage, production practices, and general fertility of the land, the county committee determines to be the yield which was or could reasonably have been expected on the farm for such five-year period.

3. The yields determined under paragraph 2 of this section shall be adjusted so that the average of the normal yields determined for all farms in the county or administrative area (weighted by the cotton acreage allotments established for such farms) shall conform to the county (or administrative area) average yield established by the Secretary.

SECTION XIII. *Appeals.*—Any person who considers himself aggrieved by any recommendation or determination of the county committee with respect to any farm in which he has an interest, within 15 days after notice thereof is forwarded to or available to him, may request the county committee in writing to reconsider its recommendation or determination with respect to any of the following matters:

1. Eligibility to file an application for payment;

2. Any cotton acreage allotment or soil-building goal;

3. The division of payment; or

4. Any other matter affecting the right to or the amount of his payment with respect to the farm.

The county committee shall notify such person of its decision in writing within 15 days after receipt of such written request for reconsideration. If such person is dissatisfied with the decision of the county committee, he may appeal in writing to the State committee within 15 days after such decision is forwarded to or made available to him. The State committee shall inform such person of its decision in writing within 30 days after the receipt of the appeal. If such person is dissatisfied with the decision of the State committee, he may request the regional director to review the decision of the State committee within 15 days after such decision is forwarded to or made available to him.

SECTION XIV. *Bulletins, instructions, and forms.*—The Agricultural Adjustment Administration shall prepare and issue such bulletins, instructions, and forms as may be required in administering the 1938 Pulaski Program.

SECTION XV. *Definitions.*—For the purposes of the 1938 Pulaski Program:

Secretary means the Secretary of Agriculture of the United States.

Regional Director or *Director of the Southern Division* means the director of the Southern Division of the Agricultural Adjustment Administration in charge of the 1938 Agricultural Conservation Program in the Southern Region.

Southern Region means the area included in the States of Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, Oklahoma, South Carolina, and Texas.

State Committee means the group of persons designated within the State to assist in the administration of the 1938 Agricultural Conservation Program.

County Committee means the group of persons elected within the county to assist in the administration of the 1938 Pulaski Program.

Person means an individual, partnership, association, corporation, estate, or trust, and wherever applicable, a State, a political subdivision of a State, or any agency thereof.

Landlord means a person who owns land and rents such land to another person, or operates such land.

Tenant means a person other than a sharecropper who rents land from another person (for cash, a fixed commodity payment, or a share of the proceeds of the crops) and is entitled under a written or oral lease or agreement to receive all or a share of the proceeds of the crops produced thereon.

Sharecropper means a person who works a farm in whole or in part under the general supervision of the operator and is entitled to receive for his labor a share of a crop produced thereon or the proceeds thereof.

Farm means all adjacent or nearby farm land under the same ownership which is operated by one person, including also:

1. Any other adjacent or nearby farm land operated by the same person (as part of the same unit with respect to the rotation of crops and with workstock, farm machinery, and labor substantially separate from that for any other land), the inclusion of which is requested or agreed to, within the time and in the manner specified by the Agricultural Adjustment Administration, by the operator and all the owners who are entitled to share in the proceeds of the crops on any of the land to be included in the farm, which request and agreement shall be applicable to the designation of the land included in such farm both under the 1938 Pulaski Program and under the provisions of the Agricultural Adjustment Act of 1938; and

2. Any field-rented tract (whether operated by the same or another person) which, together with any other land included in the farm, constitutes a unit with respect to the rotation of crops;

provided, that land not under the same ownership shall be included in the same farm only if the county committee determines that all of such land is customarily regarded in the community as constituting one farm. A farm shall be regarded as located in the county or administrative area, as the case may be, in which the principal dwelling is situated, or if there is no dwelling thereon, it shall be regarded as located in the county or administrative area, as the case may be, in which the major portion of the farm is located.

Class A Farms are farms for which a cotton acreage allotment of 5 acres or more is made.

Class B Farms means all farms which are not class A farms.

Cropland means farm land which is tilled annually or in a regular rotation, including commercial orchards and any other land which has been planted since January 1, 1930, to permanent pasture or forest trees and which was classified as cropland under the 1937 Agricultural Conservation Program, Pulaski County, Arkansas, and including also land planted to non-commercial orchards other than abandoned orchards.

1938 Pulaski Program means the 1938 Pulaski County, Arkansas, Agricultural Conservation Program.

Cotton means cotton the staple of which is normally less than 1⅛ inches in length.

Done at Washington, D. C., this 14th day of June, 1938. Witness my hand and the seal of the Department of Agriculture.

TITLE 16—COMPETITIVE PRACTICES

FEDERAL TRADE COMMISSION

United States of America—Before Federal Trade Commission

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 8th day of June, A. D. 1938.

Commissioners: Garland S. Ferguson, Chairman; Charles H. March, Ewin L. Davis, William A. Ayres, Robert E. Freer.

[Docket No. 3203]

IN THE MATTER OF JOY PACKAGE COMPANY, INC. A CORPORATION

ORDER TO CEASE AND DESIST

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission and the answer of respondent, testimony and other evidence taken before Miles J. Furnas, an examiner of the Commission theretofore duly designated by it, in support of the allegations of said complaint, and in opposition thereto, briefs filed herein (oral argument not having been requested), and the Commission having made its findings as to the facts and conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is now ordered, That the respondent, Joy Package Company, Inc., a corporation, its officers, representatives, agents and employees, in connection with the offering for sale, sale and distribution of candy in interstate commerce or in the District of Columbia, do forthwith cease and desist from:

(1) Selling and distributing to dealers, candies so packed and assembled that sales of such candy to the general public are to be made, or may be made, by means of a lottery, gaming device or gift enterprise.

(2) Supplying to or placing in the hands of dealers assortments of candy which are used, or which may be used, without alteration or rearrangement of the contents of such packages or assortments, to conduct a lottery, gaming device or gift enterprise in the sale and distribution of candy contained in said assortments to the public.

(3) Packing or assembling in the same assortment of candy for sale to the public at retail, individually wrapped pieces of candy of uniform size and shape with different colored centers, together with other articles of merchandise, which said articles of merchandise are to be given as prizes to the purchasers procuring pieces of candy of a particular color.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before June 21, 1938.

The matter concerned herewith is in regard to a declaration pursuant to section 7 for the issuance of the following serial collateral notes payable to City National Bank and Trust Company of Chicago, Illinois, or order:

Maximum principal amount	Date of issue	Date of maturity	Annual interest rate
			Percent
$70,000	Dec. 30, 1938	Dec. 30, 1939	[1] 3
$70,000	do	Dec. 30, 1940	[1] 3½
$70,000	do	Dec. 30, 1941	[1] 4
$70,000	do	Dec. 30, 1942	[1] 4½
$70,000	do	Dec. 30, 1943	[1] 5

[1] Payable semiannually.

These serial collateral notes are to be secured by a mortgage note which will in turn be secured by a mortgage upon certain of the operating properties of the declarant. Such mortgage note is to be dated June 1, 1938 and is to mature June 1, 1948 with interest at 5 per cent payable semi-annually, but the declarant is to be exonerated from such interest payments if and so long as no default exists under any of the serial collateral notes. The proceeds of such notes are to be used by the declarant to defray in part the estimated cost of installing certain generating equipment in the plant of the declarant located at Bunkie, Louisiana.

EXECUTIVE ORDER

TERMINATING THE POWERS, RIGHTS, AND DUTIES OF THE SPECIAL MEXICAN CLAIMS COMMISSION

WHEREAS section 6 of the act approved April 10, 1935, 49 Stat. 149, as amended by section 5 of the public resolution approved August 25, 1937, 50 Stat. 783, provides that the Special Mexican Claims Commission, created in pursuance of that act, shall complete its work within three years from the date on which it undertakes the performance of its duties; and

WHEREAS the three-year period so fixed for the completion of the work of the said Commission will expire on August 31, 1938; and

WHEREAS section 6 of the said act, as amended, also provides that if the President shall find that the Commission has completed its work prior to the expiration of the period so fixed, he may by Executive order terminate all powers, rights, and duties of the Commission; and

WHEREAS the Special Mexican Claims Commission has reported to the Secretary of State the completion of its work, and I find that the Commission has completed its work prior to the expiration of the period so fixed:

NOW, THEREFORE, by virtue of the power vested in me by section 6 of the said act of April 10, 1935, as amended, I hereby terminate as of this date all powers, rights, and duties conferred upon the said Special Mexican Claims Commission by the said act of April 10, 1935, as amended by the said resolution of August 25, 1937.

TITLE 26—INTERNAL REVENUE

BUREAU OF INTERNAL REVENUE

[T. D. 4810]

INCOME TAX

REGULATIONS UNDER REVENUE ACT OF 1938 RELATING TO LIQUIDATION OF FOREIGN PERSONAL HOLDING COMPANIES

To Collectors of Internal Revenue and Others Concerned:

PARAGRAPH A. Section 115 (c) of Title I (Income Tax) of the Revenue Act of 1938, enacted May 28, 1938 (Public, No. 554, Seventy-fifth Congress, third session), provides in part:

SEC. 115. DISTRIBUTIONS BY CORPORATIONS.

* * * * * * *

(c) *Distributions in liquidation.*—* * * If any distribution in complete liquidation (including any one of a series of distributions made by the corporation in complete cancelation or redemption of all its stock) is made by a foreign corporation which with respect to any taxable year beginning on or before, and ending after, August 26, 1937, was a foreign personal holding company, and with respect to which a United States group (as defined in section 331 (a) (2)) existed after August 26, 1937, and before January 1, 1938, then, despite the foregoing provisions of this subsection, the gain recognized resulting from such distribution shall be considered as a short-term capital gain—

(1) Unless such liquidation is completed before July 1, 1938; or

(2) Unless (if it is established to the satisfaction of the Commissioner by evidence submitted before July 1, 1938, that due to the laws of the foreign country in which such corporation is incorporated, or for other reason, it is or will be impossible to complete the liquidation of such company before such date) the liquidation is completed on or before such date as the Commissioner may find reasonable, but not later than December 31, 1938.

PAR. B. Section 331 (a) (2) of Title I of the Revenue Act of 1938 provides:

SEC. 331. DEFINITION OF FOREIGN PERSONAL HOLDING COMPANY.

(a) *General rule.*—For the purposes of this title the term "foreign personal holding company" means any foreign corporation if—

* * * * * * *

(2) *Stock ownership requirement.*—At any time during the taxable year more than 50 per centum in value of its outstanding stock is owned, directly or indirectly, by or for not more than five individuals who are citizens or residents of the United States, hereinafter called "United States group."

PAR. C. Section 62 of the Revenue Act of 1938 provides:

SEC. 62. RULES AND REGULATIONS.

The Commissioner, with the approval of the Secretary, shall prescribe and publish all needful rules and regulations for the enforcement of this title.

Pursuant to the above-quoted provisions and other provisions of the internal revenue laws, the following regulations are hereby prescribed with respect to the liquidation of foreign personal holding companies:

ARTICLE 1. *Distributions in liquidation of foreign personal holding companies.*—In any case coming within the purview of the last sentence of section 115 (c) of the Revenue Act of 1938 in which it is or will be impossible to complete the liquidation of the corporation before July 1, 1938, and in which it is desired that the shareholders obtain the benefit of section 117 with respect to the amount of gain from the distribution in liquidation to be taken into account in computing net income and particularly the long-term capital gain provisions thereof, the corporation shall submit to the Commissioner before July 1, 1938, a complete statement of the facts, circumstances, and reasons why it is or will be impossible to complete the liquidation before July 1, 1938, and the earliest reasonable date after July 1, 1938, on which such liquidation will be completed.

For the purposes of the last sentence of section 115 (c), a liquidation may be completed prior to the actual dissolution of the liquidating corporation but no liquidation is completed until the liquidating corporation and the receiver or trustees in liquidation are finally divested of all the property (both tangible and intangible).

ART. 2. *Application of prior acts.*—For the purpose of these regulations the determination of whether a foreign corporation was a foreign personal holding company with respect to a taxable year beginning on or before, and ending after, August 26, 1937, shall be made under section 331 of the Revenue Act of 1936, added to such Act by section 201 of the Revenue Act of 1937 and articles 331-1, 331-2 and 331-3 Chapter XXXIV added to Regulations 94 by Treasury Decision 4782, approved December 7, 1937[1] (I. R. B. XVI-50, 3 (1937)).

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

VETERANS' ADMINISTRATION

DISALLOWANCES AND AWARDS

SEC. 2.1256. *Adjustment of award of veteran in an institution.*—(A) Where a veteran without dependents is admitted to a hospital, facility, or any other institution maintained by the United States Government, or any political subdivision thereof, any running award of pension, compensation, or emergency officers retirement pay will be adjusted in accordance with the rates provided in Section 8.06, paragraph VI, effective as of the date of the veteran's admission to the institution.

[1] 2 F. R. 3213 (DI).

(B) Upon termination of the period of hospitalization, institutional or domiciliary care, the award to or in behalf of the veteran will be adjusted, in accordance with the last valid rating, if otherwise in order, effective the day the veteran leaves the facility or institution. While a veteran is on trial visit or other temporary absence from a facility or institution, no adjustment of his award by reason thereof will be made for any period of less than thirty days, inclusive of the day on which he left the institution. If the veteran is discharged without returning to the institution, the award will be adjusted in accordance with the last valid rating, if otherwise in order, effective as of the day the veteran left the facility or institution. The report of such absence will be made to the office having custody of the case file in accordance with effective procedure. (June 15, 1938.) Sec. 6, 48 Stat. 9; 38 U. S. C. 706.

IN THE MATTER OF STATEN ISLAND EDISON CORPORATION

NOTICE OF AND ORDER FOR HEARING

A Declaration pursuant to section 7 of the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by the above-named party;

It is ordered, That a hearing on such matter be held on July 6, 1938, at 10 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

[1] 2 F. R. 3242 (DI); 3 F. R. 141 (DI).

It is further ordered, That Edward C. Johnson or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to continue or postpone said hearing from time to time or to a date thereafter to be fixed by such presiding officer.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before July 1, 1938.

The matter concerned herewith is in regard to a Declaration filed by the above-named party, a subsidiary of New York State Electric and Gas Corporation, in turn a subsidiary of NY PA NJ Utilities Company, a registered holding company, concerning the issue and/or sale of Refunding and Improvement Mortgage 4% Bonds, due July 1, 1939, in the principal amount of $2,000,000; such issue and/or sale to be under and by virtue of an extension agreement to be dated as of July 15, 1938, made by and between the declarant to Irving Trust Company as Trustee and The Chase National Bank of the City of New York and the President and Directors of The Manhattan Company, which provides for the extension of the maturity date of the declarant's outstanding $2,000,000 principal amount of Refunding and Improvement Mortgage 4% Bonds, originally due August 15, 1937, and extended to July 15, 1938.

IN THE MATTER OF MOUNTAIN STATES POWER COMPANY

NOTICE OF AND ORDER FOR HEARING

An application pursuant to section 11 (f) of the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by H. S. Payson Rowe, Julian D. Anthony, W. H. Duff, T. A. Phillips, F. T. Pratt and E. B. Sherwin as a protective committee representing holders of First Mortgage Gold Bonds (Series A, 5%, due January 1, 1938; Series B, 6%, due January 1, 1938) of Mountain States Power Company;

It is ordered, That a hearing on such matter be held on July 6, 1938, at 10:00 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue, NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That Richard Townsend or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to continue or postpone said hearing from time to time or to a date thereafter to be fixed by such presiding officer.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before July 1, 1938.

The matter concerned herewith is in regard to a plan of reorganization of said Mountain States Power Company which this application asks this Commission to approve prior to submission of such plan to the District Court of the United States for the District of Delaware in proceedings therein pending for the reorganization of said company under Section 77B of the Bankruptcy Act.

TITLE 7—AGRICULTURE

AGRICULTURAL ADJUSTMENT ADMINISTRATION

DETERMINATION REGARDING ALLOTMENT OF THE 1938 LIQUID SUGAR QUOTAS

Section 208 of the Sugar Act of 1937 establishes quotas for liquid sugar for foreign countries for each calendar year. Under the provisions of section 205 (a) of said act the Secretary of Agriculture is required to allot these liquid sugar quotas whenever he finds that the allotment is necessary (1) to assure an orderly and adequate flow of liquid sugar in the channels of interstate or foreign commerce, (2) to prevent disorderly marketing or importation of liquid sugar, (3) to maintain a continuous and stable supply of liquid sugar, or (4) to afford all interested persons an equitable opportunity to market liquid sugar within any area's quota. Section 205 (a) also provides that such allotments shall be made after such hearing and upon such notice as the Secretary may by regulations prescribe.

On January 19, 1938, the Acting Secretary of Agriculture, pursuant to General Sugar Regulations, Series 2, No. 2,[1] issued a notice of a public hearing to be held in Washington, D. C. on February 1, 1938,[2] for the purpose of receiving evidence to enable the Secretary of Agriculture to make a fair, efficient, and equitable distribution of the liquid sugar quotas among persons who bring liquid sugar from foreign countries into the continental United States, and such other evidence as might be pertinent to the exercise of the powers vested in the Secretary under Section 205 (a) of the act.

Section 205 (a) of the act requires a preliminary finding of the Secretary as a condition precedent to the calling of a hearing. The notice of hearing and designation of presiding officers issued by the Acting Secretary on January 19, 1938, provided in part as follows:

"Pursuant to the authority contained in Section 205 (a) of the Sugar Act of 1937 (Public, No. 414, 75th Congress) and on the basis of the information now before me, I, Harry L. Brown, Acting Secretary of Agriculture, do hereby find that the allotment of the 1938 liquid sugar quotas for foreign countries, established pursuant to section 208 of the said act, is necessary to afford all interested persons an equitable opportunity to market such sugar • • •."

The preliminary finding was made upon the basis of information which the Acting Secretary had indicating that without an allotment interested persons would not be afforded an equitable opportunity to purchase supplies of liquid sugar and, as a result, would not have an equitable opportunity to market liquid sugar.

The hearing was held at the time and place mentioned in the notice of hearing and a number of witnesses appeared and testified. Only one witness testified that the making of allotments was necessary and the reason as stated by him was that his company was not able to secure its supplies of liquid sugar for 1938 (Wadsworth, R. p. 30). The other witnesses opposed the making of allotments and two of them testified that such action would eliminate competitive bidding by importers for liquid sugar and would tend to create a monopoly (Wilson, R. p. 76; Boots, R. p. 101).

As stated above, one company requested that the allotment be made. Considerable testimony was given at the hearing bearing upon the question whether this company was afforded an equitable opportunity to purchase its supplies of liquid sugar. Such testimony indicates that the failure of this company to obtain its supplies of liquid sugar was due to its refusal to pay the price asked for such supplies. The mill from which this company had been purchasing its supplies offered the 1938 supply to this company first (Wadsworth, R. pp. 18, 20, 22, 25; Douglas, R.

The testimony given at the hearing of February 1, 1938, does not substantiate the information on which the preliminary finding was based. On the basis of the record of the hearing, it is hereby determined:

That the allotment of the 1938 liquid sugar quotas for foreign countries is not necessary in order to afford all interested persons an equitable opportunity to market such sugar.

FEDERAL TRADE COMMISSION

United States of America—Before Federal Trade Commission

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 7th day of June, A. D. 1938.

Commissioners: Garland S. Ferguson, Chairman; Charles H. March, Ewin L. Davis, William A. Ayres, Robert E. Freer.

[Docket No. 3379]

IN THE MATTER OF G. M. MOSES AND J. AVERBACH, INDIVIDUALS, DOING BUSINESS AS SUPERWEAR HOSIERY COMPANY

ORDER TO CEASE AND DESIST

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the answer filed herein on May 13, 1938, by respondents, admitting all the material allegations of the complaint to be true, and waiving the taking of further evidence and all other intervening procedure, and the Commission having made its findings as to the facts and its conclusion that said respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondents, G. M. Moses and J. Averbach, individuals, doing business as Superwear Hosiery Company, or under any other name or style, their representatives, agents, and employees, in connection with the offering for sale, sale and distribution of men's and women's hosiery in interstate commerce and in the District of Columbia, do forthwith cease and desist from:

Representing in newspapers or magazines, or through circulars, catalogs, labels, or in any other form of printed matter, or in any other way:

(1) That respondents' hosiery is woven with a special lock-stitch which prevents it from snagging, running or developing holes;

(2) That respondents' hosiery will wear better and last longer than the hosiery manufactured, offered for sale, and sold by competitors;

(3) That the purchasers' orders will be filled in accordance with the representations made by respondents' salesmen;

when such are not the facts.

It is further ordered, That said respondents, in conducting their business in interstate commerce and in the District of Columbia, do forthwith cease and desist from misrepresenting in any manner whatsoever the nature or character of the employment offered by them to salesmen, agents, solicitors or other persons in soliciting prospective purchasers and selling their products, or the manner of deriving compensation or the amount thereof to be derived from said employment, or from representing that any products or samples are given away free to persons so employed when such is not the fact.

And it is hereby further ordered, That the said respondents shall, within sixty (60) days from the date of service upon them of this order, file with this Commission a report in writing setting forth the manner and form in which they shall have complied with this order.

By the Commission.

[*Here follows, in the original document, the text of Public 506, 75th Congress, approved, May 11, 1938, entitled "AN ACT To regulate the leasing of certain Indian lands for mining purposes."*]

To carry these provisions of law into effect, except as to the reservations named in Section 6 of the above quoted act where separate regulations are in effect, the following regulations are prescribed:

DEFINITIONS

SECTION 1. The term "superintendent" herein refers to the superintendent or other office of the Indian Service or of the Government who may have jurisdiction over the lands involved.

The term "supervisor" herein refers to a representative of the Secretary of the Interior, under direction of the Geological Survey, authorized and empowered to supervise and direct operations under oil and gas or other mining leases, to furnish scientific and technical information and advice, to ascertain and record the amount and value of production, and to determine and record rentals and royalties due and paid.

HOW TO ACQUIRE LEASES

SEC. 2. *Tribal Council may authorize leases to be made.*—The Tribal Council of any Indian tribe, speaking for such Indians by resolution properly authenticated, may authorize the Secretary of the Interior to advertise the sale of leases for mining purposes on their tribal lands not needed for farming or agricultural purposes. Except where a tribe is organized to execute its own leases pursuant to tribal constitution and charter adopted and approved pursuant to provisions contained in the act of June 18, 1934 (48 Stat. 984), the act of May 1, 1936 (49 Stat. 1250) or the act of June 26, 1936 (49 Stat. 1967), the Secretary of the Interior may thereafter authorize and empower any person to be by him designated to execute for and on behalf of any tribe, and subject to his approval, all leases on such lands for oil and gas or other mining purposes.

SEC. 3. *Sale of oil and gas leases.*—At such times as the Secretary of the Interior may direct, after being authorized by the tribal council, the superintendent shall publish and distribute notices, at least 15 days prior to the sale, that oil and gas leases on specific tracts, each of which shall be in a compact body, will be offered at public auction to the highest responsible bidder. The successful bidder must deposit with the superintendent, on the day of the sale, a certified check or bank draft on a solvent bank in an amount equal to 20 per cent of the bonus bid and of the first year's rental as a guaranty of good faith. The balance of the bonus and of the first year's rental shall be paid and the lease in completed form shall be filed with the superintendent within 20 days after the lease is forwarded to the lessee for execution, unless such period shall have been extended by the superintendent for good and sufficient reason. If the successful bidder fails to complete the lease or pay the full consideration within said period or extension thereof, or if the lease is disapproved through no fault of the lessor or of the Department, the amount of bonus and rental deposited will be forfeited, as liquidated damages, for the use and benefit of the Indian lessor.

All notices or advertisements of sales of oil and gas leases shall reserve to the Secretary of the Interior the right to reject all bids when in his judgment the interests of the Indians will be best served by so doing, and that if no satisfactory bid is received, or if the accepted bidder fails to complete the lease, or if the Secretary of the Interior shall determine that it is unwise in the interests of the Indians to accept the highest bid, the Secretary may readvertise such lease for sale, or if deemed advisable, with the consent of the Tribal Council or other governing tribal authorities, a lease may be made by private negotiations.

SEC. 4. *Government employees cannot acquire leases.*—No lease, assignment thereof, or interest therein will be approved to any employee or employees of the United States Government whether connected with the Indian Service or otherwise, and no employee of the Interior Department shall be permitted to acquire any interest in any mineral lease covering restricted Indian lands by ownership of stock in corporations having such leases or in any other manner.

SEC. 5. *Corporations and corporate information.*—If the applicant for a lease is a corporation, it shall file evidence of authority of its officers to execute papers; and with its first application it shall also file a certified copy of its articles of incorporation, and, if foreign to the State in which the lands are located, evidence showing compliance with the corporation laws thereof.

Statements of changes in officers and stockholders shall be furnished by a corporation lessee to the superintendent January 1 of each year, and at such other times as may be requested.

Whenever deemed advisable in any case the superintendent may require a corporation applicant or lessee to file:

(I) Lists of officers, principal stockholders, and directors, with post-office addresses and number of shares held by each.

(II) A sworn statement of the proper officer showing:

(a) The total number of shares of the capital stock actually issued and the amount of cash paid into the treasury on each share sold; or, if paid in property, the kind, quantity, and value of the same paid per share.

(b) Of the stock sold, how much remains unpaid and subject to assessment.

(c) The amount of cash the company has in its treasury and elsewhere.

(d) The property, exclusive of cash, owned by the company and its value.

(e) The total indebtedness of the company and the nature of its obligations.

(f) Whether the applicant or any person controlling, controlled by or under common control with the applicant has filed any registration statement, application for registration, prospectus or offering sheet with the Securities and Exchange Commission pursuant to the Securities Act of 1933 or the Securities Exchange Act of 1934 or said Commission's rules and regulations under said Acts; if so, under what provision of said Acts or rules and regulations; and what disposition of any such statement, application, prospectus or offering sheet has been made.

(III) Affidavits of individual stockholders, setting forth in what corporations or with what persons, firms, or associations such individual stockholders are interested in mining leases on restricted lands within the State, and whether they hold such interests for themselves or in trust.

SEC. 6. *Bond.*—Lessees shall furnish with each lease, a bond (form 5–157c) with an acceptable company authorized to act as sole surety. Such bond shall be in amount as follows: For less than 80 acres, $1,000; for 80 acres and less than 120 acres, $1,500; for 120 acres and not more than 160 acres, $2,000; and for each additional 40 acres, or part thereof, above 160 acres, $500: *Provided*, That a lessee may file one bond (form 5–157f) in the sum of $15,000, covering all leases of a particular class in any one State up to 10,240 acres, to which he is or may become a party. The right is reserved at any time before or after approval of the lease to increase the amount of a bond above the sum named, in any case where the Secretary of the Interior deems it proper to do so. Personal surety bonds may be accepted where the sureties deposit as collateral with the said Secretary of the Interior any public-debt obligations of the United States guaranteed as to principal and interest by the United States equal to the full amount of such bonds, or other collateral satisfactory to the Secretary of the Interior, or show ownership of unencumbered real estate of a value equal to twice the amounts of the bonds. In lieu of other bonds, lessees may execute their own surety contracts upon deposit, with the Secretary of the Interior, of Government bonds, equal in value to the full amount of the bond, as collateral (form 5–154a).

SEC. 7. *Lessees to furnish additional information.*—The superintendent may, either before or after approval of a lease, call for any additional information desired to carry out these regulations. If a lessee shall fail to furnish the papers necessary to put his lease and bond in proper form for consideration, the superintendent shall forward such lease for disapproval.

SEC. 8. *Lands to be in compact body.*—The area covered by a lease shall be in a reasonably compact body and shall conform to the system of public-land surveys, except that leases covering lode ground may consist of one or more adjoining parallelograms 1,500 feet in length by 600 feet in width, as provided by the United States mining laws. No lease under these regulations shall convey any extralateral rights, and no coal lease shall have a length exceeding one mile along the outcrop.

ACREAGE LIMITATION

SEC. 9. (a) Except in the State of Oklahoma, no individual, corporation, partnership, company, or association shall be permitted to hold under leases for oil and/or gas mining purposes, restricted allotted or unallotted Indian lands in any one State in excess of 10,240 acres in the aggregate: *Provided*, That any such individual, corporation, partnership, company, or association may hold leases on not to exceed 10,240 acres of tribal lands within that part of the Navajo Reservation lying within the State of New Mexico, irrespective of other holdings in said State: *Provided further*, That the acreage leased by any officer or director of a company shall be charged against the company, and vice versa, and the acreage shall also be charged in the case of stockholders owning 40 or more per cent of the stock. The acreage of companies having common stockholders owning a majority of the stock of each company shall be charged against each other, or in case such companies have one or more common officers or directors. In all other cases each corporation will be considered a separate and distinct entity.

(b) On deposits of the nature of lodes or veins, containing ores of gold, silver, copper, lead, zinc, or other useful metals, not more than 640 acres.

(c) For beds of placer gold, gypsum, asphaltum, phosphate, iron ores, or other useful minerals other than coal, oil, and gas, not more than 960 acres.

(d) For coal, not more than 10,240 acres.

TERM OF LEASES

SEC. 10. Oil and gas mining leases shall be made for periods of ten years from the date of approval by the Secretary of the Interior and as much longer as the substances specified in the lease are produced in paying quantities.

Leases for minerals other than oil and gas shall be for a period of ten years.

GOVERNMENT RESERVES RIGHT TO BUY MINERALS PRODUCED

SEC. 11. In time of war or other public emergency all of the executive departments of the United States Government shall have the option to purchase at the posted market price on the date of sale all or any part of the substance or substances produced under any lease.

RENTS AND ROYALTIES

SEC. 12. *Manner of payments.*—Except where otherwise provided by the terms of leases where the tribes are organized under the act of June 18, 1934 (48 Stat. 984), all rents and other payments due under leases which have been or may be approved by the Secretary of the Interior shall be paid to the superintendent or to such other persons as may be designated by the Secretary of the Interior, for the benefit of the lessors. Except advance payments for the first year which shall be sent direct to the superintendent at the time of filing leases, payments of rental and royalty under leases shall be transmitted through the supervisor, shall be accompanied by a statement by the lessee, in triplicate, showing the specific items of rental or royalty that the remittance is intended to cover, and shall be made at such time or times as the lease provides.

In the event of the discovery of minerals in paying quantities all advance payments shall be allowed as credit on stipulated royalties for the year for which such advance payments have been made. No refund will be made under oil, gas, or other mining leases, in the event that royalty from production is not sufficient to equal the advance payment, nor will any part of the moneys so paid be refunded to the lessee because of any subsequent surrender or cancellation of the lease, nor shall the lessee be relieved from the obligation to pay said advance rental annually when it becomes due, by reason of any subsequent surrender or cancellation of the lease.

SEC. 13. *Rates of rentals and royalties under oil and gas leases.*—The lessee shall pay, beginning with the date of approval of oil and gas leases by the Secretary of the Interior, a rental of $1.25 per acre per annum in advance during the continuance thereof, together with a royalty of 12½ per cent of the value or amount of all oil, gas, and/or natural gasoline, and/or all other hydrocarbon substances produced and saved from the land leased, save and except oil, and/or gas used by the lessee for development and operation purposes on the lease, which oil or gas shall be royalty free. During the period of supervision, "value" for the purposes of the lease may, in the discretion of the Secretary of the Interior, be calculated on the basis of the highest price paid or offered (whether calculated on the basis of short or actual volume) at the time of production for the major portion of the oil of the same gravity, and gas, and/or natural gasoline, and/or all other hydrocarbon substances produced and sold from the field where the leased lands are situated, and the actual volume of the marketable product less the content of foreign substances as determined by the supervisor. The actual amount realized by the lessee from the sale of said products may, in the discretion of the Secretary of the Interior, be deemed mere evidence of or conclusive evidence of such value. When paid in value, such royalties shall be due and payable monthly on the last day of the calendar month following the calendar month in which produced; when royalty on oil produced is paid in kind, such royalty oil shall be delivered in tanks provided by the lessee on the premises where produced without cost to the lessor unless otherwise agreed to by the parties thereto, at such time as may be required by the lessor. The lessee shall not be required to hold such royalty oil in storage longer than 30 days after the end of the calendar month in which said oil is produced. The lessee shall be in no manner responsible or held liable for loss or destruction of such oil in storage by causes beyond the lessee's control. In determining the value for royalty purposes of products, such as natural gasoline, that are derived from treatment of gas, a reasonable allowance for the cost of manufacture shall be made, such allowance to be two-thirds of the value of the marketable product unless otherwise determined by the Secretary of the Interior on application of the lessee or on his own initiative, and that royalty will be computed on the value of gas or casinghead gas, or on the products thereof (such as residue gas, natural gasoline, propane, butane, etc.), whichever is the greater.

If the leased premises produce gas in excess of the lessee's requirements for the development and operation of said premises, then the lessor may use sufficient gas, free of charge, for any desired school or other buildings belonging to the tribe, by making his own connections to a regulator installed, connected to the well and maintained by the lessee, and the lessee shall not be required to pay royalty on gas so used. The use of such gas shall be at the lessor's risk at all times.

SEC. 14. *Annual rentals and expenditures for development on leases other than oil and gas.*—Lessees other than oil and gas lessees shall pay on all leases annually in advance for the first calendar year or fraction thereof a rent of 25 cents per acre; for the second and third years, 50 cents per acre; and for the fourth and each succeeding calendar year $1 per acre.

On all leases of class (b) referred to in section 9 of these regulations, there shall be expended annually in actual mining operations, development, or improvements upon the land leased, or for the benefit thereof, a sum which, with the annual rental, shall amount to not less than $5 per acre.

On all leases of class (c) referred to in section 9 of these regulations, there shall be expended annually in actual mining operations, development, or improvements upon the land leased, or for the benefit thereof, a sum which, with the annual rental, shall amount to not less than $100 for each 160 acres or fraction thereof included in the lease.

On all leases of class (d) referred to in section 9 of these regulations there shall be expended annually in actual mining operations, development, or improvements upon the land leased, or for the benefit thereof, a sum which, with the annual rental, shall amount to not less than $10 per acre.

Each lessee of a nonproducing lease designated in class (b), (c), or (d) in section 9 of these regulations, shall file with the superintendent an itemized statement in duplicate within 20 days after the close of each calendar year of the amount and character of said expenditure during such year, the statement to be certified under oath by the lessee or his agent having personal knowledge of the facts contained therein.

SEC. 15. *Royalty rates for minerals other than oil and gas.*—For substances other than gold, silver, copper, lead, zinc, tungsten, coal, asphaltum and allied substances, oil, and gas, the lessee shall pay quarterly or as otherwise provided in the lease, a royalty of not less than ten per cent of the value, at the nearest shipping point, of all ores, metals, or minerals marketed.

For gold, silver, copper, lead, zinc, and tungsten, the lessee shall pay quarterly or as otherwise provided in the lease, a royalty of not less than ten per cent, to be computed on the value of bullion as shown by mint returns after deducting forwarding charges to the point of sale, and to be computed on the value of ores and concentrates as shown by reduction returns after deducting freight charges to the point of sale. Duplicate returns shall be filed by the lessee with the superintendent within ten days after the ending of the quarter or other period specified in the lease within which such returns are made: *Provided, however*, That the lessee shall pay quarterly or as otherwise provided in the lease, a royalty of not less than ten per cent of the value of ores and concentrates sold at the mine.

For coal the lessee shall pay quarterly or as otherwise provided in the lease, a royalty of not less than ten cents per ton of 2,000 pounds of mine-run, or coal as taken from the mine, including what is commonly called "slack".

For asphaltum and allied substances the lessee shall pay quarterly or as otherwise provided in the lease, a royalty of not less than 10 cents per ton of 2,000 pounds on crude material and of not less than 60 cents per ton on refined substances.

SEC. 16. *Time of making royalty payments.*—Royalty payments under producing oil and gas leases shall be made monthly on or before the last day of the calendar month following the calendar month for which such payment is to be made.

SEC. 17. *Division orders.*—Lessees may make arrangements with the purchasers of oil for the payment of the royalties to the superintendent by such purchasers, but such arrangement, if made, shall not operate to relieve a lessee from responsibility should the purchaser fail or refuse to pay royalties when due. Where lessees avail themselves of this privilege, division orders permitting the pipe line companies or other purchasers of the oil to withhold the royalty interest shall be executed and forwarded to the supervisor for approval, as pipe line companies are not permitted to accept or run oil from leased Indian lands until after the approval of a division order showing that the lessee has a lease regularly approved and in effect. When the lessee company runs its own oil, it shall execute an intra-company division order and forward it to the supervisor for his consideration. The right is reserved for the supervisor to cancel a division order at any time or require the pipe line company to discontinue to run the oil of any lessee who fails to operate the lease properly or otherwise violates the provisions of the lease, of these regulations, or of the operating regulations.

When oil is taken by authority of a division order, the lessee or his representative shall be actually present when the oil is gauged and records are made of the temperature, gravity, and impurities. The lessee will be held responsible for the correctness and the correct recording and reporting of all of the foregoing measurements; which, except lowest gauge, shall be made at the time the oil is turned into the pipe line. Failure of the lessee to perform properly these duties will subject the division order to revocation.

OPERATIONS

SEC. 18. *Inspection of leased premises, and books and accounts of lessee.*—Lessees shall agree to allow the lessors and their agents or any authorized representative of the Interior Department to enter, from time to time, upon and into all parts of the leased premises for the purpose of inspection, and shall further agree to keep a full and correct account of all

operations and make reports thereof, as required by the regulations of the Department governing operations on public and restricted Indian lands; and their books and records, showing manner of operations and persons interested, shall be open at all times for examination of such officers of the Department as shall be instructed in writing by the Secretary of the Interior or authorized by regulations, to make such examination.

SEC. 19. *Diligence, and prevention of waste.*—The lessee shall exercise diligence in drilling and operating wells for oil and gas on the leased lands while such products can be secured in paying quantities; carry on all operations in a good and workmanlike manner in accordance with approved methods and practice, having due regard for the prevention of waste of oil or gas developed on the land, or the entrance of water through wells drilled by the lessee to the productive sands or oil or gas-bearing strata to the destruction or injury of the oil or gas deposits, the preservation and conservation of the property for future productive operations, and to the health and safety of workmen and employees; plug securely all wells before abandoning the same and to shut off effectually all water from the oil or gas-bearing strata; not drill any well within 200 feet of any house or barn on the premises without the lessor's written consent approved by the superintendent; carry out at his expense all reasonable orders and requirements of the supervisor relative to prevention of waste, and preservation of the property and the health and safety of workmen; bury all pipelines crossing tillable lands below plow depth unless other arrangements therefor are made with the superintendent; pay the lessor all damages to crops, buildings, and other improvements of the lessor occasioned by the lessee's operations: *Provided*, That the lessee shall not be held responsible for delays or casualties occasioned by causes beyond the lessee's control.

SEC. 20. *Permission to start operations.*—No operations will be permitted on any lease before it is approved by the Secretary of the Interior.

Written permission must be secured from the supervisor before any operations are started on the leased premises. After such permission is secured the operations must be in accordance with the operating regulations promulgated by the Secretary of the Interior. Copies of these regulations may be secured from either the supervisor or the superintendent and no operations should be attempted without a study of the operating regulations.

SEC. 21. *Restrictions on operations.*—Oil and gas leases issued under the provisions of these regulations shall be subject to imposition by the Secretary of the Interior of such restrictions as to time or times for the drilling of wells and as to the production from any well or wells as in his judgment may be necessary or proper for the protection of the natural resources of the leased land and in the interest of the lessor. In the exercise of his judgment the Secretary of the Interior may take into consideration, among other things, the Federal laws, State laws, regulations by competent Federal or State authorities, lawful agreements among operators regulating either drilling or production, or both, and any regulatory action desired by tribal authorities.

All such leases shall be subject to any co-operative or unit development plan affecting the leased lands that may be required by the Secretary of the Interior, but no lease shall be included in any co-operative or unit plan without prior approval of the Secretary of the Interior, and consent of the Indian tribe affected.

SEC. 22. *Penalties.*—Failure of the lessee to comply with any provisions of the lease, of the operating regulations, of these regulations, order of the superintendent or his representative, or of the orders of the supervisor or his representative, shall subject the lease to cancellation by the Secretary of the Interior or the lessee to a penalty of not more than $500 per day for each and every day the terms of the lease, the regulations, or such orders are violated; or to both such penalty and cancellation: *Provided*, That the lessee shall be entitled to notice and hearing, within 30 days after such notice, with respect to the terms of the lease, regulations, or orders violated, which hearing shall be held by the supervisor, whose findings shall be conclusive unless an appeal be taken to the Secretary of the Interior within 30 days after notice of the supervisor's decision, and the decision of the Secretary of the Interior upon appeal shall be conclusive.

SEC. 23. *Mines to be timbered properly.*—In mining operations the lessee shall keep the mine well and sufficiently timbered at all points where necessary, in accordance with good mining practice, and in such manner as may be necessary to the proper preservation of the leased property and safety of the workmen.

SEC. 24. *Surrender of leased premises in good condition.*—On expiration of the term of a lease, or when a lease is surrendered, the lessee shall deliver to the Government the leased ground with the mine workings in good order and condition, and bondsmen will be held for such delivery in good order and condition, unless relieved by the Secretary of the Interior for cause. It shall, however, be stipulated that the machinery necessary to operate the mine is the property of the lessee, but that it may be removed by him only after the condition of the property has been ascertained by inspection by the Secretary of the Interior or his authorized agents, to be in satisfactory condition.

FEES

SEC. 25. All leases and assignments shall be executed in sextuplet and when filed with the superintendent shall be accompanied by a filing fee of $5 which is hereby required pursuant to provisions contained in the act of February 14, 1920 (41 Stat. 408–415), as amended by the act of March 1, 1933 (47 Stat. 1417; 25 U. S. C. 413). This fee will be refunded in case the instrument is disapproved.

ASSIGNMENTS

SEC. 26. (a) Approved leases or any interest therein may be assigned or transferred only with the approval of the Secretary of the Interior, and to procure such approval the assignee must be qualified to hold such lease under existing rules and regulations and shall furnish a satisfactory bond conditioned for the faithful performance of the covenants and conditions thereof: *Provided*, That in order for such assignment to receive favorable consideration the lessee shall assign either his whole interest or an undivided interest in the whole lease.

(b) No lease or interest therein or the use of such lease shall be assigned, sublet, or transferred, directly or indirectly, by working or drilling contract, or otherwise, without the consent of the Secretary of the Interior.

(c) Assignments of leases, and stipulations modifying the terms of existing leases, which stipulations are also subject to the approval of the Secretary of the Interior, shall be filed with the superintendent within 30 days after the date of execution.

CANCELLATIONS

SEC. 27. When, in the opinion of the Secretary of the Interior, the lessee has violated any of the terms and conditions of a lease or of the applicable regulations, the Secretary of the Interior shall have the right at any time after 30 days' notice to the lessee specifying the terms and conditions violated, and after a hearing, if the lessee shall so request within 30 days after issuance of the notice, to declare such lease null and void, and the lessor shall then be entitled and authorized to take immediate possession of the land.

On the following conditions, the lessee may, on approval of the Secretary of the Interior, surrender a lease or any part of it:

(a) That he make application for cancellation to the superintendent having jurisdiction over the land.

(b) That he pay a surrender fee of one dollar at the time the application is made.

(c) That he pay all royalties and rentals due to the date of such application.

(d) That he make a satisfactory showing that full provision has been made for conservation and protection of the property and that all wells, drilled on the portion of the lease surrendered, have been properly abandoned.

(e) If the lease has been recorded, that he file, with his application, a recorded release of the acreage covered by the application.

(f) If the application is for the cancellation of the entire lease or the entire undivided portion, that he surrender the lease: *Provided*, That where the application is made by an assignee to whom no copy of the lease was delivered, he will be required to surrender only his copy of the assignment.

(g) If the lease (or portion being surrendered or canceled) is owned in undivided interests by more than one party, then all parties shall join in the application for cancellation.

(h) That all required fees and papers must be in the mail or received on or before the date upon which rents and royalties become due, in order for the lessee and his surety to be relieved from liability for the payment of such royalties and rentals.

(i) If there has been a contest respecting a lease or leases, the approved, the disapproved, or the canceled parts thereof will be held in the office of the superintendent for five days after the Department's decision has been promulgated, by mail or delivery, and will not be delivered, if within that period a motion for review and reconsideration be filed, until such motion is passed upon by the Department.

(j) In the event oil or gas is being drained from the leased premises by wells not covered by the lease; the lease, or any part of it, may be surrendered only on such terms and conditions as the Secretary of the Interior may determine to be reasonable and equitable.

No part of any advance rental shall be refunded to the lessee nor shall he be relieved, by reason of any subsequent surrender or cancellation of the lease, from the obligation to pay said advance rental when it becomes due.

EFFECTIVE DATE OF THESE REGULATIONS

SEC. 28. These regulations shall become effective and in full force from and after the date of approval, and shall be subject to change or alteration at any time by the Secretary of the Interior: *Provided*, That no regulations made after the approval of any lease shall operate to affect the term of the lease, rate of royalty, rental, or acreage unless agreed to by both parties to the lease. All former regulations governing the leasing of tribal lands for mining purposes are superseded by these regulations.

EXEMPTION OF LEASES MADE BY ORGANIZED TRIBES

SEC. 29. These regulations may be superseded by the provisions of any tribal constitution, bylaw or charter issued pursuant to the Indian Reorganization Act of June 18, 1934 (48 Stat. 984), the Alaska Act of May 1, 1936 (49 Stat. 1250), or the Oklahoma Indian Welfare Act of June 26, 1936 (49 Stat. 1967), or by ordinance, resolution or other action authorized under such constitution, bylaw or charter. These regulations, in so far as they are not so superseded, shall apply to leases made by organized tribes if the validity of the lease depends upon the approval of the Secretary of the Interior.

FORMS

SEC. 30. Applications, leases, and other papers must be upon forms prescribed by the Secretary of the Interior, and the superintendent will furnish prospective lessees with such forms at a cost of ten cents each or $1 per set.

Form 5–154a. Lessee's personal bond supported by Government securities.
Form 5–157. Oil and Gas Lease.
Form 5–157b. Mining lease other than oil and gas.
Form 5–157c. Bond for separate leases.
Form 5–157d. Authority of officers to execute papers.
Form 5–157e. Assignment.
Form 5–157f. Collective bond.
Form 5–157g. Stipulation.

Moneys received from the sale of forms should be deposited as Miscellaneous Receipts to the credit of Receipt Account 145060 "Sale of Forms" unless the expense of printing the forms was paid from tribal moneys, in which event, the receipts from the sale of the forms should be deposited to the credit of the tribe.

MAY 25, 1938.

The foregoing regulations are respectfully submitted to the Secretary of the Interior with the recommendation that they be approved.

JOHN HERRICK,
Acting Commissioner of Indian Affairs.

Approved, May 31, 1938.

OSCAR L. CHAPMAN,
Assistant Secretary of the Interior.

AMENDMENT TO SECTION 6 OF REGULATIONS GOVERNING LEASING OF SEGREGATED COAL AND ASPHALT DEPOSITS IN THE CHOCTAW AND CHICKASAW NATIONS, OKLAHOMA

ADDING OF ADDITIONAL ACREAGE TO EXISTING LEASES; EXTENSION OF TIME WITHIN WHICH PURCHASERS OF SUCH DEPOSITS MAY COMPLETE PAYMENTS UNDER ACT OF CONGRESS APPROVED APRIL 21, 1932 [1]

Section 6 of the regulations is hereby amended to read as follows:

"Lessees shall mine on each lease not less than fifteen thousand tons of coal annually, or pay royalty at ten cents a ton as if said amount of coal had been mined. A payment of five hundred dollars on the minimum tonnage royalty shall be made annually in advance commencing with the date of approval of the lease by the Secretary of the Interior. The five hundred dollar payment for the first year shall be made at the time of the filing of the lease in the office of the Superintendent for the Five Civilized Tribes and like payments for subsequent years shall be made annually in advance upon the anniversary date of the approval of the lease: *Provided*, That said lessee may take credit against said five hundred dollars on royalty becoming due on coal mined at any time during the year for which such advance royalty was paid: *Provided further*, That upon failure or neglect of any lessee to pay such advance royalty or the royalty becoming due each month on coal mined under each lease, for sixty days after such advance or monthly royalty becomes due, shall subject such lease to cancellation by the Secretary of the Interior upon thirty days notice from him or such officer as he may designate, and upon such cancellation all royalties standing to the credit of any lease shall thereby be forfeited and become the property of said nations: *And provided further*, That no part of the royalty paid for any year shall be credited on the minimum royalty due for any prior or subsequent year."

Approved, May 31, 1938.

OSCAR L. CHAPMAN,
Assistant Secretary of the Interior.

TITLE 7—AGRICULTURE

AGRICULTURAL ADJUSTMENT ADMINISTRATION

[Form 38—Tobacco 11]

INSTRUCTIONS FOR DETERMINATION OF FLUE-CURED TOBACCO FARM MARKETING QUOTAS FOR 1938

PART 1. PROCEDURE FOR DETERMINATION OF FLUE-CURED TOBACCO MARKETING QUOTAS

SECTION I. *General outline of method of establishing farm marketing quotas.*—This section outlines, in general terms, the procedure for establishing flue-cured tobacco farm marketing quotas in accordance with the provisions of the Agricultural Adjustment Act of 1938. The term "tobacco" as used in these instructions means flue-cured tobacco unless otherwise indicated.

A. *Farms for which quotas will be established.*—A marketing quota will be established for each farm on which tobacco is produced in the year 1938. For the purpose of establishing farm marketing quotas, farms are divided into two general classes:

1. *Old farms.*—Farms producing tobacco in 1938 and on which tobacco also was produced in one or more of the four years, 1934–37 will be referred to as "old farms." An old farm will also be referred to as a "large farm" if for the three years, 1935–37, the average tobacco production and diversion was more than 3,200 pounds, and as a "small farm" if the three-year average was 3,000 pounds or less. Diversion means the normal production of the acres on the farm diverted from the production of tobacco during the three years, 1935–37, under agricultural adjustment or conservation programs.

2. *New farms.*—Farms on which tobacco is produced in the year 1938 for the first time since the year 1933 will be referred to as "new farms."

B. *Basis for the establishment of farm marketing quotas.*—1. *Old farms.*—(a) Quotas for all old farms will be established by allotting the State marketing quota among such farms on the basis of the following factors: (1) past marketings of tobacco, making due allowance for abnormal weather conditions and plant diseases; (2) land, labor, and equipment available for the production of tobacco; (3) crop-rotation practices; and (4) the soil and other physical factors affecting the production of tobacco. The quota for an old farm will not be less than the smaller of 3,200 pounds or the three-year (1935–37) average tobacco production and diversion.

(b) An addition to the State quota, of a number of pounds not exceeding four percent of such quota, will be used in the State to increase quotas for old farms which are inadequate in view of the past production of tobacco on the farm.

2. *New farms.*—Marketing quotas will be established for new farms by the allotment among such farms of a number of pounds equal to three percent of the national marketing quota of 705,000,000 pounds. These allotments will be made upon the basis of the same factors as for old farms, except past marketings of tobacco. The marketing quota established for a new farm cannot be more than 75 percent of the quota which would be established for an old farm which was similar with respect to such factors.

C. *Determination of normal marketings.*—The first step in the procedure for the establishment of farm marketing quotas will be to determine for each farm on which tobacco is produced in 1938 a "normal marketings" based upon the same factors as are required to be taken into consideration in establishing farm marketing quotas (Sec. II). The normal marketings for old farms will be the sum of (1) seventy-five percent of the "adjusted past marketings" which will be calculated so as to take into account the marketings from the farm during the three years 1935–37 (making due allowance for abnormal weather conditions and plant diseases) and the soil and other physical factors affecting the production of tobacco on the farm (Sec. II, A), and (2) 25 percent of the marketings indicated by the land, labor and equipment available for the production of tobacco on the farm (Sec. II, B). The normal marketings for new farms will be 100 percent of the marketings indicated by the land, labor and equipment available for the production of tobacco on the farm (Sec. II, B). However, the normal marketings for a farm computed as indicated above, will be subject to certain limitations (Sec. III). These limitations will be measured by a factor representing the acreage necessary to permit crop-rotation practices on the farm (Sec. III, B) and also by the 1938 acreage of tobacco on the farm (Sec. III, A), the land, labor and equipment available for the production of tobacco on the farm in 1938 (Sec. III, C) and the past marketings of tobacco (Sec. III, D).

D. *Establishment of farm marketing quotas on the basis of normal marketings.*—Farm marketing quotas will be established by adjusting normal marketings in the following manner:

1. *Old farms.*—The total of the normal marketings of all old farms in each State will be brought within the State marketing quota by adjusting the normal marketings of each old farm in the State by a uniform percentage. The normal marketings for old farms, after being thus adjusted, will be subject to such further adjustment as is necessary in order to provide each such farm with a "minimum quota" (the smaller of 3,200 pounds or the three year, 1935–37, average production plus diversion) and at the same time keep the total of the quotas for all such farms within the State quota. Normal marketings for a farm, as finally adjusted, will constitute the farm marketing quota (Sec. IV, A). Farm marketing quotas, established as indicated above for old farms, will be increased if they are found, under prescribed standards, to be inadequate in view of past production on the farm. The 4 percent addition to the State marketing quota will be used for this purpose (Sec. IV, C).

2. *New farms.*—The total marketing quotas of all new farms will be brought within the amount represented by three percent of the national quota of 705,000,000 pounds by adjusting the normal marketings for all new farms in the United States by a uniform percentage. The normal marketings for a new farm, thus adjusted, will be the farm marketing quota (Sec. IV, B).

E. *Detailed procedure.*—The detailed procedure for the establishment of farm marketing quotas, in the manner outlined above, is set forth in the following sections of these instructions.

SECTION II. *Procedure for calculation of normal marketings.*—The data for use in calculating normal marketings will be collected and tabulated by county offices in accordance with Sections VI to IX of these instructions.

The normal marketings for each old farm will be seventy-five percent of the adjusted past marketings as calculated pursuant to subsection A below, plus twenty-five percent of the marketings for the farm indicated by land, labor and equipment, as calculated pursuant to subsection B below. The normal marketings for each new farm will be the marketings indicated by the land, labor and equipment available for the production of tobacco on the farm. If necessary, adjustments of the normal marketings for a farm will be made pursuant to Section III below.

A. *Calculation of adjusted past marketings.*—(1) The adjusted past marketings for any farm will be the largest of the following three items:

(a) 33⅓ percent of the total harvested and diverted acreage in the three years, 1935–37, multiplied by the farm yield;

(b) 40 percent of the total harvested and diverted acreage in the two years of the three years, 1935–37, in which such acreage was the highest, multiplied by the farm yield;

(c) 60 percent of the highest harvested and diverted acreage in any one of the three years, 1935–37, multiplied by the farm yield;

Provided, That, if, for any farm, the average of the marketings from the farm and of the normal production of tobacco on the diverted acreage during the three years, 1935–37, is greater than any of the items (a), (b), or (c) above, and records satisfactory to the community and county committees have been presented in support of all marketings reported by the operator, the three-year average of marketings and diversion shall be used in lieu of items (a), (b), or (c) above.

(2) The harvested acreage shall be the acreage actually harvested on the farm, except that if the community and county committees find that, because of flood, drought, hail or blue-mold, the harvested acreage of tobacco for the farm in any of the three years, 1935–37, was less than 60 percent of the base acreage established for the farm for such year under the agricultural adjustment or conservation program the harvested acreage for such year shall be adjusted to 70 percent of such base acreage.

(3) The farm yield shall be the 1935 yield per acre of tobacco for the farm, if such yield is known, provided that such yield shall be fixed at not more than 300 pounds below the county average yield[1] for 1935, nor more than the larger of (a) 300 pounds above the 1935 county average yield, or (b) the average yield per acre for the farm for the three years 1935, 1936 and 1937. If the committee finds that because of flood, drought, hail or blue-mold the 1935 yield per acre for any farm was materially lower than the yield which otherwise would have been obtained, the committee shall assign as the farm yield that yield which it finds to be normal for the farm, taking into consideration the yields on farms in the locality which have similar types of soil, provided that such yield shall not be more than the higher of the 1936 or 1937 yield per acre for the farm. If the 1935 yield for a farm is not known, the 1935 community average yield[1] shall be used. If the 1935 county or community average yield cannot be established because the 1935 yields for farms in such county or community are not known, the average yield for the nearest county or community which the State committee finds to be most similar with respect to type of soil, topography and productivity to such county or community, as the case may be, shall be used. If, for any community, the committee finds that the 1935 average yield was reduced materially because of flood, drought, hail or blue-mold, the county committee shall make recommendations to the State committee with respect to an adjusted yield for the community and the State committee shall establish a 1935 yield for the community on the basis of the recommendations of the county committee and other available information.

B. *Calculation of marketings indicated by land, labor, and equipment.*—1. *County land- and labor-cash crops factors.*—For each county in which tobacco is produced in 1938, a county land-cash crops factor and a county labor-cash crops factor shall be established by computing the following items with respect to a representative sample[2] of tobacco farms:

(a) The acres of cropland;

(b) The 1937 harvested and diverted acres of flue-cured tobacco;

(c) The sum of: (1) the number of acres of tobacco other than flue-cured tobacco on such farms in 1937; (2) one-half of the number of the harvested and diverted acres of cotton on such farms in 1937; (3) one-half of the number of acres of peanuts harvested for nuts on such farms in 1937; (4) one-half of the

[1] The 1935 community average yield and the 1935 county average yield shall be determined by calculating the simple average of the 1935 tobacco yields per acre for a representative sample of tobacco farms in each community and in the county. A "representative sample" shall be 20 percent or more of the tobacco farms from each of the communities in the county. The farms included in the sample shall consist, as far as practical, of alternate farms (i. e., every third, fourth or fifth farm listed on Form 38—Tobacco 10) in each community.

[2] Same as described in footnote one.

number of acres of commercial truck and vegetables (including Irish potatoes) on such farms in 1937.

(d) The number of families on such farms in the year 1938;

(e) Item (a) shall be divided into the sum of item (b) and (c) and the quotient shall be the "county land-cash crop factor."

(f) Item (d) shall be divided into the sum of (b) and (c) and the quotient shall be the "county labor-cash crop factor."

2. *Land.*—(a) Multiply the number of acres of cropland in each farm by the county land-cash crops factor.

(b) From item (a) above, subtract the sum of: (1) the number of acres of tobacco other than flue-cured tobacco on the farm in 1937; (2) one-half of the number of the harvested and diverted acres of cotton on the farm in 1937; (3) one-half of the number of acres of peanuts harvested for nuts on the farm in 1937; (4) one-half of the number of acres of commercial truck and vegetables (including Irish potatoes) on the farm in 1937.

(c) The number of acres obtained under item (b) above, will represent the land available for the production of tobacco on the farm in relation to other farms.

3. *Labor.*—(a) Multiply the number of families on each farm by the county labor-cash crop factor.

(b) From item (a) above, subtract the sum of: (1) the number of the harvested and diverted acres of tobacco other than flue-cured tobacco on the farm; (2) one-half the number of harvested and diverted acres of cotton on the farm in 1937; (3) one-half of the number of acres of peanuts harvested for nuts on the farm in 1937; (4) one-half of the number of acres of commercial truck and vegetables (including Irish potatoes) on the farm in 1937.

(c) The number of acres obtained under item (b) above will represent the labor available for the production of tobacco on the farm in relation to other farms.

4. *Equipment.*—Compute for each farm the average acreage capacity of the flue-cured tobacco curing barns on the farm in condition for use in 1938. The average acreage capacity of such barns will be computed as follows:

Size Barn:	*Average Acres Capacity*
16' x 16'----------	4
16' x 18'----------	5
16' x 20'----------	6
20' x 20'----------	7

5. *Land, labor and equipment.*—Marketings for a farm as indicated by the land, labor and equipment available for the production of tobacco on the farm will be one-third of the sum of the number of acres computed for the farm under "Land," "Labor", and "Equipment" (items 2, 3, and 4), multiplied by the farm yield.

SECTION III. *Adjustments of normal marketings.*—Normal marketing for a farm computed as provided in Section II shall be adjusted as follows:

A. *Marketings in relation to 1938 acreage of tobacco.*—The normal marketings for any farm shall not be greater than the number of pounds obtained by multiplying the farm yield by 150 percent of the 1938 acreage of tobacco on the farm.

B. *Marketings in relation to acreage required for minimum crop-rotation practices.*—The normal marketings for any farm shall not be greater than the number of pounds obtained by multiplying a percentage of the cropland in the farm by the farm yield. The percentage of cropland shall be 40 to 50 percent, increasing above 40 percent by 1 percent for each acre by which the cropland in the farm is less than 25 acres.

C. *Marketings in relation to land, labor, and equipment and to 1938 acreage.*—For any farm for which the "adjusted past marketings" was the number of pounds obtained by multiplying 33⅓ percent of the harvested and diverted acreage on the farm for the three years 1935–37) by the farm yield and to which B above is not applicable, the normal marketings shall not be less than 90 percent of the smaller of:

(1) The marketings indicated by land, labor and equipment available for the production of tobacco; or

(2) 150 percent of the acreage of flue-cured tobacco to be harvested on the farm in 1938 multiplied by the farm yield.

D. *Marketings in relation to past marketings.*—In no case shall the normal past marketings for any farm be more than twice as large as the "adjusted past marketings" for the farm.

SECTION IV. *Calculation of farm marketing quotas from normal marketings.*—Farm marketing quotas will be established by adjusting normal marketing determined as provided in Sections II and III above, and apportioning the 4 percent addition to the State quota, as follows:

A. *Old farms.*—(1) The normal marketings for all old farms (large and small) in each State will be adjusted by a uniform percentage (determined by the State Office and the Agricultural Adjustment Administration) so as to equal the State marketing quota.

(2) There will be allocated to each such farm a "minimum quota" equal to the three-year average (1935–37) for the farm of marketings and diversion but not more than 3,200 pounds. The sum of such "minimum quotas" for all farms in each State will be deducted from the State quota.

(3) There will be subtracted from the normal marketings for each farm, as adjusted under item 1 above, the "minimum quota" for the farm. The resulting figure will be the "excess" for the farm.

(4) The "excess" for all farms in each State will be reduced by a uniform percentage so as to equal the amount of the State quota remaining after subtraction therefrom of the total (computed under item 2) "minimum quotas" for all farms in the State.

(5) The marketing quota for each farm will be the "minimum quota" for the farm plus the "excess" (if any) for the farm as adjusted under item 4 above.

B. *New farms.*—The total of the normal marketings for all new farms will be reduced so as to equal three percent of the national marketing quota of 705,000,000 pounds. This adjustment will be made by reducing the normal marketings for all new farms by a uniform percentage. The normal marketing for a new farm adjusted as indicated will be the farm marketing quota.

C. *Four percent addition to the State quota.*—A number of pounds equal to 4 percent of the farm quotas established (pursuant to A above) for all old farms in each county will be apportioned among such farms. The apportionment to each such farm shall be made in proportion to the amount by which the farm marketing quota is less than the smaller of the adjusted past marketings for the farm or 150 percent of the 1938 acreage of tobacco times the farm yield.

SECTION V. *Definitions.*—As used in these instructions and in all forms and documents in connection therewith, unless the context or subject matter otherwise requires:

1. *Act* means the Agricultural Adjustment Act of 1938 and any amendments thereto.

2. *Secretary of Agriculture* means the Secretary of Agriculture of the United States.

3. *Administrator* means the Administrator of the Agricultural Adjustment Administration of the United States Department of Agriculture.

4. *State Office* means those persons or committees in the State who, under authorization by the Secretary of Agriculture, are responsible for the administration in the State of the Agricultural Adjustment Act of 1938.

5. *State Committee* means the group of persons designated within any State to assist in the administration in the State of the Agricultural Adjustment Act of 1938.

6. *Committee* means a committee within a county or community utilized under the Agricultural Adjustment Act of 1938. "County committee", "community committee", or "local committee" shall have corresponding meanings in the connection in which they are used.

7. *County Office* means those persons or committees in the county who, under authorization by the Secretary of Agriculture, are responsible for the local administration of the Agricultural Adjustment Act of 1938.

8. *Family* means a body of persons who live on the farm in 1938 in one house and under one head, and who are working regularly on the farm in 1938.

9. *Diversion* means the normal production on diverted acreage; diverted acreage for a farm for any year means the acres on the farm diverted from the production of tobacco during such year under the agricultural adjustment or conservation program for such year.

10. *Person* means an individual, partnership, firm, joint-stock company, corporation, association, trust, estate, or any agency of a State or of the Federal Government. The term "person" shall include two or more persons having a joint or common interest. Words importing the masculine gender may be construed or applied in the feminine or neuter gender wherever the context or application of such words so requires or permits.

11. *Owner* or *Landlord* means a person who owns farm land and rents such land to another person or operates such land.

12. *Cash Tenant* or *Standard-Rent Tenant* or *Fixed Rent Tenant* means a person who rents land from another for a fixed amount of cash or a commodity to be paid as rent.

13. *Share Tenant* means a person other than a sharecropper who rents land from another person and pays as rent a share of the crops or the proceeds thereof.

14. *Sharecropper* means a person who works a farm in whole or in part under the general supervision of the operator and is entitled to receive for his labor a share of a crop produced thereon or the proceeds thereof.

15. *Operator* means a person who as a landlord or cash tenant or standing or fixed-rent tenant is operating a farm and is entitled to receive all or a portion of the crops produced thereon or the proceeds of such crops, or who as a share tenant is operating a whole farm and is entitled under a written or oral lease or agreement to receive a portion of the crops produced thereon or of the proceeds of such crops.

16. *Producer* or *Farmer* means a person who is entitled to a share of the tobacco crop, or the proceeds thereof, produced on the farm in 1938, as owner, landlord, cash tenant, standing-rent tenant, fixed-rent tenant, share-tenant or sharecropper. The term "producer" or "farmer" also includes a wage hand (or cropper) who as a laborer on a farm instead of receiving daily or other cash wages for his labor receives either all the tobacco produced by him or another on an agreed or specified acreage or all the tobacco produced on an agreed or specified portion of the acreage cultivated by him or another.

17. *Farm* means all adjacent or nearby farm land under the same ownership which is operated by one person, including also:

1. Any other adjacent or nearby farm land operated by the same person (as part of the same unit with respect to the rotation of crops and with workstock, farm machinery, and labor substantially separate from that for any other land) the inclusion of which is requested or agreed to, within the time and in the manner specified by the Agricultural Adjustment Administration, by the operator and all the owners who are entitled to share in the proceeds of the crop on any of the land to be included in the farm, which request and agreement shall be applicable to the designation of the land included in such farm both under the 1938 Agricultural Conservation Program and under these instructions;

2. Any field-rented tract (whether operated by the same or another person) which, together with any other land included in the farm, constitutes a unit with respect to the rotation of crops;

Provided, That land not under the same ownership shall be included in the same farm only if the county committee determines that all of such land is customarily regarded in the community as constituting one farm. A farm shall be regarded as located in the county or the local administrative area within the county, as the case may be, in which the principal dwelling is situated, or if there is no dwelling thereon it shall be regarded as located in the county or local administrative area, as the case may be, in which the major portion of the farm is located.

18. *Tobacco* means flue-cured tobacco unless otherwise indicated.

19. *Flue-cured tobacco* means tobacco classified in Service and Regulatory Announcement Numbered 118 of the Bureau of Agricultural Economics of the Department, as types 11, 12, 13 and 14 collectively known as flue-cured tobacco.

20. *Farm Marketing Quota* means a flue-cured tobacco marketing quota established for a farm under section 313 of the Agricultural Adjustment Act of 1938.

21. *Cropland* means farm land tilled annually or in regular rotation, excluding commercial orchards.

DETERMINATION OF NORMAL YIELD OF COMMERCIALLY RECOVERABLE SUGAR PER ACRE AND ELIGIBILITY FOR PAYMENT WITH RESPECT TO ABANDONMENT AND CROP DEFICIENCY FOR FARMS IN THE TERRITORY OF HAWAII

Pursuant to the provisions of Section 303 of the Sugar Act of 1937, I, H. A. Wallace, Secretary of Agriculture, do hereby determine:

I

1. That for any farm on which sugarcane was grown and marketed (or processed by the producer) for the extraction of sugar during all three of the 1934, 1935 and 1936 crop years, the normal yield of commercially recoverable sugar per acre shall be the product of:

(a) the average number of hundredweights of sugar, raw value, recovered per short ton of sugarcane processed during such crop years for the extraction of sugar by the mill, or mills, where such sugarcane was ground, and

(b) the average number of short tons of sugarcane per acre harvested on the farm for the extraction of sugar during the said three crop years.

2. That for any farm on which sugarcane was not grown and marketed (or processed by the producer) for the extraction of sugar during all three of the 1934, 1935 and 1936 crop years, the normal yield of commercially recoverable sugar per acre shall be the average of such yields for all farms, within the same mill area, on which sugarcane was harvested for the extraction of sugar during all three of the 1934, 1935 and 1936 crop years.

II

That any farm located in a county in which the actual yields of commercially recoverable sugar per acre for farms comprising 10 per cent or more of the total acreage of sugarcane for the extraction of sugar were 80 per cent, or less, of the normal yields therefor, because of drought, flood, storm, freeze, disease or insects, shall be eligible for abandonment and deficiency payments, pursuant to Section 303 of the said Act.

Done at Washington, D. C. this 17th day of June 1938. Witness my hand and the seal of the Department of Agriculture.

FEDERAL TRADE COMMISSION

United States of America—Before Federal Trade Commission

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 8th day of June, A. D. 1938.

Commissioners: Garland S. Ferguson, Chairman; Charles H. March, Ewin L. Davis, William A. Ayres, Robert E. Freer.

[Docket No. 3206]

IN THE MATTER OF H. KLUGER, INC. A CORPORATION

ORDER TO CEASE AND DESIST

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondent and a stipulation as to the facts executed by William T. Kelley, Chief Counsel of the Federal

[1] 2 F. R. 2449 (DI).

Trade Commission, and Cole and Morrill, counsel for respondent, the filing of briefs having been waived and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the Federal Trade Commission Act;

It is ordered, That respondent, H. Kluger, Inc., its officers, representatives, agents and employees, in connection with the offering for sale, sale and distribution of piece goods in interstate commerce or in the District of Columbia, do forthwith cease and desist from:

(1) Using, assisting or cooperating in the using of the words and figures "Pur'Di", "Genuine Pur'Di", "Pur Dye", "100% Pure Dye" and "100% Pure Dye Crepe," or any other word or words, or combination of words and figures, of similar import or meaning, to describe or designate fabrics or products which are not composed wholly of silk, the product of the cocoon of the silk worm.

(2) Using, assisting or cooperating in the using of the word or words, "Pure Silk Filled," or any other word or words of similar import or meaning, to describe or designate products which are not composed wholly of silk, the product of the cocoon of the silk worm, unless, in the case of a fabric or product composed in part of silk and in part of rayon, or material or materials other than silk, there is used in immediate connection and conjuction therewith, and in letters of at least equal size and conspicuousness, a word or words accurately describing the fiber, material or materials from which said fabric or product was actually made; and provided that the fiber or material content of such fabric or product be actually disclosed by designating each constituent fiber or material thereof, in the order of its predominance by weight, beginning with the largest single constituent.

(3) Using, assisting or cooperating in the using of the word "crepe," or any other word or words of similar import or meaning, to describe or designate any fabric or product which is not composed wholly of silk, the product of the cocoon of the silk worm, unless there is used in immediate connection and conjunction therewith, in letters of at least equal size and conspicuousness, a word or words accurately naming or describing the fiber, material or materials from which said fabric or product is actually made; and provided that such disclosure of the fiber or material content thereof shall be made by accurately designating each constituent fiber or material thereof in the order of its predominance by weight, beginning with the largest single constituent.

(4) Representing, through the use of the words "factories," "manufacturer," or "manufacturers," or through the use of any other word or term of similar import or meaning, or through any other means or device, or in any manner, that said respondent is the manufacturer of the product sold by it,—unless and until such respondent actually owns or operates, or directly and absolutely controls a manufacturing plant or factory wherein said products are manufactured by it.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

[File No. 21-295]

IN THE MATTER OF TRADE PRACTICE RULES FOR THE FUR INDUSTRY

PROMULGATION

Due proceedings having been had under the trade practice conference procedure in pursuance of the Act of Congress approved September 26, 1914 (38 Stat. 717),

It is now ordered, That the trade practice rules of Group I which have been approved by the Commission in this proceeding and the rules in Group II which have been received by the Commission as expressions of the industry be, and the same are, hereby promulgated for the Fur Industry.

These rules promulgated by the Commission are designed to foster and promote fair competitive conditions in the interest of the industry and the public. They are not to be used, directly or indirectly, as part of or in connection with any combination or agreement to fix prices, or for the suppression of competition, or otherwise to unreasonably restrain trade.

Group I

The unfair trade practices which are embraced in Group I rules are considered to be unfair methods of competition, unfair or deceptive acts or practices, or other illegal practices, prohibited under laws administered by the Federal Trade Commission as construed in the decisions of the Commission or the courts; and appropriate proceedings in the public interest will be taken by the Commission to prevent the use of such unlawful practices in or directly affecting interstate commerce.

RULE 1. Misrepresentation of Products

(a) Making, or causing to be made or published, directly or indirectly, through advertisement, pictorial representation, invoice, label, tag, or otherwise, any false, misleading, or deceptive statement or representation concerning the grade, quality, substance, character, material, name, nature, or zoological origin of any furs or fur products, or in any other material respect, is an unfair trade practice.

(b) It is an unfair trade practice to use, in advertisements or on labels, tags, brands, or otherwise, any description, designation, or representation of any fur which deceptively conceals the true name or nature of the fur with the tendency and capacity or effect of misleading or deceiving purchasers, prospective purchasers, or the consuming public.

NOTE.—In order properly to describe a fur, the correct name of the fur must be the last word of the description, and if any dye or blend is used simulating another fur, the word "dyed" or "blended" must be inserted between the name signifying the fur that is simulated and the true name of the fur, as, for example, "Seal-dyed Muskrat."

RULE 2. Fictitious Animal Designations

It is an unfair trade practice to use, falsely or deceptively, in advertisements, labels, tags, brands, or other representations of furs, any trade name, coined name, or other name or words descriptive of the fur as being the fur of an animal which is in fact non-existent.

RULE 3. Passing off Cross-breeds as True Breeds

(a) In the case of fur which simulates a certain true species or breed of animal, it is an unfair trade practice, in advertising, branding, labeling, or otherwise representing such fur, not to make in connection therewith full and nondeceptive disclosure of the fact that such fur has been obtained from an animal which is of a different species or is a cross-breed or other than a true breed.

(b) Advertising, offering for sale, selling, branding, or otherwise representing furs as the product of a true species or breed of animals, unless such fur in fact has been obtained from a true species or breed of animals, is an unfair trade practice.

RULE 4. Deceptive Use of Trade or Corporate Names, or Trade-marks

The use of any trade name, corporate name, trade-mark, or other trade designation in a manner which is calculated to or does mislead or deceive purchasers, prospective purchasers, or the consuming public as to the character, name, nature, or geographical or zoological origin of any fur or fur product or product made partly of fur, or in any other material respect, is an unfair trade practice.

RULE 5. Misrepresentation of Geographical Origin of Furs

Making, or causing to be made or published, directly or indirectly, through advertisement, or on labels or tags, or otherwise, in connection with the sale or offering for sale of furs or fur garments, or garments made partly of fur, any false, misleading, or deceptive statement as to the geographical origin of the animal from which the peltry has been obtained, is an unfair trade practice.

NOTE.—Nothing in these rules shall prohibit the use of the designation "Persian Lamb" to describe one of the Karakul breed, a fat-tailed sheep with hair in regular curls lying close to the pelt; nor shall anything in these rules prohibit the use of the designation "Broadtail" as applied to baby lamb, the offspring of this breed of Karakul sheep, not including in either case, however, Krimmer or other cross-breeds of Karakul sheep, or other types of Karakul sheep, such as caracul.

RULE 6. Passing Off Domestic Furs as Imported Furs

Selling, or offering for sale, advertising, describing, branding, labeling, or otherwise representing any fur or fur product as imported, when such is not the fact, is an unfair trade practice.

RULE 7. Failure to Disclose Tipping, Blending, Pointing, or Dyeing of Furs

It is an unfair trade practice to fail to disclose in advertisements, bills of sale, or invoices, or on labels, tags, or otherwise, the fact that furs, fur garments, or the fur trimming on garments made partly of fur, have been tipped, blended, or pointed, or have been dyed to simulate other kinds or grades of fur, with the tendency and capacity or effect of misleading or deceiving purchasers, prospective purchasers, or the consuming public.

RULE 8. Used, Worn, or Secondhand Garments—Failure to Disclose

It is an unfair trade practice to sell or offer for sale used or worn fur garments, including those which have been renovated or rebuilt, unless the fact is clearly indicated, in advertising or on labels or tags, that such garments are used, worn, or secondhand, or have been made over.

RULE 9. Failure to Disclose that Garments are Made of Pieces, Tails, Paws, etc.

The selling or offering for sale, through advertisement or otherwise, of fur-trimmed garments the fur of which is composed of pieces and not of full skins, or of fur garments made in whole or in part of pieces, tails, paws, throats, heads, or scraps, or of plates or mats composed of pieces and not of full skins, without fully disclosing such fact and with the tendency and capacity or effect of misleading or deceiving purchasers, prospective purchasers, or the consuming public, is an unfair trade practice.

RULE 10. Misrepresentation as to Character of Business

For any person, firm, or corporation to hold himself or itself out to the public, by means of misrepresentation as to price or otherwise, as a trapper, custom furrier, dyer, dresser, fur farmer, wholesaler, jobber, or a manufacturer of fur garments, when such is not the fact, or in any other manner to misrepresent the character of his or its business, is an unfair trade practice.

RULE 11. Misuse of Word "Genuine"

It is an unfair trade practice to use the word "genuine" to describe a fur which has been processed or dyed to imitate the fur of an animal known by another name in commerce and in zoology.

For example, the following should not be used:

Genuine Mink Marmot
Genuine Northern Seal

RULE 12. Asterisk or Dagger References

In the case where any explanatory statement or representation in advertisements, labels, tags, brands, or descriptions is necessary to avoid the probability of deception, misunderstanding, or misrepresentation, it is an unfair trade practice to omit such explanatory statement or representation, or to place the same, by the use of asterisk or dagger references or otherwise, in such manner or in such remote or obscure place as to deceptively minimize, obscure, or render it inconspicuous.

RULE 13. Deceptive Substitution of Furs

(a) For any member of the industry deceptively to substitute inferior furs for furs of better quality which have been entrusted to him or it by fur merchants or garment manufacturers is an unfair trade practice.

(b) For any member of the industry deceptively to substitute inferior furs for furs of better quality sold by him or it to any member of the trade or to the purchasing public is an unfair trade practice.

RULE 14. Misrepresenting Services as "Free"

Representing as "free" the repair or storage of or other service in connection with fur garments when in fact such repairs or services are regularly included as part of another charge, with the tendency or capacity to mislead or deceive purchasers, prospective purchasers, or the consuming public, is an unfair trade practice.

RULE 15. Misrepresenting the manufacture or Dyeing of Assembled Garments

(a) It is an unfair trade practice to sell, offer for sale, advertise, describe, or otherwise represent assembled garments as being the product of one manufacturer or of one dyer when such is not the fact, with the tendency and capacity or effect of misleading or deceiving purchasers, prospective purchasers, or the consuming public.

(b) In case peltries are dyed to simulate other furs, it is an unfair trade

practice for the dyer thereof to fail to stamp such peltries with the true name of the furs, where such failure has the tendency and capacity or effect of misleading or deceiving purchasers, prospective purchasers, or the consuming public.

RULE 16. Misrepresenting Fur Garments as "Hollywood Models", etc.

The sale or offering for sale, through advertising or otherwise, of fur garments as bankrupt stock, samples, showroom models, "Hollywood Models", "Paris Models", "French Models", "Parisian Creations", "Furs worn by society women", receivers stock, auction stock, assets of a liquidating estate, or the like, when such is not the fact, is an unfair trade practice.

RULE 17. Deceptive Guarantees or Warranties

Making, or causing to be made or published directly or indirectly, any false, misleading, or deceptive statement or representation in connection with any guarantee or warranty of fur garments as to their performance, durability, or resistance to discoloration is an unfair trade practice.

RULE 18. False Invoicing

Withholding from or inserting in invoices, bills of sale, or other documents of title, any statements or information by reason of which omission or insertion a false record is made, wholly or in part, of the transactions represented on the face of such invoices, bills of sale, or other documents of title, with the purpose or effect of thereby misleading or deceiving purchasers, prospective purchasers, or the consuming public, is an unfair trade practice.

RULE 19. Defamation of Competitors and Disparagement of Their Products

The defamation of competitors by falsely imputing to them dishonorable conduct, inability to perform contracts, questionable credit standing, or by other false representations, or the false disparagement of the grade, quality, or manufacture of the products of competitors, or of their business methods, selling prices, values, credit terms, policies, or services, is an unfair trade practice.

RULE 20. Commercial Bribery

It is an unfair trade practice for a member of the industry, directly or indirectly, to give or offer to give, or permit or cause to be given, money or anything of value to agents, employees, or representatives of customers or prospective customers, or to agents, employees, or representatives of competitors' customers or prospective customers, without the knowledge of their employers or principals, as an inducement to influence their employers or principals to purchase, or contract to purchase, products manufactured or sold by such industry member, or the maker of such gift or offer, or to influence such employers or principals to refrain from dealing in the products of competitors, or from dealing or contracting to deal with competitors.

RULE 21. Inducing Breach of Contract

Inducing or attempting to induce the breach of existing lawful contracts between competitors and their customers or their suppliers by any false or deceptive means whatsoever, or interfering with or obstructing the performance of any such contractual duties or services by any such means, with the purpose and effect of unduly hampering, injuring, or prejudicing competitors in their businesses, is an unfair trade practice.

RULE 22

(a) *Prohibited discriminatory prices, or rebates, refunds, discounts, credits, etc.,[1] which effect unlawful price discrimination.*—It is an unfair trade practice for any member of the industry engaged in commerce,[2] in the course of such commerce, to grant or allow, secretly or openly, directly or indirectly, any rebate, refund, discount, credit, or other form of price differential,[1] where such rebate, refund, discount, credit, or other form of price differential effects a discrimination in price between different purchasers of goods of like grade and quality, where either or any of the purchases involved therein are in commerce,[2] and where the effect thereof may be substantially to lessen competition or tend to create a monopoly in any line of commerce,[2] or to injure, destroy, or prevent competition with any person who either grants or knowingly receives the benefit of such discrimination or with customers of either of them: *Provided, however*—

(1) That the goods involved in any such transaction are sold for use, consumption, or resale within any place under the jurisdiction of the United States;

(2) That nothing herein contained shall prevent differentials which make only due allowance for differences in the cost of manufacture, sale, or delivery resulting from the differing methods or quantities in which such commodities are to such purchasers sold or delivered;

(3) That nothing herein contained shall prevent persons engaged in selling goods, wares, or merchandise in commerce[2] from selecting their own customers in bona fide transactions and not in restraint of trade;

(4) That nothing herein contained shall prevent price changes from time to time where made in response to changing conditions affecting either (a) the market for the goods concerned, or (b) the marketability of the goods, such as, but not limited to, actual or imminent deterioration of perishable goods, obsolescence of seasonal goods, distress sales under court process, or sales in good faith in discontinuance of business in the goods concerned.

(b) *Prohibited brokerage and commissions.*—It is an unfair trade practice for any member of the industry engaged in commerce,[2] in the course of such commerce, to pay or grant, or to receive or accept, anything of value as a commission, brokerage, or other compensation, or any allowance or discount in lieu thereof, except for services rendered in connection with the sale or purchase of goods, wares, or merchandise, either to the other party to such transaction or to an agent, representative, or other intermediary therein where such intermediary is acting in fact for or in behalf, or is subject to the direct or indirect control, of any party to such transaction other than the person by whom such compensation is so granted or paid.

(c) *Prohibited advertising or promotional allowances, etc.*—It is an unfair trade practice for any member of the industry engaged in commerce[2] to pay or contract for the payment of advertising or promotional allowances or any other thing of value to or for the benefit of a customer of such member in the course of such commerce as compensation or in consideration for any services or facilities furnished by or through such customer in connection with the processing, handling, sale, or offering for sale of any products or commodities manufactured, sold, or offered for sale by such member, unless such payment or consideration is available on proportionally equal terms to all other customers competing in the distribution of such products or commodities.

(d) *Prohibited discriminatory services or facilities.*—It is an unfair trade practice for any member of the industry engaged in commerce[2] to discriminate in favor of one purchaser against another purchaser or purchasers of a commodity brought for resale, with or without processing, by contracting to furnish or by furnishing, or by contributing to the furnishing of, any services or facilities connected with the processing, handling, sale, or offering for sale of such commodity so purchased upon terms not accorded to all purchasers on proportionally equal terms.

(e) *Illegal price discrimination.*—It is an unfair trade practice for any member of the industry or other person engaged in commerce,[2] in the course of such commerce, to discriminate in price in any other respect contrary to Section 2 of the Clayton Act as amended by the Act of Congress approved June 19, 1936 (Public No. 692, 74th Congress), or knowingly to induce or receive a discrimination in price which is prohibited by such section as amended.

[1] Paragraph (a) of Rule 22 shall not be construed as embracing practices prohibited by paragraphs (b), (c), and (d) of this rule.

[2] As herein used, the word "commerce" means trade or commerce among the several States and with foreign nations, or between the District of Columbia or any Territory of the United States and any State, Territory, or foreign nation, or between any insular possessions or other places under the jurisdiction of the United States, or between any such possession or place and any State or Territory of the United States or the District of Columbia or any foreign nation, or within the District of Columbia or any Territory or insular possession or other place under the jurisdiction of the United States: *Provided*, That this shall not apply to the Philippine Islands.

RULE 23. Discriminatory Returns

It is an unfair trade practice for any member of the industry engaged in commerce[1] to discriminate in favor of one customer-purchaser against another customer-purchaser of fur pieces or garments made wholly or in part of fur, bought from such member of the industry for resale, by contracting to furnish or furnishing in connection therewith, *upon terms not accorded to all customer-purchasers on proportionally equal terms*, the service or facility whereby such favored purchaser is accorded the privilege of returning such merchandise so purchased and receiving therefor credit or refund of purchase price: *Provided, however*, nothing in any of the rules herein shall prohibit or be used to prevent the return of merchandise by purchaser, for credit or refund of purchase price, when and because such merchandise has not been properly labeled by the seller as to its true character, or has been otherwise falsely or deceptively labeled or represented, or when and because such merchandise is defective in material, workmanship, or in any other respect contrary to warranty or purchase contract.

RULE 24. Imitation of Trade-marks, Trade Names, Etc.

The imitation or use of valid and exclusively owned trade-marks, trade names, brands, or labels of competitors, having the tendency and capacity or effect of misleading or deceiving purchasers, prospective purchasers, or the consuming public, is an unfair trade practice.

RULE 25. Representing Retail Prices as Wholesale

For any wholesaler, manufacturer, jobber, or broker to advertise for sale, offer to sell, or sell, fur garments at prices represented to be wholesale, through the medium of invoices, letterheads, statements, labels, printed matter, or by the use of the words "Wholesaler", "Manufacturer", "Jobber", or "Broker", or in any other manner, when in truth and in fact such prices are not wholesale prices, is an unfair trade practice.

RULE 26. Consignment Selling

It is an unfair trade practice for any member of the industry to use the practice of shipping goods on consignment or pretended consignment for the purpose and with the effect of artificially clogging trade outlets and unduly restricting competitors' use of said trade outlets in getting their goods to consumers through regular channels of distribution, or with such purpose to entirely close said trade outlets to such competitors so as to substantially lessen competition or tend to create a monopoly or to unreasonably restrain trade: *Provided, however*, that nothing herein shall be construed or used as restricting or preventing consignment shipping or marketing of commodities in good faith and without artificial interference with competitors' use of the usual channels of distribution in such manner as thereby to suppress competition or restrain trade.

[1] See footnote 2, p. 1444.

RULE 27. Misrepresenting the Price of Remodeling, Restyling, Remaking, or Altering Fur Garments

It is an unfair trade practice deceptively to advertise or offer to remodel, remake, restyle, or alter a fur garment at a specified price, as an inducement to secure such work, thereafter charging a higher price than the price advertised or represented.

RULE 28. Failure to Disclose Damage to Peltries

It is an unfair trade practice to sell or offer for sale furs or fur garments which have been burned, damaged, or otherwise injured in process of dyeing, dressing, or otherwise, without disclosing such fact through suitable tags, stamps, or labels, with the tendency and capacity or effect of misleading or deceiving customers, prospective customers, or the consuming public.

RULE 29. Fictitious Prices

Offering merchandise for sale at prices purported to be reduced from what are in fact fictitious prices, or offering merchandise for sale at a purported reduction in price when such purported reduction is in fact fictitious, with the tendency and capacity or effect of misleading or deceiving purchasers, prospective purchasers, or the consuming public, is an unfair trade practice.

Group II

The trade practices embraced in these Group II rules are considered to be conducive to sound business methods and are to be encouraged and promoted individually or through voluntary cooperation exercised in accordance with existing law. Nonobservance of such rules does not, *per se*, constitute violation of law. However, the failure to observe them under certain circumstances may result in an unfair method of competition contrary to law. In such event, a corrective proceeding may be instituted by the Commission as in the case of a violation of Group I rules.

RULE A. Return of Merchandise

The practice, by members of the industry, of selling merchandise and later permitting the purchaser to return it for credit or refund of purchase price, without just cause, creates waste and loss, increases the cost of doing business, to the detriment of both the industry and the public, and is condemned by the industry, subject, however, to requirements and limitations set forth in the provisions of Rule 23 of Group I, herein.

RULE B. Selling Furs at Auction

In order to protect the purchasing public from fraud in the purchase of furs at auction, it is the judgment of the industry that the name and address of the member of the industry offering furs for sale in such manner should be disclosed.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION.

United States of America—Before the Securities and Exchange Commission

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 16th day of June, A. D. 1938.

[File No. 1–300]

IN THE MATTER OF INTERSTATE HOSIERY MILLS, INC., COMMON CAPITAL STOCK OF NO PAR VALUE

ORDER FOR HEARING

It appearing to the Commission:

That the Interstate Hosiery Mills, Inc., a corporation, is the issuer of Common Capital Stock of no par value; and

That 98,291 shares of Common Capital Stock of no par value of Interstate Hosiery Mills, Inc., are registered pursuant to Section 12 of the Securities Exchange Act of 1934, as amended, on the New York Curb Exchange, a national securities exchange; and

That in connection with such registration the issuer of such securities, on or about April 4, 1935, filed an application on Form 10 for Corporations with said Exchange and duplicate originals thereof with the Commission, covering the registration of 96,991 shares, signed for the company by Ivan Selig, President, and attested by Harold D. Greenwald, Treasurer, containing, among other things, financial statements, required to be included therein pursuant to Section 12 of the said Act, as amended, and Rule JB1, as amended, promulgated by the Securities and Exchange Commission thereunder; and that on or about June 12, 1937, an additional block of 1300 shares was registered on the said Exchange, although no additional financial statements were filed or required to be filed in connection therewith; and

That the issuer of such securities, pursuant to Section 13 of the said Act, as amended, and Rules KA1 and KA2, promulgated by the Securities and Exchange Commission thereunder, filed on April 2, 1936, and April 24, 1937, annual reports on Form 10–K for Corporations with the said Exchange and duplicate originals thereof with the Commission, for the fiscal years ended December 31, 1935, and December 31, 1936, respectively, signed for the company by Ivan Selig, President, and attested by Harold D. Greenwald, Vice President and Treasurer, which reports contained, among other things, financial statements of the issuer for said fiscal years; and

That Interstate Hosiery Mills, Inc., procured the services of Homes & Davis, certified public accountants, for the purpose of preparing and certifying such financial statements; that such accounting firm, purporting to act as independent certified public accountants, did prepare and certify said financial statements as fairly presenting in accordance with accepted principles of accounting consistently maintained by Interstate Hosiery Mills, Inc., the financial position of said Company as of the respective dates of such statements and the results of its operations for the respective periods embraced by such statements; and that thereafter Interstate Hosiery Mills, Inc., filed such statements as aforesaid; and

The Commission having reason to believe;

That the financial statements contained in said Form 10 application for registration and said Form 10–K annual reports did not fairly present the financial positions of the Company as of the respective dates of such statements, or the results of its operations for the respective periods embraced by such statements, and were false and misleading with respect to various items, including cash and cash items, notes and accounts receivable, inventories, and cost of goods sold, whereby the assets of Interstate Hosiery Mills, Inc. were made to appear substantially greater than was actually the fact and whereby far greater earnings and profits for the periods involved were reflected than was actually the fact; and

That the New York Curb Exchange, on or about February 15, 1938, temporarily suspended the Common Capital Stock, of no par value, of Interstate Hosiery Mills, Inc., from trading on that Exchange pending completion of investigation by the Exchange of the accounts of said company, and that such suspension is still in effect; and

The Commission being of the opinion that, pursuant to Section 19 (a) (2) of the Securities Exchange Act of 1934, as amended, a hearing should be held to determine:

(a) Whether Interstate Hosiery Mills, Inc., has failed to comply with the provisions of Section 12 (b) or Section 13 (a) or (b) of said Act, as amended, or the Rules and Regulations promulgated by the Commission thereunder;

(b) Whether such financial statements fail fairly to present the financial position of the Company as of the respective dates of such statements and fail fairly to present the results of the Company's operations for the respective periods embraced by such statements, and, if such financial statements fail fairly to present such financial position or such results, whether Interstate Hosiery Mills, Inc., or Homes & Davis knew or, in the exercise of reasonable diligence, should have known that such was the case;

(c) Whether, although the Rules and Regulations of the Commission, promulgated pursuant to Section 12 (b) and Section 13 (a) and (b) of said Act, as amended, require the person certifying such financial statements to review the accounting principles and procedures followed by the registrant and to take appropriate measures to satisfy himself that such accounting principles and procedures were, in fact, followed, there was a failure to make such review and to take such measures with respect to the financial statements hereinabove referred to, to permit or warrant the certification by Homes & Davis as independent certified public accountants that the accounting principles followed by the registrant were consistently maintained during the periods under review in accordance with accepted principles of accounting, and, if there was a failure to make such review or take such measures, whether Interstate Hosiery Mills, Inc., or the firm of Homes & Davis knew or, in the exercise of reasonable diligence, should have known that such was the case;

(d) Whether, although such Rules and Regulations do not authorize the omission of any procedure which independent public accountants would ordinarily employ in the course of a regular annual audit, there was in fact an omission of a procedure which independent public accountants would ordinarily employ in the course of such an audit;

(e) Whether it is necessary or appropriate for the protection of investors to suspend for a period not exceeding twelve months, or withdraw the registration of said Common Capital Stock of no par value on the New York Curb Exchange.

It is ordered, That a public hearing be held for such purpose before the officer of the Commission herein designated, beginning on the 24th day of June, 1938, at 10:00 A. M. at the Regional Office of the Securities and Exchange Commission, Room 2006, 120 Broadway, New York, New York, and to continue thereafter at such times and places as said officer may determine; and

It is further ordered, That for the purpose of such proceeding Adrian Humphreys, an officer of the Commission, be and he hereby is designated to administer oaths and affirmations, subpoena witnesses, compel their attendance, take testimony, and require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, and to perform all other duties in connection therewith authorized by law.

By direction of the Commission.

IN THE MATTER OF NORTHEASTERN WATER COMPANIES, INC.

NOTICE OF AND ORDER FOR HEARING

A declaration pursuant to section 7 of the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by the above-named party;

It is ordered, That a hearing on such matter be held on July 7, 1938, at 10:00 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue, NW., Washington, D. C. On such day the hearing-room clerk in Room 1102, will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That Robert P. Reeder or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to continue or postpone said hearing from time to time or to a date thereafter to be fixed by such presiding officer.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commisison on or before July 2, 1938.

The matter concerned herewith is in regard to the filing of a declaration by Northeastern Water Companies, Inc., a registered holding company, and a subsidiary of Associated Gas and Electric Corporation and Associated Gas and Electric Company, both registered holding companies, pursuant to section 7, relating to the issue and sale of a promissory note not to exceed $2,100,000, to mature in not more than three years and to bear interest at the rate of not more than 6%. The note is to be secured by the pledge of 151,947 shares of the common stock of Northeastern Water and Electric Corporation. The note is being issued to renew or refund declarant's now outstanding promissory 5% note, dated July 14, 1937, and due July 14, 1938, which is presently held by International Holdings, Limited, a Canadian corporation. The declaration states that the new note may be issued to the present holder of the old note in cancellation or renewal of the old note or that it may be necessary to issue the new note to other persons and to use the proceeds therefrom to pay the old note at maturity.

By the Commission.

United States of America—Before the Securities and Exchange Commission

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 15th day of June, A. D. 1938.

[File Nos. 46-69; 46-70]

IN THE MATTER OF UTILITIES POWER & LIGHT CORPORATION LIMITED

NOTICE OF AND ORDER FOR REOPENING HEARING

Utilities Power & Light Corporation Limited, a subsidiary of Utilities Power & Light Corporation, which is a registered holding company, heretofore filed with this Commission an application (File Nos. 46-69), pursuant to the Public Utility Holding Company Act of 1935, wherein said applicant asked for an order of exemption pursuant to Section 9 (c) (3) of said Act or in the alternative an order of approval pursuant to Section 10 (a) (1) thereof with respect to the acquisition by the applicant by purchases for cash from time to time on the open market through brokers on national exchanges of Thirty-Year 5% Gold Debentures due February 1, 1959 and Twenty-Year Gold Debentures 5½% due June 1, 1947 of said Utilities Power & Light Corporation (parent company) to the extent of the expenditure by said applicant of not more than $3,000,000;

Said applicant also filed with this Commission an application (File No. 46-70) wherein applicant asked for an order of exemption pursuant to said Section 9 (c) (3) or in the alternative an order of approval pursuant to said Section 10 (a) (1) with respect to the acquisition by the applicant by purchases for cash from time to time on the open market, through brokers on national exchanges and by over-the-counter transactions in the cases of unlisted securities, of certain securities of certain associated companies to the extent of the expenditure by the applicant of not more than $3,000,000;

A joint hearing with respect to the foregoing applications, as then amended, was held.[1] On January 11, 1938, such hearing was closed.

Subsequently said applicant and Charles True Adams in his capacity of Trustee of said parent company under Section 77B of the Bankruptcy Act, intervening applicant, have submitted a further amendment to said application with respect to debentures of said parent company (File No. 46-69). As so amended such application asks that the Commission enter its order exempting said applicant and said intervening applicant from the provisions of Section 9 (a) of the Public Utility Act of 1935 pursuant to Section 9 (c) (3) of said Act and that the Commission, by appropriate orders, permit and authorize the applicant to use $12,000,000 of cash now held by it, or such other amount as the Commission shall deem proper, in one or more of the following methods:

(a) By permitting the applicant to acquire said parent company's debentures above described, by tender or tenders, at a price not exceeding such price as the Commission shall determine, or

(b) By permitting the applicant to purchase such debentures at such other price as the Commission shall determine, or

(c) By permitting said parent company to acquire from the applicant $10,000,000 in cash, or such other sum as the Commission shall determine, which sum shall be distributed pro rata to all creditors of said parent company, and

(d) That an order be entered by the Commission approving the acquisition of said securities pursuant to the provisions of Section 10 (a) (1) of the said Public Utility Act of 1935.

It appearing to the Commission that both the before mentioned applications are now pending undetermined before it, that the amendment last mentioned should be received and the before mentioned joint hearing reopened;

It is ordered, That such last mentioned amendment be received with leave to file additional amendments if desired to either or both of said applications until such hearing shall again be closed; and

It is further ordered, That the before mentioned joint hearing be reopened on July 7, 1938 at ten o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue, NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing evidence may be offered with respect to either or both of said applications as now or hereafter amended.

It is further ordered, That Richard Townsend or any other officer or officers of the Commission designated by it for that purpose shall preside at such reopened hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under Section 18 (c) of said Act and to continue or postpone said hearing from time to time or to a date thereafter to be fixed by such presiding officer.

Notice of such reopening of such hearing is hereby given to all parties to this proceeding and to any other person whose participation in this proceeding may be in the public interest or for the protection of investors or consumers. It

UNITED STATES CIVIL SERVICE COMMISSION.

CONDITION OF THE APPORTIONMENT AT CLOSE OF BUSINESS, WEDNESDAY, JUNE 15, 1938

IMPORTANT.—Although the apportioned classified civil service is by law located only in Washington, D. C., it nevertheless includes only about half of the Federal Civilian positions in the District of Columbia. Positions in local post offices, customs districts, and other field services outside of the District of Columbia which are subject to the Civil Service Act are filled almost wholly by persons who are local residents of the general community in which the vacancies exist. It should be noted and understood that so long as a person occupies, by original appointment, a position in the apportioned service, the charge for his appointment continues to run against his State of original residence. Certifications of eligibles are first made from States which are in arrears.

BUREAU OF AGRICULTURAL ECONOMICS

[Amendment No. 1 to Service and Regulatory Announcements No. 93, 2d Rev.]

RULES AND REGULATIONS OF THE SECRETARY OF AGRICULTURE GOVERNING THE INSPECTION AND CERTIFICATION OF FRUITS, VEGETABLES, AND OTHER PRODUCTS

By virtue of authority vested in the Secretary of Agriculture by the provision in the act of Congress entitled "An Act making appropriations for the Department of Agriculture * * * for the fiscal year ending June 30, 1938, approved June 29, 1937, (50 Stat. 425), I, [H. A. Wallace,] Secretary of Agriculture, do hereby give public notice of the following amendment to become effective immediately to the Rules and Regulations of the Secretary of Agriculture governing the inspection and certification of fruits, vegetables, and other products (Service and Regulatory Announcements No. 93, Second Revision)[1] approved June 24, 1936.

Amend Regulation 7, Section 4, by addition of the following:

Provided further, That in computing the number of carlot fees for the purposes of this section the total of fees paid by an applicant for refund on any basis of charges other than the carlot as provided in Regulation 7, Sec. 1, Paragraph 1 shall be reduced to a carlot basis by dividing by 4.

In testimony whereof I have hereunto set my hand and caused the official seal of the Department of Agriculture to be affixed, in the City of Washington, this 18th day of June 1938.

TITLE 9—ANIMALS AND ANIMAL PRODUCTS

BUREAU OF ANIMAL INDUSTRY

[B. A. I. Order 365]

REGULATIONS GOVERNING THE RECOGNITION OF BREEDS AND BOOKS OF RECORD OF PUREBRED ANIMALS

Under authority of paragraph 1606 of the act of Congress approved June 17, 1930 entitled "An act to provide revenue, to regulate commerce with foreign countries, to encourage the industries of the United States, to protect American labor, and for other purposes", the following regulations are issued governing the recognition of breeds and books of record of purebred animals imported into the United States for breeding purposes. For purposes of identification these regulations are designated as B. A. I. Order 365 and supersede all previous regulations on the same subject. They shall become and be effective on and after July 15, 1938.

Done at Washington this 17th day of June 1938. Witness my hand and the seal of the Department of Agriculture.

[SEAL] H. A. WALLACE,
Secretary of Agriculture.

PARAGRAPH 1606 (A) (B) OF THE TARIFF ACT OF 1930

Extract from "The act to provide revenue, to regulate commerce with foreign countries, to encourage the industries of the United States, to protect American labor, and for other purposes," approved June 17, 1930 (U. S. C., Sup. VII, Title 19, Sec. 1201), is as follows:

Par. 1606. (*a*) Any animal imported by a citizen of the United States specially for breeding purposes, shall be admitted free, whether intended to be used by the importer himself or for sale for such purposes, except black or silver foxes: *Provided*, That no such animal shall be admitted free unless pure-bred of a recognized breed and duly registered in a book of record recognized by the Secretary of Agriculture for that breed: *Provided further*, That the certificate of such record and pedigree of such animal shall be produced and submitted to the Department of Agriculture, duly authenticated by the proper custodian of such book of record,

together with an affidavit of the owner, agent, or importer that the animal imported is the identical animal described in said certificate of record and pedigree. The Secretary of Agriculture may prescribe such regulations as may be required for determining the purity of breeding and the identity of such animal: *And provided further*, That the collectors of customs shall require a certificate from the Department of Agriculture stating that such animal is purebred of a recognized breed and duly registered in a book of record recognized by the Secretary of Agriculture for that breed.

(b) The Secretary of the Treasury may prescribe such additional regulations as may be required for the strict enforcement of this provision.

DIRECTIONS CONCERNING FREE ENTRY OF PUREBRED ANIMALS IMPORTED FOR BREEDING PURPOSES

Address all questions relating to duties to the United States collector of customs at the port of entry. In all cases the duty is assessed or bond given for its payment at the time of entry. Refund is made or the bond canceled after the importation has been certified as purebred.

The Department of Agriculture issues the certificate of pure breeding which the collector of customs requires as one of the conditions of free entry. The certificates are issued only if the following requirements are met:

1. The importer must be an American citizen.

2. The horse, bovine, sheep, swine, goat, dog, or cat must be registered in one of the foreign books of record listed in this order, or must be acceptable for registry by an American breed record association having reciprocity with the foreign association with which it is recorded.

3. The animal must be accompanied at the United States port of first arrival by:

a. Pedigree certificate.

b. Complete transfer of ownership from foreign breeder to American importer.

4. After the animal has been examined by a Federal inspector, the pedigree certificate and transfer must be forwarded to the Bureau of Animal Industry, Washington, D. C. They will later be returned to the sender.

5. Description of the animal taken at port of entry must agree with pedigree certificate as to age, sex, color markings, and other identification such as eartag and tattoo markings.

6. An application for certificate of pure breeding must be made showing:

a. Number of animals imported, their breed and sex.

b. Port of arrival into the United States.

c. Name of vessel, express company, or other carrier.

d. Date of arrival.

e. Name and address of importer.

7. An affidavit of identity must be furnished, signed by the importer or his agent, stating that the animals are identical with those described in the accompanying pedigree certificates. This must be acknowledged before an officer having authority to administer oaths, who must attach his official seal thereto.

Importers may obtain from Federal officials at port of entry or from the Bureau of Animal Industry, Washington, D. C., application and affidavit forms for use in applying for the certificate of pure breeding. These forms are:

1. A. H. Form 105, Application for Certificates.

2. A. H. Form 283, Affidavit of Identity.

Address all communications regarding this order to: Chief, Bureau of Animal Industry, United States Department of Agriculture, Washington, D. C.

REGULATIONS

Regulation 1.—Certification of Purebred Animals

SECTION 1. *Issuance of certificates of pure breeding.*—The Bureau of Animal Industry of the Department of Agriculture shall issue certificates of pure breeding under the provisions of this order and forward them to the collector of customs at the port of entry.

SEC. 2. *Requirements for issuance of certificates of pure breeding.*—

PARAGRAPH 1. *Application for certificates.*—An application for certificates shall be made to the Bureau of Animal Industry on forms furnished or approved by the Department, showing the number of animals imported, the breed and sex, the port of arrival into the United States, customs entry number, the name of the vessel or carrier by which shipped, and the date of arrival. This application may be signed by either the owner, agent, or importer, stating the name and address (in the United States) of the owner of the animal or animals.

PAR. 2. *Certificates of pedigree.*—Certificates of pedigree for such animals, issued by the custodian of a book of record given in regulation 2, section 2, of this order, or which are acceptable to an American registry association having reciprocity with the foreign association in the registration of animals, shall be furnished to the Bureau of Animal Industry. They will later be returned to the sender.

PAR. 3. *Transfer of ownership.*—Complete transfer of ownership from the breeder to the importer shall be furnished, such transfers to be recorded on the pedigree certificates, or on official certificates of transfer of the registry association.

PAR. 4. *Affidavit of identity.*—An affidavit, duly acknowledged before an officer having authority to administer oaths and bearing his official seal, from the owner, agent, or importer, that the animals so imported are the identical animals described in the certificates of pedigree, shall be furnished to the Bureau of Animal Industry.

SEC. 3. *Examination of animals.*—An examination (for the purpose of determining identity) shall be made by an authorized Federal inspector at the coast or border port of arrival of all animals imported under these regulations. All such animals must be accompanied to the United States customs port of first arrival with pedigree certificates and transfers in order that identification may be accomplished. If the animals are moved from such port prior to the presentation of the pedigree certificates and transfers, such action shall constitute a waiver of any further claim to certification under these regulations. Descriptions of animals taken by the Federal inspector must agree with the records for these animals as given in the pedigree certificates. The certificates of pure breeding will not be issued until these descriptions are received in Washington, D. C.

SEC. 4. *Eligibility of animals.*—When the provisions of this order have been otherwise complied with, animals will be certified as purebred which have been fully registered in good faith in a book of record for one of the recognized breeds given in regulation 2, section 2, of this order, except those which have been registered on inspection, without regard to purity of breeding.

Regulation 2.—Recognition of Breeds

SECTION 1. *Current books of record required.*—Custodians of books of record for recognized breeds should forward volumes of their books of record as soon as published in order to receive continued recognition. Address such books to the Chief of the Bureau of Animal Industry, in care of the United States dispatch agent, 45 Broadway, New York, N. Y., U. S. A.

SEC. 2. *Recognized breeds and books of record.*—The following books of record of breeds of domestic animals are recognized:

TITLE 26—INTERNAL REVENUE

BUREAU OF INTERNAL REVENUE

[T. D. 4811]

INCOME TAX

RETURN OF INFORMATION BY CORPORATION WITHIN THIRTY DAYS AFTER ADOPTION OF A RESOLUTION OR PLAN FOR DISSOLUTION OR FOR LIQUIDATION OF THE WHOLE OR ANY PART OF ITS CAPITAL STOCK

To Collectors of Internal Revenue and Others Concerned:

PARAGRAPH A. Section 148 (d) of the Revenue Act of 1938, enacted May 28, 1938 (Public, No. 554, Seventy-fifth Congress, Third Session), provides:

SEC. 148. *Information by Corporations.*

* * * * * *

(d) *Contemplated dissolution or liquidation.*—Every corporation shall, within thirty days after the adoption by the corporation of a resolution or plan for the dissolution of the corporation or for the liquidation of the whole or any part of its capital stock, render a correct return to the Commissioner, verified under oath, setting forth the terms of such resolution or plan and such other information as the Commissioner shall, with the approval of the Secretary, by regulations prescribe.

PAR. B. Section 62 of the Revenue Act of 1938 provides:

SEC. 62. *Rules and regulations.*

The Commissioner, with the approval of the Secretary, shall prescribe and publish all needful rules and regulations for the enforcement of this title.

PAR. C. Section 145 of the Revenue Act of 1938 provides:

SEC. 145. *Penalties.*

(a) Any person required under this title to pay any tax, or required by law or regulations made under authority thereof to make a return, keep any records, or supply any information, for the purposes of the computation, assessment, or collection of any tax imposed by this title, who willfully fails to pay such tax, make such return, keep such records, or supply such information, at the time or times required by law or regulations, shall, in addition to other penalties provided by law, be guilty of a misdemeanor and, upon conviction thereof, be fined not more than $10,000, or imprisoned for not more than one year, or both, together with the costs of prosecution.

(b) Any person required under this title to collect, account for, and pay over any tax imposed by this title, who willfully fails to collect or truthfully account for and pay over such tax, and any person who willfully attempts in any manner to evade or defeat any tax imposed by this title or the payment thereof, shall, in addition to other penalties provided by law, be guilty of a felony and, upon conviction thereof, be fined not more than $10,000, or imprisoned for not more than five years, or both, together with the costs of prosecution.

(c) The term "person" as used in this section includes an officer or employee of a corporation or a member or employee of a partnership, who as such officer, employee, or member is under a duty to perform the act in respect of which the violation occurs.

(d) For penalties for failure to file information returns with respect to foreign personal holding companies and foreign corporations, see section 340.

Pursuant to the authority contained in sections 62 and 148 (d) of the Revenue Act of 1938, the following regulations are hereby prescribed with respect to the return of information required to be rendered by every corporation within thirty days after the adoption of a resolution or plan for the dissolution of the corporation or for the liquidation of the whole or any part of its capital stock:

ARTICLE 148 (d)-1. *Return of information respecting contemplated dissolution or liquidation.*—Within thirty days after the adoption on or after May 28, 1938, of any resolution or plan for or in respect of the dissolution of a corporation or the liquidation of the whole or any part of its capital stock, the corporation shall file with the Commissioner of Internal Revenue, Washington, D. C., attention of the Income Tax Unit, Records Division, a correct return on Form 966, made under oath or affirmation and containing the information required by article 148 (d)-2 of these regulations and by such form. A like return shall be filed by the corporation in the case of any amendment of, or supplement to, a resolution or plan for or in respect of the dissolution of the corporation or the liquidation of the whole or any part of its capital stock adopted on, before, or after May 28, 1938, if such amendment or supplement was adopted on or after May 28, 1938.

ART. 148 (d)-2. *Contents of return.*—(a) *General.*—There shall be attached to and made a part of the return required by section 148 (d) of the Act and article 148 (d)-1 of these regulations a duly certified copy of the resolution or plan, together with any amendments thereof or supplements thereto, and such return shall in addition contain the following information:

(1) The name and address of the corporation;

(2) The place and date of incorporation;

(3) The date of the adoption of the resolution or plan and the dates of any amendments thereof or supplements thereto; and

(4) The collection district in which the last income tax return of the corporation was filed and the taxable year covered thereby.

(b) *Liquidation in December, 1938.*—In the event that the plan of liquidation (adopted after May 28, 1938) provides for a distribution in complete cancelation or redemption of all the capital stock of the corporation, and for the transfer of all the property of the corporation under the liquidation entirely within the month of December, 1938, such return shall, in addition to the information required by paragraph (a) of this article, contain the following information:

(1) A statement showing the number of shares of each class of stock outstanding on the date of the adoption of the plan of liquidation, together with a description of the voting power of each such class;

(2) A list of all the shareholders owning stock on the date of the adoption of the plan of liquidation, together with the number of shares of each class of stock owned by each shareholder, the certificate numbers thereof, and the total number of votes to which entitled on the adoption of the plan of liquidation; and

(3) A list of all corporate shareholders as of April 9, 1938, together with the number of shares of each class of stock owned by each such shareholder, the certificate numbers thereof, the total number of votes to which entitled on the adoption of the plan of liquidation, and a statement of all changes in ownership of stock by corporate shareholders between April 9, 1938, and the date of the adoption of the plan of liquidation, both dates inclusive.

(c) *Returns in respect of amendments or supplements.*—If a return in respect of any resolution or plan for or in respect of the dissolution of a corporation or the liquidation of the whole or any part of its capital stock has already been filed pursuant to section 148 (d) of the Act,

a return in respect of any amendment thereof or supplement thereto will be deemed sufficient if it gives the date such prior return was filed and contains a duly certified copy of such amendment or supplement and all other information required by these regulations and by Form 966 which was not given in such prior return. If no return was filed relative to the resolution or plan which is being amended or supplemented, the return relative to the amendment thereof or supplement thereto shall contain a duly certified copy of the resolution or plan which is being amended or supplemented, together with all amendments thereof and supplements thereto, and all other information required by these regulations and by Form 966.

DEPARTMENT OF AGRICULTURE.

Agricultural Adjustment Administration.

[Docket No. A–77 O–77]

NOTICE OF HEARING ON PROPOSAL TO AMEND ORDER AND MARKETING AGREEMENT WHICH REGULATE HANDLING OF CITRUS FRUIT GROWN IN CAMERON, HIDALGO AND WILLACY COUNTIES IN THE STATE OF TEXAS

Whereas, under Public Act No. 10, 73rd Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended, the Secretary of Agriculture on the 9th day of July, 1937, issued Order No. 15 and Marketing Agreement No. 71,[1] which regulate the handling in interstate and foreign commerce and such handling as directly burdens, obstructs or affects interstate and foreign commerce in grapefruit and oranges grown in Cameron, Hidalgo and Willacy Counties in the State of Texas; and

Whereas, certain amendments to said marketing agreement and order have been proposed and have been incorporated into a proposed marketing agreement and order; and

Whereas, a hearing has been requested upon such amendments and the Secretary of Agriculture has reason to believe that amendments to said marketing agreement and order should be made; and

Whereas, under said act notice of a hearing is required in connection with a proposal to amend an order and marketing agreement and the General Regulations, Series A, No. 1,[1] as amended of the Agricultural Adjustment Administration, United States Department of Agriculture, provide for notice and an opportunity to be heard upon such proposal;

Now, therefore, pursuant to said act and the general regulations notice is hereby given of a hearing to be held in the Stephen F. Austin School Building, Weslaco, Texas, June 27, 1938, at 10:00 a. m. c. s. t. on a proposal to amend the marketing agreement and order regulating the handling in interstate and foreign commerce and such handling as directly burdens, obstructs or affects interstate and foreign commerce in grapefruit and oranges grown in Cameron, Hidalgo and Willacy Counties in the State of Texas.

This public hearing is for the purpose of receiving evidence as to the necessity of such amendments which would: (a) amend various definitions set forth in Article I of the order, (b) revise and add to certain duties of the Growers Industry Committee as set forth in Section 3 of Article II, (c) revise and add to certain provisions of Article III, relating to assessments and expenses, (d) completely revise Article IV relating to regulation of shipments, alter the base period for determination of past performance, and provide additional limitations upon allotment loan transactions, (e) completely revise Article V relating to regulation of grade and size and provide for compulsory grading by federal-state inspection, (f) provide for detailed handlers' weekly reports, shipping manifest reports, and other reports, and (g) provide for interchange of interstate and intrastate allotments. Like evidence will be received upon any other amendments that may be proposed at said hearing.

Copies of the marketing agreement and order incorporating said proposed amendments may be procured from the Hearing Clerk, Room 0318 South Building, United States Department of Agriculture, Washington, D. C.

[SEAL] H. A. WALLACE,
Secretary of Agriculture.

[Administration Order 231 (Rev. 1)[2]]

DETERMINATION OF EQUITABLE DISTRIBUTION OF FUNDS APPROPRIATED FOR FISCAL YEAR ENDING JUNE 30, 1939, PURSUANT TO BANKHEAD-JONES FARM TENANT ACT

JUNE 18, 1938.

I. Pursuant to the provisions of Section 4 of Title I of the Bankhead-Jones Farm Tenant Act, there is attached hereto as Exhibit A, a schedule representing the equitable distribution of the money appropriated for the purposes of Title I, for the fiscal year ending June 30, 1939, among the several states and territories on the basis of farm population and the prevalence of tenancy, as determined by the Secretary of Agriculture.

II. The unencumbered balances of the previous fiscal year's allotment remaining in each state and territory will be withdrawn as of June 30, 1938, and redistributed equitably to the states and territories on the basis of farm population and the prevalence of tenancy as determined by the Secretary of Agriculture, and a revised schedule of allotments will be issued immediately thereafter.

III. No allotment shall be made to any state or territory in excess of the amounts so distributed.

DEPARTMENT OF THE INTERIOR.

National Bituminous Coal Commission.

[General Docket No. 15]

IN THE MATTER OF THE ESTABLISHMENT OF MINIMUM PRICES AND MARKETING RULES AND REGULATIONS

NOTICE OF AND ORDER FOR HEARING IN RE DETERMINATION OF WEIGHTED AVERAGE OF THE TOTAL COSTS OF THE TONNAGE PRODUCED WITHIN MINIMUM PRICE AREA NO. 1

Pursuant to act of Congress entitled "An Act to regulate interstate commerce in bituminous coal, and for other purposes" (Public, No. 48, 75th Congress, 1st Session), known as the Bituminous Coal Act of 1937, the National Bituminous Coal Commission hereby orders and directs:

1. Notice is hereby given to all interested parties that a hearing in this matter shall be held before the Commission commencing on the 6th day of July, 1938, at 10:00 A. M., in the Hearing Room of the Commission at 15th and Eye Streets, N. W., Washington, D. C., for the purpose of receiving evidence relating to the weighted average of the total costs per net ton of the tonnage of bituminous coal produced in the calendar year 1936, in each of Districts 1 to 8, inclusive, and so much of District 13 as is in Minimum Price Area 1, and evidence relating to any change or changes in wage rates, hours of employment, or other factors, exclusive of seasonal changes, substantially affecting costs, in each of said Districts which may have been established since January 1, 1936, to enable the Commission to determine the weighted average of the total costs of the tonnage for Minimum Price Area 1 (Districts 1, 2, 3, 4, 5, 6, 7, and 8, and so much of 13 as in Minimum Price Area 1) in the calendar year 1936, as adjusted, within the meaning of Section 4, Part II, of the Act, at which time all interested persons will be afforded an opportunity to be heard.

2. The District Boards of said Districts have submitted to the Commission, pursuant to its Order No. 240,[1] their determinations of the weighted average of the total costs of the total ascertainable tonnage produced in their respective Districts in the calendar year 1936, adjusted as aforesaid, as follows:

District No.:	*District board's determination (Per net ton)*
1	$2.3940
2	2.2948
3	1.8745
4	1.9755
5	3.5679
6	2.0167
7	2.2087
8	2.0535

upon which evidence will be received at such hearing.

3. The Division of Research and Statistics of the Commission has submitted to the Commission as evidence of weight in determining the adjusted 1936 costs the following computations of the weighted average of the actual costs of the ascertainable tonnage in each District and in Minimum Price Area 1 for the nine months period, April to December 1937, inclusive, the latest period for which cost data are available at the increased wage rates that became generally effective April 1, 1937, which costs are further adjusted to take account of known changes in Federal unemployment taxes, effective January 1, 1938, and to take account of the known effects of the tax imposed by the Bituminous Coal Act of 1937. (In the case of District 5, the actual costs for the nine-month period April to December 1937 have been combined with the three-month costs for January to March 1937, so adjusted as to raise the three-month costs to the level of the wage scale effective April 1.)

District No.:	*1936 tonnage*	*Cost per ton*
1	37,793,264	$2.37
2	69,116,894	2.22
3	22,203,799	1.86
4	22,392,066	1.95
5	618,121	3.82
6	4,247,196	2.02
7	52,981,211	2.21
8	86,498,544	2.06
Total, Minimum Price Area 1	295,851,095	2.147

4. Any person desiring to offer affirmative evidence at such hearing shall, not later than the day preceding the date of said hearing, file with the Commission at its offices in Washington, D. C., a written appearance setting forth therein the nature of his interest and a concise written statement of the facts which he wishes to present. Such cross-examination as the Commission in its discretion deems proper will be permitted.

5. That the Secretary cause a copy of this Notice of and Order for Hearing to be published forthwith in the FEDERAL REGISTER and in two consecutive issues of a newspaper of general circulation in each of the aforesaid Districts and shall cause copies hereof to be mailed to each code member, the Consumers' Counsel and to the Secretary of each District Board, and to be made available for inspection by interested parties at each of the Statistical Bureaus of the Commission.

By Order of the Commission.
Dated this 16th day of June, 1938.

IN THE MATTER OF VIRGINIA PUBLIC SERVICE COMPANY

NOTICE OF AND ORDER FOR HEARING

An application pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by the above-named party;

It is ordered, That a hearing on such matter be held on July 11, 1938, at 10:00 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue, NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That Robert P. Reeder or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to continue or postpone said hearing from time to time or to a date thereafter to be fixed by such presiding officer.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before July 6, 1938.

The matter concerned herewith is in regard to an application by Virginia Public Service Company, a subsidiary of a registered holding company, pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935, for exemption from the provisions of section 6 (a) of the issue and private sale of $677,000 principal amount of Newport News and Hampton Railway Gas and Electric Company (a constituent company) First and Refunding Mortgage 5% Gold Bonds, due January 1, 1944. It is stated that the proceeds are to be used solely to retire, at or before maturity, $677,000 Newport News and Old Point Railway and Electric Company First Mortgage Forty Year Five Per Cent Gold Bonds, due November 1, 1938, assumed by Applicant as successor company by merger as of December 31, 1926. The issue and sale of the Bonds was authorized by the State Corporation Commission of the Commonwealth of Virginia on May 27, 1938.

By the Commission.

IN THE MATTER OF LAWRENCE GAS & ELECTRIC COMPANY

NOTICE OF AND ORDER FOR HEARING

An application pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by the above-named party;

It is ordered, That a hearing on such matter be held on July 7, 1938, at 10 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue, NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That Edward C. Johnson or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to continue or postpone said hearing from time to time or to a date thereafter to be fixed by such presiding officer.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before July 2, 1938.

The matter concerned herewith is in regard to an application filed by Lawrence Gas & Electric Company, a subsidiary of Massachusetts Light & Power Associates, in turn a subsidiary of New England Power Association, a registered holding company, concerning the issue and sale at no less than par of $1,500,000 principal amount of First Mortgage Bonds, Series A, due July 1, 1968, the proceeds of such issue to be devoted on or before August 1, 1938, to the redemption of the $1,500,000 principal amount of First Mortgage 4½% Twenty Year Gold Bonds, Series B, due August 1, 1940, being the total funded indebtedness of the applicant now outstanding.

By the Commission.

TITLE 7—AGRICULTURE

AGRICULTURAL ADJUSTMENT ADMINISTRATION

[RCP–1938 Meagher County, Mont.]

1938 RANGE CONSERVATION PROGRAM BULLETIN, WESTERN REGION, FOR MEAGHER COUNTY, MONTANA

This bulletin supersedes for Meagher County all portions of WR–1938–Montana relating to range.

Pursuant to the authority vested in the Secretary of Agriculture under Sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act, as amended, and in connection with the effectuation of the purposes of Section 7 (a) of said Act in 1938, payments will be made for participation in the 1938 Meagher County, Montana, Range Conservation Program in accordance with the provisions of this bulletin and such modifications thereof or other revisions as may hereafter be made.

The provisions of this program, are necessarily subject to such legislation affecting said program as the Congress of the United States may hereafter enact; the making of the payments herein provided are contingent upon such appropriation as the Congress may hereafter provide and the rates of payments specified herein are subject to an increase or decrease of not more than 10 percent, depending upon the extent of participation in the Meagher County program and the final estimate of payments which would be made in Meagher County under the 1938 Range Conservation Program.

The provisions of the 1938 Meagher County, Montana, Range Conservation Program contained in this bulletin are not applicable (1) to counties other than Meagher County, Montana, (2) to public domain of the United States, including lands owned by the United States and administered under the Taylor Grazing Act or by the Forest Service of the United States Department of Agriculture, and (3) other lands in which the beneficial ownership is in the United States.

The provisions of this bulletin are to be renewed each year through 1940 except in case the Agricultural Adjustment Administration finds that (1) the Range Conservation Program has been modified in such manner as to adopt the essential provisions of the Meagher County, Montana, Program or is otherwise modified in such manner as to indicate the continuation of this program is unnecessary or undesirable, or (2) the resulting performance under this program has proven it is not administratively feasible, and that it is not contributing to the improvement of the Range Conservation Program or for other reasons indicates its continuation is undesirable, or (3) modifications of the Soil Conservation and Domestic Allotment Act, as amended, and the Agricultural Adjustment Act of 1938 are such as to prohibit its continuation, or are such as to indicate its continuation is not administratively advisable.

SECTION I. RATES OF RANGE-BUILDING PAYMENTS

A. Natural Reseeding by Limited Grazing. Subject to the conditions hereinafter set forth, payments will be made for the performance of limited grazing on range land, if approved by the county committee for the ranching unit prior to its institution, during the year 1938 as follows:

1. *Ranches designated as not overgrazed.*—a. 40% of the range-building allowance, computed under Section II, subsection A, if no goal is established for the ranching unit by the county committee or if a goal is established by the county committee for the ranching unit and the operator fails to fully comply with the provisions thereof.

b. 60% of the range-building allowance, computed under Section II, subsection A, if a goal is established for the ranching unit by the county committee and if the operator fully complies with the provisions thereof.

2. *Ranches designated as overgrazed.*—a. 60% of the range-building allowance, computed under Section II,

subsection A, if no goal is established for the ranching unit by the county committee of if a goal is established by the county committee for the ranching unit and the operator fails to fully comply with the provisions thereof.

b. 75% of the range-building allowance, computed under Section II, subsection A, if a goal is established for the ranching unit by the county committee and if the operator fully complies with the provisions thereof.

3. For the purposes of this Section I A, the county committee shall determine the ranching units in the county which are overgrazed and those not overgrazed. In making such determination with respect to a ranching unit, the county committee shall give consideration to the following: varieties, palatability, and density of forage growth; climatic fluctuations; distribution and character of watering facilities; topographic and cultural features, presence or absence of rodents and poisonous plant infestations; the number and classes of livestock currently grazed upon such ranching unit, and other similar factors.

4. The provisions of this Section I A, subsections 2 and 3, shall be applicable only during 1938 and 1939. In 1940, the rates for all ranches will be as prescribed under subsections 1a and 1b above.

5. The goal provided for in this Section I A shall be established by the county committee and shall consist of conditions and specifications other than those listed in this bulletin, and in addition to limited grazing, which the county committee determines are necessary on the ranch either to support and complement the effective conservation use to be made of the range in connection with such range-building practices as are contained in this bulletin or to assist in connection with limited grazing in bringing about on the ranching unit such use of the forage resources as will more effectively carry out the purposes of the Soil Conservation and Domestic Allotment Act. The county committee's determination with respect to goals shall be based on conservative range management, forage and feed resources of the ranch, topographic and cultural features, utilization of forage by wildlife and the extent to which the resources of the ranch have been utilized in a conservative manner.

B. Within the limits of that part of the range-building allowance remaining after applying the provisions of subsection A above, and subject to the conditions hereinafter set forth, there will be paid for carrying out in 1938 on range land such of the following range-building practices as are approved by the county committee for the ranching unit prior to their institution.

Practices, Conditions of Payment, and Rate of Payment

Reseeding of Range Land

1. Artificial reseeding: $0.20 per pound of seed sown, but not in excess of $2.00 per acre.

For reseeding depleted range land with good seed of adapted varieties of range grasses, legumes, or forage shrubs.

Erosion and Runoff Control

2. Contour listing, furrowing, or subsoiling: $0.50 per acre.

For listing, furrowing, or subsoiling range land on the contour.

3. Spreader dams and terraces: For constructing spreader dams and spreader terraces alone or in combination with each other for the diversion of surface water to prevent soil washing of range land.

(a) Spreader dams: $0.15 per cubic yard of material moved.

(b) Spreader terraces: $0.40 per 100 linear feet.

Development of Stock Water on Range Land

4. Earthen tanks or reservoirs; $0.15 per cubic yard of fill or excavation.

For constructing reservoirs or earthen tanks with spillways adequate to prevent dams from washing out, for the purpose of providing water for range livestock.

5. Wells:

(a) For drilling or digging wells with casing not less than 4 inches in diameter, for the purpose of providing water for range livestock, provided a windmill or power pump is installed and the water is conveyed to a tank or storage reservoir. Payment will not be made for a well developed at ranching unit headquarters: $2.00 per linear foot.

(b) For drilling or digging wells with casing less than 4 inches but not less than 2 inches in diameter, for the purpose of providing water for range livestock, provided a windmill or power pump is installed and the water is conveyed to a tank or storage reservoir. An artesion well will qualify for payment provided adequate stock water is made available during the grazing season and the water is conveyed to a tank or trough. Payment will not be made for a well developed at ranching unit headquarters: $1.00 per linear foot.

6. Development of natural watering places—For developing springs or seeps, protecting the source from trampling and conveying the water in a trough or in a pipe not less than one inch in diameter to a tank, for the purpose of providing water for range livestock: $0.40 per cubic foot for excavation in soil or gravel, and $0.70 per cubic foot for excavation in rock.

Fire Guards

7. For the establishment of fire guards not less than 10 feet in width by plowing furrows or otherwise exposing the mineral soil. Payment will not be made if the fire guard is used in connection with controlled burning within the ranching unit: $0.05 per 100 linear feet.

SECTION II. RANGE-BUILDING ALLOWANCE

A. The range-building allowance shall be 3¢ per acre of range land in the ranching unit plus 75¢ times the grazing capacity of the range land: *Provided*, however, that the grazing capacity item shall not be calculated on more than one animal unit for each ten acres of range land in the ranching unit, and the acreage item shall not be calculated on more that 60 acres for each animal unit of grazing capacity established for the ranching unit.

B. In addition the range-building allowance shall include 35¢ times the number of acres of mountain meadow land in the ranching unit from which hay is normally harvested for feeding on the ranching unit to range livestock owned by the operator of the ranching unit: *Provided*, however, that mountain meadow land for which this additional allowance is made shall not be considered in calculating the portion of the range-building allowance provided for in subsection A.

SECTION III. CONDITION OF PAYMENT

A. No payment for range-building practices carried out pursuant to subsection B of Section I will be made unless limited grazing has been carried out on the ranch during 1938 or the county committee shall have determined that

the method of ranch management has been adjusted before December 31, 1938 in the manner required to successfully carry out limited grazing.

B. The total payment made with respect to any ranching unit shall not exceed the range-building allowance for such ranching unit. Payment will be made only if range-building practices are carried out according to specifications recommended by the county and State committees and approved by the Regional Director. Payments made for performance pursuant to the provisions of this bulletin shall not be subject to the provisions of Section V of Part I of WR–1938–Montana.

C. No payment will be made for practices carried out with labor, seed, trees, and materials furnished entirely by any State or Federal agency, or for practices with respect to which a portion of the labor, seed, trees, or other materials used in carrying out such practices is furnished by a State or Federal agency, if such portion represents one-half or more of the total cost of carrying out such practices. If a portion of the labor, seed, trees, or other materials used in carrying out any practice is furnished by a State or Federal agency and such portion represents less than one-half of the total cost of carrying out such practice, payment will be made for such practice at one-half of the rate specified in Section I.

SECTION IV. CHANGES IN LEASING ARRANGEMENTS AND OTHER DEVICES

A. No payment will be made to any person who has for 1938 made any change from the 1937 leasing arrangements of range land for the purpose of, or which would have the effect of, diverting to such person any payment to which any lessee would be entitled if the 1937 leasing arrangements of such range land were in effect for 1938. If the State committee finds that any person who files an application for a payment pursuant to the provisions of the 1938 Meagher County, Montana, Range Conservation Program has made any change from the 1937 leasing arrangements of such range land or has employed any other scheme or device whatsoever for the purpose of, or which would have the effect of depriving any other person of any payment or share therein to which such other person otherwise would be entitled, the Secretary may withhold in whole or in part from the person participating in such a scheme or device, or require such person to refund in whole or in part, the amount of any payment which has been or otherwise would be made to such person for performance in connection with the 1938 Meagher County, Montana, Range Conservation Program.

B. If on any ranching unit in 1938 any change of the leasing arrangements which existed on the ranching unit in 1937 is made between the landlord and the tenants and such change would cause a greater proportion of the payment to be made to the landlord under the 1938 Meagher County, Montana, Range Conservation Program than would have been made to the landlord for performances on the ranching unit under the 1937 Range Conservation Program, payment to the landlord under the 1938 Meagher County, Montana, Range Conservation Program with respect to the ranching unit shall not be greater than the amount that would have been paid to the landlord if the arrangements which existed on the ranching unit in 1937 had been continued in 1938, if the county committee certifies that the change is not justified and disapproves such change.

C. If on any ranching unit the number of tenants in 1938 is less than the average number on the ranching unit during the years 1935 to 1937, inclusive, and such reduction would increase the payments that would otherwise be made to the landlord, such payments to the landlord shall not be greater than the amount that would otherwise be made if the county committee certifies that the reduction is not justified and disapproves such reduction.

SECTION V. ELIGIBILITY FOR PAYMENT

A. Application for range-building payment may be made only by ranch operators. Range-building payments will be made to (1) a sole ranch operator, or (2) each ranch operator of a group of two or more ranch operators, provided they all signify in the application for the range-building payment a percentum of the total payment to be made to each ranch operator. In case there are two or more ranch operators, the application must be made by all of them, except that in cases where any ranch operator refuses to sign the application for payment the county committee shall determine the percentage share of each ranch operator and payment of his percentage share will be made to each ranch operator applying for payment in accordance with such determination.

B. Payment will be made only upon application submitted through the county office. The Secretary reserves the right (1) to withhold payment to any ranch operator who fails to file any form or furnish any information required with respect to any ranching unit in which such ranch operator is interested, and (2) to refuse to accept any application for payment if such application or any other form or information required is not submitted to the county office within the time fixed by the Regional Director. At least two weeks' notice to the public shall be given in advance of the expiration of a time limit for filing prescribed forms.

C. Any person who knowingly plants cotton on his farm in 1938 on acreage in excess of the cotton acreage allotment established for the farm for 1938 shall not be eligible for any payment under the provisions of the 1938 Range Conservation Program nor under the provisions of the 1938 Meagher County, Montana, Range Conservation Program. Any person having an interest in the cotton crop on a farm on which cotton is planted in 1938 on acreage in excess of the cotton acreage allotment for the farm for 1938 shall be presumed to have knowingly planted cotton on his farm on acreage in excess of such farm cotton acreage allotment if notice of his allotment is mailed to him prior to the completion of the planting (seeding) of cotton on the farm unless such person establishes the fact that the excess acreage planted to cotton was due to his lack of knowledge of the number of acres in the tract(s) planted to cotton. Such notice, if mailed to the operator of the farm, shall be deemed to be notice to all persons sharing in the production of cotton thereon in 1938.

SECTION VI. PAYMENT RESTRICTED TO EFFECTUATION OF THE PURPOSES OF THE PROGRAM

All or any part of any payments which otherwise would be made to any person under the 1938 Meagher County, Montana, Range Conservation Program may be withheld (1) if he has adopted any practice which the Secretary determines tends to defeat any of the purposes of the program, (2) if, by means of any corporation, partnership, estate, trust, or any other device, or in any manner whatsoever, he has offset, or has participated in offsetting, in whole or in part, the performance for which such payment is otherwise authorized, or (3) if, with respect to forest land or woodland owned or controlled by him, he adopts any practice which the Regional Director finds is contrary to sound conservation practices. No payment will be made to any person if it is determined in accordance with instructions issued by the Agricultural Adjustment Administration that, with respect to any ranch which he owns or operates, the stand of grass has been decreased or the forage, tree growth or watershed has been injured by overgrazing in 1938.

SECTION VII. PAYMENTS COMPUTED AND MADE WITHOUT REGARD TO CLAIMS

Any payment or share of payment shall be computed and made without regard to questions of title under State law, without deduction of claims for advances (except as provided in Section XI), and without regard to any claim or lien against any crop or livestock, or proceeds thereof, in favor of the owner or any other creditor.

SECTION VIII. INCREASE IN SMALL PAYMENTS

The total payment computed for any person with respect to any ranching unit shall be increased as follows:

(1) Any payment amounting to 71 cents or less shall be increased to $1.00;

(2) Any payment amounting to more than 71 cents but less than $1.00 shall be increased by 40 percent;

(3) Any payment amounting to $1.00 or more shall be increased in accordance with the following schedule:

Amount of payment computed	Increase in payment	Amount of payment computed	Increase in payment
$1.00 to $1.99	$0.40	$32.00 to $32.99	$10.40
$2.00 to $2.99	.80	$33.00 to $33.99	10.60

$31.00 to $31.99	10.20	$200.00 and over	(2)

[1] Increase to $200.00.
[2] No increase.

SECTION IX. DEDUCTIONS FOR ASSOCIATION EXPENSES

There shall be deducted pro rata from the payments with respect to any ranching unit all or such part as the Secretary may prescribe of the estimated administrative expenses incurred or to be incurred by the Meagher County Agricultural Conservation Association.

SECTION X. ASSIGNMENTS

Any person who may be entitled to a payment in connection with this program may assign his interest in such payment as security for cash loaned or advances made for the purpose of financing the making of a crop in 1938. No such assignment will be recognized unless (1) the assignment is made in writing upon Form ACP-69 in accordance with instructions issued by the Agricultural Adjustment Administration and is filed in the office of the county agricultural conservation association; (2) the ranch operator files with the assignment a statement that the assignment is made to pay or secure an indebtedness incurred in connection with financing the making of a crop in 1938 and not to pay or secure any preexisting indebtedness; and (3) the person to whom such assignment is made certifies that the payment is being assigned without discount for such purpose. For the purposes of this Section the making of a crop shall be deemed to include the carrying out of range-building practices.

Nothing contained in this Section X shall be construed to give an assignee a right to any payment other than that to which the ranch operator is entitled, nor shall the Secretary or any disbursing agent be subject to any suit or liability if payment is made to the ranch operator without regard to the existence of any such assignment.

SECTION XI. ESTABLISHMENT OF GRAZING CAPACITIES

There shall be established a grazing capacity for each ranching unit for which an application for determination of grazing capacity is received on or before a date established by the Regional Director as affording reasonable opportunity for the filing of such applications. In determining grazing capacity, consideration shall be given to the following: (a) composition, palatability, and density of forage growth; (b) climatic fluctuations; (c) distribution and character of watering facilities; (d) topographic and cultural features; (e) presence or absence of rodents and poisonous plant infestations; and (f) number and classes of livestock previously carried. The average of the individual grazing capacities established for all ranching units in a county shall not exceed the county average grazing capacity limit established by the Agricultural Adjustment Administration on the basis of available statistics.

SECTION XII. DETERMINATION OF COUNTY IN WHICH A RANCHING UNIT IS LOCATED

A ranching unit shall be regarded as located in the county in which its principal dwelling is situated, or if there is no dwelling thereon it shall be regarded as located in the county in which the major portion of the ranching unit is located.

SECTION XIII. APPEALS

Any person who considers himself aggrieved by any recommendation or determination of the county committee with respect to any ranching unit in which he has an interest may, within 15 days after notice thereof is forwarded to or available to him request the county committee in writing to reconsider its recommendation or determination with respect to any of the following matters: (a) eligibility to file an application for payment, (b) grazing capacity established for the range land in such ranching unit, or (c) any other matter affecting the right to or the amount of his payment with respect to the ranching unit. The county committee shall notify such person of its decision in writing within 15 days after receipt of such written request for reconsideration. If such person is dissatisfied with the decision of the county committee he may, within 15 days after such decision is forwarded to or made available to him, appeal in writing to the State committee. The State committee shall notify such person of its decision in writing within 30 days after the receipt of the appeal. If such person is dissatisfied with the decision of the State committee he may, within 15 days after such decision is forwarded to or made available to him, request the Regional Director to review the decision of the State committee.

SECTION XIV. STATE AND REGIONAL BULLETINS, INSTRUCTIONS AND FORMS

The Agricultural Adjustment Administration shall prepare and issue such State and regional bulletins, instructions, and forms as may be required in administering the 1938 Meagher County, Montana, Range Conservation Program.

SECTION XV. DEFINITIONS

For the purposes of the 1938 Meagher County, Montana, Range Conservation Program,

Secretary means the Secretary of Agriculture of the United States.

Western Region means the area included in the States of Arizona, California, Colorado, Idaho, Kansas, Montana, Nevada, New Mexico, North Dakota, Oregon, Utah, Washington, and Wyoming.

Regional Director means the Director of the Western Division of the Agricultural Adjustment Administration in charge of the 1938 Agricultural Conservation Program, the 1938 Range Conservation Program, and the 1938 Meagher County, Montana, Range Conservation Program, in the State of Montana.

State Committee means the group of persons designated for the State of Montana to assist in the administration of the 1938 Agricultural Conservation Program, the 1938 Range Conservation Program, and the 1938 Meagher County, Montana, Range Conservation Program, in the State of Montana.

County Committee means the group of persons elected for Meagher County to assist in the administration of the 1938 Agricultural Conservation Program and the 1938 Meagher County, Montana, Range Conservation Program.

Person means an individual, partnership, association, corporation, estate or trust, and wherever applicable a State, a political subdivision of a State, or any agency thereof.

Range-Building Allowance means the largest amount for any ranching unit which may be earned as a range-building payment on such ranching unit.

Ranch Operator means a person who as owner, cash tenant, or share tenant operates, or a person who acts in similar capacity in the operation of, a ranching unit in 1938.

Range Land means any land in which a ranch operator has such a legal estate or interest as to give him control thereof, which produces forage grazed by range livestock, without cultivation or general irrigation. Range land shall not include public domain of the United States, including lands owned by the United States and administered under the Taylor Grazing Act or by the Forest Service of the United States Department of Agriculture, and other lands in which the beneficial ownership is in the United States.

Ranching Unit means all range land which is used in 1938 by the ranch operator as a single unit in producing range livestock, with machinery, workstock, and labor substantially separate from that of any other range land. In order to facilitate the administration of the program the Regional Director may prescribe that for the purposes of this program, tracts shall be deemed ranching units only if they contain more than the minimum acreage of range land fixed by him.

Animal unit means one cow, one horse, five sheep, or five goats, or the equivalent thereof.

Grazing capacity of range land means the number of animal units which such land will sustain, on a 12-month basis, over a period of years without decreasing the stand of grass or other grazing vegetation, and without injury to the forage, tree growth, or watershed.

Limited grazing means the grazing of the forage of the ranching unit at such a rate during the year as to result in a sustained yield of grass or other grazing vegetation, and without injury to the forage, tree growth, or watershed.

Done at Washington, D. C. this 21st day of June, 1938. Witness my hand and the seal of the Department of Agriculture.

[SEAL] H. A. WALLACE,
Secretary of Agriculture.

TITLE 26—INTERNAL REVENUE

BUREAU OF INTERNAL REVENUE

[T. D. 4812]

CREDITS AGAINST, AND REFUNDS OF, TAX UNDER TITLE IX OF THE SOCIAL SECURITY ACT FOR 1936

REGULATIONS 90, AMENDED

To Collectors of Internal Revenue and Others Concerned:

Section 810 of the Revenue Act of 1938, enacted May 28, 1938 (Public, No. 554, Seventy-fifth Congress), provides as follows:

SEC. 810. CREDITS AGAINST SOCIAL SECURITY TAX FOR 1936.

(a) *Allowance of credit.*—Against the tax for the calendar year 1936 imposed by section 901 of the Social Security Act, any taxpayer shall be allowed credit for the amount of contributions, with respect to employment during such year, paid by him, before the sixtieth day after the date of the enactment of this Act, into an unemployment fund under a State law. The provisions of the Social Security Act (except the provision limiting such credit to amounts paid before the date of filing returns) shall apply to allowance of credit under this section, and the terms used in this subsection shall have the same meaning as when used in Title IX of the Social Security Act.

(b) *Refund.*—Refund of the tax (including penalty and interest collected with respect thereto, if any), based on any credit allowable under this section, may be made in accordance with the provisions of law applicable in the case of erroneous or illegal collection of the tax. No interest shall be allowed or paid on the amount of any such refund.

Pursuant to the foregoing provisions of law, Regulations 90, approved February 17, 1936,[1] relating to the excise tax on employers under Title IX of the Social Security Act, are amended as follows:

(1) There is inserted after the provision of law under the caption "Section 907 (f) of the Act," and immediately preceding article 211, the following:

Section 810 (a) of the Revenue Act of 1938

Allowance of credit.—Against the tax for the calendar year 1936 imposed by section 901 of the Social Security Act, any taxpayer shall be allowed credit for the amount of contributions, with respect to employment during such year, paid by him, before the sixtieth day after the date of the enactment of this Act, into an unemployment fund under a State law. The provisions of the Social Security Act (except the provision limiting such credit to amounts paid before the date of filing returns) shall apply to allowance of credit under this section, and the terms used in this subsection shall have the same meaning as when used in Title IX of the Social Security Act.

(b) *Refund.*—Refund of the tax (including penalty and interest collected with respect thereto, if any), based on any credit allowable under this section, may be made in accordance with the provisions of law applicable in the case of erroneous or illegal collection of the tax. No interest shall be allowed or paid on the amount of any such refund.

(2) Article 211 (b), relating to the conditions under which contributions are allowable as credit against the tax imposed by Title IX of the Social Security Act, is amended by striking out paragraph (2) thereof and the example immediately following such paragraph, and by inserting in lieu thereof the following:

"(2) With respect to the calendar year 1937 and each calendar year thereafter the contributions must have been actually paid into the State unemployment fund before the date on which the return for the calendar year is required to be filed. (This date is January 31 next following the close of the calendar year unless the time for filing the return is extended. See articles 303 to 305.) With respect to the calendar year 1936 the contributions must have been actually paid into the State unemployment fund before July 27, 1938.

"*Example (a).*—The return of employer A for the calendar year 1937 is filed on January 31, 1938, and proper credit taken therein for contributions actually paid into a State unemployment fund prior to that date. Thereafter, in June 1938, additional contributions are paid by A to a State fund with respect to employment during the calendar year 1937. No part of such additional contributions is allowable as credit against the tax for the calendar year 1937, or for any other calendar year.

"*Example (b).*—If in example (a) above, the additional contributions paid in June 1938 are with respect to employment during the calendar year 1936, such additional contributions are allowable as credit against the tax for the calendar year 1936."

(3) Chapter V is amended by inserting immediately preceding article 504 thereof the following:

Section 810 of the Revenue Act of 1938

(a) *Allowance of credit.*—Against the tax for the calendar year 1936 imposed by section 901 of the Social Security Act, any taxpayer shall be allowed credit for the amount of contributions, with respect to employment during such year, paid by him, before the sixtieth day after the date of the enactment of this Act, into an unemployment fund under a State law. The provisions of the Social Security Act (except the provision limiting such credit to amounts paid before the date of filing returns) shall apply to allowance of credit under this section, and the terms used in this subsection shall have the same meaning as when used in Title IX of the Social Security Act.

(b) *Refund.*—Refund of the tax (including penalty and interest collected with respect thereto, if any), based on any credit allowable under this section, may be made in accordance with the provisions of law applicable in the case of erroneous or illegal collection of the tax. No interest shall be allowed or paid on the amount of any such refund.

ART. 503½. *Refund under section 810 of the Revenue Act of 1938.*—(a) Prior to the enactment of section 810 of the Revenue Act of 1938 the taxpayer was not allowed to credit against the tax for 1936, imposed by Title IX of the Social Security Act, any contributions for that year which he paid into the State unemployment fund on or after the date upon which the return was required to be filed. That date was April 1, 1937, under the general extension of time for filing returns which was granted to all taxpayers for the calendar year 1936 only. Pursuant to section 810, however, contributions with respect to employment during 1936 are allowable as credit against the 1936 tax if

[1] 1 F. R. 3.

they are actually paid into the State fund before July 27, 1938. Accordingly, if the taxpayer paid or pays contributions for the calendar year 1936 into a State unemployment fund on or after April 1, 1937, but prior to July 27, 1938, he is entitled to credit that amount against his 1936 tax subject, however, to all the limitations contained in section 902 except the limitation with respect to the time of payment (see article 211 (b)). If the tax against which the amount so allowable as credit under section 810 has been paid without the benefit of such credit, the taxpayer shall be entitled to a refund of the tax equal to the amount of such credit. The taxpayer shall also be entitled to a refund of the amount of interest or penalty, if any, collected from him with respect to the amount of tax refunded. No interest, however, shall be allowed or paid by the Government on the amount of any such refund.

(b) Every claim for refund under section 810 of the Revenue Act of 1938 shall be made on Form 843 in accordance with the provisions of this article and article 503. A claim which does not comply with these requirements will not be considered for any purpose as a claim for refund.

This Treasury Decision is prescribed under the authority contained in Section 908 of the Social Security Act.

[SEAL] GUY T. HELVERING,
Commissioner of Internal Revenue.

Approved, June 18, 1938.

FILLED CHEESE

AMENDING REGULATIONS 22 (REVISED AUGUST, 1926) TO GIVE EFFECT TO THE PROVISIONS OF SECTION 706 OF THE REVENUE ACT OF 1938

To Collectors of Internal Revenue and Others Concerned:

Section 706 of the Revenue Act of 1938 reads as follows:

(a) Section 2 (relating to the definition of filled cheese) of the Act entitled "An Act Defining cheese, and also imposing a tax upon and regulating the manufacture, sale, importation, and exportation of 'filled cheese,'" approved June 6, 1896, is amended by adding at the end thereof the following: "Substances and compounds, consisting principally of cheese with added edible oils, which are not sold as cheese or as substitutes for cheese but are primarily useful for imparting a natural cheese flavor to other foods shall not be considered 'filled cheese' within the meaning of this Act."

(b) The amendment made by subsection (a) shall be effective July 1, 1938.

To give effect to the above amendment Regulations 22 (Revised August, 1926) are amended as follows:

1. Chapter I is amended by inserting after the subhead "Filled Cheese" and before article 1, the following:

Sections 1 and 2 of the Act of June 6, 1896.

SEC. 1. That for the purposes of this Act, the word "cheese" shall be understood to mean the food product known as cheese, and which is made from milk or cream and without the addition of butter, or any animal, vegetable, or other oils or fats foreign to such milk or cream, with or without additional coloring matter.

SEC. 2. That for the purposes of this Act certain substances and compounds shall be known and designated as "filled cheese," namely: All substances made of milk or skimmed milk, with the admixture of butter, animal oils or fats, vegetable or any other oils, or compounds foreign to such milk, and made in imitation or semblance of cheese.

Section 706 of the Revenue Act of 1938.

(a) Section 2 (relating to the definition of filled cheese) of the Act entitled "An Act Defining cheese, and also imposing a tax upon and regulating the manufacture, sale, importation, and exportation of "filled cheese,'" approved June 6, 1896, is amended by adding at the end thereof the following: "Substances and compounds, consisting principally of cheese with added edible oils, which are not sold as cheese or as substitutes for cheese but are primarily useful for imparting a natural cheese flavor to other foods shall not be considered 'filled cheese' within the meaning of this Act."

(b) The amendment made by subsection (a) shall be effective July 1, 1938.

2. Article 2 (a) of Chapter I is amended by adding at the end thereof, as part of the same paragraph, the following:

On and after July 1, 1938, substances and compounds, consisting principally of cheese with added edible oils, which are not sold as cheese or as substitutes for cheese but are primarily useful for imparting a natural cheese flavor to other foods shall not be considered "filled cheese" within the above definition.

3. The phrase in the first sentence of article 13, which reads: "There is no provision in the act of June 6, 1896," is changed to read: "There is no provision in the act of June 6, 1896, as amended by section 706 of the Revenue Act of 1938,".

This Treasury decision is issued under the authority prescribed in section 18 of the Act of June 6, 1896.

[SEAL] GUY T. HELVERING,
Commissioner of Internal Revenue.

Approved, June 18, 1938.

INCOME TAX

REGULATIONS RELATING TO INFORMATION RETURNS BY OFFICERS, DIRECTORS AND SHAREHOLDERS OF CERTAIN FOREIGN CORPORATIONS

To Collectors of Internal Revenue and Others Concerned:

PARAGRAPH A. Section 338 (a) of Supplement P of Title I (Income Tax) of the Revenue Act of 1938, enacted May 28, 1938 (Public, No. 554, Seventy-fifth Congress, third session), provides:

SEC. 338. INFORMATION RETURNS BY OFFICERS AND DIRECTORS.

(a) *Monthly returns.*—On the fifteenth day of each month which begins after the date of the enactment of this Act each individual who on such day is an officer or a director of a foreign corporation which, with respect to its taxable year (if not beginning before August 26, 1936) preceding the taxable year (whether beginning on, before, or after January 1, 1938) in which such month occurs, was a foreign personal holding company, shall file with the Commissioner a return setting forth with respect to the preceding calendar month the name and address of each shareholder, the class and number of shares held by each, together with any changes in stockholdings during such period, the name and address of any holder of securities convertible into stock of such corporation, and such other information with respect to the stock and securities of the corporation as the Commissioner with the approval of the Secretary shall by regulations prescribe as necessary for carrying out the provisions of this Act. The Commissioner, with the approval of the Secretary, may by regulations prescribe, as the period with respect to which returns shall be filed, a longer period than a month. In such case the return shall be due on the fifteenth day of the succeeding period, and shall be filed by the individuals who on such day are officers and directors of the corporation.

PAR. B. Section 339 (a) of Supplement P of Title I of the Revenue Act of 1938 provides:

SEC. 339. INFORMATION RETURNS BY SHAREHOLDERS.

(a) *Monthly returns.*—On the fifteenth day of each month which begins after the date of the enactment of this Act each United States shareholder, by or for whom 50 per centum or more in value of the outstanding stock of a foreign corporation is owned directly or indirectly (including in the case of an individual, stock owned by the members of his family as defined in section 333 (a) (2)), if such foreign corporation with respect to its taxable year (if not beginning before August 26, 1936) preceding the taxable year (whether beginning on, before, or after January 1, 1938) in which such month occurs was a foreign personal holding company, shall file with the Commissioner a return setting forth with respect to the preceding calendar month the name and address of each shareholder, the class and number of shares held by each, together with any changes in stockholdings during such period, the name and address of any holder of securities convertible into stock of such corporation, and such other information with respect to the stock and securities of the corporation as the Commissioner with the approval of the Secretary shall by regulations prescribe as necessary for carrying out the provisions of this Act. The Commissioner, with the approval of the Secretary, may by regulations prescribe, as the period with respect to which returns shall be filed, a longer period than a month. In such case the return shall be due on the fifteenth day of the succeeding period, and shall be filed by the persons who on such day are United States shareholders.

PAR. C. Section 340 of Supplement P of Title I of the Revenue Act of 1938 provides:

SEC. 340. PENALTIES.

Any person required under section 338 or 339 to file a return, or to supply any information, who willfully fails to file such return, or supply such information, at the time or times required by law or regulations, shall, in lieu of the penalties provided in section 145 (a) for such offense, be guilty of a misdemeanor and, upon conviction thereof, be fined not more than $2,000, or imprisoned for not more than one year, or both.

PAR. D. Section 333 (a) (2) of Supplement P of Title I of the Revenue Act of 1938 provides:

SEC. 333. STOCK OWNERSHIP.

(a) *Constructive Ownership.*—• • •

(2) *Family and partnership ownership.*—An individual shall be considered as owning the stock owned, directly or indirectly, by or for his family or by or for his partner. For the purposes of this paragraph the family of an individual includes only his brothers and sisters (whether by the whole or half blood), spouse, ancestors, and lineal descendants.

PAR. E. Section 804 (Title V—Miscellaneous Provisions) of the Revenue Act of 1938 provides:

SEC. 804. INFORMATION RETURNS AS TO FOREIGN CORPORATIONS.

Sections 338 (a), 339 (a), and 341 (insofar as it relates to sections 338 (a) and 339 (a)) of the Revenue Act of 1936, added to such Act by section 201 of the Revenue Act of 1937, shall remain in force only with respect to months beginning on or before the date of the enactment of this Act.

PAR. F. Section 806 of Title V of the Revenue Act of 1938 provides:

SEC. 806. ADMINISTRATION OF OATHS OR AFFIRMATIONS.

Any oath or affirmation required or authorized by any internal-revenue law or by any regulations made under authority thereof may be administered by any person authorized to administer oaths for general purposes by the law of the United States, or of any State, Territory, or possession of the United States, or of the District of Columbia, wherein such oath or affirmation is administered. This section shall not be construed as an exclusive enumeration of the persons who may administer such oaths or affirmations.

PAR. G. Section 62 of Title I of the Revenue Act of 1938 provides:

SEC. 62. RULES AND REGULATIONS.

The Commissioner, with the approval of the Secretary, shall prescribe and publish all needful rules and regulations for the enforcement of this title.

Pursuant to the above-quoted provisions and other provisions of the internal revenue laws, the following regulations are hereby prescribed with respect to information returns to be filed by officers and directors and shareholders of certain foreign corporations:

ARTICLE 1. *Information returns by officers and directors of certain foreign corporations.*—(a) *Requirement for filing returns.*—(1) *General.*—Under section 338 (a) of the Revenue Act of 1938, on the fifteenth day of each month which begins after May 28, 1938, each individual who on such fifteenth day is an officer or a director of a foreign corporation which, with respect to its taxable year (if not beginning before August 26, 1936) preceding the taxable year (whether beginning on, before, or after January 1, 1938) in which such month occurs, was a foreign personal holding company, is required to file with the Commissioner a monthly information return as provided in that section and this article.

(2) *Returns for a period exceeding one month.*—In the case of a foreign personal holding company which before the close of its taxable year specified in paragraph (a) (1) of this article and ending on or after May 31, 1938, distributed to its shareholders 90 percent or more of its Supplement P net income as defined in Supplement P, added to the Revenue Act of 1936 by section 201 of Title II of the Revenue Act of 1937 or in Supplement P of the Revenue Act of 1928, the following periods are prescribed with respect to which information returns on Form 957 shall be filed during the following year.

The return required under section 338 (a) for the last month of the preceding taxable year shall be filed on the fifteenth day of the first month following the close of such taxable year. Subsequent returns shall be filed for each six-month period following the close of such taxable year and shall be filed on the fifteenth day of the first month following such period. If any change in the stockholdings or in the holdings of securities convertible into stock of the corporation occurs during such periods or if a resolution or plan (including any amendments thereof or supplements thereto) for the dissolution of the corporation or for the liquidation of the whole or any part of its capital stock is adopted during such periods, a monthly information return must also be filed on the fifteenth day of the month following each month in which the change occurs or the resolution or plan is adopted. In any case under this paragraph where the date for filing a monthly return coincides with the date for filing the return for a six-month period only the return for the six-month period need be filed.

In the case of a foreign personal holding company which before the close of its taxable year specified in paragraph (a) (1) of this article and ended before May 31, 1938, distributed to its shareholders 90 percent or more of its Supplement P net income as defined in Supplement P of the Revenue Act of 1936, as amended, the following periods are prescribed with respect to which information returns under section 338 (a) of the Revenue Act of 1938 and this article shall be filed during the year following the year in which such distribution occurred and after May 28, 1938.

The first information return shall be filed on the same day an information return would have been required to be filed under section 338 (a) of Supplement P of the Revenue Act of 1936, as amended, and paragraph (a) (2) of article 338–1 of Chapter XXXIV added to Regulations 94 by Treasury Decision 4782, approved December 7, 1937[1] (I. R. B. XVI–50, 3 (1937)), had the Revenue Act of 1938 not been enacted. Subsequent returns shall be filed for each six-month period following the close of the month preceding the month in which such day occurs and shall be filed on the fifteenth day of the first month following such six-month period. If any change in the stockholdings or in the holdings of securities convertible into stock of the corporation occurs during such periods or if a resolution or plan (including any amendments thereof or supplements thereto) for the dissolution of the corporation or for the liquidation of the whole or any part of its capital stock is adopted during such periods, a monthly information return must be filed on the fifteenth day of each month following the month in which the change occurs or the resolution or plan is adopted. In any case under this paragraph where the date for filing a monthly return coincides with the date for filing a return for a six-month period, only the return for the six-month period need be filed.

(3) *Returns jointly made.*—If two or more officers or directors of a foreign corporation are required to file information returns for any period under section 338 (a) and this article, any two or more of such officers or directors may, in lieu of filing separate returns for such period, jointly execute and file one return.

(b) *Form of return.*—The returns under section 338 (a) and this article shall be made on Form 957. Such forms may, upon request, be procured from any collector. Each officer or director should carefully prepare his return so as to set forth fully and clearly the information called for therein and by the applicable regulations. Returns which have not been so prepared will not be considered as meeting the requirements of the Act.

(c) *Contents of return.*—The return shall, in accordance with the provisions of this article and the instructions on the form, set forth with respect to the preceding period the following information:

(1) Name and address of corporation;

(2) Kind of business in which the corporation is engaged;

(3) Date of incorporation;

(4) The country under the laws of which the corporation is incorporated;

(5) Number of shares and par value of common stock of the corporation outstanding as of the beginning and end of the period;

(6) Number of shares and par value of preferred stock of the corporation outstanding as of the beginning and end of the period, the rate of dividend on such stock and whether such dividend is cumulative or noncumulative;

(7) A description of the convertible securities issued by the corporation, including a statement of the fact value of, and rate of interest on, such securities;

[1] 2 F. R. 3213 (DI).

(8) The name and address of each shareholder, the class and number of shares held by each, together with any changes in stockholdings during such period;

(9) The name and address of each holder of securities convertible into stock of the corporation, the class, number and face value of the securities held by each, together with any changes in the holdings of such securities during the period;

(10) A duly certified copy of any resolution or plan, and any amendments thereof or supplements thereto, for or in respect of the dissolution of the corporation or the liquidation of the whole or any part of its capital stock; and

(11) Such other information as may be required by the return form.

If a person is required to file a return under section 338 (a) and this article with respect to more than one foreign corporation, a separate return must be filed with respect to each foreign corporation.

(d) *Verification of returns.*—All returns required by section 338 (a) and this article shall be verified under oath or affirmation. The oath or affirmation may be administered by a person authorized to administer oaths for general purposes by the law of the United States or of any State, Territory, or possession of the United States, or of the District of Columbia, wherein such oath or affirmation is administered, or by a consular officer of the United States. Persons in the Naval or Military service of the United States may verify their returns before any official authorized to administer oaths for the purposes of those respective services. Returns executed abroad may be attested free of charge before the United States consular officers. If a foreign notary or other official having no seal shall act as attesting officer, the authority of such attesting officer should be certified to by some judicial official or other proper officer having knowledge of the appointment and official character of the attesting officer.

(e) *Penalties.*—For criminal penalties for failure to file the returns required by section 338 (a) and this article, see section 340.

ART. 2. *Information returns by shareholders of certain foreign corporations.*—(a) *Requirement for filing returns.*—(1) *General.*—On the fifteenth day of each month which begins after May 28, 1938 each United States shareholder, by or for whom 50 percent or more in value of the outstanding stock of a foreign corporation is owned, directly or indirectly (including in the case of an individual, stock owned by members of his family as defined in section 333 (a) (2)), if such foreign corporation with respect to its taxable year (if not beginning before August 26, 1936) preceding the taxable year (whether beginning on, before, or after January 1, 1938) in which such month occurs was a foreign personal holding company, shall file with the Commissioner an information return as provided in section 339 (a) and this article.

(2) *Returns for a period exceeding one month.*—In the case of a foreign personal holding company which before the close of its taxable year specified in paragraph (a) (1) of this article, distributed to its shoreholders 90 percent or more of its Supplement P net income, the periods with respect to which information returns under section 339 (a) shall be filed shall be the same as the periods prescribed in paragraph (a) (2) of article 1.

(3) *Duplicate returns.*—If a shareholder in a foreign corporation files, as an officer or director in such corporation, the returns required by section 338 (a) and article 1 such returns shall be considered as returns filed under section 339 (a).

(b) *Form of return.*—The return under section 339 (a) and this article shall be on Form 957, copies of which, upon request, may be secured from any collector. Each shareholder should carefully prepare his return so as to set forth fully and clearly the information called for therein and by the applicable regulations. Returns which have not been so prepared will not be considered as meeting the requirements of the Act.

(c) *Contents of return.*—The return on Form 957 shall, in accordance with the provisions of this article and the instructions on the form, set forth with respect to the preceding period the same information as required to be shown on that form by section 338 (a) and paragraph (c) of article 1.

If a person is required to file a return under section 339 (a) and this article with respect to more than one foreign corporation, a separate return must be filed with respect to each foreign corporation.

(d) *Verification of returns.*—All returns required by section 339 (a) and this article shall be vertified under oath or affirmation as prescribed in paragraph (d) of article 1.

(e) *Penalties.*—For criminal penalties for failure to file the returns required by section 339 (a) and this article, see section 340.

ART. 3. *Time and place of filing returns.*—Returns required by sections 338 (a) and 339 (a) and these regulations shall be filed with the Commissioner of Internal Revenue, Washington, D. C., attention Income Tax Unit, Records Division, and will be considered filed within the time or times required by law if, within such time or times, such returns are made and placed in the mails in due course, properly addressed and postage paid, provided they are actually received in the office of the Commissioner of Internal Revenue, Washington, D. C., even though received after such time or times.

REGULATIONS 94, AMENDED RELATIVE TO THE BASIS OF PROPERTY RECEIVED IN CERTAIN CORPORATE LIQUIDATIONS

To Collectors of Internal Revenue and Others Concerned:

In order to accord with section 808 of the Revenue Act of 1938, enacted May 28, 1938 (Public, No. 554, Seventy-fifth Congress, third session), amending section 113 (a) (15) of the Revenue Act of 1936, relating to the basis of property received in certain corporate liquidations, Regulations 94 are amended as follows:

The following is inserted immediately preceding article 113 (a) (15)-1:[1]

Section 808 of the Revenue Act of 1938 provides:

SEC. 808. BASIS OF PROPERTY ACQUIRED IN CONNECTION WITH LIQUIDATION

(a) Section 113 (a) (15) of the Revenue Act of 1936 is amended by inserting at the end thereof the following: "If upon the complete liquidation of a corporation within the meaning of section 112 (b) (6) of the Revenue Act of 1934, as amended, in case the first of the series of distributions in liquidation was made after August 29, 1935, and the last of the series of distributions was made before June 23, 1936, if with respect to all the property (other than money) received by a corporation prior to June 23, 1936, and in a taxable year beginning after December 31, 1935, no gain or loss would have been recognized on the receipt of such property under such section 112 (b) (6), the basis of such property in the hands of such corporation shall be the basis prescribed by the Revenue Act of 1934, as amended, if such corporation (within 180 days after the date of the enactment of the Revenue Act of 1938) elects, under regulations prescribed by the Commissioner, to have such basis apply."

Article 113 (a) (15)-1 is amended to read as follows:

"ART. 113 (a) (15)-1. *Basis of property received in complete liquidation of controlled corporation.*—(*a*) *General rule.*—Except as provided in paragraphs (b) and (c) of this article, the basis of property received in complete liquidation, without the recognition of gain or loss as provided in section 112 (b) (6), shall be the same as the basis of the property in the hands of the liquidating corporation, with proper adjustments as provided in section 113. See section 112 (b).

[1] 1 F. R. 1887.

"(*b*) *Exception to General Rule.*—In the case of property received in liquidation after December 31, 1935 and before June 23, 1936, in a taxable year of the recipient corporation beginning after December 31, 1935, the basis of such property in the hands of the recipient corporation shall be the basis prescribed by section 113 (a) (6) of the Revenue Act of 1934, as amended by the Revenue Act of 1935, if—

"(1) Such property was received in a liquidation which was completed before June 23, 1936;

"(2) Such liquidation constituted a complete liquidation within the meaning of section 112 (b) (6) of the Revenue Act of 1934, as added by the Revenue Act of 1935;

"(3) No gain or loss would have been recognized under section 112 (b) (6) of the Revenue Act of 1934, as amended, upon the receipt of such property; and

"(4) The recipient corporation (within 180 days after the enactment of the Revenue Act of 1938) elects under these regulations to have such basis apply to such property.

If such an election is made, the basis of such property received in liquidation shall be the cost or other basis (adjusted as provided in section 113) of the stock of the liquidating corporation surrendered in exchange for the property, decreased in the amount of money received and increased in the amount of gain or decreased in the amount of loss to the recipient corporation that was recognized upon the liquidation under the Revenue Act of 1936. If such property consists of more than one class of property the basis shall be allocated among the several properties (other than money) received, in the proportion that the fair market value of each such property as of the date of distribution bears to the fair market value of all such properties on that date.

"(*c*) *Written election as to basis.*—In order to elect under section 113 (a) (15) of the Revenue Act of 1936, as amended by section 808 of the Revenue Act of 1938, to have the basis provisions of the Revenue Act of 1934, as amended, apply to property received in complete liquidation of a corporation, it is necessary that affirmative action be taken, in the manner prescribed herein, by the corporation entitled to make the election. To be effective, the election must be made with respect to all of the property received in liquidation from the liquidating corporation after December 31, 1935 and before June 23, 1936, in a taxable year of the recipient corporation beginning after December 31, 1935. Failure so to act will not be considered as an election. An election once made under these regulations is irrevocable. A corporation entitled to make the election permitted under section 113 (a) (15) of the Revenue Act of 1936, as amended, shall, within 180 days after May 28, 1938, the date of the enactment of the Revenue Act of 1938, file with the Commissioner of Internal Revenue, Washington, D. C., for the attention of the Income Tax Unit, Records Division, its written election, in duplicate, under oath, on Form 965, signifying such election. Such form shall be executed and filed in accordance with these regulations and the instructions on the form. If prior to filing of the election the recipient corporation has filed its income and excess-profits tax return for any taxable year beginning after December 31, 1935, the election shall be accompanied by an amended return for each such year or by a statement explaining in detail the adjustments to be made in the return for each such year as a result of the election."

This Treasury Decision is prescribed pursuant to the provisions of section 62 of the Revenue Act of 1936.

[SEAL] GUY T. HELVERING,
Commissioner of Internal Revenue.

Approved, June 18, 1938.
STEPHEN B. GIBBONS,
Acting Secretary of the Treasury.

INCOME TAX

REGULATIONS RELATING TO RETURNS OF INFORMATION WITH RESPECT TO FOREIGN CORPORATIONS

To Collectors of Internal Revenue and Others Concerned:

PARAGRAPH A. Section 803 (Title V—Miscellaneous Provisions) of the Revenue Act of 1938, enacted May 28, 1938 (Public, No. 554, Seventy-fifth Congress, third session), provides:

SEC. 803. RETURNS AS TO FORMATION, ETC., OF FOREIGN CORPORATIONS.

(a) *Requirement.*—Under regulations prescribed by the Commissioner with the approval of the Secretary, any attorney, accountant, fiduciary, bank, trust company, financial institution, or other person, who, after the date of the enactment of this Act, aids, assists, counsels, or advises in, or with respect to, the formation, organization, or reorganization of any foreign corporation, shall, within 30 days thereafter, file with the Commissioner a return.

(b) *Form and contents of return.*—Such return shall be in such form, and shall set forth, under oath, in respect of each such corporation, to the full extent of the information within the possession or knowledge or under the control of the person required to file the return, such information as the Commissioner with the approval of the Secretary prescribes by regulations as necessary for carrying out the provisions of the income-tax laws. Nothing in this section shall be construed to require the divulging of privileged communications between attorney and client.

(c) *Penalty.*—Any person required under subsection (a) to file a return, or to supply any information, who willfully fails to file such return, or supply such information, at the time or times required by law or regulations, shall, in lieu of other penalties provided by law for such offense, be guilty of a misdemeanor and, upon conviction thereof, be fined not more than $2,000, or imprisoned for not more than one year, or both.

(c) *Aid, etc., before enactment of Act.*—The provisions of sections 340 and 341 (insofar as it relates to section 340) of the Revenue Act of 1936, added to such Act by section 201 of the Revenue Act of 1937, shall remain in force only with respect to aiding, assisting, counselling, or advising, on or before the date of the enactment of this Act.

PAR. B. Section 806 of Title V of the Revenue Act of 1938 provides:

SEC. 806. ADMINISTRATION OF OATHS OR AFFIRMATIONS.

Any oath or affirmation required or authorized by any internal-revenue law or by any regulations made under authority thereof may be administered by any person authorized to administer oaths for general purposes by the law of the United States, or of any State, Territory, or possession of the United States, or of the District of Columbia, wherein such oath or affirmation is administered. This section shall not be construed as an exclusive enumeration of the persons who may administer such oaths or affirmations.

PAR. C. Section 901 (Title VI—General Provisions) of the Revenue Act of 1938 provides in part:

SEC. 901. DEFINITIONS.

(a) When used in this Act—

(1) The term "person" means an individual, a trust or estate, a partnership, or a corporation.

• • • • • •

(5) The term "foreign" when applied to a corporation or partnership means a corporation or partnership which is not domestic.

(6) The term "fiduciary" means a guardian, trustee, executor, administrator, receiver, conservator, or any person acting in any fiduciary capacity for any person.

• • • • • •

(11) The term "Secretary" means the Secretary of the Treasury.

(12) The term "Commissioner" means the Commissioner of Internal Revenue.

Pursuant to the above-quoted provisions and other provisions of the internal-revenue laws, the following regulations are hereby prescribed with respect to returns of information to be filed by attorneys, accountants, fiduciaries, banks, trust companies, financial institutions, or other persons as to the formation, organization, or reorganization of foreign corporations:

ARTICLE 1. *Information returns.*—(a) *General.*—Any attorney, accountant, fiduciary, bank, trust company, financial institution, or other person, who, after May 28, 1938, aids, assists, counsels, or advises in, or with respect to, the formation, organization, or reorganization of any foreign corporation shall file with the Commissioner, within 30 days after giving such aid, assistance, counsel, or advice, an information return as provided in section 803 (a) and these regulations. The return must be filed in every such case (1) regardless of the nature of the counsel or advice given, whether for or against the formation, organization, or reorganization of the foreign corporation, or the nature of the aid or assistance rendered and (2) regardless of the action taken upon the advice or counsel, that is, whether

the foreign corporation is actually formed, organized, or reorganized.

If, in a particular case, the aid, assistance, counsel or advice given by any person extends over a period of more than one day and not for more than 30 days, such person, to avoid the multiple filing of returns, may file a single return for the entire period. In such case, the return shall be filed within 30 days from the first day of such period. If, in a particular case, the aid, assistance, counsel or advice given by any person extends over a period of more than 30 days, such person may file a return at the end of each 30 days included within such period and at the end of the fractional part of a 30 day period, if any, extending beyond the last full 30 days. In each such case, the return must disclose all the required information which was not reported on a prior return.

(b) *Special provisions.*—(1) *Employers.*—In the case of aid, assistance, counsel, or advice, in, or with respect to, the formation, organization, or reorganization of a foreign corporation given by a person in whole or in part through the medium of subordinates or employees (including in the case of a corporation the officers thereof), the return of the employer must set forth to the full extent all information prescribed by these regulations including that which, as an incident to such employment, is within the possession or knowledge or under the control of such subordinates or employees.

(2) *Employees.*—The obligation of a subordinate or employee (including in the case of a corporation the officers thereof) to file a return with respect to any aid, assistance, counsel, or advice in, or with respect to, the formation, organization, or reorganization of a foreign corporation, given as an incident to his employment, will be satisfied if a complete and accurate return as prescribed by these regulations is duly filed by the employer setting forth all of the information within the possession or knowledge or under the control of such subordinate or employee.

Clerks, stenographers, and other subordinates or employees, rendering aid or assistance solely of a clerical or mechanical character in, or with respect to, the formation, organization, or reorganization of a foreign corporation are not required to file returns by reason of such services.

(3) *Partners.*—In the case of aid, assistance, counsel, or advice in, or with respect to, the formation, organization, or reorganization of a foreign corporation given by one or more members of a partnership in the course of its business, the obligation of each such individual member to file a return will be satisfied if a complete and accurate return, as prescribed by these regulations, is duly filed by the partnership, executed by all the members of the firm who gave any such aid, assistance, counsel, or advice. If, however, the partnership has been dissolved at the time the return is due, individual returns must be filed by each member of the former partnership who gave any such aid, assistance, counsel, or advice.

(4) *Returns, jointly made.*—If two or more persons aid, assist, counsel, or advise in, or with respect to, the formation, organization, or reorganization of a particular foreign corporation, any two or more of such persons may, in lieu of filing several returns, jointly execute and file one return.

(c) *Penalties.*—For criminal penalties for failure to file the returns required by section 803 (a) and these regulations, see section 803 (c) quoted in Paragraph A.

(d) *Information returns and penalties under prior Acts.*—For information returns in the case of aid, assistance, counsel, or advice in, or with respect to, the formation, organization, or reorganization of any foreign corporation given on or before May 28, 1938, and for criminal penalties for failure to file such returns, see articles 340–1 and 340–2 of Chapter XXXIV added to Regulations 94 by Treasury Decision 4782, approved December 7, 1937[1] (I. R. B. XVI–50, 3 (1937)), and section 803 (d) of the Revenue Act of 1938 quoted in Paragraph A.

ART. 2. *Form of return.*—The returns under article 1 shall be made on Form 959. Such forms may, upon request, be procured from any collector. Each person should carefully prepare his return so as to set forth fully and clearly the information called for therein. Returns which have not been so prepared will not be accepted as meeting the requirements of the Act.

ART. 3. *Contents of returns.*—The return shall, in accordance with the provisions of these regulations and the instructions on the form, set forth the following information to the full extent such information is within the knowledge or possession or under the control of the person required to file the return:

(1) The name and the address of the person (or persons) to whom and the person (or persons) for whom or on whose behalf the aid, assistance, counsel, or advice was given;

(2) A complete statement of the aid, assistance, counsel, or advice given;

(3) Name and address of the foreign corporation and the country under the laws of which it was formed, organized, or reorganized;

(4) The month and year when the foreign corporation was formed, organized, or reorganized;

(5) A statement of how the formation, organization, or reorganization of the foreign corporation was effected;

(6) A complete statement of the reasons for, and the purposes sought to be accomplished by, the formation, organization, or reorganization of the foreign corporation;

(7) A statement showing the classes and kinds of assets transferred to the foreign corporation in connection with its formation, organization, or reorganization, including a detailed list of any stock or securities included in such assets, and a statement showing the names and addresses of the persons who were the owners of such assets immediately prior to the transfer;

(8) The names and addresses of the shareholders of the foreign corporation at the time of the completion of its formation, organization, or reorganization, showing the classes of stock and number of shares held by each;

(9) The name and address of the person (or persons) having custody of the books of account and records of the foreign corporation;

(10) Such other information as may be required by the return form; and

(11) Where any of the information required to be furnished is withheld because its character is claimed to be privileged as a communication between attorney and client within the meaning of section 803 (b), the return must so state and must contain a complete statement of the nature and the circumstances of the communication on which a decision as to the propriety of the claim of privilege may be reached.

If a person aids, assists, counsels or advises in, or with respect to, the formation, organization, or reorganization of more than one foreign corporation, a separate return must be filed with respect to each foreign corporation.

ART. 4. *Verification of return.*—All returns required by section 803 (a) and these regulations shall be verified under oath or affirmation. The oath or affirmation may be administered by a person authorized to administer oaths for general purposes by the law of the United States, or of any State, Territory, or possession of the United States, or of the District of Columbia, wherein such oath or affirmation is administered, or by a consular officer of the United States. Such returns executed abroad may be attested free of charge before United States consular officers. If a foreign notary or other official having no seal shall act as attesting officer, the authority of such attesting officer shall be certified to by some judicial official or other proper officer having knowledge of the appointment and official character of the attesting officer.

ART. 5. *Place of filing returns.*—Returns required by section 803 (a) of the Revenue Act of 1938 and these regulations shall be filed with the Commissioner of Internal Revenue, Washington, D. C., attention of the Income Tax Unit, Records Division.

PROCESSING TAX ON CERTAIN OILS

ARTICLES 1 AND 3, REGULATIONS 48, AMENDED

To Collectors of Internal Revenue and Others Concerned:

In conformity with the provisions of section 703 of the Revenue Act of 1938, Regulations 48, approved August 17, 1934, as amended by Treasury Decision 4695, approved September 11, 1936[1] are further amended as follows:

Immediately following the partial quotation of section 602½ (a) of the Revenue Act of 1934 at the head of Article 1, a new subtitle is inserted reading—

Section 703 of the Revenue Act of 1938

and immediately following such new subtitle there is inserted a quotation of section 703 of the Revenue Act of 1938, which reads as follows:

SEC. 703. *Exemption of palm oil and palm oil residue from processing tax.*—Effective July 1, 1938, section 602½ (a), as amended, of the Revenue Act of 1934 (relating to the processing tax on certain oils) is amended by striking out "but does not include the use of palm oil in the manufacture of tin plate" and inserting in lieu thereof "but does not include the use of palm oil in the manufacture of tin plate or terne plate, or any subsequent use of palm oil residue resulting from the manufacture of tin plate or terne plate."

After the last sentence of subparagraph (m) (4) of Article 1, the following is added:

"In like manner, on and after July 1, 1938, the use of palm oil, by the processor, in the manufacture of terne plate and the use of palm oil residue resulting from the manufacture of tin plate or terne plate, are specifically excepted by the Act."

Subparagraph (c) of Article 3 is changed to read:

"No tax is imposed on the use of palm oil, by the processor, in the manufacture of tin plate, nor, on and after July 1, 1938, on the use of palm oil, by the processor, in the manufacture of terne plate, nor, on and after said date, on the use of palm oil residue resulting from the manufacture of tin plate or terne plate."

These regulations are prescribed under the authority of section 1101 of the Revenue Act of 1926, made applicable by section 602½ (f) of the Revenue Act of 1934.

FLOOR TAXES ON DISTILLED SPIRITS

To District Supervisors, Collectors of Internal Revenue and Others Concerned:

Joint Resolution H. J. Res. 683 provides:

Resolved, etc., That there shall be levied, assessed, collected, and paid a floor tax of 25 cents on each proof-gallon and a proportionate tax at a like rate on all fractional parts of such proof-gallon upon all distilled spirits, except brandy, produced in or imported into the United States upon which the internal-revenue tax imposed by law has been paid and which, on July 1, 1938, are held by a retail dealer in liquors in a quantity in excess of 250 wine-gallons in the aggregate or by any other person, corporation, partnership, or association in any quantity and which are intended for sale for beverage purposes or for use in the manufacture or production of any article intended for sale for beverage purposes.

Each retail dealer in liquors and each person required hereunder to pay the floor tax shall within 30 days after July 1, 1938, make return under oath in such form and under such regulations as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, shall prescribe. Payment of the tax shown to be due may be extended to a date not exceeding 7 months after July 1, 1938, upon the filing of a bond for payment in such form and amount and with such surety or sureties as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, may prescribe.

All provisions of law, including penalties, applicable in respect of internal-revenue taxes on distilled spirits shall, insofar as applicable and not inconsistent with this section, be applicable in respect of the floor tax imposed hereunder.

Pursuant to the above quoted resolution the following regulations are prescribed:

1. Each distiller, proprietor of an industrial alcohol plant, bonded warehouse, tax-free warehouse or agency, wholesale dealer in liquors, retail dealer in liquors, rectifier, manufacturer, or any other person, corporation, partnership or association, having on hand on July 1, 1938, tax-paid alcohol or other tax-paid distilled spirits, except brandy and beverages containing brandy without the addition of other spirits, intended for sale for beverage purposes or for use in the manufacture or production of any article intended for sale for beverage purposes, shall before the beginning of business on that date make an inventory of all such distilled spirits. Distilled spirits in stamped containers of one gallon or less shall be presumed to be held for sale for beverage purposes.

2. The inventory shall be prepared in triplicate on sheets of paper not larger than 10½ x 16 inches to be furnished by the taxpayer. The distilled spirits shall be listed separately by kinds showing the wine gallons, proof and proof gallons. In the case of original packages and unbroken cases of bottled spirits, the serial numbers of the packages and cases, and the name of the distiller, rectifier, importer, or bottler of the spirits shall also be shown. The size of the bottles contained in the cases, must also be stated. Where bottled distilled spirits have been removed from the original cases, the number of bottles of each size containing spirits of the same kind and proof shall be listed as separate items, showing the wine gallons, proof, and proof gallons.

Spirits in process of rectification and in bottling or storage tanks shall be measured and proofed and the wine gallons, proof, and proof gallon content of each tank reported separately on the inventory. The number and kind of receptacle containing the spirits should also be shown.

Storekeeper-gaugers assigned to distilleries, industrial alcohol plants, bonded warehouses, rectifying plants, tax-paid bottling houses, etc., shall verify the inventories and certify thereon as to the correctness thereof. Where practicable, District Supervisors will assign inspectors or storekeeper-gaugers to verify and certify inventories made by other persons having large quantities of spirits subject to the floor tax.

3. The inventory shall show separately all tax-paid spirits not on the premises of the taxpayer but owned by him and stored elsewhere, or consigned direct to him and in transit on July 1, 1938, giving the name of the consignor. Any spirits which have been consigned to other persons by the person making the inventory and the title thereto has not been transferred to the consignee shall also be included by the person making the inventory, giving the name of the consignee.

Where tax-paid distilled spirits are consigned by the shipper to his own order with instructions on the shipping tag to notify the person named thereon, who is a bona fide purchaser, and bill of lading is indorsed in good faith to the person named on the shipping tag and draft attached for the sum due, and bill of lading with draft attached is sent to a bank or other collection agency for collection, the purchaser only is liable for the floor tax and shall include such spirits in his inventory.

If tax-paid distilled spirits are shipped under bills of lading in which the shipper is named as consignee and the bills of lading are not indorsed or are indorsed in blank, the spirits will be presumed to be the property of the shipper held for sale and the shipper shall inventory such spirits.

In cases where tax-paid distilled spirits are not accepted or delivered, and title has not passed to the consignee, the floor tax shall be due from the shipper, who must include such spirits in his inventory.

4. A list to be attached to the return shall be prepared, in triplicate, of all tax-paid distilled spirits held for sale or for use for non-beverage purposes, showing all information required under Para-

graphs 2 and 3. At the time of taking the inventory there shall be securely affixed to each container in possession of the owner a label showing the name and address of the owner and that the spirits are for non-beverage purposes and are not subject to the floor tax under Res. 683. Such label shall also be attached to spirits in transit or in the custody of any other person upon receipt thereof by the owner.

5. An exemption of 250 wine gallons is allowed to each retail dealer in liquors. The items selected for this exemption shall be shown separately on the inventory. Each such dealer shall prepare an inventory and make return regardless of whether the quantity of spirits on hand on July 1, 1938 is more or less than 250 wine gallons. A retail dealer in liquors operating more than one retail establishment is allowed the exemption for each such establishment.

6. The term distilled spirits shall include, among others, the following which are subject to the floor tax when intended for sale for beverage purposes or for use in the manufacture or production of any article intended for sale for beverage purposes:

(a) Alcohol.
(b) Spirits-Grain, Spirits-Cane and Spirits-Fruit.
(c) Whiskey, rum and gin (rectified and unrectified).
(d) Vermouth containing distilled spirits other than brandy.
(e) Cocktails containing distilled spirits other than brandy.
(f) Liqueurs, cordials and similar compounds containing distilled spirits other than brandy.

7. The following spirits are not subject to the floor tax:

(a) Untax-paid distilled spirits in bond or in customs custody.
(b) Distilled spirits or products made from distilled spirits which are not intended for sale for beverage purposes or for use in the manufacture or production of any article intended for sale for beverage purposes.
(c) Brandy (rectified and unrectified).
(d) Vermouth made with a wine or brandy base without the addition of other distilled spirits.
(e) Cocktails made with a wine or brandy base without the addition of other distilled spirits.
(f) Liqueurs, cordials and similar compounds made with a wine or brandy base, to which no other distilled spirits were added in the process of manufacture.

8. Each person designated in Paragraph 1, and each retail dealer in liquors whether or not he is required to pay tax, shall make return on Form 758 (Revised 1938), in triplicate, for each place of business in accordance with the instructions thereon. The original and duplicate copies must be filed with the Collector of Internal Revenue of the district in which the taxpayer's business is located on or before July 31, 1938. The triplicate copy will be retained at the location covered by the return. A copy of the inventory and/or list must be attached to each copy of Form 758.

9. The floor tax shown by the return to be due shall be paid to the Collector of Internal Revenue at the time the return is filed, except that the time for payment of this tax may be extended to a date not exceeding seven months after July 1, 1938, upon the filing of a bond on Form 723A or 723C, in triplicate, as the case may be, in a penal sum of not less than the amount of tax, including penalties and interest due, if any, and with such surety or surities as the Commissioner of Internal Revenue, with the approval of the Secretary, may prescribe.

10. After the returns have been received and the tax has been entered on the Assessment lists, Collectors of Internal Revenue will forward the duplicates to the appropriate District Supervisor for inspection and audit.

[SEAL] GUY T. HELVERING,
Commissioner of Internal Revenue.

Approved, June 20, 1938.

(b) *Responsibility for conduct of reporting program.*—A member of the administrative staff of each State Service shall be charged with responsibility for the supervision of the reporting program in all offices of the State Service, and in each employment office a qualified member of the staff shall be charged with responsibility for administration of the reporting program. (*; Sec. 3 (a) and Sec. 9, 48 Stat. 114, 116; 29 U. S. C. 49b and 49h.) [Rule 7, #.]

SEC. 9. *Research.*—All research projects for the State Service which may involve the expenditure of Federal funds or of State funds made available for the State Service, shall be referred by the State Administrative Agency to the Federal Service for approval before incorporation in the program of the State Service. (*; Sec. 3 (a) and Sec. 9, 48 Stat. 114, 116; 29 U. S. C. 49b and 49h.) [Rule 7, #.]

SEC. 10. *Veterans' Placement Service.*—The State Administrative Agency shall be responsible for the maintenance by the State Service of a veterans' service to be devoted to securing employment for veterans. For that purpose the State Service shall utilize as a member of its administrative staff, the State Veterans' Placement Representative of the Federal Service in the performance of the duties outlined in the "Guide for the Directors of State Employment Service and Veterans' Placement Representatives." Each State Service shall incorporate and coordinate the Veterans' Placement Service in all operating offices of its system. (*; Sec. 3 (a), 48 Stat. 114; 29 U. S. C. 49b.) [Rule 8, #.]

SEC. 11. *Farm Placement Service.*—The State Administrative Agency shall be responsible for the maintenance by the State Service of a farm placement service. For that purpose the State Service shall utilize as a member of its administrative staff the service of the State Farm Placement Supervisor (in those States where such supervisors have been appointed by the Federal Service), in the performance of his duties. Each State Service shall incorporate and coordinate the Farm Placement Service in all operating offices of its system. (*; Sec. 3 (a), 48 Stat. 114; 29 U. S. C. 49b.) [Rule 9, #.]

SEC. 12. *Affiliated employment agencies.*—A municipal, junior, or other public employment agency may be affiliated with a State Service, at the discretion of the State Administrative Agency, and with the concurrence of the Federal Director, only if such municipal, junior, or other employment agency:

(a) Is supported in whole or in part by funds made available by an agency of the State, or by a local subdivision;
(b) Is administered by a public board or agency;
(c) Accepts no fees for its services;
(d) Does not duplicate the service provided by an office of the State Service;
(e) Employs one or more workers giving full time to placement work, or to employment counseling;
(f) Maintains its activities for the entire twelve months of the year;
(g) Becomes by agreement of affiliation with the State Service a part of the State-controlled system of public employment offices. (*; Sec. 5 (a), 48 Stat. 114; 29 U. S. C. 49d.) [Rule 10, #.]

SEC. 13. *Interstate clearance of workers.*—Provision shall be made in each State for the interstate clearance of workers and of unfilled openings. (*; Sec. 3 (a), 48 Stat. 114; 29 U. S. C. 49b.) [Rule 11, #.]

SEC. 14. *Notice of strikes and lockouts.*—Each State Service shall give notice of strikes and lockouts in accordance with the instructions entitled "Procedure for Giving Effect to the Provision of the Wagner-Peyser Act Regarding Strikes or Lockouts." (*; Sec. 11 (b),

48 Stat. 117; 29 U. S. C. 49j.) [Rule 12, #.]

SEC. 15. *Free transmission of official mail.*—It shall be the duty of each State Service, which becomes entitled to free transmission of official mail matter, to see that all offices of its system exercise that privilege subject to the requirements of law and of the regulations of the Post Office Department as well as subject to the rules of the Federal Service as stated in "Use of the Penalty Mailing Privilege by State Employment Services Affiliated with United States Employment Service." (*; Sec. 13, 48 Stat. 117; 29 U. S. C. 49c.) [Rule 13, #.]

SEC. 16. *Amendments, supplements, repeals.*—The foregoing rules and regulations may from time to time be amended, supplemented, or repealed by appropriate orders isued by the Director of the United States Employment Service, with approval of the Secretary of Labor. *[The above section occurred in the Rules and Regulations prescribed by the Director of the United States Employment Service with approval of the Secretary of Labor on June 8, 1937, but it did not have a Rule No.]

SEC. 17. *Effective date.*—The foregoing rules and regulations become effective on July 1, 1938, and supersede the rules and regulations prescribed by the Director of the United States Employment Service, with the approval of the Secretary of Labor, on June 7, 1937, 2 F. R. 986.*

TITLE 7—AGRICULTURE

AGRICULTURAL ADJUSTMENT ADMINISTRATION

DETERMINATION OF NORMAL YIELD OF COMMERCIALLY RECOVERABLE SUGAR PER ACRE AND ELIGIBILITY FOR PAYMENT WITH RESPECT TO ABANDONMENT AND CROP DEFICIENCY FOR FARMS IN PUERTO RICO

Pursuant to the provisions of Section 303 of the Sugar Act of 1937, I, H. A. Wallace, Secretary of Agriculture, do hereby determine:

I

1. That for any farm on which sugarcane was grown and marketed (or processed by the producer) for the extraction of sugar during all three of the 1934–35, 1935–36, and 1936–37 crop years, the normal yield of commercially recoverable sugar per acre shall be the product of:

(a) the average number of hundredweights of sugar, raw value, recovered per short ton of sugarcane processed during such crop years for the extraction of sugar by the mill, or mills, where such sugarcane was ground, and

(b) the average number of short tons of sugarcane per acre harvested on the farm for the extraction of sugar during the said three crop years.

2. That for any farm on which sugarcane was not grown and marketed (or processed by the producer) for the extraction of sugar during all three of the 1934–35, 1935–36, and 1936–37 crop years, the normal yield of commercially recoverable sugar per acre shall be the average of such yields for all farms, within the same municipality, on which sugarcane was harvested for the extraction of sugar during all three of the 1934–35, 1935–36 and 1936–37 crop years.

II

That any farm located in a municipality in which the actual yields of commercially recoverable sugar per acre for farms comprising 10 per cent or more of the total acreage of sugarcane for the extraction of sugar were 80 per cent, or less, of the normal yields therefor, because of drought, flood, storm, freeze, diseases, or insects, shall be eligible for abandonment and deficiency payments, pursuant to section 303 of the said act.

Done at Washington, D. C. this 21st day of June 1938. Witness my hand and the seal of the Department of Agriculture.

[SEAL] H. A. WALLACE,
Secretary of Agriculture.

DECISION AND ORDER OF SECRETARY OF AGRICULTURE ALLOTTING THE 1938 SUGAR QUOTAS FOR PUERTO RICO

General Sugar Quota Regulations, Series 5, No. 1, Rev. 1, issued by the Secretary of Agriculture on June 9, 1938,[1] pursuant to the Sugar Act of 1937 (hereinafter referred to as the "act"), establish a 1938 sugar quota for Puerto Rico for the continental United States of 809,649 short tons, raw value.[2] General Sugar Quota Regulations, Series 5, No. 2, issued by the Secretary of Agriculture on December 28, 1937,[3] establish a 1938 sugar quota for Puerto Rico for local consumption of 73,851 short tons, raw value.

Under the provisions of section 205 (a) of the act, the Secretary is required to allot a quota whenever he finds that the allotment is necessary (1) to assure an orderly and adequate flow of sugar or liquid sugar in the channels of interstate commerce, (2) to prevent the disorderly marketing of sugar or liquid sugar, (3) to maintain a continuous and stable supply of sugar or liquid sugar, or (4) to afford all interested persons an equitable opportunity to market sugar or liquid sugar within the quota for any area. Section 205 (a) also provides that such allotment shall be made after such hearing and upon such notice as the Secretary may by regulations prescribe. On December 31, 1937, the Secretary, pursuant to General Sugar Regulations, Series 2, No. 2,[4] issued a notice of a public hearing to be held in Washington, D. C., on January 14, 1938,[5] for the purpose of receiving evidence to enable him to make a fair, efficient, and equitable distribution of the 1938 Puerto Rican sugar quotas among interested persons and such other evidence as might be pertinent to the exercise of the powers vested in the Secretary under section 205 (a) of the act.

Section 205 (a) of the act requires a preliminary finding of the Secretary as a condition precedent to the calling of a hearing. The Notice of Hearing and Designation of Presiding Officers issued by the Secretary on December 31, 1937, provided in part as follows:

"Pursuant to the authority contained in Section 205 (a) of the Sugar Act of 1937 (Public, No. 414, 75th Congress) and on the basis of the information now before me, I, H. A. Wallace, Secretary of Agriculture, do hereby find that the allotment of the 1938 sugar quota for Puerto Rico for shipment to the continental United States (including the portion which may be filled by direct-consumption sugar, pursuant to section 207 (b) of said act) and the 1938 sugar quota for Puerto Rico for local consumption, established pursuant to sections 202 and 203, respectively, of the said act is necessary to prevent disorderly marketing and importation of such sugar * * *."

The preliminary finding was based upon information which the Secretary had to the effect that, for the calendar year 1938, Puerto Rican processors have an apparent excess of supplies over quota requirements of approximately 244,000 short tons of sugar.

The hearing was held in Washington, D. C., on the date specified in the notice. The evidence presented at that hearing was found inadequate to enable the Secretary to make a fair, efficient, and equitable distribution of the 1938 United States sugar quota for Puerto Rico and the 1938 Puerto Rican sugar quota for local consumption. Accordingly, on April 26, 1938, the Secretary issued a notice of a public hearing to be held in Washington, D. C., on May 3, 1938,[6] for the purpose, among others, of receiving additional evidence to enable him to make a fair, efficient, and equitable distribution of such quotas. The notice of the hearing also contained a confirmation by the Secretary of his prior finding of December 31, 1937, to the effect that the allotment of the 1938 quotas for Puerto Rico is necessary to prevent the disorderly marketing and importation of sugar. The hearing was held on May 3, as specified in the notice, and was concluded on May 4.

The evidence presented at the hearing of May 3 indicated that the preliminary finding of the Secretary regarding the necessity for allotment of the quotas should be confirmed. Such evidence (p. 117 of the record) indicated that, for the calendar year 1938, there would be available for market in Puerto Rico approximately 1,137,000 short tons of sugar, consisting of 137,000 short tons of sugar in stocks carried over from prior years, and an estimated out-turn of the 1938 crop of approximately 1,000,000 tons. Since the quota requirements for 1938, both for the continental United States and for local consumption, are 883,500 short tons, raw value, Puerto Rican processors will have available for market an excess of supplies over quota requirements of approximately 253,000 short tons of sugar. Under these conditions, it is concluded that, without allotment of these quotas, disorderly marketing of sugar will result.

Section 205 of the act provides in part that:

> Allotments shall be made in such manner and in such amounts as to provide a fair, efficient, and equitable distribution of such quota or proration thereof, by taking into consideration the processings of sugar or liquid sugar from sugar beets or sugarcane to which proportionate shares, determined pursuant to the provisions of subsection (b) of section 302, pertained; the past marketings or importations of each such person; or the ability of such person to market or import that portion of such quota or proration thereof allotted to him.

Under section 302 (a) of the act the Secretary is required to fix proportionate shares of sugar beets or sugarcane for farms in each domestic sugar-producing area on the basis of which payments authorized in title III of the act are to be made. The proportionate share for a farm represents a share of the quantity of sugar beets or sugarcane for the extraction of sugar required to be processed to enable the producing area in which the farm is located to meet the quota (and provide a normal carry-over inventory) estimated by the Secretary for the calendar year during which the larger part of the sugar from the crop of sugar beets or sugarcane normally would be marketed. Section 301 of the act provides, as a condition of payment, that there shall not be marketed (or processed) an amount of sugar beets or sugarcane grown on the farm and used for the extraction of sugar in excess of the proportionate share for the farm.[7]

"Marketing allotments" made to Puerto Rican producers of sugarcane under the Jones-Costigan Act are equivalent to "proportionate shares" made to such producers under the present act. These marketing allotments for the calendar year 1936 were obtained as follows:

(a) A marketing allotment for each mill area was first computed on the basis of the average sugar production in such area during the years 1931, 1932, and 1934, adjusted to the estimated Puerto Rican sugar quota for 1936; and

(b) The base production of each producer was adjusted to the marketing allotment for the mill area in which the producer was located.

The base production of each producer, adjusted to the marketing allotment for the mill area in which he was located, became the producer's 1936 marketing allotment.

The 1936 marketing allotment of the processor was equal to the sum of the 1936 marketing allotments of individual growers whose sugarcane was ground by the processor in 1936.[8] These marketing allotments to processors were approved and ratified by the Congress in Public Resolution No. 109, approved June 19, 1936, which amended the Jones-Costigan Act.

Public Resolution No. 109 further provided that the Secretary might allot any sugar quota on the basis of prior allotments made under the Jones-Costigan Act. Accordingly, allotment of the 1937 Puerto Rican sugar quota was made on the basis of the 1937 marketing allotments[9] to individual growers, and such individual growers' allotments were computed by adjusting the 1936 marketing allotments of individual growers to the 1937 sugar quota.

In view of the intention of Congress to hold the marketings of sugar beets and sugarcane for sugar within the limits of quota requirements, as expressed in title

[1] 3 F. R. 1389 (DI).

[2] These regulations also provide that 126.033 short tons, raw value, of this quota may be filled by direct-consumption sugar, the allotment of which was made in Puerto Rico Sugar Order No. 11, issued June 1, 1938. 3 F. R. 1279 (DI).

[3] 2 F. R. 3439 (DI).

[4] 2 F. R. 2200 (DI).

[5] 3 F. R. 2 (DI).

[6] 3 F. R. 973 (DI).

[7] Section 301 (e) of the act provides that this condition shall not apply to the first crop harvested after the enactment of the act. Hence the condition is not applicable to the 1938 crop in Puerto Rico.

[8] The marketing allotments made to processors by this method resulted in allotments practically identical with those that would have been made had the allotments been based on the marketings of processors during the years 1931, 1932, and 1934. The maximum variation amounted to 0.619% and the minimum variation amounted to 0.002%. In the majority of cases the variation was less than 0.1 of 1%.

[9] Since no payments were made with respect to the 1937 crop of sugarcane in Puerto Rico, the allotments were made solely for purpose of computing allotments to processors.

III of the act, and in view of the further fact that allotments to processors for the past two years under similar legislation have been made on the basis of marketing allotments to producers, it is concluded that, in order to provide a fair, efficient, and equitable distribution of the quotas for Puerto Rico, allotments should be made on the basis of the first standard stated in the act, namely, the processings of sugar from sugarcane to which proportionate shares, determined pursuant to section 302 of the act, pertain.

The use of either or both of the other two standards given in the act (except insofar as "past marketings" are reflected in the determination of proportionate shares), namely, "past marketings" and "ability * * * to market", would not provide a fair, efficient, and equitable distribution of the quotas, since allotments resulting therefrom would not protect the interest of individual producers of sugarcane in Puerto Rico.[10] It is believed that the act contemplates the allotment of the quota which will be fair and equitable to producers of sugar beets and sugarcane, as well as those who market the sugar made therefrom. If allotments were made on any basis other than that proposed, individual producers in Puerto Rico would have no assurance that they would be able to market the entire amount of their proportionate shares.

At the time of the issuance of the notice of the hearing of May 3, all interested persons were furnished with proposed allotments (Government Exhibits 1 and 8) based upon the determination of proportionate shares for the 1938 crop of sugarcane in Puerto Rico, which determination was issued by the Secretary on January 11, 1938 (Government Exhibit No. 14). The proposed allotment of each processor represented the sum of the proportionate share made to the processor as producer plus the proportionate shares to individual producers whose 1938 crop the processor has agreed to grind. The proposed allotments were based upon contracts for grinding made by processors up to April 6, 1938. At the hearing of May 3, however, there was introduced in evidence the sum of the proportionate shares of sugarcane which processors had contracted to grind up to April 30, 1938 (Government Exhibit No. 11). The total includes also any proportionate share established for the processor under the Secretary's determination.

The evidence presented at the hearing shows that on April 30, 1938, Puerto Rican processors had commitments for grinding proportionate shares of sugarcane of the 1938 crop (including administration sugarcane) in the following amounts (Government Exhibit 11):

Processors:	*Summation of 1938 Proportionate Shares*
Aguirre (3 mills)	108,082

	953,878

The reserve for future allotment represents proportionate shares which on April 30, 1938, were not under contract for grinding. The total of the proportionate shares of 953,878 short tons of sugar represents the amount of sugar which the Secretary estimated to be necessary to enable Puerto Rico to meet its 1938 quota and provide a normal carry-over inventory (Government Exhibit No. 13).

On the basis of the record of the hearings, I hereby find:

1. That for the calendar year 1938 Puerto Rican processors of sugar will have available for market 1,137,000 short tons of sugar.

2. That for the calendar year 1938 Puerto Rican processors of sugar will have supplies in excess of quota requirements of 253,000 short tons of sugar.

3. That as of April 30, 1938, Puerto Rican processors had commitments to grind proportionate shares of sugarcane of the 1938 crop in the following amounts:

Processors:	*Summation of 1938 Proportionate Shares*

On the basis of the foregoing and after consideration of the briefs submitted by interested persons following the hearings of January 14 and May 3, 1938, and the objections filed in opposition to the proposed order allotting the 1938 sugar quotas for Puerto Rico,[11] I hereby determine and conclude that the allotment of the 1938 sugar quota for Puerto Rico for the continental United States and the 1938 sugar quota for Puerto Rico for local consumption is necessary in order to prevent disorderly marketing of sugar, and that in order to make a fair, efficient, and equitable distribution of such sugar, as required by section 205 (a) of the act, allotments should be made on the basis of proportionate shares, determined pursuant to section 302 of the act, by multiplying the sum of the 1938 proportionate shares of sugarcane to be ground by each processor (based on contracts as of April 30, 1938) (1) by 84.879722[12] per centum to obtain the continental United States marketing allotment, (2) by 7.742185[13] per centum to obtain the marketing allotment for local consumption, and (3) by 7.3780924[14] per centum to obtain a normal carry-over inventory.

ORDER

Pursuant to the authority vested in the Secretary of Agriculture by section 205 (a) of the act, it is hereby ordered:

1. That the said quantity of 809,649 short tons, raw value, and the said quantity of 73,851 short tons, raw value, of sugar, representing the 1938 quota for Puerto Rico for the continental United States and the 1938 quota for local consumption in Puerto Rico, respectively, shall be allotted to the following processors in the amounts which appear opposite their respective names:

2. That the above-named processors are hereby prohibited from bringing into the continental United States from Puerto Rico, for consumption during the calendar year 1938, or from marketing locally in Puerto Rico during the calendar year 1938, any sugar in excess of the respective marketing allotments therefor set forth in paragraph 1.

3. That the quantity of sugar specified in paragraph 1 as "Reserve for future allotment" shall be allotted to processors who contract to grind the proportionate shares represented thereby, and the allotments of such processors set forth above shall be increased accordingly.

4. That any increase or decrease in the 1938 sugar quotas for Puerto Rico shall be prorated among processors on the basis of the allotments set forth above.

5. That the allotments established above shall not be assigned or transferred without the approval of the Secretary or his duly appointed agent.

In testimony whereof, H. A. Wallace, Secretary of Agriculture, has hereunto set his hand and caused the official seal of the Department of Agriculture to be affixed in the City of Washington, District of Columbia, this 21st day of June, 1938.

Secretary of Agriculture.

[10] Eastern Sugar Associates and Central Igualdad contend that allotments should be made on the basis of past marketings or ability to perform (pages 18, 37, and 38 of the record of hearing of January 14 and page 132 of record of hearing of May 3). None of the other 32 processors of sugarcane in Puerto Rico has objected.

[11] Following the hearing of May 3, the Secretary on June 3, 1938, issued a proposed order which was published in the Federal Register on June 7, 1938, 3 F. R. 1337 (DI). Interested persons were given until June 15, 1938, in which to file objections to the proposed order. Eastern Sugar Associates was the only processor filing objections to the proposed order.

[12] Percentage which the quota for marketing in the continental United States is of 1938 quota requirements plus a normal carry-over inventory.

[13] Percentage which the quota for local consumption is of the 1938 quota requirements plus a normal carry-over inventory.

[14] Percentage which the normal carry-over inventory is of the 1938 quota requirements plus a normal carry-over inventory.

TITLE 26—INTERNAL REVENUE

BUREAU OF INTERNAL REVENUE

[T. D. 4819]

INCOME TAX

BASIS OF PROPERTY ACQUIRED AFTER DECEMBER 31, 1917, BY A CORPORATION IN CONNECTION WITH A REORGANIZATION

To Collectors of Internal Revenue and Others Concerned:

In order to accord with section 807 of the Revenue Act of 1938, enacted May 28, 1938 (Public, No. 554, Seventy-fifth Congress, third session), amending section 113 (a) (7) of the Revenue Act of 1936, relating to the basis of property acquired after December 31, 1917, by a corporation in connection with a reorganization, Regulations 94 are amended as follows:

The following is inserted immediately preceding article 113 (a) (7)-1:[1]

Section 807 of Title V of the Revenue Act of 1938 provides:

SEC. 807. BASIS OF PROPERTY ACQUIRED IN CONNECTION WITH REORGANIZATIONS.

(a) Section 113 (a) (7) of the Revenue Act of 1936 is amended to read as follows:

(7) *Transfers to corporation.*—If the property was acquired—

(A) after December 31, 1917, and in a taxable year beginning before January 1, 1936, by a corporation in connection with a reorganization, and immediately after the transfer an interest or control in such property of 50 per centum or more remained in the same persons or any of them, or

(B) in a taxable year beginning after December 31, 1935, by a corporation in connection with a reorganization,

then the basis shall be the same as it would be in the hands of the transferor, increased in the amount of gain or decreased in the amount of loss recognized to the transferor upon such transfer under the law applicable to the year in which the transfer was made. This paragraph shall not apply if the property acquired consists of stock or securities in a corporation a party to the reorganization, unless acquired by the issuance of stock or securities of the transferee as the consideration in whole or in part for the transfer.

(b) The amendment made by subsection (a) shall be applied in the computation of net income for taxable years beginning after December 31, 1935, and before January 1, 1938.

Article 113 (a) (7)-1 is amended to read as follows:

"ART. 113 (a) (7)-1. *Property acquired by corporation in reorganization after December 31, 1917.*—Section 113 (a) (7) of the Act, as amended, sets forth the conditions under which the basis of property acquired by a corporation after December 31, 1917 in connection with a reorganization as defined in section 112 of the Act is the same as it would be in the hands of the transferor, increased or decreased as therein provided in the amount of gain or loss recognized to the transferor under the applicable revenue law. In the case of property so acquired in a taxable year beginning prior to January 1, 1936, section 113 (a) (7) is applicable only if immediately after the transfer there remained in the same persons or any of them an interest or control in such property of 50 per cent or more. In the case, however, of property so acquired in a taxable year governed by the Act, section 113 (a) (7) is applicable irrespective of the extent of the interest or amount of control in such property remaining, immediately after the transfer, in the hands of the same persons or any of them.

"The application of the provisions of section 113 (a) (7) (A) of the Act may be illustrated by the following examples:

"*Example* (1).—In 1925 the X Corporation caused the organization of the Y Corporation and transferred to the Y Corporation, in exchange for all the capital stock of that corporation, property which it had previously purchased for $10,000. The basis of the property in the hands of the Y Corporation is $10,000.

"*Example* (2).—In 1925 the M Corporation exchanged 10 per cent of its voting stock for all the property of the N Corporation which had a basis of $10,000 in the hands of the N Corporation. The basis of the property in the hands of the M Corporation is cost thereof to it at the time of the transfer, that is, the fair market value of the M stock exchanged for the property.

"Section 113 (a) (7) of the Act, as amended, does not apply if, irrespective of when acquired, the property consists of stock or securities in a corporation a party to a reorganization as defined in section 112 of the Act, unless such stock or securities are acquired by the issuance of stock or securities of the transferee as the consideration in whole or in part for the transfer. The application of the last sentence of section 113 (a) (7) to a case where such stock or securities are acquired by the issuance of stock or securities of the transferee may be illustrated as follows:

"*Example* (3).—The Y Corporation owns all of the stock of the X Corporation, which stock it acquired in 1936 by the issuance of all of its own voting stock to the individual shareholders of the X Corporation. The stock of the X Corporation was acquired by the individuals in 1924 for $100,000 in cash. The stock of the Y Corporation had a fair market value of $1,000,000 at the time it was exchanged in 1936 for the stock of the X Corporation. The fair market value of the stock of the X Corporation at the time of the exchange in 1936 was also

[1] 1 F. R. 1884.

$1,000,000. The basis to the Y Corporation of the stock of the X Corporation is the basis which such stock would have had in the hands of the individuals from which it was acquired by the Y Corporation, that is, $100,000."

This Treasury Decision is prescribed pursuant to the provisions of section 62 of the Revenue Act of 1936.

[SEAL] GUY T. HELVERING,
Commissioner of Internal Revenue.

Approved, June 20, 1938.

STEPHEN B. GIBBONS,
Acting Secretary of the Treasury.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

BUREAU OF MARINE INSPECTION AND NAVIGATION

AMENDMENT TO REGULATION OF SECRETARY OF COMMERCE DESIGNATING AND DEFINING A LINE DIVIDING THE HIGH SEAS FROM RIVERS, HARBORS, AND INLAND WATERS

JUNE 22, 1938.

Pursuant to the authority granted to the Secretary of Commerce under section 2 of the Act of February 19, 1895, (33 U. S. C. 151), the following line dividing the high seas from rivers, harbors, and inland waters, is hereby designated and defined. Waters inshore of the line here laid down are "inland waters" and upon them the inland rules and pilot rules made in pursuance thereof apply. Upon the high seas, viz., waters outside of the line here laid down, the international rules apply.

Apalachee Bay, Florida.—Those waters lying north of a line drawn 58° true from Lighthouse Point on St. James Island to Gamble Point on the east side of the entrance to the Aucilla River, Florida.

Pilot rules for western rivers are to be followed in the Wakulla River inside Wakulla River Entrance Buoy 2, in Ochlockonee River north of its junction with Ochlockonee Bay, and in Aucilla River inside a line from the extremity of Gamble Point to the extremity of Cabell Point.

[SEAL] DANIEL C. ROPER,
Secretary of Commerce.

TITLE 49—TRANSPORTATION AND RAILROADS

INTERSTATE COMMERCE COMMISSION

[No. 24049]

ORDER RELATIVE TO A. JOHNSTON, GRAND CHIEF ENGINEER OF THE BROTHERHOOD OF LOCOMOTIVE ENGINEERS, ET AL. *v.* THE ATCHISON, TOPEKA & SANTA FE RAILWAY COMPANY, ET AL.

At a general session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 17th day of June, A. D. 1938.

Upon further consideration of the record in the above-entitled proceeding, and to meet the request of United States District Judge S. H. West, Northern District of Ohio that the effective date of the order of December 27, 1937,[1] therein, be postponed to afford opportunity for proper consideration of the case by the court:

It is ordered, That the effective date of the said order be, and it is hereby, postponed from July 1 to October 1, 1938.

It is further ordered, That the said order shall in all other respects remain in full force and effect.

By the Commission.

The term 'employer' shall also include railroad associations, traffic associations, tariff bureaus, demurrage bureaus, weighing and inspection bureaus, collection agencies and other associations, bureaus, agencies, or organizations controlled and maintained wholly or principally by two or more employers as hereinbefore defined and engaged in the performance of services in connection with or incidental to railroad transportation; and railway labor organizations, national in scope, which have been or may be organized in accordance with the provisions of the Railway Labor Act, as amended, and their State and National legislative committees and their general committees and their insurance departments and their local lodges and divisions, established pursuant to the constitution and bylaws of such organizations." (Sec. 1 (a), 50 Stat. 307; 45 U. S. C. Sup. III, 228a.)

"The term 'carrier' means an express company, sleeping-car company, or carrier by railroad, subject to part I of the Interstate Commerce Act." (Sec. 1 (m), 50 Stat. 309; 45 U. S. C. Sup. III, 228a.)

SEC. 2.02. *Company or person principally engaged in carrier business.*—Any company or person principally engaged in carrier business is an employer. (Secs. 1, 10, 50 Stat. 307, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 2.03. *Company or person principally engaged in non-carrier business.*—With respect to any company or person principally engaged in business other than carrier business, but which, in addition to such principal business, engages in some carrier business, the Board will require submission of information pertaining to the history and all operations of such company or person with a view to determining whether some identifiable and separable enterprise conducted by the person or company is to be considered to be the employer. The determination will be made in the light of considerations such as the following:

(a) the primary purpose of the company or person on and since the date it was established;

(b) the functional dominance or subservience of its carrier business in relation to its non-carrier business;

(c) the amount of its carrier business and the ratio of such business to its entire business;

(d) whether its carrier business is a separate and distinct enterprise.

In the event that the employer is found to be an aggregate of persons or legal entities or less than the whole of a legal entity or a person operating in only one of several capacities, then the unit or units competent to assume legal obligations shall be responsible for the discharge of the duties of the employer. (Secs. 1, 10, 50 Stat. 307, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 2.04. *Control.*—A company or person is controlled by one or more carriers, whenever there exists in one or more such carriers the right or power by any means, method or circumstance, irrespective of stock ownership, to direct, either directly or indirectly, the policies and business of such a company or person and in any case in which a carrier is in fact exercising direction of the policies and business of such a company or person. (Secs. 1, 10, 50 Stat. 307, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 2.05. *Company or person under common control.*—A company or person is under common control with a carrier, whenever the control (as that term is used in section 2.04 above) of such company or person is in the same person, persons or company as that by which such carrier is controlled. (Secs. 1, 10, 50 Stat. 307, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 2.06. *Casual service and the casual operation of equipment or facilities.*—The service rendered or the operation of equipment or facilities by a controlled company or person in connection with the transportation of passengers or property by railroad is "casual" whenever such service or operation is so irregular or infrequent as to afford no substantial basis for an inference that such service or operation will be repeated, or whenever such service or operation is insubstantial. (Secs. 1, 10, 50 Stat. 307, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 2.07. *Service or operation in connection with railroad transportation.*—The service rendered or the operation of equipment or facilities by persons or companies owned or controlled or under common control with a carrier is in connection with the transportation of passengers or property by railroad, or the receipt, delivery, elevation, transfer in transit, refrigeration or icing, storage, or handling of property transported by railroad, if such service or operation is reasonably directly related, functionally or economically, to the performance of obligations which a company or person or companies or persons have undertaken as common carriers by railroad, or to the receipt, delivery, elevation, transfer in transit, refrigeration or icing, storage, or handling of property transported by railroad. (Secs. 1, 10, 50 Stat. 307, 314; 45 U. S. C. Sup. III, 226a, 228j.)

SEC. 2.08. *Controlled company or person principally engaged in service or operation in connection with railroad transportation.*—Any company or person owned or controlled by one or more carriers or under common control therewith, whose principal business is the operation of equipment or facilities or the performance of service (other than trucking service) in connection with the transportation of passengers or property by railroad, shall be an employer. (Secs. 1, 10, 50 Stat. 307, 314, 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 2.09. *Controlled company or person not principally engaged in service or operation in connection with railroad transportation.*—With respect to any company or person owned or controlled by one or more carriers or under common control therewith, performing a service or operating equipment in connection with the transportation of passengers or property by railroad, but which is principally engaged in some other business, the Board will require the submission of information pertaining to the history and all operations of such company or person with a view to determining whether it is an employer or whether some identifiable and separable enterprise conducted by the person or company is to be considered to be the employer, and will make a determination in the light of considerations such as the following:

(a) the primary purpose of the company or person on and since the date it was established;

(b) the functional dominance or subservience of its business which constitutes a service or operation of equipment or facilities in connection with the transportation of passengers or property by railroad in relation to its other business;

(c) the amount of its business which constitutes a service or operation of equipment or facilities in connection with the transportation of passengers or property by railroad and the ratio of such business to its entire business;

(d) whether such service or operation is a separate and distinct enterprise;

(e) whether such service or operation is more than casual, as that term is defined in section 2.06.

In the event that the employer is found to be an aggregate of persons or legal entities or less than the whole of a legal entity or a person operating in only one of several capacities, then the unit or units competent to assume legal obligations shall be responsible for the discharge of the duties of the employer. (Secs. 1, 10, 50 Stat. 307, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 2.10. *Commencement of employer status of receiver or trustee, etc.*—A receiver, trustee, or other individual or body, judicial or otherwise, in the possession of the property or operating all or any part of the business of a carrier, or of a company or person owned or controlled by or under common control with such a carrier, which operates any

equipment or facility or performs any service in connection with the transportation of passengers or property by railroad, shall be deemed to be an employer beginning as of whichever of the following three dates is the earliest:

(a) the date that it takes possession of such property; or

(b) the first date on which it has authority to operate all or any part of the business of such a carrier, company or person; or

(c) the date that it begins operating without appointment or authorization all or any part of the business of such a carrier, company or person;

Provided, however, That the receiver, trustee, or other individual or body, judicial or otherwise, shall be an employer only with respect to such individuals as would be employees if the preceding employer had continued in the possession of the property or the operation of the business. (Secs. 1, 10, 50 Stat. 307, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 2.11. *Termination of employer status of receiver or trustee, etc.*—Such employer status shall terminate as of whichever of the following four dates shall be the latest:

(a) the effective date of a discharge duly given by the court or authority which made the appointment or issued the authorization; or

(b) the effective date of a certificate of public convenience and necessity authorizing abandonment; or

(c) the date that the receiver, trustee or other individual or body ceases operating the business of such carrier, company or person; or

(d) the date that possession of all property of such carrier, company or person is relinquished;

Provided, however, That if there be in fact a complete cessation and abandonment of operations and if no certificate authorizing abandonment is applied for nor is any discharge necessary, such employer status shall cease as of the date of such complete cessation and abandonment. (Secs. 1, 10, 50 Stat. 307, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 2.12. *Termination of employer status of other employers.*—The applicable provisions of section 2.11 concerning the termination of an employer status shall apply to all other employers. (Secs. 1, 10, 50 Stat. 307, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 2.13. *Electric railways.*—The General Counsel will require the submission of information pertaining to the history and operations of an electric railway with a view to determining whether it is an employer and will inquire into and make his recommendations upon the following considerations:

(a) whether the electric railway is more than a street, suburban or interurban electric railway; or

(b) whether it is operating as a part of a general steam-railroad system of transportation; or

(c) whether it is part of the national transportation system.

If in the opinion of the General Counsel an electric railway has the characteristics set forth in either (a), (b) or (c), he will conclude that it is an employer under the Act and if the operator concurs in such opinion, the decision will be made final by the Board. If the operator does not concur in the conclusion reached the question will be submitted to the Interstate Commerce Commission for determination. (Secs. 1, 10, 50 Stat. 307, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 2.14. *Service incidental to railroad transportation.*—An organization, association, bureau or agency is performing a service in connection with or incidental to railroad transportation whenever it is engaged in the performance of functions which would normally be performed by the constituent employers in the absence of such organization, association, bureau or agency. (Secs. 1, 10, 50 Stat. 307, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 2.15. *Railway labor organizations.*—Railway labor organizations, national in scope, which have been or may be organized in accordance with the provisions of the Railway Labor Act, as amended, and their State and National legislative committees and their general committees and their insurance departments and their local lodges and divisions, established pursuant to the constitution and bylaws of such organizations, shall be employers within the meaning of the Act. (Secs. 1, 10, 50 Stat. 307, 314; 45 U. S. C. Sup. III, 228a, 228j.)

PART 3. EMPLOYEES UNDER THE ACT

Sec.
3.01. Statutory provisions.
3.02. General definition of employee.
3.03. When is an individual engaged in performing service?
3.04. When is service "compensated"?
3.05. Service outside the United States.
3.06. Immaterial factors.
3.07. Local lodge employee.

SEC. 3.01. *Statutory provision.*—"The term 'employee' means (1) any individual in the service of one or more employers for compensation, (2) any individual who is in the employment relation to one or more employers, and (3) an employee representative. The term 'employee' shall include an employee of a local lodge or division defined as an employer in subsection (a) only if he was in the service of or in the employment relation to a carrier on or after the enactment date." (Sec. 1 (b) 50 Stat. 308; 45 U. S. C. Sup. III, 228a.)

"The term 'employee' includes an officer of an employer." (Sec. 1 (1) 50 Stat. 309; 45 U. S. C. Sup. III, 228a.)

SEC. 3.02. *General definition of employee.*—An individual shall be an employee whenever (a) he is engaged in performing compensated service for an employer or (b) he is in an employment relation to an employer, or (c) he is an employee representative, or (d) he is an officer of an employer. (Secs. 1, 10, 50 Stat. 308, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 3.03. *When is an individual engaged in performing service.*—An individual shall be engaged in performing service for an employer if he is subject to the continuing authority of the employer to supervise and direct the manner of rendition of that service, irrespective of whether such supervision and direction is exercised and irrespective of whether such service is performed on a part-time basis. (Secs. 1, 10, 50 Stat. 308, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 3.04. *When is service "compensated."*—Service shall be "compensated" if it is performed for compensation, as that term is defined in the Act and part 22 of these regulations. (Secs. 1, 10, 50 Stat. 308, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 3.05. *Service outside the United States.*—An individual shall not be an employee by reason of rendition of service to an employer not conducting the principal part of its business in the United States except while engaged in performing for it service in the United States. (Secs. 1, 10, 50 Stat. 308, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 3.06. *Immaterial factors.*—The age, citizenship, or residence of an individual, or his designation as other than an "employee" shall be of no force or effect in determining whether or not such individual is an employee within the meaning of the Act. (Secs. 1, 10, 50 Stat. 308, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 3.07. *Local lodge employee.*—An individual who, prior to January 1, 1937, shall have rendered service to a local lodge or division of a railway labor organization included as an employer under Section 1 (a) of the Act, shall be an employee with respect to such service to such local lodge or division only if he was on August 29, 1935, in the service of or in an employment relation to an employer which was a carrier. An individual who, subsequent to December 31, 1936, shall have rendered service to a local lodge or division of a railway labor organization included as an employer under Section 1 (a) of the Act, shall be an employee with respect to such service to such local lodge or division only with respect to such service as was preceded by service on or after August 29, 1935, to an employer which was a carrier. (Secs. 1, 10, 50 Stat. 308, 314; 45 U. S. C. Sup. III, 228a, 228j.)

PART 4. EMPLOYMENT RELATION

Sec.
4.01. Statutory provision.
4.02. Employment relation—Determination by the Board.
(a) Importance of rule or practice.
(b) Furlough, leave of absence, etc.
(c) Rule defined.
(d) Practice defined.
(e) Actual service to precede relation.
(f) Termination of relation.
(g) Relation based on service outside United States.

Sec.
4.03. Bearing of specific factors upon existence of employment relation.
(a) Probability of return to service.
(b) Limitations of time.
(c) Failure to preserve or exercise rights.
(d) Seniority roster.
(e) Promise of further employment after termination of rights.
(f) Reinstatement.
(g) Reaching retirement age while in employment relation.
(h) Abolition of job, discontinuance of service and abandonment of line.
(i) Pass privileges, or retention of employer property.
4.04. Statutory provision of 1935 Act.
4.05. Employment relation under the 1935 Act.

SEC. 4.01. *Statutory provision.*—"An individual is in the employment relation to an employer if he is on furlough, subject to call for service within or outside the United States and ready and willing to serve, or on leave of absence, or absent on account of sickness or disability; all in accordance with the established rules and practices in effect on the employer: Provided, however, That an individual shall not be deemed to have been on the enactment date in the employment relation to an employer not conducting the principal part of its business in the United States unless during the last payroll period in which he rendered service to it prior to the enactment date, he rendered service to it in the United States." (Sec. 1 (d) 50 Stat. 308; 45 U. S. C. Sup. III, 228a.)

SEC. 4.02. *Employment relation—Determination by the Board.*—The existence or non-existence of an employment relation as defined in Section 1 (d) of the Railroad Retirement Act of 1937 is a conclusion which must be reached by the Board or its authorized representatives upon the basis of the evidence before it; the burden of formulating the conclusion may not be delegated to the employer or to the individual or to any representative of either; the employer or the individual or their representatives are the principal sources of evidence with respect to the established rules and practices in effect on the employer and with respect to the facts constituting the conditions under which the individual was not in active service, but the Board will not make a determination on the basis of a conclusion of the employer or of the individual or of a representative of either to the effect that the individual had or had not an employment relation.

(a) *Importance of rule or practice.*—An employment relation exists if there was, at the time in question, in effect on the employer an established rule or practice in accordance with which the individual was either (1) on furlough (subject to call for service and ready and willing to serve) or (2) on leave of absence, or (3) absent on account of sickness or disability.

(b) *Furlough, leave of absence, etc.*—A furlough, leave of absence, or absence on account of sickness or disability, within the scope of these regulations or the Railroad Retirement Act of 1937, does not exist unless the terms of the established rule or practice in accordance with which the individual is out of active service are such that they would operate to restore him to active service upon the occurrence of definite and ascertainable events or conditions. Within the limitations of the preceding sentence: A furlough is an involuntary absence from active service which is brought about by action of the employer. A leave of absence is action of the employer permitting or requiring the employee to remain away from active service and relieving the employee from the obligations or conditions attached to active service, or to a furlough relationship or to absence on account of sickness or disability; absence on account of sickness or disability is an interruption of active service, or of a furlough, by reason of sickness or disability. An individual on furlough can have an employment relation only if at the time in question he was subject to call for service and ready and willing to serve.

(c) *Rule defined.*—An established rule is an authoritative and binding declaration definitely and specifically formulated and of general application to employees within the same class. A rule may be expressed either in the form of specific authoritative instructions in force on the employer or in a contract or working agreement covering the individual and made between the employer and an employee organization, and may derive its authoritative effect either from the authority of the officer issuing the declaration or from the binding nature of the contract between the employer and the employee organization.

(d) *Practice defined.*—An established practice is a custom not expressed in the form of a rule but followed with such frequency and uniformity as to give reasonable assurance that it would be followed in the individual's case, and to permit ascertainment of the practice with such precision as to render it capable of statement in the form of a rule.

(e) *Actual service to precede relation.*—No employment relation can exist unless it represents a continuous relationship following immediately upon actual compensated service; it cannot be brought into existence through an application for employment, or inclusion on a waiting list, or a promise of employment, or similar circumstances preceding actual service or following an interruption of the relationship: Provided, however, that a rule may be amended so as to create anew an employment relationship which has lapsed, but such relationship can exist only from the time of the adoption of such amendment.

(f) *Termination of relation.*—The termination of an employment relation need not involve a specific action but may be inferred from circumstances. It is terminated in any case in which there has been discharge, resignation, or retirement, with or without pension. Discharge, resignation or retirement must be determined according to the substance of the transaction, even though the transaction may have been denominated furlough, leave of absence or absence on account of sickness or disability. A transaction so denominated, but which represents in substance and effect a discharge, resignation or retirement, terminates the employment relation.

(g) *Relation based on service outside the United States.*—An individual shall not have been on August 29, 1935 an employee by reason of an employment relation to an employer not conducting the principal part of its business in the United States unless during his last pay roll period prior to August 29, 1935, he rendered service to it in the United States. (Secs. 1, 10, 50 Stat. 308, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 4.03. *Bearing of specific factors upon existence of employment relation.*—In the application of the general rules set forth in section 4.02 of these regulations, certain specific and frequently recurring factors shall be dealt with in accordance with the respective paragraphs of this section. Such paragraphs do not constitute an exhaustive catalogue of all factors which may arise in the application of the general rules to concrete cases.

(a) *Probability of return to service.*—Any established rule or practice, in order to be relevant to the existence of an employment relation, and any furlough, leave of absence, or absence on account of sickness or disability which is claimed to express an employment relation, must contemplate a resumption of active service. Physical or mental incapacity to return to service, even though judged to be "permanent", is not in and of itself significant, except that it is significant in connection with definitive action of the employer or of the individual, including statements or actions on the part of the individual indicating his retirement or statements or actions of the employer treating the individual as a retired employee, such as, application for and the award of a pension or gratuity of indefinite duration.

(b) *Limitations of time.*—Where the terms of a furlough, or the rules or practices under which it was issued, place a limitation on the time within which the furlough will operate to return an individual to active service, the employment relation ceases upon the expiration of such period, unless he has resumed active service within the period. Where the terms of a leave of absence or the conditions under which an individual is absent on account of sickness or disability, or the rules or practices under which a leave of absence is granted or an absence on account of sickness or disability is permitted, place a limitation on the time during which the individual may be absent, the employment relation ceases upon the expiration of such period, unless he has reported for active service upon or before the expiration of such period. However, the period may be extended by action of the employer

if such action is permissible under the established rules or practices in effect on the employer.

(c) *Failure to preserve or exercise rights.*—Where the terms of a furlough, leave of absence or absence on account of sickness or disability, or the rules or practices under which it is granted, require periodic or continuous action of the individual (such as periodic renewal of address, or continuous availability for service, or the exercise of rights upon proper occasion) in order to preserve his status, or require the continuance of a condition (such as the continuance of incapacity as the basis of absence on account of sickness or disability) and the individual fails to take such action, or the condition ceases to exist, the employment relation terminates.

(d) *Seniority roster.*—The appearance of the individual's name on a seniority roster is not, in and of itself, indicative of an employment relation. There must appear the further fact that the appearance of the individual's name on the seniority roster is based on established rules or practices in effect on the employer which would operate to restore him to active service upon the occurrence of definite and ascertainable events or conditions.

(e) *Promise of further employment after termination of rights.*—When such rights to return to service as an individual may hold, in accordance with the established rules and practices in effect on the employer, are terminated, but in connection with such termination or coincidentally therewith, a promise not in accordance with the established rules or practices in effect on the employer is made, indicating some future employment, such promise does not operate to maintain an employment relation.

(f) *Reinstatement.*—A bona fide reinstatement with restoration of seniority privileges, with or without pay for time lost, made for the purpose of and in contemplation of return to actual service (irrespective of whether actual service is resumed) operates to maintain the employment relation throughout the breach in service, provided that the reinstatement is not a violation of the rights of other employees. Participation in the reinstatement by representatives of the other employees, or acquiescence on their part in an actual return to service, shall be conclusive evidence that the reinstatement was not a violation of the rights of such other employees.

(g) *Reaching retirement age while in employment relation.*—If there is in effect upon the employer an established rule or practice requiring automatic retirement upon attainment of a particular age, or at the end of the month in which such age is attained, such rule or practice will operate to terminate the employment relation of an individual who is on furlough, leave of absence, or absent on account of sickness or disability when the time for automatic retirement is reached, unless it is shown by express evidence that such individual was retained in his relationship with the employer and that such retention was in accordance with established rules or practices.

(h) *Abolition of job, discontinuance of service and abandonment of line.*—Abolition of a job, or the discontinuance of a service, in which the individual was engaged is not in and of itself relevant to the determination of the existence or nonexistence of an employment relation. When an individual is out of active service under such circumstances, determination must be made under the other provisions of these regulations as to whether the individual was on furlough, leave of absence, or absent on account of sickness or disability, in accordance with established rules or practices in effect on the employer. However, abandonment of line or facility involving abandonment of all jobs to which the individual's preference or seniority attaches under the established rules or practices in effect on the employer terminates the employment relation, unless, by agreement between the employer and the individuals affected, the latter acquire seniority on some other line or facility of the employer; or in cases of merger or consolidation of two or more employers, on the consolidated or merged employer; such agreement need not be entered into simultaneously with the abandonment of the line or facility, provided that it is so immediately and directly connected therewith as to constitute part of the disposition of the same matter.

(i) *Pass privileges, or retention of employer property.*—The fact that an individual continues to receive free transportation, or is permitted to retain employer property, such as rule books and switch keys, is not indicative of the existence of an employment relation. However, definite action of the employer terminating free transportation privileges or requiring the surrender of employer property may be indicative of the termination of the employment relation. (Sec. 1, 10, 50 Stat. 308, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 4.04. *Statutory provision of 1935 Act.*—"A person is in the employment relation to a carrier when furloughed or on leave of absence, and subject to call for service and ready and willing to serve, all in accordance with the established rules and practices usually in effect on railroads." (Sec. 1, 49 Stat. 967–973; 45 U. S. C. Sup. II, 215d.)

SEC. 4.05. *Employment relation under the 1935 Act.*—The regulations relating to the existence or non-existence of an employment relation as defined in the 1937 Act (Sections 4.01, 4.02 and 4.03 above) shall apply with equal force and effect to determinations regarding the existence or non-existence of an employment relation under the 1935 Act except that:

(a) Individuals absent on account of sickness or disability, as that term is used in such regulations, do not have an employment relation under the 1935 Act, and

(b) Individuals on leave of absence, as well as individuals on furlough, are required to be subject to call for service and ready and willing to serve in order to have an employment relation under the 1935 Act. (Sec. 6, 49 Stat. 967–973; 45 U. S. C. Sup. II, 215.) (Secs. 1, 10, 50 Stat. 308, 314; 45 U. S. C. Sup. III, 228a (d), 228j.)

PART 5. EMPLOYEE REPRESENTATIVE

Sec.
5.01. Statutory provision.
5.02. Definition of employee representative.
5.03. Reports of employee representative.
5.04. Service of employee representative.

SEC. 5.01. *Statutory provision.*—"The term 'employee representative' means any officer or official representative of a railway labor organization other than a labor organization included in the term 'employer' as defined in section 1 (a) who before or after the enactment date was in the service of an employer as defined in section 1 (a) and who is duly authorized and designated to represent employees in accordance with the Railway Labor Act, as amended, and any individual who is regularly assigned to or regularly employed by such officer or official representative in connection with the duties of his office." (Sec. 1 (b) 50 Stat. 308; 45 U. S. C., Sup. III, 228 a.)

SEC. 5.02. *Definition of employee representative.*—An individual shall be an employee representative within the meaning of the Act (a) if he is an officer or official representative of a railway labor organization not an employer, as defined in the Act, and is duly authorized and designated to represent employees in accordance with the Railway Labor Act, as amended; provided, however, that before or after August 29, 1935, and before the time in question he must have been in the service of an employer; or (b) if he is regularly assigned to or regularly employed by an employee representative as described in (a) above in connection with the duties of the office of such employee representative, irrespective of whether he possesses the qualifications described in (a) above. (Secs. 1, 10, 50 Stat. 308, 314; 45 U. S. C., Sup. III, 228a, 228j.)

SEC. 5.03. *Reports of employee representatives.*—(See Section 50.05.)

SEC. 5.04. *Service of employee representatives.*—(See Section 20.03.) (Secs. 3, 10, 50 Stat. 308, 314, 311; 45 U. S. C., Sup. III, 228a, 228j, 228c.)

PART 8. ELIGIBILITY FOR AN ANNUITY

Sec.
8.01. Statutory provision.
8.02. Employee status.
8.03. Annuity based on age sixty-five.
8.05. Annuity based on age sixty to sixty-five and service.
8.10. Annuity based on age sixty to sixty-five and disability.
8.15. Annuity based on service and disability.
816. Age of applicant—How established.
8.20. Establishment of disability.
8.25. Proof of continuance of disability.
8.26. No proof of disability after age sixty-five.
8.27. When disability annuity ceases.
8.28. Cessatiton of disability annuity not prejudicial to further eligibility.
8.29. Disability annuitant to notify of recovery or performance of service.

SEC. 8.01. *Statutory provision.*—"(a) The following-described individuals, if they shall have been employees on or after the enactment date, shall, subject to the conditions set forth in subsections (b), (c), and (d), be eligible for annuities after they shall have ceased to render compensated service to any person, whether or not an employer as defined in section 1 (a) (but with the right to engage in other employment to the extent not prohibited by subsection (d)):

"1. Individuals who on or after the enactment date shall be sixty-five years of age or over.

"2. Individuals who on or after the enactment date shall be sixty years of age or over and (a) either have completed thirty years of service or (b) have become totally and permanently disabled for regular employment for hire, but the annuity of such individuals shall be reduced one one-hundred-and-eightieth for each calendar month that they are under age sixty-five when the annuity begins to accrue.

"3. Individuals, without regard to age, who on or after the enactment date are totally and permanently disabled for regular employment for hire and shall have completed thirty years of service.

"Such satisfactory proof of the permanent total disability and of the continuance of such disability until age sixty-five shall be made from time to time as may be prescribed by the Board. If the individual fails to comply with the requirements prescribed by the Board as to proof of the disability or the continuance of the disability until age sixty-five, his right to an annuity under subdivision 2 or subdivision 3 of this subsection by reason of such disability shall, except for good cause shown to the Board, cease, but without prejudice to his rights under subdivision 1 or 2 (a) of this subsection. If, prior to attaining age sixty-five, such an individual recovers and is no longer disabled for regular employment for hire, his annuity shall cease upon the last day of the month in which he so recovers and if after such recovery the individual is granted an annuity under subdivision 1 or 2 (a) of this subsection, the amount of such annuity shall be reduced on an actuarial basis to be determined by the Board so as to compensate for the annuity previously received under this subdivision.

"(b) An annuity shall be paid only if the applicant shall have relinquished such rights as he may have to return to the service of an employer and of the person by whom he was last employed; but this requirement shall not apply to the individuals mentioned in subdivision 2 (b) and subdivision 3 of subsection (a) prior to attaining age sixty-five.

"(c) An annuity shall begin to accrue as of a date to be specified in a written application (to be made in such manner and form as may be prescribed by the Board and to be signed by the individual entitled thereto), but

(1) not before the date following the last day of compensated service of the applicant, and

(2) not more than sixty days before the filing of the application." (Sec. 2, 50 Stat. 309, 310; 45 U. S. C. Sup. III, 228b.)

SEC. 8.02. *"Employed" status.*—To be eligible for an annuity an individual, in addition to other qualifications, must have been an employee on August 29, 1935 or, if not an employee on that date, he must thereafter have become an employee and rendered service subsequent to December 31, 1936 to an employer, or as an employee representative. (Secs. 1, 10, 50 Stat. 308, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 8.03. *Annuity based on age sixty-five.*—Any individual who has the employee status described in section 8.02 is eligible for an annuity if:

(a) he has attained the age of sixty-five years or more, and

(b) he has ceased to render service for compensation to any person or company, whether or not an employer under the Act:

Provided, however, (1) That no annuity shall be certified for payment to such individual until such time as he has filed with the Board a duly executed application form, has established by proof satisfactory to the Board that he possesses the above qualifications and has relinquished such rights as he may have to return to the service of any employer under the Act and of all other persons or companies by whom he was last employed, whether or not employers under the Act, and (2) that no annuity may begin to accrue for him earlier than two months prior to the date upon which such application is filed with the Board nor prior to the date following the last day of his compensated service. (Secs. 2, 10, 50 Stat. 309, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 8.05 *Annuity based on age sixty to sixty-five and service.*—Any individual who has the employee status described in section 8.02 is eligible for an annuity if:

(a) he is between sixty and sixty-five years of age, and

(b) he has completed at least three hundred and fifty-four months of creditable service, and

(c) he has ceased to render service for compensation to any person, whether or not an employer under the Act;

Provided, however, (1) That no annuity shall be certified to such individual until such time as he has filed with the Board a duly executed application form, has established by proof satisfactory to the Board that he possesses the above qualifications and has relinquished such rights as he may have to return to the service of any employer under the Act and of all other persons or companies by whom he was last employed, whether or not employers under the Act; (2) that no annuity may begin to accrue for him earlier than two months prior to the date upon which such application is filed with the Board nor prior to the date following the last day of his compensated service, and (3) that the annuity of such individual shall be reduced one one-hundred-and-eightieth for each calendar month during all of which he is less than sixty-five years of age when his annuity begins to accrue. (Secs. 2, 10, 50 Stat. 309, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 8.10. *Annuity based on age sixty to sixty-five and on disability.*—Any individual who has the employee status described in section 8.02 is eligible for an annuity if:

(a) he is between sixty and sixty-five years of age, and

(b) he has become totally and permanently disabled for regular employment for hire, and

(c) he has ceased to render service for compensation to any person, whether or not an employer under the Act;

Provided, however, (1) That no annuity shall be certified to such individual until such time as he has filed with the Board a duly executed application form and has established by proof satisfactory to the Board that he possesses the above qualifications, (2) that no annuity may begin to accrue for him earlier than two months prior to the date upon which such application is filed with the Board nor prior to the date following the last day of his compensated service, and (3) that the annuity of such individual shall be reduced one one-hundred-and-eightieth for each calendar month during all of which he is less than sixty-five years of age when his annuity begins to accrue. (Secs. 2, 10, 50 Stat. 309, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 8.15. *Annuity based on service and disability.*—Any individual who has the employee status described in section 8.02 is eligible for an annuity if:

(a) he has completed at least three hundred and fifty-four months of creditable service, and

(b) he is totally and permanently disabled for regular employment for hire, and

(c) he has ceased to render service for compensation to any person, whether or not an employer under the Act;

Provided, however, (1) That no annuity shall be certified to such individual until such time as he has filed with the Board a duly executed application form and has established by proof satisfactory to the Board that he possesses the above qualifications, (2) that no annuity may begin to accrue for him earlier than two months prior to the date upon which such application is filed with the Board nor prior to the date following the last day of his compensated service, and (3) that the annuity of such individual shall be reduced one one-hundred-and-eightieth for each calendar month during all of which he is less than sixty-five years of age when his annuity begins to accrue. (Secs. 2, 10, 50 Stat. 309, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 8.16. *Age of applicant—how established.*—If in order, any one form of documentary evidence will be accepted to establish the age of the applicant, and, if a joint and survivor annuity has been elected, of the applicant's spouse, and a distinction will not be made between primary and secondary evidence. Original documents ordinarily are more credible than certified or photostatic copies, and records made or filed at an early date carry greater credibility than those of more recent origin. Ordinarily, preference will be accorded various types of evidence in the following order:

(1) Civil and Church birth records.
(2) School records.
(3) Insurance records.
(4) Labor Union and Fraternal records.
(5) Naturalization records.
(6) Vaccination records.
(7) Immigration papers.
(8) Passports.

(9) Bible and family records.
(10) Marriage records.
(11) Military records.
(12) Employer's records.
(13) Driver's permits.
(14) Voting registration records.
(15) Game licenses.
(16) Newspaper and magazine clippings.
(17) Poll Tax exemption certificates.
(18) Affidavits.

Civil and Church birth records in order to be acceptable shall have been made at or near the time of birth. Other records shall be at least fifteen years old. Types of evidence listed in items 13 to 18 inclusive should be used only as a last resort. Evidence in any other form may be accepted if of equal or greater reliability than the items listed from 1 to 12 above. If the file contains the employer's verified record of the applicant's birth date, or an unverified birth date recorded fifteen years prior to the date of the report, it will be accepted if it agrees with the age or birth date claimed by the applicant, or comes within the scope of the following paragraph:

(a) A date of birth not fully proved but indicated by the best obtainable evidence may be fixed by the Adjudicator, subject to approval by the Reviewer and Supervisor, under the following conditions: (1) Where evidence to establish age or birth date cannot be obtained; (2) Where the file contains evidence which shows that the applicant attained the age of sixty-five years on or prior to the date on which his annuity begins to accrue, but either does not show the exact birth date or is not in agreement with the birth date claimed, provided that if the date to be fixed results in age sixty-five being attained prior to June 30, 1937, the applicant's eligibility must not depend upon the creditability of service subsequent to June 30, 1937, and, that, generally, a birth date cannot be so fixed if the applicant has elected a joint and survivor annuity. (Sec. 2, 10, 50 Stat. 309, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 8.20. *Establishment of disability.*—Total and permanent disability for regular employment for hire shall, in the absence of facts to the contrary, be presumed to exist upon a satisfactory showing of any one or more of the disabilities set forth below:

(a) Loss of, or permanent loss of use of both feet.

(b) Loss of, or permanent loss of use of both hands.

(c) Loss of, or permanent loss of use of one hand and one foot.

(d) Permanent industrial blindness (corrected vision of twenty two-hundredths or less in both eyes).

(e) Permanent total loss of hearing in both ears (inability to hear the conversational tone of voice at any distance) unless offset or capable of being offset by some practicable device.

(f) Permanently helpless or permanently bedridden.

(g) Aphonia (complete loss of vocalization, (phonetic) from organic, i. e., non-functional cause).

(h) Any other condition which in the judgment of the Board causes an individual to be totally and permanently disabled for regular employment for hire. (Secs. 2, 10, 50 Stat. 309, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 8.25. *Proof of continuance of disability.*—Every annuitant, granted an annuity by reason of total and permanent disability for regular employment for hire, shall without notice from the Board, unless and until he is specifically notified otherwise, submit to the Board one year from the date that such annuity is awarded and annually thereafter prior to age sixty-five, a statement concerning the status of his disability, which statement shall be made by a physician or board of physicians designated by the Board. This statement shall be based upon an examination of the annuitant made within ten days prior to the date that it is submitted; provided, however, that the Board may at any other time or times require additional proof of the continuance of the disability. (Secs. 2, 10, 50 Stat. 309, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 8.26. *No proof of disability after age sixty-five.*—No annuitant shall be required to furnish proof of disability or continuance of disability after he has attained the age of sixty-five years. (Secs. 2, 10, 50 Stat. 309, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 8.27. *When disability annuity ceases.*—An annuity granted upon the basis of total and permanent disability for regular employment for hire shall, except for good cause shown to the Board, cease (a) as of the last day of the month in which such annuitant recovers and is no longer disabled for regular employment for hire; provided, however, that if during the month in which he so recovers he engages in compensated service for any person, whether or not an employer under the Act, his annuity shall cease as of the last day of the month preceding such recovery; or (b) as of the last day of the month in which the annuitant is required without notice to file proof of the continuance of his disability but fails to do so; or (c) as of the last day of the month following the mailing of a notice to furnish additional proof of the continuance of disability, if the annuitant fails to comply with such notice; or (d) as of the last day of the month in which the individual becomes sixty-five years of age and fails to relinquish such rights as he may have to return to the service of any employer and of the last person or persons by whom he was employed prior to the beginning date of his disability annuity; or (e) as of the last day of the month preceding the month during which the annuitant dies. (Secs. 2, 10, 50 Stat. 309, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 8.28. *Cessation of disability annuity not prejudicial to further eligibility.*—The cessation of a disability annuity prior to age sixty-five shall not prejudice any rights which an individual may have or may thereafter acquire to an annuity based upon the attainment of sixty or more years of age and the completion of at least three hundred and fifty-four months of creditable service or based upon the attainment of age sixty-five; *Provided, however,* That the amount of such further annuity shall be reduced on an actuarial basis to be determined by the Board to compensate for any annuity previously received on the basis of service and disability (see section 8.15). (Secs. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 8.29. *Disability Annuitant to notify of recovery or performance of service.*—It shall be the duty of every individual granted an annuity by reason of total and permanent disability for regular employment for hire promptly to notify the Board of his recovery, or of any service for any person or company which he performs for compensation. (Secs. 2, 10, 50 Stat. 309, 314; 45 U. S. C. Sup. III, 228b, 228j.)

PART 10. EXECUTION AND FILING OF AN APPLICATION

Sec.
10.01. Statutory provision.
10.02. Application to be filed.
10.03. Filing date.
10.04. Signature on application form.
10.05. Presumptions from application.
10.06. Individual presumed to be mentally competent.
10.07. Application where individual is mentally incompetent.
10.08 Evidence of authority of guardian or committee.
10.09. Effect of matters or actions submitted or taken by guardian or committee.
10.10. Alteration of application.
10.11. Cancellation of an application.
10.12. Effect of cancellation.
10.13. Applicant's file to be confidential.

SEC. 10.01. *Statutory provision.*—"An annuity shall begin to accrue as of a date to be specified in a written application (to be made in such manner and form as may be prescribed by the Board and to be signed by the individual entitled thereto) * * *" (Sec. 2 (c) 50 Stat. 310; 45 U. S. C. Sec. III, 228b.)

SEC. 10.02. *Application to be filed.*—No individual, irrespective of his qualifications, shall receive an annuity under the 1935 or 1937 Act unless he has, on or before the date of his death, filed with the Board, in Washington, D. C. a duly executed application, upon such application form as the Board may from time to time provide. (Secs. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228b 228j.)

SEC. 10.03. *Filing date.*—An application shall be considered filed as of the date that it is received by the Board, at the office and in the manner and form stated in Section 10.02. (Secs. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III and 228b, 228j.)

SEC. 10.04. *Signature on application form.*—The application form shall be signed personally by the applicant in his usual manner, provided, however, that if the applicant is unable to sign his name because of physical inability or illiteracy, he shall then make his mark (X) and a witness shall affix the applicant's name. In every case the signature or mark shall be executed and authenticated in such manner as the form provided may require. In the event that the signature or any written portion of the application form is, within the judgment of the Board, substantially illegible or of doubtful authenticity, or if in the judgment of the Board there are substantial omissions in the application form, the Board may require its reexecution or correction; provided, however, that such reexecuted or corrected application form shall be returned and shall be received by the Board within thirty days after notice to correct such deficiency is mailed to the address the applicant has given in the application form; otherwise, the filing date of the application shall be the date when such corrected or reexecuted application form is received by the Board. (Secs. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 10.05. *Presumptions from application.*—The receipt by the Board of a duly executed application form prior to the death of the applicant shall be prima facie evidence of the filing thereof by the applicant or in his behalf by his authority: *Provided, however,* That such prima facie evidence, in the presence of facts or circumstances to the contrary, is not to be considered conclusive unless thereafter confirmed to the satisfaction of the Board. (Secs. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 10.06. *Individual presumed to be mentally competent.*—In the absence of facts to the contrary every individual shall be presumed to be mentally competent. (Sec. 10, 50 Stat. 314; 45 U. S. C. Sup. III, 228j.)

SEC. 10.07. *Application where individual is mentally incompetent.*—In the event that an individual is mentally incompetent, a duly appointed guardian, conservator or committee shall execute and file the application on his behalf. In the event that the mentally incompetent individual has himself filed an application form the guardian, conservator or committee shall execute and file another application form and when this has been done, the filing date of the application may be the date on which the first application form was received by the Board. (Secs. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 10.08. *Evidence of authority of guardian, etc.*—In all cases in which a guardian, conservator or committee acts on behalf of an individual, there shall be filed with the Board a duly certified copy of the appointment as guardian, conservator or committee of the individual. In cases in which a guardian, conservator or committee wishes to make a joint and survivor election, the guardian, conservator or committee shall also submit a duly certified copy of a court order specifically authorizing him to make an election under one of the three available options. (Secs. 2, 4, 10, 50 Stat. 310, 311, 314; 45 U. S. C. Sup. III, 228b, 228d, 228j.)

SEC. 10.09. *Effect of matters or actions submitted or taken by guardian, etc.*—All matters and actions in connection with an annuity submitted or taken by the guardian, conservator or committee shall be considered by the Board in the same manner and with the same effect as though such matters or actions had been submitted or taken by the person in whose behalf the guardian, conservator or committee so acts; provided, however, that the Board may, if it deems it necessary, require the guardian, conservator or committee to submit a certified copy of an order from the court which appointed the guardian, conservator or committee, authorizing some particular action which the guardian, conservator or committee desires to take in connection with such application. (Secs. 2, 4, 10, 50 Stat. 310, 311, 314; 45 U. S. C. Sup. III, 228b, 228d, 228j.)

SEC. 10.10. *Alteration of application.*—An application filed with the Board cannot be changed or altered in any respect except by the applicant or by his duly authorized agent or guardian, conservator or committee. The authority of an agent or guardian, conservator or committee to change or alter an application shall be evidenced in such manner and to the extent required by the Board. (Secs. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 10.11. *Cancellation of an application.*—Prior to certification of his annuity an applicant may by written request filed with the Board cancel or suspend his application. (Secs. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 10.12. *Effect of cancellation.*—The effect of the cancellation or suspension of an application shall be the same as though no application had been filed. In the event the individual whose application is canceled or suspended dies, there are no greater rights than if no application had ever been filed. The individual whose application has been canceled may reapply by filing a written request for an annuity. In the event of such reapplication the application shall be deemed filed as of the date that such written request is received by the Board. (Secs. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 10.13. *Applicant's file to be confidential.*—All information in connection with any claim shall be confidential and shall not be divulged to or be accesible to other than duly authorized persons who within the judgment of the Board are entitled to receive such information. (Secs. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228b, 228j.)

PART 14. ANNUITY BEGINNING DATE

Sec.
14.01. Statutory provisions.
14.02. Annuity beginning date.
14.03. Beginning date in month of applicant's sixty-fifth birthday.
14.04. Change or clarification of unintelligible beginning date.
14.05. Effect of date.
14.06. Beginning date following cancellation of application.
14.07. Effect of service after designated beginning date.
(a) By individuals whose eligibility is not based upon disability.
(b) By individuals whose eligibility is based upon eligibility.
14.08. Applicant's general right to change dates.

SEC. 14.01. *Statutory provisions.*—"An annuity shall begin to accrue as of a date to be specified in a written application (to be made in such manner and form as may be prescribed by the Board and to be signed by the individual entitled thereto), but—

"(1) not before the date following the last day of compensated service of the applicant, and

"(2) not more than sixty days before the filing of the application." (Sec. 2 (c) 1, 2 (c) 2, 50 Stat. 310; 45 U. S. C. Sup. III, 228b.)

"Any individual who, prior to the date of the enactment of this Act, relinquished all rights to return to the service of a carrier as defined in the Railroad Retirement Act of 1935 or ceased to be an employee representative as defined in such Act, and who is not eligible for an annuity under that Act but who would have been eligible for an annuity under the Railroad Retirement Act of 1937 had such Act been in force from and after August 29, 1935, shall have his right to an annuity adjudicated under the Railroad Retirement Act of 1937: Provided, however, That no such annuity shall begin prior to the date of the enactment of this Act." (Sec. 203, 50 Stat. 318; 45 U. S. C. Sup. III, 215.)

SEC. 14.02. *Annuity beginning date.*—An annuity shall begin to accrue as of the date specified in the application, provided, that such date is not earlier than that permitted by Sections 2 (c) 1, 2 (c) 2, and 203 quoted above, nor prior to the date upon which the applicant attains eligibility for an annuity; and provided further, that no joint and survivor annuity shall begin to accrue prior to the date on which a joint and survivor annuity election is made in accordance with Part 30 of these regulations. (Secs. 2, 4, 10, 50 Stat. 310, 311, 314; 45 U. S. C. Sup. III, 228b, 228d, 228j.)

SEC. 14.03. *Beginning date in month of applicant's sixty-fifth birthday.*—In any instance in which an applicant is not eligible for any annuity unless and until he attains age sixty-five his annuity cannot begin until the day preceding the date of his sixty-fifth birthday, but an applicant eligible for an annuity under sections 8.05 and 8.10 of these regulations, who is less than sixty-five years of age, may have his annuity without reduction begin as of the first day of the month

during which he becomes sixty-five years of age. (Secs. 2, 10, 50 Stat. 309, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 14.04. *Change or clarification of invalid or unintelligible beginning data.*—In any case wherein an individual has made an unintelligible designation of the beginning date, he shall be notified that the annuity will begin on the earliest date permitted by law, unless, within one month of the date upon which the notice is mailed, he designates a later date. Non-action in response to such notification shall operate to designate the earliest date permitted by law. (Secs. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 14.05. *Effect of death.*—If the applicant dies, without having made a designation of a beginning date, or prior to the date upon which his annuity would have begun to accrue, no annuity shall accrue and any election of a joint and survivor annuity shall be inoperative. (Secs. 2, 4, 10, 50 Stat. 310, 311, 314; 45 U. S. C. Sup. III, 228b, 228d, 228j.)

SEC. 14.06. *Beginning date following cancellation of application.*—In the event an annuity beginning date is designated and, because of a cancellation of the application, such date becomes ineffective, the annuity thereafter cannot begin to accrue earlier than two months prior to the receipt of the request to renew the application nor until the date following the last date of compensated service, whichever date is later; provided, however, that the applicant may, in renewing such application, designate a later date. (Secs. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. 228b, 228j.)

SEC. 14.07. *Effect of service performed after designated beginning date.*—(a) *By individuals whose eligibility is not based upon disability.*—If such an individual continues in the compensated service of any employer or of the last persons by whom he is employed through the designated beginning date or returns to such service after that date but prior to relinquishment of rights, (or other evidence of permanent cessation of service in the event no rights to return to the position exist), his annuity cannot begin to accrue earlier than the date following the last date of such compensated service. If the individual renders such compensated service after having relinquished rights (or having otherwise evidenced a permanent cessation of service in the event no rights to return to the position exist), the beginning date of the annuity is not affected, but no annuity shall be payable with respect to the month in which such service is performed.

(b) *Individuals whose eligibility is based upon disability.*—If such an individual renders compensated service through or after the designated beginning date, such fact must be reconciled with the claim of total and permanent disability for regular employment for hire before eligibility for a disability annuity is established. Where, however, it is shown that the individual, notwithstanding his rendition of compensated service, is totally and permanently disabled for regular employment for hire, the following shall apply:

(1) If the individual continued in compensated service through the designated beginning date the annuity cannot begin to accrue earlier than the date following the last date of such compensated service.

(2) If the individual was not in service on the designated beginning date and thereafter rendered compensated service the beginning date of the annuity is not affected, but no annuity shall be payable with respect to the month during which such service is performed. (Secs. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 14.08. *Applicant's general right to change date.*—In any case where a change of beginning date is not inconsistent with other provisions of the Act or these regulations, the applicant shall have the right, prior to the date upon which his claim is certified for payment, to change the annuity beginning date; provided, however, that no such change shall be effective until a request or designation in writing signed by the applicant is received by the Board on or before the date of his death. (Secs. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228b, 228j.)

PART 16. RELINQUISHMENT OF RIGHTS

Sec.
16.01. Statutory provision.
16.02. Relinquishment of rights as condition for payment.
16.03. Relinquishment of rights in case of disability annuity.
16.04. What constitutes relinquishment of rights.

SEC. 16.01. *Statutory provision.*—"An annuity shall be paid only if the applicant shall have relinquished such rights as he may have to return to the service of an employer and of the person by whom he was last employed; but this requirement shall not apply to the individuals mentioned in subdivision 2 (b) and subdivision 3 of subsection (a) prior to attaining age sixty-five." (Sec. 2 (b), 50 Stat. 310; 45 U. S. C. Sup. III, 228b.)

SEC. 16.02. *Relinquishment of rights as condition for payment.*—No annuity other than a disability annuity, shall be paid until the applicant has relinquished all rights which he may have to return to the service of an employer, and of all persons with whom he has any rights to return to service. (Secs. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 16.03. *Relinquishment of rights in case of disability annuity.*—In the case of an individual, whose eligibility for an annuity is based upon total and permanent disability for regular employment for hire, an annuity is payable prior to age sixty-five even though he retains rights to return to service until age sixty-five, provided, however, that such individual shall, upon the attainment of age sixty-five, relinquish all rights which he may have to return to the service of an employer, as defined in the Act, and of all persons with whom he has any rights to return to service; otherwise payment of his disability annuity shall not be made for any calendar month in which he becomes or is sixty-five years of age or over, unless and until such individual relinquishes such rights as he may have to return to the service of any employer and of the last person or persons by whom he was employed prior to the beginning date of his disability annuity. (Secs. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 16.04. *What constitutes relinquishment of rights.*—An individual shall be deemed to have relinquished his rights to return to the service of any employer, whether or not under the Act, whenever it is established to the satisfaction of the Board:

(a) that the records of such employer evidence that, because of some action taken by the employer, all rights which the individual may have had no longer exist; or

(b) that such individual has by a written or oral notice communicated to the employer a clear and unambiguous intention thereby to terminate any and all rights to return to the service of such employer (such relinquishment of rights shall be presumed to have occurred whenever such individual has certified to the Board that he has relinquished his rights to return to service, the employer has been notified by the Board of such certification, and the employer has expressly confirmed such certification or has failed to reply within two weeks following the mailing of the notification); or

(c) that there has been communicated to the employer by a duly authorized agent of the individual a clear and unambiguous intention on the part of the individual thereby to terminate any and all rights to return to the service of such employer; or

(d) that the individual has died; or

(e) that some events have occurred which under the established rules or practices in effect on the employer automatically terminate all rights to return to service; or

(f) that some cognizable action has been taken by the individual or his employer or by both which when considered in the light of the facts and circumstances of the particular case clearly and unambiguously manifest a termination of all rights to return to service. (Sec. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228b, 228j.)

PART 20. DEFINITION AND CREDITABILITY OF SERVICE

Sec.
20.01. Meaning of service.
20.02. What constitutes a month and a year of service.
20.03. Creditability of service.
- (a) When a company is not an employer.
- (b) Place of performance of service.
- (c) Service based on time lost.
- (d) Service after age sixty-five.
- (e) Service prior to January 1, 1937.
- (f) Service prior to January 1, 1937 where individual was employee on August 29, 1935.
- (g) Service subsequent to December 31, 1936.
- (h) Service performed subsequent to beginning date of an annuity.
- (i) Service as employee representative.

20.04. Verification of service claimed.

SEC. 20.01. *Meaning of service.*—Service shall consist of time devoted to active service as an employee for compensation or time with respect to which remuneration is paid for time lost as an employee. Such service shall be computed in accordance with section 20.02 and the creditability thereof shall be determined in accordance with section 20.03, and shall be verified in accordance with section 20.04. (Secs. 1, 10, 50 Stat. 308, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 20.02. *What constitutes a month and a year of service.*—Any calendar month in which an individual renders service for compensation or for which he receives remuneration for time lost as an employee constitutes a month of service, irrespective of the amount of such service or of the amount of time for which such remuneration is received. Twelve such months, consecutive or otherwise, shall be a year of service; provided, however, that in totaling the service of an employee, an ultimate fraction of six months or more shall constitute a year of service and an ultimate fraction of less than six months shall be taken at its actual value. (Secs. 1, 10, 50 Stat. 309, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 20.03. *Creditability of service.*—(a) *When a company is not an employer.*—Service rendered to any person or company other than an employer shall not be creditable except that (1) service rendered prior to August 29, 1935 for a person or company which was an employer on August 29, 1935 shall be creditable even though such person or company was not an employer at the time the service was rendered and (2) service rendered to any person or company which was at some time during its existence an express company, sleeping-car company or carrier by railroad and which was a predecessor of an express company, sleeping-car company or carrier by railroad subject to the Act on August 29, 1935 shall be creditable even though such person or company was not an employer at the time such service was rendered. (Secs. 1, 10, 50 Stat. 308, 314; 45 U. S. C. Sup. III, 228a, 228j.)

(b) *Place of performance of service.*—Service performed for an employer shall be creditable whether rendered within or without the United States, if such employer conducts the principal part of its business within the United States; but if such employer does not conduct the principal part of its business within the United States, service to it shall be creditable only when performed by the employee within the United States. (Secs. 1, 10, 50 Stat. 308, 314; 45 U. S. C. Sup. III, 228a, 228j.)

(c) *Service based on time lost.*—Any month during which an individual performs no active creditable service, but for all or part of which he received remuneration as an employee, which remuneration is creditable as compensation within the meaning of Part 22 of these regulations, shall be creditable in the same manner as active service. (Secs. 1, 10, 50 Stat. 309, 314; 45 U. S. C. Sup. III, 228a, 228j.)

(d) *Service after age sixty-five.*—Service rendered in any month after the month in which age sixty-five is attained shall not be creditable unless rendered prior to July 1, 1937. (Secs. 3, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228c, 228j.)

(e) *Service prior to January 1, 1937.*—If an individual was not an employee on August 29, 1935, no service prior to January 1, 1937 shall be creditable. (Secs. 3, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228c, 228j.)

(f) *Service prior to January 1, 1937 where individual was employee on August 29, 1935.*—Service performed prior to January 1, 1937 by an individual who was an employee on August 29, 1935 shall be creditable in the manner and to the extent provided in section 20.03 (g) but not so as to cause the total years of service to exceed thirty; provided, however, that with respect to any such individual who rendered service to any employer after January 1, 1937, and who on August 29, 1935 was not an employee of an employer conducting the principal part of its business in the United States no greater proportion of his service rendered prior to January 1, 1937, shall be included in his "years of service" than the proportion which his total compensation (including compensation in any month in excess of $300) for service after January 1, 1937, rendered anywhere to an employer conducting the principal part of its business in the United States or rendered in the United States to any other employer bears to his total compensation (including compensation in any month in excess of $300) for service rendered anywhere to an employer after January 1, 1937. (Secs. 3, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228c, 228j.)

(g) *Service subsequent to December 31, 1936.*—Service rendered as an employee after December 31, 1936 shall be creditable even in excess of thirty years; provided, however, that in any case in which both service prior to January 1, 1937 and service subsequent to December 31, 1936 are to be credited, all service subsequent to December 31, 1936 shall first be credited, and if it be less than thirty years, then service prior to January 1, 1937 shall be included, but only to an extent sufficient to bring the total of all years of service to thirty; and provided further, that whenever service prior to January 1, 1937 is to be included it shall be taken in reverse order. (Secs. 3, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228c, 228j.)

(h) *Service performed subsequent to the beginning date of an annuity.*—Service rendered as an employee after the beginning date of an annuity shall not be creditable, nor shall such annuity be recomputed because of such service except, if such annuity be granted upon the basis of total and permanent disability for regular employment for hire and the disability annuity ceases, service performed after such cessation of the annuity and before the end of the month during which age sixty-five is attained may be credited toward any other annuity to which such individual may become entitled. (Secs. 2, 3, 10, 50 Stat. 310, 311, 314; 45 U. S. C. Sup. III, 228b, 228c, 228j.)

(i) *Service as employee representative.*—Service rendered as an employee representative, as defined in section 5.02 of these regulations, shall be creditable in the same manner and to the same extent as though the organization by which he was employed were an employer. (Secs. 3, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228d, 228j.)

SEC. 20.04. *Verification of service claimed.*—Service claimed, to be credited, shall be verified to the satisfaction of the Board, in the following manner:

(a) Service claimed shall be vertified from the pay roll or other detailed records of the employer.

(b) In the event the pay roll or other detailed records are incomplete or missing, the service claimed and not established by such records shall be verified from the personnel records of the employer.

(c) If the pay roll, personnel, and detailed records are incomplete or missing, the service claimed and not established by such records shall be verified from any other books and records of the employer.

(d) If employer records do not establish service claimed, the individual may submit affidavits and other evidence in support thereof in either of the following instances: (1) when there are no employer records available to show whether or not the service claimed was rendered; or (2) when there are employer records available which do not verify the service claimed and do not establish that the service claimed was not rendered.

(e) When service is verified as to overall dates, but is not supported in detail by employer records, and when there are no employer records showing in detail absences from service, a deduction shall be made to cover an average amount of such absences. The deduction shall be the absences shown by the applicant or 5 per centum of the total period in question, whichever is greater, provided, however, that the individual may be permitted to establish in a manner satisfactory to the Board the actual amount of his absences. (Secs. 2, 3, 10, 50 Stat.

309, 310, 314; 45 U. S. C. Sup. III, 228b, 228c, 228j.)

PART 22. DEFINITION AND CREDITABILITY OF COMPENSATION

Sec.
22.01. Statutory provisions.
22.02. Definition of compensation.
22.03 Creditability of compensation.
(a) Compensation for one month in excess of $300.
(b) Compensation earned after age sixty-five.
(c) Compensation dependent upon creditability of service.
(d) Remuneration by an annuitant.
22.04. Payments in settlement for personal injuries not creditable as compensation.
22.05. Verification of compensation claimed.

SEC. 22.01. *Statutory provisions.*—"The term 'compensation' means any form of money remuneration earned by an individual for services rendered as an employee to one or more employers, or as an employee representative, including remuneration paid for time lost as an employee, but remuneration paid for time lost shall be deemed earned in the month in which such time is lost. Such term does not include tips, or the voluntary payment by an employer, without deduction from the remuneration of the employee, of any tax now or hereafter imposed with respect to the compensation of such employee." (Sec. 1 (h), 50 Stat. 309; 45 U. S. C. Sup. III, 228a.)

"• • • If the employee earned compensation after June 30, 1937, and after the last day of the month in which he attained age sixty-five, such compensation shall be disregarded if the result of taking such compensation into account would be to diminish his annuity. In computing the monthly compensation, no part of any month's compensation in excess of $300 shall be recognized." (Sec. 3 (c), 50 Stat. 311; 45 U. S. C. Sup. III, 228c.)

SEC. 22.02. *Definition of compensation.*—Compensation shall mean the amount an individual earns for service performed as an employee, (a) where such amount is payable in money, or (b) where such amount is payable, in whole or in part, in the form of some commodity, service or privilege other than money at a money value agreed upon by the employer and the employee prior to the rendition of the service for which such commodity, service or privilege is earned, and compensation shall also include amounts paid by an employer to an individual for time lost during which time the individual had, with the employer, an employment relation, as defined in the Act and part 4 of these regulations. (Sec. 1, 10, 50 Stat. 309, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 22.03. *Creditability of compensation.*—(a) *Compensation for one month in excess of $300.00.*—In no case shall compensation in excess of three hundred dollars be credited for any one month of service.

(b) *Compensation earned after age sixty-five.*—Compensation earned after the last day of the month in which the individual becomes sixty-five years of age shall not be credited unless the crediting thereof would increase the amount of his annuity.

(c) *Compensation dependent upon creditability of service.*—No amount shall be credited as compensation unless it is received or earned for service creditable in accordance with section 20.3.

(d) *Remuneration by an Annuitant.*—Remuneration earned or received by an individual for service performed while he is in receipt of an annuity shall not be creditable as compensation. (Secs. 1, 3, 10, 50 Stat. 309, 311, 314; 45 U. S. C. Sup. III, 228a, 228c, 228j.)

SEC. 22.04. *Payments in settlement for personal injury not creditable as compensation.*—A sum or sums paid by an employer solely in settlement or in lieu of settlement of a real or supposed liability for personal injury shall not be creditable as compensation; provided, however, that payments shall be presumed, in the absence of facts to the contrary, not to have been made solely in settlement or in lieu of settlement of such liability when such payments (a) cover a period not in excess of six months, (b) are computed at a rate not in excess of that which had previously been the individual's rate of pay, and (c) are made at or before the end of the period covered by them. The Board shall determine the creditability of the payments made in any other case on the basis of the facts of the particular case. (Secs. 1, 10, 50 Stat. 309, 314; 45 U. S. C. Sup. III, 228a, 228j.)

SEC. 22.05. *Verification of compensation claimed.*—Compensation claimed shall be verified to the extent deemed necessary by the Board, to determine the "monthly compensation" referred to in section 25.03 of these regulations and shall be verified from employers' pay roll or other detailed records; where such records are not available the compensation claimed shall be verified as follows:

(a) By the employee submitting income tax records or a diary or other personal record; provided, however, that such records shall not be considered unless similar records are furnished covering a reasonable period of time for which employer records are available, and the difference between the amount of compensation shown by the employee's records and that shown by the employer's records is not more than 2 per centum.

(b) Notwithstanding the lack of some compensation records required to calculate the "monthly compensation" during the years 1924 to 1931, inclusive, the amounts of annuities may be determined finally on the basis of such compensation records as are available.

(1) If 48 months or more service in the period 1924–1931 are proved and carrier compensation records are furnished for every month in which service was proved.

(2) If some but less than 48 months service in the period 1924–1931 are proved and carrier compensation records are furnished for all the months proved, if the average monthly compensation calculated from the foregoing is $200 or more.

(3) If 48 months or more of service in the period 1924–1931 are proved but carrier compensation records are missing for some of these months and *where no change* in occupation in the period 1924–1931 is reported *either by the carrier* or *the employee*, provided that carrier compensation records are furnished for at least one-half of the service proved in the period.

(4) If 48 months or more of service in the period 1924–1931 are proved but carrier compensation records are missing for some of these months and *where a change in occupation in the period 1924–1931 is reported either by the carrier* or *the employee*, provided that carrier compensation records are furnished for at least ⅞ of the service proved in the period and for at least ⅝ of the service proved in any one calendar year.

Provided, however, That if subsequent to such adjudication, compensation records should be supplied or found, the annuity shall be redetermined.

(c) In any case in which compensation records required to calculate the "monthly compensation" during the years 1924–1931, inclusive, are not available, and a final determination cannot be made according to the rules set forth in the preceding paragraph, a claim otherwise ready for certification may be temporarily certified on the basis of compensation for the period of missing records calculated as follows:

(1) Compute an average annual compensation for each year in which records are missing and for each occupation in which the employee was engaged during each such year, by dividing the total compensation reported to the Interstate Commerce Commission for the year and for the appropriate occupation group or groups by the employer by whom the applicant was employed, by the average number of employees on the fifteenth of each month for the same occupation group and year; provided that where, because of small numbers involved, the resulting average is not typical, an appropriate adjustment may be made; and provided further, if the annual average is greater than $3600, $3600 shall be used as the average;

(2) Compute the total compensation for the period of missing records by summating the totals of the averages so computed, appropriately adjusted for the proportion of year worked in each occupation;

(3) Compute the compensation claimed by the applicant for the period of missing records, using, if a total or average compensation is not claimed, such hourly, daily or weekly rates as may be reported by the applicant, using 208 hours or 25.5 days per month, and 12 months per year or 52⅐ weeks per year. In summating the claimed compensation the same adjustments for time worked shall be made as were made for the averages in the preceding sub-paragraph;

(4) Divide 90 per cent of the sum in sub-paragraph (2) or 90 per cent of the sum in sub-paragraph (3), whichever is smaller, plus the actual compensation for the period reported, not in excess of $300 per month, by the total number of months in the eight-year period, less the number of whole calendar months of absence indicated by the employer's personnel records during the period of missing compensation records and by the pay rolls, for the period for which they are available. Annuities thus temporarily certified shall be subject to recertification upon submission by the railroad of satisfactory proof of the compensation actually received.

(d) Claims which cannot be certified finally or temporarily under the rules set forth in the two preceding sub-paragraphs shall be certified finally or temporarily under regulations which the Board may from time to time prescribe.

(e) In any case involving verification of compensation the Board may prescribe the extent and manner in which such compensation shall be established. (Secs. 1, 3, 10, 50 Stat. 309, 311, 314; 45 U. S. C. Sup. III, 228a, 228c, 228j.)

PART 25. COMPUTATION OF ANNUITY

Sec.
25.01. Formula for computing annuity.
25.02. Determination of "years of service."
25.03. Determination of "monthly compensation."
25.04. "Compensation" that is included in determining "monthly compensation."
25.05. Annuities subject to reduction where individual is under age sixty-five.
25.06. Reduction by reason of previous disability annuity.
25.07. Reduction by reason of election of joint and survivor annuity.
25.08. Maximum amount of annuity.
25.09. Minimum amount of annuity.
(a) Employee at age sixty-five with twenty years' service.
(b) Minimum applicable to all cases.
25.10. Annuity not subject to recomputation.

SEC. 25.01. *Formula for computing annuity.*—The annuity shall be computed by multiplying an individual's "years of service" by the following percentages of his "monthly compensation": 2 per centum of the first $20; 1½ per centum of the next $100; and 1 per centum of the next $150. (Secs. 3, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228c, 228j.)

SEC. 25.02. *Determination of "years of service."*—The "years of service" of an individual shall be determined in accordance with the provisions of section 20.03 of these regulations. (Secs. 3, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228c, 228j.)

SEC. 25.03. *Determination of "monthly compensation."*—The "monthly compensation" of an individual shall be computed by totalling the compensation earned by him in his "years of service" (excluding compensation in excess of $300 earned in any one month) and dividing that sum by the number of months in his "years of service", except (a) with respect to service prior to January 1, 1937 included in his "years of service", the "monthly compensation" shall be the arithmetic mean of the monthly compensation earned in calendar months included in his "years of service" in the years 1924–1931, and (b) where the "years of service" does not include service in the period 1924–1931 or where service in the period 1924–1931 which is included in the "years of service" is, in the judgment of the Board, insufficient to constitute a fair and equitable basis for determining the "monthly compensation" for service prior to January 1, 1937, the Board shall determine the "monthly compensation" for such service in such manner as in its judgment shall be just and equitable. (Secs. 3, 10, 50 Stat. 45 U. S. C. Sup. III, 228c, 228j.)

SEC. 25.04. *"Compensation" that is included in determining "monthly compensation."*—The "compensation" to be included in determining the "monthly compensation" shall be determined in accordance with the provisions of Part 22 of these regulations. (Secs. 3, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228c, 228j.)

SEC. 25.05. *Annuities subject to reduction where individual is under age sixty-five.*—Where eligibility for an annuity is based on age sixty to sixty-five and service (see section 8.05 of these regulations) or on age sixty to sixty-five and disability (see section 8.10 of these regulations) the amount of the annuity, as computed under sections 25.01 to 25.04, shall be reduced by one one-hundred-and-eightieth for each calendar month during all of which the individual is less than sixty-five years of age when the annuity begins to accrue. (Secs. 2, 10, 50 Stat. 309, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 25.06. *Reduction by reason of previous disability annuity.*—Where an individual who has been paid an annuity based on disability and service (see section 8.15 of these regulations), and subsequent to the cessation of this annuity is granted an annuity based on age sixty-five or on age sixty to sixty-five and service (see sections 8.02 and 8.05, respectively, of these regulations), the amount of such latter annuity, computed under sections 25.01 to 25.05, shall be reduced on an actuarial basis to be determined by the Board, in order to compensate for the disability annuity previously paid. (Secs. 2, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 25.07. *Reduction by reason of election of joint and survivor annuity.*—If a joint and survivor election is operative, the value of the annuity, as computed under sections 25.01 to 25.06, shall be applied to the payment of two annuities, one to the individual during life, and the other to the surviving spouse during life. The amounts of both annuities shall be such that their combined actuarial value as determined by the Board shall be the same as the actuarial value of the annuity computed under sections 25.01 to 25.06. (Secs. 4, 10, 50 Stat. 312, 314; 45 U. S. C. Sup. III, 228d, 228j.)

SEC. 25.08. *Maximum amount of annuity.*—

(a) Where the annuity is based in whole or in part upon service rendered prior to January 1, 1937 the amount of the annuity shall not exceed one hundred twenty dollars per month.

(b) Where the annuity is based wholly upon service rendered subsequent to December 31, 1936 there shall be no maximum limit upon the amount of the annuity. (Secs. 3, 10, 50 Stat. 310, 314; 45 U. S. C. Sup. III, 228c, 228j.)

SEC. 25.09. *Minimum amount of annuity.*—

(a) Employee at age sixty-five with twenty years' service. In the case of an individual who is an employee under the Act at age sixty-five and has at least 234 months of creditable service, the minimum annuity shall be as follows: (1) If the "monthly compensation" is $50 or more, the minimum annuity shall be $40, or (2) If the "monthly compensation" is at least $25 but less than $50, the minimum annuity shall be 80 per cent of the "monthly compensation," or (3) If the "monthly compensation" is at least $20 but less than $25, the minimum annuity shall be $20, or (4) If the "monthly compensation" is less than $20, the annuity shall be the full amount of the "monthly compensation." (Secs. 3, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228c, 228j.)

(b) *Minimum applicable to all cases.*—In no case, irrespective of whether the individual has the qualifications enumerated under (a) above, shall the amount of the annuity be less than the value of the additional old-age benefit the individual would receive under Title II of the Social Security Act if the individual's service as an employee, as defined in the Railroad Retirement Act of 1937, after December 31, 1936 were included in the Security Act. (Secs. 3, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228c, 228j.)

SEC. 25.10. *Annuity not subject to recomputation.*—After an annuity has begun to accrue it shall not be subject to recomputation by reason of services rendered thereafter to an employer, except in computing an annuity granted after the cessation of a disability annuity. (Secs. 3, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228c, 228j.)

PART 30. ELECTIONS OF JOINT AND SURVIVOR ANNUITIES

Sec.
30.01. Statutory provision.
30.02. Definition of election.
30.03. Communication to the Railroad Retirement Board.
30.04. Prima facie evidence of further elements of election.
30.05. Confirmation of prima facie evidence.
30.06. Prima facie evidence to become conclusive under certain circumstances.
30.07. Rebuttal of prima facie evidence.
30.08. Further communication after rebuttal of prima facie evidence.

30.09. Application of regulations to communications received prior to promulgation of regulations.
30.10. When can an election be made; effect of proof of health on election.
30.11. Election where individual attempts, but fails, to prove health.
30.12. What constitutes proof of health satisfactory to the Board.
30.13. Election to be irrevocable.
30.14. When new election may be made.

SEC. 30.01. *Statutory provision.*—"An individual whose annuity shall not have begun to accrue may elect prior to January 1, 1938, or at least five years before the date on which his annuity begins to accrue, or upon furnishing proof of health satisfactory to the Board, to have the value of his annuity apply to the payment of a reduced annuity to him during life and an annuity after his death to his spouse during life equal to, or 75 per centum of, or 50 per centum of such reduced annuity. The amounts of the two annuities shall be such that their combined actuarial value as determined by the Board shall be the same as the actuarial value of the single-life annuity to which the individual would otherwise be entitled. Such election shall be irrevocable, except that it shall become inoperative if the individual or the spouse dies before the annuity begins to accrue or if the individual's marriage is dissolved or if the individual shall be granted an annuity under subdivision 3 of section 2 (a): *Provided, however,* That the individual may, if his marriage is dissolved before the date his annuity begins to accrue, or if his annuity under subdivision 3 of section 2 (a) ceases because of failure to make the required proof of disability, make a new election under the conditions stated in the first sentence of this subsection. The annuity of a spouse under this subsection shall begin to accrue on the first day of the calendar month in which the death of the individual occurs." (Sec. 4, 50 Stat. 311; 45 U. S. C. Sup. III, 228d.)

SEC. 30.02. *Definition of election.*—An election of a joint and survivor annuity shall have been made when the individual entitled thereto (a) shall have made a choice to have the value of his annuity at accrual applied to the payment of a reduced annuity to him during life and an annuity after his death to his spouse during life; (b) shall have made a choice whether the value of his annuity at accrual shall be applied to the payment of an annuity to him during life so reduced as to provide for an annuity after his death to his spouse equal to such reduced annuity, or 75 per centum of such reduced annuity, or 50 per centum of such reduced annuity; (c) shall have made such choice with knowledge of the essence of the transaction; (d) and shall have communicated such choice in writing, clearly and unambiguously, to the Railroad Retirement Board; (e) all within the time provided in section 4 of the Railroad Retirement Act of 1937. (Secs. 4, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228d, 228j.)

SEC. 30.03. *Communication to the Railroad Retirement Board.*—Communication of the choice as hereinabove set forth may be made by executing, in such manner as may be indicated in the application form provided by the Board, the designated provisions thereof relevant to an election, or by the due execution of the appropriate form provided by the Board, or by the execution of any legible writing clearly and unambiguously stating that the choice has been made; any such communication shall become effective as a communication upon its receipt by the Railroad Retirement Board. In the event that the communication takes a form other than the execution of the application form provision or the form provided by the Board, the individual will be required, where possible, to verify the communication by the execution of the form provided by the Board. (Secs. 4, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228d, 228j.)

SEC. 30.04. *Prima facie evidence of further elements of election.*—Receipt of a communication as set forth above shall constitute prima facie evidence of the existence of all the elements of an election as defined in section 30.02. Whenever such *prima facie* evidence becomes conclusive or is confirmed as hereinafter provided, an election shall have been made on the date on which the communication containing such *prima facie* evidence is received by the Railroad Retirement Board. (Secs. 4, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228d, 228j.)

SEC. 30.05. *Confirmation of prima facie evidence.*—Upon receipt of a communication as hereinabove described, the Railroad Retirement Board will advise the individual of the nature of the transaction and will solicit his confirmation of the existence of all the elements of an election. Upon receipt of such confirmation by the Railroad Retirement Board, an election shall be conclusively established to have been made on the date the original communication as hereinabove described was received by the Railroad Retirement Board; except that, in the event an annuity is awarded which is reduced as provided in Section 8.05 or Section 8.10 of these regulations, further opportunity for rebuttal predicated upon lack of knowledge of that fact shall be afforded. (Secs. 4, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228d, 228j.)

SEC. 30.06. *Prima facie evidence to become conclusive under certain circumstances.*—The *prima facie* evidence of the existence of the elements of an election contained in a communication as hereinabove set forth shall become conclusive without confirmation in any of the following circumstances:

(a) If the individual dies before confirmation or rebuttal is received by the Railroad Retirement Board.

(b) If an intervening right of the spouse to a survivor annuity is asserted on the basis of such prima facie evidence. In any case in which the individual seeks to rebut the *prima facie* evidence and to claim an annuity less favorable to the spouse, he shall be required to furnish evidence that no intervening right is asserted by obtaining the signature of the spouse upon the Railroad Retirement Board form furnished for that purpose; except that no such evidence shall be required in the event that any election which might be asserted to have been made becomes inoperative by law through the award of an annuity under subdivision 3 of section 2 (a) of the Railroad Retirement Act of 1937.

(c) If no confirmation or rebuttal is received by the Railroad Retirement Board within thirty days from the date on which a solicitation of confirmation is mailed to the individual at the address furnished by him, except upon a conclusive showing of special and unusual circumstances depriving the individual of an opportunity to indicate rebuttal within such thirty days. (Secs. 4, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228d, 228j.)

SEC. 30.07. *Rebuttal of prima facie evidence.*—In order to rebut the *prima facie* evidence of the existence of all the elements of an election contained in a communication as hereinabove described, the individual will be required to furnish evidence convincing to the Railroad Retirement Board that some element or elements of an election, as defined in section 30.02, did not exist. If the elements of an election were present, a mere change of judgment upon reconsideration is not sufficient. (Secs. 4, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228d, 228j.)

SEC. 30.08. *Further communication after rebuttal of prima facie evidence.*—If *prima facie* evidence of the existence of all the elements of an election contained in a communication in writing from the individual received by the Railroad Retirement Board expressing clearly and unambiguously a choice as set forth in section 30.02 shall constitute conclusive evidence of the existence of all the elements of an election, and such communication, in order to be effective, shall be received within the limitations of time set forth in section 4 of the Railroad Retirement Act of 1937. (Secs. 4, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228d, 228j.)

SEC. 30.09. *Application of regulations to communications received prior to promulgation of regulations.*—These regulations shall apply to all elections under the Railroad Retirement Act of 1937, irrespective of whether communications with respect thereto are received by the Railroad Retirement Board before or after the promulgation of these regulations; except that in the case of any individual from whom such communication has been received before the date of promulgation of these regulations and who has not theretofore been advised of the nature of the transaction, and to whom no annuity has been awarded, advice of the nature of the transaction and solicitation of confirmation will be transmitted as promptly as possible after the promulgation of these regulations, and confirmation or rebuttal shall thereafter proceed as provided in sections 30.05, 30.06 and 30.07 of these regulations; and except that in the case of individuals who have theretofore been advised of the nature of the transaction and individuals to whom annuities have theretofore been awarded, the original

communication shall be conclusive evidence of the existence of all the elements of an election unless rebuttal evidence is received within thirty days from the promulgation of these regulations. (Secs. 4, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228d, 228j.)

SEC. 30.10. *When can an election be made; effect of proof of health on election.*—Any individual, irrespective of whether he has applied for an annuity, can, prior to the date on which his annuity begins to accrue, make (in accordance with sections 30.02 to 30.08, inclusive) an election of a joint and survivor annuity; provided, however, that if he is granted an annuity which begins to accrue earlier than five years after the date on which the election is so made such election shall be ineffective, unless, prior to the date on which his annuity begins to accrue, he submits proof of health in accordance with section 30.12, or unless such election was made before January 1, 1938. (Secs. 4, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228d, 228j.)

SEC. 30.11. *Election where individual attempts, but fails, to prove health.*—Where an individual attempts, but fails, to prove health satisfactory to the Board in connection with a joint and survivor election, an election shall not have been made unless, following notice from the Board of such failure, an election not based upon proof of health is confirmed or becomes conclusive in accordance with section 30.06 (c); provided, however, that such an election shall be subject to the provisions of section 30.10. (Secs. 4, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228d, 228j.)

SEC. 30.12. *What constitutes proof of health satisfactory to the Board.*—In order to furnish proof of health satisfactory to the Board, an individual shall submit, in such manner as the Board may from time to time require, (a) a statement of health by himself, (b) a complete report by a medical examiner who shall be a duly qualified and licensed physician, not related by blood or marriage to the individual or his spouse and not pecuniarily interested in any survivor annuity which might become payable to the individual's spouse by reason of a joint and survivor election by the individual, and (c) such additonal statements as, under the facts of the particular case, the Board may require; such statements and report to show, to the satisfaction of the Board, that the individual is free from any disease or condition which would tend to shorten the individual's normal life. (Secs. 4, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228d, 228j.)

SEC. 30.13. *Election to be irrevocable.*—An election once made in accordance with this section cannot be revoked or changed. An election shall not be operative if:

(a) the individual does not become eligible for an annuity;

(b) the individual although eligible for an annuity does not file on or before the date of death an application for an annuity;

(c) the individual dies before the annuity begins to accrue;

(d) the individual's spouse dies before the annuity begins to accrue;

(e) the individual's marriage is dissolved either before or after the annuity begins to accrue; in the event of such dissolution after the annuity begins to accrue the individual shall be paid from and after the effective date of such dissolution an annuity in the same amount per month as if no election had been made;

(f) the individual is granted an annuity based on service and disability (see section 8.15 of these regulations). (Secs. 4, 10, 50 Stat. 312, 45 U. S. C. Sup. III, 228d, 228j.)

SEC. 30.14. *When new election may be made.*—An individual may, in accordance with the provisions of this section, make a new election if (a) his marriage was dissolved and he remarries before the annuity begins to accrue, or (b) his spouse died and he remarries before the annuity begins to accrue, or (c) he was granted an annuity based on disability and service (see section 8.15 of these regulations) and this annuity ceases because of failure to make proof of disability in accordance with section 8.25 of these regulations. (Secs. 4, 10, 50 Stat. 311, 314; 45 U. S. C. Sup. III, 228d, 228j.)

PART 35. PAYMENTS AT DEATH

Sec.
35.01. Death benefit—amount of, and when payable.
35.02. Death benefit—to whom payable.
35.03. Annuity payments due but unpaid at death.
(a) Under 1937 Act.
(b) Under 1935 Act.
35.04. Survivor annuities due but unpaid at death.
(a) Under 1937 Act.
(b) Under 1935 Act.
35.05. Revocation or change of designation of beneficiary.
35.06. Designation on other than prescribed form.
35.07. Witnessing of designation or revocation.
35.08. Designees to share equally unless otherwise specified.

SEC. 35.01. *Death benefit—amount of, and when payable.*—(a) Upon the death of an individual to whom no annuities have become payable there shall be paid a death benefit equal to 4 per centum of the aggregate compensation, if any, earned by the individual as an employee after December 31, 1936, excluding compensation in excess of three hundred dollars in any one month.

(b) Upon the death of an individual to whom annuities have become payable and who is not survived by a spouse entitled to a survivor annuity, there shall be paid a death benefit equal to an amount computed as in (a) above, less all annuities paid or payable to the individual.

(c) In any case wherein an individual dies survived by a spouse entitled to a survivor annuity, there shall be paid after the death of such surviving spouse a death benefit equal to an amount computed as in (b) above, less all survivor annuities paid or payable to such surviving spouse. (Secs. 5, 10, 50 Stat. 312, 314; 45 U. S. C. Sup. III, 228e, 228j.)

SEC. 35.02. *Death benefit—to whom payable.*—Any individual who was an employee after December 31, 1936, may designate the person or persons whom he wishes to receive any death benefit payable under Section 5 of the Railroad Retirement Act of 1937. Such designation to be valid must be made by such individual in writing on the designation form provided by the Board, and must be received by the Railroad Retirement Board prior to the individual's death. If the person or persons designated to receive a death benefit die before the death benefits become payable, such benefits shall be paid to the designator's legal representative. (Secs. 5, 10, 50 Stat. 312, 314; 45 U. S. C. Sup. III, 228e, 228j.)

SEC. 35.03. *Annuity payments due but unpaid at death.*—(a) *Under 1937 Act.*—Such payments shall be paid to a surviving spouse if such spouse is entitled to an annuity under a joint and survivor election made pursuant to Section 4 of the 1937 Act; otherwise they shall be paid to the same individual or individuals who may be entitled to receive any death benefit under Section 5 of the 1937 Act, as provided in section 35.02 of these regulations, and shall be paid in the same proportion that such death benefits are so payable. (Secs. 5, 10, 50 Stat. 312, 314; 45 U. S. C. Sup. III, 228e, 228j.)

(b) *Under 1935 Act.*—Such payments shall be paid to a surviving spouse if such spouse is entitled to an annuity under an election made pursuant to the provisions of Section 5 of the 1935 Act; otherwise they shall be paid to such person or persons as the deceased may have designated, or if there be no designation, to the legal representative of the deceased. A designation by the deceased to be valid must be made by him in writing on the designation form provided by the Board, and must be received by the Railroad Retirement Board prior to the deceased's death. If the person or persons designated by the deceased do not survive him, the annuity payments shall be made to the legal representative of the deceased. (Secs. 10, 202, 50 Stat. 314, 318; 45 U. S. C. Sup. III, 215, 314.)

SEC. 35.04. *Survivor annuities due but unpaid at death.*—(a) *Under 1937 Act.*—All annuity payments due a surviving spouse who is entitled to a survivor annuity under an election made pursuant to Section 4 of the Railroad Retirement Act of 1937, but not yet paid at the death of such spouse, shall be paid to the same individual, or individuals, who may be entitled to receive any death benefit that may be payable under Section 5 of such Act and shall be paid in the same proportion that such death benefits are so payable. (Secs. 5, 10, 50 Stat. 312, 314; 45 U. S. C. Sup. III, 228e, 228j.)

(b) *Under 1935 Act.*—All annuity payments due a surviving spouse by reason

of an election made pursuant to Section 5 of the Railroad Retirement Act of 1935 but not yet paid at the death of such spouse shall be paid to such person or persons as the deceased employee may have designated by a writing filed with the Board prior to his death or, if there be no designation or if the person or persons designated do not survive such spouse, such annuity payments shall be paid to the legal representative of the deceased employee. The designation of a person or persons to receive accrued annuities due at the death of the employee under the Railroad Retirement Act of 1935 shall operate to designate the same person or persons to receive, in the same proportion, all annuity payments due to a surviving spouse by reason of an election made pursuant to Section 5 of such Act, but not yet paid at the death of such spouse. The designation of an alternate beneficiary or alternate beneficiaries, in the event that the primary beneficiaries do not survive the designator, shall operate to designate any such alternate beneficiary in the place of the primary beneficiaries and in the event also that the primary beneficiaries survive the designator but do not survive a surviving spouse entitled to survivor annuities. If more than one beneficiary is designated, the share of any beneficiary or beneficiaries who die before a surviving spouse entitled to a survivor annuity shall be paid in equal shares to the survivors, or entirely to the survivor if only one survives. (Secs. 10, 202, 50 Stat. 314, 318; 45 U. S. C. Sup. III, 215, 228j.)

SEC. 35.05. *Revocation or change of designation of beneficiary.*—A revocation or change of designation of beneficiary, or a designation of an additional or new beneficiary or beneficiaries, may be made at any time and without the knowledge or consent of the previous beneficiary or beneficiaries, but to be valid must be made by the designator in writing on the form provided by the Board for that purpose, and must be received by the Railroad Retirement Board prior to the designator's death. (Secs. 5, 10, 50 Stat. 312, 314; 45 U. S. C. Sup. III, 228e, 228j.)

SEC. 35.06. *Designation on other than prescribed form.*—Where a writing, other than the form provided by the Board, signed by the designator is received by the Board prior to the designator's death, in which a clear and unambiguous designation of beneficiary or revocation or change of designation is made in substantially the same manner as that provided on such form and the designator dies without executing such form, the designation, revocation or change shall be given the same effect as if executed on such form. (Secs. 5, 10, 50 Stat. 312, 314; 45 U. S. C. Sup. III, 228e, 228j.)

SEC. 35.07. *Witnessing of designation or revocation.*—No effect shall be given to a designation of beneficiary or revocation or change of designation which does not bear the signatures of two witnesses, neither of whom is named as beneficiary, unless the execution of the designation, revocation or change by the designator is provided to the satisfaction of the Board. (Secs. 5, 10, 50 Stat. 312, 314; 45 U. S. C. Sup. III, 228e, 228j.)

SEC. 35.08. *Designees to share equally unless otherwise specified.*—Where more than one person is designated as beneficiary, each beneficiary shall receive an equal share, unless the percentage to be paid to each beneficiary is specified, in which case each beneficiary shall receive only the percentage specified. (Secs. 5, 10, 202, 50 Stat. 312, 314, 318; 45 U. S. C. Sup. III, 228e, 228j, 215.)

PART 36. PAYMENTS OF BENEFITS OF $500 OR LESS

Sec.
36.01. "Benefit" as used in this part.
36.02. Payment without formal administration.
36.03. Agreements and renunciations by creditor.
36.04. Direction of payment to other individuals.
36.05. Selection under State allowance or exemption laws.

SEC. 36.01. *"Benefit" as used in this part.*—The term "benefit" as used in this part means a death benefit under Section 5 of the 1937 Act, annuity or pension payments due under the 1937 Act, or annuity payments due under the 1935 Act, but unpaid at death. (Secs. 5, 10, 50 Stat. 312, 314; 45 U. S. C. Sup. III, 228e, 228j) (Sec. 202, 50 Stat. 318; 45 U. S. C. Sup. III, 215.)

SEC. 36.02. *Payment without formal administration.*—When any benefit in an amount of five hundred dollars or less is payable to a legal representative, and when no executor or administrator has been or is expected to be appointed, the Board may, without formal administration, make certification for payment to the surviving spouse or kindred of the deceased who are determined by the Board to be entitled thereto under the laws of the State of last domicile of such deceased. (Secs. 5, 10, 202, 50 Stat. 312, 314, 318; 45 U. S. C. Sup. III, 228e, 228j, 215.)

SEC. 36.03. *Agreements and renunciations by creditor.*—If, in the judgment of the Board, any creditor of the estate of the deceased possesses rights superior to those of his surviving spouse or kindred, payments shall not be made without formal administration unless and until such creditor has, on a form approved by the Board, agreed with the Board that payment shall be made without administration to a specified person or persons, and in consideration thereof, renounced any right or remedy for the payment of such benefit to any one other than the person or persons specified. (Secs. 5, 10, 202, 50 Stat. 312, 314, 318; 45 U. S. C. Sup. III, 228e, 228j, 215.)

SEC. 36.04. *Direction of payment to other individuals.*—If it is determined by the Board that the benefit is payable to two or more individuals mentioned in section 36.02, any one or more of such individuals may, if he wishes, upon a form approved by the Board, direct the payment of his interest to any other of such individuals. (Secs. 5, 10, 202, 50 Stat. 312, 314, 318; 45 U. S. C. Sup. III, 228e, 228j, 215.)

SEC. 36.05. *Selection under state allowance or exemption laws.*—Whenever, under the laws of the state in which the deceased was last domiciled, the surviving spouse or kindred is, in the judgment of the Board, entitled to allowance or exemption, the benefit may become payable without court proceedings, in accordance with the provisions of such allowance or exemption laws, if such spouse or kindred executes and files with the Board a prescribed form in which he selects and accepts the benefit as a first payment toward the allowance or exemption, and agrees in the event of any proceedings concerning the administration or distribution of assets of the estate of the deceased to notify the Probate Court or other proper authority of such selection and acceptance. (Secs. 5, 10, 202; 50 Stat. 312, 314, 318; 45 U. S. C. Sup. III, 228e, 228j, 215.)

PART 40. PENSIONS

Sec.
40.01. Statutory provisions.
40.02. Eligibility for pensions under Section 6.
40.03. Rate and time at which pension is payable.
40.04. Duty of employer.
40.05. Eligibility of pensioner for annuity on July 1, 1937.
40.06. Adjustment of dual payments.
40.07. Pension by Board not to affect additional payments by employer.

SEC. 40.01. *Statutory provisions.*—"(a) Beginning July 1, 1937, each individual then on the pension or gratuity roll of an employer by reason of his employment, who was on such roll on March 1, 1937, shall be paid on July 1, 1937, and on the 1st day of each calendar month thereafter during his life, a pension at the same rate as the pension or gratuity granted to him by the employer without diminution by reason of a general reduction or readjustment made subsequent to December 31, 1930, and applicable to pensioners of the employer: Provided, however, That no pension payable under this section shall exceed $120 monthly: And provided further, That no individual on the pension or gratuity roll of an employer not conducting the principal part of its business in the United States shall be paid a pension under this section unless, in the judgment of the Board, he was, on March 1, 1937, carried on the pension or gratuity roll as a United States pensioner.

"(b) No individual covered by this section who was on July 1, 1937, eligible for an annuity under this Act or the Railroad Retirement Act of 1935, based in whole or in part on service rendered prior to January 1, 1937, shall receive a pension payment under this section subsequent to the payments due on October 1, 1937, or due on the 1st day of the month in which the application for an annuity of such individual has been awarded and certified by the Board, whichever of the two dates is earlier. The annuity claims of such individuals who receive pension payments under this section shall be adjudicated in the same manner and with the same effect as if no pension payments had been made: Provided, however, That no such individual shall be entitled to receive both a pension under this section and an annuity under this Act or the Railroad Retirement Act of 1935, and in the event pension payments have been made to any such individual in any month in which such individual is entitled to an annuity under this Act or the Railroad Reitrement Act of 1935, the difference between the amounts paid as pensions and the amounts due as annuities shall be adjusted in accordance with such rules and regulations as the Board may deem just and reasonable.

"(c) The pension paid under this section shall not be considered to be in substitution for that part of the pension or gratuity from the employer which is in excess of a pension or gratuity at the rate of $120 a month. (Sec. 6, 50 Stat. 312; 45 U. S. C. Sup. III, 228f.)

"SEC. 7. Nothing in this Act or the Railroad Retirement Act of 1935 shall be taken as restricting or discouraging payment by employers to retired employees of pensions or gratuities in addition to the annuities or pensions paid to such employees under such Acts, nor shall such Acts be taken as terminating any trust heretofore created for the payment of such pensions or gratuities." (Sec. 7, 50 Stat. 313; 45 U. S. C. Sup. III, 228g.)

SEC. 40.02. *Eligibility for pensions under Section 6.*—Any individual shall be eligible for a pension under Section 6 of the Act if it is claimed and established to the satisfaction of the Board: (a) that he was, on March 1, 1937 and on July 1, 1937, on the pension or gratuity roll of an employer, as defined in the Act; (b) that he was on such roll by reason of employment with an employer; (c) that his pension or gratuity was payable at a fixed rate; (d) that he was not, on July 1, 1937, eligible under either the 1935 Act or the 1937 Act for an annuity based in whole or in part on service rendered prior to January 1, 1937; (e) that if, on March 1, 1937 and on July 1, 1937, the employer was not conducting the principal part of its business within the United States, the individual was, on March 1, 1937, carried on the pension or gratuity roll by reason of having performed, within the United States, all or a substantial portion of his service with such employer during a reasonable period preceding the granting of such pension or gratuity. (Secs. 6, 10, 50 Stat. 312, 314; 45 U. S. C. Sup. III, 228f, 228j.)

SEC. 40.03. *Rate and time at which pension is payable.*—Any individual establishing the above qualifications shall be paid a monthly pension on the first day of July, 1937 and on the first day of each calendar month thereafter during his lifetime, in the same amount as he was receiving, or would have received had he been on the pension or gratuity roll of his employer, on December 31, 1930, or on the earliest date that such rolls were commenced, whichever date shall be later; provided, however, that if the pension or gratuity has been reduced by reason of a special (not general) reduction or readjustment made subsequent to December 31, 1930, the pension shall be at such reduced rate, but in no case shall a pension payable under Section 6 of the Act exceed one hundred and twenty dollars per month. A pension payment does not accrue nor become payable until the first day of a month, and only if the pensioner be alive on that date. (Secs. 6, 10, 50 Stat. 312, 314; 45 U. S. C. Sup. III, 228f, 228j.)

SEC. 40.04. *Duty of Employer.*—Each employer, as defined in the Act, shall report to the Board, on such form or forms as the Board may provide, with respect to all individuals on its pension or gratuity rolls by reason of employment on both March 1, 1937 and July 1, 1937, the information requested on such forms relating to the eligibility of such individuals for pensions under Section 6 of the Act, and shall submit such further evidence and information relating thereto as may be required by the Board. (Secs. 6, 10, 50 Stat. 312, 314; 45 U. S. C. Sup. III, 228f, 228j.)

SEC. 40.05. *Eligibility of pensioner for an annuity on July 1, 1937.*—The claim for an annuity of any individual in receipt of or eligible for a pension under Section 6 of the Act shall be adjudicated in the same manner and with the same effect as the claims of other individuals; provided, however, that such an individual shall not be granted an annuity unless he was, on July 1, 1937, eligible under the 1935 or the 1937 Act for an annuity based in whole or in part on service rendered prior to January 1, 1937. (Secs. 6, 10, 50 Stat. 312, 314; 45 U. S. C. Sup. III, 228f, 228j.)

SEC. 40.06. *Adjustment of dual payments.*—In the event of payment by the Board to an individual, who was, on July 1, 1937, eligible under either the 1935 Act or the 1937 Act for an annuity based in whole or in part on service rendered prior to January 1, 1937, of pensions in months in which for all or a part thereof the individual is entitled to annuities, the difference between the pensions paid and the annuities accruing for the same period or fraction thereof, if any, shall be adjusted by the Board as follows:

(a) If the total or the allocated portion of the pension payments made in such months equals the total of the unpaid annuities due, the latter amount shall be canceled.

(b) If the total or the allocated portion of the pension payments made in such months exceeds the total of the unpaid annuities due, the latter amount shall be canceled and the difference shall be deducted from annuities subsequently becoming due.

(c) If the total or the allocated portion of the pension payments made in such months is less than the total of the unpaid annuities due, the individual shall be paid the difference.

(d) If, under either (a), (b) or (c) of this section, the annuity payments have been made for the month or months or fractional portions thereof in which the pension payments were made or if, for any other reason, it is, in the judgment of the Board, inequitable or impractical to cancel or reduce the annuity payments for such month or months, the unpaid annuity payments for the succeeding month or months shall be canceled or reduced.

(e) In any case wherein the payment of an annuity or a pension was based upon fraudulent or erroneous information or statements submitted by the individual to whom payment has been made or his employer, or both, the Board may require from the individual or the employer submitting such fraudulent or erroneous information or statements reimbursement of any amounts thus paid, and in addition thereto shall cause to be taken under Section 13 of the Act such action as it deems proper under the circumstances. (Secs. 6, 10, 50 Stat. 312, 314; 45 U. S. C. Sup. III, 228f, 228j.)

SEC. 40.07. *Pension by Board not to affect additional payments by employer.*—In any case wherein a pensioner eligible under Section 6 of the Act was receiving a pension or gratuity of more than one hundred and twenty dollars per month from an employer, the payment by the Board of a pension under Section 6 of the Act shall have no effect upon the payment by the employer of such additional gratuities as it sees fit, nor upon any trust fund created for the payment of pensions or gratuities. (Secs. 7, 10, 50 Stat. 313, 314; 45 U. S. C. Sup. III, 228g, 228j.)

PART 50. REPORTS, INFORMATION, HEARINGS AND WITNESSES

Sec.
50.01. Duty to furnish information and records.
50.02. Employer to notify of death of employee.
50.03. Employers' reports of monthly compensation of employees.
50.04. Registration of employees.
50.05. Employers to distribute annual statements of compensation.
50.06. Report of employee representatives.
50.07. Hearings.
50.08. Witnesses.
50.09. Application for witnesses.
50.10. Petition for summoning Recalcitrant Witnesses.
50.11. Service of subpoenas.
50.12. Returns.
50.13. Examiners.
50.14. Procedure when examiner appointed.

SEC. 50.01. *Duty to furnish information and records.*—In connection with any matter or inquiry directly or indirectly involving (a) the employer status of any individual, person or company, (b) the employee or pension status of any individual, (c) the amount and creditability of service and compensation, or (d) any other matter arising in or necessary for the administration of the Railroad Retirement Acts of 1935 and 1937, the Board may require any individual, person or company to furnish or submit, in such form and at such times as the Board may require, any information, records, contracts, documents, reports or other material within their possession or control, that, in the judgment of the Board, may have any bearing upon such matter or inquiry. (Secs. 10, 13, 50 Stat. 314, 316; 45 U. S. C. Sup. III, 228j, 228m.)

SEC. 50.02. *Employer to notify of death of employee.*—It shall be the duty of every employer coming within the purview of the Act to notify the Railroad Retirement Board of the death of any employee in active employment, and when known, of the death of any employee in an employment relation, within 30 days following the receipt by the employer of notice of such death. Such

notification to the Board shall be made on the form provided for that purpose, and, to the extent known to the employer, shall show, among other things, the date of death, place thereof and the name and address of the surviving spouse or nearest relative.

The notice of death shall also contain a statement of the amount of compensation earned by the deceased for service to the employer for each month of the period beginning with the first month of the last completed calendar quarter and ending with the date of death and any other statement which the Board may deem necessary in carrying out the provisions of the Act.

This report does not take the place of the regular reports of employee's compensation to the Bureau of Accounts but represents an additional report with respect to deceased employees. The regular reports will be rendered when due, including any amounts which may be reported as the result of the death of the employee. (Secs. 10, 50 Stat. 315; 45 U. S. C. Sup. III, 228j.)

SEC. 50.03. *Employers' Reports of monthly compensation of employees.*—The following regulations became effective with the quarterly period ending March 31, 1938, and supersede all other regulations on the same subject previously issued by the Railroad Retirement Board. In order to make possible compliance with Section 8 of the Railroad Retirement Act of 1937, it is necessary that a uniform record be maintained by the Board showing the monthly earnings of each individual for employment covered by the Act in any calendar month subsequent to December 31, 1936. The Bureau of Accounts will furnish the forms necessary for reporting compensation of employees.

(a) The Board may accept punched tabulating cards in substitution of report forms hereinafter provided. The Board cannot permit substitution of report forms which would materially increase the cost of recording, or provide for reporting at longer intervals than those provided for regular reports.

(b) Unless otherwise specifically agreed heretofore or hereafter, in writing approved by the Director of the Bureau of Accounts of the Railroad Retirement Board, every employer shall forward to the Board on or before the expiration of thirty days after the close of each quarter ending March 31, June 30, September 30 and December 31, of each year a report of compensation earned by each employee for service during each month of such quarter. The report of compensation of employees shall consist of:

(1) A report of compensation for 3 months, (2) a report of compensation adjustments for 3 months, and (3) a summary report of compensation of employees for such period.

(c) A brief description of the items for which provision is made follows:

(1) *Employer.*—The corporate name of the employer shall be shown on each sheet of the report.

(2) *Employer number.*—The identification number assigned by the Railroad Retirement Board to the employer shall be shown on each sheet of the report.

(3) *Employee account number.*—The 9-digit number assigned either by the Social Security Board or the Railroad Retirement Board and shown on the employee's account number card shall be shown. If, at the time of preparing the report there are employees to whom account numbers have not been assigned, but for whom Forms CER–1 have been forwarded to the Bureau of Accounts, Railroad Retirement Board, Washington, D. C., such employees should be reported on the RRB form furnished for that purpose in the regular manner except that the "Account Number" column should be left blank. These employees should then be re-listed on another such form made up in duplicate, leaving the "Account Number" column blank and reporting to the right of the name in the remaining columns the notation "CER–1 submitted on _____," together with the Sheet Number and Line Number on which the employee is reported on the regular RRB form. An employer who regularly assigns account numbers should show no employees without account numbers except those individuals who applied for a number while working for another employer but who never received one, or who lost their original number and do not recall it. In both cases Forms CER–1 should have been forwarded to this Bureau with proper explanation.

(date)

(4) *Employee name*—The last name, or surname, of the employee shall be shown in full as it appears on the account number card, together with the first name or initials. The order in which this information is shown is optional with the employer and may follow the method used in preparation of his payroll. The Board prefers the surname first, followed by either the first name and middle initial, or by both initials.

(5) *I. C. C. occupation classification.*—The number of the occupation classification to be shown on each quarterly report shall be that to which the employee is assigned in reports to the Interstate Commerce Commission during the first month in which the individual was employed in each reporting period. No employee should be reported under more than one occupation classification on any one quarterly report. In assigning the occupation classification code the predominant type of service rendered should govern. Since certain employers do not submit a "MONTHLY REPORT OF EMPLOYEES, SERVICE AND COMPENSATION" to the Interstate Commerce Commission they may not be familiar with the I. C. C. Occupation Classification. For the benefit of these employers excerpt from the complete "List of Occupations of Positions in Each Reporting Division" for those divisions which appear to be applicable to the employees of such employers are shown hereunder together with explanatory notes:

EXECUTIVES, OFFICIALS, AND STAFF ASSISTANTS

324	Garage employees.
325	Laborers, unclassified.

In the event any employer has employees who do not appear to be includable in any of the classifications shown herein, a statement giving a brief description of the duties of such employees should be transmitted to the Bureau of Accounts, Railroad Retirement Board, Washington, D. C., in duplicate, and the copy of that statement will be returned to the employer showing the classification in which the employee should be included.

The following account classifications have been provided by the Bureau of Accounts of the Railroad Retirement Board for use by all employers to cover employees not presently included in the "Monthly report of employees, service and compensation:"

Code	Description
201	Station caretakers and other persons regularly employed on a part time basis.
210	Miners, Laborers and other employees used in the operation of mines.
211	Doctors.
212	Hospital employees other than doctors.

(6) *Compensation.*—The total compensation for every employee shown on a payroll or other disbursement document for a particular calendar month shall be reported on a form provided by the Board with two exceptions:

(i) Compensation for employees in I. C. C. Occupation Classification 1, Executives, Officials and Staff Assistants, and 2, Division Officers, Assistants, and Staff Assistants, which exceeds $300 in any one month may be reported on the basis of total compensation or $300, unless such employees receive compensation from two or more employers, in which case the full amount of the compensation received from the reporting employer should be shown. (See *Adjustments*, paragraph 7.)

(ii) Compensation for employees whose earnings are carried on weekly payrolls, provided such payrolls are required by State laws, shall include the total compensation received for all payroll weeks, all or a major portion of which falls within a particular calendar month, except that compensation earned in one calendar year shall not be reported as compensation earned in another calendar year, further provided that the total compensation of any individual for a four-week month shall not exceed $275; or the total compensation of any individual for a five-week month shall not exceed $300; or no amount shall be reported as compensation for a particular calendar month which represents the only earnings of a particular individual in another calendar month.

All compensation for employees whose earnings are carried on weekly payrolls, the total of which exceeds $275 in any four-week month, or $300 in any five-week month, and:

Amounts, the inclusion of which as a part of the compensation for a particular month would affect the service months creditable, shall be separated and allocated to the calendar month in which earned and shall be reported in accordance with the general instructions applicable to all employers.

The practice of reporting under exceptions (i) and (ii) above shall be constant for a particular employer and may be changed only after approval by the Director, Bureau of Accounts, Railroad Retirement Board.

(7) *Adjustments.*—Any adjustment of compensation shown on a payroll or other disbursement document for a current month, and included in the report as compensation for the month which represents an adjustment of compensation shown on the payroll for a prior month, or any adjustment of compensation shown on a payroll or other disbursement document for a prior month which was made subsequent to the filing of the report and therefore not included as compensation for that month shall be reported (on a form to be provided by the Bureau of Accounts) provided it affects the service period, or it affects creditable earnings.

The total amount earned in the service of the reporting employer by an employee who concurrently performs compensated service for two or more employers under the Act shall be reported regardless of occupation classification. If the total earnings of an individual from all employers under the Act exceed $300, adjustment should be made to reduce the creditable earnings and to increase the non-creditable earnings in such manner as to accomplish a net of creditable earnings equivalent to the proportion of $300 that the amount of total earnings from the reporting employer bears to the total earnings from all employers under the Act. If the total earned by such an employee from the reporting employer exceeds $300, the amount in excess of $300 should be included as the amount of compensation reported in excess of $300 for any individual in any one month.

If an employee is paid for all service by a single employer who is reimbursed for a portion of those earnings by another employer, the employee shall be considered as the employee of the employer initially making the payment of earnings for the purposes of reports herein required.

It is the intent of instructions concerning the reporting of adjustments that any adjustment of compensation shown on a payroll or other disbursement document for a current month which would not affect the amount of annuity if reported as a part of current earnings instead of as an adjustment of prior earnings, shall be reported on the proper form as a part of the compensation earned during the month covered by the payroll or other disbursement document on which the adjustment is made.

In considering these adjustments it should be borne in mind that all amounts up to but not exceeding $300 per month reported are considered by the bureau to be creditable carnings, and are transcribed as such to a punch card, and all

amounts in excess of $300 per month are considered to be non-creditable earnings and are transcribed to another punch card. By punching these two cards the bureau is able to balance to the total compensation reported, the excess and net compensation reported.

(8) *Summary, recapitulation, and execution.*—The total for each sheet of the reporting form shall be shown and recapitulated on additional sheets of the same form, using the name column for sheet number and the last three columns for the amounts. If the report is of sufficient size to justify a grand recapitulation, the same forms shall be used for that purpose. In addition to the summary of total compensation reported, a summary of amounts shown in excess of $300 shall be shown by Department, State, Division, or any other convenient segregation conforming with the reporting divisions used in the preparation of the detail form. The employer may show "excess" totals at the bottom of each sheet if he desires to do so. In summarizing excess earnings any amount reported on the detail form in excess of $300 should be considered as non-creditable. No amounts shown should be considered as excess unless the amount shown exceeds $300, irrespective of the fact that some of these amounts not so considered may be non-creditable earnings. The latter should be adjusted by use of a form provided for that purpose.

The declaration on the reporting forms shall be signed by an authorized responsible official of the employer, and the jurat completed by a notary public. (Secs. 8, 10, 50 Stat. 313, 314; 45 U. S. C. Sup. III, 228b, 228j.)

SEC. 50.04. *Registration of employees.*—(a) On July 1, 1937 the Railroad Retirement Board took over the assignment of account numbers to employees covered by the Railroad Retirement Act, and the cooperative arrangement in effect with the Post Office Department was discontinued. All numbers previously issued to employees under the Social Security Act were issued on the basis of an application Form SS–5 while those issued to employees under the Railroad Retirement Act were issued on the basis of an application Form CER–1. The information shown on the application Form SS–5 or Form CER–1 was transcribed to Form OA–702. The original Forms OA–702 based on Form SS–5 are on file in the office of the Bureau of Old-Age Insurance of the Social Security Board, Baltimore, Maryland. The original Forms OA–702 based on Form CER–1 are on file in the office of the Bureau of Accounts, Railroad Retirement Board, Washington, D. C.

Account numbers assigned under the direction of the Railroad Retirement Board shall continue to be referred to as "Social Security Account Numbers" and Form CER–1 ("Social Security—Carrier Employee Registration Application for Account Number") shall continue in use.

The principal change resulting from the transfer of the assignment of account numbers to the Railroad Retirement Board was the cooperative arrangement entered into between the Railroad Retirement Board and certain large employers whereby those employers secure supplies of pre-numbered office record forms and make direct assignments of account numbers.

(b) It is essential that all persons who perform compensated service for an employer, and who are employees be assigned an account number. The account number is a 9-digit number under which a record of service and compensation is maintained for an employee under either the Railroad Retirement Act or the Social Security Act. A block of numbers, the first three digits of which are in the series of 700 to 739, has been allocated to the Railroad Retirement Board for assignment to employees under the Railroad Retirement Act of 1937 who have not previously received account numbers. The separation of the number into groups of three digits representing "area," two digits representing "group," and four digits representing "serial," with a dash between each group, has no meaning and is merely for convenience in writing the number.

Employees engaged in the future by employers in whose service they have not previously been engaged will come into one of the following classifications:

(1) Persons who have not, since January 1, 1937, had any employment requiring an account number. These persons should fill out Form CER–1.

(2) Persons having a number in other than the series seven hundred (700) to seven hundred thirty-nine (739) will continue to use such numbers, but should fill out Form CER–1 if they have not already done so while in prior service with some other employer under the Railroad Retirement Act, and turn it over to their employer for filing with the Board.

(3) Persons holding account numbers of which the first three digits are in the seven hundred (700) to seven hundred thirty-nine (739) series, and persons holding account numbers in any series who have performed service for an employer after June 30, 1937, should have been registered on Form CER–1, and there should be no necessity, so far as the Railroad Retirement Board is concerned, to secure their re-registration. But, if a person with an account number in this series works for an employer after June 30, 1937, and subsequently works for another employer under the Retirement Act, such subsequent employer may wish to maintain a complete file of Forms CER–1; in such case, however, no such form need be sent to the Board.

(c) The procedure to be followed in filling out Form CER–1 and making account number assignments in the above cases is prescribed hereunder:

(1) Employers will requisition the estimated number of Forms CER–1, "Social Security-Carrier Employee Registration Application for Account Number," for periods of six months in advance. The requisition form furnished by the Board should be used for this purpose.

(2) Employers will secure a properly executed Form CER–1 from each new employee who has not previously received an account number, the first three digits of which are within the series seven hundred (700) to seven hundred thirty-nine (739), unless such employee has previously completed such form. After entering the previously assigned account number on the original and duplicate form, it should be examined with particular reference to the following items:

(i) Is each question answered in full? If the answer to any question is unknown, the word "unknown" should be written. If on Line 1 the employee has no middle name, this should be indicated by a line; otherwise, middle name should be required.

(ii) Addresses should be complete.

(iii) The name on Line 1 should be the correct name of the applicant. If this name differs from the name signed on Line 16, an explanation should be attached to the CER–1 application. This applies to such cases as abbreviations of long foreign names, married women working under their maiden names, and other persons working under a name different from their correct name.

(3) Employers who are supplied with Forms OA–702 will transcribe the information on Form CER–1 to the Form OA–702, in the case of each employee who has not previously received an account number. Before transcribing this information the same examination of Form CER–1 as described in paragraph (2) above should be made. In typing Form OA–702 the following rules should be adhered to:

(i) The lower part of the identification card which contains the employee account number can be detached and used by the employer or can be turned over to the employee at the discretion of the employer.

(ii) Capitalize the first letter only of each name on the Form OA–702.

(iii) If a name is too long to be typed in full on the account number card, initials may be typed for the middle name or for the first and middle names, if necessary. Include "Jr." or "Sr." if part of name given.

(iv) Erasures are permitted if the result is neat and legible.

(v) Numerical sequence of Forms, OA–702 should be maintained.

(vi) If necessary to void a form, mark it "void" but include it in series sent to this office.

(vii) When OA–702's are prepared and account numbers assigned, the account number should be transcribed from OA–702's to the upper right-hand corner of the corresponding CER–1 in the space between the heading and the black corner.

The original account number card (right-hand portion) of Form OA–702 should be delivered to the employee. The original of Form OA–702 (left-hand portion) and Form CER–1 should be forwarded to the Bureau of Accounts, Railroad Retirement Board, Washington, D. C. The carrier may retain the right-hand portion of the duplicate Form OA–702 (Duplicate Account Number Card Portion) if desired, or it may be forwarded to the Bureau of Accounts. The left-hand portion of the duplicate copy of Form OA–702 should be sent to:

Washington Regional Office,
Social Security Board,
Bond Building,
New York Avenue & 14th St. NW.
Washington, D. C.

The duplicate copy of Form CER–1 may be retained by the employer.

(4) Employers who do not have a supply of Forms OA–702 will forward to the Bureau of Accounts, Railroad Retirement Board, Forms CER–1, covering employees who have not previously received an account number. The Board will thereupon prepare Form OA–702 and forward the account number card to the employer for recording the number, and delivery to the employee.

(d) Other problems which may arise at the time of filling out Form CER–1 and with which the employer should be familiar in order to expedite delivery of the account numbers to employees are set forth below:

(1) *Corrections.*—All applications for correction of data previously furnished by the employee as a basis for the issuance of the account number, or correction in the account number card should be made over the signature of the employee concerned. This includes changes in names on account of marriage. The employee should prepare a corrected Form CER–1, inserting the correct information in all cases. The form should also show the word "Correction" at the top of the form. The employee's account number should be shown under Item 14, if he has been assigned one. All applications for corrections in records (Form CER–1) should be forwarded to the Bureau of Accounts, Railroad Retirement Board, Washington, D. C. If the correction involves a change of the name on the account number card, this card should be returned with the Form CER–1 and a corrected Account Card will be forwarded to the employer for delivery to the employee.

(2) *Applications for duplicate account number cards.*—Applications for duplicate account number cards will be made on Form CER–1 over the signature of the employee. Applications for duplicate account number cards should be addressed to the Bureau of Accounts, Railroad Retirement Board, Washington, D. C. In all applications for duplicate account number cards the reason should be indicated in the answer to question 14 as to why a duplicate card is necessary. Usually this will be because the original has been lost. If insufficient room is available in which to supply this explanation, a supplementary statement should be attached.

(3) *Cancellations.*—The question of cancellations of account numbers for employees who hold two or more numbers should be handled as follows: If an employee holds two or more numbers, the first number issued, regardless of origin, should be retained by him, and subsequent account number cards should be picked up from the employee and forwarded to the Bureau of Accounts, Railroad Retirement Board, Washington, D. C., with a letter of explanation indicating the account number which was retained by the employee.

(4) *Assignment of numbers to former employees who have left the service before receiving an account number.*—If an employee applies for an account number on Form CER–1 but leaves the service of his employer before receiving his account number card, every possible effort should be made to deliver the employee's account number card to him. Where such delivery is impossible, the account number card should be forwarded to the Bureau of Accounts, Railroad Retirement Board, for filing and for reference in case of future inquiries concerning such number. If an employee leaves the service of his employer before having applied for an account number, an effort should be made to locate the former employee and have him prepare Form CER–1, at the same time getting his mailing address for delivery of account number upon assignment. If the former employee cannot be located, the employer should prepare Form CER–1, inserting all available information concerning the employee, including any information that might be helpful to subsequent identification even though not provided for by the form. This type of application should clearly state on Line 14 that the employer filed the Form CER–1 because he was unable to locate the former employee. The signature of the employer should be entered on Line 16, followed by the word employer. If signature is stamped or typed, it should be initialed. If the employer cannot furnish the complete information called for on CER–1, an account number may be assigned subject to the minimum requirement of the name, place of employment, occupation, race and sex. Employers who are supplied with Forms OA–702 should prepare this form and forward it without detaching the identification card to the Bureau of Accounts, Railroad Retirement Board, accompanied by the CER–1. The lower portion of the identification card should be noted "Undeliverable."

(5) *Employees who refuse to sign CER–1.*—Where employees refuse to sign Forms CER–1 for religious or other reasons, the necessary information should be secured from employee, if possible. If the employee refuses any information, all data available to the carrier should be inserted on both the Form CER–1 and the Form OA–702, if in use, together with an explanation such as "Employee refuses to sign—religious conviction," or whatever the reason may be. The account number card should be delivered to the employee. Form CER–1 and Form OA–702 should be forwarded to the Bureau of Accounts, Railroad Retirement Board, Washington, D. C.

(6) *Employees who previously submitted application for an account number not yet received.*—An employee who has previously submitted an application Form CER–1 or SS–5 but has not received an account number should prepare Form CER–1, indicating on Line 14 the name of the employer for whom he was working at the time the original application was filed. All CER–1 forms of this type should be forwarded immediately to the Bureau of Accounts, Railroad Retirement Board, Washington, D. C. If our alphabetical files show that the employee has been assigned an account number, either the original account number card or a duplicate bearing the account number will be mailed to the present employer for delivery to the employee concerned. If a check develops the fact that no number has been assigned the employee, the CER–1 will be treated as an original and a number assigned and mailed to the employer for delivery to the employee. If the account number is not received by the date reports are prepared, the account number column of the reporting Form should be left blank and the employees without numbers re-listed on additional sheets of such form, as prescribed under Section 50.03 (c) (3).

(7) *Account number cards undelivered because of death of employee.*—If an employee dies before an account number card is received, the account number card should be delivered to his wife or next surviving relative. If this is impossible, make appropriate notation on the account number cards and forward to the Bureau of Accounts, Railroad Retirement Board, where they will be filed.

(e) This section became effective January 1, 1938. (Sec. 10, 50 Stat. 315; 45 U. S. C. Sup. III, 228j.)

SEC. 50.05. *Employers to distribute annual statements of compensation.*—Upon the basis of compensation reports furnished to the Board under Section 50.03 of these regulations, the Board will annually forward to employers copies of statements of the annual compensation of employees as reported to the Board under Section 50.03 and it shall, except for good cause shown to the Board, be

the duty of each employer receiving such annual reports of compensation promptly to distribute them to each individual to whom the report is applicable. Distribution of these reports shall be completed within ninety days following the date on which they are received by the employer and if at the end of such ninety-day period any reports have not been distributed to any employee to whom the report is applicable, the employer shall note thereon the reason for its failure to make distribution as required by this section and the last address of the employee known to the employer, and shall return all such undistributed reports to the Board. (Secs. 8, 10, 50 Stat. 313, 316; 45 U. S. C. Sup. III, 228h, 228j.)

SEC. 50.06. *Reports of employee representatives.*—An initial report setting forth the facts upon which he bases his status as an employee representative will be required of an individual claiming such a status. If the facts establish to the satisfaction of the Board that the individual claiming such status is an employee representative within the meaning of the Act and these regulations, he will be so advised and will thereafter be required to furnish to the Board periodic reports of his compensation as such, from and after January 1, 1937. These reports will be used for the adjudication and computation of his annuity upon qualification therefor. Proper forms and instructions will be furnished from time to time for use in making these reports. (Sec. 10, 50 Stat. 315; 45 U. S. C. Sup. III, 228j.)

SEC. 50.07. *Hearings.*—To such extent as may be necessary to determine (a) the employee or pension status of any individual or group of individuals, (b) the employer status of any company or person, and (c) any other matter arising in or necessary for the administration of the Railroad Retirement Acts of 1935 and 1937, the Board may itself or through a member or a designated subordinate or subordinates, require and compel the attendance of witnesses and the production of records and documents, administer oaths, take testimony, make all pertinent investigations and findings of fact and render decisions upon such findings. (Sec. 10, 50 Stat. 314; 45 U. S. C. Sup. III 228j.)

SEC. 50.08. *Witnesses.*—In any hearing before the Appeals Council, the Board, a member thereof, or a designated subordinate or subordinate witnesses may be summoned to appear and give testimony.

Designation by the Board of any person or persons to preside at and conduct such hearings shall constitute a delegation of authority to such person or persons to require and compel the attendance of witnesses, to administer oaths, and to take testimony. (Sec. 10, 50 Stat. 314; 45 U. S. C. Sup. III, 228j.)

SEC. 50.09. *Application for Witnesses.*—The Appeals Council, the Board, a member thereof, or a designated subordinate or subordinates conducting a hearing may upon its or their own motion or upon application of any party to such hearing issue a subpoena for a witness or witnesses. The application shall be by affidavit filed with the body or person conducting the hearing within such period of time as will permit service and return of a subpoena prior to the date set for the hearing at which the witness is to appear but in no case shall such application be filed later than ten days prior to the date of hearing. The application shall set forth

(1) the name of the witness,

(2) his address,

(3) the title of the matter to be heard, i. e., names of parties,

(4) the issue to which the testimony of the witness will be directed,

(5) the substance of the testimony which such witness is expected to give or the facts to which such witness will testify,

(6) the books, papers, or documents which are requested, if a subpoena duces tecum is applied for.

In addition to the above the party filing such application shall, at the time of filing, deposit therewith a sum of money sufficient to cover the fees and mileage of the witness, or in lieu thereof, shall state in the application that satisfactory arrangements have been made with the witness for the direct payment of his fees and mileage and any other allowable expense. (Sec. 10, 50 Stat. 314; 45 U. S. C. Sup. III, 228j.)

SEC. 50.10. *Petition for Summoning Recalcitrant Witness.*—In connection with any hearing a party thereto may petition the Appeals Council, the Board, a member thereof, or a designated subordinate or subordinates to subpoena, upon its or their own motion, a witness or witnesses. The petition shall be in writing under oath and be filed with the body or person conducting the hearing within the time limit prescribed for an application for subpoena, shall set forth the same information required in an application for subpoena and in addition thereto shall show (1) that the person or persons named therein as witnesses will not appear voluntarily and (2) that a failure of such person or persons to appear and testify will operate to prejudice substantive rights of the petitioner.

The body or person designated to conduct the hearing shall upon receipt of the petition determine whether the fact to which it is alleged the witness will testify or the testimony which it is alleged the witness will give is material and relevant and if such body or person finds that such fact or testimony is material and relevant it or he shall either subpoena such witness upon its or his own motion or by agreement of all parties to the hearing, except the petitioner, shall stipulate and agree in the record that such witness would testify as alleged in the petition or (if the petition be for the production of books, papers or documents) that the records requested would appear as alleged. The body or person shall also have the power to deny any part of a petition which in its or his judgment is not material or relevant to the issues to be heard. If, in the judgment of the body or person designated to conduct the hearing the testimony which it is alleged the witness will give is merely cumulative, or immaterial or irrelevant the petition may be denied. (Sec. 10, 50 Stat. 315; 45 U. S. C. Sup. III, 228j.)

SEC. 50.11 *Service of Subpoenas.*—Service of subpoenas issued under Section 50.08 shall be made by any individual designated by the Board. Such individual shall deliver to the person or persons named therein a copy of the subpoena and at that time tender to the person or persons the fees for one day's attendance and the mileage allowed by law, provided, however, that if the witness or witnesses be summoned to appear upon motion of the body or person designated to conduct the hearing no fees or mileage need be tendered. Fees and mileage allowed shall be in the same amount as is allowed to witnesses in the Courts of the United States. Sec. 10, 50 Stat. 315; 45 U. S. C. Sup. III, 228j.)

SEC. 50.12 *Returns.*—The person serving the subpoena shall make affidavit on the original subpoena of the manner and time of service and shall file such original subpoena with the person or body by whom it was issued. (Sec. 10, 50 Stat. 315; 45 U. S. C. Sup. III, 228j.)

SEC. 50.13. *Examiners.*—The Board may refer proceedings to an examiner for hearing and determination of any or all issues raised. Such appointment made in writing and entered upon the minutes of the Board shall constitute authorization for the examiner to preside at and conduct hearings, require and compel the attendance of witnesses, administer oaths, take testimony and cause the same to be recorded, and do such other acts as may be necessary for the hearing and determination of the issues referred. (Sec. 10, 50 Stat. 314; 45 U. S. C. Sup. III, 228j.)

SEC. 50.14. *Procedure when examiner appointed.*—When the taking of testimony has been completed the examiner shall as soon as practicable mail to each party at the address stated in his appearance a transcript of the record of the proceedings had before the examiner. Thereafter, the examiner shall give all parties participating in the hearing the opportunity for presentation to him of argument upon both law and facts. Upon conclusion of the proceedings before him, the examiner shall prepare an examiner's report, which, together with the record of the proceedings before him shall be submitted to the Board. The report shall set forth the examiner's findings of fact, conclusions of law, and recommendations as to decision. The report may also contain such discussion of the question raised, both legal and factual, as the examiner may desire to present to the Board.

A copy of the examiner's report shall be served by the examiner upon each party participating in the hearing by mailing such copy to him at the address stated in his appearance.

Each party shall within twenty days (exclusive of Sundays and legal holidays in the District of Columbia) after the date of mailing to him of the examiner's report, file with the Board and serve upon other parties by mailing to their addresses as stated in their appearances such exceptions in writing as he desires to make to the examiner's findings of fact and conclusions of law. Each exception shall specifically designate the particular finding of fact or conclusion of law to which objection is taken, and shall set forth in detail the grounds of the objection. General exceptions and exceptions not specifically directed to particular findings of fact or conclusions of law will not be considered by the Board. Exceptions to findings of fact shall make specific reference by page numbers to those portions of the record upon which reliance is placed.

Each party shall have ten days after receipt of exceptions taken by other parties in which to file with the Board replies to the exceptions. Replies to exceptions to findings of fact shall make specific reference by page numbers to those portions of the record upon which reliance is placed.

The Board may upon the application of a party and for cause shown extend the time for filing and serving of exceptions or filing of replies thereto.

The Board will render its decision upon the record, the examiner's report, and such exceptions and replies thereto as are made. Where the record is voluminous (more than one hundred pages including exhibits) the Board will consider only such points of law and fact as are specifically raised by the exceptions and such other points, if any, which it deems necessary for decision; and will examine only those portions of the record to which its attention is specifically directed, and such other portions of the record, if any, as the Board deems necessary.

The examiner's report shall be advisory only and the Board may, in any case, exercise its right to reject or adopt the examiner's report in whole or in part or adopt such report with modifications. The examiner's report, while advisory, shall nevertheless be presumed to be correct. Findings of fact to which no exceptions are taken will, subject only to the power of the Board upon its own consideration to reject or modify, stand confirmed.

The decision of the Board shall be communicated to the parties participating in the hearing within thirty days of the date upon which the decision of the Board is entered upon its records. (Sec. 10, 50 Stat. 314; 45 U. S. C. Sup. III, 228j.)

PART 55. RECOVERY OF ERRONEOUS PAYMENTS

Sec.
55.01. Statutory provisions.
55.02. Erroneous payments.
55.03. When erroneous payments to be recovered.
55.04. Methods of recovering erroneous payments.
55.05. Recovery by cash payment.
55.06. Recovery by set-off.
55.07. Recovery by deduction in computation of death benefit under 1937 Act.
55.08. Recovery by adjustment in connection with subsequent payments.
55.09. Effect of adjustment in connection with subsequent payments.
55.10. Waiver of recovery.
55.11. Waiver of methods of recovery.
55.12. Waiver not a matter of right; factors considered.

SEC. 55.01. *Statutory provisions.*—"(a) If the Board finds that at any time more or less than the correct amount of any annuity or pension has theretofore been paid to any individual under this Act or the Railroad Retirement Act of 1935, then, under regulations made by the Board, proper adjustments shall be made in connection with subsequent payments under such Acts to the same individual.

"(b) There shall be no recovery of payments of annuities, death benefits, or pensions from any person who, in the judgment of the Board, is without fault and if, in the judgment of the Board, such recovery would be against equity and good conscience. No disbursing officer shall be held liable for any amount paid by him to any person where the recovery of such amount is waived under this section." (Sec. 9, 50 Stat. 314; 45 U. S. C. Sup. III, 228i.)

SEC. 55.02. *Erroneous payments.*—An "erroneous payment", within the meaning of this section, shall have been made in any case in which an individual receives, as a payment under the 1937 Act or the 1935 Act, a payment all or part of which he is not entitled to receive. (Secs. 9, 10, 50 Stat. 314; U. S. C. Sup. III, 228i, 228j.)

SEC. 55.03. *When erroneous payments to be recovered.*—Erroneous payments shall be recovered in all cases except those in which recovery is waived under Section 55.10. (Secs. 9, 10, 50 Stat. 314; 45 U. S. C. Sup. III, 228i, 228j.)

SEC. 55.04. *Methods of recovering erroneous payments.*—Erroneous payments may be recovered by any one or any combination of the methods described in Sections 55.05, 55.06, 55.07 and 55.08. (Secs. 9, 10, 50 Stat. 314; 45 U. S. C. Sup. III, 228i, 228j.)

SEC. 55.05. *Recovery by cash payment.*—The Board shall have the right to require that erroneous payments be immediately and fully repaid in cash and any individual shall have the absolute right to repay such erroneous payments in this manner. (Secs. 9, 10, 50 Stat. 314; 45 U. S. C. Sup. III, 228i, 228j.)

SEC. 55.06. *Recovery by set-off.*—Any payments due an individual to whom erroneous payments were made, or due the estate or designee of such individual, may be applied toward satisfaction of the erroneous payments. Annuity payments due the surviving spouse of an individual by reason of a joint and survivor election may be applied toward satisfaction of any erroneous payments made to the individual or the surviving spouse. In any case in which the application of payments due does not effect complete recovery, the balance may be recovered by one or more of the other methods described in this section. (Secs. 9, 10, 50 Stat. 314; 45 U. S. C. Sup. III, 228i, 228j.)

SEC. 55.07. *Recovery by deduction in computation of death benefit under 1937 Act.*—In computing the death benefit under Section 5 of the 1937 Act with respect to the death of an individual, the Board shall include in the annuities to be deducted from 4 per centum of the aggregate compensation mentioned in that section all erroneous payments, not otherwise recovered, which were paid as annuities to the individual or to his surviving spouse by reason of a joint and survivor election. (Secs. 9, 10, 50 Stat. 314; 45 U. S. C. Sup. III, 228i, 228j.)

SEC. 55.08. *Recovery by adjustment in connection with subsequent payments.*—Adjustment with respect to erroneous payments received by any individual may be made by subtracting the total amount of the erroneous payments from the actuarial value, as determined by the Board, of any annuity or pension payments due and becoming due to such individual (or, if such individual be deceased, then any survivor annuities due and becoming due to his spouse) and recertifying such annuity or pension on the basis of the reduced actuarial value; provided, however, that in case an individual entitled to a joint and survivor annuity and his spouse are both alive, they may, upon their joint request, have the adjustment made by subtracting the total amount of the erroneous payments from the combined actuarial value of both their annuities and having both their annuities recomputed on the basis of the reduced actuarial value. The adjustment described in this section may not be made unless all of the following conditions are shown to exist: (a) That the person or persons whose annuities or pension are being adjusted are alive on the date that the annuity or pension is recertified and on the due date of the first annuity or pension payment affected by the adjustment; (b) That, on the dates mentioned in (a) above, there are annuities accruing or pensions becoming due to one of such persons; (c) That the Board has waived, in accordance with section 55.11, any right to recover by the methods described in sections 55.05 and 55.06, but has not waived recovery in accordance with section 55.10. (Secs. 9, 10, 50 Stat. 314; 45 U. S. C. Sup. III, 228i, 228j.)

SEC. 55.09. *Effect of adjustment in connection with subsequent payments.*—Adjustment by the method described in section 55.08 shall constitute a recovery of the amount of erroneous payments included in the adjustment. (Secs. 9, 10, 50 Stat. 314; 45 U. S. C. Sup. III, 228i, 228j.)

SEC. 55.10. *Waiver of recovery.*—Recovery of erroneous payments may be waived in whole or in part if, in the judgment of the Board, the individual who received the erroneous payments is without fault and if, in the judgment of the Board, such recovery by any of the

methods described in sections 55.05, 55.06, 55.07 and 55.08 would be against equity and good conscience. (Secs. 9, 10, 50 Stat. 314; 45 U. S. C. Sup. III, 228i, 228j.)

SEC. 55.11. *Waiver of methods of recovery.*—The Board may waive any right to recover all or any part of the erroneous payments by any one or more methods without waiving the right to recover by some other method or methods if, in the judgment of the Board, the individual is without fault and if, in the judgment of the Board, recovery by the methods waived would be against equity and good conscience and recovery by such other methods would not be against equity and good conscience. (Secs. 9, 10, 50 Stat. 314; 45 U. S. C. Sup. III, 228i, 228j.)

SEC. 55.12. *Waiver not a matter of right; factors considered.*—A waiver under section 55.10 or 55.11 is not a matter of right, but is at all times within the judgment of the Board. The following, while neither controlling nor fully measuring the discretion of the Board, indicate the character of reasons which will be considered: (a) whether the erroneous payment was caused by an incorrect statement made by the individual receiving such payment, and the individual knew or should have known it was incorrect; (b) whether the erroneous payment was caused by the failure of the individual to disclose facts or make a statement which he knew or should have known to be material; (c) whether, at the time or times of receipt of payments the individual knew or should have known the amount thereof to be incorrect and failed to inquire or advise the Board of the incorrectness of the amount of the payment or payments; (d) the extent to which the individual is dependent upon the current payment of his annuity or pension for the necessities of life; (e) whether the individual has, by reason of the erroneous payment, changed his position in such manner as to make recovery a severe hardship. (Secs. 9, 10, 50 Stat. 314; 45 U. S. C. Sup. III, 228i, 228j.)

PART. 60. APPEALS WITHIN THE BOARD

Sec.
60.01. Initial decisions by Claims Service.
60.02. Appeal from an initial decision of the Claims Service.
60.03. Final appeal from a decision of the Appeals Council.
60.04. Effective date of this part and application thereof to decisions made prior to such date.

SEC. 60.01. *Initial decisions by the Claims Service.*—(a) Claims will be adjudicated and initial decisions made by the Claims Service upon the basis of the application, the evidence submitted by the applicant, and evidence otherwise available. Adjudication and initial decision will be in accordance with instructions issued by the Board. (b) Notice of an initial decision shall be communicated by the Claims Service to the applicant in writing within thirty days after such decision is made. (Sec. 10, 50 Stat. 315; 45 U. S. C. Sup. III, 228j.)

SEC. 60.02. *Appeal from an initial decision of the Claims Service.*—(a) Every applicant shall have a right to appeal to the Appeals Council from any initial decision of the Claims Service by which he claims to be aggrieved. The Appeals Council shall consist of five members, one of whom shall have legal training and shall be the chairman. Each other member shall have a background of experience in the railroad industry calculated to familiarize him with the practices, procedures, and conduct prevailing in the railroad industry; two of such members shall have a background of experience in the representation of employee organizations, and two shall have had experience calculated to familiarize them with the problems of railway management. (b) Appeal from an initial decision of the Claims Service shall be made by the execution and filing of the appeal form prescribed by the Board, and must be filed with the Appeals Council within one year from the date upon which notice of the initial decision is mailed to the applicant at the address furnished by him. (c) The right to further review of an initial decision of the Claims Service shall be forfeited unless formal appeal is filed in the manner and within the time prescribed herein. (d) In the event that the applicant makes informal complaint without taking formal appeal, which complaint is not eliminated by explanation of the basis of the initial decision of the Claims Service, the Appeals Council shall endeavor to ascertain, by correspondence or conference with the applicant, whether he takes issue with any point of fact or law involved in the initial decision of the Claims Service, and, if so, whether the applicant desires to take a formal appeal to the Appeals Council. In the latter event, he shall be supplied with the appeal form prescribed by the Board, which form shall be duly executed and filed before the applicant is considered to have made an appeal. (e) The appellant, or his representative, shall be afforded full opportunity to present further evidence upon any controversial question of fact, orally or in writing or by means of exhibits; to examine and cross-examine witnesses; and to present argument in support of the appeal. If, in the judgment of the Appeals Council, evidence not offered by the appellant is available and relevant and is material to the merits of the claim, the Appeals Council shall obtain such evidence upon its own initiative. The Appeals Council shall protect the record against scandal, impertinence and irrelevancies, but the technical rules of evidence shall not apply. (f) In the development of appeals, the Appeals Council shall have power to hold hearings, require and compel the attendance of witnesses, administer oaths, take testimony, and make all necessary investigations. (g) All oral evidence presented at any hearing shall be reduced to writing. All evidence presented by the appellant and all evidence developed by the Appeals Council shall be preserved. Such evidence, together with a record of the arguments, oral or written, and the file previously made in the adjudication of the claim, shall constitute the record for decision of the appeal. After an appeal form is filed, the compilation of the record shall be initiated by the inclusion therein of the file made in the adjudication of the claim; the compilation of the record shall be kept up to date by the prompt addition thereto of all parts of the record subsequently developed. The entire record at any time during the pendency of an appeal shall be available for examination by the appellant or his representative. (h) Upon completion of the record, the Appeals Council shall render decision thereon as soon as practicable, and within thirty days after the making thereof, such decision shall be communicated to the appellant in writing. Decision shall be taken by unanimous vote of the members of the Appeals Council, and such decision shall be either a decision upon the merits of the appeal, or a decision to certify the entire record as an automatic appeal to the Board. (Sec. 10, 50 Stat. 315, 45 U. S. C. Sup. III, 228j.)

SEC. 60.03. *Final appeal from a decision of the Appeals Council.*—(a) Every appellant shall have a right to a final appeal to the Railroad Retirement Board from any decision of the Appeals Council by which he claims to be aggrieved. (b) Final appeal from a decision of the Appeals Council shall be made by the execution and filing of the final appeal form prescribed by the Board, except as provided in paragraph (h) of section 60.02, and must be filed with the Board within four months from the date upon which notice of the decision by the Appeals Council is mailed to the appellant at the address furnished by him. As used herein, a month shall be considered to have elapsed between any date and the date corresponding thereto in the next succeeding month. (c) The right to further review of a decision of the Appeals Council shall be forfeited unless formal final appeal is filed in the manner and within the time prescribed herein. (d) Upon final appeal to the Board, no additional evidence shall be received. In the event that the appellant shows that he is ready to present further material evidence, which for any reason he was not able to present to the Appeals Council, the claim shall be referred back to the Appeals Council for presentation of the further evidence. Upon receipt of such further evidence the Appeals Council shall transmit to the Board a transcript thereof together with its recommendation to the Board for final decision. (e) The decision of the Board shall be made upon the record of evidence and argument which has been made in the handling of the case before final appeal to the Board. Further argument will not be permitted except upon a showing by the appellant that he has arguments to present which for valid reasons he was unable to present at an earlier stage, and in cases where the Board requests further elaboration of the appellant's arguments. In such cases, the further argument shall be submitted orally or in writing, as the Board may indicate in each case, and shall be subject to such restrictions as to form, subject matter, length and time as the Board may indicate to the appellant. (Sec. 10, 50 Stat. 315; 45 U. S. C. Sup. III, 228j.)

SEC. 60.04. *Effective date of this part and application thereof to decisions made prior to such date.*—(a) The effective date of this part of the regulations shall be February 1, 1938. (b) All decisions upon applications for annuities or death benefits made by the Board prior to the effective date of these regulations shall be subject to review and reconsideration under these regulations, and for such purpose any such decision shall constitute an initial decision by the Claims Service as that term is used in these regulations. (c) For the purpose of applying the several limitations of time contained in these regulations, every decision made prior to the effective date of these regulations, by the Board or by the Claims Service, upon any application for annuity or death benefits, shall be considered to have been mailed to the applicant on the effective date of these regulations. (Sec. 10, 50 Stat. 314; 45 U. S. C. Sup. III, 228j.)

PART 62. MISCELLANEOUS

Sec.
62.01. Penalties.
62.05. Exemption.
62.10. Free transportation.
62.15. Office of the Board.
62.16. Service of process on the Board.
62.17. Actuarial Advisory Committe statutory Provision.
62.18. Actuaries to be recommended annually by employees and carriers.
62.19. Qualification, compensation and term of office of actuaries.

SEC. 62.01. *Penalties.*—"Any officer or agent of an employer, as the word 'employer' is hereinbefore defined, or any employee acting in his own behalf, or any individual whether or not of the charcter hereinbefore defined, who shall willfully fail or refuse to make any report or furnish any information required, in accordance with the provisions of section 10 (b) 4, by the Board in the administration of this Act or the Railroad Retirement Act of 1935, or who shall knowingly make or cause to be made any false or fraudulent statement or report when a statement or report is required to be made for the purpose of such acts, or who shall knowingly make or aid in making any false or fraudulent statement or claim for the purpose of causing an award or payment under such Acts, shall be punished by a fine of not more than $10,000 or by imprisonment not exceeding one year." (Sec. 13, 50 Stat. 316; 45 U. S. C. Sup. III, 228m.)

SEC. 62.05. *Exemption.*—"No annuity or pension payment shall be assignable or be subject to any tax or to garnishment, attachment or other legal process under any circumstances whatsoever, nor shall the payment thereof be anticipated." (Sec. 12, 50 Stat. 316; 45 U. S. C. Sup. III, 228 letter l.)

SEC. 62.10. *Free transportation.*—"It shall not be unlawful for carriers by railroad subject to this Act to furnish free transportation to individuals receiving annuities or pensions under this Act or the Railroad Retirement Act of 1935 in the same manner as such transportation is furnished to employees in their service." (Sec. 18, 50 Stat. 318; 45 U. S. C. Sup. III, 228n.)

SEC. 62.15. *Office of the Board.*—The only office established by the Board is in the District of Columbia. (Headquarters of field forces are not offices within the meaning of this section.) (Sec. 10, 50 Stat. 314; 45 U. S. C., Sup. III, 228j.)

SEC. 62.16. *Service of process.*—No officer or employee of the Board is authorized to accept or receive service of subpoenas, summons or other judicial process except as the Board may from time to time delegate such authority by power of attorney. The Board has issued such power of attorney to the General Counsel. (Sec. 10, 50 Stat. 314, 315; 45 U. S. C. Sup. III, 228j, 228k.)

SEC. 62.17. *Actuarial Advisory Committee—statutory provision.*—"The Board is hereby authorized and directed to select two actuaries, one from recommendations made by representatives of employees and the other from recommendations made by representatives of carriers. These actuaries, along with a third who shall be designated by the Secretary of the Treasury, shall be known as the Actuarial Advisory Committee with respect to the Railroad Retirement Account. The committee shall examine the actuarial reports and estimates made by the Railroad Retirement Board and shall have authority to recommend to the Board such changes in actuarial methods as they may deem necessary. The compensation of the members of the committee of actuaries, exclusive of the member designated by the Secretary, shall be fixed by the Board on a per diem basis." (Sec. 15 (c), 50 Stat. 317; 45 U. S. C., Sup. III, 228o.)

SEC. 62.18. *Actuaries to be recommended annually by employees and carriers.*—In accordance with section 62.17 above the Board shall on July 1, 1939 and annually thereafter on July 1 select two actuaries to serve as members of the Actuarial Advisory Committee for that year. One of such actuaries shall be selected from recommendations made by "carrier representatives." "Carrier representatives," as used herein, shall mean any organization formed jointly by the express companies, sleeping-car companies and carriers by railroad subject to Part 1 of the Interstate Commerce Act which own or control more than 50 per cent of the total railroad mileage within the United States.

Such "carrier representatives" shall submit their recommendations for a new member of the Actuarial Advisory Committee prior to July 1 of each year.

The other member of the Actuarial Advisory Committee to be selected by the Board shall be recommended by "representatives of employees."

"Representatives of employees", as used in this section, shall mean any organization or body formed jointly by a majority of railway labor organizations organized in accordance with the provisions of the Railway Labor Act, as amended, or any individual or committee authorized by a majority of such railway labor organization to make such recommendation.

These "representatives of employees" shall submit their recommendations for a new member of the Actuarial Advisory Committee prior to July 1 of each year. (Sec. 15, 50 Stat. 317; 45 U. S. C. Sup. III, 228j, 228o.)

SEC. 62.19. *Qualifications, compensation and term of office of actuaries.*—No individual shall be selected as a member of the Actuarial Advisory Committee who does not under applicable provisions and regulations of the Civil Service Commission possess qualifications in actuarial training and experience sufficient to enable him actively to assume the duties and responsibilities of such appointment. The compensation of each of the two members selected as members of the Actuarial Advisory Committee shall not exceed the maximum per diem permitted under Civil Service classification and regulations for each day that such member shall engage in the performance of the duties prescribed in section 62.17. The Board will provide the Actuarial Advisory Committee with offices, supplies and equipment and such clerical and stenographic assistants from its regular staff of employees as shall be necessary to the performance of the duties prescribed in section 62.17.

The actuaries selected as members of the Actuarial Advisory Committee shall be appointed for a period not to exceed one year or until June 30 of the year following their respective appointments, whichever period is less; provided, however, that if no new recommendation be made by or requested from "carrier representatives" or "representatives of employees" for their member of the committee, the member then holding such appointment shall continue to hold such appointment until June 30 of the following year or until June 30 following a new recommendation by such member's sponsors. (Secs. 10, 15, 50 Stat. 314, 317; 45 U. S. C. Sup. III, 228j, 228o.)

PART 65. APPLICABILITY OF 1935 OR 1937 ACT

Sec.
65.01. Annuities granted prior to June 24, 1937
65.02. Applicability of 1935 or 1937 Act to other cases
65.03. Modification of 1935 Act by Section 202 of Act of June 24, 1937
65.04. Adjudication under the 1935 Act

SEC. 65.01. *Annuities granted prior to June 24, 1937.*—The Railroad Retirement Act of 1935 shall continue in force and effect with respect to the rights of individuals granted annuities prior to June 24, 1937, except as provided in section 65.03. (Secs. 10, 204, 50 Stat. 314, 319; 45 U. S. C. Sup. III, 228j, 215.)

SEC. 65.02. *Applicability of 1935 or 1937 act to other cases.*—All claims in which no annuity was granted prior to June 24, 1937 are to be adjudicated under the 1937 Act except: (a) the claims of individuals (and of spouses and next of kin of such individuals) who, prior to June 24, 1937 have (1) relinquished all rights to return

to the service of a carrier as defined in the 1935 Act or ceased to be employee representatives, as defined in the 1935 Act, and (2) become eligible for annuities under the provisions of the 1935 Act, and (b) in the case of an individual who (1) did not prior to June 24, 1937 relinquish rights to return to the service of a carrier as defined in the 1935 Act and (2) can have an annuity begin to accrue prior to June 24, 1937, the claim shall be adjudicated under the 1937 Act, but substantial rights under the 1935 Act which accrued prior to June 24, 1937 shall be preserved. (Secs. 10, 202, 50 Stat. 314, 318; 45 U. S. C. Sup. III, 228j, 215.)

SEC. 65.03. *Modification of 1935 act by section 202 of act of June 24, 1937.*—With respect to claims which are to be adjudicated under the 1935 Act in accordance with section 65.02 (a), the following provisions, not contained in the 1935 Act, are to apply:

(a) No reduction shall be made in any annuity certified after June 24, 1937 by reason of continuance in service after age sixty-five.

(b) Service rendered prior to August 29, 1935, to a company which on that date was was a carrier as defined in the 1935 Act, shall be included in the service period in connection with any annuity certified in whole or in part by the Board after June 24, 1937, irrespective of whether at the time such service was rendered such company was a carrier as defined in the 1935 Act; and service rendered prior to August 29, 1935, to any express company, sleeping-car company, or carrier by railroad which was a predessor of a company which on that date was a carrier as defined in the 1935 Act, shall also be included in the service period in connection with any annuity certified in whole or in part by the Board after June 24, 1937, irrespective of whether at the time such service was rendered such predecessor was a carrier as defined in the 1935 Act.

(c) Annuity payments due an individual under the 1935 Act but not yet paid at death shall be paid to a surviving spouse if such spouse is entitled to an annuity under an election made pursuant to the provisions of Section 5 of the 1935 Act; otherwise they shall be paid to such person or persons as the deceased may have designated by a writing filed with the Board prior to his death, or if there be no designation, to the legal representative of the deceased. (Secs. 10, 202, 203, 50 Stat. 314, 318; 45 U. S. C. Sup. III, 215, 228j.)

SEC. 65.04. *Adjudication under the 1935 Act.*—The following regulations, to the extent that they are not in conflict with other sections of this part; shall apply to the adjudication of annuities under the 1935 Act, and to the rights which an individual may have accured under that Act:

(a) *Definition of Employee under the 1935 Act.*—The term "employee" means any individual (1) who shall be on August 29, 1935 or shall have been at any time after August 29, 1935 in the service of a carrier, or (2) who shall be on August 29, 1935 or shall have been at any time after August 29, 1935 in the employment relation to a carrier, and (3) each officer or other official representative of an "employee organization," who before or after August 29, 1935 has performed service for a carrier, who on August 29, 1935 or at any time after August 29, 1935 is or shall be duly designated and authorized to represent employees in accordance with the Railway Labor Act, and who, during, or immediately following employment by a carrier, is, shall be, or shall have been engaged in such representative service in behalf of such employees. (Sec. 1, 49 Stat. 967; 45 U. S. C. Sup. II, 215.)

(b) *Definition of annuity under 1935 act.*—The term "annuity" means a fixed sum payable at the beginning of each month during retirement, ceasing at death except as otherwise provided in paragraph (i) hereof or at resumption of service for which an employee receives compensation. (Sec. 1, 49 Stat. 967, 45 U. S. C. Sup. II, 215.)

(c) *Definition of compensation under 1935 act.*—The term "compensation" means any form of money remuneration for service, received by an employee from a carrier, including salaries and commissions, but shall not include free transportation nor any payment received on account of sickness, disability, pensions, or other form of relief. (Sec. 1, 49 Stat. 967; 45 U. S. C. Sup. II, 215.)

(d) *Definition of age under the 1935 act.*—The term "age" means age at the latest attained birthday. (Sec. 1, 49 Stat. 967; 45 U. S. C. Sup. II, 215.)

(e) *Eligibility for annuities under the 1935 act.*—The following-described employees, after retirement whether or not then in the service of a carrier, shall be paid annuities:

(1) An individual (without regard to the period of service and whether rendered before or after the enactment hereof), who either on August 29, 1935 or thereafter shall be sixty-five years of age or over.

(2) An individual who either on August 29, 1935 or who thereafter shall be fifty years of age or over and who shall have completed a service period of thirty years. An annuity paid under this subdivision shall be reduced by one-one-hundred-and-eightieth of such annuity for each month during all of which such employee may be less than sixty-five years of age at the time of the first annuity payment.

(3) An individual who either before or after August 29, 1935, shall have completed a service period of thirty years and who shall be after August 29, 1935 retired by the carrier on account of mental or physical disability. An annuity paid under this subdivision shall not be subject to the deduction specified in subdivision (2) of this paragraph. Applicants claiming full annuities by reason of disability but who were retired because the carrier ceased operations do not fall within the purview of this subdivision. Any annuity granted such an applicant under subdivision (2) above will be reduced by the appropriate amounts indicated in that subdivision.

(f) *Factual retirement under the 1935 act.*—If an employee ceases to engage in compensated carrier service by reason of a permanent disability, or if, while on leave of absence or furlough, he is prevented from returning to such service by reason of such a disability, and if he subsequently dies and such death occurred prior to June 24, 1937, he may be regarded as having been retired within the meaning of the 1935 Act, if, at the time his disability became permanent, he was not faced with impending death, or if faced therewith, his impending death was not apparent. In all such cases the fact of disability, the fact that it was permanent, and the fact that, at the time the disability became permanent, the employee was not faced with impending death, or, if faced therewith, that his impending death was not apparent, must be affirmed by the medical officer of the carrier, or, if the carrier does not have a medical officer, or if his affirmation cannot be secured, by the employee's private physician; and must, in all cases, be confirmed by the Board. (Sec. 3, 49 Stat. 969; 45 U. S. C. Sup. II, 217.)

(g) *Application, beginning date and computation.*—An annuity shall begin as of a date to be specified in a written application to be signed by the employee entitled thereto, and approved by the Board, which date shall not be more than sixty days before the filing of the application, nor before the date on which the first annuity shall have become due and payable. No annuity shall be due and payable until June 1, 1936. The annuity shall be payable on the 1st day of the month during the lifetime of the annuitant. Such annuity shall be based upon the service period of the employee and shall be the sum of the amounts determined by multiplying the total number of years of service not exceeding thirty years by the following percentages of the monthly compensation: 2 per centum of the first $50; 1½ per centum of the next $100; and 1 per centum of the compensation in excess of $150. The "monthly compensation" shall be the average of the monthly compensation paid to the employee by the carrier, except that where applicable for service before the effective date the monthly compensation shall be the average of the monthly compensation for all payroll periods for which the employee shall have received compensation from any carrier out of eight consecutive calendar years of such services ended December 31, 1931. No part of any monthly compensation in excess of $300 shall be recognized in determining any annuity. Any employee who shall be entitled to an annuity with a commuted value determined by the Board of less than $500 shall be paid such value in a lump sum. (Sec. 3, 49 Stat. 969; 45 U. S. C. Sup. II, 217.)

(h) *Annuities to employee representatives under the 1935 act.*—The annuity of an employee representative shall be, as near as may be, the same annuity as if he were still in the employ of his last former carrier. (Sec. 4, 49 Stat. 969; 45 U. S. C. Sup. II, 218.)

(i) *Payments at death under the 1935 act.*—If an individual receiving or entitled to receive an annuity shall die, the Board, for one year after the first day of the month in which the death occurred, shall pay an annuity equal to one-half of the annuity which such individual may have received or may have been entitled to receive, to the widow or widower of the deceased, or if there be no widow or widower, to the dependent next of kin of the deceased. (Sec. 5, 49 Stat. 970; 45 U. S. C. Sup. II, 219.)

(j) *Joint and survivor annuity under the 1935 act.*—(1) Any employee may elect, at any time prior to the certification of his annuity, to have the present value of the annuity apply to the payment of a reduced annuity to the employee during life and an annuity during the life of a surviving spouse. The present values and amounts of the annuity payments shall be determined on the basis of the combined annuity tables with interest at 3 per centum per annum.

(2) An election, a modification, or cancellation of a joint and survivor annuity may be made by the applicant, or if he is incompetent, by his duly appointed guardian, conservator, or committee at any time prior to the date that the claim is certified. (Sec. 5, 49 Stat. 970, 45 U. S. C. Sup. II, 219) (Sec. 10, 50 Stat. 314; 45 U. S. C. Sup. III, 228j.)

The President

APALACHICOLA NATIONAL FOREST—FLORIDA

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS certain lands adjacent to the Apalachicola National Forest, in the State of Florida, have been acquired, or are in process of acquisition, by the United States through the Farm Security Administration or its predecessors under authority of the National Industrial Recovery Act, approved June 16, 1933 (48 Stat. 195), and the Emergency Relief Appropriation Act of 1935, approved April 8, 1935 (49 Stat. 115); and

WHEREAS it appears that the said lands are suitable for national forest purposes and that it would be in the public interest to reserve such lands as part of the said Apalachicola National Forest:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, under and by virtue of the power vested in me by section 24 of the act of March 3, 1891, 26 Stat. 1095, 1103, as amended (U. S. C., title 16, sec. 471), the act of June 4, 1897, 30 Stat. 34, 36 (U. S. C., title 16, sec. 473), the said National Industrial Recovery Act, and the said Emergency Relief Appropriation Act of 1935, do proclaim that there are hereby reserved and set apart as an addition to the Apalachicola National Forest all lands which have been acquired or which are in course of acquisition by the United States through the Farm Security Administration or its predecessors within the area shown on the diagram attached and made a part hereof [1] under authority of the said National Industrial Recovery Act and the said Emergency Relief Appropriation Act of 1935.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of the United States to be affixed.

DONE at the City of Washington, this 21'' day of June in the year of [SEAL] our Lord nineteen hundred and thirty-eight, and of the Independence of the United States of America the one hundred and sixty-second.

FEDERAL REGISTER

Published by the Division of the Federal Register, The National Archives, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. L. 500), under regulations prescribed by the Administrative Committee, with the approval of the President.

The Administrative Committee consists of the Archivist or Acting Archivist, an officer of the Department of Justice designated by the Attorney General, and the Public Printer or Acting Public Printer.

The daily issue of the FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1 per month or $10 per year; single copies 10 cents each; payable in advance. Remit by money order payable to Superintendent of Documents, Government Printing Office, Washington, D. C.

Correspondence concerning the publication of the FEDERAL REGISTER should be addressed to the Director, Division of the Federal Register, The National Archives, Washington, D. C.

It is ordered, That respondent, Taylor Washing Machine Company, its agents, employees, and representatives, in connection with the offering for sale, sale and distribution of its washing machine products, in interstate commerce, do forthwith cease and desist, directly or indirectly, from representing:

(1) That a free home trial or a free home demonstration, or any home trial or home demonstration, or any trial or demonstration without contractual or financial obligation, red tape, or inconvenience, is offered or provided by respondent to members of the buying public, when such is not the fact;

(2) That any instrument in printed form or in writing, to which the name and signature of any member of the buying public is being, or to be, procured or signed thereto, which instrument constitutes, or is intended for, or is to be used as, a contract of purchase and sale of a washing machine, or the terms and provisions of which purport to bind the person signing the same to the purchase of a washing machine, is not such an instrument or contract; or that the said instrument is a receipt for a washing machine being, or to be, delivered for trial and demonstration, or for the purpose of showing that a machine is being delivered for trial and demonstration, or a necessary instrument for the company to have to show that a machine has been left during the term of trial and demonstration, or a form of insurance or protection covering the washing machine while in the prospective purchaser's possession, when in fact the said instrument constitutes, or is intended for, or is to be used as, a contract of purchase and sale for a washing machine;

(3) That any purported contract of purchase and sale procured, or the signature to which has been procured, through or by means of any representation prohibited by Paragraphs (1) and (2) of this order, is valid or enforceable, or that the signer thereto, or anyone, is in any way bound or obligated for or to the purchase of a washing machine;

(4) That assignment of future wages, or powers of attorney to assign future wages, or powers of attorney to appear in any court of record or in any court of Justice of the Peace, at any time and confess judgment, to release errors or the right of appeal from any so taken, or to consent to the issue of execution upon such judgment, in favor of the holder of a contract or instrument containing such assignments, or powers of attorney, upon default of the payment of moneys payable thereunder when the same becomes due, are valid or enforceable, when such is not the fact, or when the same have been, or are being, procured within the State of Indiana, or from persons employed and residing in the State of Indiana; or

(5) That the washing machine to be delivered to the purchaser of a washing machine is, or will be, the particular washing machine represented and sold to the purchaser at the time of sale and purchase, when such is not the fact, or when in fact the machine delivered, or to be delivered, is materially different from the particular washing machine purchased by said purchaser.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

TITLE 22—FOREIGN RELATIONS

DEPARTMENT OF STATE

[Departmental Order No. 761]

RULES PRESCRIBED PURSUANT TO SECTION 2 OF THE ACT OF MARCH 2, 1907, TO OVERCOME THE PRESUMPTION OF HAVING CEASED TO BE AN AMERICAN CITIZEN

1. Section 2 of the Act of March 2, 1907 (34 Stat., 1228; U. S. C., Title 8, Section 17), concerning expatriation provides as follows:

SEC. 2. That any American citizen shall be deemed to have expatriated himself when he has been naturalized in any foreign state in conformity with its laws, or when he has taken an oath of allegience to any foreign state.

When any naturalized citizen shall have resided for two years in the foreign state from which he came, or for five years in any other foreign state it shall be presumed that he has ceased to be an American citizen, and the place of his general abode shall be deemed his place of residence during said years: Provided, however, That such presumption may be overcome on the presentation of satisfactory evidence to a diplomatic or consular officer of the United States, under such rules and regulations as the Department of State may prescribe: And provided also, That no American citizen shall be allowed to expatriate himself when this country is at war.

2. Naturalized citizens against whom the presumption of expatriation shall have arisen, under the second paragraph of the section of law quoted above, because of protracted residence abroad may overcome such presumption upon presenting to a diplomatic or consular officer of the United States satisfactory evidence of the existence of any of the following facts:

(a) That they are residing abroad solely or principally as representatives of American trade and commerce, and that they intend eventually to return to the United States permanently to reside.

(b) That their residence abroad is in good faith for reasons of health or education in special subjects, and that they intend eventually to return to the United States permanently to reside.

(c) That some unforeseen and controlling exigency beyond their power to foresee has prevented their carrying out a bona fide intention to return to the United States within the time limited by law, and that it is their intention to return and reside permanently in the United States immediately upon the removal of the preventing cause.

(d) That they are residing abroad principally for the purpose of representing a recognized American educational, scientific, philanthropic, or religious organization, and that they intend eventually to return to the United States permanently to reside.

(e) That they reside in a foreign state other than that from which they came principally for the purpose of engaging independently in educational, philanthropic, or religious work or principally for the purpose of engaging independently in some legitimate professional or scientific occupation, for which work or occupation they were trained in American institutions; that such work or occupation is not inconsistent with American interests; that they maintain effective ties with the United States, and that they intend eventually to return to the United States permanently to reside.

(f) In the cases of naturalized American citizens residing in Canada, Mexico, the West Indies, Central America, or Panama, that they are following the profession of teaching in a recognized educational institution for which they were trained in an American institution, or that they are employed by a legitimate corporation or company or are principally engaged by or connected with a legitimate concern, which is effectively owned and controlled by a citizen or citizens of the United States and materially promotes the interests of this country, and that they intend eventually to return to the United States permanently to reside.

(g) That they have made definite arrangements to return immediately to the United States permanently to reside.

(h) In the cases of naturalized American citizens who have resided in the United States twenty years subsequent to their naturalization, have attained the age of sixty years, and have retired from active participation in professional or business pursuits, that they have during the period of their residence outside of the United States held themselves out as American citizens, have from time to time applied for American passports or to be registered as American citizens in American consulates, or satisfactorily explained their failure to do so, have maintained effective ties with the United States, and intend eventually to return to the United States permanently to reside.

3. The affidavits and other proofs required to overcome the presumption must set forth the specific facts and circumstances which bring the persons concerned under one or more of the above rules. Mere assertions even under oath of the existence of such specific facts and circumstances without corroborating proof will not ordinarily be accepted as sufficient.

4. The burden is upon an applicant who alleges that he has made definite arrangements to return immediately to the United States permanently to reside, under the provisions of Rule (g), to show that he is in good faith about to establish a permanent home in this country. If such a person is married it should clearly appear that he or she intends to be accompanied to the United States by his or her spouse and the minor unmarried members of their immediate family residing abroad. If the spouse and minor children are aliens and residing abroad, and if immigration visas have not yet been obtained and the failure to obtain them is satisfactorily explained, it should clearly appear that an effort is being made to obtain visas to enable such aliens to come to the United States in the immediate or near future permanently to reside. The allegation of a naturalized American citizen resting under the presumption that because of financial reasons he is unable to defray the expenses incident to the transportation of the members of his family to the United States will not of itself be considered as a sufficient reason for not bringing his or her family to the United States and will ordinarily vitiate the allegation that definite arrangements have been made to return immediately to the United States permanently to reside as is required under Rule (g).

5. Section 3 of the Act of September 22, 1922 (42 Stat., pt. 1, 1021; U. S. C., Title 8, Section 9), concerning the status of married women provided in part as follows:

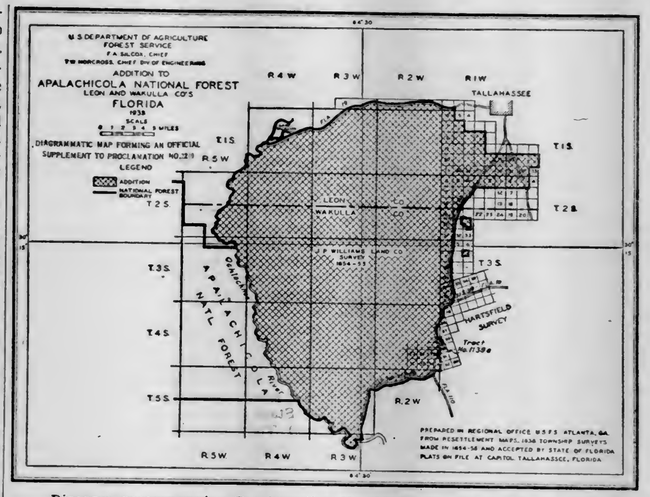

Diagram accompanying Proclamation No. 2289 appearing on Page 1505

SEC. 3. That a woman citizen of the United States shall not cease to be a citizen of the United States by reason of her marriage after the passage of this act, unless she makes a formal renunciation of her citizenship before a court having jurisdiction over naturalization of aliens: • • • If at the termination of the marital status she is a citizen of the United States she shall retain her citizenship regardless of her residence. If during the continuance of the marital status she resides continuously for two years in a foreign state of which her husband is a citizen or subject, or for five years continuously outside the United States, she shall thereafter be subject to the same presumption as is a naturalized citizen of the United States under the second paragraph of section 2 of the act entitled "An Act in reference to the expatriation of citizens and their protection abroad", approved March 2, 1907. • • •

The last two sentences of the above quoted provision of law were repealed by the Act of July 3, 1930. However, with respect to an American woman who was on July 3, 1930, resting under the presumption mentioned in the Act of September 22, 1922, and who has not since July 3, 1930, resumed permanent residence in the United States, she must in order to be eligible to receive the protection of the United States while abroad show by affidavits and other proofs that she was on the date when the presumption arose against her in a position to overcome it under Rules (a) to (f), inclusive.

6. *Special rule for China.*—The presumption of expatriation may also be overcome by a naturalized American citizen by showing that he resides in China in the employ of the Chinese Government in a capacity not inconsistent with his American citizenship and calculated to advance legitimate American interests, commercial or otherwise, and that he intends eventually to return to the United States to reside.

This Order supersedes all previous Departmental Orders prescribing rules whereunder the presumption of having ceased to be an American citizen may be overcome.

GENERAL LAND OFFICE

[Circular No. 1447]

PUBLIC SALE APPLICATIONS FOR LANDS IN GRAZING DISTRICTS ESTABLISHED UNDER AUTHORITY OF THE TAYLOR GRAZING ACT

JUNE 14, 1938.

Circular No. 684, dated November 23, 1934, which indicates that public sale applications must be restricted to tracts of unreserved public lands, is hereby amended by adding thereto the following:

PUBLIC SALE APPLICATIONS FOR LANDS IN GRAZING DISTRICTS ESTABLISHED UNDER AUTHORITY OF THE TAYLOR GRAZING ACT

29. *Statutory authority.*—Section 7 of the Taylor Grazing Act of November 26, 1934 (48 Stat. 1269), as amended by Section 2 of the act of June 26, 1936 (49 Stat. 1976), authorizes the Secretary of the Interior, in his discretion, to examine and classify any lands within a grazing district, established under authority of said act, which are more valuable or suitable for any other use than for the use provided for under said act, and to open such lands to entry, selection, or location for disposal in accordance with such classification under applicable public land laws. On April 4, 1938, the Department construed the said section as authorizing the Secretary of the Interior to classify lands within a grazing district for disposition at public sale.

30. *Action on applications.*—Applications for public sales of lands in grazing districts, made under authority of the appropriate public sale law and said Section 7 of the Taylor Grazing Act, as amended, must be accompanied by petitions for classification, as required by Circular No. 1353.[1] Such applications and petitions, when received by the register, will be acted upon by him in accordance with instructions contained in said circular. If the Division of Grazing shall report as to the land applied for that there is no objection to the classification and opening, the General Land Office, through the Division of Grazing, will recommend the classification of the land to the Secretary of the Interior. If and when the land is classified for disposition at public sale, the usual public sale procedure will be followed.

31. *Applicant will not secure preference right of entry.*—An applicant for the classification and public sale of lands in grazing districts will not secure a preference right of entry by reason of the filing of the application and petition.

TITLE 45—SECURITIES AND EXCHANGES

SECURITIES AND EXCHANGE COMMISSION

SECURITIES EXCHANGE ACT OF 1934

REGISTRATION ON AN ADDITIONAL EXCHANGE

Amendment of Rule JB1 and Amendment No. 1 to the Instructions for Form 8–C

The Securities and Exchange Commission, finding

(1) that the requirements of Form 8–C, as defined in the instructions to that form, are necessary and appropriate in the public interest and for the protection of investors, and that, insofar as the information required by such form is not within the provisions of Section 12 (b) of the Securities Exchange Act of 1934, it is of a character comparable to such information and is applicable to the class of issuers and securities for which such form is authorized; and

(2) that the action herein taken is necessary and appropriate in the public interest and for the proper protection of investors and to insure fair dealing in the securities registered on such form,

pursuant to authority conferred upon it by the Securities Exchange Act of 1934, particularly Sections 12 and 23 (a) thereof, hereby takes the following action:

I. The paragraph of Rule JB1 [X–(Sec. 10.X–JB1)] under the caption "Form 8–C [Sec. 11.8–C] for Registration on an additional Exchange" and the paragraph under the caption "Rule for the Use of Form 8–C [Sec. 11.8–C]", at the beginning of the instructions for such form are amended by deleting subparagraphs (a) and (b) thereof and inserting after the word "if" in the third line the words "securities of the registrant are registered pursuant to Section 12 (b), (c) and (d) [c. 404, Sec. 12, 48 Stat. 892; c. 462, Sec. 1, 49 Stat. 1375; 15 U. S. C., 781 and Sup. III] on another exchange."

The rule as amended reads as follows:

"This form may be used for applications for registration of securities on an exchange upon which no securities of the registrant are listed and registered, if securities of the registrant are registered pursuant to Section 12 (b), (c) and (d) [c. 404, Sec. 12, 48 Stat. 892; c. 462, Sec. 1, 49 Stat. 1375; 15 U. S. C., 781 and Sup. III] on another exchange."

II. Paragraph 4 having the caption "Exhibits" of the instructions for Form 8–C [Sec. 11.8–C] is amended by deleting from subparagraph (a) thereof the words "an application meeting the requirements of paragraph (b) of the Rule for the Use of this form" and inserting in lieu thereof the words "the latest application on a form other than Form 8–A, 8–B or 8–C [Sec. 11, 8–A, 11.8–B or 11.8–C] which was filed by the registrant (or by the predecessor of the registrant if the registrant had securities registered pursuant to an application on Form 8–B [Sec. 11.8–B]) and which has become effective."

Subparagraph (a) as amended reads as follows:

"(a) A copy of the latest application on a form other than Form 8–A, 8–B or 8–C [Sec. 11.8–A, 11.8–B, or 11.8–C] which was filed by the registrant (or by the predecessor of the registrant if the registrant had securities registered pursuant to an application on Form 8–B [Sec. 11.8–B]) and which has become effective."

The foregoing action shall be effective immediately upon publication.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION.

United States of America—Before the Securities and Exchange Commission

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 23 day of June, A. D. 1938.

[File No. 55–4]

IN THE MATTER OF UTILITIES ELKHORN COAL COMPANY, CENTRAL SERVICE CORPORATION, AND JAMES G. CULBERTSON

NOTICE OF AND ORDER FOR HEARING

An application pursuant to section 11 (f) and Rule U–11F–2 of the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by the above-named parties;

It is ordered, That a hearing on such matter be held on July 13, 1938 at 10 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue, NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That Robert P. Reeder or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to continue or postpone said hearing from time to time or to a date thereafter to be fixed by such presiding officer.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before July 7, 1938.

The matter concerned herewith is in regard to an application filed by Utilities Elkhorn Coal Company, Debtor, (now in reorganization under Section 77B of the Bankruptcy Act, as amended, in the District Court of the United States for the Northern District of Illinois, Eastern Division) requesting approval of certain allowances to be paid to the following persons in such maximum amounts as hereinafter set forth for services rendered and cash disbursed by such persons:

(a) To Central Service Corporation for services rendered in March, April and May, 1938, $1,050.00; cash disbursements during same period, $68.14.

(b) To James G. Culbertson for services rendered in February, March, April and May, 1938, $4,000.00; cash disbursements during same period, $202.92.

The applicant further requests an exemption from the provisions of Rule U–11F–2 concerning the payments of compensation and reimbursements to the following persons in such maximum amounts as are hereinafter stated until further order of the Commission:

(a) Central Service Corporation for its services to Utilities Elkhorn Coal Company a sum not to exceed a maximum of $350.00 per month plus such other amounts as may be expended by said Central Service Corporation for the reasonable and necessary expenses incurred by it in connection with the services rendered to Utilities Elkhorn Coal Company.

(b) James G. Culbertson for his services as attorney for Utilities Elkhorn Coal Company, debtor, a sum not to exceed a maximum of $1500.00 per month plus such other amounts as may be expended by said James G. Culbertson for the reasonable and necessary expenses incurred by him in the performance of his duties as attorney for Utilities Elkhorn Coal Company.

All such payments for compensation and reimbursement for expenses to be subject to the approval of the District Court of the United States for the Northern District of Illinois, Eastern Division, which court now has jurisdiction over the proceedings for the reorganization of Utilities Elkhorn Coal Company, Debtor, No. 64605.

By the Commission.

United States of America—Before the Securities and Exchange Commission

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 21st day of June, A. D. 1938.

IN THE MATTER OF THE PROCEEDINGS TO DETERMINE WHETHER HAROLD T. WHITE, FRANCIS M. WELD, FARIS R. RUSSELL, HAROLD BENJAMIN CLARK, W. J. K. VANSTON, WILLIAM A. BARRON, JR., J. PRESTON RICE, PHILIP GOSSLER, JR., JEAN E. V. CATTIER, NATHANIEL S. HOWE, ALEXANDER M. WHITE, JR., GILBERT G. BROWNE, PARTNERS DOING BUSINESS UNDER THE FIRM NAME AND STYLE OF WHITE, WELD & CO., AND HAROLD BENJAMIN CLARK AND FARIS R. RUSSELL, INDIVIDUALLY, SHOULD BE SUSPENDED OR EXPELLED FROM MEMBERSHIP ON CERTAIN NATIONAL SECURITIES EXCHANGES

ORDER OF SUSPENSION

This matter, after appropriate notice and hearing and argument by counsel, having been duly considered by the Commission, and the Commission having found that the respondent Faris R. Russell has violated Section 9 (a) (2) of the Securities Exchange Act of 1934, as amended, and being of the opinion that it is necessary and appropriate for the protection of investors to suspend the respondent Faris R. Russell from membership upon all of the national securities exchanges of which he is a member for a period of ninety days, all as more fully set forth in the Findings and Opinion of the Commission:

It is ordered, Pursuant to Section 19 (a) (3) of said Act:

That, effective August 21, 1938, respondent Faris R. Russell, a member, as that term is defined in said Act of the New York Stock Exchange, the New York Curb Exchange, and the Board of Trade of the City of Chicago, national securities exchanges, be and hereby is suspended from membership on said exchanges for a period of ninety days.

The Commission having further found that the evidence herein fails to prove the violations of law charged to have been committed by the other respondents herein.

It is further ordered, That these proceedings be dismissed as to the other respondents herein.

It is further ordered, That a copy of this Order, accompanied by the Findings and Opinion of the Commission, be served upon the respondent Faris R. Russell, or his counsel, and be transmitted by registered mail to the Secretaries of the New York Stock Exchange, of the New York Curb Exchange, and of the Board of Trade of the City of Chicago, and to the firm of White, Weld & Company, New York City.

By order of the Commission.

TITLE 15—COMMERCE

NATIONAL BITUMINOUS COAL COMMISSION

[Docket No. 151–FD]

INVESTIGATION OF THE NATURE AND EXTENT OF TRANSACTIONS IN INTRASTATE COMMERCE IN BITUMINOUS COAL IN THE STATE OF WASHINGTON AND THE EFFECT OF SUCH TRANSACTIONS ON INTERSTATE COMMERCE IN SUCH COAL

At a regular session of the National Bituminous Coal Commission held at its offices in Washington, D. C., on the 22nd day of June, 1938.

It appearing, That by Orders Nos. 2 and 173,[1] the Commission, upon its own motion entered into and conducted an investigation under the provisions of Section 4–A of the Bituminous Coal Act of 1937, for the purpose of determining the nature and extent of transactions in intrastate commerce in bituminous coal in the State of Washington and the effect of such transactions upon interstate commerce in such coal; and

It further appearing, That reasonable public notice of a hearing was provided and that at said hearing interested parties were afforded an opportunity to be heard, that the presiding Examiner duly designated by the Commission having filed his report and recommendations and the Commission having given due consideration to said report and recommendations and to the record of the evidence in this proceeding; and, the Commission having on the 6th day of May, 1938, adopted the Examiner's report and recommendations as its own which said report is hereby referred to and made a part hereof;

Now, therefore, It is by order declared:

That substantially all transactions in bituminous coal in intrastate commerce in the State of Washington directly affect interstate commerce in such coal; and

That there will be an undue or unreasonable advantage, preference or prejudice as between localities in Washington in such intrastate commerce on the one hand and interstate commerce in bituminous coal on the other hand, and an undue, unreasonable, or unjust discrimination against interstate commerce in such coal if such transactions in intrastate commerce or any substantial part thereof are not regulated and subjected to the provisions of Section 4 of the Bituminous Coal Act of 1937.

Therefore, it is further ordered:

1. That on and after the 1st day of August, 1938, all bituminous coal sold, delivered or offered for sale in transactions in intrastate commerce in such coal in all localities within the State of Washington, shall be subject to the provisions of Section 4 of the Bituminous Coal Act of 1937, to the Bituminous Coal Code, as promulgated by the Commission and made effective on the 21st day of June 1937,[2] and to all relevant orders of the Commission in effect on the date of this order, as well as all further orders which may thereafter be issued by the Commission under Section 4 of said Act, so as to apply to such intrastate commerce in coal within the State of Washington.

2. That any producer of bituminous coal in intrastate commerce within the State of Washington, who may believe that his or its particular transactions in intrastate commerce in bituminous coal should be exempted from this order and/or from the provisions of Sections 4 and 4–A of said Bituminous Coal Act of 1937, may file application at any time hereafter for exemption pursuant to the second paragraph of Section 4–A of said Act, and be entitled to a hearing and appropriate orders thereon.

3. That the Secretary of the Commission shall give notice to each known producer of bituminous coal within the State of Washington, who is not upon the date of this Order a member of the Bituminous Coal Code, by mailing, within five (5) days from this date, a copy of this Order, together with three

United States of America—Before Federal Trade Commission

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 15th day of June, A. D. 1938.

Commissioners: Garland S. Ferguson, Chairman; Charles H. March, Ewin L. Davis, William A. Ayres, Robert E. Freer.

[Docket No. 2761]

IN THE MATTER OF AMERICAN HEALTH SOCIETY, INC., AND MEDICAL BOOK DISTRIBUTORS, INC.

ORDER TO CEASE AND DESIST

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission, the answers of respondents, testimony and other evidence taken before William C. Reeves, an examiner of the Commission theretofore duly designated by it, in support of the allegations of said complaint, and the brief filed herein by counsel for the Commission, and the Commission having made its findings as to the facts and its conclusion that said respondents, American Health Society, Inc., and Medical Book Distributors, Inc., have violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondents, American Health Society, Inc., and Medical Book Distributors, Inc., whether trading under said names, or any other names, their officers, representatives, agents, and employes, in connection with the offering for sale, sale and distribution of the two-volume set of books now known as, and sold under the name of, "Health Knowledge," or under any other name, in interstate commerce or in the District of Columbia, do forthwith cease and desist from:

1. Representing, through such statements as "The New, Revised Edition of 1934", or other statements of like import and meaning, or in any other manner, that said books are modern, up-to-date, new, or recently revised;

2. Representing that said books are a modern, up-to-date medical treatise for use in the home diagnosis and treatment of various illnesses and diseases, and contain the methods of diagnosis and treatment of various illnesses and diseases which are in current use and accepted by the general medical profession;

3. Representing, by means of inclusion of names of outstanding and eminent medical authorities under the heading of "Authorities Consulted", or in any other manner, that said books were written by outstanding and eminent medical authorities of the United States or foreign countries;

4. Representing, through the use of the words "American Health Society" in the corporate name of the respondent American Health Society, Inc., or through the use of any other word or words of similar import and meaning, or by the use of identification cards, or other advertising matter, or in any other manner, that their salesmen are in any way connected with any health society or any public or private health authorities, or that the publishers and distributors of such books are endorsed by, and are affiliated with, any public health authorities.

It is further ordered, That the respondents, American Health Society, Inc., and Medical Book Distributors, Inc., shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with the order hereinabove set forth.

By the Commission.

TITLE 24—HOUSING CREDIT

HOME OWNERS' LOAN CORPORATION

CHANGE IN IMPREST CASH FUND DISBURSEMENT PROCEDURE

MANUAL AMENDMENT

Be it resolved, That pursuant to the authority vested in the Board by Home Owners' Loan Act of 1933 (48 Stat. 128, 129) as amended by Sections 1 and 13 of the Act of April 27, 1934 (48 Stat. 643–647) and particularly by sub-Sections a and k of Section 4 of said Act as amended, Section 721 of the Treasury Chapter of the Consolidated Manual is amended to read as follows:

SECTION 721. Incidental Expense Accounts for State, Division, Territorial, or District Offices maintained with the United States Treasury shall be in such amounts as may be determined by the Treasurer with the approval of the General Counsel, General Manager, and the Budget Director, provided the maximum amount shall not exceed $2,000.00 in any account.

The State, Division, Territorial, and District Managers shall be fully responsible and accountable to the Treasurer in Washington for the established amounts of the Incidental Expense Accounts and for the propriety of disbursements therefrom. These accounts shall be available for the disbursement of both administrative and non-administrative expenses as stipulated in the Independent Offices Appropriation Act for the fiscal year, and for such other purposes as may be provided elsewhere in this Manual; however, wherever practicable, vouchers for administrative expenses shall be submitted to the Home Office for disbursement. Non-administrative expenses shall be submitted to the proper Regional Office for reimbursement, and administrative expenses shall be submitted to the Home Office for reimbursement. Wherever, in the opinion of the State, Division, Territorial or District Manager, a payment from the Incidental Expense Account may be classified as administrative expense, the respective Manager is authorized, instead of paying same, to submit the voucher for proper disposition by the Regional Treasurer.

Adopted by the Federal Home Loan Bank Board on June 22, 1938.

CHANGE IN REGIONAL WORKING FUND DISBURSEMENT PROCEDURE

MANUAL AMENDMENT

Be it resolved, That pursuant to the authority vested in the Board by Home Owners' Loan Act of 1933 (48 Stat. 128, 129) as amended by Sections 1 and 13 of the Act of April 27, 1934 (48 Stat. 643–647) and particularly by sub-Sections a and k of Section 4 of said Act as amended, Section 716 of the Treasury Chapter of the Consolidated Manual is amended to read as follows:

SECTION 716. The Regional Working Fund in each Regional Office shall be maintained as a Disbursing Account, and funds therein shall be available for non-administrative expenses as distinguished from administrative expenses stipulated in the Independent Offices Appropriation Act for the fiscal year, and for such other purposes as may be provided elsewhere in this Manual.

Transfers to the respective Regional Working Funds shall be requested by the

Regional Treasurer or the Assistant Regional Treasurer and approved by the Regional Manager.

Adopted by the Federal Home Loan Bank Board on June 22, 1938.

RESTATEMENT OF DUTIES OF REGIONAL TREASURER AUTHORIZING SUBMISSION OF ADMINISTRATIVE EXPENSES FOR PRE-AUDIT

MANUAL AMENDMENT

Be it resolved, That pursuant to the authority vested in the Board by Home Owners' Loan Act of 1933 (48 Stat. 128, 129) as amended by Sections 1 and 13 of the Act of April 27, 1934 (48 Stat. 643–647) and particularly by sub-Sections a and k of Section 4 of said Act as amended, Section 700 of the Treasury Chapter of the Consolidated Manual is amended to read as follows:

SECTION 700. The Treasurer of the Home Owners' Loan Corporation, is responsible for the safe-keeping and proper disbursement of funds of the Corporation in his custody. Except for salary advances, advances for travel, transfers between funds and any similar items, vouchers for disbursement shall be administratively certified by the Auditor of the Corporation; however the Treasurer may in his discretion submit any vouchers to the General Accounting Office for pre-audit prior to disbursement. The Treasurer is responsible for the safe-keeping of those bonds, investment certificates, notes, agreements and other valuable papers and instruments pertinent to loans or sales made by the Corporation, entrusted to his care.

The Regional Treasurer is responsible to the Treasurer in the Home Office for the safe-keeping and proper disbursement of funds of the Corporation in his custody in accordance with procedure prescribed by the Treasurer. In all other respects he is under the supervision of the Regional Manager.

The Regional Treasurer is authorized in his discretion to submit, through the Treasurer in Washington, any vouchers which, in his opinion, may be classified in whole or in part as administrative expense, and any vouchers or sub-vouchers for payment from the Imprest Cash Fund, to the General Accounting Office for pre-audit, prior to disbursement; and is responsible for the safe-keeping of those notes, agreements and other valuable papers and instruments pertinent to loans or sales made by the Corporation within the respective Region and entrusted to his care.

The Treasurer is authorized to prescribe, subject to the approval of the General Counsel, the General Manager, and the Budget Director, procedure necessary for the discharge of his functions.

Adopted by the Federal Home Loan Bank Board on June 22, 1938.

TITLE 26—INTERNAL REVENUE

BUREAU OF INTERNAL REVENUE

[T. D. 4820]

BONDS COVERING MANUFACTURE, ETC., OF DISTILLED SPIRITS

To District Supervisors, and Others Concerned:

Section 710 of the Revenue Act of 1938 reads as follows:

SEC. 710.
TAX ON DISTILLED SPIRITS.
(a) Section 600 (a) (4) of the Revenue Act of 1918, as amended, is amended to read as follows:

"(4) On and after January 12, 1934, and until July 1, 1938, $2.00, and on and after July 1, 1938, $2.25, on each proof gallon or wine gallon when below proof and a proportionate tax at a like rate on all fractional parts of such proof or wine gallon."

(b) Section 600 (c) of such Act, as amended, is amended by striking out "$2.00 per wine gallon" and inserting in lieu thereof "$2.25 per wine gallon."

(c) Section 4 of the Liquor Taxing Act of 1934 is amended by striking out "$2.00" and inserting in lieu thereof "$2.25."

(d) The amendments made by this section shall not apply to brandy and the rates of tax applicable to such brandy shall be the rates applicable without regard to such amendments.

Pursuant to the authority contained in Section 3447, Revised Statutes (U. S. C. title 26, sec. 1691 (a) (2)), and Title III of the National Prohibition Act, as amended and supplemented (U. S. C. title 27, sec. 83; U. S. C., Sup. I, title 27, sec. 151 (6)), the following regulations are prescribed relative to bonds affected by the increase in the tax rate imposed on distilled spirits:

1. Effective on and after July 1, 1938, the penal sums of bonds covering the manufacture, transportation, storage, warehousing, and exportation of distilled spirits, including alcohol, but not including brandy, shall be computed on the basis of $2.25 per proof gallon, or wine gallon when below proof; provided, that in the case of alcohol withdrawn free of tax by scientific universities or colleges of learning, laboratories for use exclusively in scientific research, or by hospitals or sanatoriums, or clinics, under the provisions of Title III of the National Prohibition Act, as amended and supplemented, the bond shall be for a penal sum of not less than double the amount of the tax at the increased rate. The penal sums of bonds of dealers in, and users of, specially denatured alcohol shall be computed on the basis of $4.50 for each wine gallon authorized to be withdrawn.

2. In all cases where the penal sums of bonds now in effect, if not in the maximum penal sum, are not sufficient, new or additional bonds should be required in penal sums corresponding with the increased rate of taxation, or the rates provided herein for tax-free and specially denatured alcohol bonds, unless the quantities of spirits or denatured alcohol covered by such bonds are reduced within the month of July, 1938, so that the penal sums thereof will be sufficient.

3. The bonds affected are identified as follows:

Form 30. Distiller's bond.
